In case of conflict between any such ordinance, resolution, license, or permit, the order or rule of the commission shall prevail. Local subdivisions may adopt reasonable local police rules within their respective boundaries not inconsistent with those chapters and rules adopted under them.

(1) "Telecommunications relay service" means intrastate transmission services that provide the ability for an individual who has a hearing or speech impairment to engage in a communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech impairment to communicate using voice communication services by wire or radio. The commission shall determine the appropriate service providers to be assessed the telecommunications relay service costs, including telephone companies as defined in division (A) of section 4905.03 of the Revised Code, commercial mobile radio service providers, and providers of advanced services or internet protocol-enabled services that are competitive with or functionally equivalent to basic local exchange service as defined in section 4927.01 of the Revised Code.

(C) The assessment shall be allocated proportionately among the appropriate service providers using a competitively neutral formula established by the commission based on the number of retail intrastate customer access lines or their equivalent. The commission shall annually reconcile the funds collected with the actual costs of providing telecommunications relay service when it issues the assessment and shall either proportionately charge the service providers for any amounts not

sufficient to cover the actual costs or proportionately credit amounts collected in excess of the actual costs. The total amount assessed from all service providers shall not exceed the total telecommunications relay service costs.

Each service provider that pays the assessment shall be permitted to recover the cost of the assessment. The method of recovery may include, but is not limited to, a customer billing surcharge.

The commission shall deposit the money collected in the telecommunications relay service fund, which is hereby created in the state treasury, and shall use the money in that fund solely to compensate the TRS provider.

(D) The commission shall take such measures as it considers necessary to protect the confidentiality of information provided to the commission pursuant to this section by service providers required to pay the assessment.

(E) The commission may assess a forfeiture of not more than one thousand dollars on any service provider failing to comply with this section. Each day's continuance of such failure is a separate offense. The forfeiture shall be recovered in accordance with sections 4905.55 to 4905.60 of the Revised Code.

(F) The jurisdiction and authority granted to the commission by this section is limited to the administration and enforcement of this section. ~~The commission may adopt such rules as it finds necessary to carry out this section.~~ The commission shall adopt rules under section 111.15 of the Revised Code to establish the assessment amounts and procedures.

(B) Conduct any studies or investigations that it considers necessary or appropriate to carry out its responsibilities under this chapter;

(C) Adopt rules establishing criteria for evaluating the effects on environmental values of proposed and alternative sites, and projected needs for electric power, and ~~such other rules as are necessary and convenient to implement this chapter, including~~ rules governing application fees, supplemental application fees, and other reasonable fees to be paid by persons subject to the board's jurisdiction. The board shall make an annual accounting of its collection and use of these fees and shall issue an annual report of its accounting, in the form and manner prescribed by its rules, not later than the last day of June of the year following the calendar year to which the report applies.

(D) Approve, disapprove, or modify and approve applications for certificates;

(E) Notwithstanding sections 4906.06 to 4906.14 of the Revised Code, the board may adopt rules to provide for an accelerated review of an application for a construction certificate for construction of a major utility facility related to a coal research and development project as defined in section 1555.01 of the Revised Code, or to a coal development project as defined in section 1551.30 of the Revised Code, submitted to the Ohio coal development office for review under division (B)(7) of section 1551.33 of the Revised Code. Applications for construction certificates for construction of major utility facilities for Ohio coal research and development shall be filed

with the board on the same day as the proposed facility or project is submitted to the Ohio coal development office for review.

The board shall render a decision on an application for a construction certificate within ninety days after receipt of the application and all of the data and information it may require from the applicant. In rendering a decision on an application for a construction certificate, the board shall only consider the criteria and make the findings and determinations set forth in divisions (A)(2), (3), (5), and (7) and division (B) of section 4906.10 of the Revised Code.

(F) Notwithstanding sections 4906.06 to 4906.14 of the Revised Code, the board shall adopt rules to provide for an accelerated review of an application for a construction certificate for any of the following:

(1) An electric transmission line that is:

(a) Not more than two miles in length;

(b) Primarily needed to attract or meet the requirements of a specific customer or specific customers;

(c) Necessary to maintain reliable electric service as a result of the retirement or shutdown of an electric generating facility located within the state; or

(d) A rebuilding of an existing transmission line.

(2) An electric generating facility that uses waste heat or natural gas and is primarily within the current boundary of an existing industrial or electric generating facility;

(3) A gas pipeline that is not more than five miles in length or is primarily needed to meet the requirements of a

specific customer or specific customers.

The board shall adopt rules that provide for the automatic certification to any entity described in this division when an application by any such entity is not suspended by the board, an administrative law judge, or the chairperson or executive director of the board for good cause shown, within ninety days of submission of the application. If an application is suspended, the board shall approve, disapprove, or modify and approve the application not later than ninety days after the date of the suspension.

(G) Notwithstanding sections 4906.06 to 4906.14 of the Revised Code, the board shall adopt rules to provide for the accelerated review of an application for a construction certificate for any of the following that are located in a priority investment area designated and approved under section 122.161 of the Revised Code:

(1) An electric generating plant and associated facilities;

(2) An electric transmission line and associated facilities;

(3) Gas pipeline infrastructure.

The chairperson of the board, not later than forty-five days after receipt of an application submitted under division (G) of this section, shall determine if it complies with all application requirements set by the public utilities commission by rule. If the chairperson does not issue a determination within the time period required by this division, the application shall be deemed in compliance by operation of law.

The board shall render a decision on an application

submitted under this division not later than forty-five days after the application is determined in compliance with all requirements set by the commission. If the board does not render a decision within forty-five days, the application shall be considered approved by operation of law, and the board shall issue a certificate to the applicant.

The board shall adopt rules to implement this division, including rules that prioritize applications for construction on areas negatively impacted by the decline of the coal industry.

(H) Notwithstanding sections 4906.06 to 4906.14 of the Revised Code, the board shall adopt rules to provide for the accelerated review of an application for a construction certificate for a major utility facility if at the time the application is filed the construction will be located on the following:

(1) In whole, on property owned by, or under a lease with a term of twenty-five years or more with, the applicant;

(2) In whole or in part, on an easement or right-of-way;

(3) On any combination of such property, easement, or right-of-way described in divisions (H)(1) and (2) of this section.

No accelerated application shall be granted under the rules adopted under division (H) of this section for construction of a major utility facility, in whole or in part, on property under a lease or an easement or right-of-way, if additional consent for construction on the property, easement, or right-of-way is required by any person or entity other than the power siting board.

The board shall render a decision on an application

submitted under this division not later than sixty days after receipt of the application. If the board does not render a decision within sixty days, the application shall be considered approved by operation of law, and the board shall issue a certificate to the applicant.

Sec. 4909.172. (A) A waterworks company, or a sewage disposal system company, that is a public utility may file an application with the public utilities commission for approval to collect an infrastructure improvement surcharge, determined in accordance with this section, from customers located in the company's affected service areas and subject to affected schedules filed by the company under section 4905.32 of the Revised Code. The application shall be in such form and contain such information as the commission prescribes. At the time of filing, the company shall serve a copy of the application upon the chief executive of each municipal corporation, the board of township trustees of each township, and the board of county commissioners of each county in which affected customers are located. A company for which an infrastructure improvement surcharge is authorized under this section may file an application for another such surcharge not sooner than twelve months after the filing date of its most recent infrastructure improvement surcharge application.

(B) The commission shall provide an opportunity for the filing of comments on an application filed under division (A) of this section. After considering those comments, the commission may authorize an infrastructure improvement surcharge for the company that is just and reasonable and is sufficient, but does not exceed, the revenue requirement necessary to do both of the following:

(1) Cover such infrastructure plant costs of the company as are described in division (C) of this section, incurred after March 1, 2003, and before the date of filing, and not already reflected in the affected schedules filed by the company under section 4905.32 of the Revised Code;

(2) Provide a fair and reasonable rate of return on the filing date valuation of that particular infrastructure plant.

Each infrastructure improvement surcharge chargeable to each affected customer class within any single tariff of the company shall not exceed three per cent, for a sewage disposal system company, and four and one-quarter per cent, for a waterworks company, of the rates and charges applicable to the class and for the tariff in effect on the date the application was filed and, as to the allowed percentage increase, shall be uniform for each such class. The commission shall not authorize a company to have more than three infrastructure improvement surcharges for any single company tariff in effect at any time.

Additionally, the commission shall not authorize an infrastructure improvement surcharge under this section if it determines that the surcharge causes the company to earn an excessive rate of return on its valuation under section 4909.15 of the Revised Code.

(C) For purposes of this section, a company's costs of infrastructure plant may include depreciation expenses. Such infrastructure plant may consist of the following capital improvements that the commission determines are prudent and used and useful in rendering public utility service and that are properly classified in the uniform system of accounts adopted by the National Association of Regulatory Utility Commissioners as identified in rule 4901:1-15-32 of the Administrative Code:

(1) In the case of a waterworks company, replacement of an existing plant included in accounts 323, 324, 325, 326, 327, 328, 332, 342, 343, 345, 346, 347, and 348, as well as main extensions that eliminate dead ends to resolve documented water supply problems presenting significant health or safety issues to then existing customers, and main cleaning or relining;

(2) In the case of a sewage disposal system company, replacement of an existing plant included in accounts 352, 352.1, 352.2, 353, 354, 355, 356, 362, 363, 364, 365, 372, 373, 374, and 375, as well as main extensions that resolve documented sewage disposal problems presenting significant health or safety issues to then existing customers, and main cleaning, inflow and infiltration elimination, or relining;

(3) Unreimbursed capital expenditures made by the waterworks company, or the sewage disposal system company, for waterworks, or sewage disposal, facility relocation required by a governmental entity due to a street or highway project;

(4) Capital expenditures made by the waterworks company or sewage disposal system company to comply with any consent decree, final order, or final rule of the United States environmental protection agency or the Ohio environmental protection agency~~.~~;

(5) Minimum land or land rights acquired by the company as necessary for any service line, equipment, or facility described in divisions (C)(1) to (4) of this section.

As used in divisions (C)(1) and (2) of this section, "replacement of an existing plant" includes replacements that result in an upgrade or improvement of the previously existing plant, provided that the replacement plant is prudent, qualifies

for recovery under this section, and performs the same or similar function or purpose as it did prior to the replacement.

(D)(1) If the commission fails to issue a final order within one hundred eighty days after the date the application is filed under this section, and at the waterworks or sewage disposal company's discretion, a surcharge not to exceed the proposed surcharge shall go into effect upon the filing of the revised affected rate schedules by the company, subject to refund of amounts collected that exceed those authorized by the final order of the commission.

(2) All refunds shall include interest at the rate stated in section 1343.03 of the Revised Code and shall be accomplished in a manner as prescribed by the commission in its final order. The commission may require an undertaking to secure the refund under this division if it finds it is warranted by the financial condition of the waterworks or sewage disposal system company.

(3) This division shall only apply to applications filed by a waterworks or sewage disposal system company that has annual operating revenues of two hundred fifty thousand dollars or more.

(E) During the period that an authorized infrastructure improvement surcharge is in effect, the commission, by order and on its own motion or upon good cause shown, may reduce the amount of or terminate an infrastructure improvement surcharge if it determines that the surcharge causes the company to earn an excessive rate of return on its valuation under section 4909.15 of the Revised Code.

(F) An order issued by the commission deciding an application by a waterworks company or a sewage disposal system

company for an increase in rates and charges pursuant to an application filed by the company under section 4909.18 of the Revised Code shall provide for the termination, as of the earlier of the effective date of the increase or the date specified in division (F) of this section, of any infrastructure improvement surcharges of the company authorized under this section.

(G) All surcharges authorized under this section shall terminate by operation of law not later than December 31, 2036.

(H) The company shall provide notice of any infrastructure improvement surcharge authorized under this section to each affected customer with or on the customer's first bill containing the surcharge.

~~(I) The commission may adopt such rules as it considers necessary to carry out this section.~~

Sec. 4921.25. (A) Any person, firm, copartnership, voluntary association, joint-stock association, company, or corporation, wherever organized or incorporated, that is engaged in the towing of motor vehicles is subject to regulation by the public utilities commission as a for-hire motor carrier under this chapter.

(B) The commission shall adopt rules under Chapter 119. of the Revised Code that do all of the following:

(1) Establish the acceptable scope of public safety regulations applicable to a for-hire motor carrier engaged in the towing of motor vehicles under section 4513.60, 4513.601, or 4513.61 of the Revised Code that a county or township may adopt pursuant to a resolution;

(2) Establish safety standards for the type of equipment

necessary to safely remove and tow vehicles based on the type of vehicle being removed or towed;

(3) Establish standards for the removal of a vehicle from a private tow-away zone by a for-hire motor carrier engaged in the towing of motor vehicles in addition to standards and requirements established under section 4513.601 of the Revised Code. The standards may vary based on whether the private tow-away zone is located on residential, retail, or other commercial property.

(4) Within one year of ~~the effective date of this amendment~~ April 6, 2017, establish maximum fees that may be charged by a for-hire motor carrier engaged in the towing of motor vehicles or a storage facility that accepts such vehicles under sections 4513.60 and 4513.601 of the Revised Code.

With respect to vehicles removed under section 4513.60 of the Revised Code, the fees established under division (B)(4) of this section do not apply to a vehicle that is removed or stored within a municipal corporation that has established fees for vehicle removal and storage.

(5) Establish a process for reviewing the fees established under division (B)(4) of this section every five years, beginning on the five-year anniversary of the date the initial rules are adopted, to determine whether the fees are just, reasonable, and compensatory. If the commission determines that any existing fee is not just, reasonable, or compensatory, the commission shall, by rule, adjust the fee so that it is equal to an amount that the commission determines to be appropriate.

(6) Establish an after-hours retrieval fee that may be charged for purposes of retrieving a vehicle under section

4513.69 of the Revised Code or retrieving personal items under section 4513.60 or 4513.61 of the Revised Code. The rules shall permit an after-hours retrieval fee to be charged only if the entity in possession of a vehicle is not open to the public and is not required to be open under division (A) of section 4513.69 of the Revised Code.

~~(7) Adopt any other rules necessary to carry out the purposes of this section.~~

Sec. 4921.30. Except as otherwise provided in sections 4921.32 to 4921.38 of the Revised Code, a for-hire motor carrier engaged in the transportation of household goods in intrastate commerce:

(A) Is subject to Chapter 4921. of the Revised Code and to all other provisions of the Revised Code applicable to a for-hire motor carrier, including sections ~~4506.22,~~ 4511.78, 5502.01, 5503.02, and 5503.34 of the Revised Code;

(B) Is not a public utility as defined in section 4911.01 of the Revised Code.

Sec. 4927.03. (A) Except as provided in divisions (A) and (B) of section 4927.04 of the Revised Code and except to the extent required to exercise authority under federal law, the public utilities commission has no authority over any interconnected voice over internet protocol-enabled service or any telecommunications service that is not commercially available on September 13, 2010, and that employs technology that became available for commercial use only after September 13, 2010, unless the commission, upon a finding that the exercise of the commission's authority is necessary for the protection, welfare, and safety of the public, adopts rules

specifying the necessary regulation. A consumer purchase of a service that is not commercially available on September 13, 2010, and that employs technology that became available for commercial use only after September 13, 2010, shall constitute a consumer transaction for purposes of sections 1345.01 to 1345.13 of the Revised Code, notwithstanding any provision of those sections to the contrary, unless the commission exercises jurisdiction over the service in accordance with this division. Notwithstanding any contrary provision of Chapter 4911. of the Revised Code, to the extent that the commission adopts rules under division (A) of this section regarding any interconnected voice over internet protocol enabled service provided to residential customers or regarding any telecommunications service that is provided to residential customers, that is not commercially available on September 13, 2010, and that employs technology that became available for commercial use only after September 13, 2010, the office of the consumers' counsel shall have authority to assist and represent residential customers in the implementation and enforcement of those rules.

(B)(1) The commission has no authority over wireless service, resellers of wireless service, or wireless service providers, except as follows:

(a) As provided under section 4905.84 of the Revised Code;

(b) With respect to division (C) of section 4927.15 of the Revised Code;

(c) As provided in divisions (B)(2), (3), and (4) of this section.

(2) The commission has authority over wireless service and wireless service providers as follows, but only to the extent

authorized by federal law, including federal regulations:

(a) To the extent that the commission carries out the acts described in divisions (A), (B), (C), (D), and (F) of section 4927.04 of the Revised Code;

(b) As provided in sections 4927.05, 4927.20, and 4927.21 of the Revised Code.

(3) The requirements of sections 4905.10, 4905.14, and 4911.18 of the Revised Code shall apply to a wireless service provider.

(4) The commission has such authority as is necessary to enforce division (B) of this section.

(C) For purposes of sections 4927.01 to 4927.21 of the Revised Code, sections 4903.02, 4903.03, 4903.24, 4903.25, 4905.04, 4905.05, 4905.06, 4905.13, 4905.15, 4905.16, 4905.17, 4905.22, 4905.26, 4905.27, 4905.28, 4905.29, 4905.31, 4905.32, 4905.33, 4905.35, 4905.37, 4905.38, 4905.39, 4905.48, 4905.54, 4905.55, 4905.56, and 4905.60 of the Revised Code do not apply to a telephone company or, as applicable, to an officer, employee, or agent of such company or provider, except to the extent necessary for the commission to carry out sections 4927.01 to 4927.21 of the Revised Code.

(D) Except as specifically authorized in sections 4927.01 to 4927.21 of the Revised Code, the commission has no authority over the quality of service and the service rates, terms, and conditions of telecommunications service provided to end users by a telephone company.

(E) The commission shall initially adopt the rules required by this chapter not later than one hundred twenty days after September 13, 2010. Subject to the authority granted to

the commission under this chapter, the commission may adopt ~~other rules, including~~ rules regarding the removal from tariffs of services that were required to be filed in tariffs prior to September 13, 2010~~, as it finds necessary to carry out this chapter~~.

Sec. 4927.06. (A) No telephone company shall commit any unfair or deceptive act or practice in connection with the offering or provision of any telecommunications service in this state. A failure to comply with any of the following requirements shall constitute an unfair or deceptive act or practice by a telephone company:

(1) Any communication by the company, including, but not limited to, a solicitation, offer, or contract term or condition, shall be truthful, clear, conspicuous, and accurate in disclosing any material terms and conditions of service and any material exclusions or limitations. The public utilities commission may prescribe, by rule, a commission review process to determine when disclosing such information is not practicable, and therefore nondisclosure does not result in an unfair or deceptive act or practice.

(2) Any written service solicitation, marketing material, offer, contract, or agreement, as well as any written response from the company to a service-related inquiry or complaint that the company receives from a customer or others, shall disclose the company's name and contact information. The commission may prescribe, by rule, a commission review process to determine when disclosing such information is not practicable, and therefore nondisclosure does not result in an unfair or deceptive act or practice.

(3) The company shall inform its customers, as applicable

and in any reasonable manner, of their rights and responsibilities concerning inside wire, the repair and maintenance of customer-owned equipment, and the use of a network interface device, and of any charges that the company imposes for a diagnostic visit, consistent with rules adopted by the public utilities commission.

(4) The company shall not commit any act, practice, or omission that the commission determines, by rulemaking ~~under section 4927.03 of the Revised Code~~ or adjudication under section 4927.21 of the Revised Code, constitutes an unfair or deceptive act or practice in connection with the offering or provision of telecommunications service in this state.

(B) The commission shall provide notice to all telephone companies specifying any act, practice, or omission that it prescribes pursuant to division (A)(4) of this section. No telephone company is liable for any act, practice, or omission absent that notice and adequate time for implementation.

(C) This section does not apply to wireless service. A consumer purchase of wireless service or a related product shall constitute a consumer transaction for purposes of sections 1345.01 to 1345.13 of the Revised Code, notwithstanding any provision of those sections to the contrary.

Sec. 4928.06. (A) Beginning on the starting date of competitive retail electric service, the public utilities commission shall ensure that the policy specified in section 4928.02 of the Revised Code is effectuated. ~~To the extent necessary, the commission shall adopt rules to carry out this chapter.~~ Initial rules necessary for the commencement of the competitive retail electric service under this chapter shall be adopted within one hundred eighty days after the effective date

of this section. Except as otherwise provided in this chapter, the proceedings and orders of the commission under the chapter shall be subject to and governed by Chapter 4903. of the Revised Code.

(B) If the commission determines, on or after the starting date of competitive retail electric service, that there is a decline or loss of effective competition with respect to a competitive retail electric service of an electric utility, which service was declared competitive by commission order issued pursuant to division (A) of section 4928.04 of the Revised Code, the commission shall ensure that that service is provided at compensatory, fair, and nondiscriminatory prices and terms and conditions.

(C) In addition to its authority under section 4928.04 of the Revised Code and divisions (A) and (B) of this section, the commission, on an ongoing basis, shall monitor and evaluate the provision of retail electric service in this state for the purpose of discerning any noncompetitive retail electric service that should be available on a competitive basis on or after the starting date of competitive retail electric service pursuant to a declaration in the Revised Code, and for the purpose of discerning any competitive retail electric service that is no longer subject to effective competition on or after that date. Upon such evaluation, the commission periodically shall report its findings and any recommendations for legislation to the standing committees of both houses of the general assembly that have primary jurisdiction regarding public utility legislation.

(D) In determining, for purposes of division (B) or (C) of this section, whether there is effective competition in the provision of a retail electric service or reasonably available

alternatives for that service, the commission shall consider factors including, but not limited to, all of the following:

(1) The number and size of alternative providers of that service;

(2) The extent to which the service is available from alternative suppliers in the relevant market;

(3) The ability of alternative suppliers to make functionally equivalent or substitute services readily available at competitive prices, terms, and conditions;

(4) Other indicators of market power, which may include market share, growth in market share, ease of entry, and the affiliation of suppliers of services.

The burden of proof shall be on any entity requesting, under division (B) or (C) of this section, a determination by the commission of the existence of or a lack of effective competition or reasonably available alternatives.

(E)(1) Beginning on the starting date of competitive retail electric service, the commission has authority under Chapters 4901. to 4909. of the Revised Code, and shall exercise that authority, to resolve abuses of market power by any electric utility that interfere with effective competition in the provision of retail electric service.

(2) In addition to the commission's authority under division (E)(1) of this section, the commission, beginning the first year after the market development period of a particular electric utility and after reasonable notice and opportunity for hearing, may take such measures within a transmission constrained area in the utility's certified territory as are necessary to ensure that retail electric generation service is

provided at reasonable rates within that area. The commission may exercise this authority only upon findings that an electric utility is or has engaged in the abuse of market power and that that abuse is not adequately mitigated by rules and practices of any independent transmission entity controlling the transmission facilities. Any such measure shall be taken only to the extent necessary to protect customers in the area from the particular abuse of market power and to the extent the commission's authority is not preempted by federal law. The measure shall remain in effect until the commission, after reasonable notice and opportunity for hearing, determines that the particular abuse of market power has been mitigated.

(F) An electric utility, electric services company, electric cooperative, or governmental aggregator subject to certification under section 4928.08 of the Revised Code shall provide the commission with such information, regarding a competitive retail electric service for which it is subject to certification, as the commission considers necessary to carry out this chapter. An electric utility shall provide the commission with such information as the commission considers necessary to carry out divisions (B) to (E) of this section. The commission shall take such measures as it considers necessary to protect the confidentiality of any such information.

The commission shall require each electric utility to file with the commission on and after the starting date of competitive retail electric service an annual report of its intrastate gross receipts and sales of kilowatt hours of electricity, and shall require each electric services company, electric cooperative, and governmental aggregator subject to certification to file an annual report on and after that starting date of such receipts and sales from the provision of

those retail electric services for which it is subject to certification. For the purpose of the reports, sales of kilowatt hours of electricity are deemed to occur at the meter of the retail customer.

Sec. 4928.10. For the protection of consumers in this state, the public utilities commission shall adopt rules ~~under division (A) of section 4928.06 of the Revised Code~~ specifying the necessary minimum service requirements, on or after the starting date of competitive retail electric service, of an electric utility, electric services company, electric cooperative, or governmental aggregator subject to certification under section 4928.08 of the Revised Code regarding the provision directly or through its billing and collection agent of competitive retail electric services for which it is subject to certification. Rules adopted under this section shall include a prohibition against unfair, deceptive, and unconscionable acts and practices in the marketing, solicitation, and sale of such a competitive retail electric service and in the administration of any contract for service, and also shall include additional consumer protections concerning all of the following:

(A) Contract disclosure. The rules shall include requirements that an electric utility, electric services company, electric cooperative, or governmental aggregator subject to certification under section 4928.08 of the Revised Code do both of the following:

(1) Provide consumers with adequate, accurate, and understandable pricing and terms and conditions of service, including any switching fees, and with a document containing the terms and conditions of pricing and service before the consumer enters into the contract for service;

(2) Disclose the conditions under which a customer may rescind a contract without penalty.

(B) Service termination. The rules shall include disclosure of the terms identifying how customers may switch or terminate service, including any required notice and any penalties.

(C) Minimum content of customer bills. The rules shall include all of the following requirements, which shall be standardized:

(1) Price disclosure and disclosures of total billing units for the billing period and historical annual usage;

(2) To the maximum extent practicable, separate listing of each service component to enable a customer to recalculate its bill for accuracy;

(3) Identification of the supplier of each service;

(4) Statement of where and how payment may be made and provision of a toll-free or local customer assistance and complaint number for the electric utility, electric services company, electric cooperative, or governmental aggregator, as well as a consumer assistance telephone number or numbers for state agencies, such as the commission, the office of the consumers' counsel, and the attorney general's office, with the available hours noted;

(5) Other than for the first billing after the starting date of competitive retail electric service, highlighting and clear explanation on each customer bill, for two consecutive billing periods, of any changes in the rates, terms, and conditions of service.

(D) Disconnection and service termination, including requirements with respect to master-metered buildings. The rules shall include policies and procedures that are consistent with sections 4933.121 and 4933.122 of the Revised Code and the commission's rules adopted under those sections, and that provide for all of the following:

(1) Coordination between suppliers for the purpose of maintaining service;

(2) The allocation of partial payments between suppliers when service components are jointly billed;

(3) A prohibition against blocking, or authorizing the blocking of, customer access to a noncompetitive retail electric service when a customer is delinquent in payments to the electric utility or electric services company for a competitive retail electric service;

(4) A prohibition against switching, or authorizing the switching of, a customer's supplier of competitive retail electric service without the prior consent of the customer in accordance with appropriate confirmation practices, which may include independent, third-party verification procedures.

(5) A requirement of disclosure of the conditions under which a customer may rescind a decision to switch its supplier without penalty;

(6) Specification of any required notice and any penalty for early termination of contract.

(E) Minimum service quality, safety, and reliability. However, service quality, safety, and reliability requirements for electric generation service shall be determined primarily through market expectations and contractual relationships.

(F) Generation resource mix and environmental characteristics of power supplies. The rules shall include requirements for determination of the approximate generation resource mix and environmental characteristics of the power supplies and disclosure to the customer prior to the customer entering into a contract to purchase and four times per year under the contract. The rules also shall require that the electric utility, electric services company, electric cooperative, or governmental aggregator provide, or cause its billing and collection agent to provide, a customer with standardized information comparing the projected, with the actual and verifiable, resource mix and environmental characteristics. This disclosure shall occur not less than annually or not less than once during the contract period if the contract period is less than one year, and prior to any renewal of a contract.

(G) Customer information. The rules shall include requirements that the electric utility, electric services company, electric cooperative, or governmental aggregator make generic customer load pattern information available to other electric light companies on a comparable and nondiscriminatory basis, and make customer-specific information available to other electric light companies on a comparable and nondiscriminatory basis unless, as to customer-specific information, the customer objects. The rules shall ensure that each such utility, company, cooperative, or aggregator provide clear and frequent notice to its customers of the right to object and of applicable procedures. The rules shall establish the exact language that shall be used in all such notices.

Sec. 4928.11. (A) For the protection of consumers in this state, the public utilities commission shall adopt rules ~~under~~

~~division (A) of section 4928.06 of the Revised Code~~ that specify minimum service quality, safety, and reliability requirements for noncompetitive retail electric services supplied by an electric utility in this state, to the extent such authority is not preempted by federal law. The rules shall include prescriptive standards for inspection, maintenance, repair, and replacement of the transmission and distribution systems of electric utilities; shall apply to each substantial type of transmission or distribution equipment or facility; shall establish uniform interconnection standards to ensure transmission and distribution system safety and reliability and shall otherwise provide for high quality, safe, and reliable electric service; shall include standards for operation, reliability, and safety during periods of emergency and disaster; and shall include voltage standards for efficient operation of single-phase motors. The rules regarding interconnection shall seek to prevent barriers to new technology and shall not make compliance unduly burdensome or expensive. When questions arise about specific equipment to meet interconnection standards, the commission shall initiate proceedings open to the public to solicit comments from all interested parties. Additionally, rules under this division shall include nondiscriminatory metering standards.

(B) The commission shall require each electric utility to report annually to the commission on and after the starting date of competitive retail electric service, regarding its compliance with the rules required under division (A) of this section. The commission shall make the filed reports available to the public. Periodically as determined by commission rule ~~under division (A) of section 4928.06 of the Revised Code~~ and in a proceeding initiated under division (B) of section 4928.16 of the Revised

Code, the commission shall review a utility's report to determine the utility's compliance and may act pursuant to division (B) of section 4928.16 of the Revised Code to enforce compliance.

Sec. 4928.12. (A) Except as otherwise provided in sections 4928.31 to 4928.40 of the Revised Code, no entity shall own or control transmission facilities as defined under federal law and located in this state on or after the starting date of competitive retail electric service unless that entity is a member of, and transfers control of those facilities to, one or more qualifying transmission entities, as described in division (B) of this section, that are operational.

(B) An entity that owns or controls transmission facilities located in this state complies with division (A) of this section if each transmission entity of which it is a member meets all of the following specifications:

(1) The transmission entity is approved by the federal energy regulatory commission.

(2) The transmission entity effects separate control of transmission facilities from control of generation facilities.

(3) The transmission entity implements, to the extent reasonably possible, policies and procedures designed to minimize pancaked transmission rates within this state.

(4) The transmission entity improves service reliability within this state.

(5) The transmission entity achieves the objectives of an open and competitive electric generation marketplace, elimination of barriers to market entry, and preclusion of control of bottleneck electric transmission facilities in the

provision of retail electric service.

(6) The transmission entity is of sufficient scope or otherwise operates to substantially increase economical supply options for consumers.

(7) The governance structure or control of the transmission entity is independent of the users of the transmission facilities, and no member of its board of directors has an affiliation, with such a user or with an affiliate of a user during the member's tenure on the board, such as to unduly affect the transmission entity's performance. For the purpose of division (B)(7) of this section, a "user" is any entity or affiliate of that entity that buys or sells electric energy in the transmission entity's region or in a neighboring region.

(8) The transmission entity operates under policies that promote positive performance designed to satisfy the electricity requirements of customers.

(9) The transmission entity is capable of maintaining real-time reliability of the electric transmission system, ensuring comparable and nondiscriminatory transmission access and necessary services, minimizing system congestion, and further addressing real or potential transmission constraints.

(C) To the extent that a transmission entity under division (A) of this section is authorized to build transmission facilities, that transmission entity has the powers provided in and is subject to sections 1723.01 to 1723.08 of the Revised Code.

(D) For the purpose of forming or participating in a regional regulatory oversight body or mechanism developed for any transmission entity under division (A) of this section that

is of regional scope and operates within this state:

(1) The commission shall make joint investigations, hold joint hearings, within or outside this state, and issue joint or concurrent orders in conjunction or concurrence with any official or agency of any state or of the United States, whether in the holding of those investigations or hearings, or in the making of those orders, the commission is functioning under agreements or compacts between states, under the concurrent power of states to regulate interstate commerce, as an agency of the United States, or otherwise.

(2) The commission shall negotiate and enter into agreements or compacts with agencies of other states for cooperative regulatory efforts and for the enforcement of the respective state laws regarding the transmission entity.

(E) If a qualifying transmission entity is not operational as contemplated in division (A) of this section, division ~~(A)(13)~~ (A)(12) of section 4928.34 of the Revised Code, or division (G) of section 4928.35 of the Revised Code, the commission by rule or order shall take such measures or impose such requirements on all for-profit entities that own or control electric transmission facilities located in this state as the commission determines necessary and proper to achieve independent, nondiscriminatory operation of, and separate ownership and control of, such electric transmission facilities on or after the starting date of competitive retail electric service.

Sec. 4928.13. Through a periodic filing with the public utilities commission in such form as the commission shall prescribe by rule ~~under division (A) of section 4928.06 of the Revised Code~~, each electric utility that owns nuclear generation

facilities located in this state shall demonstrate compliance with decommissioning requirements of the nuclear regulatory commission and public utilities commission and shall demonstrate adequate financing mechanisms to fund facility decommissioning.

Sec. 4928.14. (A) Except as provided in division (C) of this section, the failure of a supplier to provide retail electric generation service to customers within the certified territory of an electric distribution utility shall result in the supplier's customers, after reasonable notice, defaulting to the utility's standard service offer under sections 4928.141 and 4928.142 of the Revised Code until the customer chooses an alternative supplier.

(B) A supplier is deemed under this section to have failed to provide retail electric generation service if the commission finds, after reasonable notice and opportunity for hearing, that any of the following conditions are met:

(1) The supplier has defaulted on its contracts with customers, is in receivership, or has filed for bankruptcy.

(2) The supplier is no longer capable of providing the service.

(3) The supplier is unable to provide delivery to transmission or distribution facilities for such period of time as may be reasonably specified by commission rule ~~adopted under division (A) of section 4928.06 of the Revised Code~~.

(4) The supplier's certification has been suspended, conditionally rescinded, or rescinded under division (D) of section 4928.08 of the Revised Code.

(C) If an electric distribution utility has an electric security plan that was approved under section 4928.143 of the

Revised Code as that section existed prior to the amendments to this section by ~~this act~~H.B. 15 of the 136th general assembly, the failure of a supplier to provide retail electric generation service to customers within the certified territory of that utility shall result in the supplier's customers, after reasonable notice, defaulting to the utility's standard service offer under that electric security plan until the customer chooses an alternative supplier or until the utility's standard service offer is authorized under section 4928.142 of the Revised Code.

Sec. 4928.16. (A)(1) The public utilities commission has jurisdiction under section 4905.26 of the Revised Code, upon complaint of any person or upon complaint or initiative of the commission on or after the starting date of competitive retail electric service, regarding the provision by an electric utility, electric services company, electric cooperative, or governmental aggregator subject to certification under section 4928.08 of the Revised Code of any service for which it is subject to certification.

(2) The commission also has jurisdiction under section 4905.26 of the Revised Code, upon complaint of any person or upon complaint or initiative of the commission on or after the starting date of competitive retail electric service, to determine whether an electric utility has violated or failed to comply with any provision of sections 4928.01 to 4928.15, any provision of divisions (A) to (D) of section 4928.35 of the Revised Code, or any rule or order adopted or issued under those sections; or whether an electric services company, electric cooperative, or governmental aggregator subject to certification under section 4928.08 of the Revised Code has violated or failed to comply with any provision of sections 4928.01 to 4928.10 of

the Revised Code regarding a competitive retail electric service for which it is subject to certification or any rule or order adopted or issued under those sections.

(3) If a contract between a mercantile commercial customer and an electric services company states that the forum for a commercial dispute involving that company is through a certified commercial arbitration process, that process set forth in the contract and agreed to by the signatories shall be the exclusive forum unless all parties to the contract agree in writing to an amended process. The company shall notify the commission for informational purposes of all matters for which a contract remedy is invoked to resolve a dispute.

(4) The commission, by rule ~~adopted pursuant to division (A) of section 4928.06 of the Revised Code~~, shall adopt alternative dispute resolution procedures for complaints by nonmercantile, nonresidential customers, including arbitration through a certified commercial arbitration process and at the commission. The commission also by such rule may adopt alternative dispute resolution procedures for complaints by residential customers.

(B) In addition to its authority under division (C) of section 4928.08 of the Revised Code and to any other remedies provided by law, the commission, after reasonable notice and opportunity for hearing in accordance with section 4905.26 of the Revised Code, may do any of the following:

(1) Order rescission of a contract, or restitution to customers including damages due to electric power fluctuations, in any complaint brought pursuant to division (A)(1) or (2) of this section;

(2) Order any remedy or forfeiture provided under sections 4905.54 to 4905.60 and 4905.64 of the Revised Code upon a finding under division (A)(2) of this section that the electric utility has violated or failed to comply with any provision of sections 4928.01 to 4928.15, any provision of divisions (A) to (D) of section 4928.35 of the Revised Code, or any rule or order adopted or issued under those sections. in addition, the commission may order any remedy provided under section 4905.22, 4905.37, or 4905.38 of the Revised Code if the violation or failure to comply by an electric utility related to the provision of a noncompetitive retail electric service.

(3) Order any remedy or forfeiture provided under sections 4905.54 to 4905.60 and 4905.64 of the Revised Code upon a finding under division (A)(2) of this section that the electric services company, electric cooperative, or governmental aggregator subject to certification under section 4928.08 of the Revised Code has violated or failed to comply, regarding a competitive retail electric service for which it is subject to certification, with any provision of sections 4928.01 to 4928.10 of the Revised Code or any rule or order adopted or issued under those sections.

(C)(1) In addition to the authority conferred under section 4911.15 of the Revised Code, the consumers' counsel may file a complaint under division (A)(1) or (2) of this section on behalf of residential consumers in this state or appear before the commission as a representative of those consumers pursuant to any complaint filed under division (A)(1) or (2) of this section.

(2) In addition to the authority conferred under section 4911.19 of the Revised Code, the consumers' counsel, upon

reasonable grounds on and after the starting date of competitive retail electric service, may file with the commission under section 4905.26 of the Revised Code a complaint for discovery if the recipient of an inquiry under section 4911.19 of the Revised Code fails to provide a response within the time specified in that section.

(D) Section 4905.61 of the Revised Code applies to a violation by an electric utility of, or to a failure of an electric utility to comply with, any provision of sections 4928.01 to 4928.15, any provision of divisions (A) to (D) of section 4928.35 of the Revised Code, or any rule or order adopted or issued under those sections.

Sec. 4928.17. (A) Except as otherwise provided in sections 4928.141 or 4928.142 or 4928.31 to 4928.40 of the Revised Code, no electric utility shall engage in this state, either directly or through an affiliate, in the businesses of supplying a noncompetitive retail electric service and supplying a product or service other than retail electric service, unless the utility implements and operates under a corporate separation plan that is approved by the public utilities commission under this section, is consistent with the policy specified in section 4928.02 of the Revised Code, and achieves all of the following:

(1) The plan provides, at minimum, for the provision of the nonelectric product or service through a fully separated affiliate of the utility, and the plan includes separate accounting requirements, the code of conduct as ordered by the commission pursuant to a rule it shall adopt ~~under division (A) of section 4928.06 of the Revised Code~~, and such other measures as are necessary to effectuate the policy specified in section 4928.02 of the Revised Code.

(2) The plan satisfies the public interest in preventing the abuse of market power.

(3) The plan is sufficient to ensure that the utility will not extend any undue preference or advantage to any affiliate, division, or part of its own business engaged in the business of supplying the nonelectric product or service, including, but not limited to, utility resources such as trucks, tools, office equipment, office space, supplies, customer and marketing information, advertising, billing and mailing systems, personnel, and training, without compensation based upon fully loaded embedded costs charged to the affiliate; and to ensure that any such affiliate, division, or part will not receive undue preference or advantage from any affiliate, division, or part of the business engaged in business of supplying the noncompetitive retail electric service. No such utility, affiliate, division, or part shall extend such undue preference.

(B) The commission may approve, modify and approve, or disapprove a corporate separation plan filed with the commission under division (A) of this section. As part of the code of conduct required under division (A)(1) of this section, the commission shall adopt rules ~~pursuant to division (A) of section 4928.06 of the Revised Code~~ regarding corporate separation and procedures for plan filing and approval. The rules shall include limitations on affiliate practices solely for the purpose of maintaining a separation of the affiliate's business from the business of the utility to prevent abuse of market power by virtue of that relationship. The rules also shall include an opportunity for any person having a real and substantial interest in the corporate separation plan to file specific objections to the plan and propose specific responses to issues raised in the objections, which objections and responses the

commission shall address in its final order. Prior to commission approval of the plan, the commission shall afford a hearing upon those aspects of the plan that the commission determines reasonably require a hearing. The commission may reject and require refiling of a substantially inadequate plan under this section.

(C) The commission shall issue an order approving or modifying and approving a corporate separation plan under this section, to be effective on the date specified in the order, only upon findings that the plan reasonably complies with the requirements of division (A) of this section and will provide for ongoing compliance with the policy specified in section 4928.02 of the Revised Code. However, for good cause shown, the commission may issue an order approving or modifying and approving a corporate separation plan under this section that does not comply with division (A)(1) of this section but complies with such functional separation requirements as the commission authorizes to apply for an interim period prescribed in the order, upon a finding that such alternative plan will provide for ongoing compliance with the policy specified in section 4928.02 of the Revised Code.

(D) Any party may seek an amendment to a corporate separation plan approved under this section, and the commission, pursuant to a request from any party or on its own initiative, may order as it considers necessary the filing of an amended corporate separation plan to reflect changed circumstances.

Sec. 4928.31. (A) Not later than ninety days after the effective date of this section, an electric utility supplying retail electric service in this state on that date shall file with the public utilities commission a plan for the utility's

provision of retail electric service in this state during the market development period. This transition plan shall be in such form as the commission shall prescribe by rule ~~adopted under division (A) of section 4928.06 of the Revised Code~~ and shall include all of the following:

(1) A rate unbundling plan that specifies, consistent with divisions (A)(1) to ~~(7)~~ (6) of section 4928.34 of the Revised Code~~ and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~, the ~~unbundles~~ unbundled components for electric generation, transmission, and distribution service and such other unbundled service components as the commission requires, to be charged by the utility beginning on the starting date of competitive retail electric service and that includes information the commission requires to fix and determine those components;

(2) A corporate separation plan consistent with section 4928.17 of the Revised Code~~ and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~;

(3) Such plan or plans as the commission requires to address operational support systems and any other technical implementation issues pertaining to competitive retail electric service~~ consistent with any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~;

(4) An employee assistance plan for providing severance, retraining, early retirement, retention, outplacement, and other assistance for the utility's employees whose employment is affected by electric industry restructuring under this chapter;

(5) A consumer education plan consistent with former

section 4928.42 of the Revised Code~~ and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~.

A transition plan under this section may include tariff terms and conditions to address reasonable requirements for changing suppliers, length of commitment by a customer for service, and such other matters as are necessary to accommodate electric restructuring. Additionally, a transition plan under this section may include an application for the opportunity to receive transition revenues as authorized under sections 4928.31 to 4928.40 of the Revised Code, which application shall be consistent with those sections~~ and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~. The transition plan also may include a plan for the independent operation of the utility's transmission facilities consistent with section 4928.12 of the Revised Code~~,~~ and division ~~(A)(13)~~(A)(12) of section 4928.34 of the Revised Code~~, and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~.

The commission may reject and require refiling, in whole or in part, of any substantially inadequate transition plan.

(B) The electric utility shall provide public notice of its filing under division (A) of this section, in a form and manner that the commission shall prescribe by rule adopted under division (A) of section 4928.06 of the Revised Code. However, the adoption of rules regarding the public notice under this division, regarding the form of the transition plan under division (A) of this section, and regarding procedures for expedited discovery under division (A) of section 4928.32 of the Revised Code are not subject to division (D) of section 111.15

of the Revised Code.

Sec. 4928.34. (A) The public utilities commission shall not approve or prescribe a transition plan under division (A) or (B) of section 4928.33 of the Revised Code unless the commission first makes all of the following determinations:

(1) The unbundled components for the electric transmission component of retail electric service, as specified in the utility's rate unbundling plan required by division (A)(1) of section 4928.31 of the Revised Code, equal the tariff rates determined by the federal energy regulatory commission that are in effect on the date of the approval of the transition plan under sections 4928.31 to 4928.40 of the Revised Code, as each such rate is determined applicable to each particular customer class and rate schedule by the commission. The unbundled transmission component shall include a sliding scale of charges under division (B) of section 4905.31 of the Revised Code to ensure that refunds determined or approved by the federal energy regulatory commission are flowed through to retail electric customers.

(2) The unbundled components for retail electric distribution service in the rate unbundling plan equal the difference between the costs attributable to the utility's transmission and distribution rates and charges under its schedule of rates and charges in effect on the effective date of this section, based upon the record in the most recent rate proceeding of the utility for which the utility's schedule was established, and the tariff rates for electric transmission service determined by the federal energy regulatory commission as described in division (A)(1) of this section.

(3) All other unbundled components required by the

commission in the rate unbundling plan equal the costs attributable to the particular service as reflected in the utility's schedule of rates and charges in effect on the effective date of this section.

(4) The unbundled components for retail electric generation service in the rate unbundling plan equal the residual amount remaining after the determination of the transmission, distribution, and other unbundled components, and after any adjustments necessary to reflect the effects of the amendment of section 5727.111 of the Revised Code by Sub. S.B. No. 3 of the 123rd general assembly.

(5) All unbundled components in the rate unbundling plan have been adjusted to reflect any base rate reductions on file with the commission and as scheduled to be in effect by December 31, 2005, under rate settlements in effect on the effective date of this section. However, all earnings obligations, restrictions, or caps imposed on an electric utility in a commission order prior to the effective date of this section are void.

(6) Subject to division (A)(5) of this section, the total of all unbundled components in the rate unbundling plan are capped and shall equal during the market development period, except as specifically provided in this chapter, the total of all rates and charges in effect under the applicable bundled schedule of the electric utility pursuant to section 4905.30 of the Revised Code in effect on the day before the effective date of this section, including the transition charge determined under section 4928.40 of the Revised Code, adjusted for any changes in the taxation of electric utilities and retail electric service under Sub. S.B. No. 3 of the 123rd General

Assembly and the percentage of income payment plan rider authorized by section 4928.52 of the Revised Code. For the purpose of this division, the rate cap applicable to a customer receiving electric service pursuant to an arrangement approved by the commission under section 4905.31 of the Revised Code is, for the term of the arrangement, the total of all rates and charges in effect under the arrangement. For any rate schedule filed pursuant to section 4905.30 of the Revised Code or any arrangement subject to approval pursuant to section 4905.31 of the Revised Code, the initial tax-related adjustment to the rate cap required by this division shall be equal to the rate of taxation specified in section 5727.81 of the Revised Code and applicable to the schedule or arrangement. To the extent such total annual amount of the tax-related adjustment is greater than or less than the comparable amount of the total annual tax reduction experienced by the electric utility as a result of the provisions of Sub. S.B. No. 3 of the 123rd general assembly, such difference shall be addressed by the commission through accounting procedures, refunds, or an annual surcharge or credit to customers, or through other appropriate means, to avoid placing the financial responsibility for the difference upon the electric utility or its shareholders. Any adjustments in the rate of taxation specified in section 5727.81 of the Revised Code shall not occur without a corresponding adjustment to the rate cap for each such rate schedule or arrangement. The department of taxation shall advise the commission and self-assessors under section 5727.81 of the Revised Code prior to the effective date of any change in the rate of taxation specified under that section, and the commission shall modify the rate cap to reflect that adjustment so that the rate cap adjustment is effective as of the effective date of the change in the rate of taxation. This division shall be applied, to the extent

possible, to eliminate any increase in the price of electricity for customers that otherwise may occur as a result of establishing the taxes contemplated in section 5727.81 of the Revised Code.

~~(7) The rate unbundling plan complies with any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code.~~

~~(8)~~ The corporate separation plan required by division (A)(2) of section 4928.31 of the Revised Code complies with section 4928.17 of the Revised Code~~ and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~.

~~(9)~~(8) Any plan or plans the commission requires to address operational support systems and any other technical implementation issues pertaining to competitive retail electric service comply with ~~any rules adopted by the~~ commission ~~under division (A) of section 4928.06 of the Revised Code~~requirements.

~~(10)~~(9) The employee assistance plan required by division (A)(4) of section 4928.31 of the Revised Code sufficiently provides severance, retraining, early retirement, retention, outplacement, and other assistance for the utility's employees whose employment is affected by electric industry restructuring under this chapter.

~~(11)~~(10) The consumer education plan required under division (A)(5) of section 4928.31 of the Revised Code complies with former section 4928.42 of the Revised Code~~ and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~.

~~(12)~~(11) The transition revenues for which an electric

utility is authorized a revenue opportunity under sections 4928.31 to 4928.40 of the Revised Code are the allowable transition costs of the utility as such costs are determined by the commission pursuant to section 4928.39 of the Revised Code, and the transition charges for the customer classes and rate schedules of the utility are the charges determined pursuant to section 4928.40 of the Revised Code.

~~(13)~~(12) Any independent transmission plan included in the transition plan filed under section 4928.31 of the Revised Code reasonably complies with section 4928.12 of the Revised Code~~ and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code~~, unless the commission, for good cause shown, authorizes the utility to defer compliance until an order is issued under division (G) of section 4928.35 of the Revised Code.

~~(14)~~(13) The utility is in compliance with sections 4928.01 to 4928.11 of the Revised Code and any rules or orders of the commission adopted or issued under those sections.

~~(15)~~(14) All unbundled components in the rate unbundling plan have been adjusted to reflect the elimination of the tax on gross receipts imposed by section 5727.30 of the Revised Code.

In addition, a transition plan approved by the commission under section 4928.33 of the Revised Code but not containing an approved independent transmission plan shall contain the express conditions that the utility will comply with an order issued under division (G) of section 4928.35 of the Revised Code.

(B) If the commission finds that any part of the transition plan would constitute an abandonment under sections 4905.20 and 4905.21 of the Revised Code, the commission shall

not approve that part of the transition plan unless it makes the finding required for approval of an abandonment application under section 4905.21 of the Revised Code. Sections 4905.20 and 4905.21 of the Revised Code otherwise shall not apply to a transition plan under sections 4928.31 to 4928.40 of the Revised Code.

Sec. 4928.35. (A) Upon approval of its transition plan under sections 4928.31 to 4928.40 of the Revised Code, an electric utility shall file in accordance with section 4905.30 of the Revised Code schedules containing the unbundled rate components set in the approved plan in accordance with section 4928.34 of the Revised Code. The schedules shall be in effect for the duration of the utility's market development period, shall be subject to the cap specified in division (A)(6) of section 4928.34 of the Revised Code, and shall not be adjusted during that period by the public utilities commission except as otherwise authorized by division (B) of this section or as otherwise authorized by federal law or except to reflect any change in tax law or tax regulation that has a material effect on the electric utility.

(B) Efforts shall be made to reach agreements with electric utilities in matters of litigation regarding property valuation issues. Irrespective of those efforts, the unbundled components for an electric utility's retail electric generation service and distribution service, as provided in division (A) of this section, are not subject to adjustment for the utility's market development period, except that the commission shall order an equitable reduction in those components for all customer classes to reflect any refund a utility receives as a result of the resolution of utility personal property tax valuation litigation that is resolved on or after the effective

date of this section and not later than December 31, 2005. Immediately upon the issuance of that order, the electric utility shall file revised rate schedules under section 4909.18 of the Revised Code to effect the order.

(C) The schedule under division (A) of this section containing the unbundled distribution components shall provide that electric distribution service under the schedule will be available to all retail electric service customers in the electric utility's certified territory and their suppliers on a nondiscriminatory and comparable basis on and after the starting date of competitive retail electric service. The schedule also shall include an obligation to build distribution facilities when necessary to provide adequate distribution service, provided that a customer requesting that service may be required to pay all or part of the reasonable incremental cost of the new facilities, in accordance with rules, policy, precedents, or orders of the commission.

(D) During the market development period, an electric distribution utility shall provide consumers on a comparable and nondiscriminatory basis within its certified territory a standard service offer of all competitive retail electric services necessary to maintain essential electric service to consumers, including a firm supply of electric generation service priced in accordance with the schedule containing the utility's unbundled generation service component. Immediately upon approval of its transition plan, the utility shall file the standard service offer with the commission under section 4909.18 of the Revised Code, during the market development period. The failure of a supplier to deliver retail electric generation service shall result in the supplier's customers, after reasonable notice, defaulting to the utility's standard service

offer filed under this division until the customer chooses an alternative supplier. A supplier is deemed under this section to have failed to deliver such service if any of the conditions specified in section 4928.14 of the Revised Code is met.

(E) An amendment of a corporate separation plan contained in a transition plan approved by the commission under section 4928.33 of the Revised Code shall be filed and approved as a corporate separation plan pursuant to section 4928.17 of the Revised Code.

(F) Any change to an electric utility's opportunity to receive transition revenues under a transition plan approved in accordance with section 4928.33 of the Revised Code shall be authorized only as provided in sections 4928.31 to 4928.40 of the Revised Code.

(G) The commission, by order, shall require each electric utility whose approved transition plan did not include an independent transmission plan as described in division ~~(A)(13)~~ (A)(12) of section 4928.34 of the Revised Code to be a member of, and transfer control of transmission facilities it owns or controls in this state to, one or more qualifying transmission entities, as described in division (B) of section 4928.12 of the Revised Code, that are planned to be operational on and after December 31, 2003. However, the commission may extend that date if, for reasons beyond the control of the utility, a qualifying transmission entity is not planned to be operational on that date. The commission's order may specify an earlier date on which the transmission entity or entities are planned to be operational if the commission considers it necessary to carry out the policy specified in section 4928.02 of the Revised Code or to encourage effective competition in retail electric service

in this state.

Upon the issuance of the order, each such utility shall file with the commission a plan for such independent operation of the utility's transmission facilities consistent with this division. The commission may reject and require refiling of any substantially inadequate plan submitted under this division.

After reasonable notice and opportunity for hearing, the commission shall approve the plan upon a finding that the plan will result in the utility's compliance with the order, this division, and any rules adopted under division (A) of section 4928.06 of the Revised Code. The approved independent transmission plan shall be deemed a part of the utility's transition plan for purposes of sections 4928.31 to 4928.40 of the Revised Code.

Sec. 4928.37. (A)(1) Sections 4928.31 to 4928.40 of the Revised Code provide an electric utility the opportunity to receive transition revenues that may assist it in making the transition to a fully competitive retail electric generation market. An electric Utility for which transition revenues are approved pursuant to sections 4928.31 to 4928.40 of the Revised Code shall receive those revenues through both of the following mechanisms beginning on the starting date of competitive retail electric service and ending on the expiration date of its market development period as determined under section 4928.40 of the Revised Code:

(a) Payment of unbundled rates for retail electric services by each customer that is supplied retail electric generation service during the market development period by the customer's electric distribution utility, which rates shall be specified in schedules filed under section 4928.35 of the

Revised Code;

(b) Payment of a nonbypassable and competitively neutral transition charge by each customer that is supplied retail electric generation service during the market development period by an entity other than the customer's electric distribution utility, as such transition charge is determined under section 4928.40 of the Revised Code. The transition charge shall be payable by each such retail electric distribution service customer in the certified territory of the electric utility for which the transition revenues are approved and shall be billed on each kilowatt hour of electricity delivered to the customer by the electric distribution utility as registered on the customer's meter during the utility's market development period as kilowatt hour is defined in section 4909.161 of the Revised Code or, if no meter is used, as based on an estimate of kilowatt hours used or consumed by the customer. The transition charge for each customer class shall reflect the cost allocation to that class as provided under bundled rates and charges in effect on the day before the effective date of this section. Additionally, as reflected in section 4928.40 of the Revised Code, the transition charges shall be structured to provide shopping incentives to customers sufficient to encourage the development of effective competition in the supply of retail electric generation service. To the extent possible, the level and structure of the transition charge shall be designed to avoid revenue responsibility shifts among the utility's customer classes and rate schedules.

(2)(a) Notwithstanding division (A)(1)(b) of this section, the transition charge shall not be payable on electricity supplied by a municipal electric utility to a retail electric distribution service customer in the certified territory of the

electric utility for which the transition revenues are approved, if the municipal electric utility provides electric transmission or distribution service, or both services, through transmission or distribution facilities singly or jointly owned or operated by the municipal electric utility, and if the municipal electric utility was in existence, operating, and providing service as of January 1, 1999.

(b) The transition charge shall not be payable on electricity supplied or consumed in this state except such electricity as is delivered to a retail customer by an electric distribution utility and is registered on the customer's meter during the utility's market development period or, if no meter is used, is based on an estimate of kilowatt hours used or consumed by the customer. However, no transition charge shall be payable on electricity that is both produced and consumed in this state by a self-generator.

(3) The transition charge shall not be discounted by any party.

(4) Nothing prevents payment of all or part of the transition charge by another party on a customer's behalf if that payment does not contravene sections 4905.33 to 4905.35 of the Revised Code or this chapter.

(B) The electric utility shall separately itemize and disclose, or cause its billing and collection agent to separately itemize and disclose, the transition charge on the customer's bill in accordance with reasonable specifications the commission shall prescribe by rule ~~under division (A) of section 4928.06 of the Revised Code~~.

Sec. 4928.543. The public utilities commission shall adopt

rules to ~~implement sections 4928.54, 4928.541, and 4928.542 of the Revised Code. The rules shall~~ ensure a fair and unbiased auction process and the performance of the winning bidder or bidders under sections 4928.54, 4928.541, and 4928.542 of the Revised Code.

Sec. 4928.62. (A) There is hereby created the advanced energy program, which shall be administered by the director of development. Under the program, the director may authorize the use of moneys in the advanced energy fund for financial, technical, and related assistance for advanced energy projects in this state or for economic development assistance, in furtherance of the purposes set forth in section 4928.63 of the Revised Code.

(1) To the extent feasible given approved applications for assistance, the assistance shall be distributed among the certified territories of electric distribution utilities and participating electric cooperatives, and among the service areas of participating municipal electric utilities, in amounts proportionate to the remittances of each utility and cooperative under division (B)(2) of section 4928.61 of the Revised Code.

(2) The funds described in division (B)(5) of section 4928.61 of the Revised Code shall not be subject to the territorial requirements of division (A)(1) of this section.

(3) The director shall not authorize financial assistance for an advanced energy project under the program unless the director first determines that the project will create new jobs or preserve existing jobs in this state or use innovative technologies or materials.

(B) In carrying out sections 4928.61 to 4928.63 of the

Revised Code, the director may do all of the following to further the public interest in advanced energy projects and economic development:

(1) Award grants, contracts, loans, loan participation agreements, linked deposits, and energy production incentives;

(2) Acquire in the name of the director any property of any kind or character in accordance with this section, by purchase, purchase at foreclosure, or exchange, on such terms and in such manner as the director considers proper;

(3) Make and enter into all contracts and agreements necessary or incidental to the performance of the director's duties and the exercise of the director's powers under sections 4928.61 to 4928.63 of the Revised Code;

(4) Employ or enter into contracts with financial consultants, marketing consultants, consulting engineers, architects, managers, construction experts, attorneys, technical monitors, energy evaluators, or other employees or agents as the director considers necessary, and fix their compensation;

(5) Adopt rules prescribing the application procedures for financial assistance under the advanced energy program; the fees, charges, interest rates, payment schedules, local match requirements, and other terms and conditions of any grants, contracts, loans, loan participation agreements, linked deposits, and energy production incentives; and criteria pertaining to the eligibility of participating lending institutions; ~~and any other matters necessary for the implementation of the program;~~

(6) Do all things necessary and appropriate for the operation of the program.

(C) The department of development may hold ownership to any unclaimed energy efficiency and renewable energy emission allowances provided for in Chapter 3745-14 of the Administrative Code or otherwise, that result from advanced energy projects that receive funding from the advanced energy fund, and it may use the allowances to further the public interest in advanced energy projects or for economic development.

(D) Financial statements, financial data, and trade secrets submitted to or received by the director from an applicant or recipient of financial assistance under sections 4928.61 to 4928.63 of the Revised Code, or any information taken from those statements, data, or trade secrets for any purpose, are not public records for the purpose of section 149.43 of the Revised Code.

(E) Nothing in the amendments of sections 4928.61, 4928.62, and 4928.63 of the Revised Code by Sub. H.B. 251 of the 126th general assembly shall affect any pending or effected assistance, pending or effected purchases or exchanges of property made, or pending or effected contracts or agreements entered into pursuant to division (A) or (B) of this section as the section existed prior to the effective date of those amendments, January 4, 2007, or shall affect the exemption provided under division (C) of this section as the section existed prior to that effective date.

(F) Any assistance a school district receives for an advanced energy project, including a geothermal heating, ventilating, and air conditioning system, shall be in addition to any assistance provided under Chapter 3318. of the Revised Code and shall not be included as part of the district or state portion of the basic project cost under that chapter.

Sec. 4928.70. ~~(A)~~ The public utilities commission may periodically review any green pricing program offered in this state as part of competitive retail electric service. At the conclusion of a review, the commission may make recommendations to improve or expand the program subject of the review.

~~(B) The commission shall adopt rules necessary to carry out purposes of this section.~~

Sec. 4928.73. (A) As used in this section:

(1) "Mercantile customer member" means a mercantile customer connected to a mercantile customer self-power system.

(2) "Mercantile customer self-power system" means one or more electric generation facilities, electric storage facilities, or both, along with any associated facilities, that meet all of the following:

(a) Produce electricity primarily for the consumption of a mercantile customer member or a group of mercantile customer members;

(b) Connect directly to the mercantile customer member's side of the electric meter;

(c) Deliver electricity to the mercantile customer member's side of the electric meter without the use of an electric distribution utility's or electric cooperative's distribution system or transmission system;

(d) Is located on either of the following:

(i) A property owned or controlled by a mercantile customer member or the entity that owns or operates the mercantile customer self-power system;

(ii) Land adjacent to a mercantile customer member if the facilities connect directly with the customer.

(B) The mercantile customer self-power system may be owned or operated by a mercantile customer member, group of mercantile customer members, or an entity that is not a mercantile customer member.

(C) A mercantile customer self-power system may provide electric generation service to one or more mercantile customers.

(D) ~~The public utilities commission shall adopt rules to implement this section that are applicable to electric distribution utilities.~~

~~(E)~~ Nothing in this section prohibits an electric distribution utility or an electric cooperative from charging a mercantile customer for distribution or transmission service used by a mercantile customer.

Sec. 4929.221. (A) If a competitive retail natural gas service supplier offers a residential customer or non-mercantile commercial customer a contract for a fixed introductory rate that converts to a variable rate upon the expiration of the fixed rate, the supplier shall send two notices to each residential customer and non-mercantile commercial customer that enters into such a contract. Each notice shall provide all of the following information to the customer:

(1) The fixed rate that is expiring under the contract;

(2) The expiration date of the contract's fixed rate;

(3) The public utilities commission web site that, as a comparison tool, lists rates offered by competitive retail natural gas service suppliers.

(B) The second notice shall include all the information required under division (A) of this section and shall also identify the initial rate to be charged upon the contract's conversion to a variable rate.

(C) The notices shall be sent by standard United States mail or electronically with a customer's verifiable consent as follows:

(1) The supplier shall send the first notice not earlier than ninety days and not later than sixty days prior to the expiration of the fixed rate.

(2) The supplier shall send the second notice not earlier than forty-five days and not later than fifteen days prior to the expiration of the fixed rate.

(D) A competitive retail natural gas service supplier shall provide an annual notice, by standard United States mail or electronically with a customer's verifiable consent, to each residential customer and non-mercantile commercial customer that has entered into a contract with the supplier that has converted to a variable rate upon the expiration of the contract's fixed introductory rate. The notice shall inform the customer that the customer is currently subject to a variable rate and that other fixed rate contracts are available.

(E) ~~Not later than one hundred fifty days after the effective date of this section, the commission shall adopt rules in order to implement divisions (A) to (D) of this section. The rules, at a minimum, shall include the following requirements regarding the notices required under divisions (A) to (D) of this section:~~

~~(1) To use clear and unambiguous language in order to~~

~~enable the customer to make an informed decision;~~

~~(2) To design the notices in a way to ensure that they cannot be confused with marketing materials.~~

~~(F) Notwithstanding any provision of section 121.95 of the Revised Code to the contrary, a regulatory restriction contained in a rule adopted under section 4929.221 of the Revised Code is not subject to sections 121.95 to 121.953 of the Revised Code.~~

Sec. 4935.04. (A) As used in this chapter:

(1) "Major utility facility" means:

(a) An electric transmission line and associated facilities of a design capacity of one hundred twenty-five kilovolts or more;

(b) A gas or natural gas transmission line and associated facilities designed for, or capable of, transporting gas or natural gas at pressures in excess of one hundred twenty-five pounds per square inch.

"Major utility facility" does not include electric, gas, or natural gas distributing lines and gas or natural gas gathering lines and associated facilities as defined by the public utilities commission; facilities owned or operated by industrial firms, persons, or institutions that produce or transmit gas or natural gas, or electricity primarily for their own use or as a byproduct of their operations; gas or natural gas transmission lines and associated facilities over which an agency of the United States has certificate jurisdiction; facilities owned or operated by a person furnishing gas or natural gas directly to fifteen thousand or fewer customers within this state.

(2) "Person" has the meaning set forth in section 4906.01 of the Revised Code.

(3) "Advanced transmission technologies" has the same meaning as in section 4906.01 of the Revised Code.

(B) Each person owning or operating a gas or natural gas transmission line and associated facilities within this state over which an agency of the United States has certificate jurisdiction shall furnish to the commission a copy of the energy information filed by the person with that agency of the United States.

(C) Each person owning or operating a major utility facility within this state, or furnishing gas, natural gas, or electricity directly to more than fifteen thousand customers within this state shall furnish a report to the commission for its review. The report shall be furnished annually, except that for a gas or natural gas company the report shall be furnished every three years. The report shall be termed the long-term forecast report and shall contain:

(1) A year-by-year, ten-year forecast of annual energy demand, peak load, reserves, and a general description of the resource planning projections to meet demand;

(2) A range of projected loads during the period;

(3) A description of major utility facilities planned to be added or taken out of service in the next ten years, including, to the extent the information is available, prospective sites for transmission line locations;

(4) For gas and natural gas, a projection of anticipated supply, supply prices, and sources of supply over the forecast period;

(5) A description of proposed changes in the transmission system planned for the next five years;

(6) A month-by-month forecast of both energy demand and peak load for electric utilities, and gas sendout for gas and natural gas utilities, for the next two years. The report shall describe the major utility facilities that, in the judgment of such person, will be required to supply system demands during the forecast period. The report from a gas or natural gas utility shall cover the ten- and five-year periods next succeeding the date of the report, and the report from an electric utility shall cover the twenty-, ten-, and five-year periods next succeeding the date of the report. Each report shall be made available to the public and furnished upon request to municipal corporations and governmental agencies charged with the duty of protecting the environment or of planning land use. The report shall be in such form and shall contain such information as may be prescribed by the commission.

Each person not owning or operating a major utility facility within this state and serving fifteen thousand or fewer gas or natural gas, or electric customers within this state shall furnish such information as the commission requires.

(7) For electric transmission, a person shall include an evaluation and report of the potential use of, or investment in, one or more advanced transmission technologies to enable the electric utility to safely, reliably, efficiently, and cost-effectively meet electric system demand through its major utility facilities.

The report shall identify which advanced transmission technologies were considered as a part of the review of the major utility facilities for the next five years. A person shall

also include a cost evaluation comparing costs of traditional transmission investments and costs of advanced transmission technologies for the projects considered on the major utility facilities applied individually, together, or in sequence. The report shall also include an advanced transmission technology congestion mitigation study to cost-effectively maximize the delivery of energy resources in the near term that:

(a) Identifies locations on the entity's transmission system where congestion has occurred for a total of fifty hours per year or more during the last three years or is likely to occur during the next five years, including due to planned transmission outages or other factors;

(b) Estimates the frequency of congestion at each location and the increased cost to ratepayers resulting from the substitution of higher-priced electricity;

(c) Evaluates the technical feasibility and estimates the cost of installing one or more advanced transmission technologies to address each instance of grid congestion identified in division (C)(7)(a) of this section and projects the grid-enhancing technology's efficacy in reducing congestion;

(d) Analyzes the cost-effectiveness of installing grid-enhancing technologies to address each instance of congestion identified in division (C)(7)(a) of this section by using the information developed in division (C)(7)(c) of this section to calculate the payback period of each installation, using a methodology developed by the commission;

(e) Proposes an implementation plan, including a schedule and cost estimate, to install grid-enhancing technologies at each congestion point at which the payback period is less than

or equal to a value determined by the commission, in order to maximize transmission system capacity, and explains the entity's current line rating methodology.

(D) The commission shall:

(1) Review and comment on the reports filed under division (C) of this section, and make the information contained in the reports readily available to the public and other interested government agencies;

(2) Compile and publish each year the general locations of proposed and existing transmission line routes within its jurisdiction as identified in the reports filed under division (C) of this section, identifying the general location of such sites and routes and the approximate year when construction is expected to commence, and to make such information readily available to the public, to each newspaper of daily or weekly circulation within the area affected by the proposed site and route, and to interested federal, state, and local agencies;

(3) Hold a public hearing upon the showing of good cause to the commission by an interested party.

If a hearing is held, the commission shall fix a time for the hearing, which shall be not later than ninety days after the report is filed, and publish notice of the date, time of day, and location of the hearing in a newspaper of general circulation in each county in which the person furnishing the report has or intends to locate a major utility facility and will provide service during the period covered by the report. The notice shall be published not less than fifteen nor more than thirty days before the hearing and shall state the matters to be considered.

(4) Require such information from persons subject to its jurisdiction as necessary to assist in the conduct of hearings and any investigation or studies it may undertake;

(5) Conduct any studies or investigations that are necessary or appropriate to carry out its responsibilities under this section.

(6) Review and evaluate that advanced transmission technologies were properly reported in accordance with division (C)(7) of this section and allow stakeholders to provide comments.

(7) Approve advanced transmission technology congestion mitigation implementation plans, including cost recovery.

(E)(1) The scope of the hearing held under division (D)(3) of this section shall be limited to issues relating to forecasting. The power siting board, the office of consumers' counsel, and all other persons having an interest in the proceedings shall be afforded the opportunity to be heard and to be represented by counsel. The commission may adjourn the hearing from time to time.

(2) The hearing shall include, but not be limited to, a review of:

(a) The projected loads and energy requirements for each year of the period;

(b) The estimated installed capacity and supplies to meet the projected load requirements.

(F) Based upon the report furnished pursuant to division (C) of this section and the hearing record, the commission, within ninety days from the close of the record in the hearing,

shall determine if:

(1) All information relating to current activities, facilities agreements, and published energy policies of the state has been completely and accurately represented;

(2) The load requirements are based on substantially accurate historical information and adequate methodology;

(3) The forecasting methods consider the relationships between price and energy consumption;

(4) The report identifies and projects reductions in energy demands due to energy conservation measures in the industrial, commercial, residential, transportation, and energy production sectors in the service area;

(5) Utility company forecasts of loads and resources are reasonable in relation to population growth estimates made by state and federal agencies, transportation, and economic development plans and forecasts, and make recommendations where possible for necessary and reasonable alternatives to meet forecasted electric power demand;

(6) The report considers plans for expansion of the regional power grid and the planned facilities of other utilities in the state;

(7) All assumptions made in the forecast are reasonable and adequately documented.

(G) The commission shall adopt rules under section 111.15 of the Revised Code to establish criteria for evaluating the long-term forecasts of needs for gas and electric transmission service, to conduct hearings held under this section, and to establish reasonable fees to defray the direct cost of the

hearings and the review process~~, and such other rules as are necessary and convenient to implement this section~~.

(H) The hearing record produced under this section and the determinations of the commission shall be introduced into evidence and shall be considered in determining the basis of need for power siting board deliberations under division (A)(1) of section 4906.10 of the Revised Code. The hearing record produced under this section shall be introduced into evidence and shall be considered by the commission in its initiation of programs, examinations, and findings under section 4905.70 of the Revised Code, and shall be considered in the commission's determinations with respect to the establishment of just and reasonable rates under section 4909.15 of the Revised Code and financing utility facilities and authorizing issuance of all securities under sections 4905.40, 4905.401, 4905.41, and 4905.42 of the Revised Code. The forecast findings also shall serve as the basis for all other energy planning and development activities of the state government where electric and gas data are required.

(I)(1) No court other than the supreme court shall have power to review, suspend, or delay any determination made by the commission under this section, or enjoin, restrain, or interfere with the commission in the performance of official duties. A writ of mandamus shall not be issued against the commission by any court other than the supreme court.

(2) A final determination made by the commission shall be reversed, vacated, or modified by the supreme court on appeal, if, upon consideration of the record, such court is of the opinion that such determination was unreasonable or unlawful.

The proceeding to obtain such reversal, vacation, or

modification shall be by notice of appeal, filed with the commission by any party to the proceeding before it, against the commission, setting forth the determination appealed from and errors complained of. The notice of appeal shall be served, unless waived, upon the commission by leaving a copy at the office of the chairperson of the commission at Columbus. The court may permit an interested party to intervene by cross-appeal.

(3) No proceeding to reverse, vacate, or modify a determination of the commission is commenced unless the notice of appeal is filed within sixty days after the date of the determination.

Sec. 4939.07. (A) As used in this section, "most recent," with respect to any rate proceeding, means the rate proceeding most immediately preceding the date of any final order issued by the public utilities commission under this section.

(B)(1) Notwithstanding any other provision of law or any agreement establishing price caps, rate freezes, or rate increase moratoria, a public utility subject to the rate-making jurisdiction of the commission may file an application with the commission for, and the commission shall then authorize by order, timely and full recovery of a public way fee levied upon and payable by the public utility both after January 1, 2002, and after the test year of the public utility's most recent rate proceeding or the initial effective date of rates in effect but not established through a proceeding for an increase in rates.

(2) Any order issued by the commission pursuant to its consideration of an application under division (B)(1) of this section shall establish a cost recovery mechanism including, but not limited to, an adder, tracker, rider, or percentage

surcharge, for recovering the amount to be recovered; specify that amount; limit the amount to not more and not less than the amount of the total public way fee incurred; and require periodic adjustment of the mechanism based on revenues recovered.

(a) In the case of a cost recovery mechanism for a public way fee levied on and payable by a public utility but determined unreasonable, unjust, unjustly discriminatory, or unlawful by the commission pursuant to division (C) of section 4939.06 of the Revised Code, the mechanism shall provide for recovery, only from those customers of the public utility that receive its service within the municipal corporation, of the difference between that public way fee and the just and reasonable public way fee determined by the commission under division (C) of section 4939.06 of the Revised Code.

(b) In all other cases, recovery shall be from all customers of the public utility generally.

(C) In the case of recovery under division (B)(2)(a) or (b) of this section, the recovery mechanism payable by sale-for-resale or wholesale telecommunications customers shall provide for recovery limited to any public way fee not included in established rates and prices for those customers and to the pro rata share of the public way fee applicable to the portion of the facilities that are sold, leased, or rented to the customers and are located in the public way. The recovery shall be in a nondiscriminatory and competitively neutral manner and prorated on a per-line or per-line equivalent basis among all retail, sale-for-resale, and wholesale telecommunications customers subject to the recovery.

(D)(1) Notwithstanding any other provision of law or any

agreement establishing price caps, rate freezes, or rate increase moratoria, a public utility subject to the rate-making jurisdiction of the commission may file an application with the commission for, and the commission by order shall authorize, such accounting authority as may be reasonably necessary to classify any cost described in division (D)(2) of this section as a regulatory asset for the purpose of recovering that cost.

(2) A cost eligible for recovery under division (D) of this section shall be only such cost as meets both of the following:

(a) The cost is directly incurred by the public utility as a result of municipal corporation regulation of its occupancy or use of a public way or an appropriate allocation and assignment of costs related to implementation of this section, excluding any cost arising from a public way fee levied upon and payable by the public utility.

(b) The cost is incurred by the public utility both after January 1, 2002, and after the test year of the public utility's most recent rate proceeding or the initial effective date of rates in effect but not established through a proceeding for an increase in rates.

(3) If the commission determines, upon an application under division (D)(1) of this section or its own initiative, that classification of a cost described in division (D)(2) of this section as a regulatory asset is not practical or that deferred recovery of that cost would impose a hardship on the public utility or its customers, the commission shall establish a charge and collection mechanism to permit the public utility full recovery of that cost. A hardship shall be presumed for any public utility with less than fifteen thousand bundled sales

service customers in this state and for any public utility for which the annualized aggregate amount of additional cost that otherwise may be eligible for such classification exceeds the greater of five hundred thousand dollars or fifteen per cent of the total costs that are described in division (D)(2)(a) of this section and were considered by the commission for the purpose of establishing rates in the public utility's most recent rate increase proceeding or the rate increase proceeding of the public utility's predecessor, whichever is later.

(E) Any application submitted to the commission under divisions (B) to (D) of this section shall be processed by the commission as an application not for an increase in rates under section 4909.18 of the Revised Code. The application shall include such information as the commission reasonably requires. The commission shall conclude its consideration of the application and issue a final order not later than one hundred twenty days after the date that the application was submitted to the commission. A final order regarding a recovery mechanism authorized pursuant to this section shall provide for such retroactive adjustment as the commission determines appropriate.

(F) A public utility shall not be required to waive any rights under this section as a condition of occupancy or use of a public way.

~~(G) The commission may issue such rules as it considers necessary to carry out this section.~~

Sec. 4981.14. (A) The Ohio rail development commission may exercise all powers necessary or appropriate to carry out its corporate purposes.

(B) The commission may do all of the following:

~~(1) Adopt, and from time to time, ratify, amend, and repeal bylaws necessary and proper for the regulation of its affairs and the conduct of its business and rules to implement and make effective its powers and duties;~~

~~(2)~~ Adopt an official seal;

~~(3)~~ (2) Maintain a principal office in Columbus and, if necessary, regional sub-offices at locations properly designated or provided;

~~(4)~~ (3) Sue and be sued in its own name and plead and be impleaded in its own name, particularly to enforce the obligations and covenants made under this section and sections 4981.13 and 4981.29 of the Revised Code. Any actions against the commission shall be brought in the court of common pleas in Franklin county, in which the principal office of the commission shall be located.

~~(5)~~ (4) Undertake or cause to be undertaken the acquisition, renovation, repair, refunding, operation, maintenance, or construction of any rail service project;

~~(6)~~ (5) Establish and operate a revolving loan fund for the purpose of making loans to qualifying subdivisions, local or regional transportation authorities, or other persons for the acquisition, renovation, repair, refunding, or construction of rail service projects by such qualifying subdivisions, local or regional transportation authorities, and private corporations or organizations, and the repayment thereof from project financing proceeds and revenues; purchase the obligations of counties and municipal corporations issued for the acquisition, renovation, repair, or construction of rail service projects by such qualifying subdivisions and local or regional transportation

authorities; and adopt rules and procedures for making those loans or purchasing those obligations;

~~(7)~~ (6) Issue bonds and notes and refunding obligations of the state, payable as provided in this chapter unless the bonds are refunded by refunding bonds, for the purpose of borrowing money to implement any power granted by divisions ~~(B)(5)~~ (B)(4) and ~~(6)~~ (5) of this section for one or more rail service projects or parts thereof;

~~(8)~~ (7) Acquire by gift or purchase, hold, or dispose of real and personal property in the exercise of its powers and performance of its duties as set forth in this chapter;

~~(9)~~ (8) Make and enter into all contracts and agreements and execute all instruments necessary or incidental to the performance of its duties and the execution of its powers and to employ natural persons to act on behalf of the commission, and to establish the terms and conditions of such employment;

~~(10)~~ (9) Receive and accept from any federal agency or other person, subject to the approval of the governor, grants for or in aid of the construction, repair, renovation, operation, maintenance, or acquisition of rail service projects, and receive and accept aid or contributions from any source of money, property, labor, or other things of value, to be held, used, and applied only for the purposes for which the grants and contributions are made;

~~(11)~~ (10) Purchase property coverage and liability insurance for any rail service project and for any offices of the commission, insurance protecting the commission and its officers and employees against liability, if any, or damage to property or injury to or death of persons arising from its

operations, and any other insurance the commission may agree to provide under any resolution authorizing the issuance of bonds in accordance with sections 4981.11 to 4981.26 of the Revised Code, or in any trust agreement securing the same;

~~(12)~~ (11) Establish or increase reserves from moneys received or to be received by the commission to secure or pay the principal of and interest on bonds, notes, or other obligations issued by the commission pursuant to this chapter or other law. Moneys, funds, and accounts of the commission, however, are subject only to audit by the auditor of state and all moneys, funds, and accounts shall be held in custody or deposited as directed by resolution of the commission and unless otherwise provided by law all moneys of the commission not pledged to the holders of bonds of the commission shall be appropriated by the general assembly.

~~(13)~~ (12) Receive and disburse the proceeds of general obligation or other bonds of the state or agencies thereof as may be allowed by law pursuant to any resolution or act of the general assembly;

~~(14)~~ (13) To the extent permitted under its contracts with the holders of bonds or notes of the commission, consent to modification of the rate of interest, time and payment of installment of principal or interest, security, or any other term of a bond, contract, or agreement of any kind to which the commission is a party;

~~(15)~~ (14) Make grants to counties or municipal corporations, qualifying subdivisions, local or regional transportation authorities, or other persons for one or more rail service projects or parts thereof;

~~(16)~~ (15) Provide consultation services to any qualifying subdivision, local or regional transportation authority, or other person in connection with the acquisition, renovation, repair, or construction of any rail service project;

The department of job and family services shall compute the percentage of families with an annual income of less than three thousand dollars for the state and for each county by multiplying the most recent estimate of such families published by the development services agency, by a fraction, the numerator of which is the estimate of average annual personal income published by the bureau of economic analysis of the United States department of commerce for the year on which the census estimate is based and the denominator of which is the most recent such estimate published by the bureau.

(3) If the per capita tax duplicate of a county is less than the per capita tax duplicate of the state as a whole and the percentage of families in the county with an annual income of less than three thousand dollars is greater than the percentage of such families in the state, the percentage to be used for the purpose of division (B)(2) of this section shall be determined as follows:

(a) Multiply ten by the fraction determined under division (D)(1) of this section;

(b) Multiply the product determined under division (D)(3)

(a) of this section by the fraction determined under division (D)(2) of this section.

(4) The department of job and family services shall determine, for each county, the percentage to be used for the purpose of division (B)(2) of this section not later than the first day of July of the year preceding the state fiscal year for which the percentage is used.

(i) The percentage shall not be less than seventy-five per cent nor more than eighty-two per cent;

(ii) The percentage shall not exceed the percentage that the state's qualified state expenditures is of the state's historic state expenditures as those terms are defined in 42 U.S.C. 609(a)(7).

~~(e) Other procedures and requirements necessary to implement this section.~~

(2) The director of job and family services may amend the rule adopted under division (F)(1)(d) of this section to modify the percentage on determination that the amount the general assembly appropriates for Title IV-A programs makes the modification necessary. In doing so, the director may conduct the review in cooperation with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code.

Not later than fourteen days after receipt of an application for initial or renewed certification, the director shall inform the board of alcohol, drug addiction, and mental health services serving the alcohol, drug addiction, and mental health service district in which the applicant's certifiable services and supports will be provided of the receipt of the application. On the board's request, the director shall provide the board with a copy of the application.

Not later than thirty days after a provider's certification ceases to be valid for any reason, including the provider's failure to renew the certification prior to expiration, the director's acceptance of the provider's surrender of the certification, or the issuance of a final order for disciplinary action under division (F) or (L) of this section, the director shall provide notice to the applicable board of alcohol, drug addiction, and mental health services of the reason the certification ceased to be valid and the date it became invalid.

(C)(1) Except as provided in division (C)(2) of this section, if the director determines that an applicant has paid any required certification fee, that the applicant's accreditation of certifiable services and supports is current and appropriate for the services and supports for which the applicant is seeking initial or renewed certification, and that the applicant meets any other requirements established by this section or rules adopted under it, the director shall certify the services and supports or renew the certification of the services and supports, as applicable. Except as provided in division (I) of this section, the director shall issue or renew the certification without further evaluation of the services and supports.

(2) Prior to October 1, 2025, if an applicant that seeks to renew certification of certifiable services and supports is not accredited to provide those services and supports by one or more national accrediting organizations specified in division (B)(3) of this section, the director shall conduct an evaluation of the applicant to determine whether the applicant's certifiable services and supports satisfy the standards for certification. The evaluation is in addition to any on-site review conducted under division (A) of this section and shall be performed in cooperation with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code. If the director determines that an applicant has paid any required certification fee, that the applicant's certifiable services and supports satisfy the standards for renewed certification, and that the applicant meets any other

requirements established by this section or the rules adopted under it, the director shall certify the certifiable services and supports.

(D) For purposes of the accreditation requirements of this section, both of the following apply:

(1) The director may review the accrediting organizations specified in division (B)(3) of this section to evaluate whether the accreditation standards and processes used by the organizations are consistent with service delivery models the director considers appropriate for mental health services, alcohol and drug addiction services, or physical health services. (2) The director shall require a community mental health services provider and a community addiction services provider to notify the director not later than ten days after any change in the provider's accreditation status. (G) Proceedings initiated to deny applications to certify certifiable services and supports, to refuse to renew certification, or to revoke certification are governed by Chapter 119. of the Revised Code. If an order has been issued suspending admissions to a community addiction services provider, as provided in division (L) of this section, the order remains in effect during the pendency of those proceedings.

(H) The director may conduct an on-site review or otherwise evaluate a community mental health services provider or a community addiction services provider at any time based on cause, including complaints made by or on behalf of persons

receiving mental health services or alcohol and drug addiction services and confirmed or alleged deficiencies brought to the attention of the director. This authority does not affect the director's duty to conduct the inspections required by section 5119.37 of the Revised Code.

In conducting an on-site review under this division, the director may do so in cooperation with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code. If the board does not reallocate such funds in a reasonable period of time, the director may withhold state and federal funds for the certifiable services and supports and

allocate those funds directly to a community mental health services provider or community addiction services provider whose certifiable services and supports satisfy the standards.

(J) Each applicant seeking initial or renewed certification of its certifiable services and supports shall pay a fee for the certification required by this section, unless the applicant is exempt under rules adopted under this section. Fees shall be paid into the state treasury to the credit of the sale of goods and services fund created pursuant to section 5119.45 of the Revised Code.

(1) Costs related to training and staff development, employee benefits, payroll taxes, and workers' compensation premiums or costs for self-insurance claims for the personnel listed in divisions (N)(1) to (3) of section 5124.01 of the Revised Code to be included in calculations of direct care costs;

(2) Direct-care resources that are not listed in division (N) of section 5124.01 of the Revised Code but are to be included in calculations of direct care costs.

Sec. 5124.191. (A) As used in sections 5124.191 to

5124.193 of the Revised Code, "ICF/IID resident" includes an individual who is on hospital or therapeutic leave from an ICF/IID.

(B) ~~In accordance with rules adopted under section 5124.03 of the Revised Code, the~~ The department of developmental disabilities shall assess each ICF/IID resident regardless of payment source and compile complete assessment data on the residents. The department shall perform the initial assessment of an ICF/IID resident. The department may perform a subsequent assessment of an ICF/IID resident under any of the following circumstances:

(1) The provider of the ICF/IID in which the resident resides or from which the resident is on hospital or therapeutic leave has submitted to the department under division (D) of this section revised assessment data for the resident or an attestation of no changes in the resident's assessment data and the department has reason to believe that the revised assessment data or attestation is inaccurate;

(2) The department has reason to believe that the resident's most recent assessment no longer accurately reflects the resident's condition;

(3) The department determines that the resident's most recent assessment should be updated because of the passage of time since that assessment was performed.

(C) If an ICF/IID provider disagrees with the results of an assessment performed by the department under this section, the provider may request that the department reconsider the results in accordance with rules adopted under this section~~—5124.03 of the Revised Code~~.

(D) After the department assesses an ICF/IID resident under this section, the provider of the ICF/IID in which the resident resides or from which the resident is on hospital or therapeutic leave shall submit to the department, not later than fifteen days after the end of each subsequent calendar quarter and through the medium or media specified in rules adopted under this section ~~5124.03 of the Revised Code~~, either of the following:

(1) Revised assessment data for the resident if there are changes in the resident's assessment data;

(2) An attestation that there are no changes in the resident's assessment data.

(E) A resident assessment instrument specified in rules adopted under this section ~~5124.03 of the Revised Code~~ shall be used to compile or revise assessment data of ICF/IID residents under this section.

(F) To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities shall adopt rules in accordance with Chapter 119. of the Revised Code that do all of the following:

(1) Establish a process for an ICF/IID provider to request that the department reconsider the results of an assessment performed by the department pursuant to division (C) of this section;

(2) Specify the medium or media through which a provider shall submit revised assessment data or an attestation that there are no changes in a resident's assessment data pursuant to division (D) of this section;

(3) Specify a resident assessment instrument to compile or

revise assessment data of ICF/IID residents pursuant to division (E) of this section.

Sec. 5124.192. (A) The department of developmental disabilities shall establish six acuity groups for the purpose of assigning case-mix scores to ICF/IID residents. An ICF/IID resident's case-mix score shall be the score of the resident's acuity group as specified in rules authorized by this section.

(B) The department shall place each ICF/IID resident into one of the acuity groups. In determining which acuity group an ICF/IID resident is to be placed into, the department shall do all of the following:

(1) In accordance with rules authorized by this section and using the most recent resident assessment data for the ICF/IID resident available to the department, calculate for the resident an assessment score for each of the medical, behavioral, and adaptive skills domains on the resident assessment instrument used to compile or revise assessment data for ICF/IID residents under section 5124.191 of the Revised Code;

(2) For each of the ICF/IID resident's domain assessment scores and using values specified in rules authorized by this section, assign the following points:

(a) If the resident's assessment score for the domain is more than one standard deviation above the mean assessment score for the domain for all ICF/IID residents as of December 31, 2017, one point;

(b) If the resident's assessment score for the domain is more than one-half standard deviation above the mean assessment score for the domain for all ICF/IID residents as of December

31, 2017, and not more than one standard deviation above that mean, two points;

(c) If the resident's assessment score for the domain is more than the mean assessment score for the domain for all ICF/IID residents as of December 31, 2017, and not more than one-half standard deviation above that mean, three points;

(d) If the resident's assessment score for the domain is not more than the mean assessment score for the domain for all ICF/IID residents as of December 31, 2017, and not more than one-half standard deviation below that mean, four points;

(e) If the resident's assessment score for the domain is more than one-half standard deviation below the mean assessment score for the domain for all ICF/IID residents as of December 31, 2017, and not more than one standard deviation below that mean, five points;

(f) If the resident's assessment score for the domain is more than one standard deviation below the mean assessment score for the domain for all ICF/IID residents as of December 31, 2017, six points.

(3) Using the following weights, determine the weighted sum of the points assigned under division (B)(2) of this section to each of the ICF/IID resident's domain assessment scores and round the weighted sum to the nearest whole number:

(a) Points assigned to the resident's assessment score for the medical domain shall be weighted at thirty-five per cent.

(b) Points assigned to the resident's assessment score for the behavioral domain shall be weighted at thirty per cent.

(c) Points assigned to the resident's assessment score for

the adaptive skills domain shall be weighted at thirty-five per cent.

(4) Place the ICF/IID resident into the following acuity group:

(a) If the resident's weighted sum of points is five or lower, group one;

(b) If the resident's weighted sum of points is at least six and not more than eight, group two;

(c) If the resident's weighted sum of points is nine or ten, group three;

(d) If the resident's weighted sum of points is eleven or twelve, group four;

(e) If the resident's weighted sum of points is at least thirteen and not more than fifteen, group five;

(f) If the resident's weighted sum of points is sixteen or higher, group six.

(C)(1) ~~The~~ To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities shall adopt ~~rules under section 5124.03 of the Revised Code as necessary to implement this section, including~~ rules in accordance with Chapter 119. of the Revised Code that do all of the following:

(a) Subject to division (C)(2) of this section, specify case-mix scores for each acuity group established under this section;

(b) Prescribe a methodology for calculating assessment scores for the medical, behavioral, and adaptive skills domains

on the resident assessment instrument used to compile or revise assessment data of ICF/IID residents under section 5124.191 of the Revised Code;

(c) Specify values to be used in assigning points to domain assessment scores.

(2) The case-mix score specified for an acuity group shall be based on relative resource use by ICF/IID residents who are placed in the group and were included in a time study of ICF/IID residents performed by the department.

Sec. 5124.193. (A) Except as provided in division (B) of this section, the department of developmental disabilities shall do both of the following:

(1) For each calendar quarter, determine a case-mix score for each ICF/IID using both of the following:

(a) The most recent (as of the date the determination is made) resident assessment data compiled and revised for the ICF/IID's residents under section 5124.191 of the Revised Code;

(b) The case-mix scores of the ICF/IID's residents as determined under section 5124.192 of the Revised Code.

(2) After the end of each calendar year, determine an annual average case-mix score for each ICF/IID using the ICF/IID's quarterly case-mix scores for that calendar year.

(B)(1) Subject to divisions (B)(2) and (3) of this section, the department, for one or more months of a calendar quarter, may assign to an ICF/IID a case-mix score that is five per cent less than the ICF/IID's case-mix score as of the day immediately preceding the day on which the reduction takes effect if the provider does not timely comply with division (D)

of section 5124.191 of the Revised Code.

(2) Subject to division (B)(3) of this section, before assigning a case-mix score to an ICF/IID under division (B)(1) of this section, the department shall permit the provider to come into compliance with division (D) of section 5124.191 of the Revised Code. The department may assign the case-mix score if the provider fails to comply not later than forty-five days after the end of the calendar quarter to which the noncompliance pertains or a later date specified in rules authorized by this section.

(3) The department shall take action under division (B)(1) or (2) of this section only in accordance with rules authorized by this section. The department shall not take an action that affects medicaid payment rates for prior payment periods except in accordance with sections 5124.41 and 5124.42 of the Revised Code.

(C) ~~The~~ To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities ~~shall~~ may adopt rules ~~under section 5124.03 of the Revised Code as necessary to implement this section~~in accordance with Chapter 119. of the Revised Code to specify a timeframe after which the department may assign the case-mix score if the provider fails to comply with division (D) of section 5124.191 of the Revised Code pursuant to division (B)(2) of this section.

Sec. 5124.21. (A) For each fiscal year, the department of developmental disabilities shall determine each ICF/IID's per medicaid day indirect care costs component rate. An ICF/IID's rate shall be the lesser of the individual rate determined under division (B) of this section and the maximum rate determined for the ICF/IID's peer group under division (C) of this section.

(B) An ICF/IID's individual rate is the sum of the following:

(1) The ICF/IID's desk-reviewed, actual, allowable, per diem indirect care costs for the applicable cost report year, adjusted for the inflation rate estimated under division (E) of this section;

(2) Subject to division (D) of this section, an efficiency incentive equal to the difference between the amount of the per diem indirect care costs for the applicable cost report year determined for the ICF/IID under division (B)(1) of this section and the maximum rate established for the ICF/IID's peer group under division (C) of this section for that year.

(C)(1) The maximum rate for an ICF/IID's peer group shall be the following percentage above the peer group's median per diem indirect care costs for the applicable cost report year:

(a) For ICFs/IID in peer group 1, eight per cent;

(b) For ICFs/IID in peer group 2 or peer group 3, ten per cent;

(c) For ICFs/IID in peer group 4 or peer group 5, twelve per cent.

(2) The department shall not redetermine a peer group's maximum rate under division (C)(1) of this section based on additional information that it receives after the maximum rate is set. The department shall redetermine a peer group's maximum rate only if the department made an error in computing the maximum rate based on the information available to the department at the time of the original calculation.

(D) The efficiency incentive for an ICF/IID shall not

exceed the following:

(1) If the ICF/IID is in peer group 1, five per cent of the peer group's maximum rate established under division (C)(1)(a) of this section;

(2) If the ICF/IID is in peer group 2, peer group 3, peer group 4, or peer group 5, six per cent of the peer group's maximum rate established under division (C)(1)(b) or (c) of this section.

(E) When adjusting rates for inflation under division (B)(1) of this section, the department shall estimate the rate of inflation for the eighteen-month period beginning on the first day of July of the applicable cost report year and ending on the thirty-first day of December of the fiscal year for which the rate is determined. To estimate the rate of inflation, the department shall use the following:

(1) Subject to division (E)(2) of this section, the consumer price index for all items for all urban consumers for the midwest region, published by the United States bureau of labor statistics;

(2) If the United States bureau of labor statistics ceases to publish the index specified in division (E)(1) of this section, a comparable index that the bureau publishes and the department determines is appropriate.

(F) To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities may adopt rules in accordance with Chapter 119. of the Revised Code establishing costs related to the indirect care costs specified in division (AA) of section 5124.01 of the Revised Code to be included in calculations of indirect care costs.

Sec. 5124.23. (A) For each fiscal year, the department of developmental disabilities shall determine each ICF/IID's per medicaid day other protected costs component rate. An ICF/IID's rate shall be the ICF/IID's desk-reviewed, actual, allowable, per diem other protected costs from the applicable cost report year, adjusted for inflation using the following:

~~(A)~~ (1) Subject to division (B) of this section, the consumer price index for all urban consumers for nonprescription drugs and medical supplies, as published by the United States bureau of labor statistics;

~~(B)~~ (2) If the United States bureau of labor statistics ceases to publish the index specified in division (A) of this section, the index that is subsequently published by the bureau and covers nonprescription drugs and medical supplies.

(B) To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities may adopt rules in accordance with Chapter 119. of the Revised Code establishing other protected costs in addition to the other protected costs specified in division (KK) of section 5124.01 of the Revised Code.

Sec. 5124.24. (A) For fiscal year 2022 and each fiscal year thereafter, the department of developmental disabilities shall determine in accordance with division (C) of this section a per medicaid day quality incentive payment for each ICF/IID that earns for the fiscal year at least one point under division (B) of this section.

(B) Each fiscal year beginning with fiscal year 2022, the department, in accordance with rules authorized by this section, shall award to an ICF/IID points for quality indicators the

ICF/IID meets for the fiscal year. The quality indicators used under this division shall be based on the recommendations contained in the report submitted to the director of developmental disabilities by the ICF/IID quality indicators workgroup established by Section 261.230 ~~this act~~ of H.B. 166 of the 133rd General Assembly.

(C) An ICF/IID's per medicaid day quality incentive payment for a fiscal year shall be the product of the following:

(1) The relative weight point value for the fiscal year as determined under division (D) of this section;

(2) The number of points the ICF/IID was awarded under division (B) of this section for the fiscal year.

(D) The relative weight point value for a fiscal year shall be determined as follows:

(1) For each ICF/IID, determine the product of the following:

(a) The number of inpatient days the ICF/IID had for the applicable cost report year;

(b) The number of points the ICF/IID was awarded under division (B) of this section for the fiscal year.

(2) Determine the sum of all of the products determined under division (D)(1) of this section for the fiscal year;

(3) Determine the amount equal to one per cent of the total desk-reviewed, actual, allowable direct care costs of all ICFs/IID for the applicable cost report year;

(4) Divide the amount determined under division (D)(3) of this section by the sum determined under division (D)(2) of this

section.

(E) ~~The~~ To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities shall adopt ~~rules under section 5124.03 of the Revised Code as necessary to implement this section, including~~ rules in accordance with Chapter 119. of the Revised Code that specify or establish all of the following:

(1) The data needed for the department to determine whether an ICF/IID meets the quality indicators specified in division (B) of this section, the medium through which a report of the data is to be submitted to the department, and the date by which the report of the data must be submitted to the department;

(2) Satisfactory evidence needed to determine that an ICF/IID has met the quality indicators;

(3) The method by which ICFs/IID are to be awarded points under division (B) of this section and the number of points that each quality indicator is worth based on the quality indicator's relative importance compared to the other quality indicators.

Sec. 5124.26. (A) Subject to division (D) of this section, the department of developmental disabilities may pay a medicaid rate add-on to an ICF/IID provider for outlier ICF/IID services the ICF/IID provides to residents identified as needing intensive behavioral support services, if the provider applies to the department to receive the rate add-on and the department approves the application. The department may approve a provider's application if both of the following apply:

(1) The provider submits to the department a best practices protocol for providing outlier ICF/IID services under

this section and the department determines that the protocol is acceptable;

(2) The provider meets all other eligibility requirements for the rate add-on established in rules adopted under this section ~~5124.03 of the Revised Code~~.

(B) An ICF/IID that has been approved by the department to provide outlier ICF/IID services under this section shall provide the services in accordance with both of the following:

(1) The best practices protocol described in division (A)(1) of this section;

(2) Requirements regarding the services established in rules adopted under this section ~~5124.03 of the Revised Code~~.

(C) To qualify to receive outlier ICF/IID services from an ICF/IID under this section, a resident of the ICF/IID must be a medicaid recipient, be determined to need intensive behavioral support services, and meet all other eligibility requirements established in rules adopted under this section ~~5124.03 of the Revised Code~~.

(D) The department shall negotiate with the department of medicaid the amount of the medicaid payment rate add-on, if any, to be paid under this section or the method by which that amount is to be determined.

(E) To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities shall adopt rules in accordance with Chapter 119. of the Revised Code that establish all of the following:

(1) Eligibility requirements for the rate add-on to an ICF/IID provider for outlier ICF/IID services the ICF/IID

provides to residents identified as needing intensive behavioral support services pursuant to division (A)(2) of this section;

(2) Requirements for the provision of outlier ICF/IID services pursuant to division (B)(2) of this section;

(3) Eligibility requirements to receive outlier ICF/IID services from an ICF/IID pursuant to division (C) of this section.

Sec. 5124.29. Except as otherwise provided in section 5124.30 of the Revised Code, the department of developmental disabilities, in determining whether an ICF/IID's direct care costs and indirect care costs are allowable, shall place no limit on specific categories of reasonable costs other than compensation of owners, compensation of relatives of owners, and compensation of administrators.

Compensation cost limits for owners and relatives of owners shall be based on compensation costs for individuals who hold comparable positions but who are not owners or relatives of owners, as reported on ICFs/IID's cost reports. As used in this section, "comparable position" means the position that is held by the owner or the owner's relative, if that position is listed separately on the cost report form, or if the position is not listed separately, the group of positions that is listed on the cost report form and that includes the position held by the owner or the owner's relative. ~~In~~

Based on civil service equivalents and to the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities shall adopt rules in accordance with Chapter 119. of the Revised Code establishing the compensation cost limit in the case of an owner or owner's

relative who serves the ICFs/IID in a capacity such as corporate officer, proprietor, or partner for which no comparable position or group of positions is listed on the cost report form~~, the compensation cost limit shall be based on civil service equivalents and shall be specified in rules adopted under section 5124.03 of the Revised Code~~.

Compensation cost limits for administrators shall be based on compensation costs for administrators who are not owners or relatives of owners, as reported on ICFs/IID's cost reports.

Sec. 5124.34. (A) As used in this section, "participation in therapeutic programs" includes visits to potential new residential settings.

(B) The department of developmental disabilities shall pay an ICF/IID provider one hundred per cent of the total per medicaid day payment rate determined for the ICF/IID under this chapter to reserve a bed for a resident who is a medicaid recipient if all of the following apply:

(1) The recipient is temporarily absent from the ICF/IID for a reason that makes the absence qualified for payments under this section as specified in rules authorized by this section;

(2) The resident's plan of care provides for the absence;

(3) Federal financial participation is available for the payments.

(C) The maximum period during which medicaid payments may be made to reserve a bed shall not exceed the maximum period specified in federal regulations and shall not be more than thirty days during any calendar year for hospital stays, visits with relatives and friends, and participation in therapeutic programs. However, a resident shall not be subject to a maximum

period during which payments may be made to reserve a bed if prior authorization of the department is obtained for hospital stays, visits with relatives and friends, and participation in therapeutic programs.

(D)(1) ~~The~~ To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities shall adopt ~~rules under section 5124.03 of the Revised Code as necessary to implement this section, including~~ rules in accordance with Chapter 119. of the Revised Code that do the following:

(a) Specify the reasons for which a temporary absence from an ICF/IID makes the absence qualify for payments under this section;

(b) Establish conditions under which prior authorization may be obtained for the purpose of division (C) of this section.

(2) The rules authorized by division (D)(1)(a) of this section shall include the following as reasons for which a temporary absence from an ICF/IID qualifies for payments under this section:

(a) Hospitalization for acute conditions;

(b) Visits with relatives and friends;

(c) Participation in therapeutic programs outside the ICF/IID.

Sec. 5124.38. (A) The director of developmental disabilities shall establish a process under which an ICF/IID provider, or a group or association of ICF/IID providers, may seek reconsideration of medicaid payment rates established under this chapter. Except as provided in divisions (B) to (E) of this

section, the only issue that a provider, group, or association may raise in the rate reconsideration is whether the rate was calculated in accordance with this chapter and the rules adopted under this section ~~5124.03 of the Revised Code~~. The provider, group, or association may submit written arguments or other materials that support its position. The provider, group, or association and department shall take actions regarding the rate reconsideration within time frames specified in rules authorized by this section.

If the department determines, as a result of the rate reconsideration, that the rate established for one or more ICFs/IID is less than the rate to which the ICF/IID is entitled, the department shall increase the rate. If the department has paid the incorrect rate for a period of time, the department shall pay the provider of the ICF/IID the difference between the amount the provider was paid for that period for the ICF/IID and the amount the provider should have been paid for the ICF/IID.

(B)(1) The department, through the rate reconsideration process, may increase during a fiscal year the medicaid payment rate determined for an ICF/IID under this chapter if the provider demonstrates that the ICF/IID's actual, allowable costs have increased because of any of the following extreme circumstances:

(a) A natural disaster;

(b) If the ICF/IID has an appropriate claims management program, an increase in the ICF/IID's workers' compensation experience rating of greater than five per cent;

(c) If the ICF/IID is an inner-city ICF/IID, increased security costs;

(d) A change of ownership that results from bankruptcy, foreclosure, or findings by the department of health of violations of medicaid certification requirements;

(e) Other extreme circumstances specified in rules authorized by this section.

(2) An ICF/IID may qualify for a rate increase under this division only if its per diem, actual, allowable costs have increased to a level that exceeds its total rate. An increase under this division is subject to any rate limitations or maximum rates established by this chapter for specific cost centers. Any rate increase granted under this division shall take effect on the first day of the first month after the department receives the request.

(C) The department, through the rate reconsideration process, may increase an ICF/IID's rate as determined under this chapter if the department, in the department's sole discretion, determines that the rate as determined under those sections works an extreme hardship on the ICF/IID.

(D)(1) Subject to any applicable limitation under section 5124.17 of the Revised Code, when beds certified for the medicaid program are added to an existing ICF/IID or replaced at the same site, the department, through the rate reconsideration process, may proportionately increase the ICF/IID's per medicaid day capital component rate determined under that section to account for the costs of the beds that are added or replaced.

(2) If the department grants an increase under division (D)(1) of this section, the increase shall go into effect one month after the first day of the month after the department receives sufficient documentation needed to determine the amount

of the increase.

(3) The provider of an ICF/IID that has its per medicaid day payment rate for reasonable capital costs increased under division (D)(1) of this section shall report double accumulated depreciation in an amount equal to the depreciation included in the rate adjustment on its cost report for the first year of operation. During the term of any loan used to finance a project for which the rate increase is granted, the provider, if the ICF/IID is operated by the same provider, shall subtract from the interest costs it reports on the ICF/IID's cost report an amount equal to the difference between the following:

(a) The actual, allowable interest costs for the loan during the calendar year for which the costs are being reported;

(b) The actual, allowable interest costs attributable to the loan that were used to calculate the rates paid to the provider for the ICF/IID during the same calendar year.

(E) If the provider of an ICF/IID submits to the department revised assessment data for a resident of the ICF/IID under division (D) of section 5124.191 of the Revised Code and the revised assessment data results in at least a fifteen per cent increase in the ICF/IID's case-mix score determined under section 5124.193 of the Revised Code, the provider may request that the department, through the rate reconsideration process, increase the ICF/IID's per medicaid day direct care costs component rate determined under section 5124.19 of the Revised Code to account for the increase in the ICF/IID's case-mix score. If the department determines that the revised assessment data so increases the ICF/IID's case-mix score, the department shall grant the rate increase. The increase shall go into effect one month after the first day of the month after the department

receives sufficient documentation needed to determine the amount of the increase.

(F) The department's decision at the conclusion of a rate reconsideration process is not subject to any administrative proceedings under Chapter 119. or any other provision of the Revised Code.

(G) ~~The~~ To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities shall adopt rules establishing a timeline for the process through which an ICF/IID provider, or a group or association of ICF/IID providers, may seek reconsideration of medicaid payment rates pursuant to division (A) of this section.

(H) To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities ~~shall~~ may adopt rules ~~under section 5124.03 of the Revised Code as necessary to implement this section~~specifying extreme circumstances under which the department may increase during a fiscal year the medicaid payment rate determined for an ICF/IID pursuant to division (B)(1)(e) of this section.

Sec. 5124.516. ~~The~~ To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities may adopt rules ~~under section 5124.03 of the Revised Code~~ in accordance with Chapter 119. of the Revised Code governing adjustments to the medicaid reimbursement rate for an ICF/IID that undergoes a change of operator. No rate adjustment resulting from a change of operator shall be effective before the effective date of the entering operator's provider agreement. This is the case regardless of whether the provider agreement is entered into under section 5124.511, section 5124.512, or, pursuant to section 5124.515, section 5124.07 of

the Revised Code.

Sec. 5124.53. ~~The~~ To the extent authorized by section 5162.021 of the Revised Code, the director of developmental disabilities shall adopt rules ~~under section 5124.03 of the Revised Code to implement sections 5124.50 to 5124.53 of the Revised Code. The rules shall~~ in accordance with Chapter 119. of the Revised Code that specify all of the following:

(A) The method by which written notices to the department required by sections 5124.50 to 5124.53 of the Revised Code are to be provided;

(B) The forms and documents that are to be provided to the department under sections 5124.511 and 5124.512 of the Revised Code, which shall include, in the case of such forms and documents provided by entering operators, all the fully executed leases, management agreements, merger agreements and supporting documents, and fully executed sales contracts and any other supporting documents culminating in the change of operator;

(C) The method by which the forms and documents identified in division (B) of this section are to be provided to the department.

Sec. 5126.0220. (A) The superintendent of the county board of developmental disabilities shall do all of the following:

(1) Administer the work of the board~~, subject to the board's rules~~;

(2) Recommend to the board the changes necessary to increase the effectiveness of the programs and services offered pursuant to Chapters 3323. and 5126. of the Revised Code;

(3) Employ persons for all positions authorized by the

board, approve contracts of employment for management employees that are for a term of one year or less, and approve personnel actions that involve employees in the classified civil service as may be necessary for the work of the board;

(4) Approve compensation for employees within the limits set by the salary schedule and budget set by the board, and ensure that all employees and consultants are properly reimbursed for actual and necessary expenses incurred in the performance of official duties;

(5) Provide consultation to public agencies as defined in division (C) of section 102.01 of the Revised Code, including other county boards of developmental disabilities, and to individuals, agencies, or organizations providing services supported by the board.

(B) The superintendent may authorize the payment of board obligations by the county auditor.

Sec. 5126.04. (A) Each county board of developmental disabilities shall plan and set priorities based on available resources for the provision of facilities, programs, and other services to meet the needs of county residents who are individuals with developmental disabilities, former residents of the county residing in state institutions or, before September 29, 2011, placed under purchase of service agreements under section 5123.18 of the Revised Code, and children subject to a determination made pursuant to section 121.38 of the Revised Code.

Each county board shall assess the facility and service needs of the individuals with developmental disabilities who are residents of the county or former residents of the county

residing in state institutions or, before September 29, 2011, placed under purchase of service agreements under section 5123.18 of the Revised Code.

Each county board shall require individual habilitation or service plans for individuals with developmental disabilities who are being served or who have been determined eligible for services and are awaiting the provision of services. Each board shall ensure that methods of having their service needs evaluated are available.

(B)(1) If a foster child is in need of assessment for eligible services or is receiving services from a county board of developmental disabilities and that child is placed in a different county, the agency that placed the child, immediately upon placement, shall inform the county board in the new county all of the following:

(a) That a foster child has been placed in that county;

(b) The name and other identifying information of the foster child;

(c) The name of the foster child's previous county of residence;

(d) That the foster child was in need of assessment for eligible services or was receiving services from the county board of developmental disabilities in the previous county.

(2) Upon receiving the notice described in division (B)(1) of this section or otherwise learning that the child was in need of assessment for eligible services or was receiving services from a county board of developmental disabilities in the previous county, the county board in the new county shall communicate with the county board of the previous county to

determine how services for the foster child shall be provided in accordance with each board's plan and priorities as described in division (A) of this section.

If the two county boards are unable to reach an agreement within ten days of the child's placement, the county board in the new county shall send notice to the Ohio department of developmental disabilities of the failure to agree. The department shall decide how services shall be provided for the foster child within ten days of receiving notice that the county boards could not reach an agreement. The department may decide that one, or both, of the county boards shall provide services. The services shall be provided in accordance with the board's plan and priorities as described in division (A) of this section.

(C) ~~The department of developmental disabilities may adopt rules in accordance with Chapter 119. of the Revised Code as necessary to implement this section. To the extent that rules adopted under this section apply to the identification and placement of children with disabilities under Chapter 3323. of the Revised Code, the rules shall be consistent with the standards and procedures established under sections 3323.03 to 3323.05 of the Revised Code.~~

~~(D)~~ The responsibility or authority of a county board to provide services under this chapter does not affect the responsibility of any other entity of state or local government to provide services to individuals with developmental disabilities.

~~(E)~~ (D) On or before the first day of February prior to a school year, a county board of developmental disabilities may elect not to participate during that school year in the

provision of or contracting for educational services for children ages six through twenty-one years of age, provided that on or before that date the board gives notice of this election to the director of education and workforce, each school district in the county, and the educational service center serving the county. If a board makes this election, it shall not have any responsibility for or authority to provide educational services that school year for children ages six through twenty-one years of age. If a board does not make an election for a school year in accordance with this division, the board shall be deemed to have elected to participate during that school year in the provision of or contracting for educational services for children ages six through twenty-one years of age.

~~(F)~~ (E) If a county board of developmental disabilities elects to provide educational services during a school year to individuals six through twenty-one years of age who have multiple disabilities, the board may provide these services to individuals who are appropriately identified and determined eligible pursuant to Chapter 3323. of the Revised Code, and in accordance with applicable rules of the department of education and workforce. The county board may also provide related services to individuals six through twenty-one years of age who have one or more disabling conditions, in accordance with section 3317.20 and Chapter 3323. of the Revised Code and applicable rules of the department of education and workforce.

Sec. 5126.08. (A) The director of developmental disabilities shall adopt rules in accordance with Chapter 119. of the Revised Code ~~for all programs and services offered by a county board of developmental disabilities. Such rules shall include, but are not limited~~ to~~,~~ establish the following:

(1) Determination of what constitutes a program or service offered by a county board of developmental disabilities;

(2) Standards to be followed by a board in administering, providing, arranging, or operating programs and services;

(3) Standards for determining the nature and degree of developmental disability;

(4) Standards and procedures for making eligibility determinations for the programs and services;

(5) Procedures for obtaining consent for the arrangement of services under section 5126.31 of the Revised Code and for obtaining signatures on individualized service plans under that section;

(6) Specification of the service and support administration to be provided by a county board and standards for resolving grievances in connection with service and support administration.

(B) The director shall be the final authority in determining the nature and degree of developmental disability.

Sec. 5126.081. (A) In addition to the rules adopted under division (A)(2) of section 5126.08 of the Revised Code establishing standards for the administration, provision, arrangement, and operation of programs and services by county boards of developmental disabilities, the department of developmental disabilities shall establish a system of accreditation for county boards of developmental disabilities to ensure that the boards are in compliance with federal and state statutes and rules. The department shall adopt rules in accordance with Chapter 119. of the Revised Code ~~governing the system of accreditation. The rules shall include~~ specifying

appropriate timelines for compliance when a board is found to be not in compliance and appropriate actions to be taken by boards in complying with the accreditation requirements.

(B) Prior to accrediting a board, the department shall conduct a comprehensive, on-site review of the board. During the review, the department shall document the board's compliance with the department's accreditation requirements. After completing the review, the department shall conduct an exit conference with the president of the board, the superintendent of the board, and any other officials the board asks to have present. The department shall discuss its findings from the review with the board's representatives and provide a written report of its findings not later than thirty days following the exit conference. If the department finds that the board is in compliance with the requirements for accreditation, the department shall issue evidence of accreditation to the board.

Accreditation may be granted for periods of up to five years and may be renewed. Not less than once prior to the date a board's accreditation is scheduled to expire, the department shall conduct a comprehensive, on-site review of the board.

Each board shall conduct an annual audit of itself to evaluate its compliance with the requirements for accreditation. The department may conduct an interim review of any new program or service initiated by a board after its last comprehensive review. The department may conduct other reviews and investigations as necessary to enforce this section.

(C) If the department determines through its review of a board that the board is not in compliance with the requirements for accreditation, the department shall, except as provided in division (F) of this section, grant the board an opportunity to

correct the matters in which it is not in compliance. The department shall grant the board an appropriate length of time to comply with the requirements prior to taking any action to deny accreditation to the board. To avoid denial of accreditation, the board superintendent shall prepare a plan of correction to remediate the matters specified in the department's written report as not being in compliance with the requirements for accreditation. The superintendent shall submit the plan to the board for review, and the board shall review the plan. If the board believes that the plan is sufficient to correct the matters, the board shall approve the plan by resolution and submit the plan to the department for its review. The department shall review the plan of correction. If the department approves the plan, the board shall commence action to implement the plan. The department shall, as necessary, conduct follow-up reviews of the board to determine whether it has met the requirements for accreditation. If the plan of correction submitted by a board is disapproved, the department shall inform the board of the reasons for disapproval and may grant the board an opportunity to submit a revised plan of correction.

A board may request technical assistance from the department, other boards, or professional organizations in preparing plans of correction and in implementing plans of correction.

(D) If, after being given the opportunity to implement a plan of correction, a board continues to fail to meet the requirements for accreditation, the department shall issue an order denying accreditation to the board. The department may deny accreditation to the board for all or part of the programs or services offered by the board.

The department shall simultaneously notify all of the following officials in the county: the members of the board of county commissioners, the senior probate judge, the county auditor, and the president and superintendent of the county board of developmental disabilities. The notice shall identify the programs and services that have been denied accreditation, the requirements for accreditation with which the board is not in compliance, and the responsibilities of the county officials to contract under division (E)(1) of this section to have the board's programs and services administered by another party or become subject to administrative receivership under division (E)(2) of this section.

(E)(1) When a board is denied accreditation, the department shall first give the board the option of contracting to have the board's programs and services that were denied accreditation administered by an accredited county board of developmental disabilities or another qualified entity subject to the approval of the department. The board may contract with more than one board that has been accredited. When a board enters into a contract, the board shall, by resolution, give the contractor full administrative authority over the programs and services that the contractor will administer.

(2) If a board fails to exercise its option of entering into a contract under division (E)(1) of this section sooner than thirty days after the department denies accreditation, the department shall appoint an administrative receiver of the board's programs and services that were denied accreditation. The department may appoint employees of the department, management personnel from county boards of developmental disabilities, or individuals from other entities as necessary to meet its needs for appointing an administrative receiver, except

that individuals from other entities may be appointed only when qualified department employees or board management personnel are unavailable. The department may not appoint an individual who is employed by or affiliated with an entity that is under contract with the board. The administrative receiver shall assume full administrative responsibility for the board's programs and services that were denied accreditation.

(3) The board or entity that contracts with a board under division (E)(1) of this section, or the administrative receiver appointed under division (E)(2) of this section, shall develop and implement a plan of correction to remediate the matters that caused the department to deny accreditation. The contractor or administrative receiver shall submit the plan to the department, and the department shall review the plan. If the plan is approved by the department, the contractor or administrative receiver shall commence action to implement the plan. The contractor or administrative receiver shall report to the department any findings it can make pertaining to issues or circumstances that are beyond the control of the board and result in the unlikelihood that compliance with the requirements for accreditation can be achieved unless the issues or circumstances are remediated.

(4) For purposes of divisions (E)(1) and (2) of this section, the department shall require the board that has been denied accreditation to transfer control of state and federal funds it is eligible to receive for the board's programs and services that have been denied accreditation in an amount necessary for the contractor or administrative receiver to fulfill its duties in administering the programs and services for the board. The transfer of control of funds does not cause any programs and services of the board that are accredited to

lose their accreditation. If the board refuses to transfer control of funds, the department may withhold state and federal funds from the board in an amount necessary for the contractor or administrative receiver to fulfill its duties. The amount transferred or withheld from a board shall include reimbursements for the personnel of the contractor or administrative receiver, including amounts for time worked, travel, and related expenses.

A contractor or administrative receiver that has assumed the administration of a board's programs and services has the right to authorize the payment of bills in the same manner that a board may authorize payment of bills under this chapter and section 319.16 of the Revised Code.

(F) When the department's review of a board reveals serious health and safety issues within the programs and services offered by the board, the department shall order the board to correct the violations immediately or appoint an administrative receiver.

(G) At any time a board can demonstrate that it is capable of assuming its duties in compliance with the department's requirements for accreditation, the department shall reverse its order denying accreditation and issue evidence of accreditation to the board.

A board may appeal the department's denial of accreditation or refusal to reverse a denial of accreditation only by filing a complaint under section 5123.043 of the Revised Code. If in its appeal the board can demonstrate that it is capable of assuming its duties in compliance with the department's requirements for accreditation, the department shall reverse its order denying accreditation and shall issue

evidence of accreditation to the board.

(H) All notices issued to a board by the department under this section shall be delivered to the board's president and superintendent.

(I) A board's president may designate another member of the board as the individual to be responsible for fulfilling all or part of the president's responsibilities established under this section.

Sec. 5126.11. (A) As used in this section, "respite care" means appropriate, short-term, temporary care that is provided to an individual with a developmental disability to sustain the family structure or to meet planned or emergency needs of the family.

(B) Subject to rules adopted by the director of developmental disabilities, and subject to the availability of money from state and federal sources, the county board of developmental disabilities shall establish a family support services program. Under such a program, the board shall make payments to an individual with a developmental disability or the family of an individual with a developmental disability who desires to remain in and be supported in the family home. Payments shall be made for all or part of costs incurred or estimated to be incurred for services that would promote self-sufficiency and normalization, prevent or reduce inappropriate institutional care, and further the unity of the family by enabling the family to meet the special needs of the individual and to live as much like other families as possible. Payments may be made in the form of reimbursement for expenditures or in the form of vouchers to be used to purchase services.

(C) Payment shall not be made under this section to an individual or the individual's family if the individual is living in a residential facility that is providing residential services under contract with the department of developmental disabilities or a county board.

(D) Payments may be made for the following services:

(1) Respite care, in or out of the home;

(2) Counseling, supervision, training, and education of the individual, the individual's caregivers, and members of the individual's family that aid the family in providing proper care for the individual, provide for the special needs of the family, and assist in all aspects of the individual's daily living;

(3) Special diets, purchase or lease of special equipment, or modifications of the home, if such diets, equipment, or modifications are necessary to improve or facilitate the care and living environment of the individual;

(4) Providing support necessary for the individual's continued skill development, including such services as development of interventions to cope with unique problems that may occur within the complexity of the family, enrollment of the individual in special summer programs, provision of appropriate leisure activities, and other social skills development activities;

(5) Any other services that are consistent with the purposes specified in division (B) of this section and specified in the individual's service plan.

(E) In order to be eligible for payments under a family support services program, the individual or the individual's family must reside in the county served by the county board, and

the individual must be in need of habilitation. Payments shall be adjusted for income in accordance with the payment schedule established in rules adopted under this section. Payments shall be made only after the county board has taken into account all other available assistance for which the individual or family is eligible.

(F) Before incurring expenses for a service for which payment will be sought under a family support services program, the individual or family shall apply to the county board for a determination of eligibility and approval of the service. The service need not be provided in the county served by the county board. After being determined eligible and receiving approval for the service, the individual or family may incur expenses for the service or use the vouchers received from the county board for the purchase of the service.

If the county board refuses to approve a service, an appeal may be made in accordance with rules adopted by the department under this section.

(G) To be reimbursed for expenses incurred for approved services, the individual or family shall submit to the county board a statement of the expenses incurred accompanied by any evidence required by the board. To redeem vouchers used to purchase approved services, the entity that provided the service shall submit to the county board evidence that the service was provided and a statement of the charges. The county board shall make reimbursements and redeem vouchers not later than forty-five days after it receives the statements and evidence required by this division.

(H) A county board shall consider the following objectives in carrying out a family support services program:

(1) Enabling individuals to return to their families from an institution under the jurisdiction of the department of developmental disabilities;

(2) Enabling individuals found to be subject to institutionalization by court order under section 5123.76 of the Revised Code to remain with their families with the aid of payments provided under this section;

(3) Providing services to eligible children and adults currently residing in the community;

(4) Providing services to individuals with developmental disabilities who are not receiving other services from the board.

(I) The director shall adopt, and may amend and rescind, rules ~~for the implementation of family support services programs by county boards. The rules shall include~~ specifying all of the following regarding family support services programs by county boards:

(1) A payment schedule adjusted for income;

(2) Standards for supervision, training, and quality control in the provision of respite care services;

(3) Eligibility standards and procedures for providing temporary emergency respite care;

(4) Procedures for hearing and deciding appeals made under division (F) of this section.

Rules adopted under division (I)(1) of this section shall be adopted in accordance with section 111.15 of the Revised Code. Rules adopted under divisions (I)(2) to (4) of this section shall be adopted in accordance with Chapter 119. of the

Revised Code.

(J) All individuals certified by the superintendent of the county board as eligible for temporary emergency respite care in accordance with rules adopted under this section shall be considered eligible for temporary emergency respite care for not more than five days to permit the determination of eligibility for family support services. The requirements of divisions (E) and (F) of this section do not apply to temporary emergency respite care.

(K) The county board shall not be required to make payments for family support services at a level that exceeds available state and federal funds for such payments.

Sec. 5126.131. (A)(1) Each regional council established under section 5126.13 of the Revised Code shall file with the department of developmental disabilities an annual cost report detailing the regional council's income and expenditures.

(2) Each county board of developmental disabilities shall file with the department an annual cost report detailing the board's income and expenditures.

(B)(1)(a) Unless the department establishes a later date for all regional council cost reports, each council shall file its cost report not later than the last day of April. At the written request of a regional council, the department may grant a fourteen-day extension for filing the cost report.

(b) Unless the department establishes a later date for all county board cost reports, each board shall file its cost report not later than the last day of May. At the written request of a board, the department may grant a fourteen-day extension for filing the board's cost report.

(2) The cost report shall contain information on the previous calendar year's income and expenditures. Once filed by a regional council or board, no changes may be made to the cost report, including the submission of additional documentation, except as otherwise provided in this section.

(C) Each cost report filed under this section by a regional council or board may be audited by the department or an entity designated by the department, utilizing methodology approved by the United States centers for medicare and medicaid services. The department or designated entity shall notify the regional council or board of the date on which the audit is to begin. The department may permit a regional council or board to submit changes to the cost report before the audit begins.

If the department or designated entity determines that a filed cost report is not auditable, it shall provide written notification to the regional council or board of the cost report's deficiencies and may request additional documentation. If the department or designated entity requests additional documentation, the regional council or board shall be given sixty days after the request is made to provide the additional documentation. After sixty days, the department or designated entity shall determine whether the cost report is auditable with any additional documentation provided and shall notify the regional council or board of its determination. The determination of the department or designated entity is final.

(D) The department or designated entity shall certify its audit as complete and file a copy of the certified audit in the office of the clerk of the governing body, executive officer of the governing body, and chief fiscal officer of the audited regional council or board. Changes may not be made to a cost

report once the department or designated entity files the certified audit. The cost report is not a public record under section 149.43 of the Revised Code until copies of the cost report are filed pursuant to this section.

(E) The department may withhold any funds that it distributes to a regional council or board as subsidy payments if either of the following is the case:

(1) The cost report is not timely filed by the regional council or board with the department in accordance with division (B) of this section.

(2) The cost report is determined not auditable under division (C) of this section after the department or designated entity gives the regional council or board sixty days to provide additional documentation.

(F) Cost reports shall be retained by regional councils and boards for seven years. The department shall provide annual training to regional council and board employees regarding cost reports required by this section.

(G) The department, in accordance with Chapter 119. of the Revised Code, may adopt any rules ~~necessary to implement this section~~regarding annual cost reports filed with the department by regional councils and county boards of developmental disabilities.

Sec. 5126.25. (3) Procedures to be followed in applying for initial certification or registration and for renewing the certification or registration.

(4) Requirements that must be met for renewal of certification or registration, which may include continuing education and professional training requirements;

(D) Each person seeking certification or registration for employment shall apply in the manner established in rules adopted under this section.

(E)(1) Except as provided in division (E)(2) of this section, the superintendent of each county board is responsible for taking all actions regarding certification and registration of employees, other than the position of superintendent, early intervention specialist, or investigative agent. For the position of superintendent, early intervention specialist, or investigative agent, the director of developmental disabilities is responsible for taking all such actions.

Actions that may be taken by the superintendent or director include issuing, renewing, denying, suspending, and revoking certification and registration. All actions shall be

(G) A person with valid certification or registration is qualified to be employed according to that certification or registration by any county board or entity contracting with a county board.

(H) The director shall monitor county boards to ensure that their employees and the employees of their contracting entities have the applicable certification or registration

required under this section and that the employees are performing only those functions they are authorized to perform under the certification or registration. The superintendent of each county board or the superintendent's designee shall maintain in appropriate personnel files evidence acceptable to the director that the employees have met the requirements. On request, representatives of the department of developmental disabilities shall be given access to the evidence.

(I) The certification and registration requirements of this section and the rules adopted under it do not apply to either of the following:

The position of deputy director and assistant deputy director described in this division shall be in the unclassified civil service of the state.

(B) Receive custody of all children committed to it under Chapter 2152. of the Revised Code, cause a study to be made of those children, and issue any orders, as it considers best suited to the needs of any of those children and the interest of the public, for the treatment of each of those children;

~~(I)~~ (H) Do all other acts, except for adopting rules, necessary or desirable to carry out this chapter.

Sec. 5139.281. The department of youth services shall adopt rules prescribing the manner of application for financial assistance under this section for the operation and maintenance of a detention facility provided, or district detention facility established, under section 2151.41 of the Revised Code and prescribing minimum standards of operation, including criteria

for programs of education, training, counseling, recreation, health, and safety, and qualifications of personnel with which a facility shall comply as a condition of eligibility for assistance under this section. If the board of county commissioners providing a detention facility or the board of trustees of a district detention facility applies to the department for assistance and if the department finds that the application is in accordance with the rules adopted under this section and that the facility meets the minimum standards adopted under this section, the department may grant assistance to the applicant board for the operation and maintenance of each facility in an amount not to exceed fifty per cent of the approved annual operating cost. Each application shall be accompanied by a plan designed to reduce the county's commitment percentage, or to enable it to maintain or attain a commitment percentage that is equal to or below the statewide average commitment percentage. A county's commitment percentage is the percentage determined by dividing the number of juveniles the county committed to the department during the year by the number of juveniles who were eligible to be committed. The statewide average commitment percentage is the percentage determined by dividing the number of juveniles in the state committed to the department during the year by the number of juveniles who were eligible to be committed. These percentages shall be determined by the department using the most reliable data available to it.

Each plan shall include a method of ensuring equal access for minority youth to the programs and services for which the grant will be used.

The department shall review each application and plan to ensure that the requirements of this division are satisfied. Any county applying for a grant under this section that received a grant under this section during the preceding year and that failed to meet its commitment goals for that year shall make the changes in its plan that the department requires in order to continue to be eligible for grants under this section.

(C) Subject to division (E) of this section, the amounts appropriated for the purpose of making grants under this section shall be distributed annually on a per capita basis among the

The grant money so distributed shall be paid in a lump sum.

(2) During the first twelve months that the felony delinquent care and custody program described in section 5139.43 of the Revised Code is implemented in a county, any grant or the remainder of any grant to which a county is entitled and that is payable from the appropriation made to the department of youth services for community sanctions shall be distributed as follows:

Sec. 5160.37. (A) A medical assistance recipient's enrollment in a medical assistance program gives an automatic right of recovery to the department of medicaid and a county department of job and family services against the liability of a third party for the cost of medical assistance paid on behalf of the recipient. When an action or claim is brought against a third party by a medical assistance recipient, any payment, settlement or compromise of the action or claim, or any court award or judgment, is subject to the recovery right of the department of medicaid or county department. Except in the case of a medical assistance recipient who receives medical assistance through a medicaid managed care organization, the department's or county department's claim shall not exceed the amount of medical assistance paid by the department or county department on behalf of the recipient. A payment, settlement, compromise, judgment, or award that excludes the cost of medical assistance paid for by the department or county department shall not preclude a department from enforcing its rights under this section.

(B)(1) In the case of a medical assistance recipient who receives medical assistance through a medicaid managed care organization that has a capitation agreement with a provider, the amount of the department's or county department's claim shall be the amount the medicaid managed care organization would have paid in the absence of a capitation agreement.

(2) In the case of a medical assistance recipient who

receives medical assistance through a medicaid managed care organization that does not have a capitation agreement with a provider, the amount of the department's or county department's claim shall be the amount the medicaid managed care organization pays for medical assistance rendered to the recipient, even if that amount is more than the amount the department or county department pays to the medicaid managed care organization for the recipient's medical assistance.

(C) A medical assistance recipient, and the recipient's attorney, if any, shall cooperate with the departments. In furtherance of this requirement, the medical assistance recipient, or the recipient's attorney, if any, shall, not later than thirty days after initiating informal recovery activity or filing a legal recovery action against a third party, provide written notice of the activity or action to the department of medicaid or county department if it has paid for medical assistance under a medical assistance program.

(D) The written notice that must be given under division (C) of this section shall disclose the identity and address of any third party against whom the medical assistance recipient has or may have a right of recovery.

(E) No settlement, compromise, judgment, or award or any recovery in any action or claim by a medical assistance recipient where the department or county department has a right of recovery shall be made final without first giving the department or county department written notice as described in division (C) of this section and a reasonable opportunity to perfect its rights of recovery. If the department or county department is not given the appropriate written notice, the medical assistance recipient and, if there is one, the

recipient's attorney, are liable to reimburse the department or county department for the recovery received to the extent of medical assistance payments made by the department or county department.

(F) The department or county department shall be permitted to enforce its recovery rights against the third party even though it accepted prior payments in discharge of its rights under this section if, at the time the department or county department received such payments, it was not aware that additional medical expenses had been incurred but had not yet been paid by the department or county department. The third party becomes liable to the department or county department as soon as the third party is notified in writing of the valid claims for recovery under this section.

(G)(1) Subject to division (G)(2) of this section, the right of recovery of the department or county department does not apply to that portion of any judgment, award, settlement, or compromise of a claim, to the extent of attorneys' fees, costs, or other expenses incurred by a medical assistance recipient in securing the judgment, award, settlement, or compromise, or to the extent of medical, surgical, and hospital expenses paid by such recipient from the recipient's own resources.

(2) Reasonable attorneys' fees, not to exceed one-third of the total judgment, award, settlement, or compromise, plus costs and other expenses incurred by the medical assistance recipient in securing the judgment, award, settlement, or compromise, shall first be deducted from the total judgment, award, settlement, or compromise. After fees, costs, and other expenses are deducted from the total judgment, award, settlement, or compromise, there shall be a rebuttable presumption that the

department of medicaid or county department shall receive no less than one-half of the remaining amount, or the actual amount of medical assistance paid, whichever is less. A party may rebut the presumption in accordance with division (L)(1), (2), or (3) of this section, as applicable.

(H) A right of recovery created by this section may be enforced separately or jointly by the department of medicaid or county department. To enforce its recovery rights, the department or county department may do any of the following:

(1) Intervene or join in any action or proceeding brought by the medical assistance recipient or on the recipient's behalf against any third party who may be liable for the cost of medical assistance paid;

(2) Institute and pursue legal proceedings against any third party who may be liable for the cost of medical assistance paid;

(3) Initiate legal proceedings in conjunction with any injured, diseased, or disabled medical assistance recipient or the recipient's attorney or representative.

(I) A medical assistance recipient shall not assess attorney fees, costs, or other expenses against the department of medicaid or a county department when the department or county department enforces its right of recovery created by this section.

(J) The right of recovery given to the department under this section includes payments made by a third party under contract with a person having a duty to support.

(K) The department of medicaid may assign to a medical assistance provider the right of recovery given to the

department under this section with respect to any claim for which the department has notified the provider that the department intends to recoup the department's prior payment for the claim.

(L)(1) Prior to any payment to the department or a county department pursuant to the department's or county department's right of recovery under this section, a party that desires to rebut the presumption in division (G) of this section shall submit to the department or county department a request for a hearing in accordance with the procedure the department establishes in rules required by division (O) of this section. The amount sought by the department or county department shall be held in escrow or in an interest on lawyers' trust account until the hearing examiner renders a decision or the case is otherwise concluded. A party successfully rebuts the presumption by a showing of clear and convincing evidence that a different allocation is warranted.

(2) A medical assistance recipient who has repaid money, on or after September 29, 2007, to the department or a county department pursuant to the department's or county department's right of recovery under this section, section 5160.38 of the Revised Code, or former section 5101.58 or 5101.59 of the Revised Code may request a hearing to rebut the presumption in division (G) of this section. The request shall be made in accordance with the procedure the department establishes for this purpose in rules required by division (O) of this section. It must be made not later than one hundred eighty days after September 29, 2015, or ninety days after the payment is made, whichever is later. A party successfully rebuts the presumption by a showing of clear and convincing evidence that a different allocation is warranted.

(3) A medical assistance recipient who has repaid money, between April 6, 2007 and September 28, 2007, to the department or a county department pursuant to the department's or county department's right of recovery under this section, section 5160.38 of the Revised Code, or former section 5101.58 or 5101.59 of the Revised Code may request a hearing to rebut the presumption in division (G) of this section. The request shall be made not later than one hundred eighty days after ~~the effective date of this amendment~~ September 30, 2025, in accordance with the procedure the department establishes for this purpose in rules required by division (O) of this section. The presumption is successfully rebutted if the requestor demonstrates by clear and convincing evidence that a different allocation is warranted.

(4) With respect to a hearing requested under division (L)(1), (2), or (3) of this section, all of the following are the case:

(C) Notwithstanding any other provision of this chapter (except section 5165.156 of the Revised Code), the costs incurred by a designated outlier nursing facility or unit shall not be considered in establishing medicaid payment rates for

other nursing facilities or units.

~~(D)~~ (D)(1)(a) The medicaid director shall adopt rules ~~under section 5165.02 of the Revised Code as necessary to implement this section.~~

~~(1)(a) The rules shall~~ that do both of the following:

(i) Specify the criteria and procedures the department will apply when designating a nursing facility, or discrete unit of a nursing facility, as an outlier nursing facility or unit;

(ii) Establish a methodology for prospectively determining the total per medicaid day payment rate that will be paid each state fiscal year for nursing facility services provided by a designated outlier nursing facility or unit.

(b) The rules authorized by division (D)(1)(a)(i) of this section regarding the criteria for designating outlier nursing facilities and units shall do both of the following:

(i) Provide for consideration of whether all of the allowable costs of a nursing facility, or discrete unit of a nursing facility, would be paid by a rate determined under section 5165.15 of the Revised Code;

(ii) Specify the minimum number of nursing facility beds that a nursing facility, or discrete unit of a nursing facility, must have to be designated an outlier nursing facility or unit, which may vary based on the diagnoses or special care needs of the residents served by the nursing facility or unit.

(c) The rules authorized by division (D)(1)(a)(i) of this section regarding the criteria for designating outlier nursing facilities and units shall not limit the designation to nursing facilities, or discrete units of nursing facilities, located in

large cities.

(d) The rules authorized by division (D)(1)(a)(ii) of this section regarding the methodology for prospectively determining the rates of designated outlier nursing facilities and units shall provide for the methodology to consider the historical costs of providing nursing facility services to the residents of designated outlier nursing facilities and units.

(2)(a) The rules may do both of the following:

(i) Include for designation as an outlier nursing facility or unit, a nursing facility, or discrete unit of a nursing facility, that serves medically fragile pediatric residents; residents who are dependent on ventilators; residents who have severe traumatic brain injury, end-stage Alzheimer's disease, or end-stage acquired immunodeficiency syndrome; or residents with other diagnoses or special care needs specified in the rules;

(ii) Require that a designated outlier nursing facility receive authorization from the department before admitting or retaining a resident.

(b) If the director adopts rules authorized by division (D)(2)(a)(ii) of this section regarding the authorization of a designated outlier nursing facility or unit to admit or retain a resident, the rules shall specify the criteria and procedures the department will apply when granting that authorization.

Sec. 5165.154. (A) To the extent, if any, provided for in rules authorized by this section, the total per medicaid day payment rate determined under section 5165.15 of the Revised Code shall not be paid for nursing facility services that a nursing facility not designated as an outlier nursing facility or unit provides to a resident who meets the criteria for

admission to a designated outlier nursing facility or unit, as specified in rules authorized by section 5165.153 of the Revised Code. Instead, the provider of a nursing facility providing nursing facility services to such a resident shall be paid each state fiscal year a total per medicaid day payment rate that the department of medicaid shall prospectively determine in accordance with a methodology established in rules authorized by this section.

(B) The medicaid director may adopt rules ~~under section 5165.02 of the Revised Code to implement this section. The rules may~~ that require that a nursing facility receive authorization from the department before admitting or retaining a resident who meets the criteria for admission to a designated outlier nursing facility or unit. If the director adopts such rules, the rules shall specify the criteria and procedures the department will apply when granting the authorization.

Sec. 5165.156. The medicaid director may establish a centers of excellence component of the medicaid program. The purpose of the centers of excellence component is to increase the efficiency and quality of nursing facility services provided to medicaid recipients with complex nursing facility service needs. The director may adopt rules ~~under section 5165.02 of the Revised Code~~ governing the component~~, including rules~~ that ~~establish~~ establishes a method of determining the medicaid payment rates for nursing facilities providing nursing facility services to medicaid recipients participating in the component. The rules may specify the extent to which, if any, of the provisions of sections 5165.153 and 5165.154 of the Revised Code are to apply to the centers of excellence component. If such rules are adopted, the nursing facilities that provide nursing facility services to medicaid recipients participating in the

centers of excellence component shall be paid for those services in accordance with the method established in the rules instead of the total per medicaid day payment rate determined under section 5165.15 of the Revised Code.

Sec. 5165.17. (A) The department of medicaid shall determine each nursing facility's per medicaid day payment rate for capital costs. A nursing facility's rate shall be the rate determined under division (C) of this section for the nursing facility's peer group.

(B) For the purpose of determining nursing facilities' rates for capital costs, the department shall establish six peer groups.

(1) Each nursing facility located in any of the following counties shall be placed in peer group one or two: Brown, Butler, Clermont, Clinton, Hamilton, and Warren. Each nursing facility located in any of those counties that has fewer than one hundred beds shall be placed in peer group one. Each nursing facility located in any of those counties that has one hundred or more beds shall be placed in peer group two.

(2) Each nursing facility located in any of the following counties shall be placed in peer group three or four: Allen, Ashtabula, Champaign, Clark, Cuyahoga, Darke, Delaware, Fairfield, Fayette, Franklin, Fulton, Geauga, Greene, Hancock, Knox, Lake, Licking, Lorain, Lucas, Madison, Mahoning, Marion, Medina, Miami, Montgomery, Morrow, Ottawa, Pickaway, Portage, Preble, Ross, Sandusky, Seneca, Stark, Summit, Trumbull, Union, and Wood. Each nursing facility located in any of those counties that has fewer than one hundred beds shall be placed in peer group three. Each nursing facility located in any of those counties that has one hundred or more beds shall be placed in

peer group four.

(3) Each nursing facility located in any of the following counties shall be placed in peer group five or six: Adams, Ashland, Athens, Auglaize, Belmont, Carroll, Columbiana, Coshocton, Crawford, Defiance, Erie, Gallia, Guernsey, Hardin, Harrison, Henry, Highland, Hocking, Holmes, Huron, Jackson, Jefferson, Lawrence, Logan, Meigs, Mercer, Monroe, Morgan, Muskingum, Noble, Paulding, Perry, Pike, Putnam, Richland, Scioto, Shelby, Tuscarawas, Van Wert, Vinton, Washington, Wayne, Williams, and Wyandot. Each nursing facility located in any of those counties that has fewer than one hundred beds shall be placed in peer group five. Each nursing facility located in any of those counties that has one hundred or more beds shall be placed in peer group six.

(C)(1) The department shall determine the rate for capital costs for each peer group established under division (B) of this section. The rate for capital costs determined under this division for a peer group shall be used for subsequent years until the department conducts a rebasing. A peer group's rate for capital costs shall be the rate for capital costs for the nursing facility in the peer group that is at the twenty-fifth percentile of the rate for capital costs for the applicable calendar year.

(2) To identify the nursing facility in a peer group that is at the twenty-fifth percentile of the rate for capital costs for the applicable calendar year, the department shall do both of the following:

(a) Use the greater of each nursing facility's actual inpatient days for the applicable calendar year or the inpatient days the nursing facility would have had for the applicable

calendar year if its occupancy rate had been one hundred per cent;

(b) Exclude both of the following:

(i) Nursing facilities that participated in the medicaid program under the same provider for less than twelve months in the applicable calendar year;

(ii) Nursing facilities whose capital costs are more than one standard deviation from the mean desk-reviewed, actual, allowable, per diem capital cost for all nursing facilities in the nursing facility's peer group for the applicable calendar year.

(3) The department shall not redetermine a peer group's rate for capital costs under this division based on additional information that it receives after the rate is determined. The department shall redetermine a peer group's rate for capital costs only if the department made an error in determining the rate based on information available to the department at the time of the original determination.

(D) Buildings shall be depreciated using the straight line method over forty years or over a different period approved by the department. Components and equipment shall be depreciated using the straight-line method over a period designated in rules adopted ~~under section 5165.02 of the Revised Code~~by the medicaid director, consistent with the guidelines of the American hospital association, or over a different period approved by the department. Any rules authorized by this division that specify useful lives of buildings, components, or equipment apply only to assets acquired on or after July 1, 1993. Depreciation for costs paid or reimbursed by any government agency shall not be

included in capital costs unless that part of the payment under this chapter is used to reimburse the government agency.

(E) The capital cost basis of nursing facility assets shall be determined in the following manner:

(1) Except as provided in division (E)(3) of this section, for purposes of calculating the rates to be paid for facilities with dates of licensure on or before June 30, 1993, the capital cost basis of each asset shall be equal to the desk-reviewed, actual, allowable, capital cost basis that is listed on the facility's cost report for the calendar year preceding the state fiscal year during which the rate will be paid.

(2) For facilities with dates of licensure after June 30, 1993, the capital cost basis shall be determined in accordance with the principles of the medicare program, except as otherwise provided in this chapter.

(3) Except as provided in division (E)(4) of this section, if a provider transfers an interest in a facility to another provider after June 30, 1993, there shall be no increase in the capital cost basis of the asset if the providers are related parties or the provider to which the interest is transferred authorizes the provider that transferred the interest to continue to operate the facility under a lease, management agreement, or other arrangement. If the previous sentence does not prohibit the adjustment of the capital cost basis under this division, the basis of the asset shall be adjusted by one-half of the change in the consumer price index for all items for all urban consumers, as published by the United States bureau of labor statistics, during the time that the transferor held the asset.

(4) If a provider transfers an interest in a facility to another provider who is a related party, the capital cost basis of the asset shall be adjusted as specified in division (E)(3) of this section if all of the following conditions are met:

(a) The related party is a relative of owner;

(b) Except as provided in division (E)(4)(c)(ii) of this section, the provider making the transfer retains no ownership interest in the facility;

(c) The department determines that the transfer is an arm's length transaction pursuant to rules adopted ~~under section 5165.02 of the Revised Code~~by the medicaid director. The rules shall provide that a transfer is an arm's length transaction if all of the following apply:

(i) Once the transfer goes into effect, the provider that made the transfer has no direct or indirect interest in the provider that acquires the facility or the facility itself, including interest as an owner, officer, director, employee, independent contractor, or consultant, but excluding interest as a creditor.

(ii) The provider that made the transfer does not reacquire an interest in the facility except through the exercise of a creditor's rights in the event of a default. If the provider reacquires an interest in the facility in this manner, the department shall treat the facility as if the transfer never occurred when the department calculates its reimbursement rates for capital costs.

(iii) The transfer satisfies any other criteria specified in the rules.

(d) Except in the case of hardship caused by a

catastrophic event, as determined by the department, or in the case of a provider making the transfer who is at least sixty-five years of age, not less than twenty years have elapsed since, for the same facility, the capital cost basis was adjusted most recently under division (E)(4) of this section or actual, allowable capital costs was determined most recently under division (F)(9) of this section.

(F) As used in this division:

"Imputed interest" means the lesser of the prime rate plus two per cent or ten per cent.

"Lease expense" means lease payments in the case of an operating lease and depreciation expense and interest expense in the case of a capital lease.

"New lease" means a lease, to a different lessee, of a nursing facility that previously was operated under a lease.

(1) Subject to division (A) of this section, for a lease of a facility that was effective on May 27, 1992, the entire lease expense is an actual, allowable capital cost during the term of the existing lease. The entire lease expense also is an actual, allowable capital cost if a lease in existence on May 27, 1992, is renewed under either of the following circumstances:

(a) The renewal is pursuant to a renewal option that was in existence on May 27, 1992;

(b) The renewal is for the same lease payment amount and between the same parties as the lease in existence on May 27, 1992.

(2) Subject to division (A) of this section, for a lease

of a facility that was in existence but not operated under a lease on May 27, 1992, actual, allowable capital costs shall include the lesser of the annual lease expense or the annual depreciation expense and imputed interest expense that would be calculated at the inception of the lease using the lessor's entire historical capital asset cost basis, adjusted by one-half of the change in the consumer price index for all items for all urban consumers, as published by the United States bureau of labor statistics, during the time the lessor held each asset until the beginning of the lease.

(3) Subject to division (A) of this section, for a lease of a facility with a date of licensure on or after May 27, 1992, that is initially operated under a lease, actual, allowable capital costs shall include the annual lease expense if there was a substantial commitment of money for construction of the facility after December 22, 1992, and before July 1, 1993. If there was not a substantial commitment of money after December 22, 1992, and before July 1, 1993, actual, allowable capital costs shall include the lesser of the annual lease expense or the sum of the following:

(a) The annual depreciation expense that would be calculated at the inception of the lease using the lessor's entire historical capital asset cost basis;

(b) The greater of the lessor's actual annual amortization of financing costs and interest expense at the inception of the lease or the imputed interest expense calculated at the inception of the lease using seventy per cent of the lessor's historical capital asset cost basis.

(4) Subject to division (A) of this section, for a lease of a facility with a date of licensure on or after May 27, 1992,

that was not initially operated under a lease and has been in existence for ten years, actual, allowable capital costs shall include the lesser of the annual lease expense or the annual depreciation expense and imputed interest expense that would be calculated at the inception of the lease using the entire historical capital asset cost basis of one-half of the change in the consumer price index for all items for all urban consumers, as published by the United States bureau of labor statistics, during the time the lessor held each asset until the beginning of the lease.

(5) Subject to division (A) of this section, for a new lease of a facility that was operated under a lease on May 27, 1992, actual, allowable capital costs shall include the lesser of the annual new lease expense or the annual old lease payment. If the old lease was in effect for ten years or longer, the old lease payment from the beginning of the old lease shall be adjusted by one-half of the change in the consumer price index for all items for all urban consumers, as published by the United States bureau of labor statistics, from the beginning of the old lease to the beginning of the new lease.

(6) Subject to division (A) of this section, for a new lease of a facility that was not in existence or that was in existence but not operated under a lease on May 27, 1992, actual, allowable capital costs shall include the lesser of annual new lease expense or the annual amount calculated for the old lease under division (F)(2), (3), (4), or (6) of this section, as applicable. If the old lease was in effect for ten years or longer, the lessor's historical capital asset cost basis shall be, for purposes of calculating the annual amount under division (F)(2), (3), (4), or (6) of this section, adjusted by one-half of the change in the consumer price index

for all items for all urban consumers, as published by the United States bureau of labor statistics, from the beginning of the old lease to the beginning of the new lease.

In the case of a lease under division (F)(3) of this section of a facility for which a substantial commitment of money was made after December 22, 1992, and before July 1, 1993, the old lease payment shall be adjusted for the purpose of determining the annual amount.

(7) For any revision of a lease described in division (F)(1), (2), (3), (4), (5), or (6) of this section, or for any subsequent lease of a facility operated under such a lease, other than execution of a new lease, the portion of actual, allowable capital costs attributable to the lease shall be the same as before the revision or subsequent lease.

(8) Except as provided in division (F)(9) of this section, if a provider leases an interest in a facility to another provider who is a related party or previously operated the facility, the related party's or previous operator's actual, allowable capital costs shall include the lesser of the annual lease expense or the reasonable cost to the lessor.

(9) If a provider leases an interest in a facility to another provider who is a related party, regardless of the date of the lease, the related party's actual, allowable capital costs shall include the annual lease expense, subject to the limitations specified in divisions (F)(1) to (7) of this section, if all of the following conditions are met:

(a) The related party is a relative of owner;

(b) If the lessor retains an ownership interest, it is, except as provided in division (F)(9)(c)(ii) of this section, in

only the real property and any improvements on the real property;

(c) The department determines that the lease is an arm's length transaction pursuant to rules adopted ~~under section 5165.02 of the Revised Code~~by the medicaid director. The rules shall provide that a lease is an arm's length transaction if all of the following apply:

(i) Once the lease goes into effect, the lessor has no direct or indirect interest in the lessee or, except as provided in division (F)(9)(b) of this section, the facility itself, including interest as an owner, officer, director, employee, independent contractor, or consultant, but excluding interest as a lessor.

(ii) The lessor does not reacquire an interest in the facility except through the exercise of a lessor's rights in the event of a default. If the lessor reacquires an interest in the facility in this manner, the department shall treat the facility as if the lease never occurred when the department calculates its reimbursement rates for capital costs.

(iii) The lease satisfies any other criteria specified in the rules.

(d) Except in the case of hardship caused by a catastrophic event, as determined by the department, or in the case of a lessor who is at least sixty-five years of age, not less than twenty years have elapsed since, for the same facility, the capital cost basis was adjusted most recently under division (E)(4) of this section or actual, allowable capital costs were determined most recently under division (F)(9) of this section.

(10) This division does not apply to leases of specific items of equipment.

Sec. 5165.191. Each calendar quarter, each nursing facility provider shall compile complete assessment data for each resident of each of the provider's nursing facilities, regardless of payment source, who is in the nursing facility, or on hospital or therapeutic leave from the nursing facility, on the last day of the quarter. A resident assessment instrument specified in rules authorized by this section shall be used to compile the resident assessment data. Each provider shall submit the resident assessment data to the department of health and, if required by the rules, the department of medicaid. The resident assessment data shall be submitted not later than fifteen days after the end of the calendar quarter for which the data is compiled. If the resident assessment data is to be submitted to the department of medicaid, it shall be submitted to the department through the medium or media specified in the rules.

~~Rules adopted under section 5165.02 of the Revised Code~~ The medicaid director shall adopt rules that do all of the following:

(A) In a manner consistent with the "Social Security Act," section 1919(e)(5), 42 U.S.C. 1396r(e)(5), specify a resident assessment instrument to be used by nursing facility providers under this section;

(B) Specify whether nursing facility providers must submit the resident assessment data to the department of medicaid;

(C) Specify any resident assessment data that is excluded from the case mix calculation made under section 5165.192 of the Revised Code;

(D) If the rules specify that nursing facility providers must submit the resident assessment data to the department, specify the medium or media through which the data is to be submitted.

Sec. 5165.192. (A)(1) Except as provided in division (B) of this section and in accordance with the process specified in rules authorized by this section, the department of medicaid shall do all of the following:

(a) Every quarter, determine the following two case-mix scores for each nursing facility:

(i) A quarterly case-mix score that includes each resident who is a medicaid recipient and is not a low case-mix resident;

(ii) A quarterly case-mix score that includes each resident regardless of payment source.

(b) Every six months, determine a semiannual average case-mix score for each nursing facility by using the quarterly case-mix scores determined for the nursing facility pursuant to division (A)(1)(a)(i) of this section;

(c) After the end of each calendar year, determine an annual average case-mix score for each nursing facility by using the quarterly case-mix scores determined for the nursing facility pursuant to division (A)(1)(a)(ii) of this section.

(2) When determining case-mix scores under division (A)(1) of this section, the department shall use all of the following:

(a) Data from a resident assessment instrument specified in rules authorized by section 5165.191 of the Revised Code;

(b) Except as provided in rules authorized by this section, the case-mix values established by the United States

department of health and human services;

(c) Except as modified in rules authorized by this section, the grouper methodology used on October 1, 2019, for the patient driven payment model nursing index, by the United States department of health and human services for prospective payment of skilled nursing facilities under the medicare program.

(B)(1) Subject to division (B)(2) of this section, the department, for one or more months of a calendar quarter, may assign to a nursing facility a case-mix score that is five per cent less than the nursing facility's case-mix score for the immediately preceding calendar quarter if any of the following apply:

(a) The provider does not timely submit complete and accurate resident assessment data necessary to determine the nursing facility's case-mix score for the calendar quarter;

(b) The nursing facility was subject to an exception review under section 5165.193 of the Revised Code for the immediately preceding calendar quarter;

(c) The nursing facility was assigned a case-mix score for the immediately preceding calendar quarter.

(2) Before assigning a case-mix score to a nursing facility due to the submission of incorrect resident assessment data, the department shall permit the provider to correct the data. The department may assign the case-mix score if the provider fails to submit the corrected resident assessment data not later than the earlier of the forty-fifth day after the end of the calendar quarter to which the data pertains or the deadline for submission of such corrections established by

regulations adopted by the United States department of health and human services under Title XVIII and Title XIX.

(3) If, for more than six months in a calendar year, a provider is paid a rate determined for a nursing facility using a case-mix score assigned to the nursing facility under division (B)(1) of this section, the department may assign the nursing facility a cost per case-mix unit that is five per cent less than the nursing facility's actual or assigned cost per case-mix unit for the immediately preceding calendar year. The department may use the assigned cost per case-mix unit, instead of determining the nursing facility's actual cost per case-mix unit in accordance with section 5165.19 of the Revised Code, to establish the nursing facility's rate for direct care costs for the fiscal year immediately following the calendar year for which the cost per case-mix unit is assigned.

(4) The department shall take action under division (B)(1), (2), or (3) of this section only in accordance with rules authorized by this section. The department shall not take an action that affects rates for prior payment periods except in accordance with sections 5165.41 and 5165.42 of the Revised Code.

~~(C)~~ (C)(1) The medicaid director shall adopt rules ~~under section 5165.02 of the Revised Code as necessary to implement this section.~~

~~(1) The rules shall~~ that do all of the following:

(a) Specify the process for determining the semiannual and annual average case-mix scores for nursing facilities;

(b) Modify the grouper methodology specified in division (A)(2)(c) of this section as follows:

(i) Incorporate the grouper methodology for the patient driven payment model nursing index used by the United States department of health and human services on October 1, 2019, for prospective payment of skilled nursing facilities under the medicare program;

(ii) Make other changes the department determines are necessary.

(c) Establish procedures under which resident assessment data shall be reviewed for accuracy and providers shall be notified of any data that requires correction;

(d) Establish procedures for providers to correct resident assessment data and specify a reasonable period of time by which providers shall submit the corrections. The procedures may limit the content of corrections in the manner required by regulations adopted by the United States department of health and human services under Title XVIII and Title XIX.

(e) Specify when and how the department will assign case-mix scores or costs per case-mix unit to a nursing facility under division (B) of this section if information necessary to calculate the nursing facility's case-mix score is not provided or corrected in accordance with the procedures established by the rules.

(2) Notwithstanding any other provision of this chapter, the rules may provide for the exclusion of case-mix scores assigned to a nursing facility under division (B) of this section from the determination of the nursing facility's semiannual or annual average case-mix score and the cost per case-mix unit for the nursing facility's peer group.

Sec. 5165.193. (A) The department of medicaid may,

pursuant to rules authorized by this section, conduct an exception review of resident assessment data submitted by a nursing facility provider under section 5165.191 of the Revised Code. The department may conduct an exception review based on the findings of a medicaid certification survey conducted by the department of health, a risk analysis, or prior performance of the provider.

Exception reviews shall be conducted by appropriate health professionals under contract with or employed by the department. The professionals may review resident assessment forms and supporting documentation, conduct interviews, and observe residents to identify any patterns or trends of inaccurate resident assessments and resulting inaccurate case-mix scores.

(B) If an exception review is conducted before the effective date of a nursing facility's rate for direct care costs that is based on the resident assessment data being reviewed and the review results in findings that exceed tolerance levels specified in the rules authorized by this section, the department, in accordance with those rules, may use the findings to redetermine individual resident case-mix scores, the nursing facility's case-mix score for the quarter, and the nursing facility's annual average case-mix score. The department may use the nursing facility's redetermined quarterly and annual average case-mix scores to determine the nursing facility's rate for direct care costs for the appropriate calendar quarter or quarters.

(C) The department shall prepare a written summary of any exception review finding that is made after the effective date of a nursing facility's rate for direct care costs that is based on the resident assessment data that was reviewed. Where the

provider is pursuing judicial or administrative remedies in good faith regarding the finding, the department shall not withhold from the provider's current payments any amounts the department claims to be due from the provider pursuant to section 5165.41 of the Revised Code.

(D)(1) The medicaid director shall adopt rules ~~under section 5165.02 of the Revised Code as necessary to implement this section. The rules shall~~ to establish an exception review program that does all of the following:

(a) Requires each exception review to comply with Title XVIII and Title XIX;

(b) Requires a written summary for each exception review that states whether resident assessment forms have been completed accurately;

(c) Prohibits each health professional who conducts an exception review from doing either of the following:

(i) During the period of the professional's contract or employment with the department, having or being committed to acquire any direct or indirect financial interest in the ownership, financing, or operation of nursing facilities in this state;

(ii) Reviewing any provider that has been a client of the professional.

(2) For the purposes of division (D)(1)(c)(i) of this section, employment of a member of a health professional's family by a nursing facility that the professional does not review does not constitute a direct or indirect financial interest in the ownership, financing, or operation of the nursing facility.

Sec. 5165.38. The medicaid director shall adopt rules ~~under section 5165.02 of the Revised Code~~ that establish a process under which a nursing facility provider, or a group or association of nursing facility providers, may seek reconsideration of medicaid payment rates established under this chapter, including a rate for direct care costs recalculated before the effective date of the rate as a result of an exception review of resident assessment data conducted under section 5165.193 of the Revised Code. The only issue that a provider, group, or association may raise in the rate reconsideration shall be whether the rate was calculated in accordance with this chapter and the rules adopted under ~~section 5165.02 of the Revised Code~~it. The provider, group, or association may submit written arguments or other materials that support its position. The provider, group, or association and department of medicaid shall take actions regarding the rate reconsideration within time frames specified in rules authorized by this section.

If the department determines, as a result of the rate reconsideration, that the rate determined for one or more nursing facilities is less than the rate to which the nursing facility is entitled, the department shall increase the rate. If the department has paid the incorrect rate for a period of time, the department shall pay the provider the difference between the amount the provider was paid for that period for the nursing facility and the amount the provider should have been paid for the nursing facility.

Sec. 5165.48. The provider of a nursing facility is not required to submit a claim to the department of medicaid regarding the medicare cost-sharing expenses of a resident of the nursing facility who, under federal law, is eligible to have

the medicaid program pay for a part of the cost-sharing expenses if the provider determines that~~, under rules adopted under section 5165.02 of the Revised Code,~~ the nursing facility would not receive a medicaid payment for any part of the medicare cost-sharing expenses. In such a situation, a claim for the medicare cost-sharing expenses shall be considered to have been adjudicated at no payment.

Sec. 5165.516. The medicaid director may adopt rules ~~under section 5165.02 of the Revised Code~~ governing adjustments to the medicaid payment rate for a nursing facility that undergoes a change of operator. No rate adjustment resulting from a change of operator shall be effective before the effective date of the entering operator's provider agreement. This is the case regardless of whether the provider agreement is entered into under section 5165.511, section 5165.512, or, pursuant to section 5165.515, section 5165.07 of the Revised Code.

Sec. 5165.53. The medicaid director shall adopt rules ~~under section 5165.02 of the Revised Code to implement sections 5165.50 to 5165.53 of the Revised Code, including rules~~ applicable to an exiting operator that provides written notification under section 5165.50 of the Revised Code of a voluntary withdrawal of participation. Rules adopted under this section shall comply with the "Social Security Act," section 1919(c)(2)(F), 42 U.S.C. 1396r(c)(2)(F), regarding restrictions on transfers or discharges of nursing facility residents in the case of a voluntary withdrawal of participation. The rules may prescribe a medicaid payment methodology and other procedures that are applicable after the effective date of a voluntary withdrawal of participation that differ from the payment methodology and other procedures that would otherwise apply. The rules shall specify all of the following:

(A) The method by which written notices to the department required by sections 5165.50 to 5165.53 of the Revised Code are to be provided;

(B) The forms and documents that are to be provided to the department of medicaid under sections 5165.511 and 5165.512 of the Revised Code, which shall include, in the case of such forms and documents provided by entering operators, all the fully executed leases, management agreements, merger agreements and supporting documents, and fully executed sales contracts and any other supporting documents culminating in the change of operator;

(C) The method by which the forms and documents identified in division (B) of this section are to be provided to the department.

If the incapacity is a result of heart disease or any cardiovascular disease of a chronic nature, which disease or any evidence of which was not revealed by the physical examination passed by the member on entry into the patrol, the member is presumed to have incurred the disease in the line of duty as a member of the patrol, unless the contrary is shown by competent evidence.

(B)(1) Except as provided under division (A) of section 5505.58 of the Revised Code, a member whose retirement on

(C) The state highway patrol retirement board shall adopt rules requiring a disability retirant, as a condition of continuing to receive a disability pension, to agree in writing to obtain any medical or psychological treatment recommended by the board's health-care professional and submit medical or psychological reports regarding the treatment. If the board determines that a disability retirant is not obtaining the medical or psychological treatment or the board does not receive a required medical or psychological report, the disability pension shall be suspended until the treatment is obtained, the report is received by the board, or the board's health-care professional certifies that the treatment is no longer helpful or advisable. Should the retirant's failure to obtain treatment or submit a medical or psychological report continue for one year, the recipient's right to the disability pension shall be terminated as of the effective date of the original suspension.

(D) A disability retirant who has not attained the age of sixty years shall be subject to an annual medical or psychological re-examination by health-care professionals appointed by the board, except that the board may waive the re-examination if the board's health-care professionals certify that the retirant's disability is ongoing. If any retirant refuses to submit to a medical or psychological re-examination, the retirant's disability pension shall be suspended until the retirant withdraws the refusal. If the refusal continues for one year, all the retirant's rights under and to the disability pension shall be terminated as of the effective date of the original suspension.

(E) Each disability retirant who has not attained the age of sixty years shall file with the board an annual statement of earnings, current medical or psychological information on the

recipient's condition, and any other information required in rules adopted by the board. The board may waive the requirement that a disability retirant file an annual statement of earnings or current medical or psychological information if the board's health-care professional certifies that the retirant's disability is ongoing.

The board shall annually examine the information submitted by the retirant. If a retirant refuses to file the statement or information, the disability pension shall be suspended until the statement and information are filed. If the refusal continues for one year, the right to the pension shall be terminated as of the effective date of the original suspension.

Notwithstanding any other provision of this chapter, the policy or contract may also include coverage for any eligible individual's spouse and dependent children and for any of the individual's sponsored dependents as the board considers appropriate.

If all or any portion of the policy or contract premium is to be paid by any individual receiving a service, disability, or survivor pension or benefit, the individual shall, by written authorization, instruct the board to deduct from the individual's pension or benefit the premium agreed to be paid by the individual to the company, corporation, or agency.

(B) The tax commissioner may disregard any sham transaction in ascertaining any taxpayer's tax liability. Except as otherwise provided in the Revised Code, with respect to transactions between members of a controlled group, the taxpayer shall bear the burden of establishing by a preponderance of the evidence that a transaction or series of transactions between the taxpayer and one or more members of the controlled group was not a sham transaction. Except as otherwise provided in the Revised Code, for all other taxpayers, the tax commissioner shall bear the burden of establishing by a preponderance of the evidence that a transaction or series of transactions was a sham transaction.

(C) In administering any tax, the tax commissioner may apply the doctrines of "economic reality," "substance over form," and "step transaction."

(D) If the commissioner disregards a sham transaction under division (B) of this section, the applicable limitation period for assessing the tax, together with applicable penalties, charges, and interest, shall be extended for a period equal to the applicable limitation period. (D) Before issuing a refund to a taxpayer under division (C) of this section, the tax commissioner shall withhold from that refund the amount of any of the taxpayer's tax debt certified to the attorney general under section 131.02 of the

Sec. 5705.341. Any person required to pay taxes on real, public utility, or tangible personal property in any taxing district or other political subdivision of this state may appeal to the board of tax appeals from the action of the county budget commission of any county which relates to the fixing of uniform rates of taxation and the rate necessary to be levied by each taxing authority within a subdivision, taxing unit, library district, or association library district and which action has been certified by the county budget commission to the taxing authority of any political subdivision or other taxing district within the county.

Such appeal shall be in writing and shall set forth the tax rate complained of and the reason that such a tax rate is not necessary to produce the revenue needed by the taxing district or political subdivision for the ensuing fiscal year as those needs are set out in the tax budget of said taxing unit or, if adoption of a tax budget was waived under section 5705.281 of the Revised Code, as set out in such other information the district or subdivision was required to provide under that section, or that the action of the budget commission appealed from does not otherwise comply with sections 5705.01 to 5705.47 of the Revised Code. The notice of appeal shall be filed with the board of tax appeals, and a true copy thereof shall be filed with the tax commissioner, the county auditor, and with the fiscal officer of each taxing district or political

subdivision authorized to levy the tax complained of, and such notice of appeal and copies thereof must be filed within thirty days after the budget commission has certified its action as provided by section 5705.34 of the Revised Code. Such notice of appeal and the copies thereof may be filed either in person or by certified mail. If filed by certified mail, the date of the United States postmark placed on the sender's receipt by the postal employee to whom the notice of appeal is presented shall be treated as the date of filing.

Prior to filing the appeal provided by this section, the appellant shall deposit with the county auditor of the county or, in the event the appeal concerns joint taxing districts in two or more counties, with the county auditor of the county with the greatest valuation of taxable property the sum of five hundred dollars to cover the costs of the proceeding. The county auditor shall forthwith issue a pay-in order and pay such money into the county treasury to the credit of the general fund. The appellant shall produce the receipt of the county treasurer for such deposit and shall file such receipt with the notice of appeal.

The board of tax appeals shall forthwith consider the matter presented on appeal from the action of the county budget commission and may modify any action of the commission with reference to the fixing of tax rates, to the end that no tax rate shall be levied above that necessary to produce the revenue needed by the taxing district or political subdivision for the ensuing fiscal year and to the end that the action of the budget commission appealed from shall otherwise be in conformity with sections 5705.01 to 5705.47 of the Revised Code. The findings of the board of tax appeals shall be substituted for the findings of the budget commission and shall be sent to the county auditor

and the taxing authority of the taxing district or political subdivision affected as the action of such budget commission under sections 5705.01 to 5705.47 of the Revised Code and to the tax commissioner. At the request of an appellant, the findings of the board of tax appeals shall be sent by certified mail at the appellant's expense.

The board of tax appeals shall promptly prepare a cost bill listing the expenses incurred by the board in conducting any hearing on the appeal and certify the cost bill to the county auditor of the county receiving the deposit for costs, who shall forthwith draw a warrant on the general fund of the county in favor of the person or persons named in the bill of costs certified by the board of tax appeals.

In the event the appellant prevails, the board of tax appeals promptly shall direct the county auditor to refund the deposit to the appellant and the costs shall be taxed to the taxing district or political subdivision involved in the appeal. The county auditor shall withhold from any funds then or thereafter in the auditor's possession belonging to the taxing district or political subdivision named in the order of the board of tax appeals and shall reimburse the general fund of the county.

If the appellant fails, the costs shall be deducted from the deposit provided for in this section and any balance which remains shall be refunded promptly to the appellant by warrant of the county auditor drawn on the general fund of the county.

Nothing in this section or any section of the Revised Code shall permit or require the levying of any rate of taxation, whether within the ten-mill limitation or whether the levy has been approved by the electors of a taxing district, political

subdivision, library district, or association library district, or by the charter of a municipal corporation in excess of such ten-mill limitation, unless such rate of taxation for the ensuing fiscal year is clearly required by a budget of the taxing district or political subdivision properly and lawfully adopted under this chapter, or by other information that must be provided under section 5705.281 of the Revised Code if a tax budget was waived.

In the event more than one appeal is filed involving the same taxing district or political subdivision, all such appeals may be consolidated by the board of tax appeals and heard at the same time.

Nothing herein contained shall be construed to bar or prohibit the tax commissioner from initiating an investigation or hearing on the commissioner's own motion.

The tax commissioner shall adopt and issue such orders~~,~~ ~~rules,~~ and instructions, not inconsistent with law, as the commissioner deems necessary, as to the exercise of the powers and the discharge of the duties of any particular county budget commission, county auditor, or other officer which relate to the budget, the assessment of property, or the levy and collection of taxes. The commissioner shall cause the orders and instructions issued by the commissioner to be obeyed.

distribution of oil or gas, as provided in section 5711.22 of the Revised Code. ~~The tax commissioner may adopt rules governing the administration of the exemption provided by this section.~~

No tax incentive qualification certificate or employee tax credit certificate shall be issued or remain in effect unless the enterprise applying for or holding the certificate complies with all such rules~~. The director of job and family services shall administer the incentive provided under division (B)(1) of section 5709.66 of the Revised Code~~ and shall adopt rules necessary to carry out that duty. No extension of benefits certificate shall be issued or remain in effect unless the enterprise applying for or holding the certificate complies with all such rules~~.

(B) Not later than the first day of August each year, the director of development shall report to the general assembly on all of the following for the preceding calendar year:

The report shall include a finding by the director as to whether the incentives provided under sections 5709.61 to 5709.69 of the Revised Code have resulted in the creation of more positions in the state than would have been created without the incentives. The director shall send a copy of the report to each member of the general assembly and to the director of the legislative service commission.

(B) There is hereby allowed a nonrefundable credit against the tax imposed by section 5725.18 of the Revised Code for an insurance company holding a qualified equity investment on the credit allowance date occurring in the calendar year for which the tax is due. president of the senate, and the speaker of the house of representatives on the tax credit program under this section and sections 5725.31 and 5729.07 of the Revised Code. The report shall include information on the number of training programs that were authorized under those sections during the preceding calendar year, a description of each authorized training program, the dollar amounts of the credits granted, and an estimate of the impact of the credits on the economy of this state.

(H) The aggregate amount of credits authorized under this section and sections 5725.31 and 5729.07 of the Revised Code shall not exceed twenty million dollars per calendar year. No more than ten million dollars in credits per calendar year shall be authorized for persons engaged primarily in manufacturing. No less than five million dollars in credits per calendar year shall be set aside for persons engaged primarily in activities other than manufacturing and having fewer than five hundred employees. (I) A nonrefundable credit allowed under this section shall be claimed in the order required under section 5733.98 of the Revised Code.

(J) The taxpayer may carry forward any credit amount in excess of its tax due after allowing for any other credits that precede the credit under this section in the order required under section 5733.98 of the Revised Code. The excess credit may be carried forward for three years following the tax year for which it is first claimed under this section.

(K) A taxpayer that is a partner in a partnership on the last day of the third calendar year of the three-year period during which the partnership pays or incurs eligible training costs may claim a credit under this section for the tax year immediately following that calendar year. The amount of a partner's credit equals the partner's interest in the partnership on the last day of such calendar year multiplied by the credit available to the partnership as computed by the partnership.

(L) The director of job and family services shall not authorize any credits under this section and sections 5725.31 and 5729.07 of the Revised Code for eligible training costs paid or incurred after December 31, 2007.

Sec. 5735.05. (A) There is hereby levied a motor fuel excise tax on each motor fuel dealer, measured by gross gallons, upon the receipt of motor fuel within this state.

The tax is levied at the rates prescribed by divisions (E) and (F) of this section.

The revenue derived from twenty-eight cents per gallon of such tax rates shall be distributed under divisions (A), (B), (C), and (D) of section 5735.051 of the Revised Code to fund the following purposes in the following amounts:

(1) Seventeen twenty-eighths of the revenue shall be used solely to provide revenue for maintaining the state highway system; to widen existing surfaces on such highways; to resurface such highways; to pay that portion of the construction cost of a highway project which a county, township, or municipal corporation normally would be required to pay, but which the director of transportation, pursuant to division (B) of section

(3) Eight twenty-eighths of the revenue shall be used solely to supply the state's share of the cost of constructing, widening, maintaining, and reconstructing the state highways; to maintain and repair bridges and viaducts; to purchase, erect, and maintain street and traffic signs and markers; to purchase, erect, and maintain traffic lights and signals; to pay the expense of administering and enforcing the state law relative to the registration and operation of motor vehicles; to make road improvements associated with retaining or attracting business for this state; to pay that portion of the construction cost of a highway project that a county, township, or municipal corporation normally would be required to pay, but that the director of transportation, pursuant to division (B) of section 5531.08 of the Revised Code, determines instead will be paid from moneys in the highway operating fund; to provide revenue

for the purposes of sections 1547.71 to 1547.77 of the Revised Code and to supplement revenue already available for such purposes; to pay the expenses of the department of taxation incident to the administration of the motor fuel laws and to supplement revenue already available for such purposes; to pay the interest, principal, and charges on highway obligations issued pursuant to Section 2i of Article VIII, Ohio Constitution, and sections 5528.30 and 5528.31 of the Revised Code; to enable counties and townships to properly plan, construct, widen, reconstruct, and maintain their public highways, roads, and streets; to enable counties to pay principal, interest, and charges on bonds and other obligations issued pursuant to Chapter 133. of the Revised Code or incurred pursuant to section 5531.09 of the Revised Code for highway improvements; to enable municipal corporations to plan, construct, reconstruct, repave, widen, maintain, repair, clear, and clean public highways, roads, and streets; to enable municipal corporations to pay the principal, interest, and charges on bonds and other obligations issued pursuant to Chapter 133. of the Revised Code or incurred pursuant to section 5531.09 of the Revised Code for highway improvements; and to pay the costs apportioned to the public under section 4907.47 of the Revised Code.

(4) One twenty-eighth of the revenue shall be used solely to pay the state's share of the cost of constructing and reconstructing highways and eliminating railway grade crossings on the major thoroughfares of the state highway system and urban extensions thereof; to pay that portion of the construction cost of a highway project that a county, township, or municipal corporation normally would be required to pay, but that the director of transportation, pursuant to division (B) of section

(B) The revenue derived from any portion of the tax rates that exceeds twenty-eight cents per gallon of motor fuel shall be distributed under division (E) of section 5735.051 of the Revised Code to fund the purposes described in divisions (A) and (D) of this section, as provided in divisions (A) and (B) of section 5735.27 of the Revised Code.

(C) The tax imposed by this section does not apply to the following transactions:

(1) The sale of dyed diesel fuel by a licensed motor fuel dealer from a location other than a retail service station provided the licensed motor fuel dealer places on the face of the delivery document or invoice, or both if both are used, a conspicuous notice stating that the fuel is dyed and is not for taxable use, and that taxable use of that fuel is subject to a penalty. The tax commissioner, by rule, may provide that any notice conforming to rules or regulations issued by the United States department of the treasury or the Internal Revenue Service is sufficient notice for the purposes of division (C)(1) of this section.

(2) The sale of K-1 kerosene to a retail service station, except when placed directly in the fuel supply tank of a motor vehicle. Such sale shall be rebuttably presumed to not be distributed or sold for use or used to generate power for the operation of motor vehicles upon the public highways or upon the waters within the boundaries of this state.

(3) The sale of motor fuel by a licensed motor fuel dealer to another licensed motor fuel dealer;

(4) The exportation of motor fuel by a licensed motor fuel dealer from this state to any other state or foreign country;

(5) The sale of motor fuel to the United States government or any of its agencies, except such tax as is permitted by it, where such sale is evidenced by an exemption certificate, in a form approved by the tax commissioner, executed by the United States government or an agency thereof certifying that the motor fuel therein identified has been purchased for the exclusive use of the United States government or its agency;

(6) The sale of motor fuel that is in the process of transportation in foreign or interstate commerce, except insofar as it may be taxable under the Constitution and statutes of the United States, and except as may be agreed upon in writing by the dealer and the commissioner;

(7) The sale of motor fuel when sold exclusively for use in the operation of aircraft, where such sale is evidenced by an exemption certificate prescribed by the commissioner and executed by the purchaser certifying that the motor fuel purchased has been purchased for exclusive use in the operation of aircraft;

(8) The sale for exportation of motor fuel by a licensed

motor fuel dealer to a licensed exporter described in division (DD)(1) of section 5735.01 of the Revised Code;

(9) The sale for exportation of motor fuel by a licensed motor fuel dealer to a licensed exporter described in division (DD)(2) of section 5735.01 of the Revised Code, provided that the destination state motor fuel tax has been paid or will be accrued and paid by the licensed motor fuel dealer.

(10) The sale to a consumer of diesel fuel, by a motor fuel dealer for delivery from a bulk lot vehicle, for consumption in operating a vessel when the use of such fuel in a vessel would otherwise qualify for a refund under section 5735.14 of the Revised Code.

Division (C)(1) of this section does not apply to the sale or distribution of dyed diesel fuel used to operate a motor vehicle on the public highways or upon water within the boundaries of this state by persons permitted under regulations of the United States department of the treasury or of the Internal Revenue Service to so use dyed diesel fuel.

(D) The use of any revenue from the tax levied under this section shall be used for construction, maintenance, and repair of roads and bridges, the operational costs of applicable state agencies, or used to match other revenue for these purposes.

(E) Except as otherwise provided by division (F) of this section, the rates of tax imposed by this section on each gallon of motor fuel on and after July 1, 2019, shall be as follows:

(1) Thirty-eight and one-half cents on each gallon of gasoline;

(2) Forty-seven cents on each gallon of motor fuel other than gasoline.

(F) The tax on each gallon equivalent of compressed natural gas shall be:

(1) Ten cents on and after July 1, 2019, and before July 1, 2020;

(2) Twenty cents on and after July 1, 2020, and before July 1, 2021;

(3) Thirty cents on and after July 1, 2021, and before July 1, 2022;

(4) Forty cents on and after July 1, 2022, and before July 1, 2023;

(5) Forty-seven cents on and after July 1, 2023.

~~(G) The tax commissioner may adopt rules as necessary to administer this section.~~

Sec. 5735.062. (A) If the tax commissioner so requires, the dealer shall remit each monthly tax payment electronically as prescribed by division (B) of this section.

The commissioner shall notify each dealer required to remit taxes electronically of the dealer's obligation to do so. Failure by the commissioner to notify a dealer subject to this section to remit taxes electronically does not relieve the dealer of its obligation to remit taxes electronically.

(B) Dealers required by division (A) of this section to remit payments electronically shall remit such payments through the Ohio business gateway, as defined in section 718.01 of the Revised Code, or in another manner as prescribed by the commissioner. Required payments shall be remitted on or before the dates specified under section 5735.06 of the Revised Code. The payment of taxes electronically does not affect a dealer's

obligation to file the monthly return as required under section 5735.06 of the Revised Code.

A dealer required by this section to remit taxes electronically may apply to the commissioner to be excused from that requirement. The commissioner may excuse the dealer from the electronic remittance requirement for good cause shown for the period of time requested by the dealer or for a portion of that period.

(C) If a dealer required by this section to remit taxes electronically fails to do so, the commissioner may impose a penalty on the dealer not to exceed one of the following:

(1) For the first return period the dealer fails to remit taxes electronically, the greater of twenty-five dollars or five per cent of the amount of the payment required to be remitted;

(2) For the second or any subsequent return period the dealer fails to remit taxes electronically, the greater of fifty dollars or ten per cent of the amount of the payment required to be remitted.

The penalty imposed under division (C) of this section is in addition to any other penalty imposed under this chapter and shall be considered as revenue arising from the taxes imposed under this chapter. A penalty may be collected by assessment in the manner prescribed by section 5735.12 of the Revised Code. The commissioner may abate all or a portion of a penalty.

~~(D) The commissioner may adopt rules necessary to administer this section.~~

Sec. 5736.03. (A) No person shall avoid the tax imposed by this chapter by receiving motor fuel outside of this state and transferring the motor fuel into this state within one year. Any

such person shall be considered to have received the fuel in this state and shall include, in the calculation of calculated gross receipts, the number of gallons of motor fuel the person transfers into this state within one year after the person receives the property outside of this state.

(B) Any person that knowingly receives motor fuel from a supplier that is not licensed as required by section 5736.06 of the Revised Code shall include in the calculation of the person's calculated gross receipts the number of gallons of motor fuel the person received in this state or transported into this state from the unlicensed supplier.

~~(C) The tax commissioner may adopt rules necessary to administer this section.~~

Sec. 5739.05. (A)(1) The tax commissioner shall enforce and administer sections 5739.01 to 5739.31 of the Revised Code, which are hereby declared to be sections which the commissioner is required to administer within the meaning of sections 5703.17 to 5703.37, 5703.39, 5703.41, and 5703.45 of the Revised Code. ~~The commissioner may adopt and promulgate, in accordance with sections 119.01 to 119.13 of the Revised Code, such rules as the commissioner deems necessary to administer sections 5739.01 to 5739.31 of the Revised Code.~~

(2) On or before the first day of May of each year, the commissioner shall make available to vendors a notice explaining the three-day exemption period required under division (B)(55) of section 5739.02 of the Revised Code.

(B) Upon application, the commissioner may authorize a vendor to pay on a predetermined basis the tax levied by or pursuant to section 5739.02, 5739.021, 5739.023, or 5739.026 of

the Revised Code upon sales of things produced or distributed or services provided by such vendor, and the commissioner may waive the collection of the tax from the consumer. The commissioner shall not grant such authority unless the commissioner finds that the granting of the authority would improve compliance and increase the efficiency of the administration of the tax. The person to whom such authority is granted shall post a notice, if required by the commissioner, at the location where the product is offered for sale that the tax is included in the selling price. ~~The commissioner may adopt rules to administer this division.~~

(C) Upon application, the commissioner may authorize a vendor to remit, on the basis of a prearranged agreement under this division, the tax levied by section 5739.02 or pursuant to section 5739.021, 5739.023, or 5739.026 of the Revised Code. The proportions and ratios in a prearranged agreement shall be determined either by a test check conducted by the commissioner under terms and conditions agreed to by the commissioner and the vendor or by any other method agreed upon by the vendor and the commissioner. If the parties are unable to agree to the terms and conditions of the test check or other method, the application shall be denied.

If used, the test check shall determine the proportion that taxable retail sales bear to all of the vendor's retail sales and the ratio which the tax required to be collected under sections 5739.02, 5739.021, 5739.023, and 5739.026 of the Revised Code bears to the receipts from the vendor's taxable retail sales.

The vendor's liability for remitting the tax shall be based solely upon the proportions and ratios established in the

agreement until such time that the vendor or the commissioner believes that the nature of the vendor's business has so changed as to make the agreement no longer representative. The commissioner may give notice to the vendor at any time that the authorization is revoked or the vendor may notify the commissioner that the vendor no longer elects to report under the authorization. Such notice shall be delivered to the other party in the manner provided in section 5703.37 of the Revised Code. The revocation or cancellation is effective the last day of the month in which the vendor or the commissioner receives the notice.

Sec. 5739.121. (A) As used in this section:

(1) "Bad debt" means any debt that has become worthless or uncollectible in the time period between a vendor's preceding return and the present return, has been uncollected for at least six months, and that may be claimed as a deduction pursuant to the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted pursuant thereto, or that could be claimed as such a deduction if the vendor kept accounts on an accrual basis. "Bad debt" does not include any interest or sales tax on the purchase price, uncollectible amounts on property that remains in the possession of the vendor until the full purchase price is paid, expenses incurred in attempting to collect any account receivable or for any portion of the debt recovered, and repossessed property.

(2) "Lender" means a person or an affiliate, assignee, or transferee of a person that owns a private label credit account, or an interest in a private label credit account receivable, provided that interest was any of the following:

(a) Transferred from a third party;

(b) Purchased directly from a vendor that remitted tax imposed under this chapter or from an affiliate of the vendor;

(c) Originated according to a written agreement between the person and a vendor that remitted tax imposed under this chapter or an affiliate of the vendor.

(3) "Private label credit account" means a credit account that carries, refers to, or is branded with the name of a vendor and for which the lender, when establishing the consumer's credit limit, complied with all applicable Ohio and federal laws that are intended to protect consumers, including all of the following:

(a) The "Credit Card Accountability Responsibility and Disclosure Act of 2009," 15 U.S.C. 1601 et seq.;

(b) The "Equal Credit Opportunity Act," 15 U.S.C. 1691 et seq.;

(c) The "Fair Credit Reporting Act," 15 U.S.C. 1681.

(4) "Accounts or receivables bad debt" means the unpaid balance on private label credit accounts or private label credit account receivables that are bad debt and are charged off as uncollectible on the books of a lender on or after July 1, 2023, and against which a deduction has not previously been taken under this section. For the purposes of division (A)(4) of this section only, "bad debt" shall be determined without regard to when the debt has become worthless or uncollectible relative to the period between a vendor's returns, and the deductibility of the debt for federal income tax purposes shall be determined with respect to the lender instead of the vendor.

(5) "Affiliate" means any person that is a member of an affiliated group or that would be a member of an affiliated

group if the person was a corporation.

(6) "Affiliated group" has the same meaning as in section 1504 of the Internal Revenue Code.

(B) In computing taxable receipts for purposes of this chapter, a vendor may deduct the amount of bad debts. Except as provided in division (F) of this section, the amount deducted must be charged off as uncollectible on the books of the vendor. A deduction may be claimed only with respect to bad debts on which the taxes pursuant to sections 5739.10 and 5739.12 of the Revised Code were paid in a preceding tax period. If the vendor's business consists of taxable and nontaxable transactions, the deduction shall equal the full amount of the debt if the debt is documented as a taxable transaction in the vendor's records. If no such documentation is available, the maximum deduction on any bad debt shall equal the amount of the bad debt multiplied by the quotient obtained by dividing the sales taxed pursuant to this chapter during the preceding calendar year by all sales during the preceding calendar year, whether taxed or not. If a consumer or other person pays all or part of a bad debt with respect to which a vendor claimed a deduction under this section, the vendor shall be liable for the amount of taxes deducted in connection with that portion of the debt for which payment is received and shall remit such taxes in the vendor's next payment to the tax commissioner.

(C) Any claim for a bad debt deduction under this section shall be supported by such evidence as the tax commissioner by rule requires. The commissioner shall review any change in the rate of taxation applicable to any taxable sales by a vendor claiming a deduction pursuant to this section and adopt rules for altering the deduction in the event of such a change in

order to ensure that the deduction on any bad debt does not result in the vendor claiming the deduction recovering any more or less than the taxes imposed on the sale that constitutes the bad debt.

(D) In any reporting period in which the amount of bad debt other than the accounts or receivables bad debt exceeds the amount of taxable sales for the period, the vendor may file a refund claim for any tax collected on the bad debt in excess of the tax reported on the return. The refund claim shall be filed in the manner provided in section 5739.07 of the Revised Code, except that the claim may be filed within four years of the due date of the return on which the bad debt first could have been claimed.

(E) When the filing responsibilities of a vendor have been assumed by a certified service provider, the certified service provider shall claim the bad debt allowance provided by this section on behalf of the vendor. The certified service provider shall credit or refund to the vendor the full amount of any bad debt allowance or refund.

(F)(1) A vendor may deduct on a return accounts or receivables bad debt.

A vendor taking a deduction under division (F)(1) of this section shall include all credit sale transactions outstanding in the account or receivable at the time the account or receivable is charged off as uncollectible on the books of a lender in calculating the deduction, regardless of the date on which the credit sale transaction occurs.

(2) The deduction authorized under division (F)(1) of this section may be taken by the vendor only on the basis of accounts

or receivables bad debt from purchases from the vendor whose name is carried, referred to, or branded on the private label credit account or from purchases from any of the vendor's affiliates or franchisees.

(3) A vendor taking a deduction under division (F)(1) of this section shall maintain books, records, or other documents verifying the accounts or receivables bad debt, which shall be open to inspection by the commissioner upon request.

(4) If the lender collects in whole or part any accounts or receivables bad debt on the basis of which the vendor took a deduction under division (F) of this section, the vendor shall include the amount collected in the vendor's first return filed after the collection and pay tax on the portion of that amount with respect to which the vendor took the deduction.

(5) If the total amount of accounts or receivables bad debt for a month exceeds a vendor's taxable sales for that month, the vendor may carry forward and deduct the excess on succeeding tax returns until the total amount of accounts or receivables bad debt has been deducted.

(6) Unless otherwise agreed to by the lender and vendor, the economic benefit of the deduction permitted under division (F)(1) of this section shall inure to the benefit of the party that suffered the economic burden of the accounts or receivables bad debt.

~~(G) The tax commissioner may adopt rules necessary to administer this section.~~

Sec. 5739.36. (A) For the purpose of tracking the growth and overall economic impact of the travel and tourism industry in this state, the tax commissioner shall prepare a report

summarizing the amount of tax revenue collected during each semiannual period ending on the last day of June or December, annually. The commissioner shall prepare the report by industry classification using business activity codes. The report shall include the combined total statewide collections from the taxes levied under sections 5739.02, 5739.021, 5739.023, 5739.026, 5741.02, 5741.021, 5741.022, and 5741.023 of the Revised Code as reported by taxpayers with respect to collections during the semiannual period. The report shall reflect all industries included in the industrial classification system used by the commissioner the activities of which relate in any way to travel and tourism, including, but not limited to, industries such as bars and restaurants; hotels, motels, and other lodging establishments; and other industries related to travel and tourism. The first report shall be for the semiannual period ending December 31, 2005.

(B) The tax commissioner shall file a copy of the report required under this section with the governor, the president of the senate, the speaker of the house of representatives, and the legislative service commission. The reports shall be filed on or before the first day of May or November, annually, that immediately follows the semiannual period to which the report relates. A copy of the commissioner's most recent report shall be made available to the public through the department of taxation's official internet web site.

~~(C) The commissioner shall adopt rules that are necessary to administer this section.~~

Sec. 5741.06. The tax commissioner shall enforce and administer sections 5741.01 to 5741.22 of the Revised Code, which are hereby declared to be laws which ~~he~~ the commissioner

is required to administer within the meaning of sections 5703.17 to 5703.39 and 5703.45 of the Revised Code. The commissioner may ~~adopt and promulgate such rules as he deems necessary to administer sections 5741.01 to 5741.22 of the Revised Code, and may~~ authorize a seller to prepay the tax levied by or pursuant to section 5741.02, 5741.021, 5741.022, or 5741.023 of the Revised Code upon storage, use, or consumption of things produced or distributed by such seller, and ~~he~~ the commissioner may waive the collection of the tax from the consumer; but no such authority shall be granted or exercised, except upon application to the commissioner and unless ~~he~~ the commissioner finds, that the conditions of the applicant's business are such as to render impracticable the collection of the tax by the seller in the manner otherwise provided by such sections; nor shall the authority so granted be exercised, nor the seller actually selling such products be exempted from sections 5741.01 to 5741.22 of the Revised Code, by virtue of such an authorization, unless the person to whom such authority is granted prints plainly upon the product sold, or offered for sale, a statement to the effect that the tax has been paid in advance, or otherwise conveys said information to the consumer by written notice. The commissioner may require security to ~~his~~ the commissioner's satisfaction to be filed with ~~him~~ the commissioner, in such amount as ~~he~~ the commissioner determines to be sufficient to secure the prepayment under the provisions of this section of the taxes levied by or pursuant to section 5741.02, 5741.021, 5741.022, or 5741.023 of the Revised Code in the manner desired.

Sec. 5741.071. (A) A marketplace seller may request and shall obtain a waiver from the tax commissioner for a marketplace facilitator not to be treated as a seller pursuant

to division (E) of section 5741.01 of the Revised Code with respect to a specific marketplace seller if the following conditions are met:

(1) The marketplace seller certifies it has annual gross receipts within the United States, including the gross receipts of any affiliate, as defined in section 122.15 of the Revised Code, of at least one billion dollars;

(2) The marketplace seller or its affiliate, as defined in section 122.15 of the Revised Code, is publicly traded on at least one major stock exchange;

(3) The marketplace seller is current on all taxes, fees, and charges administered by the department of taxation that are not subject to a bona fide dispute;

(4) The marketplace seller has not, within the past twelve months, requested that a waiver related to the marketplace facilitator at issue be canceled nor has the waiver been revoked by the commissioner; and

(5) The marketplace seller has not violated division (B) of section 5739.30 of the Revised Code.

(B) A marketplace seller shall request a waiver on the form prescribed by the commissioner. A request for a waiver shall contain a signed declaration from the marketplace facilitator acquiescing to the request for a waiver. A waiver request that is not ruled upon by the commissioner within thirty days of the date it was filed is deemed granted. A waiver that is granted by the commissioner or deemed to be granted is effective on and after the first day of the first month that begins at least thirty days after the commissioner grants the waiver or the waiver is deemed granted. The waiver is valid

until the first day of the first month that begins at least sixty days after it is revoked by the commissioner or cancelled by the marketplace seller.

(C)(1) If a waiver is granted by the commissioner, the commissioner shall notify the marketplace seller and the seller shall be considered the vendor pursuant to division (C) of section 5739.01 of the Revised Code or a seller pursuant to division (E) of section 5741.01 of the Revised Code, as applicable.

(2) A marketplace seller is required to notify the marketplace facilitator of the status of the waiver of the marketplace seller. However, if a waiver is denied by the commissioner, a copy of the denial shall be provided to the marketplace facilitator.

(3) A marketplace seller that has been issued a waiver under this section may cancel the waiver by sending notice to the commissioner and to the marketplace facilitator identified in the waiver application. The commissioner may revoke a waiver if the commissioner determines that any of the conditions described in divisions (A)(1) to (5) of this section are no longer met by the marketplace seller. The commissioner shall notify the marketplace seller and the marketplace facilitator upon revoking a waiver.

(D) Notwithstanding section 5703.21 of the Revised Code, the commissioner may divulge information related to the status of the waiver sought by or granted to the marketplace seller for a particular marketplace facilitator to either the impacted marketplace seller or marketplace facilitator.

~~(E) The commissioner may promulgate rules the commissioner~~

Sec. 5741.072. (A) If all of the following conditions are met, a delivery network company that facilitates delivery network services may request a waiver from the requirement in division (E) of section 5741.01 of the Revised Code that a marketplace facilitator be treated as the seller of goods sold by marketplace sellers through the marketplace facilitator:

(1) The delivery network company is current on all taxes, fees, and charges administered by the department of taxation that are not subject to a bona fide dispute.

(2) The delivery network company has not, within the twelve months preceding the request for waiver, requested that a previously granted waiver be canceled or had a previously granted waiver revoked by the commissioner.

(3) The delivery network company has not violated division (B) of section 5739.30 of the Revised Code.

A waiver granted under this section does not affect the delivery network company's status as the seller of its delivery network services.

(B) A delivery network company that requests a waiver pursuant to this section shall make the request to the tax commissioner on a form prescribed by the commissioner. A waiver that is not affirmatively granted or denied by the commissioner within thirty days of the date it was filed with the commissioner is automatically granted. A waiver that is granted by the commissioner or granted automatically is effective on and after the first day of the first month that begins at least thirty days after the commissioner grants the waiver or the waiver is automatically granted. The waiver is valid until the

first day of the first month that begins at least sixty days after it is revoked by the commissioner or canceled by the delivery network company.

(C)(1) When a waiver is granted pursuant to division (B) of this section, the commissioner shall notify the delivery network company, which shall then notify each local merchant operating on the delivery network company's physical or electronic marketplace that the local merchant shall be considered a vendor pursuant to division (C) of section 5739.01 of the Revised Code or a seller pursuant to division (E) of section 5741.01 of the Revised Code, as applicable, with respect to the local products sold by the seller through the delivery network company's physical or electronic marketplace.

(2) A delivery network company that has been granted a waiver under this section may cancel the waiver by sending notice to the commissioner. The commissioner may revoke a waiver if the commissioner determines that any of the conditions described in divisions (A)(1) to (3) of this section are no longer met by the delivery network company. The commissioner shall notify the delivery network company upon revoking a waiver. A delivery network for which a waiver has been canceled or revoked shall promptly notify each local merchant operating on the delivery network company's physical or electronic marketplace that its waiver has been canceled or revoked.

(D) Notwithstanding section 5703.21 of the Revised Code, the commissioner may divulge information related to the status of a waiver granted to a delivery network company if requested by a local merchant operating on the delivery network company's physical or electronic marketplace.

~~(E) The commissioner may adopt any rules necessary to~~

~~administer this section.~~

Sec. 5743.15. (A) Except as otherwise provided in this division, no person shall engage in this state in the wholesale or retail business of trafficking in cigarettes or in the business of a manufacturer or importer of cigarettes without having a license to conduct each such activity issued by a county auditor under division (B) of this section or the tax commissioner under divisions (C) and (F) of this section. On dissolution of a partnership by death, the surviving partner may operate under the license of the partnership until expiration of the license, and the heirs or legal representatives of deceased persons, and receivers and trustees in bankruptcy appointed by any competent authority, may operate under the license of the person succeeded in possession by such heir, representative, receiver, or trustee in bankruptcy if the partner or successor notifies the issuer of the license of the dissolution or succession within thirty days after the dissolution or succession.

(B)(1) Each applicant for a license to engage in the retail business of trafficking in cigarettes under this section, annually, on or before the first day of June, shall make and deliver to the county auditor of the county in which the applicant desires to engage in the retail business of trafficking in cigarettes, upon a blank form furnished by such auditor for that purpose, a statement showing the name of the applicant, each physical place in the county where the applicant's business is conducted, the nature of the business, and any other information the tax commissioner requires in the form of statement prescribed by the commissioner. If the applicant is a firm, partnership, or association other than a corporation, the application shall state the name and address of

each of its members. If the applicant is a corporation, the application shall state the name and address of each of its officers. At the time of making the application required by this section, every person desiring to engage in the retail business of trafficking in cigarettes shall pay an application fee in the sum of one hundred twenty-five dollars for each physical place where the person proposes to carry on such business. Each place of business shall be deemed such space, under lease or license to, or under the control of, or under the supervision of the applicant, as is contained in one or more contiguous, adjacent, or adjoining buildings constituting an industrial plant or a place of business operated by, or under the control of, one person, or under one roof and connected by doors, halls, stairways, or elevators, which space may contain any number of points at which cigarettes are offered for sale, provided that each additional point at which cigarettes are offered for sale shall be listed in the application.

(2) Upon receipt of the application and exhibition of the county treasurer's receipt showing the payment of the application fee, the county auditor shall issue to the applicant a license for each place of business designated in the application, authorizing the applicant to engage in such business at such place for one year commencing on the first day of June. The form of the license shall be prescribed by the commissioner. A duplicate license may be obtained from the county auditor upon payment of a five-dollar fee if the original license is lost, destroyed, or defaced. When an application is filed after the first day of June, the application fee required to be paid shall be proportioned in amount to the remainder of the license year, except that it shall not be less than twenty-five dollars in any one year.

(3) The holder of a retail dealer's cigarette license may transfer the license to a place of business within the same county other than that designated on the license on condition that the licensee's ownership interest and business structure remain unchanged, and that the licensee applies to the county auditor therefor, upon forms approved by the commissioner and the payment of a fee of five dollars into the county treasury.

(C)(1) Each applicant for a license to engage in the wholesale business of trafficking in cigarettes under this section, annually, on or before the first day of June, shall make and deliver to the tax commissioner, upon a blank form furnished by the commissioner for that purpose, a statement showing the name of the applicant, physical street address where the applicant's business is conducted, the nature of the business, and any other information required by the commissioner. If the applicant is a firm, partnership, or association other than a corporation, the applicant shall state the name and address of each of its members. If the applicant is a corporation, the applicant shall state the name and address of each of its officers. At the time of making the application required by this section, every person desiring to engage in the wholesale business of trafficking in cigarettes shall pay an application fee of one thousand dollars for each physical place where the person proposes to carry on such business. Each place of business shall be deemed such space, under lease or license to, or under the control of, or under the supervision of the applicant, as is contained in one or more contiguous, adjacent, or adjoining buildings constituting an industrial plant or a place of business operated by, or under the control of, one person, or under one roof and connected by doors, halls, stairways, or elevators. A duplicate license may be obtained

from the commissioner upon payment of a twenty-five-dollar fee if the original license is lost, destroyed, or defaced.

(2) Upon receipt of the application and payment of any application fee required by this section, the commissioner shall verify that the applicant is not in violation of any provision of Chapter 1346. or Title LVII of the Revised Code. The commissioner shall also verify that the applicant has filed any returns, submitted any information, and paid any outstanding taxes, charges, or fees as required for any tax, charge, or fee administered by the commissioner, to the extent that the commissioner is aware of the returns, information, or payments at the time of the application. Upon approval, the commissioner shall issue to the applicant a license for each physical place of business designated in the application authorizing the applicant to engage in business at that location for one year commencing on the first day of June. For licenses issued after the first day of June, the application fee shall be reduced proportionately by the remainder of the twelve-month period for which the license is issued, except that the application fee required to be paid under this section shall be not less than two hundred dollars in any one year.

(3) The holder of a wholesale dealer cigarette license may transfer the license to a place of business other than that designated on the license on condition that the licensee's ownership or business structure remains unchanged, and that the licensee applies to the commissioner for such a transfer upon a form promulgated by the commissioner and pays a fee of twenty-five dollars, which shall be deposited into the cigarette tax enforcement fund created in division (E) of this section.

(D)(1) The wholesale cigarette license application fees

collected under this section shall be paid into the cigarette tax enforcement fund.

(2) The retail cigarette license application fees collected under this section shall be distributed as follows:

(a) Thirty per cent shall be paid upon the warrant of the county auditor into the treasury of the municipal corporation or township in which the places of business for which the tax revenue was received are located;

(b) Ten per cent shall be credited to the general fund of the county;

(c) Sixty per cent shall be paid into the cigarette tax enforcement fund.

(3) The remainder of the revenues and fines collected under this section and the penal laws relating to cigarettes shall be distributed as follows:

(a) Three-fourths shall be paid upon the warrant of the county auditor into the treasury of the municipal corporation or township in which the place of business, on account of which the revenues and fines were received, is located;

(b) One-fourth shall be credited to the general fund of the county.

(E) There is hereby created within the state treasury the cigarette tax enforcement fund for the purpose of providing funds to assist in paying the costs of enforcing sections 1333.11 to 1333.21 and Chapter 5743. of the Revised Code.

The portion of cigarette license application fees received by a county auditor during the annual application period that ends on the first day of June and that is required to be

deposited in the cigarette tax enforcement fund shall be sent to the tax commissioner by the thirtieth day of June each year accompanied by the form prescribed by the tax commissioner. The portion of cigarette license application fees received by each county auditor after the first day of June and that is required to be deposited in the cigarette tax enforcement fund shall be sent to the commissioner by the last day of the month following the month in which such fees were collected.

(F)(1) Every person who desires to engage in the business of a manufacturer or importer of cigarettes shall, annually, on or before the first day of June, make and deliver to the tax commissioner, upon a blank form furnished by the commissioner for that purpose, a statement showing the name of the applicant, the nature of the applicant's business, and any other information required by the commissioner. If the applicant is a firm, partnership, or association other than a corporation, the applicant shall state the name and address of each of its members. If the applicant is a corporation, the applicant shall state the name and address of each of its officers.

(2) Upon receipt of the application required under this section, the commissioner shall verify that the applicant is not in violation of any provision of Chapter 1346. of the Revised Code. The commissioner shall also verify that the applicant has filed any returns, submitted any information, and paid any outstanding taxes, charges, or fees as required for any tax, charge, or fee administered by the commissioner, to the extent that the commissioner is aware of the returns, information, taxes, charges, or fees at the time of the application. Upon approval, the commissioner shall issue to the applicant a license authorizing the applicant to engage in the business of manufacturer or importer, whichever the case may be, for one

year commencing on the first day of June.

(3) The issuing of a license under division (F)(1) of this section to a manufacturer does not excuse a manufacturer from the certification process required under section 1346.05 of the Revised Code. A manufacturer who is issued a license under division (F)(1) of this section and who is not listed on the directory required under section 1346.05 of the Revised Code shall not be permitted to sell cigarettes in this state other than to a licensed cigarette wholesaler for sale outside this state. Such a manufacturer shall provide documentation to the commissioner evidencing that the cigarettes are legal for sale in another state.

~~(G) The tax commissioner may adopt rules necessary to administer this section.~~

Sec. 5743.51. (A) To provide revenue for the general revenue fund of the state, an excise tax on tobacco products and vapor products is hereby levied at one of the following rates:

(1) For tobacco products other than little cigars or premium cigars, seventeen per cent of the wholesale price of the tobacco product received by a distributor or sold by a manufacturer to a retail dealer located in this state.

(2) Thirty-seven per cent of the wholesale price of little cigars received by a distributor or sold by a manufacturer to a retail dealer located in this state.

(3) For premium cigars received by a distributor or sold by a manufacturer to a retail dealer located in this state, the lesser of seventeen per cent of the wholesale price of such premium cigars or the maximum tax amount per each such premium cigar.

(4) For vapor products, one cent multiplied by the vapor volume of vapor products the first time the products are received by a vapor distributor in this state.

Each distributor or vapor distributor who brings tobacco products or vapor products, or causes tobacco products or vapor products to be brought, into this state for distribution within this state, or any out-of-state distributor or vapor distributor who sells tobacco products or vapor products to wholesale or retail dealers located in this state for resale by those wholesale or retail dealers is liable for the tax imposed by this section. Only one sale of the same article shall be used in computing the amount of the tax due. If a vapor product is repackaged, reconstituted, diluted, or reprocessed, the subsequent sale of that vapor product shall be considered another sale of the same article for purposes of computing the amount of tax due.

(B) The treasurer of state shall place to the credit of the tax refund fund created by section 5703.052 of the Revised Code, out of the receipts from the tax levied by this section, amounts equal to the refunds certified by the tax commissioner pursuant to section 5743.53 of the Revised Code. The balance of the taxes collected under this section shall be paid into the general revenue fund.

(C) The commissioner may adopt rules ~~as are necessary to assist in the enforcement and administration of sections 5743.51 to 5743.66 of the Revised Code, including rules~~ providing for the remission of penalties imposed.

(D) A manufacturer is not liable for payment of the tax imposed by this section for sales of tobacco products or vapor products to a retail dealer that has filed a signed statement

with the manufacturer in which the retail dealer agrees to pay and be liable for the tax, as long as the manufacturer has provided a copy of the statement to the tax commissioner.

Sec. 5745.15. (A) Each taxpayer shall make its records, documents, returns, and reports open to inspection by the tax commissioner during normal business hours, and shall preserve those records, documents, returns, and reports for a period of three years after the date the return or report, or return or report to which such a record or document pertains, was required to be filed or actually was filed, whichever is later. The tax commissioner may consent in writing to the destruction of such records, documents, returns, or reports within that three-year period.

(B) The tax commissioner shall administer and enforce this chapter. In addition to any other powers conferred by law on the tax commissioner, the tax commissioner may prescribe all forms required to be filed under those sections~~, adopt rules that, in the opinion of the tax commissioner, are necessary to carry out those sections,~~ and appoint and employ such personnel as may be necessary to carry out the tax commissioner's duties under those sections.

Sec. 5747.026. (A) For taxable years beginning on or after January 1, 2002, each member of the national guard and each member of a reserve component of the armed forces of the United States called to active duty pursuant to an executive order issued by the president of the United States or an act of the congress of the United States may apply to the tax commissioner for both an extension for filing of the return and an extension of time for payment of taxes required under this chapter and under Chapter 5748. of the Revised Code during the period of the

member's duty service and for sixty days thereafter. The application shall be filed on or before the sixtieth day after the member's duty terminates. An applicant shall provide such evidence as the tax commissioner considers necessary to demonstrate eligibility for the extension.

(B)(1) If the tax commissioner ascertains that an applicant is qualified for an extension under this section, the tax commissioner shall enter into a contract with the applicant for the payment of the tax in installments that begin on the sixty-first day after the applicant's active duty terminates. Except as provided in division (B)(3) of this section, the tax commissioner may prescribe such contract terms as the tax commissioner considers appropriate. If the amount owed is two thousand four hundred dollars or less, the contract shall be for not longer than twelve months. If the amount owed is more than two thousand four hundred dollars, the contract shall be for not longer than twenty-four months.

(2) If the tax commissioner ascertains that an applicant is qualified for an extension under this section, the applicant shall neither be required to file any return, report, or other tax document nor be required to pay any tax otherwise due under this chapter and Chapter 5748. of the Revised Code before the sixty-first day after the applicant's active duty terminates.

(3) Taxes paid pursuant to a contract entered into under division (B)(1) of this section are not delinquent. The tax commissioner shall not require any payments of penalties, interest penalties, or interest in connection with those taxes for the extension period.

(C)(1) Nothing in this division denies to any person described in this division the application of divisions (A) and

(B) of this section.

(2)(a) A qualifying taxpayer who is eligible for an extension under the Internal Revenue Code shall receive both an extension of time in which to file any return, report, or other tax document described in this chapter and an extension of time in which to make any payment of taxes required under this chapter and Chapter 5748. of the Revised Code. The length of any extension granted under division (C)(2)(a) of this section shall be equal to the length of the corresponding extension that the taxpayer receives under the Internal Revenue Code. As used in this section, "qualifying taxpayer" means a member of the national guard, or a member of the reserve component of the armed forces of the United States, who is called to active duty pursuant to either an executive order issued by the president of the United States or an act of the congress of the United States.

(b) Taxes whose payment is extended in accordance with division (C)(2)(a) of this section are not delinquent during the extension period. The tax commissioner shall not require any payment of penalties, interest penalties, or interest in connection with those taxes for the extension period. The tax commissioner shall not include any period of extension granted under division (C)(2)(a) of this section in calculating the penalty, interest penalty, or interest due on any unpaid tax.

(D) For each taxable year to which division (A), (B), or (C) of this section applies to a taxpayer, the provisions of divisions (B)(2) and (3) or (C) of this section, as applicable, apply to the spouse of that taxpayer if the filing status of the spouse and the taxpayer is married filing jointly for that year.

(E) The tax commissioner may adopt rules ~~necessary to~~

~~administer this section, including rules~~ establishing the following:

(1) Forms and procedures by which applicants may apply for extensions;

(2) Criteria for eligibility;

(3) A schedule for repayment of deferred taxes.

Sec. 5747.063. The requirements imposed under this section are in addition to the municipal income tax withholding requirements under section 718.031 of the Revised Code. As used in this section, "sports gaming proprietor" and "sports gaming facility" have the same meanings as in section 3775.01 of the Revised Code.

(A)(1) Subject to division (F) of this section, if a person's winnings from casino gaming or from sports gaming are an amount for which reporting to the internal revenue service of the amount is required by section 6041 of the Internal Revenue Code, as amended, a casino operator or sports gaming proprietor shall deduct and withhold Ohio income tax from the person's winnings at a rate of three and one-eighth per cent for calendar year 2025, after ~~the effective date of this amendment~~September 30, 2025, and two and three-quarters per cent for calendar year 2026 and thereafter of the amount won. A person's amount of winnings from casino gaming shall be determined each time the person exchanges amounts won in tokens, chips, casino credit, or other prepaid representations of value for cash or a cash equivalent. The casino operator or sports gaming proprietor shall issue, to a person from whose winnings an amount has been deducted and withheld, a receipt for the amount deducted and withheld, and also shall obtain from the person additional

information that will be necessary for the casino operator or sports gaming proprietor to prepare the returns required by this section.

(2) If a person's winnings from casino gaming or sports gaming require reporting to the internal revenue service under division (A)(1) of this section, the casino operator or sports gaming proprietor also shall require the person to state in writing, under penalty of falsification, whether the person is in default under a support order.

(B) Amounts deducted and withheld by a casino operator or sports gaming proprietor are held in trust for the benefit of the state.

(1) On or before the tenth day of each month, the casino operator or sports gaming proprietor shall file a return electronically with the tax commissioner identifying the persons from whose winnings amounts were deducted and withheld, the amount of each such deduction and withholding during the preceding calendar month, the amount of the winnings from which each such amount was withheld, the type of casino gaming or sports gaming that resulted in such winnings, and any other information required by the tax commissioner. With the return, the casino operator or sports gaming proprietor shall remit electronically to the commissioner all the amounts deducted and withheld during the preceding month.

(2)(a) A casino operator or sports gaming proprietor shall maintain a record of each written statement provided under division (A)(2) of this section in which a person admits to being in default under a support order. The casino operator or sports gaming proprietor shall make these records available to the director of job and family services upon request.

(b) A casino operator or sports gaming proprietor shall maintain copies of receipts issued under division (A)(1) of this section and of written statements provided under division (A)(2) of this section and shall make these copies available to the tax commissioner upon request.

(c) A casino operator or sports gaming proprietor shall maintain the information described in divisions (B)(2)(a) and (b) of this section in accordance with section 5747.17 of the Revised Code and any rules adopted pursuant thereto.

(3) Annually, on or before the thirty-first day of January, a casino operator or sports gaming proprietor shall file an annual return electronically with the tax commissioner indicating the total amount deducted and withheld during the preceding calendar year. The casino operator or sports gaming proprietor shall remit electronically with the annual return any amount that was deducted and withheld and that was not previously remitted. If the identity of a person and the amount deducted and withheld with respect to that person were omitted on a monthly return, that information shall be indicated on the annual return.

(4)(a) A casino operator or sports gaming proprietor who fails to file a return and remit the amounts deducted and withheld is personally liable for the amount deducted and withheld and not remitted. The commissioner may impose a penalty up to one thousand dollars if a return is filed late, if amounts deducted and withheld are remitted late, if a return is not filed, or if amounts deducted and withheld are not remitted. Interest accrues on past due amounts deducted and withheld at the rate prescribed in section 5703.47 of the Revised Code. The commissioner may collect past due amounts deducted and withheld

and penalties and interest thereon by assessment under section 5747.13 of the Revised Code as if they were income taxes collected by an employer.

(b) If a casino operator or sports gaming proprietor sells the casino facility or sports gaming facility, or otherwise quits the casino or sports gaming business, the amounts deducted and withheld and any penalties and interest thereon are immediately due and payable. The successor shall withhold an amount of the purchase money that is sufficient to cover the amounts deducted and withheld and penalties and interest thereon until the predecessor casino operator or sports gaming proprietor produces either a receipt from the commissioner showing that the amounts deducted and withheld and penalties and interest thereon have been paid or a certificate from the commissioner indicating that no amounts deducted and withheld or penalties and interest thereon are due. If the successor fails to withhold purchase money, the successor is personally liable for payment of the amounts deducted and withheld and penalties and interest thereon, up to the amount of the purchase money.

(C) Annually, on or before the thirty-first day of January, a casino operator or sports gaming proprietor shall issue an information return to each person with respect to whom an amount has been deducted and withheld during the preceding calendar year. The information return shall show the total amount deducted from the person's winnings by the casino operator or sports gaming proprietor during the preceding calendar year.

(D) Amounts deducted and withheld shall be allowed as a credit against payment of the tax imposed by section 5747.02 of the Revised Code and shall be treated as taxes paid for purposes

of section 5747.09 of the Revised Code. This division applies only to the person for whom the amount is deducted and withheld.

(E) The failure of a casino operator or sports gaming proprietor to deduct and withhold the required amount from a person's winnings does not relieve the person from liability for the tax imposed by section 5747.02 of the Revised Code with respect to those winnings. And compliance with this section does not relieve a casino operator or sports gaming proprietor or a person who has winnings from casino gaming or sports gaming from compliance with relevant provisions of federal tax laws.

(F) A sports gaming proprietor that offers lottery sports gaming through a terminal described in division (B)(3) of section 3770.24 of the Revised Code shall not withhold amounts under this section from winnings from wagers placed through that terminal. The state lottery commission shall withhold amounts from those winnings under section 5747.062 of the Revised Code.

(G) The commissioner shall prescribe the form of the receipt and returns required by this section. The director of job and family services shall prescribe the form of the statement required by this section.

~~(H) The commissioner may adopt rules that are necessary to administer this section.~~

Sec. 5747.064. The requirements imposed under this section are in addition to the municipal income tax withholding requirements under section 718.031 of the Revised Code.

(A) As used in this section, "video lottery sales agent" has the same meaning as in section 3770.10 of the Revised Code.

(B) If a person's prize award from a video lottery terminal is an amount for which reporting to the internal

revenue service of the amount is required by section 6041 of the Internal Revenue Code, as amended, the video lottery sales agent shall deduct and withhold Ohio income tax from the person's prize award at a rate of three and one-eighth per cent for calendar year 2025, after ~~the effective date of this amendment~~September 30, 2025, and two and three-quarters per cent for calendar year 2026 and thereafter of the amount won. The video lottery sales agent shall issue, to a person from whose prize award an amount has been deducted or withheld, a receipt for the amount deducted and withheld, and also shall obtain from the person additional information that will be necessary for the video lottery sales agent to prepare the returns required by this section.

(C) Amounts deducted and withheld by a video lottery sales agent are held in trust for the benefit of the state.

(1) On or before the tenth day of each month, the video lottery sales agent shall file a return electronically with the tax commissioner identifying the persons from whose prize awards amounts were deducted and withheld, the amount of each such deduction and withholding during the preceding month, the amount of the prize award from which each such amount was withheld, and any other information required by the commissioner. With the return, the video lottery sales agent shall remit electronically to the commissioner all the amounts deducted and withheld during the preceding month.

(2) A video lottery sales agent shall maintain a record of all receipts issued under division (B) of this section and shall make those records available to the commissioner upon request. Such records shall be maintained in accordance with section 5747.17 of the Revised Code and any rules adopted pursuant

thereto.

(3) Annually, on or before the thirty-first day of January, a video lottery sales agent shall file an annual return electronically with the tax commissioner indicating the total amount deducted and withheld during the preceding calendar year. The video lottery sales agent shall remit electronically with the annual return any amount that was deducted and withheld and that was not previously remitted. If the identity of a person and the amount deducted and withheld with respect to that person were omitted on a monthly return, that information shall be indicated on the annual return.

(4)(a) A video lottery sales agent who fails to file a return and remit the amounts deducted and withheld is personally liable for the amount deducted and withheld and not remitted. The commissioner may impose a penalty of up to one thousand dollars if a return is filed late, if amounts deducted and withheld are remitted late, if a return is not filed, or if amounts deducted and withheld are not remitted. Interest accrues on past due amounts deducted and withheld at the rate prescribed in section 5703.47 of the Revised Code. The commissioner may collect past due amounts deducted and withheld and penalties and interest thereon by assessment under section 5747.13 of the Revised Code as if they were income taxes collected by an employer.

(b) If a video lottery sales agent ceases to operate video lottery terminals, the amounts deducted and withheld and any penalties and interest thereon are immediately due and payable. A successor of the video lottery sales agent that purchases the video lottery terminals from the agent shall withhold an amount of the purchase money that is sufficient to cover the amounts

deducted and withheld and penalties and interest thereon until the predecessor video lottery sales agent produces either a receipt from the tax commissioner showing that the amounts deducted and withheld and penalties and interest thereon have been paid or a certificate from the commissioner indicating that no amounts deducted and withheld or penalties and interest thereon are due. If the successor fails to withhold purchase money, the successor is personally liable for payment of the amounts deducted and withheld and penalties and interest thereon, up to the amount of the purchase money.

(D) Annually, on or before the thirty-first day of January, a video lottery sales agent shall issue an information return to each person with respect to whom an amount has been deducted and withheld during the preceding calendar year. The information return shall show the total amount deducted from the person's prize award by the video lottery sales agent during the preceding year.

(E) Amounts deducted and withheld shall be allowed as a credit against payment of the tax imposed by section 5747.02 of the Revised Code and shall be treated as taxes paid for purposes of section 5747.09 of the Revised Code. This division applies only to the person for whom the amount is deducted and withheld.

(F) The failure of a video lottery sales agent to deduct and withhold the required amount from a person's prize award does not relieve the person from liability for the tax imposed by section 5747.02 of the Revised Code with respect to that income. Compliance with this section does not relieve a video lottery sales agent or a person who has a prize award from compliance with relevant provisions of federal tax laws.

(G) The commissioner shall prescribe the form of the

receipt and returns required by this section ~~and may promulgate any rules necessary to administer the section~~.

Sec. 5747.065. (3) Consult with appropriate state and local government agencies or their representatives, including statewide organizations of local government officials, industrial representatives, and other interested persons.

Although the director is expected to discharge these duties diligently, failure to mail any such notice or copy or to consult with any person does not invalidate any proceeding or action of the director.

(b) Verification of registration pursuant to section 1521.16 of the Revised Code.

(5) For a public water system well that has new or increased capacities for withdrawal or consumptive use that require a permit issued under either section 1521.29 or 1522.12 of the Revised Code, a permit approved by the chief of the division of water resources in the department of natural resources pursuant to section 1521.29 or 1522.12 of the Revised Code.

(C) Divisions (B)(2) and (3) of this section do not apply to a transient noncommunity water system.

(D) If the director approves a well siting application for an applicant that meets the requirements of division (B)(5) of this section, the applicant then shall submit to the director a copy of any certification, continuing monitoring, or other data or reports required by the chief of the division of water resources pursuant to a permit issued under either section 1521.29 or 1522.12 of the Revised Code and any revised ground water model required by the chief.

(E) The director may require the well site applicant to include, in the application, additional information, including but not limited to hydrologic information, in a form prescribed by the director for any public water system that is not required to obtain a permit under either section 1521.23 or 1522.12 of the Revised Code.

(15) Require the owner or operator of a community or nontransient noncommunity water system to do all of the following, as applicable, with regard to laboratory results received under rules adopted under division (A)(14) of this section:

(a) If the laboratory results show that a sample from an individual tap is below the applicable lead threshold as established in rules adopted under this chapter, provide notice of the results of each individual tap sample to the owner and persons served at the residence or other structure where the tap was sampled within a time period specified in rules that is not more than thirty business days after the receipt of the laboratory results;

(b) If the results show that a sample from an individual tap is above the applicable lead threshold as established under rules adopted under this chapter, provide notice of the results of each individual tap sample to the owner and persons served at the residence or other structure where the tap was sampled within a time period specified in rules that is not more than two business days after the receipt of the laboratory results, and do all of the following, as applicable:

(17) Require that if the owner or operator of a community or nontransient noncommunity water system fails to provide the notices required under rules adopted under division (A)(15)(b) or (c)(i) of this section, the director shall provide those notices beginning ten business days from the date that the director receives laboratory results under the rules adopted under division (A)(14) of this section.

(18) Require the owner or operator of a community or nontransient noncommunity water system to submit a map to the director showing areas of the system that are known or are likely to contain lead service lines and identifying

(c) Update and resubmit the information required by divisions (A)(18)(a) and (b) of this section according to a schedule determined by the director, but not less frequently than required under the Safe Drinking Water Act.

(B) The director shall post information on the environmental protection agency's web site about sources of funding that are available to assist communities with lead service line identification and replacement and schools with fountain and water-service fixture replacement.

(C) As required by the director, an owner or operator of a nontransient noncommunity water system that is a school or child care center shall collect additional tap water samples in buildings identified in the map required to be completed by rules adopted under division (A)(18) of this section.

(D) As used in this section:

(1) "Child care center" has the same meaning as in section 5104.01 of the Revised Code.

(2) "School" means a school operated by the board of education of a city, local, exempted village, or joint vocational school district, the governing board of an educational service center, the governing authority of a community school established under Chapter 3314. of the Revised Code, the governing body of a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code, the board of trustees of a college-preparatory boarding school established under Chapter 3328. of the Revised Code, or the governing authority of a chartered or nonchartered nonpublic school.

(3) "Local board of health" means the applicable board of health of a city or general health district or the authority having the duties of a board of health under section 3709.05 of the Revised Code.

Sec. 6111.035. (A) The director of environmental protection, consistent with the Federal Water Pollution Control Act and the regulations adopted thereunder, without application therefor, may issue, modify, revoke, or terminate a general permit under this chapter for both of the following:

(1) Discharge of stormwater; the discharge of liquids, sediments, solids, or water-borne mining related waste, such as, but not limited to, acids, metallic cations, or their salts, from coal mining and reclamation operations; or treatment works whose discharge would have de minimis impact on the waters of the state receiving the discharge;

(2) Installation or modification of disposal systems or any parts thereof, including disposal systems for stormwater or for coal mining and reclamation operations.

A general permit shall apply to a class or category of discharges or disposal systems or to persons conducting similar activities, within any area of the state, including the entire state.

A general permit shall not be issued unless the director determines that the discharges authorized by the permit will have only minimal cumulative adverse effects on the environment when the discharges are considered collectively and individually and if, in the opinion of the director, the discharges, installations, or modifications authorized by the permit are more appropriately authorized by a general permit than by an individual permit.

A general permit shall be issued subject to applicable mandatory provisions and may be issued subject to any applicable permissive provision of the Federal Water Pollution Control Act and the regulations adopted thereunder.

The director, at the director's discretion, may require any person authorized to discharge or to install or modify a disposal system under a general permit to apply for and obtain an individual permit for the discharge, installation, or modification. When a particular discharge, installation, or modification is subject to an individual permit, a general permit shall not apply to that discharge, installation, or modification until the individual permit is revoked, terminated, or modified to exclude the discharge, installation, or modification.

In the case of a general permit issued by the director under this section for coal mining and reclamation operations, a person seeking coverage under such a general permit shall submit a notice of intent to be covered by the general permit and to be

subject to the terms and conditions of the general permit. The notice of intent shall be submitted in accordance with the forms and deadlines specified for the applicable general permit for which coverage is sought. If the director has not granted or denied coverage under the general permit within forty-five days after receipt of the notice of intent, the person seeking coverage shall submit written notice to the director restating the person's request for coverage under the general permit. The director shall grant or deny coverage under the general permit not later than sixty days after receipt of the notice of intent. If, not later than fifteen days after receipt of the person's written notice restating the person's request for coverage, but not earlier than sixty days after receipt of the original notice of intent for coverage under the general permit, the director fails to act on the notice of intent, the discharge that is the subject of the notice of intent is deemed to be permitted and covered by the general permit related to coal mining and reclamation operations. Nothing in this section alters or limits the authority of the director to enforce the terms and conditions of the general permit or limits the director's authority to issue or deny other required permits.

As used in this division, "coal mining and reclamation operations" has the same meaning as in section 1513.01 of the Revised Code.

(B) Notwithstanding any requirement under Chapter 119. of the Revised Code concerning the manner in which notice of a permit action is provided, the director shall not be required to provide certified mail notice to persons subject to the issuance, modification, revocation, or termination of a general permit under division (A) of this section.

Notwithstanding section 3745.07 of the Revised Code concerning the location of newspapers in which notices of permit actions are published, the director shall cause notice of the issuance, modification, revocation, or termination of a general permit to be published in the newspapers of general circulation determined by the director to provide reasonable notice to persons affected by the permit action in the geographic area covered by the general permit within the time periods prescribed by section 3745.07 of the Revised Code. Any notice under this section or section 3745.07 of the Revised Code concerning the issuance, modification, revocation, or termination of a general permit shall include a summary of the permit action and instructions on how to obtain a copy of the full text of the permit action. The director may take other appropriate measures, such as press releases and notice to trade journals, associations, and other persons known to the director to desire notification, in order to provide notice of the director's actions concerning the issuance, modification, revocation, or termination of a general permit; however, the failure to provide such notice shall not invalidate any general permit.

(C) Notwithstanding any other provision of the Revised Code, a person subject to the proposed issuance, modification, revocation, or termination of a general permit under division (A) of this section may request an adjudication hearing pursuant to section 119.07 of the Revised Code concerning the proposed action within thirty days after publication of the notice of the proposed action in newspapers of general circulation pursuant to division (B) of this section. This division shall not be interpreted to affect the authority of the director to take actions on general permits in forms other than proposed general permits.

~~(D) The director may exercise all incidental powers required to carry out this section, including, without limitation, the adoption, amendment, and rescission of rules to implement a general permit program for classes or categories of dischargers or disposal systems.~~

~~(E)~~ On and after the date on which the United States environmental protection agency approves the NPDES program submitted by the director of agriculture under section 903.08 of the Revised Code, this section does not apply to storm water from an animal feeding facility, as defined in section 903.01 of the Revised Code, or to manure, as defined in that section.

~~(F)~~(E) As used in this section, "Federal Water Pollution Control Act" means the "Federal Water Pollution Control Act Amendments of 1972," 86 Stat. 886, 33 U.S.C.A. 1251, as amended by the "Clean Water Act of 1977," 91 Stat. 1566, 33 U.S.C.A. 1251, the "Act of October 21, 1980," 94 Stat. 2360, 33 U.S.C.A. 1254, the "Municipal Wastewater Treatment Construction Grant Amendments of 1981," 95 Stat. 1623, 33 U.S.C.A. 1281, and the "Water Quality Act of 1987," 101 Stat. 7, 33 U.S.C.A. 1251.

Sec. 6111.043. (A) As used in this section and sections 6111.044 to 6111.047 of the Revised Code, "area of review" means the area of review of an injection well as determined under regulations adopted under the "Safe Drinking Water Act," 88 Stat. 1661 (1974), 42 U.S.C.A. 300(f), as amended, or under rules adopted under this section.

(B) This section and sections 6111.044 to 6111.049 of the Revised Code establish a program for regulation of the injection of sewage, industrial waste, hazardous waste, and other wastes into wells in order to control pollution of the waters of the state, to prevent contamination of underground sources of

drinking water, and to satisfy all requirements of the "Safe Drinking Water Act," 88 Stat. 1661 (1974), 42 U.S.C.A. 300(f), as amended, regarding injection wells as defined in regulations adopted under that act. This section and sections 6111.044 to 6111.049 of the Revised Code do not apply to the drilling, conversion, and operation of wells that are subject to Chapter 1509. of the Revised Code.

The director of environmental protection, in consultation with the director of natural resources, shall adopt rules in accordance with Chapter 119. of the Revised Code governing the injection of sewage, industrial waste, hazardous waste, and other wastes into wells. The rules shall ~~include~~ have provisions regarding all of the following:

(1) Applications for and issuance and renewal of injection well drilling and injection well operating permits. The term of an injection well operating permit shall be five years, except that in the case of the injection well drilling permit or renewal of an injection well operating permit, as appropriate, that is first issued on or after the effective date of this amendment for a class I injection well that is in operation on that date, the term of the permit shall be not less than four nor more than six years as determined by the director.

(2) ~~Terms and conditions of such permits;~~

~~(3)~~ Entry to conduct inspections to ascertain compliance with this section, sections 6111.044, 6111.045, and 6111.047 of the Revised Code, and rules adopted and orders and terms and conditions of permits issued thereunder;

~~(4)~~(3) Contingencies involving the mechanical integrity of class I injection wells, including requirements for the

automatic shutdown of an injection well if pressures or the temperature or specific gravity of the sewage, industrial waste, hazardous waste, or other wastes differs from prescribed allowances;

~~(5)~~(4) A requirement that a seismic reflection data survey be conducted at each injection site where a class I injection well is located or proposed to be located in order to determine the presence or absence of such geologic faults or fractures as may be identified by seismic reflection survey data within or near the area around the well where formation pressures may be increased due to the operation of the well. If, prior to the effective date of division ~~(B)(5)~~(B)(4) of this section, a seismic reflection data survey was conducted at an injection site in accordance with a work plan approved by the director or a seismic reflection data survey was conducted at an injection site and the results were approved in writing by the director, the rules adopted under that division shall not require that a new survey be conducted. If there is a change in the area of review of an injection well that is located at an injection site for which a seismic reflection data survey has been conducted, or if a new injection well is proposed to be located at such an injection site, the rules shall require that the owner or operator of the injection site reevaluate the data obtained from the survey. The rules shall require that if, after a reevaluation of the existing survey data, the director determines that the existing data are inadequate to determine the presence or absence of geologic faults or fractures within the altered area of review or to determine the presence or absence of geologic faults or fractures within the area of pressure buildup of the new well, the director may require the owner or operator to submit such additional seismic reflection

data as the director considers necessary or appropriate. All seismic reflection data surveys shall be conducted in accordance with the standards established in rules adopted by the director.

~~(6)~~ (5) A requirement that when the director has reason to believe that the operation of a class I injection well may cause seismic disturbances, a passive seismicity monitoring program be maintained at or near the injection site. The rules adopted under division ~~(B)(6)~~ (B)(5) of this section may require that a microseismicity monitoring program be maintained at an injection site when determined to be necessary or appropriate by the director. All seismicity monitoring programs shall be conducted in accordance with standards established in rules adopted by the director.

~~(7)~~ (6) Definitions of the various classes of injection wells;

~~(8)~~ (7) A determination of the areas of review of injection wells~~;~~

~~(9) Other provisions in furtherance of the goals of this section and the "Safe Drinking Water Act," 88 Stat. 1661 (1974), 42 U.S.C.A. 300(f), as amended~~. The rules adopted under this section shall be consistent with that act and the regulations adopted under it, except that the director may adopt rules under this section that are more stringent than that act and the regulations adopted under it when ~~he~~ the director determines that they are inadequate to protect human health or the environment.

(C) Unless otherwise authorized by rule of the director, no person shall drill a new well or convert an existing well for the purpose of injecting sewage, industrial waste, hazardous

waste, or other wastes, without having obtained an injection well drilling permit issued by the director of environmental protection. The original permit or a true copy thereof shall be displayed in a conspicuous and easily accessible place at the well site. An application for an injection well drilling permit shall be filed with the director upon such form as the director prescribes and shall contain ~~such information as the director requires by rule, including~~ all of the following information:

(1) The name and address of the owner and, if a corporation, the name and address of the statutory agent;

(2) In the case of an applicant for a permit to drill a class I injection well who, at the time of submitting the application, does not hold an injection well operating permit or renewal of such a permit issued under section 6111.044 of the Revised Code, a statement of all relevant expertise of the owner or, if the well is to be operated by a person other than the owner, of the operator, in the operation of class I injection wells and a listing of all class I injection wells that the owner or operator has operated and is operating; the date that each such well was first placed in service or, if the well was first placed in service before the applicant acquired the well, the date that the applicant acquired the well; and the date of issuance, identification number, and expiration date of the permits issued for each such well by the United States or the state in which the injection well is located and, for each such permit, the name and address of the federal or state agency that issued the permit;

(3) The signature of the owner or ~~his~~the owner's authorized agent. When an authorized agent signs an application, it shall be accompanied by a certified copy of ~~his~~the

appointment as such agent.

(4) The proposed well location identified by latitude and longitude, and the location of the tract on which the well is to be drilled identified by latitudes and longitudes, section or lot number, city, village, or township, as applicable, and county;

(5) Designation of the well by name and number;

(6) The name of the geological formation and the approximate depth interval to be tested or used and the proposed total depth of the well;

(7) The type of drilling, completion, and injection equipment proposed to be used;

(8) The plan for disposal of water and other waste substances resulting from or obtained or produced in connection with the drilling, conversion, or testing of the well;

(9) The chemical composition and physical properties of the substance proposed to be injected.

(D) Based upon conditions observed by the director or ~~his~~the director's authorized representative during drilling or completion of a class I injection well, the director may request the holder of an injection well drilling permit issued under section 6111.044 of the Revised Code to submit to the director such information and test results in addition to those submitted with the application as the director considers necessary to more adequately define hydrogeologic conditions at the site of the well and to protect the lowermost underground source of drinking water near the injection well. The director shall include in each injection well drilling permit issued under section 6111.044 of the Revised Code the condition that, upon receiving

such a request from the director, the permit holder promptly submit the additional information or test results to the director.

(E) Unless otherwise authorized by rule of the director, no person shall use a well for the injection of sewage, industrial waste, hazardous waste, or other wastes without first obtaining an injection well operating permit issued by the director. An application for an injection well operating permit or a renewal of such a permit shall be filed on such form as the director prescribes and shall contain the information prescribed in the applicable provisions of divisions (C)(1) to (9) of this section. In addition, an application for an injection well operating permit or renewal of such a permit for a class I injection well shall contain ~~such information as the director requires by rule, including~~ all of the following:

(1) The results of such seismic reflection data surveys, seismic monitoring, and geophysical testing surveys in and surrounding the injection area as are required pursuant to rules adopted under divisions ~~(B)(5)~~(B)(4) and ~~(6)~~(5) of this section;

(2) A plan for ensuring the annual review and testing of the integrity of the well casing and associated well features and, if the application is for a renewal, the results of all such testing since the issuance of the current permit or renewal permit. If this information has been submitted to the director previously as required by rule or applicable technical guidance, it may be included in the application by reference.

(3) A plan for monitoring the lowermost underground source of drinking water near the injection well. When determined to be necessary by the director, the application also shall include a plan for monitoring conditions of other formations within the

area of review of the well, including formation pressures, formation transmissivity, or the vertical or horizontal migration of the injected fluids. If the application is for the renewal of an injection well operating permit, it shall be accompanied by all of the results from the monitoring of the lowermost underground source of drinking water near the well, and from other formation monitoring activities, conducted during the term of the current permit or renewal that had not been submitted to the director previously in accordance with rules adopted under this section, the terms and conditions of the current permit or renewal, or applicable technical guidance.

(4) A plan for conducting a seismicity monitoring program at the injection site when such a monitoring program is required pursuant to rules adopted under division ~~(B)(6)~~ (B)(5) of this section;

If any such information, test results, or samples have been submitted to the director previously upon the request of the director or as required by rule, the terms and conditions of the injection well drilling permit or injection well operating permit or renewal of that operating permit for the well, or applicable technical guidance, the information, test results, or results of the analysis or evaluation of the samples may be included in the application by reference.

(6) A determination accompanied by supporting

documentation describing all areas around the well where formation pressures are predicted by the applicant to be increased due to the operation of the well and an evaluation of whether any resulting potential exists for contamination of any underground source of drinking water or migration of substances injected into the well outside of the anticipated injection zone. The determination shall be made through the use of an hydraulic model acceptable to the director.

(7) An evaluation of all artificial penetrations through the base of any underground source of drinking water within the area of review of the well and a determination of whether the wells are completed or plugged in accordance with the applicable rules adopted under this section or section 1509.15 of the Revised Code~~;~~

~~(8) Such additional information as the director determines to be necessary to carry out his responsibilities under this section and section 6111.044 of the Revised Code~~.

(F) Unless otherwise authorized by rule of the director, each application for an injection well drilling or operating permit or renewal of an injection well operating permit shall be accompanied by a map, on a scale not smaller than four hundred feet to the inch, prepared by an Ohio registered surveyor, showing the location of the well and containing such other data as may be prescribed by the director. If the well is or is to be located within the excavations and workings of an active mine, the map also shall include the location of the mine, the name of the mine, and the name of the person operating the mine. If the well is or is to be located within the excavations of an abandoned mine, the map also shall include the location of the mine and, to the extent that the information is available, the

name of the mine and approximate dates when mining activities occurred at the mine.

(G) Each application for an injection well drilling permit, an injection well operating permit, a renewal of an injection well operating permit, or a modification of an injection well drilling or operating permit or renewal permit shall be accompanied by a nonrefundable fee prescribed by the director by rule as necessary to defray the cost of processing the application.

Sec. 6111.047. (A) For the purpose of defraying the costs to the environmental protection agency of implementing, administering, and enforcing sections 6111.043 to 6111.047 of the Revised Code pertaining to class I injection wells, a fee of one dollar per ton is hereby levied on the injection of industrial waste or other wastes into a class I injection well. The fee levied by this division does not apply to the injection into such a well of any hazardous waste identified or listed in rules adopted under section 3734.12 of the Revised Code. The maximum annual fee for wastes injected at a class I injection facility shall be twenty-five thousand dollars regardless of the number of wells being used at the facility.

The owner or operator of the class I injection facility, as a trustee for the state, shall collect the fee levied under this division and forward it to the director of environmental protection in accordance with the rules adopted under division (C) of this section. The owner or operator shall remit the fee collected under this division to the director upon the anniversary of the date of issuance of ~~his~~the owner's or operator's injection well operating permit or renewal of such a permit, as appropriate. If the class I injection facility

consists of more than one injection well, the owner or operator shall remit the fee to the director on the anniversary of the date of issuance of the injection well operating permit or renewal of such a permit for which the anniversary of the date of issuance next succeeds the first day of January. If payment is late, the owner or operator shall pay to the director a penalty of ten per cent of the amount of the fee for each month that it is late.

(B) The director shall credit the moneys received under division (A) of this section to the underground injection control fund created in section 6111.046 of the Revised Code.

(C) The director, by rules adopted in accordance with Chapter 119. of the Revised Code, shall prescribe any dates not specified in this section and procedures for collecting and forwarding the fee levied by this section. ~~The rules may prescribe other requirements for implementing and administering this section.~~

(D) No person shall fail to comply with this section or a rule adopted under it.

Sec. 6111.049. Section 6111.047 and rules adopted under division ~~(B)(5)~~ (B)(4) of section 6111.043 of the Revised Code do not apply to any nonhazardous class I injection well that disposes of naturally occurring formation fluids extracted during salt mining processes into an injection zone consisting of the Oriskany sandstone at depths of not more than one thousand five hundred feet.

Sec. 6111.32. (A) In order to ensure the regular and orderly maintenance of federal navigation channels and ports in this state, the director of environmental protection shall

endeavor to work with the United States army corps of engineers on a dredging plan that focuses on long-term planning for the disposition of dredged material consistent with the requirements established in this section.

(B) On and after July 1, 2020, no person shall deposit dredged material in the portion of Lake Erie that is within the jurisdictional boundaries of this state or in the direct tributaries of Lake Erie within this state that resulted from harbor or navigation maintenance activities unless the director has determined that the dredged material is suitable for one of the locations, purposes, or activities specified in division (C) of this section and has issued a section 401 water quality certification authorizing the deposit.

(C) The director may authorize the deposit of dredged material in the portion of Lake Erie that is within the jurisdictional boundaries of this state or in the direct tributaries of Lake Erie within this state that resulted from harbor or navigation maintenance activities for any of the following:

(1) Confined disposal facilities;

(2) Beneficial use projects;

(3) Beach nourishment projects if at least eighty per cent of the dredged material is sand;

(4) Placement in the littoral drift if at least sixty per cent of the dredged material is sand;

(5) Habitat restoration projects;

(6) Projects involving amounts of dredged material that do not exceed ten thousand cubic yards, including material

associated with dewatering operations related to dredging operations.

(D) In order to coordinate the activities and responsibilities established under this chapter and Chapter 1506. of the Revised Code, the director shall consult with the director of natural resources when approving the location in which dredged material is proposed to be deposited in the portion of Lake Erie that is within the jurisdictional boundaries of this state or in the direct tributaries of Lake Erie within this state.

(E) The director of environmental protection, in consultation with the director of natural resources, may determine that financial, environmental, regulatory, or other factors exist that result in the inability to comply with this section. After making that determination, the director of environmental protection, through the issuance of a section 401 water quality certification, may allow for open lake placement of dredged material from the Maumee river, Maumee bay federal navigation channel, and Toledo harbor.

~~(F) The director may adopt rules in accordance with Chapter 119. of the Revised Code that are necessary for the implementation of this section.~~

Sec. 6111.451. Not later than one hundred eighty days after ~~the effective date of this section~~March 29, 2007, the director of environmental protection shall adopt rules in accordance with Chapter 119. of the Revised Code specifying construction activities that do not, by themselves, constitute installing works for the treatment or disposal of sewage or other waste for which approval of plans is required under section 6111.44 or 6111.45 of the Revised Code. The activities

shall include the grading and clearing of land, on-site storage of portable parts and equipment, and the construction of foundations or buildings that are not directly related to the installation of treatment or disposal works. The rules also shall allow specified initial activities that are part of the installation of treatment or disposal works, such as the installation of electrical and other utilities for the works, prior to the approval of the plans for the works, provided that the owner or operator of the works has submitted the complete plans for the works to the director and has notified the director that this activity will be undertaken prior to the approval of the plans. Any activity that is undertaken under the rules adopted under this section shall be at the risk of the owner or operator. The rules adopted under this section, to the extent possible, shall be consistent with rules adopted under division ~~(F)(5)~~(E)(5) of section 3704.03 of the Revised Code.

Sec. 6115.51. The treasurer of a sanitary district shall, at the time of taking office, execute and deliver to the president of the board of directors of the sanitary district, a bond with good and sufficient sureties, to be approved by the board, conditioned that the treasurer shall account for and pay over as required by law, and as ordered by the board, all money received by ~~him~~the treasurer on the sale of any of such bonds or from any other source, and that ~~he~~the treasurer will only sell and deliver such bonds to the purchasers thereof under and according to the terms prescribed in this section and section 6115.50 of the Revised Code. The treasurer of the district shall promptly report all sales of bonds to the board, and the board shall issue warrants at the proper time for the payment of the principal, including mandatory sinking fund payments, and premium, if any, and the interest payments coming due on all

bonds sold, and the treasurer shall place sufficient funds at the place of payment to pay the bonds. In case proper warrants are not issued by the board as provided in this section, the treasurer of the district shall ~~of his own accord~~ place funds at the place of payment.

The successor in office of any treasurer of a sanitary district is not entitled to the bonds or the proceeds thereof until ~~he~~the successor has complied with this section. If it is deemed more expedient by the board, as to moneys derived from the sale of bonds issued or from any other source, the board may by resolution select some suitable bank or banks or other depository, which depository shall be a qualified trustee as provided in section 135.18 of the Revised Code to hold and disburse such moneys on the orders of the board as the work progresses, until such fund is exhausted or transferred to the treasurer of the district by order of the board. The funds derived from the sale of any of such bonds shall be used only for paying the cost of the works and improvements and such costs, expenses, fees, and salaries, including financing costs, as are authorized by law.

The district may secure the payment of loans authorized by this chapter in the same manner as it may secure the payment of bonds~~, and the board may make any necessary rules to provide for such payment~~. A party who has not sought a remedy against any proceeding under this chapter, until after bonds have been sold or the work constructed, cannot for any cause have an injunction against the collection of taxes or assessments for the payment of such bonds.

Such bonds are negotiable instruments under Chapter 1303. of the Revised Code, and when executed under such sections, and

when sold in the manner prescribed in this section and section 6115.50 of the Revised Code and the consideration therefor is received by the district, shall not be invalidated for any irregularity or defect in the proceedings for the issue and sale thereof, and are incontestable in the hands of bona fide purchasers or holders thereof for value. No proceedings in respect to the issuance of any such bonds shall be necessary except such as are required by this chapter.

Moneys in the funds of the district, in excess of current needs, may be invested in investments authorized under Chapter 135. of the Revised Code for the investment of interim moneys, except as otherwise provided in any resolution authorizing the issuance of its revenue bonds, in any trust agreement securing its revenue bonds, or in any other resolution authorizing the investment of its funds. Income from all such investments of moneys in any fund shall be credited to such funds as the board determines, subject to any such resolution or trust agreement, and such investments may be sold at such times as the treasurer determines.
