(C) Any action taken by the board under division (A) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or permit may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. (D) When the board refuses to grant or issue a license or permit to an applicant, revokes an individual's license or permit, refuses to renew an individual's license or permit, or refuses to reinstate an individual's license or permit, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or permit and the board shall not accept an application for reinstatement of the license or permit or for issuance of a new license or permit.

(E) Disciplinary actions taken by the board under division (A) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the

findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(F) In enforcing division (A)(14) of this section, the board, upon a showing of a possible violation, shall refer any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in division (A)(14) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or permit. For the purpose of division (A)(14) of this section, any individual who applies for or receives a license or permit under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(G) For the purposes of division (A)(18) of this section, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or permit under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for a license or permit suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual

compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or permit or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license or permit, to submit to treatment.

Before being eligible to apply for reinstatement of a license or permit suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or permit. The demonstration shall include, but shall not be limited to, the following:

- (2) Evidence of continuing full compliance with an aftercare contract or consent agreement;
- (3) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or permit suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(H)(1) If either of the following circumstances occur, the secretary and supervising member may recommend that the board suspend an individual's license or permit without a prior hearing:

- (a) The secretary and supervising member determine both of the following:
  - (i) That there is clear and convincing evidence that an individual has violated division (A) of this section;
  - (ii) That the individual's continued practice presents a danger of immediate and serious harm to the public.
- (b) The board receives verifiable information that a licensee has been charged in any state or

federal court for a crime classified as a felony under the charging court's law and the conduct charged constitutes a violation of division (A) of this section.

(2) If a recommendation is made to suspend without a prior hearing pursuant to division (H)(1) of this section, written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or permit without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall serve a written order of suspension in accordance with sections 119.05 and 119.07 of the Revised Code. ~~The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code.~~ If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

(3) Any summary suspension imposed under ~~this division~~ (H)(2) of this section is not a final appealable order and is not an adjudication that may be appealed under section 119.12 of the Revised Code. The summary suspension shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. Once a final adjudicative order has been issued by the board, any party adversely affected by it may file an appeal in accordance with the requirements of Chapter 119. of the Revised Code. The

The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(I) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) of this section.

(J) For purposes of divisions (A)(5), (7), and (9) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(K) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under

this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(L) If the board takes action under division (A)(4), (6), or (8) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition for reconsideration and supporting court documents, the board shall reinstate the individual's license or permit. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (A) of this section.

(M) The license or permit issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, trafficking in persons, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or permit.

The board shall serve the individual subject to the suspension in accordance with sections 119.05 and 119.07 of the Revised Code. If an individual whose license or permit is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license or permit.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or permit issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or permit surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or permit made under the provisions of this chapter may not

be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or permit in accordance with this chapter does not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4759.064 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

(5) At the request of the board, a license or permit holder shall immediately surrender to the board a license or permit that the board has suspended, revoked, or permanently revoked.

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of anesthesiologist assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice;

(19) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4760.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to comply with any code of ethics established by the national commission for the certification of anesthesiologist assistants;

(22) Failure to notify the state medical board of the revocation or failure to maintain certification from the national commission for certification of anesthesiologist assistants.

(C) The board shall not refuse to issue a certificate to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an anesthesiologist assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice issued under this chapter, or applies for a license to practice, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, shall refer any individual who holds, or has applied for, a license issued under this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to this chapter to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an anesthesiologist assistant unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the anesthesiologist assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice issued under this chapter or any applicant for a license to practice suffers such impairment, the board shall report the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division,

the anesthesiologist assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

- (a) Certification from a treatment provider approved under section 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;
- (b) Evidence of continuing full compliance with an aftercare contract or consent agreement;
- (c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired anesthesiologist assistant resumes practice, the board shall require continued monitoring of the anesthesiologist assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the anesthesiologist assistant has maintained sobriety.

(H)(1) If either of the following circumstances occur, the secretary and supervising member may recommend that the board suspend the individual's license without a prior hearing:

(a) The secretary and supervising member determine that there is clear and convincing evidence that an anesthesiologist assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public.

(b) The board receives verifiable information that a licensee has been charged in any state or federal court for a crime classified as a felony under the charging court's law and the conduct charged constitutes a violation of division (B) of this section.

(2) If a recommendation is made to suspend without a prior hearing pursuant to division (H)(1) of this section, written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall serve a written order of suspension in accordance with sections 119.05 and 119.07 of the Revised Code. ~~The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code.~~ If the anesthesiologist assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the anesthesiologist assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

(3) A summary suspension imposed under ~~this division~~ (H)(2) of this section is not a final appealable order and is not an adjudication that may be appealed under section 119.12 of the Revised Code. The summary suspension shall remain in effect, ~~unless reversed on appeal,~~ until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. Once a final adjudicative order has been issued by the board, any party adversely affected by it may file an appeal in accordance with the requirements of Chapter 119. of the Revised Code. The

The board shall issue its final adjudicative order within ~~sixty-seventy-five~~ days after completion of its hearing. Failure to issue the order within ~~sixty-seventy-five~~ days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of an anesthesiologist assistant and the assistant's practice in this state are automatically suspended as of the date the anesthesiologist assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, trafficking in persons, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall serve the individual subject to the suspension in accordance with sections 119.05 and 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that

contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the anesthesiologist assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as an anesthesiologist assistant to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as an anesthesiologist assistant and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license to practice in accordance with section 4760.06 of the Revised Code does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4760.062 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

Sec. 4760.99. (A) Whoever violates section 4760.02 of the Revised Code is guilty of a misdemeanor of the first degree on a first offense; on each subsequent offense, the person is guilty of a felony of the fourth degree.

(B)(1) Whoever violates division (B)(1), (C)(1), (C)(2), (D), or (E) of section 4760.16 of the Revised Code is guilty of a minor misdemeanor on a first offense; on each subsequent offense the person is guilty of a misdemeanor of the fourth degree, except that an individual guilty of a subsequent offense shall not be subject to imprisonment, but to a fine alone of up to one thousand dollars for each offense.

(2) Whoever violates division (B)(2) or (C)(3) of section 4760.16 of the Revised Code is guilty of ~~failure to report criminal conduct or sexual misconduct,~~ a misdemeanor of the fourth degree. ~~If the offender has previously been convicted of a violation of this division, the failure to~~

~~report on a first offense; on each subsequent offense, the person is guilty of~~ a misdemeanor of the first degree.

(C) Whoever violates division (E) of section 4760.14 of the Revised Code is guilty of ~~disclosing confidential investigatory information~~, a misdemeanor of the first degree.

Sec. 4761.09. (A) The state medical board, by an affirmative vote of not fewer than six members, shall, except as provided in division (B) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license or limited permit, refuse to issue a license or limited permit to an individual, refuse to renew a license or limited permit, refuse to reinstate a license or limited permit, or reprimand or place on probation the holder of a license or limited permit for one or more of the following reasons:

(1) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(2) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(3) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(4) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(5) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(6) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(7) Except when civil penalties are imposed under section 4761.091 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter or the rules adopted by the board;

(8) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of respiratory care; or in securing or attempting to secure any license or permit issued by the board under this chapter.

As used in division (A)(8) of this section, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Committing fraud during the administration of the examination for a license to practice or committing fraud, misrepresentation, or deception in applying for, renewing, or securing any license or permit issued by the board;

(10) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is

established;

(11) Violating the standards of ethical conduct adopted by the board, in the practice of respiratory care;

(12) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(13) Violation of the conditions of limitation placed by the board upon a license or permit;

(14) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;

(15) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(16) The revocation, suspension, restriction, reduction, or termination of practice privileges by the United States department of defense or department of veterans affairs;

(17) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency for any act or acts that also would constitute a violation of division (A)(10), (12), or (14) of this section;

(18) Impairment of ability to practice according to acceptable and prevailing standards of care because of substance use disorder or excessive use or abuse of drugs, alcohol, or other substances that may impair ability to practice;

(19) Failure to cooperate in an investigation conducted by the board under division (E) of section 4761.03 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(20) Practicing in an area of respiratory care for which the person is clearly untrained or incompetent or practicing in a manner that conflicts with section 4761.17 of the Revised Code;

(21) Employing, directing, or supervising a person who is not authorized to practice respiratory care under this chapter in the performance of respiratory care procedures;

(22) Misrepresenting educational attainments or authorized functions for the purpose of obtaining some benefit related to the practice of respiratory care;

(23) Assisting suicide as defined in section 3795.01 of the Revised Code;

(24) Representing, with the purpose of obtaining compensation or other advantage as

personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured.

Disciplinary actions taken by the board under division (A) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(B) The board shall not refuse to issue a license or limited permit to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(C) Any action taken by the board under division (A) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or permit may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or permit suspended pursuant to division (A) of this section requires an affirmative vote of not fewer than six members of the board.

(D) When the board refuses to grant or issue a license or permit to an applicant, revokes an individual's license or permit, refuses to renew an individual's license or permit, or refuses to reinstate an individual's license or permit, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or permit and the board shall not accept an application for reinstatement of the license or permit or for issuance of a new license or permit.

(E) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) of this section.

(F) In enforcing division (A)(14) of this section, the board, upon a showing of a possible violation, shall refer any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may

compel the individual to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in division (A)(14) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or permit. For the purpose of division (A)(14) of this section, any individual who applies for or receives a license or permit to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(G) For the purposes of division (A)(18) of this section, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or permit under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for a license or permit suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or permit or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license or permit, to submit to treatment.

Before being eligible to apply for reinstatement of a license or permit suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or permit. The demonstration shall include, but shall not be limited to, the following:

(1) Certification from a treatment provider approved under section 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(2) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(3) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or permit suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(H)(1) If either of the following circumstances occur, the secretary and supervising member may recommend that the board suspend an individual's license or permit without a prior hearing:

(a) The secretary and supervising member determine both of the following:

(i) That there is clear and convincing evidence that an individual has violated division (A) of this section;

(ii) That the individual's continued practice presents a danger of immediate and serious harm to the public.

(b) The board receives verifiable information that a licensee has been charged in any state or federal court for a crime classified as a felony under the charging court's law and the conduct charged constitutes a violation of division (A) of this section.

(2) If a recommendation is made to suspend without a prior hearing pursuant to division (H) (1) of this section, written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or permit without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall serve a written order of suspension in accordance with sections 119.05 and 119.07 of the Revised Code. ~~The order shall not be subject to suspension by the court during~~

~~pendency of any appeal filed under section 119.12 of the Revised Code.~~ If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

(3) Any summary suspension imposed under ~~this division (H)(2) of this section is not a final~~ appealable order and is not an adjudication that may be appealed under section 119.12 of the Revised Code. The summary suspension shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. Once a final adjudicative order has been issued by the board, any party adversely affected by it may file an appeal in accordance with the requirements of Chapter 119. of the Revised Code. The

The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(I) For purposes of divisions (A)(2), (4), and (6) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(J) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(K) If the board takes action under division (A)(1), (3), or (5) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition for reconsideration and supporting court documents, the board shall reinstate the individual's license or permit. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (A) of this section.

1958

(L) The license or permit issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, trafficking in persons, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or permit.

The board shall serve the individual subject to the suspension in accordance with sections 119.05 and 119.07 of the Revised Code. If an individual whose license or permit is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license or permit.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or permit issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or permit surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(C) The board shall not refuse to issue a certificate to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an oriental medicine practitioner or acupuncturist or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing or entered into a consent agreement prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice issued under this chapter, or applies for a license to practice, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, upon a showing of a possible

violation, shall refer any individual who holds, or has applied for, a license under this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an oriental medicine practitioner or acupuncturist unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice issued under this chapter or any applicant for a license suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the oriental medicine practitioner or acupuncturist shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

- (a) Certification from a treatment provider approved under section 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;
- (b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired individual resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the individual has maintained sobriety.

(H)(1) If either of the following circumstances occur, the secretary and supervising member may recommend that the board suspend an individual's license to practice without a prior hearing:

(a) The secretary and supervising member determine both of the following:

(i) That there is clear and convincing evidence that an oriental medicine practitioner or acupuncturist has violated division (B) of this section;

(ii) That the individual's continued practice presents a danger of immediate and serious harm to the public.

(b) The board receives verifiable information that a licensee has been charged in any state or federal court for a crime classified as a felony under the charging court's law and the conduct charged constitutes a violation of division (B) of this section.

(2) If a recommendation is made to suspend without a prior hearing pursuant to division (H)(1) of this section, written allegations shall be prepared for consideration by the board. The board, upon review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall serve a written order of suspension in accordance with sections 119.05 and 119.07 of the Revised Code. ~~The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code.~~ If the oriental medicine practitioner or acupuncturist requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the hearing is requested, unless otherwise agreed to by both the board and the license holder.

(3) A summary suspension imposed under ~~this division (H)(2) of this section is not a final~~ appealable order and is not an adjudication that may be appealed under section 119.12 of the Revised Code. The summary suspension shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised

1964

Code becomes effective. Once a final adjudicative order has been issued by the board, any party adversely affected by it may file an appeal in accordance with the requirements of Chapter 119. of the Revised Code. The

The board shall issue its final adjudicative order within sixty-seventy-five days after completion of its hearing. Failure to issue the order within sixty-seventy-five days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the license. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of an oriental medicine practitioner or acupuncturist and the practitioner's or acupuncturist's practice in this state are automatically suspended as of the date the practitioner or acupuncturist pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, trafficking in persons, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall serve the individual subject to the suspension in accordance with sections 119.05 and 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the license may be

reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4762.06 of the Revised Code does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4762.062 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

Sec. 4762.99. (A) Whoever violates section 4762.02 of the Revised Code is guilty of a misdemeanor of the first degree on a first offense; on each subsequent offense, the person is guilty of a felony of the fourth degree.

(10) Procedures by which a firefighter or fire safety inspector who intends to retire may request the department for which the firefighter or inspector performs services to direct the executive director of the state board of emergency medical, fire, and transportation services to designate the firefighter or inspector as "retired" in the board's records when the firefighter or inspector retires.

(C)(1) The executive director, with the advice and counsel of the firefighter and fire safety inspector training committee of the state board of emergency medical, fire, and transportation services, shall issue or renew an instructor certificate to teach the training programs and continuing education classes regulated by this section to any applicant that the executive director determines meets the qualifications established in rules adopted under division (B) of this section, and may take disciplinary action against an instructor certificate holder or applicant in accordance with rules adopted under division (B) of this section.

(2) On and after April 6, 2023, the executive director shall not issue to any new applicant a certificate to practice as an assistant fire instructor. Any assistant fire instructor certificate that was issued in accordance with rules adopted under division (B) of this section prior to April 6, 2023, remains valid, subject to any conditions or responsibilities of retaining the validity of that certificate, until the holder of the certificate allows it to expire or lapse. The certificate may be renewed by the holder of that certificate. The executive director shall adopt, amend, or rescind rules in accordance with Chapter 119. of the Revised Code in order to effectuate division (C)(2) of this section.

(3) The executive director, with the advice and counsel of the committee, shall charter or renew the charter of any training program that the executive director determines meets the

qualifications established in rules adopted under division (B) of this section, and may take disciplinary action against the holder of a charter in accordance with rules adopted under division (B) of this section.

(D) The executive director shall issue or renew a fire training certificate for a firefighter, a fire safety inspector, or another position of any fire training certification level approved by the executive director, to any applicant that the executive director determines meets the qualifications established in rules adopted under division (B) of this section and may take disciplinary actions against a certificate holder or applicant in accordance with rules adopted under division (B) of this section.

(E) Certificates issued under this section shall be on a form prescribed by the executive director, with the advice and counsel of the firefighter and fire safety inspector training committee of the state board of emergency medical, fire, and transportation services.

(F)(1) The executive director, with the advice and counsel of the firefighter and fire safety inspector training committee of the state board of emergency medical, fire, and transportation services, shall establish criteria for evaluating the standards maintained by the branches of the United States military for firefighter, fire safety inspector, and fire instructor training programs, and other training programs recognized by the executive director, to determine whether the standards are equivalent to those established under this section and shall establish requirements and procedures for issuing a certificate to each person who presents proof to the executive director of having satisfactorily completed a training program that meets those standards.

(2) The executive director, with the committee's advice and counsel, shall adopt rules establishing requirements and procedures for issuing a fire training certificate in lieu of completing a chartered training program.

(G) Notwithstanding any requirement for a certificate issued under this section, the executive director shall issue a certificate in accordance with Chapter 4796. of the Revised Code to an individual if either of the following applies:

(1) The individual holds a license or certificate in another state.

(2) The individual has satisfactory work experience, a government certification, or a private certification as described in that chapter as a firefighter or fire safety inspector in a state that does not issue that license or certificate.

(H) Nothing in this section invalidates any other section of the Revised Code relating to the fire training academy. Section 4765.11 of the Revised Code does not affect any powers and duties granted to the executive director under this section.

(I) Notwithstanding any provision of division (B)(4) of this section to the contrary, the executive director shall not adopt rules for refusing to issue any of the certificates or charters regulated by this section to an applicant because of a criminal conviction unless the rules establishing grounds and procedures for refusal are in accordance with section 9.79 of the Revised Code.

Sec. 4767.10. (A) The division of real estate in the department of commerce shall use ~~one dollar~~ six dollars of each burial permit fee collected pursuant to section 3705.17 of the Revised Code and paid into the state treasury to the credit of the cemetery registration fund created under section 4767.03 of the Revised Code to advance grants to cemeteries registered with the division to defray the costs of exceptional cemetery maintenance or training cemetery personnel in the maintenance and operation of cemeteries. The division may not provide a grant to a corporation or association that operates a cemetery for profit. Grants provided under this section shall not exceed five thousand dollars. An operator of five or more cemeteries registered with the division may apply for and receive one grant per year. All other operators of cemeteries registered with the division may apply for and receive one grant every other year. The division shall advance grants from the cemetery registration fund in accordance with rules adopted by the Ohio cemetery dispute resolution commission under Chapter 119. of the Revised Code.

(B) The director of commerce may increase, by rule adopted under Chapter 119. of the Revised Code, the amount of total grants the division may advance in a fiscal year if the director determines the total amount of funds generated exceeds the amount of funds the division needs to carry out its powers and duties under this section. If the director determines the increased amount depletes the amount of funds the division needs to carry out its powers and duties under this section, the director may decrease the amount not below the amount specified in division (A) of this section.

Sec. 4772.20. (A) The state medical board, by an affirmative vote of not fewer than six members, may revoke or may refuse to grant a license to practice as a certified mental health assistant to an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a certified mental health assistant, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
- (3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive,

motor, or perceptive skills;

(6) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;

(7) Willfully betraying a professional confidence;

(8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as a certified mental health assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of certified mental health assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice as a certified mental health assistant;

(19) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4772.21 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to practice in accordance with the supervising physician's supervision agreement with the certified mental health assistant;

(22) Administering drugs for purposes other than those authorized under this chapter;

(23) Failure to comply with section 4772.13 of the Revised Code, unless the board no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(24) Assisting suicide, as defined in section 3795.01 of the Revised Code.

(C) The board shall not refuse to issue a license to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a certified mental health assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice as a certified

mental health assistant issued under this chapter, or applies for a license, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, may compel any individual who holds a license to practice as a certified mental health assistant issued under this chapter or who has applied for a license to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a certified mental health assistant unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the certified mental health assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice as a certified mental health assistant issued under this chapter or any applicant for a license suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the certified mental health assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

1976

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired certified mental health assistant resumes practice, the board shall require continued monitoring of the certified mental health assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the certified mental health assistant has maintained sobriety.

~~(H)~~(H)(1) If either of the following circumstances occur, the secretary and supervising member ~~determine that~~ may recommend that the board suspend the individual's license without a prior hearing:

(a) The secretary and supervising member determine both of the following:

(i) That there is clear and convincing evidence that a certified mental health assistant has violated division (B) of this section~~and that;~~

(ii) That the individual's continued practice presents a danger of immediate and serious harm to the public, ~~they may recommend that the board suspend the individual's license to practice without a prior hearing.~~

(b) The board receives verifiable information that a licensee has been charged in any state or federal court with a crime classified as a felony under the charging court's law and the conduct charged constitutes a violation of division (B) of this section. ~~Written~~

(2) If a recommendation is made to suspend without a prior hearing pursuant to division (H)(1) of this section, written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. ~~The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code.~~ If the certified mental health assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the certified mental health assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

(3) A summary suspension imposed under this division is not a final appealable order and is not an adjudication that may be appealed under section 119.12 of the Revised Code. The summary suspension shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. Once a final adjudicative order has been issued by the board, any party adversely affected by it may file an appeal in accordance with Chapter 119. of the Revised Code. The

The board shall issue its final adjudicative order within sixty-seventy-five days after completion of its hearing. Failure to issue the order within sixty-seventy-five days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(10), (12), or (13) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice as a certified mental health assistant. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of a certified mental health assistant and the assistant's practice in this state are automatically suspended as of the date the certified mental health assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, trafficking in persons, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that

1978

contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the certified mental health assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as a certified mental health assistant to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as a certified mental health assistant and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as a certified mental health assistant issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license to practice in accordance with section 4772.08 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4772.21. (A) The state medical board shall investigate evidence that appears to show that any person has violated this chapter or the rules adopted under it. Any person may report to the board in a signed writing any information the person has that appears to show a violation of any provision of this chapter or the rules adopted under it. In the absence of bad faith, a person who reports such information or testifies before the board in an adjudication conducted under Chapter 119. of the Revised Code shall not be liable for civil damages as a result of reporting the information or providing testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and be recorded by the board.

(B) Investigations of alleged violations of this chapter or rules adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4772.24 of the Revised Code. The board's president may designate another member of the board to supervise the investigation in place of the supervising member. Upon a vote of the majority of the board to authorize the addition of a consumer member in the supervision of any part of any investigation, the president shall designate a consumer member for supervision of investigations as determined by the president. The

authorization of consumer member participation in investigation supervision may be rescinded by a majority vote of the board. A member of the board who supervises the investigation of a case shall not participate in further adjudication of the case.

(C) In investigating a possible violation of this chapter or the rules adopted under it, the board may administer oaths, order the taking of depositions, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board. Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or the rules adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence. When the person being served is a certified mental health assistant, service of the subpoena may be made by certified mail, restricted delivery, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery.

A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for witnesses in civil cases in the courts of common pleas.

(D) All hearings and investigations of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(E) Information received by the board pursuant to an investigation is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given.

The board may share any information it receives pursuant to an investigation, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall

comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

No person shall knowingly access, use, or disclose confidential investigatory information in a manner prohibited by law.

(F) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

- (1) The case number assigned to the complaint or alleged violation;
- (2) The type of license, if any, held by the individual against whom the complaint is directed;
- (3) A description of the allegations contained in the complaint;
- (4) Whether witnesses were interviewed;
- (5) Whether the individual against whom the complaint is directed is the subject of any pending complaints;
- (6) The disposition of the case.

The report shall state how many cases are still pending, and shall be prepared in a manner that protects the identity of each person involved in each case. The report is a public record for purposes of section 149.43 of the Revised Code.

(G) The board may provide a status update regarding an investigation to a complainant on request if the board verifies the complainant's identity.

Sec. 4772.23. (A) As used in this section, "criminal conduct" and "sexual misconduct" have the same meanings as in section 4731.224 of the Revised Code.

(B)(1) Within ~~sixty~~ thirty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical facility, or similar facility, against any individual holding a valid license to practice as a certified mental health assistant, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. On request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that

reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against a certified mental health assistant.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(2) Within thirty days after commencing an investigation regarding criminal conduct or sexual misconduct against any individual holding a valid license to practice issued pursuant to this chapter, a health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical center, or similar facility, shall report to the board the name of the individual and a summary of the underlying facts related to the investigation being commenced.

~~(B)(1)(C)(1)~~ Except as provided in division ~~(B)(2)(C)(2)~~ of this section and subject to division (C)(3) of this section, a certified mental health assistant, professional association or society of certified mental health assistants, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report to the board the information on which the belief is based.

(2) A certified mental health assistant, professional association or society of certified mental health assistants, physician, or professional association or society of physicians that believes a violation of division (B)(6) of section 4772.20 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the program established by the board under section 4731.251 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

~~(C)(3)~~ If any individual authorized to practice under this chapter or any professional association or society of such individuals knows or has reasonable cause to suspect based on facts that would cause a reasonable person in a similar position to suspect that an individual authorized to practice under this chapter has committed or participated in criminal conduct or sexual misconduct, the information upon which the belief is based shall be reported to the board within thirty days.

This division does not apply to a professional association or society whose staff interacts with members of the association or society only in advocacy, governance, or educational capacities and whose staff does not regularly interact with members in practice settings.

(4) In addition to the self-reporting of criminal offenses that is required for license renewal, an individual authorized to practice under this chapter shall report to the board criminal charges regarding criminal conduct, sexual misconduct, or any conduct involving the use of a motor vehicle while under the influence of alcohol or drugs, including offenses that are equivalent offenses under division (A) of section 4511.181 of the Revised Code, violations of division (D) of section 4511.194 of the Revised Code, and violations of division (C) of section 4511.79 of the Revised Code. Reports

under this division shall be made within thirty days of the criminal charge being filed.

(D) Any professional association or society composed primarily of certified mental health assistants that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within ~~sixty~~thirty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against a certified mental health assistant.

~~(D)~~(E) Any insurer providing professional liability insurance to any person holding a valid license to practice as a certified mental health assistant or any other entity that seeks to indemnify the professional liability of a certified mental health assistant shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

- (1) The name and address of the person submitting the notification;
- (2) The name and address of the insured who is the subject of the claim;
- (3) The name of the person filing the written claim;
- (4) The date of final disposition;
- (5) If applicable, the identity of the court in which the final disposition of the claim took place.

~~(E)~~(F) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the certified mental health assistant.

~~(F)~~(G) All summaries, reports, and records received and maintained by the board pursuant to this section shall be ~~held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a certified mental health assistant, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against a certified mental health assistant or supervising physician, or in any subsequent trial or appeal of a board action or order.~~

~~The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing a certified mental health assistant or supervising physician, if applicable, or~~

~~reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board~~confidential pursuant to division (E) of section 4772.21 of the Revised Code.

~~(G)~~(H) Except for reports filed by an individual pursuant to division ~~(B)(B)(2)~~ or ~~(C)~~ of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the certified mental health assistant. The certified mental health assistant shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

~~(H)~~(I) An individual or entity that reports to the board, reports to the monitoring organization described in section 4731.251 of the Revised Code, or refers an impaired certified mental health assistant to a treatment provider approved by the board under section 4731.25 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

~~(I)~~(J) In the absence of fraud or bad faith, a professional association or society of certified mental health assistants that sponsors a committee or program to provide peer assistance to a certified mental health assistant with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section 4731.251 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer a certified mental health assistant to a treatment provider approved under section 4731.25 of the Revised Code for examination or treatment.

Sec. 4772.99. (A) Whoever violates section 4772.02 of the Revised Code is guilty of a misdemeanor of the first degree on a first offense; on each subsequent offense, the person is guilty of a felony of the fourth degree.

~~(B)~~(B)(1) Whoever violates division ~~(A)~~, ~~(B)(B)(1)~~, ~~(C)(C)(1)~~, ~~or (C)(2)~~, ~~(D)~~, or ~~(E)~~ of section 4772.23 of the Revised Code is guilty of a minor misdemeanor on a first offense; on each subsequent offense the person is guilty of a misdemeanor of the fourth degree, except that an individual guilty of a subsequent offense shall not be subject to imprisonment, but to a fine alone of up to one thousand dollars for each offense.

(2) Whoever violates division (B)(2) or (C)(3) of section 4772.23 of the Revised Code is guilty of a misdemeanor of the fourth degree; on each subsequent offense, the person is guilty of a misdemeanor of the first degree.

(C) Whoever violates division (E) of section 4772.21 of the Revised Code is guilty of a misdemeanor of the first degree.

Sec. 4774.13. (A) The state medical board, by an affirmative vote of not fewer than six members, may refuse to grant a license to practice as a radiologist assistant to, or may revoke the license held by, an individual found by the board to have committed fraud, misrepresentation, or

1984

deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a radiologist assistant, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
- (3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
- (6) Impairment of ability to practice according to acceptable and prevailing standards of care because of substance use disorder or excessive use or abuse of drugs, alcohol, or other substances that may impair ability to practice;
- (7) Willfully betraying a professional confidence;
- (8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as a radiologist assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

- (9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;
- (10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;
- (11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;
- (12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;
- (13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for

1985

intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of radiologist assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice as a radiologist assistant;

(19) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4774.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to maintain a license as a radiographer under Chapter 4773. of the Revised Code;

(22) Failure to maintain certification as a registered radiologist assistant from the American registry of radiologic technologists, including revocation by the registry of the assistant's certification or failure by the assistant to meet the registry's requirements for annual registration, or failure to notify the board that the certification as a registered radiologist assistant has not been maintained;

(23) Failure to comply with any of the rules of ethics included in the standards of ethics established by the American registry of radiologic technologists, as those rules apply to an individual who holds the registry's certification as a registered radiologist assistant.

(C) The board shall not refuse to issue a license to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of

1986

an adjudication, the board may enter into a consent agreement with a radiologist assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice as a radiologist assistant issued under this chapter, or applies for a license, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, shall refer any individual who holds, or has applied for, a license to practice as a radiologist assistant issued under this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a radiologist assistant unable to practice because of the reasons set forth in division (B) (5) of this section, the board shall require the radiologist assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued,

reinstated, or renewed license. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice as a radiologist assistant issued under this chapter or any applicant for a license suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the radiologist assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

- (a) Certification from a treatment provider approved under section 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;
- (b) Evidence of continuing full compliance with an aftercare contract or consent agreement;
- (c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired radiologist assistant resumes practice, the board shall require continued monitoring of the radiologist assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the radiologist assistant has maintained sobriety.

(H)(1) If either of the following circumstances occur, the secretary and supervising member

1988

may recommend that the board suspend the individual's license to practice without a prior hearing:

(a) The secretary and supervising member determine that there is clear and convincing evidence that a radiologist assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public.

(b) The board receives verifiable information that a licensee has been charged in any state or federal court for a crime classified as a felony under the charging court's law and the conduct charged constitutes a violation of division (B) of this section.

(2) If a recommendation is made to suspend without a prior hearing pursuant to division (H) (1) of this section, written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall serve a written order of suspension in accordance with sections 119.05 and 119.07 of the Revised Code. ~~The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code.~~ If the radiologist assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the radiologist assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

(3) A summary suspension imposed under ~~this division (H)(2)~~ division (H)(2) of this section is not a final appealable order and is not an adjudication that may be appealed under section 119.12 of the Revised Code. ~~The summary suspension shall remain in effect, unless reversed on appeal,~~ until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. Once a final adjudicative order has been issued by the board, any party adversely affected by it may file an appeal in accordance with the requirements of Chapter 119. of the Revised Code. ~~The~~

~~The~~ board shall issue its final adjudicative order within ~~sixty-seventy-five~~ sixty-seventy-five days after completion of its hearing. Failure to issue the order within ~~sixty-seventy-five~~ sixty-seventy-five days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(10), (12), or (13) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice as a radiologist assistant. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the

board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of a radiologist assistant and the assistant's practice in this state are automatically suspended as of the date the radiologist assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, trafficking in persons, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall serve the individual subject to the suspension in accordance with sections 119.05 and 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the radiologist assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as a radiologist assistant to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as a radiologist assistant and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as a radiologist assistant issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license to practice in accordance with section 4774.06 of the Revised Code does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4774.062 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

Sec. 4774.99. (A) Whoever violates division (A)(1) or (2) of section 4774.02 of the Revised Code is guilty of a misdemeanor of the first degree on a first offense; on each subsequent offense, the person is guilty of a felony of the fourth degree.

(B)(1) Whoever violates division (B)(1), (C)(1), (C)(2), (D), or (E) of section 4774.16 of the Revised Code is guilty of a minor misdemeanor on a first offense; on each subsequent offense the person is guilty of a misdemeanor of the fourth degree, except that an individual guilty of a subsequent offense shall not be subject to imprisonment, but to a fine alone of up to one thousand dollars for each offense.

(2) Whoever violates division (B)(2) or (C)(3) of section 4774.16 of the Revised Code is guilty of ~~failure to report criminal conduct or sexual misconduct,~~ a misdemeanor of the fourth degree. ~~If the offender has previously been convicted of a violation of this division, the failure to report~~ on a first offense; on each subsequent offense, the person is guilty of a misdemeanor of the first degree.

(C) Whoever violates division (E) of section 4774.14 of the Revised Code is guilty of ~~disclosing confidential investigatory information,~~ a misdemeanor of the first degree.

Sec. 4778.14. (A) The state medical board, by an affirmative vote of not fewer than six members, may refuse to grant a license to practice as a genetic counselor to, or may revoke the license held by, an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a genetic counselor, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

(1) Permitting the holder's name or license to be used by another person;

(2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;

(3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised

Code, or the rules adopted by the board;

(4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;

(5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;

(6) Impairment of ability to practice according to acceptable and prevailing standards of care because of substance use disorder or excessive use or abuse of drugs, alcohol, or other substances that may impair ability to practice;

(7) Willfully betraying a professional confidence;

(8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as a genetic counselor.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or in another jurisdiction, for any reason other than the nonpayment of fees: the limitation,

revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice as a genetic counselor;

(19) Failure to cooperate in an investigation conducted by the board under section 4778.18 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(20) Failure to maintain the individual's status as a certified genetic counselor;

(21) Failure to comply with the code of ethics established by the national society of genetic counselors.

(C) The board shall not refuse to issue a license to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a genetic counselor or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt,

or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing or took other formal action under Chapter 119. of the Revised Code prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice as a genetic counselor, or applies for a license, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, shall refer any individual who holds, or has applied for, a license to practice as a genetic counselor to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a genetic counselor unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the genetic counselor to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice as a genetic counselor or any applicant for a license suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony

1994

or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the genetic counselor shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired genetic counselor resumes practice, the board shall require continued monitoring of the genetic counselor. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the genetic counselor has maintained sobriety.

(H)(1) If either of the following circumstances occur, the secretary and supervising member may recommend that the board suspend an individual's license to practice without a prior hearing:

(a) The secretary and supervising member determine both of the following:

(i) That there is clear and convincing evidence that a genetic counselor has violated division (B) of this section;

(ii) That the individual's continued practice presents a danger of immediate and serious harm to the public.

(b) The board receives verifiable information that a licensee has been charged in any state or federal court for a crime classified as a felony under the charging court's law and the conduct charged constitutes a violation of division (B) of this section.

(2) If a recommendation is made to suspend without a prior hearing pursuant to division (H)(1) of this section, written allegations shall be prepared for consideration by the board. The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

1995

The board shall serve a written order of suspension in accordance with sections 119.05 and 119.07 of the Revised Code. ~~The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code.~~ If the genetic counselor requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the genetic counselor requests the hearing, unless otherwise agreed to by both the board and the genetic counselor.

(3) A summary suspension imposed under ~~this division~~ (H)(2) of this section is not a final appealable order and is not an adjudication that may be appealed under section 119.12 of the Revised Code. ~~The summary suspension shall remain in effect, unless reversed on appeal,~~ until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. Once a final adjudicative order has been issued by the board, any party adversely affected by it may file an appeal in accordance with the requirements of Chapter 119. of the Revised Code. ~~The~~

The board shall issue its final adjudicative order within ~~sixty-seventy-five~~ sixty-seventy-five days after completion of its hearing. Failure to issue the order within ~~sixty-seventy-five~~ sixty-seventy-five days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(10), (12), or (13) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice as a genetic counselor. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice as a genetic counselor and the counselor's practice in this state are automatically suspended as of the date the genetic counselor pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, trafficking in persons, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall serve the individual subject to the suspension in accordance with sections 119.05 and 119.07 of the Revised Code. If an individual whose license is suspended under this

1996

division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the license of the genetic counselor may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as a genetic counselor to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as a genetic counselor and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as a genetic counselor is not effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4778.06 of the Revised Code does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4778.072 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

Sec. 4778.99. Whoever violates section 4778.02 of the Revised Code is guilty of a misdemeanor of the first degree on a first offense and felony of the fifth degree on each subsequent offense.

Sec. 4785.041. (A) The division of industrial compliance within the department of commerce may renew a license issued under section 4785.04 of the Revised Code if the licensee does all of the following:

- (1) Submits an application for license renewal on a form prescribed by the division;
- (2) Pays the license renewal fee established by the division;
- (3) If the licensee is an elevator mechanic, submits evidence that the applicant has completed the continuing education coursework described in division (B) of this section;

(B) The continuing education courses described in division (A)(3) of this section shall:

- (1) Instruct licensees on new and existing rules and standards adopted by the division;
- (2) Consist of not less than eight hours of instruction;

- (4) Be taught by instructors through continuing education providers approved by the division.

(C) A continuing education instructor who holds a license under this chapter is exempt from the continuing education requirement prescribed in division (A)(3) of this section, provided that any such applicant was qualified as an instructor at any time during the year immediately preceding the scheduled date for the license renewal.

(D)(1) A licensee who is unable to complete the continuing education coursework required under this section before the expiration of the licensee's license due to a temporary disability may apply for a temporary continuing education waiver from the division.

(2) An application for a temporary continuing education waiver shall be made in a form prescribed by the division, which shall be signed by the applicant ~~under the penalty of perjury~~ and accompanied by a ~~certified~~ statement from a competent physician attesting to the temporary disability. If the division grants the waiver, the licensee's license does not expire but is placed on inactive status.

(3) On the termination of the temporary disability, the licensee shall submit to the division a ~~certified~~ statement from the same physician, if practicable, attesting to the termination of the temporary disability. The division shall then take the licensee's license off inactive status and shall issue a waiver sticker, valid for ninety days, to the licensee and affix the sticker to the license. The

1998

licensee may then perform the tasks the license authorizes the licensee to perform but the licensee shall meet the continuing education requirement during this ninety-day period or be considered to have not met the continuing education requirement and the license shall be deemed to be expired.

(E)(1) Approved continuing education providers shall keep uniform records, for a period of ten years, of attendance of licensees in a format approved by the division. Such records shall be available for inspection by the division on request.

(2) Approved training providers are responsible for the security of all attendance records and certificates of completion, provided, however, that falsifying or knowingly allowing another to falsify such attendance records or certificates of completion constitutes grounds for suspension or revocation of a continuing education provider's division approval.

(F) The division shall not renew the license of an individual or entity if the individual or entity would be denied an initial license for a reason listed in division (E) of section 4785.04 of the Revised Code.

Sec. 4903.10. After any order has been made by the public utilities commission, any party who has entered an appearance in person or by counsel in the proceeding may apply for a rehearing in respect to any matters determined in the proceeding. Such application shall be filed within thirty days after the entry of the order upon the journal of the commission.

Notwithstanding the preceding paragraph, in any uncontested proceeding or, by leave of the commission first had in any other proceeding, any affected person, firm, or corporation may make an application for a rehearing within thirty days after the entry of any final order upon the journal of the commission. Leave to file an application for rehearing shall not be granted to any person, firm, or corporation who did not enter an appearance in the proceeding unless the commission first finds:

(A) The applicant's failure to enter an appearance prior to the entry upon the journal of the commission of the order complained of was due to just cause; and,

(B) The interests of the applicant were not adequately considered in the proceeding.

Every applicant for rehearing or for leave to file an application for rehearing shall give due notice of the filing of such application to all parties who have entered an appearance in the proceeding in the manner and form prescribed by the commission.

Such application shall be in writing and shall set forth specifically the ground or grounds on which the applicant considers the order to be unreasonable or unlawful. No party shall in any court urge or rely on any ground for reversal, vacation, or modification not so set forth in the application.

Where such application for rehearing has been filed before the effective date of the order as to which a rehearing is sought, the effective date of such order, unless otherwise ordered by the commission, shall be postponed or stayed pending disposition of the matter by the commission or by operation of law. In all other cases the making of such an application shall not excuse any person from complying with the order, or operate to stay or postpone the enforcement thereof, without a special order of the commission.

Where such application for rehearing has been filed, the commission may grant and hold

such rehearing on the matter specified in such application, if in its judgment sufficient reason therefor is made to appear. Notice of such rehearing shall be given by regular mail to all parties who have entered an appearance in the proceeding.

If the commission does not grant or deny such application for rehearing within thirty days from the date of filing thereof, it is denied by operation of law.

If the commission grants such rehearing, it shall specify in the notice of such granting the purpose for which it is granted. The commission shall also specify the scope of the additional evidence, if any, that will be taken, but it shall not upon such rehearing take any evidence that, with reasonable diligence, could have been offered upon the original hearing.

If, after such rehearing, the commission is of the opinion that the original order or any part thereof is in any respect unjust or unwarranted, or should be changed, the commission may abrogate or modify the same; otherwise such order shall be affirmed. An order made after such rehearing, abrogating or modifying the original order, shall have the same effect as an original order, but shall not affect any right or the enforcement of any right arising from or by virtue of the original order prior to the receipt of notice by the affected party of the filing of the application for rehearing.

If the commission does not affirm, abrogate, or modify the original order within ninety days from the date granting such rehearing, the order is affirmed by operation of law.

No cause of action arising out of any order of the commission, other than in support of the order, shall accrue in any court to any person, firm, or corporation unless such person, firm, or corporation has made a proper application to the commission for a rehearing.

The office may include in that first computation any amount of a public utility's intrastate gross earnings or receipts underreported in a prior year. In addition to whatever penalties apply under the Revised Code to such underreporting, the office shall assess the public utility interest at the rate stated in division (A) of section 1343.01 of the Revised Code. The office shall deposit any interest so collected into the consumers' counsel operating fund. The office may exclude from that first computation any such amounts that were over-reported in a prior year.

The final computation of the assessment shall consist of imposing upon each public utility whose assessment under the first computation would have been one hundred dollars or less an assessment of one hundred dollars and recomputing the assessment of the remaining companies by apportioning an amount equal to the appropriation to the office of consumers' counsel in each fiscal year less the total amount to be recovered from those paying the minimum assessment, in proportion to the intrastate gross earnings or receipts of the remaining companies for the calendar year next preceding that in which the assessments are made, excluding earnings or receipts from sales to other

public utilities for resale.

(B) Through calendar year 2005, on or before the first day of October in each year, the office of consumers' counsel shall notify each public utility of the sum assessed against it, whereupon payment shall be made to the counsel, who shall deposit it into the state treasury to the credit of the consumers' counsel operating fund, which is hereby created. Beginning in calendar year 2006, on or before the fifteenth day of May in each year, the consumers' counsel shall notify each public utility that had a sum assessed against it for the current fiscal year of more than one thousand dollars that fifty per cent of that amount shall be paid to the consumers' counsel by the twentieth day of June of that year as an initial payment of the assessment against the company for the next fiscal year. On or before the first day of October in each year, the consumers' counsel shall make a final determination of the sum of the assessment against each public utility and shall notify each public utility of the sum assessed against it. The consumers' counsel shall deduct from the assessment for each public utility any initial payment received. Payment of the assessment shall be made to the consumers' counsel by the first day of November of that year. The consumers' counsel shall deposit the payments received into the state treasury to the credit of the consumers' counsel operating fund. Any such amounts paid into the fund but not expended by the office shall be credited ratably by the office to the public utilities that pay more than the minimum assessment, according to the respective portions of such sum assessable against them for the ensuing fiscal year, after first deducting any deficits accumulated from prior years. The assessments for such fiscal year shall be reduced

correspondingly.

(C) Within five days after the beginning of each fiscal year through fiscal year 2006, the director of budget and management shall transfer from the general revenue fund to the consumers' counsel operating fund an amount sufficient for maintaining and administering the office of the consumers' counsel and exercising the powers of the consumers' counsel under this chapter during the first four months of the fiscal year. of the Revised Code only to the extent related to service reliability and public safety; and except as otherwise provided in this chapter. The commission's authority to enforce those excepted provisions with respect to a competitive retail electric service shall be such authority as is provided for their enforcement under Chapters 4901. to 4909., 4933., 4935., and 4963. of the Revised Code and this chapter. Nothing in this division shall be construed to limit the commission's authority under sections 4928.141, 4928.142, and 4928.144 of the Revised Code.

(2) A competitive retail electric service supplied by an electric cooperative shall not be subject to supervision and regulation by the commission under Chapters 4901. to 4909., 4933., 4935., and 4963. of the Revised Code, except as otherwise expressly provided in sections 4928.01 to 4928.10 and 4928.16 of the Revised Code.

(B)(1) A noncompetitive retail electric service supplied by an electric utility shall be subject to supervision and regulation by the commission under Chapters 4901. to 4909., 4933., 4935., and 4963. of the Revised Code and this chapter, to the extent that authority is not preempted by federal law. The commission's authority to enforce those provisions with respect to a noncompetitive retail electric service shall be the authority provided under those chapters and this chapter, to the extent the authority is not preempted by federal law. Notwithstanding Chapters 4905. and 4909. of the Revised Code, commission authority under this chapter shall include the authority to provide for the recovery, through a reconcilable rider on an electric distribution utility's distribution rates, of all transmission and transmission-related costs, including ancillary and congestion costs, imposed on or charged to the utility by the federal energy regulatory commission or a regional transmission organization, independent transmission operator, or similar organization approved by the federal energy regulatory commission.

The commission shall adopt, for each electric distribution utility that provides customers with a standard service offer in compliance with sections 4928.141 and 4928.142 of the Revised Code, a ~~nonbypassable~~ bypassable cost recovery mechanism relating to transmission, ancillary, congestion, or any related service required for such standard service offer that includes provisions for the recovery of any cost of such service that the electric distribution utility incurs pursuant to the standard service offer.

(2) The commission shall exercise its jurisdiction with respect to the delivery of electricity by an electric utility in this state so as to ensure that no aspect of the delivery of electricity by the utility to consumers in this state that consists of a noncompetitive retail electric service is unregulated.

(3) A noncompetitive retail electric service supplied by an electric cooperative shall not be subject to supervision and regulation by the commission under Chapters 4901. to 4909., 4933., 4935., and 4963. of the Revised Code, except sections 4933.81 to 4933.90 and 4935.03 of the Revised Code. The commission's authority to enforce those excepted sections with respect to a noncompetitive retail electric service of an electric cooperative shall be such authority as is provided for their enforcement under Chapters 4933. and 4935. of the Revised Code.

2010

Sec. 4928.06. (A) Beginning on the starting date of competitive retail electric service, the public utilities commission shall ensure that the policy specified in section 4928.02 of the Revised Code is effectuated. To the extent necessary, the commission shall adopt rules to carry out this chapter. Initial rules necessary for the commencement of the competitive retail electric service under this chapter shall be adopted within one hundred eighty days after the effective date of this section. Except as otherwise provided in this chapter, the proceedings and orders of the commission under the chapter shall be subject to and governed by Chapter 4903. of the Revised Code.

(B) If the commission determines, on or after the starting date of competitive retail electric service, that there is a decline or loss of effective competition with respect to a competitive retail electric service of an electric utility, which service was declared competitive by commission order issued pursuant to division (A) of section 4928.04 of the Revised Code, the commission shall ensure that that service is provided at compensatory, fair, and nondiscriminatory prices and terms and conditions.

(C) In addition to its authority under section 4928.04 of the Revised Code and divisions (A) and (B) of this section, the commission, on an ongoing basis, shall monitor and evaluate the provision of retail electric service in this state for the purpose of discerning any noncompetitive retail electric service that should be available on a competitive basis on or after the starting date of competitive retail electric service pursuant to a declaration in the Revised Code, and for the purpose of discerning any competitive retail electric service that is no longer subject to effective competition on or after that date. Upon such evaluation, the commission periodically shall report its findings and any recommendations for legislation to the standing committees of both houses of the general assembly that have primary jurisdiction regarding public utility legislation. ~~Until 2008, the commission and the consumer's counsel also shall provide biennial reports to those standing committees, regarding the effectiveness of competition in the supply of competitive retail electric services in this state. In addition, until the end of all market development periods as determined by the commission under section 4928.40 of the Revised Code, those standing committees shall meet at least biennially to consider the effect on this state of electric service restructuring and to receive reports from the commission, consumers' counsel, and director of development.~~

(D) In determining, for purposes of division (B) or (C) of this section, whether there is effective competition in the provision of a retail electric service or reasonably available alternatives for that service, the commission shall consider factors including, but not limited to, all of the following:

- (1) The number and size of alternative providers of that service;
- (2) The extent to which the service is available from alternative suppliers in the relevant market;
- (3) The ability of alternative suppliers to make functionally equivalent or substitute services readily available at competitive prices, terms, and conditions;
- (4) Other indicators of market power, which may include market share, growth in market

share, ease of entry, and the affiliation of suppliers of services.

The burden of proof shall be on any entity requesting, under division (B) or (C) of this section, a determination by the commission of the existence of or a lack of effective competition or reasonably available alternatives.

(E)(1) Beginning on the starting date of competitive retail electric service, the commission has authority under Chapters 4901. to 4909. of the Revised Code, and shall exercise that authority, to resolve abuses of market power by any electric utility that interfere with effective competition in the provision of retail electric service.

(2) In addition to the commission's authority under division (E)(1) of this section, the commission, beginning the first year after the market development period of a particular electric utility and after reasonable notice and opportunity for hearing, may take such measures within a transmission constrained area in the utility's certified territory as are necessary to ensure that retail electric generation service is provided at reasonable rates within that area. The commission may exercise this authority only upon findings that an electric utility is or has engaged in the abuse of market power and that that abuse is not adequately mitigated by rules and practices of any independent transmission entity controlling the transmission facilities. Any such measure shall be taken only to the extent necessary to protect customers in the area from the particular abuse of market power and to the extent the commission's authority is not preempted by federal law. The measure shall remain in effect until the commission, after reasonable notice and opportunity for hearing, determines that the particular abuse of market power has been mitigated.

(F) An electric utility, electric services company, electric cooperative, or governmental aggregator subject to certification under section 4928.08 of the Revised Code shall provide the commission with such information, regarding a competitive retail electric service for which it is subject to certification, as the commission considers necessary to carry out this chapter. An electric utility shall provide the commission with such information as the commission considers necessary to carry out divisions (B) to (E) of this section. The commission shall take such measures as it considers necessary to protect the confidentiality of any such information.

The commission shall require each electric utility to file with the commission on and after the starting date of competitive retail electric service an annual report of its intrastate gross receipts and sales of kilowatt hours of electricity, and shall require each electric services company, electric cooperative, and governmental aggregator subject to certification to file an annual report on and after that starting date of such receipts and sales from the provision of those retail electric services for which it is subject to certification. For the purpose of the reports, sales of kilowatt hours of electricity are deemed to occur at the meter of the retail customer.

Sec. 4928.102. (A) If a competitive retail electric service supplier offers a residential or small commercial customer a contract for a fixed introductory rate that converts to a variable rate upon the expiration of the fixed rate, the supplier shall send two notices to each residential and small commercial customer that enters into such a contract. Each notice shall provide all of the following

2012

information to the customer:

- (1) The fixed rate that is expiring under the contract;
- (2) The expiration date of the contract's fixed rate;
- (3) The public utilities commission web site that, as a comparison tool, lists rates offered by competitive retail electric service suppliers;
- (4) A statement explaining that appearing on each customer's bill is a price-to-compare notice that lists the utility's standard service offer price.

(B) The second notice shall include all the requirements as stated in division (A) of this section and shall also identify the initial rate to be charged upon the contract's conversion to a variable rate.

(C) The notices shall be sent by standard United States mail or electronically with a customer's verifiable consent as follows:

- (1) The supplier shall send the first notice not earlier than ninety days, and not later than sixty days, prior to the expiration of the fixed rate.
- (2) The supplier shall send the second notice not earlier than forty-five days, and not later than fifteen days, prior to the expiration of the fixed rate.

(D) A competitive retail electric service supplier shall provide an annual notice, by standard United States mail or electronically with a customer's verifiable consent, to each residential and small commercial customer that has entered into a contract with the supplier that has converted to a variable rate upon the expiration of the contract's fixed introductory rate. The notice shall inform the customer that the customer is currently subject to a variable rate and that other fixed rate contracts are available.

(E) Not later than one hundred fifty days after ~~the effective date of this section~~ August 14, 2025, the commission shall adopt rules in order to implement divisions (A) to (D) of this section. The rules, at a minimum, shall include the following requirements regarding the notices required under divisions (A) to (D) of this section:

- (1) To use clear and unambiguous language in order to enable the customer to make an informed decision;
- (2) To design the notices in a way to ensure that they cannot be confused with marketing materials.

(F) Notwithstanding any provision of section 121.95 of the Revised Code to the contrary, a regulatory restriction contained in a rule adopted under this section ~~4928.101 of the Revised Code~~ is not subject to sections 121.95 to 121.953 of the Revised Code.

Sec. 4928.34. (A) The public utilities commission shall not approve or prescribe a transition plan under division (A) or (B) of section 4928.33 of the Revised Code unless the commission first makes all of the following determinations:

- (1) The unbundled components for the electric transmission component of retail electric service, as specified in the utility's rate unbundling plan required by division (A)(1) of section

2013

4928.31 of the Revised Code, equal the tariff rates determined by the federal energy regulatory commission that are in effect on the date of the approval of the transition plan under sections 4928.31 to 4928.40 of the Revised Code, as each such rate is determined applicable to each particular customer class and rate schedule by the commission. The unbundled transmission component shall include a sliding scale of charges under division (B) of section 4905.31 of the Revised Code to ensure that refunds determined or approved by the federal energy regulatory commission are flowed through to retail electric customers.

(2) The unbundled components for retail electric distribution service in the rate unbundling plan equal the difference between the costs attributable to the utility's transmission and distribution rates and charges under its schedule of rates and charges in effect on the effective date of this section, based upon the record in the most recent rate proceeding of the utility for which the utility's schedule was established, and the tariff rates for electric transmission service determined by the federal energy regulatory commission as described in division (A)(1) of this section.

(3) All other unbundled components required by the commission in the rate unbundling plan equal the costs attributable to the particular service as reflected in the utility's schedule of rates and charges in effect on the effective date of this section.

(4) The unbundled components for retail electric generation service in the rate unbundling plan equal the residual amount remaining after the determination of the transmission, distribution, and other unbundled components, and after any adjustments necessary to reflect the effects of the amendment of section 5727.111 of the Revised Code by Sub. S.B. No. 3 of the 123rd general assembly.

(5) All unbundled components in the rate unbundling plan have been adjusted to reflect any base rate reductions on file with the commission and as scheduled to be in effect by December 31, 2005, under rate settlements in effect on the effective date of this section. However, all earnings obligations, restrictions, or caps imposed on an electric utility in a commission order prior to the effective date of this section are void.

(6) Subject to division (A)(5) of this section, the total of all unbundled components in the rate unbundling plan are capped and shall equal during the market development period, except as specifically provided in this chapter, the total of all rates and charges in effect under the applicable bundled schedule of the electric utility pursuant to section 4905.30 of the Revised Code in effect on the day before the effective date of this section, including the transition charge determined under section 4928.40 of the Revised Code, adjusted for any changes in the taxation of electric utilities and retail electric service under Sub. S.B. No. 3 of the 123rd General Assembly; and the universal service percentage of income payment plan rider authorized by section 4928.51-4928.52 of the Revised Code, and the temporary rider authorized by section 4928.61 of the Revised Code. For the purpose of this division, the rate cap applicable to a customer receiving electric service pursuant to an arrangement approved by the commission under section 4905.31 of the Revised Code is, for the term of the arrangement, the total of all rates and charges in effect under the arrangement. For any

2014

rate schedule filed pursuant to section 4905.30 of the Revised Code or any arrangement subject to approval pursuant to section 4905.31 of the Revised Code, the initial tax-related adjustment to the rate cap required by this division shall be equal to the rate of taxation specified in section 5727.81 of the Revised Code and applicable to the schedule or arrangement. To the extent such total annual amount of the tax-related adjustment is greater than or less than the comparable amount of the total annual tax reduction experienced by the electric utility as a result of the provisions of Sub. S.B. No. 3 of the 123rd general assembly, such difference shall be addressed by the commission through accounting procedures, refunds, or an annual surcharge or credit to customers, or through other appropriate means, to avoid placing the financial responsibility for the difference upon the electric utility or its shareholders. Any adjustments in the rate of taxation specified in section 5727.81 of the Revised Code shall not occur without a corresponding adjustment to the rate cap for each such rate schedule or arrangement. The department of taxation shall advise the commission and self-assessors under section 5727.81 of the Revised Code prior to the effective date of any change in the rate of taxation specified under that section, and the commission shall modify the rate cap to reflect that adjustment so that the rate cap adjustment is effective as of the effective date of the change in the rate of taxation. This division shall be applied, to the extent possible, to eliminate any increase in the price of electricity for customers that otherwise may occur as a result of establishing the taxes contemplated in section 5727.81 of the Revised Code.

(7) The rate unbundling plan complies with any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code.

(8) The corporate separation plan required by division (A)(2) of section 4928.31 of the Revised Code complies with section 4928.17 of the Revised Code and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code.

(9) Any plan or plans the commission requires to address operational support systems and any other technical implementation issues pertaining to competitive retail electric service comply with any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code.

(10) The employee assistance plan required by division (A)(4) of section 4928.31 of the Revised Code sufficiently provides severance, retraining, early retirement, retention, outplacement, and other assistance for the utility's employees whose employment is affected by electric industry restructuring under this chapter.

(11) The consumer education plan required under division (A)(5) of section 4928.31 of the Revised Code complies with former section 4928.42 of the Revised Code and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code.

(12) The transition revenues for which an electric utility is authorized a revenue opportunity under sections 4928.31 to 4928.40 of the Revised Code are the allowable transition costs of the utility as such costs are determined by the commission pursuant to section 4928.39 of the Revised Code, and the transition charges for the customer classes and rate schedules of the utility are the

2015

charges determined pursuant to section 4928.40 of the Revised Code.

(13) Any independent transmission plan included in the transition plan filed under section 4928.31 of the Revised Code reasonably complies with section 4928.12 of the Revised Code and any rules adopted by the commission under division (A) of section 4928.06 of the Revised Code, unless the commission, for good cause shown, authorizes the utility to defer compliance until an order is issued under division (G) of section 4928.35 of the Revised Code.

(14) The utility is in compliance with sections 4928.01 to 4928.11 of the Revised Code and any rules or orders of the commission adopted or issued under those sections.

(15) All unbundled components in the rate unbundling plan have been adjusted to reflect the elimination of the tax on gross receipts imposed by section 5727.30 of the Revised Code.

In addition, a transition plan approved by the commission under section 4928.33 of the Revised Code but not containing an approved independent transmission plan shall contain the express conditions that the utility will comply with an order issued under division (G) of section 4928.35 of the Revised Code.

(B) If the commission finds that any part of the transition plan would constitute an abandonment under sections 4905.20 and 4905.21 of the Revised Code, the commission shall not approve that part of the transition plan unless it makes the finding required for approval of an abandonment application under section 4905.21 of the Revised Code. Sections 4905.20 and 4905.21 of the Revised Code otherwise shall not apply to a transition plan under sections 4928.31 to 4928.40 of the Revised Code.

Sec. 4928.43. (A) Each state agency that provides employment assistance and job training programs, including the ~~bureau of employment department of job and family services and the department of development~~, shall provide concentrated attention through those programs to assisting employees whose employment is affected by electric industry restructuring under this chapter.

(B) To the extent not prohibited by federal law or any law of this state and except as otherwise provided in a labor contract or other agreement, no unencumbered money in a pension fund for employees of electric utilities shall be used for any purpose other than to pay allowable pensions or early retirement buyouts for the employees.

Sec. 4928.51. ~~(A)~~ There is hereby established in the state treasury ~~a universal service the~~ electric partnership plan fund, into which shall be deposited all ~~universal service~~ revenues remitted to the director of ~~development~~ job and family services under this section, for the exclusive purposes of providing funding for the low-income customer assistance programs ~~and for the consumer education program authorized under section 4928.56 of the Revised Code~~, and paying the administrative costs of the low-income customer assistance programs and the consumer education program. Interest on the fund shall be credited to the fund. Disbursements from the fund shall be made to any supplier that provides a competitive retail electric service or a noncompetitive retail electric service to a customer who is approved to receive assistance under a specified low-income customer assistance program and to any authorized provider of weatherization or energy efficiency

2016

service to a customer approved to receive such assistance under a specified low-income customer assistance program.

~~(B) Universal service revenues~~ Revenues deposited in the electric partnership plan fund shall include all of the following:

~~(1) Revenues~~ revenues remitted to the director after collection by an electric distribution utility beginning July 1, 2000, attributable to the collection from customers of the universal service rider ~~prescribed under~~ pursuant to division (C) of section 4928.52 of the Revised Code;

~~(2) Revenues~~ remitted to the director that have been collected by an electric distribution utility beginning July 1, 2000, as customer payments under the percentage of income payment plan program, including revenues remitted under division (C) of this section;

~~(3) Adequate revenues~~ remitted to the director after collection by a municipal electric utility or electric cooperative in this state not earlier than July 1, 2000, upon the utility's or cooperative's decision to participate in the low income customer assistance programs.

~~(C)(1) Beginning July 1, 2000, an electric distribution utility shall transfer to the director the right to collect all arrearage payments of a customer for percentage of income payment plan program debt owed to the utility on the day before that date or retain the right to collect that debt but remit to the director all program revenues received by the utility for that customer.~~

~~(2) A current or past percentage of income payment plan program customer is relieved of any payment obligation under the percentage of income payment program for any unpaid arrears accrued by the customer under the program as of the effective date of this section if the customer, as determined by the director, meets both of the following criteria:~~

~~(a) The customer as of that date has complied with customer payment responsibilities under the program.~~

~~(b) The customer is permanently and totally disabled as defined in section 5117.01 of the Revised Code or is sixty five years of age or older as defined in that section.~~

~~(D) The public utilities commission shall complete an audit of each electric utility by July 1, 2000, for the purpose of establishing a baseline for the percentage of income payment plan program component of the low income assistance programs.~~

Sec. 4928.52. (A) ~~Beginning July~~ January 1, 2000, the 2026, the percentage of income payment plan rider shall replace, for each electric distribution utility, the universal service rider shall replace the percentage of income payment plan rider in existence on the effective date of the amendment of this section and any amount in the rates of an electric utility for the funding of low-income customer energy efficiency programs by this act. The ~~universal service~~ percentage of income payment plan rider shall be a rider on retail electric distribution service rates as such rates are determined by the public utilities commission pursuant to this chapter. The ~~universal service~~ percentage of income payment plan rider for the first five years after the starting date of competitive retail electric service shall be the sum of all of recover the following:

(1) The level of prudently incurred costs of providing the percentage of income payment

2017

plan program rider in existence on the effective date of this section for each electric distribution utility;

(2) An amount equal to the level of funding for low income customer energy efficiency programs provided through electric utility rates in effect on the effective date of this section  
The total of the electric distribution utilities' allocated shares, as determined by the public utilities commission, under division (B)(1) of this section;

(3) Any additional amount necessary and sufficient to fund through the universal service percentage of income payment plan rider the administrative costs of the low-income customer assistance programs and the consumer education program created in section 4928.56 of the Revised Code.

(B)(B)(1) If, during or after the five year period specified in division (A) of this section, the director of development, after consultation with the public benefits advisory board created under section 4928.58 of the Revised Code, determines that revenues in the universal service fund and revenues from federal or other sources of funding for those programs, including general revenue fund appropriations for the Ohio energy credit program, will be insufficient to cover the administrative costs of the low income customer assistance programs and the consumer education program and provide adequate funding for those programs, the director shall file a petition with the commission for an increase in the universal service rider. The commission, after reasonable notice and opportunity for hearing, may adjust the universal service rider by the minimum amount necessary to provide the additional revenues. The commission shall not decrease the universal service rider without the approval of the director, after consultation by the director with the advisory board allocate to each electric distribution utility a share of the funding for low-income customer assistance programs administered by the director of job and family services according to each electric distribution utility's annual distribution service revenues.

(2) Each electric distribution utility's allocation determined under division (B)(1) of this section shall include a separately designated allocation equal to the electric distribution utility's share of an amount not to exceed fifteen million dollars annually for funding the consumer education program administered by the department of job and family services under section 4928.56 of the Revised Code.

(C) On the thirtieth day of June of each year, each electric distribution utility shall remit to the department for deposit in the electric partnership plan fund the utility's share of the following:

(1) The utility's allocation determined under division (B)(2) of this section for funding the consumer education program administered by the department of job and family services under section 4928.56 of the Revised Code;

(2) The costs under division (A)(3) of this section for the administration of the low-income customer assistance programs administered by the director.

(C)(D) The universal service percentage of income payment plan rider established under division (A) or (B) of this section shall be set in such a manner so as not to shift among the customer

2018

classes of electric distribution utilities the costs of funding low-income customer assistance programs.

Sec. 4928.53. (A) Beginning July 1, ~~2000~~2026, the director of ~~development is hereby authorized to~~ job and family services shall administer the low-income customer assistance programs, except for the percentage of income payment plan rider established under section 4928.52 of the Revised Code. ~~For that purpose, the public utilities commission shall cooperate with and provide such assistance as the director requires for administration of the low-income customer assistance programs.~~ The director shall consolidate the administration of and redesign and coordinate the operations of ~~these~~ the low-income customer assistance programs within the department to provide, to the maximum extent possible, for efficient program administration and a one-stop application and eligibility determination process at the local level for consumers.

(B)(1) ~~Not later than March 1, 2000, the~~ The director, in accordance with Chapter 119. of the Revised Code, shall adopt rules to carry out sections 4928.51 to 4928.58 of the Revised Code and ensure the effective and efficient administration and operation of the low-income customer assistance programs. ~~The rules shall take effect on July 1, 2000.~~

(2) The director's authority to adopt rules under this division for the Ohio energy credit program shall be subject to such rule-making authority as is conferred on the director of development by sections 5117.01 to 5117.12 of the Revised Code, as amended by Sub. S.B. No. 3 of the 123rd general assembly, except that rules initially adopted by the director of development for the Ohio energy credit program shall incorporate the substance of those sections as they exist on the effective date of this section.

(3) ~~The director's~~ Under the director of job and family service's authority to adopt rules under this ~~division~~ section, the director may adopt rules for the percentage of income payment plan program ~~shall include authority to adopt, including~~ rules prescribing criteria for customer eligibility and policies regarding payment and crediting arrangements and responsibilities, and procedures for verifying customer eligibility, procedures for disbursing public funds to suppliers and otherwise administering funds under the director's jurisdiction, and requirements as to timely remittances of revenues described in division (B) of section 4928.51 of the Revised Code. The rules shall prohibit the imposition of a waiting period before enrolling an eligible customer in the percentage of income payment plan. ~~The director's authority in division (B)(3) of this section excludes authority to prescribe service disconnection and customer billing policies and procedures and to address complaints against suppliers under the percentage of payment plan program, which excluded authority shall be exercised by the public utilities commission, in coordination with the director.~~ Rules adopted by the director under this division for the percentage of income payment plan program shall specify a level of payment responsibility to be borne by an eligible customer based on a percentage of the customer's income. ~~Rules initially adopted by the director for the percentage of income payment plan program shall incorporate the eligibility criteria and payment arrangement and responsibility policies set forth in rule 4901:1-18-04(B) of the Ohio Administrative Code in effect on~~

2019

~~the effective date of this section.~~

Sec. 4928.54. ~~The director of development services~~ public utilities commission shall aggregate percentage of income payment plan program customers for the purpose of establishing a competitive procurement process for the supply of competitive retail electric service for those customers. The process shall be an auction. Only bidders certified under section 4928.08 of the Revised Code may participate in the auction.

Sec. 4928.542. The winning bid or bids selected through the competitive procurement process established under section 4928.54 of the Revised Code shall meet all of the following requirements:

(A) Be designed to provide reliable competitive retail electric service to percentage of income payment plan program customers;

(B) Reduce the cost of the percentage of income payment plan program relative to the otherwise applicable standard service offer established under sections 4928.141 and 4928.142 of the Revised Code;

(C) Result in the best value for persons paying the ~~universal service~~ percentage of income payment plan rider under section 4928.52 of the Revised Code.

Sec. 4928.543. ~~The director of development services~~ public utilities commission shall adopt rules ~~in accordance with Chapter 119. of the Revised Code~~ to implement sections 4928.54, 4928.541, and 4928.542 of the Revised Code. The rules shall ensure a fair and unbiased auction process and the performance of the winning bidder or bidders.

Sec. 4928.544. ~~(A) For the purpose of facilitating compliance with sections 4928.54, 4928.541, and 4928.542 of the Revised Code, and upon written request by the director of development services,~~ the public utilities commission shall design, manage, and supervise the competitive procurement process required by section 4928.54 of the Revised Code. To the extent reasonably possible, and to minimize costs, the process may be designed based on any existing competitive procurement process for the establishment of the default generation supply price for electric distribution utilities.

This ~~division~~ section does not preclude a process design that is based on a competitive procurement process that applies to the combined certified territories of electric distribution utilities subject to common ownership.

~~(B) The director of development services shall reimburse the commission for its costs incurred under division (A) of this section. The reimbursements constitute administrative costs of the low income customer assistance programs for the purpose of division (A) of section 4928.51 of the Revised Code.~~

Sec. 4928.545. The public utilities commission shall administer the percentage of income payment plan rider established under section 4928.52 of the Revised Code, including by performing periodic audits of each electric distribution utility's percentage of income payment plan rider.

The commission shall adopt rules for the administration of the percentage of income

2020

payment plan rider and shall cooperate with, and provide such assistance to, the director of job and family services as the director requires for administration of the low-income customer assistance programs.

Sec. 4928.55. The director of ~~development~~ job and family services shall establish an energy efficiency and weatherization program targeted, to the extent practicable, to high-cost, high-volume use structures occupied by customers eligible for the percentage of income payment plan program, with the goal of reducing the energy bills of the occupants. Acceptance of energy efficiency and weatherization services provided by the program shall be a condition for the eligibility of any such customer to participate in the percentage of income payment plan program.

Sec. 4928.56. The director of ~~development~~ job and family services may adopt rules in accordance with Chapter 119. of the Revised Code establishing an education program for consumers eligible to participate in the low-income customer assistance programs. The education program shall provide information to consumers regarding energy efficiency and energy conservation.

Sec. 4928.58. (A) There is hereby created the public benefits advisory board, which has the purpose of ensuring that energy services be provided to low-income consumers in this state in an affordable manner consistent with the policy specified in section 4928.02 of the Revised Code. The advisory board shall consist of twenty-one members as follows: the director of ~~development~~ job and family services, the chairperson of the public utilities commission, the consumers' counsel, and the director of the air quality development authority, each serving ex officio and represented by a designee at the official's discretion; two members of the house of representatives appointed by the speaker of the house of representatives, neither of the same political party, and two members of the senate appointed by the president of the senate, neither of the same political party; and thirteen members appointed by the governor with the advice and consent of the senate, consisting of one representative of suppliers of competitive retail electric service; one representative of the residential class of electric utility customers; one representative of the industrial class of electric utility customers; one representative of the commercial class of electric utility customers; one representative of agricultural or rural customers of an electric utility; two customers receiving assistance under one or more of the low-income customer assistance programs, to represent customers eligible for any such assistance, including senior citizens; one representative of the general public; one representative of local intake agencies; one representative of a community-based organization serving low-income customers; one representative of environmental protection interests; one representative of lending institutions; and one person considered an expert in energy efficiency or renewables technology. Initial appointments shall be made not later than November 1, 1999.

(B) Initial terms of six of the appointed members shall end on June 30, 2003, and initial terms of the remaining seven appointed members shall end on June 30, 2004. Thereafter, terms of appointed members shall be for three years, with each term ending on the same day of the same month as the term it succeeds. Each member shall hold office from the date of the member's

2021

appointment until the end of the term for which the member was appointed. Members may be reappointed.

Vacancies shall be filled in the manner provided for original appointments. Any member appointed to fill a vacancy occurring prior to the expiration date of the term for which the member's predecessor was appointed shall hold office as a member for the remainder of that term. A member shall continue in office after the expiration date of the member's term until the member's successor takes office or until a period of sixty days has elapsed, whichever occurs first.

(C) Board members shall be reimbursed for their actual and necessary expenses incurred in the performance of board duties. The reimbursements constitute, as applicable, administrative costs of the low-income customer assistance programs for the purpose of ~~division (A) of section sections~~ 4928.51 and 4928.52 of the Revised Code ~~or administrative costs of the advanced energy program for the purpose of division (A) of section 4528.61 of the Revised Code.~~

(D) The advisory board shall select a chairperson from among its members. Only board members appointed by the governor with the advice and consent of the senate shall be voting members of the board; each shall have one vote in all deliberations of the board. A majority of the voting members constitute a quorum.

(E) ~~The duties of the advisory board shall be as follows:~~

~~(2) Advise the director on the administration of the advanced energy program and the advanced energy fund under sections 4928.61 to 4928.63 of the Revised Code.~~

(F) The advisory board is not an agency for purposes of sections 101.82 to 101.87 of the Revised Code.

Sec. 4928.61. (A) There is hereby established in the state treasury the advanced energy fund, into which shall be deposited all advanced energy revenues remitted to the director of development under division (B) of this section, for the exclusive purposes of funding the advanced energy program created under section 4928.62 of the Revised Code and paying the program's administrative costs. Interest on the fund shall be credited to the fund.

(B) Advanced energy revenues shall include all of the following:

~~(1) Revenues remitted to the director after collection by each electric distribution utility in this state of a temporary rider on retail electric distribution service rates as such rates are determined by the public utilities commission pursuant to this chapter. The rider shall be a uniform amount statewide, determined by the director of development, after consultation with the public benefits advisory board created by section 4928.58 of the Revised Code. The amount shall be determined by dividing an aggregate revenue target for a given year as determined by the director, after consultation with the advisory board, by the number of customers of electric distribution utilities in~~

2022

~~this state in the prior year. Such aggregate revenue target shall not exceed more than fifteen million dollars in any year through 2005 and shall not exceed more than five million dollars in any year after 2005. The rider shall be imposed beginning on the effective date of the amendment of this section by Sub. H.B. 251 of the 126th general assembly, January 4, 2007, and shall terminate at the end of ten years following the starting date of competitive retail electric service or until the advanced energy fund, including interest, reaches one hundred million dollars, whichever is first.~~

~~(2) Revenues from payments, repayments, and collections under the advanced energy program and from program income;~~

~~(3)(2) Revenues remitted to the director after collection by a municipal electric utility or electric cooperative in this state upon the utility's or cooperative's decision to participate in the advanced energy fund;~~

~~(4)(3) Revenues from renewable energy compliance payments as provided under division (C)(2) of section 4928.64 of the Revised Code;~~

~~(5)(4) Revenue from forfeitures under division (C) of section 4928.66 of the Revised Code;~~

~~(6)(5) Funds transferred pursuant to division (B) of Section 512.10 of S.B. 315 of the 129th general assembly;~~

~~(7)(6) Interest earnings on the advanced energy fund.~~

~~(C)(1) Each electric distribution utility in this state shall remit to the director on a quarterly basis the revenues described in divisions (B)(1) and (2) of this section. Such remittances shall occur within thirty days after the end of each calendar quarter.~~

~~(2) Each participating electric cooperative and participating municipal electric utility shall remit to the director on a quarterly basis the revenues described in division (B)(3) of this section. Such remittances shall occur within thirty days after the end of each calendar quarter. For the purpose of division (B)(3) of this section, the participation of an electric cooperative or municipal electric utility in the energy efficiency revolving loan program as it existed immediately prior to the effective date of the amendment of this section by Sub. H.B. 251 of the 126th general assembly, January 4, 2007, does not constitute a decision to participate in the advanced energy fund under this section as so amended.~~

~~(3) All remittances under divisions (C)(1) and (2) of this section shall continue only until the end of ten years following the starting date of competitive retail electric service or until the advanced energy fund, including interest, reaches one hundred million dollars, whichever is first.~~

~~(D) Any moneys collected in rates for non low income customer energy efficiency programs, as of October 5, 1999, and not contributed to the energy efficiency revolving loan fund authorized under this section prior to the effective date of its amendment by Sub. H.B. 251 of the 126th general assembly, January 4, 2007, shall be used to continue to fund cost effective, residential energy efficiency programs, be contributed into the universal service fund as a supplement to that required under section 4928.53 of the Revised Code, or be returned to ratepayers in the form of a rate reduction at the option of the affected electric distribution utility.~~

2023

Sec. 4928.62. (A) There is hereby created the advanced energy program, which shall be administered by the director of development. Under the program, the director may authorize the use of moneys in the advanced energy fund for financial, technical, and related assistance for advanced energy projects in this state or for economic development assistance, in furtherance of the purposes set forth in section 4928.63 of the Revised Code.

(1) To the extent feasible given approved applications for assistance, the assistance shall be distributed among the certified territories of electric distribution utilities and participating electric cooperatives, and among the service areas of participating municipal electric utilities, in amounts proportionate to the remittances of each utility and cooperative under ~~divisions (B)(1) and (3)~~ division (B)(2) of section 4928.61 of the Revised Code.

(2) The funds described in division ~~(B)(6)~~ (B)(5) of section 4928.61 of the Revised Code shall not be subject to the territorial requirements of division (A)(1) of this section.

(3) The director shall not authorize financial assistance for an advanced energy project under the program unless the director first determines that the project will create new jobs or preserve existing jobs in this state or use innovative technologies or materials.

(B) In carrying out sections 4928.61 to 4928.63 of the Revised Code, the director may do all of the following to further the public interest in advanced energy projects and economic development:

(1) Award grants, contracts, loans, loan participation agreements, linked deposits, and energy production incentives;

(2) Acquire in the name of the director any property of any kind or character in accordance with this section, by purchase, purchase at foreclosure, or exchange, on such terms and in such manner as the director considers proper;

(3) Make and enter into all contracts and agreements necessary or incidental to the performance of the director's duties and the exercise of the director's powers under sections 4928.61 to 4928.63 of the Revised Code;

(4) Employ or enter into contracts with financial consultants, marketing consultants, consulting engineers, architects, managers, construction experts, attorneys, technical monitors, energy evaluators, or other employees or agents as the director considers necessary, and fix their compensation;

(5) Adopt rules prescribing the application procedures for financial assistance under the advanced energy program; the fees, charges, interest rates, payment schedules, local match requirements, and other terms and conditions of any grants, contracts, loans, loan participation agreements, linked deposits, and energy production incentives; criteria pertaining to the eligibility of participating lending institutions; and any other matters necessary for the implementation of the program;

(6) Do all things necessary and appropriate for the operation of the program.

(C) The department of development may hold ownership to any unclaimed energy efficiency

2024

and renewable energy emission allowances provided for in Chapter 3745-14 of the Administrative Code or otherwise, that result from advanced energy projects that receive funding from the advanced energy fund, and it may use the allowances to further the public interest in advanced energy projects or for economic development.

(D) Financial statements, financial data, and trade secrets submitted to or received by the director from an applicant or recipient of financial assistance under sections 4928.61 to 4928.63 of the Revised Code, or any information taken from those statements, data, or trade secrets for any purpose, are not public records for the purpose of section 149.43 of the Revised Code.

(E) Nothing in the amendments of sections 4928.61, 4928.62, and 4928.63 of the Revised Code by Sub. H.B. 251 of the 126th general assembly shall affect any pending or effected assistance, pending or effected purchases or exchanges of property made, or pending or effected contracts or agreements entered into pursuant to division (A) or (B) of this section as the section existed prior to the effective date of those amendments, January 4, 2007, or shall affect the exemption provided under division (C) of this section as the section existed prior to that effective date.

(F) Any assistance a school district receives for an advanced energy project, including a geothermal heating, ventilating, and air conditioning system, shall be in addition to any assistance provided under Chapter 3318. of the Revised Code and shall not be included as part of the district or state portion of the basic project cost under that chapter.

Sec. 4928.63. The director of development ~~and the public benefits advisory board have~~ has the powers and duties provided in sections 4928.61 and 4928.62 of the Revised Code, in order to promote the welfare of the people of this state; stabilize the economy; assist in the improvement and development within this state of not-for-profit entity, industrial, commercial, distribution, residential, and research buildings and activities required for the people of this state; improve the economic welfare of the people of this state by reducing energy costs and by reducing energy usage in a cost-efficient manner using, as determined by the director, both the most appropriate national, federal, or other standards for products and the best practices for the use of technology, products, or services in the context of a total facility or building; and assist in the lowering of energy demand to reduce air, water, or thermal pollution. It is hereby determined that the accomplishment of those purposes is essential so that the people of this state may maintain their present high standards in comparison with the people of other states and so that opportunities for improving the economic welfare of the people of this state, for improving the housing of residents of this state, and for favorable markets for the products of this state's natural resources, agriculture, and manufacturing shall be improved; and that it is necessary for this state to establish the program authorized pursuant to sections 4928.61 and 4928.62 of the Revised Code.

Sec. 4928.66. (A)(1)(a) Beginning in 2009, an electric distribution utility shall implement energy efficiency programs that achieve energy savings equivalent to at least three-tenths of one per cent of the total, annual average, and normalized kilowatt-hour sales of the electric distribution utility during the preceding three calendar years to customers in this state. An energy efficiency

program may include a combined heat and power system placed into service or retrofitted on or after the effective date of the amendment of this section by S.B. 315 of the 129th general assembly, September 10, 2012, or a waste energy recovery system placed into service or retrofitted on or after September 10, 2012, except that a waste energy recovery system described in division (A)(38)(b) of section 4928.01 of the Revised Code may be included only if it was placed into service between January 1, 2002, and December 31, 2004. For a waste energy recovery or combined heat and power system, the savings shall be as estimated by the public utilities commission. The savings requirement, using such a three-year average, shall increase to an additional five-tenths of one per cent in 2010, seven-tenths of one per cent in 2011, eight-tenths of one per cent in 2012, nine-tenths of one per cent in 2013, and one per cent in 2014. In 2015 and 2016, an electric distribution utility shall achieve energy savings equal to the result of subtracting the cumulative energy savings achieved since 2009 from the product of multiplying the baseline for energy savings, described in division (A)(2)(a) of this section, by four and two-tenths of one per cent. If the result is zero or less for the year for which the calculation is being made, the utility shall not be required to achieve additional energy savings for that year, but may achieve additional energy savings for that year. The annual savings requirements shall be, for years 2017, 2018, 2019, and 2020, an additional one per cent of the baseline. For purposes of a waste energy recovery or combined heat and power system, an electric distribution utility shall not apply more than the total annual percentage of the electric distribution utility's industrial-customer load, relative to the electric distribution utility's total load, to the annual energy savings requirement.

(b) Beginning in 2009, an electric distribution utility shall implement peak demand reduction programs designed to achieve a one per cent reduction in peak demand in 2009 and an additional seventy-five hundredths of one per cent reduction each year through 2014. In 2015 and 2016, an electric distribution utility shall achieve a reduction in peak demand equal to the result of subtracting the cumulative peak demand reductions achieved since 2009 from the product of multiplying the baseline for peak demand reduction, described in division (A)(2)(a) of this section, by four and seventy-five hundredths of one per cent. If the result is zero or less for the year for which the calculation is being made, the utility shall not be required to achieve an additional reduction in peak demand for that year, but may achieve an additional reduction in peak demand for that year. In 2017 and each year thereafter through 2020, the utility shall achieve an additional seventy-five hundredths of one per cent reduction in peak demand.

(2) For the purposes of divisions (A)(1)(a) and (b) of this section:

(a) The baseline for energy savings under division (A)(1)(a) of this section shall be the average of the total kilowatt hours the electric distribution utility sold in the preceding three calendar years. The baseline for a peak demand reduction under division (A)(1)(b) of this section shall be the average peak demand on the utility in the preceding three calendar years, except that the commission may reduce either baseline to adjust for new economic growth in the utility's certified territory. Neither baseline shall include the load and usage of any of the following customers:

(i) Beginning January 1, 2017, a customer for which a reasonable arrangement has been approved under section 4905.31 of the Revised Code;

(ii) A customer that has opted out of the utility's portfolio plan under section 4928.6611 of the Revised Code;

(iii) A customer that has opted out of the utility's portfolio plan under Section 8 of S.B. 310 of the 130th general assembly.

(b) The commission may amend the benchmarks set forth in division (A)(1)(a) or (b) of this section if, after application by the electric distribution utility, the commission determines that the amendment is necessary because the utility cannot reasonably achieve the benchmarks due to regulatory, economic, or technological reasons beyond its reasonable control.

(c) Compliance with divisions (A)(1)(a) and (b) of this section shall be measured by including the effects of all demand-response programs for mercantile customers of the subject electric distribution utility, all waste energy recovery systems and all combined heat and power systems, and all such mercantile customer-sited energy efficiency, including waste energy recovery and combined heat and power, and peak demand reduction programs, adjusted upward by the appropriate loss factors. Any mechanism designed to recover the cost of energy efficiency, including waste energy recovery and combined heat and power, and peak demand reduction programs under divisions (A)(1)(a) and (b) of this section may exempt mercantile customers that commit their demand-response or other customer-sited capabilities, whether existing or new, for integration into the electric distribution utility's demand-response, energy efficiency, including waste energy recovery and combined heat and power, or peak demand reduction programs, if the commission determines that that exemption reasonably encourages such customers to commit those capabilities to those programs. If a mercantile customer makes such existing or new demand-response, energy efficiency, including waste energy recovery and combined heat and power, or peak demand reduction capability available to an electric distribution utility pursuant to division (A)(2)(c) of this section, the electric utility's baseline under division (A)(2)(a) of this section shall be adjusted to exclude the effects of all such demand-response, energy efficiency, including waste energy recovery and combined heat and power, or peak demand reduction programs that may have existed during the period used to establish the baseline. The baseline also shall be normalized for changes in numbers of customers, sales, weather, peak demand, and other appropriate factors so that the compliance measurement is not unduly influenced by factors outside the control of the electric distribution utility.

(d)(i) Programs implemented by a utility may include the following:

(I) Demand-response programs;

(II) Smart grid investment programs, provided that such programs are demonstrated to be cost-beneficial;

(III) Customer-sited programs, including waste energy recovery and combined heat and power systems;

(IV) Transmission and distribution infrastructure improvements that reduce line losses;

(V) Energy efficiency savings and peak demand reduction that are achieved, in whole or in part, as a result of funding provided from the ~~universal service~~ electric partnership plan fund established by section 4928.51 of the Revised Code to benefit low-income customers through programs that include, but are not limited to, energy audits, the installation of energy efficiency insulation, appliances, and windows, and other weatherization measures.

(ii) No energy efficiency or peak demand reduction achieved under divisions (A)(2)(d)(i) (IV) and (V) of this section shall qualify for shared savings.

(iii) Division (A)(2)(c) of this section shall be applied to include facilitating efforts by a mercantile customer or group of those customers to offer customer-sited demand-response, energy efficiency, including waste energy recovery and combined heat and power, or peak demand reduction capabilities to the electric distribution utility as part of a reasonable arrangement submitted to the commission pursuant to section 4905.31 of the Revised Code.

(e) No programs or improvements described in division (A)(2)(d) of this section shall conflict with any statewide building code adopted by the board of building standards.

(B) In accordance with rules it shall adopt, the public utilities commission shall produce and docket at the commission an annual report containing the results of its verification of the annual levels of energy efficiency and of peak demand reductions achieved by each electric distribution utility pursuant to division (A) of this section. A copy of the report shall be provided to the consumers' counsel.

(C) If the commission determines, after notice and opportunity for hearing and based upon its report under division (B) of this section, that an electric distribution utility has failed to comply with an energy efficiency or peak demand reduction requirement of division (A) of this section, the commission shall assess a forfeiture on the utility as provided under sections 4905.55 to 4905.60 and 4905.64 of the Revised Code, either in the amount, per day per undercompliance or noncompliance, relative to the period of the report, equal to that prescribed for noncompliances under section 4905.54 of the Revised Code, or in an amount equal to the then existing market value of one renewable energy credit per megawatt hour of undercompliance or noncompliance. Revenue from any forfeiture assessed under this division shall be deposited to the credit of the advanced energy fund created under section 4928.61 of the Revised Code.

(D) The commission may establish rules regarding the content of an application by an electric distribution utility for commission approval of a revenue decoupling mechanism under this division. Such an application shall not be considered an application to increase rates and may be included as part of a proposal to establish, continue, or expand energy efficiency or conservation programs. The commission by order may approve an application under this division if it determines both that the revenue decoupling mechanism provides for the recovery of revenue that otherwise may be forgone by the utility as a result of or in connection with the implementation by the electric distribution utility of any energy efficiency or energy conservation programs and reasonably aligns

the interests of the utility and of its customers in favor of those programs.

(E) The commission additionally shall adopt rules that require an electric distribution utility to provide a customer upon request with two years' consumption data in an accessible form.

(F)(1) As used in divisions (F)(2), (3), and (4) of this section, "portfolio plan" has the same meaning as in division (C)(1) of section 4928.6610 of the Revised Code.

(2) If an electric distribution utility has a portfolio plan in effect as of October 22, 2019, and that plan expires before December 31, 2020, the commission shall extend the plan through that date. All portfolio plans shall terminate on that date.

(3) If a portfolio plan is extended beyond its commission approved term by division (F)(2) of this section, the existing plan's budget shall be increased for the extended term to include an amount equal to the annual average of the approved budget for all years of the portfolio plan in effect as of October 22, 2019.

(4) All other terms and conditions of a portfolio plan extended beyond its commission-approved term by division (F)(2) of this section shall remain the same unless changes are authorized by the commission.

(G)(1) Not later than February 1, 2021, the commission shall determine the cumulative energy savings collectively achieved, since 2009, by all electric distribution utilities in this state as of December 31, 2020. In determining that cumulative total, the commission shall do both of the following:

(a) Include energy savings that were estimated by the commission to be achieved as of December 31, 2020, and banked under division (G) of section 4928.662 of the Revised Code;

(b) Use an energy savings baseline that is the average of the total kilowatt hours sold by all electric distribution utilities in this state in the calendar years 2018, 2019, and 2020. To the extent permitted by federal law and notwithstanding any other provision of the Revised Code that regulates state contracts or contracts involving the expenditure of state or federal funds, all contracts for publicly funded child care shall be entered into in accordance with the provisions of this chapter and are exempt from any other provision of the Revised Code that regulates state contracts or contracts involving the expenditure of state or federal funds.

(2) Each eligible provider that provides publicly funded child care shall participate in the automated child care system. A provider participating in the system shall not do any of the following:

(a) Use or have possession of a personal identification number or password issued to a caretaker parent under the automated child care system;

(2) This chapter or any rules adopted under it.

(E) If the department has evidence that a provider has employed an individual who is ineligible for employment under section 5104.013 of the Revised Code and the provider has not released the individual from employment upon notice that the individual is ineligible, the department may terminate immediately the contract entered into under this section to provide publicly funded child care.

(F) Any decision by the department concerning publicly funded child care, including the recovery of funds, overpayment determinations, and contract terminations is final and is not subject to appeal, hearing, or further review under Chapter 119. of the Revised Code.

Under those procedures, the eligibility determination for each applicant shall be made no later than thirty calendar days from the date the county department receives a completed application for publicly funded child care. Each applicant shall be notified promptly of the results of the eligibility determination. An applicant aggrieved by a decision or delay in making an eligibility determination may appeal the decision or delay to the department of children and youth in accordance with section 5101.35 of the Revised Code. The due process rights of applicants shall be protected.

To the extent permitted by federal law, the county department may make all determinations of eligibility for publicly funded child care, may contract with child care providers or child care resource and referral service organizations for the providers or resource and referral service organizations to make all or any part of the determinations, and may contract with child care providers or child care resource and referral service organizations for the providers or resource and referral service organizations to collect specified information for use by the county department in

making determinations. If a county department contracts with a child care provider or a child care resource and referral service organization for eligibility determinations or for the collection of information, the contract shall require the provider or resource and referral service organization to make each eligibility determination no later than thirty calendar days from the date the provider or resource and referral organization receives a completed application that is the basis of the determination and to collect and transmit all necessary information to the county department within a period of time that enables the county department to make each eligibility determination no later than thirty days after the filing of the application that is the basis of the determination.

The county department may station employees of the department in various locations throughout the county to collect information relevant to applications for publicly funded child care and to make eligibility determinations. The county department, child care provider, and child care resource and referral service organization shall make each determination of eligibility for publicly funded child care no later than thirty days after the filing of the application that is the basis of the determination, shall make each determination in accordance with any relevant rules adopted pursuant to section 5104.38 of the Revised Code, and shall notify promptly each applicant for publicly funded child care of the results of the determination of the applicant's eligibility.

The director of children and youth shall adopt rules in accordance with Chapter 119. of the Revised Code for monitoring the eligibility determination process. In accordance with those rules, the state department shall monitor eligibility determinations made by county departments of job and family services and shall direct any entity that is not in compliance with this division or any rule adopted under this division to implement corrective action specified by the department.

This restriction does not apply to families whose children are eligible for protective child care.

(iii) The eligibility period for publicly funded child care shall be at least twelve months.

~~(b) In accordance with rules adopted under division (B) of section 5104.38 of the Revised Code, an applicant may receive publicly funded child care while the county department determines eligibility. If the county department determines that an applicant is not eligible for publicly funded child care, the child care provider shall be paid for providing publicly funded child care for up to five days after that determination if the county department received a completed application with all required documentation. A program may~~

~~appeal a denial of payment under this division.~~

(e) If a caretaker parent who has been determined eligible to receive publicly funded child care no longer meets the requirements of division (A)(2)(a)(ii) of this section, the caretaker parent may continue to receive publicly funded child care for a period of at least three but not more than four months not to extend beyond the caretaker parent's eligibility period.

(c) If a child turns thirteen, or if a child receiving special needs child care turns eighteen, during the eligibility period, the caretaker parent may continue to receive publicly funded child care until the end of that eligibility period.

Subject to available funds, the department of children and youth shall allow a family to receive publicly funded child care unless the family's income exceeds the maximum income eligibility limit. Initial and continued eligibility for publicly funded child care is subject to available funds unless the family is receiving child care pursuant to division (A)(1), (2), (3), or (4) of section 5104.30 of the Revised Code. If the department must limit eligibility due to lack of available funds, it shall give first priority for publicly funded child care to an assistance group whose income is not more than the maximum income eligibility limit that received transitional child care in the previous month but is no longer eligible because the eligibility period has expired. Such an assistance group shall continue to receive priority for publicly funded child care until its income exceeds the maximum income eligibility limit.

(3) An assistance group that ceases to participate in the Ohio works first program established under Chapter 5107. of the Revised Code is eligible for transitional child care at any time during the immediately following twelve-month period that both of the following apply:

An assistance group ineligible to participate in the Ohio works first program pursuant to section 5101.83 or section 5107.16 of the Revised Code is not eligible for transitional child care.

(B) To the extent permitted by federal law, the department of children and youth may require a caretaker parent determined to be eligible for publicly funded child care to pay a fee according to the schedule of fees established in rules adopted under section 5104.38 of the Revised Code. The department shall make protective child care services and homeless child care services available to children without regard to the income or assets of the caretaker parent of the child.

(C) A caretaker parent receiving publicly funded child care shall report to the entity that determined eligibility any changes in status with respect to employment or participation in a program of education or training not later than ten calendar days after the change occurs.

(D) If the department of children and youth determines that available resources are not sufficient to provide publicly funded child care to all eligible families who request it, the department may establish a waiting list. The department may establish separate waiting lists within the waiting list based on income.

(E) A caretaker parent shall not receive publicly funded child care from more than one child care provider per child during a week, unless a county department grants the family an exemption for one of the following reasons:

(1) The child needs additional care during non-traditional hours;

(2) The child needs to change providers in the middle of the week and the hours of care provided by the providers do not overlap;

(3) The child's provider is closed on scheduled school days off or on calamity days.

(F) As used in this section, "maximum income eligibility limit" means the amount of income specified in rules adopted under division (A) of section 5104.38 of the Revised Code.

Sec. 5104.36. The licensee or administrator of a child care center, type A family child care home, or licensed type B family child care home, an in-home aide providing child care services, the director or administrator of an approved child day camp, and a border state child care provider shall keep a record for each eligible child enrolled with the center, home, in-home aide, camp, or provider, to be made available to the county department of job and family services or the department of children and youth on request. The record shall include all of the following:

Sec. 5104.37. (A) In addition to the duties described in division (D) of section 5104.30 of the Revised Code, the director of ~~job and family services~~ children and youth shall engage in activities to do the following:

(1) Encourage the establishment and licensure of family ~~day-care~~ child care homes in this state, especially in areas with the greatest need for child care;

(2) Connect families and caretaker parents in need of child care with family ~~day-care~~ child care homes not meeting the license capacity specified on their licenses, as described in division (E) of section 5104.03 of the Revised Code.

(B) The director may contract with one or more third-party entities to assist the director in performing the duties described in division (A) of this section.

(C) Not later than May 30, 2023, and periodically thereafter, the director shall submit to the general assembly a report documenting any barriers that may prevent the establishment or licensure of family ~~day-care~~ child care homes. The director shall submit the required report in accordance with section 101.68 of the Revised Code.

~~(C)~~ A schedule of fees requiring all eligible caretaker parents to pay a fee for publicly funded child care according to income and family size, which shall be uniform for all types of publicly funded child care, except as authorized by rule, and, to the extent permitted by federal law, shall permit the use of state and federal funds to pay the customary deposits and other advance payments that a provider charges all children who receive child care from that provider.

(2) The residential facility applying for an interim license meets standards established for interim licenses in rules adopted by the director under division (N) of this section.

An interim license shall be valid for ninety days and may be renewed by the director no more than twice. Proceedings initiated to deny applications for or to revoke interim licenses under this division are not subject to Chapter 119. of the Revised Code.

The court shall have jurisdiction to grant such injunctive relief upon a showing that the respondent named in the petition is operating a facility without a license or there is a present danger to the health or safety of any residents of the facility.

(B) The department of mental health and addiction services may suspend, without a prior hearing, the license of a class one residential facility that serves children if any of the following occurs:

(1) A child suffers a serious injury or dies while residing in the residential facility.

(2) The department, a public children services agency, or a county department of job and

family services determines that a principal, employee, volunteer, or nonresident occupant of the residential facility created a serious risk to the health or safety of a child residing in the facility that resulted in or could have resulted in a child's death or injury.

(3) A principal, employee, resident, volunteer, or nonresident occupant of the facility was charged by an indictment, information, or complaint with an offense relating to the death, injury, or sexual assault of another person that occurred on the premises of the facility.

(C) In suspending a license under division (B) of this section, the department shall comply with section 119.07 of the Revised Code. The owner of a class one residential facility may request an adjudicatory hearing before the department pursuant to sections 119.06 and 119.12 of the Revised Code. If a hearing is requested and the department does not issue its final adjudication order within one hundred twenty days after the suspension, the suspension is void on the one hundred twenty-first day after the suspension, unless the hearing on the suspension is continued on agreement by the parties or for good cause.

(D) Any summary suspension imposed under this section shall remain in effect until any of the following occurs:

(2) All criminal charges are disposed of through dismissal or a finding of not guilty.

(3) The department issues, pursuant to Chapter 119. of the Revised Code, a final order terminating the suspension.

(E) A class one residential facility serving children shall not have children placed in the facility while a summary suspension remains in effect. Upon the issuance of the order of suspension, the department shall place a hold on the license or indicate that the license is suspended in Ohio's statewide automated child welfare information system.

(F) The director of mental health and addiction services may adopt rules in accordance with Chapter 119. of the Revised Code establishing standards and procedures for the summary suspension

(G) This section does not limit the authority of the department to take other action, such as issuing an order suspending the admission of residents to a residential facility, refusing to issue or renew a license for a facility, or revoking a facility's license under section 5119.34 of the Revised Code.

Sec. 5119.345. The department of behavioral health shall publish a directory of all residential facilities licensed under section 5119.34 of the Revised Code on the department's web site. For each facility, the directory shall include all of the following:

Sec. 5119.35. (A) Except as provided in division (B) of this section, if a mental health service or alcohol and drug addiction service has been specified in rules adopted under this section as a service that is required to be certified, no person or government entity shall provide that service unless it has been certified under section 5119.36 of the Revised Code.

(B) Division (A) of this section does not apply to either of the following:

(2) An individual who provides any service that is required to be certified as described in this section as part of an employment or contractual relationship with a hospital outpatient clinic that is accredited by an accreditation agency or organization approved by the director of ~~mental behavioral health and addiction services~~.

(C)(1) If the director of ~~mental behavioral health and addiction services~~ determines that a person or government entity is violating division (A) of this section, the director may request, in writing, that the attorney general petition the court of common pleas in the county where the person or government entity is located or providing the services to enjoin the person or government entity from engaging in the conduct that violates division (A) of this section.

(2) No person or government entity that is subject to this section is eligible to receive, for a service that is subject to this section, any federal funds, state funds, or funds administered by a board of alcohol, drug addiction, and mental health services, unless that service has been certified under section 5119.36 of the Revised Code. This limitation is in addition to the injunction that may be sought under division (C)(1) of this section for a violation of division (A) of this section.

(D) The director may adopt rules in accordance with Chapter 119. of the Revised Code to specify mental health services and alcohol and drug addiction services that are required to be certified under section 5119.36 of the Revised Code.

Sec. 5119.36. (A) A person or government entity that seeks initial certification of one or more certifiable services and supports, or that seeks to renew certification of one or more certifiable services and supports, shall submit an application to the director of ~~mental-behavioral health-and-addiction services~~. On receipt of the application, the director shall determine whether the standards established by ~~divisions~~ division (B) ~~and (C)~~ of this section and any rules adopted under this section are satisfied or continue to be satisfied by the applicant. As part of the determination the director may conduct an on-site review of the applicant. In doing so, the director may conduct the review in cooperation with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code.

Not later than fourteen days after receipt of an ~~initial or renewal application for initial or renewed certification~~, the director shall inform the board of alcohol, drug addiction, and mental health services serving the alcohol, drug addiction, and mental health service district in which the applicant's certifiable services and supports will be provided of the receipt of the application. On the board's request, the director shall provide the board with a copy of the application.

Not later than thirty days after a provider's certification ceases to be valid for any reason, including the provider's failure to renew the certification prior to expiration, the director's acceptance of the provider's surrender of the certification, or the issuance of a final order for disciplinary action under division ~~(G)(F)~~ or ~~(M)(L)~~ of this section, the director shall provide notice to the applicable board of alcohol, drug addiction, and mental health services of the reason the certification ceased to be valid and the date it became invalid.

(B)(1) Except as provided in division (B)(4) of this section, beginning on ~~the effective date of this amendment~~ October 3, 2023, an applicant seeking initial certification of certifiable services and supports shall be accredited by one or more national accrediting organizations specified in division (B)(3) of this section for certifiable services and supports for which national accreditation exists for such services and supports or equivalent services and supports.

(2) Except as provided in division (B)(4) of this section, beginning October 1, 2025, an applicant seeking to renew certification of certifiable services and supports shall be accredited by one or more national accrediting organizations specified in division (B)(3) of this section for certifiable services and supports for which national accreditation exists for such services and supports or equivalent services and supports.

- (4) The accreditation requirements of divisions (B)(1) and (2) of this section do not apply to

an applicant seeking an initial or renewed certification to provide prevention services, as that term is defined in rules adopted under this section. For such applicants, accreditation is optional.

~~(C) In addition to meeting the accreditation standard set forth in division (B) of this section, an applicant seeking initial or renewed certification of one or more certifiable services and supports is eligible to receive the certification only if both of the following are the case, as determined by the director:-~~

~~(1) The applicant has adequate staff and equipment to provide the certifiable services and supports;-~~

~~(2) The department has not been notified under section 5119.367 of the Revised Code or is not otherwise aware that the applicant, or any owner or principal of the applicant, has been the subject of an adverse action, as defined in that section, taken during the three year period immediately preceding the date of application.-~~

~~(D)(1)(C)(1)~~ Except as provided in division ~~(D)(2)(C)(2)~~ of this section, if the director determines that an applicant has paid any required certification fee, that the applicant's accreditation of certifiable services and supports is current and appropriate for the services and supports for which the applicant is seeking initial or renewed certification, ~~that the applicant meets the requirements of division (C) of this section,~~ and that the applicant meets any other requirements established by this section or rules adopted under it, the director shall certify the services and supports or renew the certification of the services and supports, as applicable. Except as provided in division ~~(J)(I)~~ of this section, the director shall issue or renew the certification without further evaluation of the services and supports.

(2) Prior to October 1, 2025, if an applicant that seeks to renew certification of certifiable services and supports is not accredited to provide those services and supports by one or more national accrediting organizations specified in division (B)(3) of this section, the director shall conduct an evaluation of the applicant to determine whether the applicant's certifiable services and supports satisfy the standards for certification. The evaluation is in addition to any on-site review conducted under division (A) of this section and shall be performed in cooperation with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code. If the director determines that an applicant has paid any required certification fee, that the applicant's certifiable services and supports satisfy the standards for renewed certification, ~~that the applicant meets the requirements of division (C) of this section,~~ and that the applicant meets any other requirements established by this section or the rules adopted under it, the director shall certify the certifiable services and supports.

~~(E)(D)~~ For purposes of the accreditation requirements of this section, both of the following apply:

(1) The director may review the accrediting organizations specified in division (B)(3) of this section to evaluate whether the accreditation standards and processes used by the organizations are consistent with service delivery models the director considers appropriate for mental health services,

alcohol and drug addiction services, or physical health services. The director may communicate to an accrediting organization any identified concerns, trends, needs, and recommendations.

(2) The director shall require a community mental health services provider and a community addiction services provider to notify the director not later than ten days after any change in the provider's accreditation status. The provider may notify the director by providing a copy of the relevant document the provider received from the accrediting organization.

~~(F)~~(E) The director may require a community mental health services provider or a community addiction services provider to submit to the director cost reports pertaining to the provider.

~~(G)~~(F) The director may refuse to certify certifiable services and supports, refuse to renew certification, or revoke certification if any of the following apply to an applicant for certification or the holder of the certification:

~~(H)~~(G) Proceedings initiated to deny applications to certify certifiable services and supports, to refuse to renew certification, or to revoke certification are governed by Chapter 119. of the Revised Code. If an order has been issued suspending admissions to a community addiction services provider, as provided in division ~~(M)~~(L) of this section, the order remains in effect during the pendency of those proceedings.

~~(H)~~(H) The director may conduct an on-site review or otherwise evaluate a community mental health services provider or a community addiction services provider at any time based on cause, including complaints made by or on behalf of persons receiving mental health services or alcohol and drug addiction services and confirmed or alleged deficiencies brought to the attention of the director. This authority does not affect the director's duty to conduct the inspections required by section 5119.37 of the Revised Code.

In conducting an on-site review under this division, the director may do so in cooperation with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code. In conducting any other evaluation under this division, the director shall do so in cooperation with such a board.

~~(F)~~(I) If the director proposes to take action under division ~~(G)~~(F) of this section, the director shall notify the board of alcohol, drug addiction, and mental health services serving the alcohol, drug addiction, and mental health service district in which the certifiable services and supports will be or were provided, and provide the board opportunity to respond as specified in division (A) of this section with respect to initial or renewal applications.

When a final order is issued by the director under division ~~(G)~~(F) of this section, the director may request that the appropriate board of alcohol, drug addiction, and mental health services reallocate any funds for the certifiable services and supports the applicant was to provide to a community mental health services provider or community addiction services provider whose certifiable services and supports satisfy the standards. If the board does not reallocate such funds in a reasonable period of time, the director may withhold state and federal funds for the certifiable services and supports and allocate those funds directly to a community mental health services provider or community addiction services provider whose certifiable services and supports satisfy the standards.

~~(K)~~(J) Each applicant seeking initial or renewed certification of its certifiable services and supports shall pay a fee for the certification required by this section, unless the applicant is exempt under rules adopted under this section. Fees shall be paid into the state treasury to the credit of the sale of goods and services fund created pursuant to section 5119.45 of the Revised Code.

~~(L)~~(K) The director shall adopt rules in accordance with Chapter 119. of the Revised Code to implement this section. The rules shall do all of the following:

(j) The limitations to be placed on a provider whose certifiable services and supports are granted probationary or interim certification;

(k) Development of written policies addressing the rights of persons receiving certifiable services and supports, including all of the following:

(iii) The right to have access to the person's own psychiatric, medical, or other treatment records unless access is specifically restricted in the person's treatment plan for clear treatment reasons;

(iv) The right to have a client rights officer provided by the provider or board of alcohol, drug addiction, and mental health services advise the person of the person's rights, including the person's rights under Chapter 5122. of the Revised Code if the person is committed to the provider or board.

(l) Documentation that must be submitted as evidence of holding appropriate accreditation;

~~(M)~~~~(4)~~(L)(1) The director may issue an order suspending admissions to a community addiction services provider that provides overnight accommodations if the director finds either of the following:

(a) The provider's certifiable services and supports are not in compliance with rules adopted under this section;

(b) The provider has been cited for more than one violation of statutes or rules during any previous certification period of the provider.

(2)(a) Except as provided in division ~~(M)(2)(b)~~(L)(2)(b) of this section, proceedings initiated to suspend admissions to a community addiction services provider that provides overnight accommodations are governed by Chapter 119. of the Revised Code.

(b) If a suspension of admissions is proposed because the director has determined that the provider has demonstrated a pattern of serious noncompliance or that a violation creates a substantial risk to the health and safety of patients, the director may issue an order suspending admissions before providing an opportunity for an adjudication under Chapter 119. of the Revised Code. The director shall lift the order for the suspension of admissions if the director determines that the violation that formed the basis for the order has been corrected.

(3) Appeals from proceedings initiated to order the suspension of admissions shall be conducted in accordance with Chapter 119. of the Revised Code, unless the order was issued before providing an opportunity for an adjudication, in which case all of the following apply:

(a) The provider may request a hearing not later than ten days after being served in accordance with sections 119.05 and 119.07 of the Revised Code.

(f) Not later than five days after receiving the report and recommendations, the provider may file objections with the department.

(g) Not later than fifteen days after the hearing examiner files the report and recommendations, the department shall issue an order approving, modifying, or disapproving the report and recommendations.

(h) Notwithstanding the pendency of the hearing, the department shall lift the order for the suspension of admissions if the department determines the violation that formed the basis for the order has been corrected.

~~(N)~~~~(1)~~~~(M)~~~~(1)~~ In a proceeding initiated to suspend admissions to a community addiction services provider that provides overnight accommodations, to deny an application for certification of certifiable services and supports, to refuse to renew certification, or to revoke certification, the department may order the suspension, denial, refusal, or revocation regardless of whether some or all of the deficiencies that prompted the proceedings have been corrected at the time of the hearing.

(2) When the department issues an order suspending admissions to a community addiction services provider that provides overnight accommodations, denies an application for certification of certifiable services and supports, refuses to renew certification, or revokes a certification, the department shall not grant an opportunity for submitting a plan of correction.

~~(O)~~~~(N)~~ The department of ~~mental-behavioral health and addiction services~~ shall maintain a current list of community addiction services providers and shall provide a copy of the list to a judge of a court of common pleas who requests a copy for the use of the judge under division (H) of section 2925.03 of the Revised Code. If the department initiates an investigation of a community mental health services provider or community addiction services provider under this section for any other reason, the department shall notify the board of alcohol, drug addiction, and mental health services serving the applicable alcohol, drug addiction, and mental health service district of the investigation and the reason for the investigation not later than three business days after the investigation begins. (6) Subject to division (B) of this section, report all of the following information not later than the last day of each month to the department of ~~mental-behavioral health and addiction services~~:

(1) For the purposes of divisions (A)(6)(a) and (f) of this section, specify the counties of residence of the individuals in the unduplicated counts and include identifying information required by the rules adopted under section 5119.363 of the Revised Code so that the department is able to identify any individuals who are inadvertently duplicated in the counts;

(2) No community addiction services provider licensed under this section shall operate an opioid treatment program in a manner inconsistent with this section and the rules adopted under it.

(B) A community addiction services provider seeking a license to operate an opioid treatment program shall apply to the department of ~~mental behavioral health and addiction services~~. The department shall review all applications received.

(C) The department may issue a license to operate an opioid treatment program to a community addiction services provider only if all of the following apply:

(5) The provider meets any additional requirements established by the department in rules adopted under division (F) of this section.

The department shall determine whether a letter of support is satisfactory for purposes of waiving the requirement.

(E)(1) Except as provided in division (E)(2) of this section, a license to operate an opioid treatment program shall expire two years from the date of issuance. Licenses may be renewed.

(2) In circumstances in which the director of ~~mental-behavioral health and addiction services~~ has concerns regarding compliance of a community addiction services provider licensed as an opioid treatment program, the department shall notify the provider of those concerns and stipulate that the provider's license expires annually on a date determined by the department.

(F) The department shall establish procedures and adopt rules for licensing, inspection, and supervision of community addiction services providers that operate an opioid treatment program. The rules shall establish standards for the control, storage, furnishing, use, dispensing, and administering of medications used in medication-assisted treatment; prescribe minimum standards for the operation of the opioid treatment program component of the provider's operations; and comply with federal laws and regulations.

All rules adopted under this division shall be adopted in accordance with Chapter 119. of the Revised Code. All actions taken by the department regarding the licensing of providers to operate opioid treatment programs shall be conducted in accordance with Chapter 119. of the Revised Code, except as provided in division (L) of this section.

(G)(1) The department shall inspect all community addiction services providers licensed to operate an opioid treatment program. Inspections shall be conducted at least biennially and may be conducted more frequently.

(J) The department may issue orders to ensure compliance with all laws relating to drug abuse and the rules adopted under this section. Subject to section 5119.27 of the Revised Code, the department may hold hearings, require the production of relevant matter, compel testimony, issue subpoenas, and make adjudications. Upon failure of a person without lawful excuse to obey a subpoena or to produce relevant matter, the department may apply to a court of common pleas for an order compelling compliance.

(K) The department may refuse to issue, or may withdraw or revoke, a license to operate an opioid treatment program. A license may be refused if a community addiction services provider does not meet the requirements of division (C) of this section. A license may be withdrawn at any time the department determines that the provider no longer meets the requirements for receiving the license. A license may be revoked in accordance with division (L) of this section.

Once a license is issued under this section, the department shall not consider the requirement of division (C)(4) of this section in determining whether to renew, withdraw, or revoke the license or whether to reissue the license as a result of a change in ownership.

(L) If the department finds reasonable cause to believe that a community addiction services provider licensed under this section is in violation of any state or federal law or rule relating to drug abuse, the department may issue an order immediately revoking the license, subject to division (M) of this section. The department shall set a date not more than fifteen days later than the date of the order of revocation for a hearing on the continuation or cancellation of the revocation. For good cause, the department may continue the hearing on application of any interested party. In conducting hearings, the department has all the authority and power set forth in division (J) of this section. Following the hearing, the department shall either confirm or cancel the revocation. The hearing shall be conducted in accordance with Chapter 119. of the Revised Code, except that the provider shall not be permitted to operate an opioid treatment program pending the hearing or pending any appeal from an adjudication made as a result of the hearing. Notwithstanding any provision of

Chapter 119. of the Revised Code to the contrary, a court shall not stay or suspend any order of revocation issued by the department under this division pending judicial appeal.

(M) The department shall not revoke a license to operate an opioid treatment program unless all clients receiving medication used in medication-assisted treatment from the community addiction services provider are provided adequate substitute medication or treatment. For purposes of this division, the department may transfer the clients to other providers licensed to operate opioid treatment programs or replace any or all of the administrators and staff of the provider with representatives of the department who shall continue on a provisional basis the opioid treatment component of the provider's operations.

(N) Each time the department receives an application from a community addiction services provider for a license to operate an opioid treatment program, issues or refuses to issue a license, or withdraws or revokes a license, the department shall notify the board of alcohol, drug addiction, and mental health services of each alcohol, drug addiction, and mental health service district in which the provider operates.

(O) Whenever it appears to the department from files, upon complaint, or otherwise, that a community addiction services provider has engaged in any practice declared to be illegal or prohibited by section 3719.61 of the Revised Code, or any other state or federal laws or regulations relating to drug abuse, or when the department believes it to be in the best interest of the public and necessary for the protection of the citizens of the state, the department may request criminal proceedings by laying before the prosecuting attorney of the proper county any evidence of criminality which may come to its knowledge.

(P) The department shall maintain a current list of community addiction services providers licensed by the department under this section and shall provide a copy of the current list to a judge of a court of common pleas who requests a copy for the use of the judge under division (H) of section 2925.03 of the Revised Code and to a board of alcohol, drug addiction, and mental health services that requests a copy for purposes of division (I)(3) of section 340.08 of the Revised Code. If the department determines that the location is in compliance with division (C)(4) of section 5119.37 of the Revised Code, the department shall issue a declaration stating that the

location is in compliance. The declaration is valid for two years from the date of issuance.

The department shall provide to the provider either a copy of the declaration or a notice that the department has determined that the location is not in compliance with division (C)(4) of section 5119.37 of the Revised Code.

If, before expiration of the declaration, a community addiction services provider applies for a license to operate an opioid treatment program, the department shall not consider the requirement of division (C)(4) of section 5119.37 of the Revised Code in determining whether to issue the license.

(B) A community addiction services provider seeking to relocate an opioid treatment program licensed under section 5119.37 of the Revised Code may apply for and be granted a declaration under division (A) of this section. If, before expiration of the declaration, the provider applies for issuance of a license due to relocation, the department shall not consider the requirement of division (C)(4) of section 5119.37 of the Revised Code in determining whether to reissue the license due to relocation.

Sec. 5119.38. A drivers' intervention program may be used as an alternative to a term of imprisonment for an offender sentenced pursuant to division (G)(1)(a) of section 4511.19 of the Revised Code, if it is certified by the director of ~~mental-behavioral health and addiction services~~ pursuant to this section. No drivers' intervention program shall be used as an alternative to a term of imprisonment that is imposed pursuant to division (G)(1)(b), (c), (d), or (e) of section 4511.19 of the Revised Code.

(E) The department of ~~mental-behavioral health and addiction services~~ shall adopt rules in accordance with Chapter 119. of the Revised Code that do all of the following:

(1) Establish criteria to be used in making the determinations required by divisions (B) and (C) of this section. (c) The use of any funds distributed pursuant to the reimbursement or grant will not subject any obligation from which the funds are derived to federal income taxation.

(3) The director may enter into an agreement establishing terms for any reimbursement or grant approved under this division with the organization, board, or other government entity that is the recipient of the reimbursement or grant. Any such agreement is subject to any covenant or agreement pertaining to any obligation issued to provide funds for the reimbursement or grant.

Sec. 5119.421. (A) This section applies to a board of alcohol, drug addiction, and mental health services, another governmental entity, or a private, nonprofit organization that received a grant or reimbursement under section 5119.42 of the Revised Code for a facility on which the department of ~~mental-behavioral health and addiction services~~ holds a security interest.

(B) A board of alcohol, drug addiction, and mental health services, another governmental entity, or a private, nonprofit organization to which this section applies may apply to the director of ~~mental-behavioral health and addiction services~~ for approval to sell its facility and acquire, construct, or renovate a replacement facility pursuant to this section. The director shall prescribe the form of the application. Before submitting an application to the director, a governmental entity or private, nonprofit organization must obtain approval of the application from the board of alcohol, drug addiction, and mental health services with jurisdiction over the service district in which the existing facility is located. The director shall approve an application for a replacement project upon determining that the project provides for the continuation of appropriate mental health and addiction services to the population served by the board, entity, or organization.

(C) A board, entity, or organization that obtains approval for a project under division (B) of this section shall pay the proceeds of the sale of its facility to the director of ~~mental-behavioral health and addiction services~~. The director shall deposit the proceeds to the credit of the community capital replacement facilities fund.

(D) When a board, entity, or organization that has sold its facility notifies the director of ~~mental-behavioral health and addiction services~~ that it is ready to acquire, construct, or renovate a replacement facility, the director shall do one of the following:

(1) If the replacement facility is located in the same alcohol, drug addiction, and mental health service district as the original facility, and if the purposes for which the replacement facility will be used are the same as or similar to those for the original facility, the director shall pay to the board, entity, or organization from the community capital replacement facilities fund an amount

equal to the lesser of an amount equal to the proceeds of the sale of the original facility or the amount of the state's agreed-upon participation (as a per cent of the total cost) in the cost of the replacement facility. If the amount of the state's agreed-upon participation in the cost of the replacement facility is less than the value of the state's security interest in the original facility, the difference between the state's agreed-upon participation in the cost of the replacement facility and the value of the state's security interest in the original facility shall be retained in the community capital replacement facilities fund, and any excess proceeds shall be paid to the board, entity, or organization.

(2) If the replacement facility is located in a different alcohol, drug addiction, and mental health service district than the original facility, or if the purposes for which the replacement facility will be used are not the same as or similar to those for the original facility, the director shall request controlling board approval for release of funds for the project. If the controlling board so approves, the director shall pay to the board, entity, or organization from the community capital replacement facilities fund the lesser of an amount equal to the proceeds of the sale of the original facility or the amount of the state's agreed-upon participation (as a per cent of the total cost) in the cost of the replacement facility. (E) The director of ~~mental-behavioral health and addiction services~~ and a board, entity, or organization shall enter into an agreement specifying the terms of any payment made to the board, entity, or organization under division (D) of this section. The terms may include provision for the department of ~~mental-behavioral health and addiction services~~ to hold a security interest in the facility.

(F)(1) When approving an application under division (B) of this section, the director of ~~mental-behavioral health and addiction services~~ shall establish a deadline by which the board, entity, or organization must notify the director that it is ready to acquire, construct, or renovate a replacement facility. If the board, entity, or organization does not notify the director on or before the deadline, the director may cancel the project. Upon canceling the project, the director shall pay to the board, entity, or organization from the community capital replacement facilities fund an amount equal to the portion of the proceeds of the sale of the original facility that exceeds the value of the state's security interest in the facility.

(2) Notwithstanding the deadline established under division (F)(1) of this section, if at any time a board, entity, or organization notifies the director that it does not intend to acquire, construct, or renovate a replacement facility under this section, the director shall cancel the replacement project and pay to the board, entity, or organization from the community capital replacement facilities fund

an amount equal to the portion of the proceeds of the sale of the original facility that exceeds the value of the state's security interest in the facility.

(G) If a replacement project is canceled after the sale of the original facility, the director of ~~mental-behavioral health and addiction services~~ shall use funds equal to the value of the state's security interest in the original facility for additional grants or reimbursements under section 5119.42 of the Revised Code. The director shall obtain the approval of the controlling board before releasing the additional grants or reimbursements.

(H) The community capital replacement facilities fund is hereby created in the state treasury. The director of ~~mental-behavioral health and addiction services~~ shall use the fund for the purposes of this section.

Sec. 5119.43. (1) The director of ~~mental-behavioral health and addiction services~~ shall designate lands and facilities that are not needed by the department of ~~mental-behavioral health and addiction services~~ and are under the jurisdiction of the department.

(2) The director of ~~mental-behavioral health and addiction services~~ shall have a preliminary appraisal made of any lands or facilities designated under division (A)(1) of this section by a disinterested professional appraiser from the department of administrative services. The appraiser shall deliver to the director of ~~mental-behavioral health and addiction services~~ a signed certificate of the probable market value of the lands and facilities as determined from the preliminary appraisal.

(3) The director of ~~mental-behavioral health and addiction services~~ shall certify to the clerk of the house of representatives and to the clerk of the senate a list of all lands and facilities which may be sold or leased, and shall include with the list the results of the preliminary appraisals of the lands and facilities, a general description of the land and facilities, and a description of the current use of the land and facilities.

(4) Every list of lands and facilities certified by the director of ~~mental-behavioral health and addiction services~~ to the clerk of the house of representatives and to the clerk of the senate under division (A)(3) of this section, shall immediately be transmitted by the respective clerks to the committees in the house and the senate to which land conveyance bills are usually referred. If either committee files in its clerk's office, within sixty calendar days of the original certification of the lands and facilities by the director of ~~mental-behavioral health and addiction services~~, a report disapproving the sale or lease of any lands or facilities, the sale or lease of the lands or facilities disapproved in the report shall not be made under this section. With respect to a sale or lease of lands and facilities that has not been disapproved under this division, the director of ~~mental-behavioral health and addiction services~~ shall certify those lands and facilities to the director of administrative services.

(5) After certification to the director of administrative services under division (A)(4) of this section, the director of ~~mental-behavioral health and addiction services~~ shall have a formal appraisal made of the lands and facilities by a disinterested professional appraiser from the department of administrative services. The director of ~~mental-behavioral health and addiction services~~ may accept the formal appraisal or may reject it and order a new formal appraisal by a disinterested professional appraiser who shall not be from the department of administrative services. The director of ~~mental-behavioral health and addiction services~~ may then sell or lease the lands or facilities in accordance with this division and department of administrative services procedures as set forth in Chapter 123. of the Revised Code. Any such deed or lease shall be prepared and recorded pursuant to section 5301.13 of the Revised Code. The department of administrative services shall be the sole agent for the state and shall complete the sale or lease of the lands or facilities, up to and including the closing thereof, after the director of ~~mental-behavioral health and addiction services~~ approves the sale price. In each notice, the director of ~~mental-behavioral health and addiction services~~ shall specify the conditions under which the lands shall be sold, including whether the lands will be sold as a single unit or sold in specific parcels that the director designates, and shall solicit from the subdivision offers to purchase the lands in accordance with the conditions the director of ~~mental-behavioral health and addiction services~~ has specified and at a price equal to the preliminary appraised value determined pursuant to division (A)(2) of this section. If, within thirty days of having certified the lands to the director of administrative services under division (A)(4) of this section, the director of ~~mental-behavioral health and addiction services~~ receives from the executive officer of a subdivision a written offer to purchase the lands at or above the price specified in the original notice from the director of ~~mental-behavioral health and addiction services~~ to the officer, provided such offer otherwise complies with the conditions of purchase specified in the original notice from the director of ~~mental-behavioral health and addiction services~~, the director of ~~mental-behavioral health and addiction services~~ shall forthwith enter into an agreement to sell the lands to the subdivision. The agreement shall incorporate any and all terms that are acceptable to both parties and that are consistent with the terms specified in the original notice from the director of ~~mental-behavioral health and addiction services~~. If no offer to purchase is received by the director of ~~mental-behavioral health and addiction services~~ within the thirty-day period provided in this division, the original notice from the director of ~~mental-behavioral health and addiction services~~ shall be considered

withdrawn and the director of ~~mental-behavioral health and addiction services~~ shall be under no obligation to sell any of the lands specified in the notice to the subdivision. If two or more offers to purchase the same parcels of land are received by the director of ~~mental-behavioral health and addiction services~~ within the required time period from the executive officers of two or more subdivisions, the director of ~~mental-behavioral health and addiction services~~ shall accept the offer or offers to purchase that the director considers to be in the best interests of the state and of the department of ~~mental-behavioral health and addiction services~~ and shall proceed to enter into agreements of sale pursuant to this division. If all of the original notices from the director of ~~mental-behavioral health and addiction services~~ relating to a given parcel of land become withdrawn, the director of ~~mental-behavioral health and addiction services~~ may thereupon proceed to sell the parcel as otherwise provided in this section. No subdivision may commence an action to enforce the provisions of this division, or to seek any other legal or equitable remedy relative to this division, with respect to any lands certified to the director of administrative services under division (A)(4) of this section, except within sixty days of the date on which the lands were so certified.

However, the terms of any agreement for sale shall include a provision that the purchaser will abide by any comprehensive plan for the area that has been adopted by the local government in which the property is located before the parties enter into the agreement. No lease shall be of a duration greater than fifteen years. No agreement, except an agreement entered into under division (B) of this section, shall be entered into before the proposal to sell or lease the land or facilities has been advertised once each week for four weeks in a newspaper of general circulation in every county in which the lands or facilities are located and if the preliminary appraised value of the land to be sold or leased is more than one hundred thousand dollars, advertisement shall be made once each week for four weeks in at least two newspapers in the state having a daily circulation of one hundred thousand or more. If a city in this state is served by more than one newspaper having a circulation of one hundred thousand or more, advertisement may be made in only one of the newspapers serving the city.

(D) Each deed or lease prepared and recorded pursuant to this section shall contain a recital stating that all provisions of this section have been complied with. The recital shall be considered binding and conclusive against all subdivisions of the state provided no action has been commenced pursuant to division (B) of this section. Any deed or lease containing such a recital shall be conclusively presumed to have been executed in compliance with this section insofar as title or other interest of any bona fide purchasers, lessees, or transferees of the property is concerned.

(E) Nothing in this section shall be construed as establishing a precedent for the disposal of state lands and facilities by other departments of the state.

(b) All relevant documents, information, and evidence in the custody or control of the hospital in which the respondent currently is held, or in which the respondent has been held pursuant to this chapter;

(c) All relevant documents, information, and evidence in the custody or control of any hospital, facility, or person not included in division (A)(1)(a) or (b) of this section.

(2) The respondent has the right to attend the hearing and to be represented by counsel of the respondent's choice. The right to attend the hearing may be waived only by the respondent or counsel for the respondent after consultation with the respondent.

(3) If the respondent is not represented by counsel, is absent from the hearing, and has not validly waived the right to counsel, the court shall appoint counsel immediately to represent the respondent at the hearing, reserving the right to tax costs of appointed counsel to the respondent, unless it is shown that the respondent is indigent. If the court appoints counsel, or if the court determines that the evidence relevant to the respondent's absence does not justify the absence, the court shall continue the case.

(4) The respondent shall be informed that the respondent may retain counsel and have independent expert evaluation. If the respondent is unable to obtain an attorney, the respondent shall be represented by court-appointed counsel. If the respondent is indigent, court-appointed counsel and independent expert evaluation shall be provided as an expense under section 5122.43 of the Revised Code.

(5) The hearing shall be closed to the public, unless counsel for the respondent, with the permission of the respondent, requests that the hearing be open to the public.

(6) If the hearing is closed to the public, the court, for good cause shown, may admit persons who have a legitimate interest in the proceedings. If the respondent, the respondent's counsel, or the designee of the director or of the chief clinical officer objects to the admission of any person, the court shall hear the objection and any opposing argument and shall rule upon the admission of the person to the hearing.

(7) The affiant under section 5122.11 of the Revised Code shall be subject to subpoena by either party.

(8) The court shall examine the sufficiency of all documents filed and shall inform the respondent, if present, and the respondent's counsel of the nature and content of the documents and the reason for which the respondent is being detained, or for which the respondent's placement is being sought.

(9) The court shall receive only reliable, competent, and material evidence.

(10) Unless proceedings are initiated pursuant to section 5120.17 or 5139.08 of the Revised Code, an attorney that the board designates shall present the case demonstrating that the respondent is a person with a mental illness subject to court order. The attorney shall offer evidence of the diagnosis, prognosis, record of treatment, if any, and less restrictive treatment plans, if any. In

proceedings pursuant to section 5120.17 or 5139.08 of the Revised Code, the attorney general shall designate an attorney who shall present the case demonstrating that the respondent is a person with a mental illness subject to court order. The attorney shall offer evidence of the diagnosis, prognosis, record of treatment, if any, and less restrictive treatment plans, if any.

(11) The respondent or the respondent's counsel has the right to subpoena witnesses and documents and to examine and cross-examine witnesses.

(12) The respondent has the right, but shall not be compelled, to testify, and shall be so advised by the court.

(13) On motion of the respondent or the respondent's counsel for good cause shown, or on the court's own motion, the court may order a continuance of the hearing.

(14) If the respondent is represented by counsel and the respondent's counsel requests a transcript and record, or if the respondent is not represented by counsel, the court shall make and maintain a full transcript and record of the proceeding. If the respondent is indigent and the transcript and record is made, a copy shall be provided to the respondent upon request and be treated as an expense under section 5122.43 of the Revised Code.

(15) To the extent not inconsistent with this chapter, the Rules of Civil Procedure are applicable.

(B) Unless, upon completion of the hearing the court finds by clear and convincing evidence that the respondent is a person with a mental illness subject to court order, it shall order the respondent's discharge immediately.

(C) If, upon completion of the hearing, the court finds by clear and convincing evidence that the respondent is a person with a mental illness subject to court order, the court shall order the respondent for a period not to exceed ninety days to any of the following:

(1) A hospital operated by the department of ~~mental-behavioral health and addiction services~~ if the respondent is committed pursuant to section 5139.08 of the Revised Code;

(2) A nonpublic hospital;

(3) The veterans' administration or other agency of the United States government;

(4) A board of alcohol, drug addiction, and mental health services or services provider the board designates;

(5) Receive private psychiatric or psychological care and treatment;

(6) Any other suitable facility or person consistent with the diagnosis, prognosis, and treatment needs of the respondent. A jail or other local correctional facility is not a suitable facility.

(D) Any order made pursuant to division (C)(2), (3), (5), or (6) of this section shall be conditioned upon the receipt by the court of consent by the hospital, facility, agency, or person to accept the respondent and may include a requirement that a person or entity described in division (C) (2), (3), (5), or (6) of this section inform the board of alcohol, drug addiction, and mental health services or community mental health services provider the board designates about the progress of the respondent with the treatment plan.

(E) In determining the entity or person to which the respondent is to be committed under division (C) of this section, the court shall consider all of the following:

(1) The respondent's diagnosis and prognosis made by a psychiatrist, licensed clinical psychologist, clinical nurse specialist who is certified as a psychiatric-mental health clinical nurse specialist by the American nurses credentialing center, or certified nurse practitioner who is certified as a psychiatric-mental health nurse practitioner by the American nurses credentialing center;

(2) The respondent's preferences;

(3) The respondent's projected treatment plan.

The court shall order the implementation of the least restrictive alternative available and consistent with treatment goals. If the court determines that the least restrictive alternative available that is consistent with treatment goals is inpatient hospitalization, the court's order shall so state.

(F) During the ninety-day period the entity or person shall examine and treat the respondent. If the respondent is receiving treatment in an outpatient setting, or receives treatment in an outpatient setting during a subsequent period of continued commitment under division (H) of this section, the entity or person to whom the respondent is committed shall determine the appropriate outpatient treatment for the respondent. If, at any time prior to the expiration of the ninety-day period, it is determined by the entity or person that the respondent's treatment needs could be equally well met in an available and appropriate less restrictive setting, both of the following apply:

(1) The respondent shall be released from the care of the entity or person immediately and shall be referred to the court together with a report of the findings and recommendations of the entity or person;

(2) The entity or person shall notify the respondent's counsel or the attorney designated by a board of alcohol, drug addiction, and mental health services or, if the respondent was committed to a board or a services provider designated by the board, it shall place the respondent in the least restrictive setting available consistent with treatment goals and notify the court and the respondent's counsel of the placement.

The court shall dismiss the case or order placement in the least restrictive setting.

(G)(1) Except as provided in division (G)(2) of this section, any person for whom proceedings for treatment have been commenced pursuant to section 5122.11 of the Revised Code, may apply at any time for voluntary admission or treatment to the entity or person to which the person was committed. Upon admission as a voluntary patient the chief clinical officer of the entity or the person immediately shall notify the court, the patient's counsel, and the attorney designated by the board, if the attorney has entered the proceedings, in writing of that fact, and, upon receipt of the notice, the court shall dismiss the case.

(2) A person who is found incompetent to stand trial or not guilty by reason of insanity and who is committed pursuant to section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code shall not voluntarily commit the person pursuant to this section until after the final termination of the commitment, as described in division (J) of section 2945.401 of the Revised Code.

(H) If, at the end of the first ninety-day period or any subsequent period of continued commitment, there has been no disposition of the case, either by discharge or voluntary admission or treatment, the entity or person shall discharge the patient immediately, unless at least ten days before the expiration of the period the attorney the board designates or the prosecutor files with the court an application for continued commitment. The application of the attorney or the prosecutor shall include a written report containing the diagnosis, prognosis, past treatment, a list of alternative treatment settings and plans, and identification of the treatment setting that is the least restrictive consistent with treatment needs. The attorney the board designates or the prosecutor shall file the written report at least three days prior to the full hearing. A copy of the application and written report shall be provided to the respondent's counsel immediately.

The court shall hold a full hearing on applications for continued commitment at the expiration of the first ninety-day period and at least every two years after the expiration of the first ninety-day period.

Hearings following any application for continued commitment are mandatory and may not be waived.

For a respondent who is ordered to receive treatment in an outpatient setting, if at any time after the first ninety-day period the entity or person to whom the respondent was ordered determines that the respondent has demonstrated voluntary consent for treatment, that entity or person shall immediately notify the respondent, the respondent's counsel, the attorney designated by the board, and the court. The entity or person shall submit to the court a report of the findings and recommendations. The court may dismiss the case upon review of the facts.

Upon request of a person who is involuntarily committed under this section, or the person's counsel, that is made more than one hundred eighty days after the person's last full hearing, mandatory or requested, the court shall hold a full hearing on the person's continued commitment. Upon the application of a person involuntarily committed under this section, supported by an affidavit of a psychiatrist or licensed clinical psychologist, alleging that the person no longer is a person with a mental illness subject to court order, the court for good cause shown may hold a full hearing on the person's continued commitment prior to the expiration of one hundred eighty days after the person's last full hearing. Section 5122.12 of the Revised Code applies to all hearings on continued commitment.

If the court, after a hearing for continued commitment finds by clear and convincing evidence that the respondent is a person with a mental illness subject to court order, the court may order continued commitment at places or to persons specified in division (C) of this section.

(I) Unless the admission is pursuant to section 5120.17 or 5139.08 of the Revised Code, the chief clinical officer of the entity admitting a respondent pursuant to a judicial proceeding, within ten working days of the admission, shall make a report of the admission to the board of alcohol, drug addiction, and mental health services serving the respondent's county of residence.

(J) A referee appointed by the court may make all orders that a judge may make under this

section and sections 5122.11 and 5122.141 of the Revised Code, except an order of contempt of court. The orders of a referee take effect immediately. Within fourteen days of the making of an order by a referee, a party may file written objections to the order with the court. The filed objections shall be considered a motion, shall be specific, and shall state their grounds with particularity. Within ten days of the filing of the objections, a judge of the court shall hold a hearing on the objections and may hear and consider any testimony or other evidence relating to the respondent's mental condition. At the conclusion of the hearing, the judge may ratify, rescind, or modify the referee's order.

(K) An order of the court under division (C), (H), or (J) of this section is a final order.

(L) Before a board, or a services provider the board designates, may place an unconsenting respondent in an inpatient setting from a less restrictive placement, the board or services provider shall do all of the following:

(1) Determine that the respondent is in immediate need of treatment in an inpatient setting because the respondent represents a substantial risk of physical harm to the respondent or others if allowed to remain in a less restrictive setting;

(2) On the day of placement in the inpatient setting or on the next court day, file with the court a motion for transfer to an inpatient setting or communicate to the court by telephone that the required motion has been mailed;

(3) Ensure that every reasonable and appropriate effort is made to take the respondent to the inpatient setting in the least conspicuous manner possible;

(4) Immediately notify the board's designated attorney and the respondent's attorney.

At the respondent's request, the court shall hold a hearing on the motion and make a determination pursuant to division (E) of this section within five days of the placement.

(M) Before a board, or a services provider the board designates, may move a respondent from one residential placement to another, the board or services provider shall consult with the respondent about the placement. If the respondent objects to the placement, the proposed placement and the need for it shall be reviewed by a qualified mental health professional who otherwise is not involved in the treatment of the respondent.

(N) The entity or person to whom the respondent was ordered for treatment in an outpatient setting may submit a report to the court indicating that the respondent has either failed to comply with the treatment plan or begun to demonstrate signs of decompensation that may be grounds for hospitalization. On receipt of the report, the court shall promptly schedule a hearing to review the case. The court shall conduct the hearing in a manner consistent with this chapter and due process of law. The board shall receive notice of the hearing and the board and entity or person treating the respondent shall submit a report to the court with a plan for appropriate alternative treatment, if any, or recommend that the court discontinue the court-ordered treatment. The court shall consider available and appropriate alternative placements but shall not impose criminal sanctions that result in confinement in a jail or other local correctional facility based on the respondent's failure to

comply with the treatment plan. The court may not order the respondent to a more restrictive placement unless the criteria specified in division (L) of this section are met and may not order the respondent to an inpatient setting unless the court determines by clear and convincing evidence presented by the board that the respondent meets the criteria specified in divisions (A) and (B)(1), (2), (3), or (4) of section 5122.01 of the Revised Code.

Sec. 5122.20. The director of ~~mental-behavioral health and addiction services~~ or the director's designee may transfer, or authorize the transfer of, an involuntary patient, or a consenting voluntary patient hospitalized pursuant to section 5122.02 or sections 5122.11 to 5122.15 of the Revised Code, from one public hospital to another, or to a hospital, community mental health services provider, or other facility offering treatment or other services for mental illness, if the medical director of the department of ~~mental-behavioral health and addiction services~~ determines that it would be consistent with the medical needs of the patient to do so. If such a transfer is made to a private facility, the transfer shall be conditioned upon the consent of the facility.

Before an involuntary patient may be transferred to a more restrictive setting, the chief clinical officer shall file a motion with the court requesting the court to amend its order of placement issued under section 5122.15 of the Revised Code. At the patient's request, the court shall hold a hearing on the motion at which the patient has the same rights as at a full hearing under section 5122.15 of the Revised Code. The hearing shall be held within ten days after the date on which the respondent was transferred to the more restrictive setting or on which the motion was filed, whichever is earlier. On the motion of the respondent, the respondent's counsel, or the chief clinical officer, or on its own motion, and for good cause shown, the court may order a continuance of the hearing for up to ten days.

Whenever an involuntary patient is transferred, written notice of the transfer shall be given to the patient's legal guardian, parents, spouse, and counsel, or, if none is known, to the patient's nearest known relative or friend. If the patient is a minor, the department, before making such a transfer, shall make a minute of the order for the transfer and the reason for it upon its record and shall send a certified copy at least seven days prior to the transfer to the person shown by its record to have had the care or custody of the minor immediately prior to the minor's commitment. Whenever a consenting voluntary patient is transferred, the notification shall be given only at the patient's request. The chief clinical officer shall advise a voluntary patient who is being transferred that the patient may decide if the notification shall be given. In all such transfers, due consideration shall be given to the wishes of the patient, and the relationship of the patient to the patient's family, legal guardian, or friends, so as to maintain the relationship and encourage visits beneficial to the patient.

When a voluntary patient whose medical or psychological needs are found by the chief clinical officer to warrant a transfer refuses to be transferred to an alternate facility, the chief clinical officer may file an affidavit for a hearing under section 5122.11 of the Revised Code.

Sec. 5122.21. (A) The chief clinical officer shall as frequently as practicable, and at least

once every thirty days, examine or cause to be examined every patient, and, whenever the chief clinical officer determines that the conditions justifying involuntary hospitalization or commitment no longer obtain, shall discharge the patient not under indictment or conviction for crime and immediately make a report of the discharge to the department of ~~mental-behavioral health-and-addiction services~~. The chief clinical officer may discharge a patient who is under an indictment, a sentence of imprisonment, a community control sanction, or a post-release control sanction or on parole ten days after written notice of intent to discharge the patient has been given by personal service or certified mail, return receipt requested, to the court having criminal jurisdiction over the patient. Except when the patient was found not guilty by reason of insanity and the defendant's commitment is pursuant to section 2945.40 of the Revised Code, the chief clinical officer has final authority to discharge a patient who is under an indictment, a sentence of imprisonment, a community control sanction, or a post-release control sanction or on parole.

(B) After a finding pursuant to section 5122.15 of the Revised Code that a person is a person with a mental illness subject to court order, the chief clinical officer of the hospital or community mental health services provider to which the person is ordered or to which the person is transferred under section 5122.20 of the Revised Code, may grant a discharge without the consent or authorization of any court.

Upon discharge, the chief clinical officer shall notify the court that caused the judicial hospitalization of the discharge from the hospital.

Sec. 5122.23. The chief clinical officer of a public hospital shall immediately report to the department of ~~mental-behavioral health and-addiction services~~ and the board of alcohol, drug addiction, and mental health services serving the patient's county of residence the removal, death, escape, discharge, or trial visit of any patient hospitalized under section 5122.15 of the Revised Code, or the return of such an escaped or visiting patient to the department, the probate judge of the county from which such patient was hospitalized, and the probate judge of the county of residence of such patient. In case of death, the chief clinical officer also shall notify one or more of the nearest relatives of the deceased patient, if known to the chief clinical officer, by letter, telegram, or telephone. If the place of residence of such relative is unknown to the chief clinical officer, immediately upon receiving notification the probate judge shall in the speediest manner possible notify such relatives, if known to the probate judge.

The chief clinical officer of a public hospital, upon the request of the probate judge of the county from which a patient was hospitalized or the probate judge of the county of residence of such a patient, shall make a report to the judge of the condition of any patient under the care, treatment, custody, or control of the chief clinical officer.

Sec. 5122.26. (A) If a patient is absent without leave, on a verbal or written order issued within five days of the time of the unauthorized absence by the department of ~~mental-behavioral health-and-addiction services~~, the chief clinical officer of the hospital from which the patient is absent without leave, or the court of either the county from which the patient was committed or in

which the patient is found, any health or police officer or sheriff may take the patient into custody and transport the patient to the hospital in which the patient was hospitalized or to a place that is designated in the order. The officer immediately shall report such fact to the entity that issued the order.

The chief clinical officer of a hospital may discharge a patient who is under an indictment, a sentence of imprisonment, a community control sanction, or a post-release control sanction or on parole and who has been absent without leave for more than thirty days but shall give written notice of the discharge to the court with criminal jurisdiction over the patient. The chief clinical officer of a hospital may discharge any other patient who has been absent without leave for more than fourteen days.

The chief clinical officer shall take all proper measures for the apprehension of an escaped patient. The expense of the return of an escaped patient shall be borne by the hospital where the patient is hospitalized.

(B)(1) Subject to division (B)(2) of this section, no patient hospitalized under Chapter 5122. of the Revised Code whose absence without leave was caused or contributed to by the patient's mental illness shall be subject to a charge of escape.

(2) Division (B)(1) of this section does not apply to any person who was hospitalized, institutionalized, or confined in a facility under an order made pursuant to or under authority of section 2945.37, 2945.371, 2945.38, 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code and who escapes from the facility, from confinement in a vehicle for transportation to or from the facility, or from supervision by an employee of the facility that is incidental to hospitalization, institutionalization, or confinement in the facility and that occurs outside the facility, in violation of section 2921.34 of the Revised Code.

Sec. 5122.27. The chief clinical officer of the hospital or the chief clinical officer's designee shall assure that all patients hospitalized or committed pursuant to this chapter shall:

(A) Receive, within twenty days of their admission sufficient professional care to assure that an evaluation of current status, differential diagnosis, probable prognosis, and description of the current treatment plan is stated on the official chart;

(B) Have a written treatment plan consistent with the evaluation, diagnosis, prognosis, and goals which shall be provided, upon request of the patient or patient's counsel, to the patient's counsel and to any private physician or licensed clinical psychologist designated by the patient or the patient's counsel or to the Ohio protection and advocacy system;

(C) Receive treatment consistent with the treatment plan. The department of ~~mental behavioral health and addiction services~~ shall set standards for treatment provided to such patients, consistent wherever possible with standards set by the joint commission.

- (3) A humane psychological and physical environment;
- (4) The right to obtain current information concerning the patient's treatment program and expectations in terms that the patient can reasonably understand;
- (5) Participation in programs designed to afford the patient substantial opportunity to acquire skills to facilitate return to the community or to terminate an involuntary commitment;
- (6) The right to be free from unnecessary or excessive medication;
- (7) Freedom from restraints or isolation unless it is stated in a written order by the chief clinical officer or the chief clinical officer's designee, or the patient's individual physician or psychologist in a private or general hospital.

If the chief clinical officer of the hospital is unable to provide the treatment required by divisions (C), (E), and (F) of this section for any patient hospitalized pursuant to Chapter 5122. of the Revised Code, the chief clinical officer shall immediately notify the patient, the court, the Ohio protection and advocacy system, the director of ~~mental-behavioral health-and-addiction services~~, and the patient's counsel and legal guardian, if known. If within ten days after receipt of such notification by the director, the director is unable to effect a transfer of the patient, pursuant to section 5122.20 of the Revised Code, to a hospital, community mental health services provider, or other medical facility where treatment is available, or has not received an order of the court to the contrary, the involuntary commitment of any patient hospitalized pursuant to Chapter 5122. of the Revised Code and defined as a person with a mental illness subject to court order under division (B)(4) of section 5122.01 of the Revised Code shall automatically be terminated.

Sec. 5122.31. (A) All certificates, applications, records, and reports made for the purpose of this chapter and sections 2945.38, 2945.39, 2945.40, 2945.401, and 2945.402 of the Revised Code, other than court journal entries or court docket entries, and directly or indirectly identifying a patient or former patient or person whose hospitalization or commitment has been sought under this chapter, shall be kept confidential and shall not be disclosed by any person except:

No such disclosure shall be made unless the patient is notified first and receives the information and does not object to the disclosure.

Sec. 5160.37. (A) A medical assistance recipient's enrollment in a medical assistance program gives an automatic right of recovery to the department of medicaid and a county department of job and family services against the liability of a third party for the cost of medical assistance paid on behalf of the recipient. When an action or claim is brought against a third party by a medical assistance recipient, any payment, settlement or compromise of the action or claim, or any

court award or judgment, is subject to the recovery right of the department of medicaid or county department. Except in the case of a medical assistance recipient who receives medical assistance through a medicaid managed care organization, the department's or county department's claim shall not exceed the amount of medical assistance paid by the department or county department on behalf of the recipient. A payment, settlement, compromise, judgment, or award that excludes the cost of medical assistance paid for by the department or county department shall not preclude a department from enforcing its rights under this section.

(B)(1) In the case of a medical assistance recipient who receives medical assistance through a medicaid managed care organization that has a capitation agreement with a provider, the amount of the department's or county department's claim shall be the amount the medicaid managed care organization would have paid in the absence of a capitation agreement.

(2) In the case of a medical assistance recipient who receives medical assistance through a medicaid managed care organization that does not have a capitation agreement with a provider, the amount of the department's or county department's claim shall be the amount the medicaid managed care organization pays for medical assistance rendered to the recipient, even if that amount is more than the amount the department or county department pays to the medicaid managed care organization for the recipient's medical assistance.

(C) A medical assistance recipient, and the recipient's attorney, if any, shall cooperate with the departments. In furtherance of this requirement, the medical assistance recipient, or the recipient's attorney, if any, shall, not later than thirty days after initiating informal recovery activity or filing a legal recovery action against a third party, provide written notice of the activity or action to the department of medicaid or county department if it has paid for medical assistance under a medical assistance program.

(D) The written notice that must be given under division (C) of this section shall disclose the identity and address of any third party against whom the medical assistance recipient has or may have a right of recovery.

(E) No settlement, compromise, judgment, or award or any recovery in any action or claim by a medical assistance recipient where the department or county department has a right of recovery shall be made final without first giving the department or county department written notice as described in division (C) of this section and a reasonable opportunity to perfect its rights of recovery. If the department or county department is not given the appropriate written notice, the medical assistance recipient and, if there is one, the recipient's attorney, are liable to reimburse the department or county department for the recovery received to the extent of medical assistance payments made by the department or county department.

(F) The department or county department shall be permitted to enforce its recovery rights against the third party even though it accepted prior payments in discharge of its rights under this section if, at the time the department or county department received such payments, it was not aware that additional medical expenses had been incurred but had not yet been paid by the department or

county department. The third party becomes liable to the department or county department as soon as the third party is notified in writing of the valid claims for recovery under this section.

(G)(1) Subject to division (G)(2) of this section, the right of recovery of the department or county department does not apply to that portion of any judgment, award, settlement, or compromise of a claim, to the extent of attorneys' fees, costs, or other expenses incurred by a medical assistance recipient in securing the judgment, award, settlement, or compromise, or to the extent of medical, surgical, and hospital expenses paid by such recipient from the recipient's own resources.

(2) Reasonable attorneys' fees, not to exceed one-third of the total judgment, award, settlement, or compromise, plus costs and other expenses incurred by the medical assistance recipient in securing the judgment, award, settlement, or compromise, shall first be deducted from the total judgment, award, settlement, or compromise. After fees, costs, and other expenses are deducted from the total judgment, award, settlement, or compromise, there shall be a rebuttable presumption that the department of medicaid or county department shall receive no less than one-half of the remaining amount, or the actual amount of medical assistance paid, whichever is less. A party may rebut the presumption in accordance with division (L)(1)-~~or (2)~~, or (3) of this section, as applicable.

(H) A right of recovery created by this section may be enforced separately or jointly by the department of medicaid or county department. To enforce its recovery rights, the department or county department may do any of the following:

(1) Intervene or join in any action or proceeding brought by the medical assistance recipient or on the recipient's behalf against any third party who may be liable for the cost of medical assistance paid;

(2) Institute and pursue legal proceedings against any third party who may be liable for the cost of medical assistance paid;

(3) Initiate legal proceedings in conjunction with any injured, diseased, or disabled medical assistance recipient or the recipient's attorney or representative.

(I) A medical assistance recipient shall not assess attorney fees, costs, or other expenses against the department of medicaid or a county department when the department or county department enforces its right of recovery created by this section.

(J) The right of recovery given to the department under this section includes payments made by a third party under contract with a person having a duty to support.

(K) The department of medicaid may assign to a medical assistance provider the right of recovery given to the department under this section with respect to any claim for which the department has notified the provider that the department intends to recoup the department's prior payment for the claim.

(L)(1) Prior to any payment to the department or a county department pursuant to the department's or county department's right of recovery under this section, a party that desires to rebut the presumption in division (G) of this section shall submit to the department or county department a

request for a hearing in accordance with the procedure the department establishes in rules required by division (O) of this section. The amount sought by the department or county department shall be held in escrow or in an interest on lawyers' trust account until the hearing examiner renders a decision or the case is otherwise concluded. A party successfully rebuts the presumption by a showing of clear and convincing evidence that a different allocation is warranted.

(2) A medical assistance recipient who has repaid money, on or after September 29, 2007, to the department or a county department pursuant to the department's or county department's right of recovery under this section, section 5160.38 of the Revised Code, or former section 5101.58 or 5101.59 of the Revised Code may request a hearing to rebut the presumption in division (G) of this section. The request shall be made in accordance with the procedure the department establishes for this purpose in rules required by division (O) of this section. It must be made not later than one hundred eighty days after September 29, 2015, or ninety days after the payment is made, whichever is later. A party successfully rebuts the presumption by a showing of clear and convincing evidence that a different allocation is warranted.

(3) A medical assistance recipient who has repaid money, between April 6, 2007 and September 28, 2007, to the department or a county department pursuant to the department's or county department's right of recovery under this section, section 5160.38 of the Revised Code, or former section 5101.58 or 5101.59 of the Revised Code may request a hearing to rebut the presumption in division (G) of this section. The request shall be made not later than one hundred eighty days after the effective date of this amendment in accordance with the procedure the department establishes for this purpose in rules required by division (O) of this section. The presumption is successfully rebutted if the requestor demonstrates by clear and convincing evidence that a different allocation is warranted.

(4) With respect to a hearing requested under division (L)(1) ~~or (2)~~, (2), or (3) of this section, all of the following are the case:

(a) The hearing examiner may consider, but is not bound by the allocation of, medical expenses specified in a settlement agreement between the medical assistance recipient and the relevant third party;

(b) The department or county department may raise affirmative defenses during the hearing, including the existence of a prior settlement with the medical assistance recipient, the doctrine of accord and satisfaction, or the common law principle of res judicata;

(c) If the parties agree, live testimony shall not be presented at the hearing;

(d) The hearing may be governed by rules adopted under section 5160.02 of the Revised Code. If such rules are adopted, Chapter 119. of the Revised Code applies to the hearing only to the extent specified in those rules;

(e) The hearing examiner's decision is binding on the department or county department and the medical assistance recipient unless the decision is reversed or modified on appeal to the medicaid director as described in division (M) of this section;

(f) A request for a hearing may be submitted by any of the following:

(i) The medical assistance recipient;

(ii) The medical assistance recipient's authorized representative;

(iii) The executor or administrator of a medical assistance recipient's estate authorized to make or pursue a request;

(iv) A court-appointed guardian;

(v) An attorney who has been directly retained by the medical assistance recipient, or the recipient's parent, legal guardian, or court-appointed guardian.

(M)(1) A medical assistance recipient who disagrees with a hearing examiner's decision under division (L) of this section may file an administrative appeal with the medicaid director in accordance with the procedure the department establishes for this purpose in rules required by division (O) of this section. A hearing is not required during the administrative appeal, but the director or the director's designee shall review the hearing examiner's decision and any prior relevant administrative action. After the review, the director or the director's designee shall affirm, modify, remand, or reverse the hearing decision. A decision made under this division is final and binding on the department or county department and the medical assistance recipient unless it is reversed or modified on appeal to a court of common pleas as described in division (N) of this section.

(2) An administrative appeal may be governed by rules adopted under section 5160.02 of the Revised Code. If such rules are adopted, Chapter 119. of the Revised Code applies to an administrative appeal only to the extent specified in those rules.

(N) A party to an administrative appeal described in division (M) of this section may file an appeal with a court of common pleas in accordance with section 119.12 of the Revised Code.

(2) Beginning January 1, 2024, during state fiscal years 2024 and 2025, the department shall determine each nursing facility's per medicaid day payment rate for direct care costs by multiplying the cost per case-mix unit determined under division (C) of this section for the facility's peer group by the case-mix score specified in division (A)(2)(a) or (b) of this section, as selected by the nursing facility not later than October 1, 2023. If the nursing facility does not make a selection by October 1, 2023, the case-mix score specified in division (A)(2)(a) of this section shall apply. The case-mix score may be either of the following:

(a) The semiannual case-mix score determined for the facility under division (A)(1) of this section;

To determine a peer group's cost per case-mix unit, the department shall do both of the following:

(a) Determine the cost per case-mix unit for each nursing facility in the peer group for the applicable calendar year by dividing each facility's desk-reviewed, actual, allowable, per diem direct

care costs for the applicable calendar year by the facility's annual average case-mix score determined under section 5165.192 of the Revised Code for the applicable calendar year;

(b) Subject to division (C)(2) of this section, identify which nursing facility in the peer group is at the seventieth percentile of the cost per case-mix units determined under division (C)(1)(a) of this section.

(3) The department shall not redetermine a peer group's cost per case-mix unit under this division based on additional information that it receives after the peer group's per case-mix unit is determined. The department shall redetermine a peer group's cost per case-mix unit only if it made an error in determining the peer group's cost per case-mix unit based on information available to the department at the time of the original determination.

(4) The department shall multiply each cost per case-mix unit determined under division (C)(1) of this section by the peer group average case-mix score in effect on December 31, 2025, divided by the peer group average case-mix score determined under section 5165.192 of the Revised Code for the semiannual period beginning January 1, 2026. The product determined under this division for each nursing facility's peer group shall be the cost per case-mix unit used to determine the nursing facility's per medicaid day payment rate for direct care costs under division (A)(1) of this section for the period beginning January 1, 2026, and ending on the day before the department's next rebasing conducted after that date takes effect.

Sec. 5165.192. (A)(1) Except as provided in division (B) of this section and in accordance with the process specified in rules authorized by this section, the department of medicaid shall do all of the following:

(a) Every quarter, determine the following two case-mix scores for each nursing facility:

(i) A quarterly case-mix score that includes each resident who is a medicaid recipient and is not a low case-mix resident;

(ii) A quarterly case-mix score that includes each resident regardless of payment source.

(b) Every six months, determine a semiannual average case-mix score for each nursing facility by using the quarterly case-mix scores determined for the nursing facility pursuant to division (A)(1)(a)(i) of this section;

(c) After the end of each calendar year, determine an annual average case-mix score for each nursing facility by using the quarterly case-mix scores determined for the nursing facility pursuant to division (A)(1)(a)(ii) of this section.

(2) When determining case-mix scores under division (A)(1) of this section, the department shall use all of the following:

(a) Data from a resident assessment instrument specified in rules authorized by section 5165.191 of the Revised Code;

(b) Except as provided in rules authorized by this section, the case-mix values established by the United States department of health and human services;

(B)(1) Subject to division (B)(2) of this section, the department, for one or more months of a calendar quarter, may assign to a nursing facility a case-mix score that is five per cent less than the nursing facility's case-mix score for the immediately preceding calendar quarter if any of the following apply:

(a) The provider does not timely submit complete and accurate resident assessment data necessary to determine the nursing facility's case-mix score for the calendar quarter;

(b) The nursing facility was subject to an exception review under section 5165.193 of the Revised Code for the immediately preceding calendar quarter;

(c) The nursing facility was assigned a case-mix score for the immediately preceding calendar quarter.

(2) Before assigning a case-mix score to a nursing facility due to the submission of incorrect resident assessment data, the department shall permit the provider to correct the data. The department may assign the case-mix score if the provider fails to submit the corrected resident assessment data not later than the earlier of the forty-fifth day after the end of the calendar quarter to which the data pertains or the deadline for submission of such corrections established by regulations adopted by the United States department of health and human services under Title XVIII and Title XIX.

(3) If, for more than six months in a calendar year, a provider is paid a rate determined for a nursing facility using a case-mix score assigned to the nursing facility under division (B)(1) of this section, the department may assign the nursing facility a cost per case-mix unit that is five per cent less than the nursing facility's actual or assigned cost per case-mix unit for the immediately preceding calendar year. The department may use the assigned cost per case-mix unit, instead of determining the nursing facility's actual cost per case-mix unit in accordance with section 5165.19 of the Revised Code, to establish the nursing facility's rate for direct care costs for the fiscal year immediately following the calendar year for which the cost per case-mix unit is assigned.

(4) The department shall take action under division (B)(1), (2), or (3) of this section only in accordance with rules authorized by this section. The department shall not take an action that affects rates for prior payment periods except in accordance with sections 5165.41 and 5165.42 of the

Revised Code.

(C) The medicaid director shall adopt rules under section 5165.02 of the Revised Code as necessary to implement this section.

(1) The rules shall do all of the following:

(a) Specify the process for determining the semiannual and annual average case-mix scores for nursing facilities;

~~(b) Adjust the case mix values specified in division (A)(2)(b) of this section to reflect changes in relative wage differentials that are specific to this state;~~

~~(c) Express all of those case mix values in numeric terms that are different from the terms specified by the United States department of health and human services but that do not alter the relationship of the case mix values to one another;~~

~~(d)~~ Modify the grouper methodology specified in division (A)(2)(c) of this section as follows:

~~(i) Establish a different hierarchy for assigning residents to case mix categories under the methodology;~~

~~(ii) Allow the use of the index maximizer element of the methodology;~~

~~(iii) Incorporate changes to the grouper methodology for the patient driven payment model nursing index used by the United States department of health and human services makes after June 30, 1999 on October 1, 2019, for prospective payment of skilled nursing facilities under the medicare program;~~

~~(iv)~~~~(ii)~~ Make other changes the department determines are necessary.

~~(e)~~~~(c)~~ Establish procedures under which resident assessment data shall be reviewed for accuracy and providers shall be notified of any data that requires correction;

~~(f)~~~~(d)~~ Establish procedures for providers to correct resident assessment data and specify a reasonable period of time by which providers shall submit the corrections. The procedures may limit the content of corrections in the manner required by regulations adopted by the United States department of health and human services under Title XVIII and Title XIX.

~~(g)~~~~(e)~~ Specify when and how the department will assign case-mix scores or costs per case-mix unit to a nursing facility under division (B) of this section if information necessary to calculate the nursing facility's case-mix score is not provided or corrected in accordance with the procedures established by the rules.

(2) Notwithstanding any other provision of this chapter, the rules may provide for the exclusion of case-mix scores assigned to a nursing facility under division (B) of this section from the determination of the nursing facility's semiannual or annual average case-mix score and the cost per case-mix unit for the nursing facility's peer group.

Sec. 5165.26. (A) As used in this section:

(1) "Base rate" means the portion of a nursing facility's total per medicaid day payment rate determined under divisions (A) and (B) of section 5165.15 of the Revised Code.

(2) "CMS" means the United States centers for medicare and medicaid services.

(3) "Long-stay resident" means an individual who has resided in a nursing facility for at least one hundred one days.

(4) "Nursing facilities for which a quality score was determined" includes nursing facilities that are determined to have a quality score of zero.

(5) "SFF list" means the list of nursing facilities that the United States department of health and human services creates under the special focus facility program.

(6) "Special focus facility program" means the program conducted by the United States secretary of health and human services pursuant to section 1919(f)(10) of the "Social Security Act," 42 U.S.C. 1396r(f)(10).

(B) Subject to divisions (D) and (E) and except as provided in division (F) of this section, the department of medicaid shall determine each nursing facility's per medicaid day quality incentive payment rate as follows:

(1) Determine the sum of the quality scores determined under division (C) of this section for all nursing facilities.

(2) Determine the average quality score by dividing the sum determined under division (B)(1) of this section by the number of nursing facilities for which a quality score was determined.

(3) Determine the sum of the total number of medicaid days for all of the calendar year preceding the fiscal year for which the rate is determined for all nursing facilities for which a quality score was determined.

(4) Multiply the average quality score determined under division (B)(2) of this section by the sum determined under division (B)(3) of this section.

(5) Determine the value per quality point by determining the quotient of the following:

(a) The sum determined under division (E)(2) of this section.

(b) The product determined under division (B)(4) of this section.

(6) Multiply the value per quality point determined under division (B)(5) of this section by the nursing facility's quality score determined under division (C) of this section.

(C)(1) Except as provided in divisions (C)(2) and (3) of this section, a nursing facility's quality score for a state fiscal year shall be the sum of the following:

(a) The total number of points that CMS assigned to the nursing facility under CMS's nursing facility five-star quality rating system for the following quality metrics, or CMS's successor metrics as described below, based on the most recent four-quarter average data, or the average data for fewer quarters in the case of successor metrics, available in the database maintained by CMS and known as nursing home compare in the most recent month of the calendar year during which the fiscal year for which the rate is determined begins:

(i) The percentage of the nursing facility's long-stay residents at high risk for pressure ulcers who had pressure ulcers;

(ii) The percentage of the nursing facility's long-stay residents who had a urinary tract

infection;

(iii) The percentage of the nursing facility's long-stay residents whose ability to move independently worsened;

(iv) The percentage of the nursing facility's long-stay residents who had a catheter inserted and left in their bladder.

If CMS ceases to publish any of the metrics specified in division (C)(1)(a) of this section, the department shall use the nursing facility quality metrics on the same topics that CMS subsequently publishes.

(b) Seven and five-tenths points for fiscal year 2024 and three points for fiscal year 2025 and subsequent fiscal years if the nursing facility's occupancy rate is greater than seventy-five per cent. For purposes of this division, the department shall utilize the facility's occupancy rate for licensed beds reported on its cost report for the calendar year preceding the fiscal year for which the rate is determined or, if the facility is not required to be licensed, the facility's occupancy rate for certified beds. If the facility surrenders licensed or certified beds before the first day of July of the calendar year in which the fiscal year begins, the department shall calculate a nursing facility's occupancy rate by dividing the inpatient days reported on the facility's cost report for the calendar year preceding the fiscal year for which the rate is determined by the product of the number of days in the calendar year and the facility's number of licensed, or if applicable, certified beds on the first day of July of the calendar year in which the fiscal year begins.

(c) Beginning with state fiscal year 2025, the total number of points that CMS assigned to the nursing facility under CMS's nursing facility five-star quality rating system for the following quality metrics, or successor metrics designated by CMS, based on the most recent four-quarter average data available in the database maintained by CMS and known as nursing home compare in the most recent month of the calendar year during which the fiscal year for which the rate is determined begins:

(i) The percentage of the nursing facility's long-stay residents whose need for help with daily activities has increased;

(ii) The percentage of the nursing facility's long-stay residents experiencing one or more falls with major injury;

(iii) The percentage of the nursing facility's long-stay residents who were administered an antipsychotic medication;

(iv) Adjusted total nurse staffing hours per resident per day using quintiles instead of deciles by using the points assigned to the higher of the two deciles that constitute the quintile.

If CMS ceases to publish any of the metrics specified in division (C)(1)(c) of this section, the department shall use the nursing facility quality metrics on the same topics CMS subsequently publishes.

(2) In determining a nursing facility's quality score for a state fiscal year, the department shall make the following adjustment to the number of points that CMS assigned to the nursing

facility for each of the quality metrics specified in divisions (C)(1)(a) and (c) of this section:

(a) Unless division (C)(2)(b) or (c) of this section applies, divide the number of the nursing facility's points for the quality metric by twenty.

(b) If CMS assigned the nursing facility to the lowest percentile for the quality metric, reduce the number of the nursing facility's points for the quality metric to zero.

(c) If the nursing facility's total number of points calculated for or during a state fiscal year for all of the quality metrics specified in divisions (C)(1)(a), and if applicable, division (C)(1)(c) of this section is less than a number of points that is equal to the twenty-fifth percentile of all nursing facilities, calculated using the points for the July 1 rate setting of that fiscal year reduce the nursing facility's points to zero until the next point calculation. If a facility's recalculated points under division (C)(3) of this section are below the number of points determined to be the twenty-fifth percentile for that fiscal year, the facility shall receive zero points for the remainder of that fiscal year.

(3) A nursing facility's quality score shall be recalculated for the second half of the state fiscal year based on the most recent four quarter average data, or the average data for fewer quarters in the case of successor metrics, available in the database maintained by CMS and known as the care compare, in the most recent month of the calendar year during which the fiscal year for which the rate is determined begins. The metrics specified by division (C)(1)(b) of this section shall not be recalculated. In redetermining the quality payment for each facility based on the recalculated points, the department shall use the same per point value determined for the quality payment at the start of the fiscal year.

(D) A nursing facility shall not receive a quality incentive payment if the Department of Health assigned the nursing facility to the SFF list under the special focus facility program and the nursing facility is listed in table A, on the first day of May of the calendar year for which the rate is being determined.

(E) The total amount to be spent on quality incentive payments under division (B) of this section for a fiscal year shall be determined as follows:

(1) Determine the following amount for each nursing facility:

(a) The amount that is five and two-tenths per cent of the nursing facility's base rate for nursing facility services provided on the first day of the state fiscal year plus one dollar and seventy-nine cents plus sixty per cent of the per diem amount by which the nursing facility's rate for direct care costs determined for the fiscal year under section 5165.19 of the Revised Code changed as a result of the rebasing conducted under section 5165.36 of the Revised Code.

(b) Multiply the amount determined under division (E)(1)(a) of this section by the number of the nursing facility's medicaid days for the calendar year preceding the fiscal year for which the rate is determined.

(2) Determine the sum of the products determined under division (E)(1)(b) of this section for all nursing facilities for which the product was determined for the state fiscal year.

(3) To the sum determined under division (E)(2) of this section, add one hundred twenty-five million dollars.

(F)(1) Beginning July 1, 2023, a new nursing facility shall receive a quality incentive payment for the fiscal year in which the new facility obtains an initial provider agreement and the immediately following fiscal year equal to the median quality incentive payment determined for nursing facilities for the fiscal year. For the state fiscal year after the immediately following fiscal year and subsequent fiscal years, the quality incentive payment shall be determined under division (C) of this section.

(2) A nursing facility that undergoes a change of operator with an effective date of July 1, ~~2023~~2025, or later shall not receive a quality incentive payment until the earlier of the first day of January or the first day of July that is at least six months after the effective date of the change of operator. Thereafter any quality incentive payment shall be determined under division (C) of this section.

~~(3) A nursing facility that undergoes a change of owner with an effective date of July 1, 2023, or later shall not receive a quality incentive payment until the earlier of the first day of January or the first day of July that is at least six months after the effective date of the change of owner if, within one year after the change of owner, there is an increase in the lease payments or other financial obligations of the operator to the owner above the payments or obligations specified by the agreement between the previous owner and the operator. Thereafter, any quality incentive payments for the facility shall be determined under division (C) of this section.~~

Sec. 5537.02. (A) There is hereby created a commission to be known on and after July 1, 2013, as the "Ohio turnpike and infrastructure commission." The commission is a body both corporate and politic, constituting an instrumentality of the state, and the exercise by it of the powers conferred by this chapter in the construction, operation, and maintenance of the Ohio turnpike

system, and also in entering into agreements with the department of transportation to pay the cost or a portion of the costs of infrastructure projects, are and shall be held to be essential governmental functions of the state. Chapter 2744. of the Revised Code applies to the commission and the commission is a political subdivision of the state for purposes of that chapter. The commission is subject to all provisions of law generally applicable to state agencies which do not conflict with this chapter.

(B)(1) The commission shall consist of ten members as follows:

(a) Six members appointed by the governor with the advice and consent of the senate, no more than three of whom shall be members of the same political party;

(b) The director of transportation, or the director's designee, who shall be a voting member, and the director of budget and management, or the director's designee. The directors or their designees, as applicable, shall serve as ex officio members, without compensation;

(c) One member of the senate, appointed by the president of the senate, ~~who shall represent either a district in which is located or through which passes a portion of a turnpike project that is part of the Ohio turnpike system or a district located in the vicinity of a turnpike project that is part of the Ohio turnpike system;~~

(d) One member of the house of representatives, appointed by the speaker of the house of representatives, ~~who shall represent either a district in which is located or through which passes a portion of a turnpike project that is part of the Ohio turnpike system or a district located in the vicinity of a turnpike project that is part of the Ohio turnpike system.~~

(2) The members appointed by the governor shall be residents of the state, shall have been qualified electors therein for a period of at least five years next preceding their appointment. In making the appointments, the governor may appoint persons who reside in different geographic areas of the state, taking into consideration the various turnpike and infrastructure projects in the state. Members appointed to the commission prior to July 1, 2013, shall serve terms of eight years commencing on the first day of July and ending on the thirtieth day of June. Thereafter, members appointed by the governor shall serve terms of five years commencing on the first day of July and ending on the thirtieth day of June. Those members appointed by the president of the senate or the speaker of the house of representatives shall serve a term of the remainder of the general assembly during which the senator or representative is appointed. Each appointed member shall hold office from the date of appointment until the end of the term for which the member was appointed. If a commission member dies or resigns, or if a senator or representative who is a member of the commission ceases to be a senator or representative, or if an ex officio member ceases to hold the applicable office, the vacancy shall be filled in the same manner as provided in division (B)(1) of this section. Any member who fills a vacancy occurring prior to the end of the term for which the member's predecessor was appointed shall, if appointed by the governor, hold office for the remainder of such term or, if appointed by the president of the senate or the speaker of the house of representatives, shall hold office for the remainder of the term or for a shorter period of time as

determined by the president or the speaker. Any member appointed by the governor shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office, or until a period of sixty days has elapsed, whichever occurs first. A member of the commission is eligible for reappointment. Each member of the commission appointed by the governor, before entering upon the member's duties, shall take an oath as provided by Section 7 of Article XV, Ohio Constitution. The governor, the president of the senate, or the speaker of the house of representatives, may at any time remove their respective appointees to the commission for misfeasance, nonfeasance, or malfeasance in office.

(3)(a) A member of the commission who is appointed by the president of the senate or the speaker of the house of representatives shall not participate in any vote of the commission. Serving as an appointed member of the commission under divisions (B)(1)(c), (1)(d), or (2) of this section does not constitute grounds for resignation from the senate or the house of representatives under section 101.26 of the Revised Code.

(b) The director of budget and management shall not participate in any vote of the commission.

(C) The voting members of the commission shall elect one of the voting members as chairperson and another as vice-chairperson, and shall appoint a secretary-treasurer who need not be a member of the commission. Four of the voting members of the commission constitute a quorum, and the affirmative vote of four voting members is necessary for any action taken by the commission. No vacancy in the membership of the commission impairs the rights of a quorum to exercise all the rights and perform all the duties of the commission.

(D) Each member of the commission appointed by the governor shall give a surety bond to the commission in the penal sum of twenty-five thousand dollars and the secretary-treasurer shall give such a bond in at least the penal sum of fifty thousand dollars. The commission may require any of its officers or employees to file surety bonds including a blanket bond as provided in section 3.06 of the Revised Code. Each such bond shall be in favor of the commission and shall be conditioned upon the faithful performance of the duties of the office, executed by a surety company authorized to transact business in this state, approved by the governor, and filed in the office of the secretary of state. The costs of the surety bonds shall be paid or reimbursed by the commission from revenues. Each member of the commission appointed by the governor shall receive an annual salary of five thousand dollars, payable in monthly installments. Each member shall be reimbursed for the member's actual expenses necessarily incurred in the performance of the member's duties. All costs and expenses incurred by the commission in carrying out this chapter shall be payable solely from revenues and state taxes, and no liability or obligation shall be incurred by the commission beyond the extent to which revenues have been provided for pursuant to this chapter.

Sec. 5537.03. In order to remove present and anticipated impediments and potential hazards on the congested highways in this state, to facilitate vehicular traffic throughout the state, to finance infrastructure projects that improve and enhance mobility in Ohio, and also to promote the

agricultural, recreational, tourism, and commercial, industrial, and economic development of the state, and to provide for the general welfare by the construction, improvement, and maintenance of modern express highways embodying safety devices, including without limitation center divisions, ample shoulder widths, long sight distances, multiple lanes in each direction, and grade separations at intersections with other public roads and railroads, the Ohio turnpike and infrastructure commission may do the following:

(A) Subject to section 5537.26 of the Revised Code, construct, maintain, repair, and operate a system of turnpike projects ~~at locations that are reviewed by the turnpike legislative review committee and approved by the governor,~~ and in accordance with alignment and design standards that are approved by the director of transportation, and issue revenue bonds of this state, payable solely from pledged revenues, to pay the cost of those projects. The turnpikes and turnpike projects authorized by this chapter are hereby or shall be made part of the Ohio turnpike system.

(B) Provide the infrastructure funds to pay the cost or a portion of the cost of infrastructure projects as recommended by the director of transportation pursuant to a determination made by the commission based on criteria set forth in rules adopted by the commission under section 5537.18 of the Revised Code. A determination by the commission to provide infrastructure funds for an infrastructure project shall be conclusive and incontestable.

Sec. 5537.27. The Ohio turnpike and infrastructure commission, the director of transportation or the director's designee, and another person designated by the governor shall establish a procedure whereby a political subdivision or other government agency or agencies may submit a written application to the commission, requesting the commission to construct and operate a turnpike project within the boundaries of the subdivision, agency, or agencies making the request. The procedure shall include a requirement that the commission send a written reply to the subdivision, agency, or agencies, explaining the disposition of the request. The procedure established pursuant to this section shall not become effective unless it is approved by the commission and by the director or the director's designee and the designee of the governor, ~~and shall require submission of the proposed turnpike project to the turnpike legislative review committee if the project must be approved by the governor.~~

Sec. 5540.02. (A) A transportation improvement district may be created by the board of county commissioners of a county. The board, by resolution, shall determine the structure of the board of trustees of the transportation improvement district it creates by adopting the structure contained either in division (C)(1) or (2) of this section.

(B) A transportation improvement district is a body both corporate and politic, and the exercise by it of the powers conferred by this chapter in the financing, construction, maintenance, repair, and operation of a project are and shall be held to be essential governmental functions.

(C)(1) If the board of county commissioners so elects, a transportation improvement district shall be governed by a board of trustees consisting of the following members:

(a) Two members appointed by the board of county commissioners;

(b) Three members appointed by the legislative authority of the most populous municipal corporation in the district;

(c) Two members appointed by the legislative authority of the second most populous municipal corporation in the district;

(d) Two members appointed by the board of township trustees of the township in the county that is most populous in its unincorporated area;

(e) The county engineer;

(f) One member appointed by the legislative authority of any township or municipal corporation that cannot otherwise appoint a member to the board pursuant to this section, and that is wholly or partially within the area of the transportation improvement district as the district was originally designated by the board of county commissioners;

(g) If the area of a transportation improvement district is expanded by the board of county commissioners, the legislative authority of any township or municipal corporation that is wholly or partially within the area of expansion and that cannot otherwise appoint a member to the board pursuant to this section, with the consent of the board of trustees of the district, may appoint one member to the board;

(h) One member appointed by the regional planning commission for the county, who shall be a nonvoting member of the board;

~~(i) One member appointed at the discretion of the speaker of the house of representatives, who, if appointed, shall be a nonvoting member of the board and who may be a member of the house of representatives.~~

One of each of the appointments made by the board of county commissioners, the legislative authority of a municipal corporation, and the board of township trustees under divisions (C)(1)(a), (b), (c), and (d) of this section, shall be members of the chamber of commerce for the respective political subdivision.

Whenever the addition of members to the board of trustees of a transportation improvement district pursuant to division (C)(1)(f) or (g) of this section results in an even number of total voting members on the board, the board of trustees of the district may appoint an additional person to its membership to maintain an odd number of voting members.

(2) As an alternative to the structure prescribed in division (C)(1) of this section, a board of county commissioners, by resolution, may elect that the transportation improvement district it creates be governed by a board of trustees consisting of ~~the following members:~~

~~(a) Five five members appointed by the board of county commissioners;~~

~~(b) One member appointed at the discretion of the speaker of the house of representatives, who, if appointed, shall be a nonvoting member of the board and who may be a member of the house of representatives.~~

(D) Each appointed member of the board shall hold office for a term of two years but subject to removal at the pleasure of the authority that appointed the member. Members may be reappointed.

Except as otherwise provided in this division, any vacancy on the board shall be filled in the same manner as the original appointment. Any vacancy on a board appointed under division (C)(1) of this section lasting longer than thirty days due to the failure of the legislative authority of a municipal corporation or a board of township trustees to make an appointment shall be filled by the board of trustees of the transportation improvement district.

(E) The voting members of the board shall elect from the entire board membership a chairperson, vice-chairperson, and secretary-treasurer. A majority of the voting members of the board constitutes a quorum, the affirmative vote of which is necessary for any action of the district. No vacancy in the membership of the board impairs the right of a quorum to exercise all the rights and perform all duties of the district.

(F) The board of county commissioners of any county, the legislative authority of any municipal corporation, and the board of township trustees of any township may make appropriations from moneys available to them and not otherwise appropriated to pay costs incurred by the district in the exercise of its functions under this chapter, provided those moneys are available to use for that purpose.

(G) An organizational meeting of the board of trustees of a transportation improvement district created under this section shall be held at the time and place designated by the board member who has served the most years as a member of the board of county commissioners that created the transportation improvement district.

Sec. 5595.02. (A) The boards of county commissioners of two or more counties may undertake a regional transportation improvement project for the purpose of completing transportation improvements within the territory of the counties. The project shall be administered by a governing board in accordance with a cooperative agreement.

~~(B)(B)(1)~~ The cooperative agreement shall provide for the creation of a governing board consisting of ~~one~~ the following individuals:

(a) One county commissioner from each county that is a party to the agreement or a designee appointed by the board of county commissioners of the county for the purpose of serving on the governing board, ~~and the~~;

(b) The county engineer of each such county or a designee appointed by the county engineer for the purpose of serving on the governing board.

(2) The cooperative agreement may authorize the chief executive officer of the JobsOhio network partner that covers the majority of the area encompassed by the regional transportation improvement project or a designee appointed by the chief executive officer to serve as an additional member of the governing board. Membership-

(3) Membership on the board is not a direct or indirect interest in a contract or expenditure of money by the county. The board is a public body for the purposes of section 121.22 of the Revised Code and a public office for the purposes of section 149.43 of the Revised Code. Chapter 2744. of the Revised Code applies to the board.

(C) The governing board of a regional transportation improvement project is a body both corporate and politic, and the exercise by it of the powers conferred by this chapter in the financing, construction, maintenance, repair, and operation of transportation improvements are essential governmental functions.

(D) A board of county commissioners, in accordance with the cooperative agreement, may make appropriations to pay costs incurred by the governing board in the exercise of its functions under this chapter so long as such costs are approved by the director of transportation under section 5595.12 of the Revised Code.

Sec. 5701.11. The effective date to which this section refers is the effective date of this section as amended by H.B. 14 of the 136th general assembly.

(A)(1) Except as provided under division (A)(2) or (B) of this section, any reference in Title LVII or section 149.311, 3123.90, 3770.07, 3770.071, 3770.072, 3770.073, ~~or 3772.37, or 3775.16~~ of the Revised Code to the Internal Revenue Code, to the Internal Revenue Code "as amended," to other laws of the United States, or to other laws of the United States, "as amended," means the Internal Revenue Code or other laws of the United States as they exist on the effective date.

The filing by the taxpayer for that taxable year of a report or return that incorporates the provisions of the Internal Revenue Code or other laws of the United States applicable for federal income tax purposes for that taxable year, and that does not include any adjustments to reverse the effects of any differences between those provisions and the provisions that would otherwise apply, constitutes the making of an irrevocable election under this division for that taxable year.

(2) Elections under prior versions of division (B)(1) of this section remain in effect for the taxable years to which they apply.

Sec. 5703.052. (A) There is hereby created in the state treasury the tax refund fund, from which refunds shall be paid for amounts illegally or erroneously assessed or collected, or for any other reason overpaid, with respect to taxes levied by Chapter 4301., 4305., 5726., 5728., 5729., 5731., 5733., 5735., 5736., 5739., 5741., 5743., 5747., 5748., 5749., 5751., or 5753. and sections 3737.71, 3905.35, 3905.36, 4303.33, 5707.03, 5725.18, 5727.28, 5727.38, 5727.81, and 5727.811 of the Revised Code. (2) When a refund is for a tax, fee, wireless 9-1-1 charge, next generation 9-1-1 access fee, or other amount that is not levied by the state or that was illegally or erroneously distributed to a taxing jurisdiction, the tax commissioner shall recover the amount of that refund from the next distribution of that tax, fee, wireless 9-1-1 charge, next generation 9-1-1 access fee, or other amount that otherwise would be made to the taxing jurisdiction. If the amount to be recovered would exceed twenty-five per cent of the next distribution of that tax, fee, wireless 9-1-1 charge, next generation 9-1-1 access fee, or other amount, the commissioner may spread the recovery over more than one future distribution, taking into account the amount to be recovered and the amount of the anticipated future distributions. In no event may the commissioner spread the recovery over a period to exceed ~~thirty-six~~ seventy-two months.

If such books, accounts, records, or memoranda are kept electronically or available in an electronic format, the person or public utility shall provide such records to the commissioner electronically or in an electronic format at the commissioner's request. Any person other than the commissioner who makes a demand pursuant to this section shall produce the person's authority to make the inspection.

Whoever violates this provision shall thereafter be disqualified from acting as an officer or employee or in any other capacity under appointment or employment of the department.

(10) Disclosing to a county auditor information in or discovered pursuant to the property tax relief screening system created in section 5703.83 of the Revised Code.

Sec. 5703.37. (A)(1) Except as provided in division (B) of this section, whenever service of a notice or order is required in the manner provided in this section, a copy of the notice or order shall be served upon the person affected thereby either by personal service, by certified mail, or by a

delivery service authorized under section 5703.056 of the Revised Code that notifies the tax commissioner of the date of delivery.

(2) In lieu of serving a copy of a notice or order through one of the means provided in division (A)(1) of this section, the commissioner may serve a notice or order upon the person affected thereby through alternative means as provided in this section, including, but not limited to, delivery by secure electronic mail as provided in division (F) of this section or by ordinary mail. Delivery by such means satisfies the requirements for delivery under this section.

(B)(1)(a) If certified or ordinary mail is returned because of an undeliverable address, the commissioner shall first utilize reasonable means to ascertain a new last known address, including the use of a change of address service offered by the United States postal service or an authorized delivery service under section 5703.056 of the Revised Code. If, after using reasonable means, the commissioner is unable to ascertain a new last known address, the assessment is final for purposes of section 131.02 of the Revised Code sixty days after the notice or order ~~sent by certified mail~~ is first returned to the commissioner, and the commissioner shall certify the notice or order, if applicable, to the attorney general for collection under section 131.02 of the Revised Code.

(b) Notwithstanding certification to the attorney general under division (B)(1)(a) of this section, once the commissioner or attorney general, or the designee of either, makes an initial contact with the person to whom the notice or order is directed, the person may protest an assessment by filing a petition for reassessment within sixty days after the initial contact. The certification of an assessment under division (B)(1)(a) of this section is prima-facie evidence that delivery is complete and that the notice or order is served.

(2) If mailing of a notice or order by certified or ordinary mail is returned for some cause other than an undeliverable address or if a person does not access an electronic notice or order within the time provided in division (F) of this section, the commissioner shall resend the notice or order by ordinary mail. The notice or order shall show the date the commissioner sends the notice or order and include the following statement:

"This notice or order is deemed to be served on the addressee under applicable law ten days from the date this notice or order was mailed by the commissioner as shown on the notice or order, and all periods within which an appeal may be filed apply from and after that date."

Unless the mailing is returned because of an undeliverable address, the mailing of that information is prima-facie evidence that delivery of the notice or order was completed ten days after the commissioner ~~sent~~ resent the notice or order by ordinary mail and that the notice or order was served.

If the ~~ordinary mail mailing~~ is subsequently returned because of an undeliverable address, the commissioner shall proceed under division (B)(1)(a) of this section. A person may challenge the presumption of delivery and service under this division in accordance with division (C) of this section.

(C)(1) A person disputing the presumption of delivery and service under division (B) of this

section bears the burden of proving by a preponderance of the evidence that the address to which the notice or order was sent was not an address with which the person was associated at the time the commissioner originally mailed the notice or order ~~by certified mail~~. For the purposes of this section, a person is associated with an address at the time the commissioner originally mailed the notice or order if, at that time, the person was residing, receiving legal documents, or conducting business at the address; or if, before that time, the person had conducted business at the address and, when the notice or order was mailed, the person's agent or the person's affiliate was conducting business at the address. For the purposes of this section, a person's affiliate is any other person that, at the time the notice or order was mailed, owned or controlled at least twenty per cent, as determined by voting rights, of the addressee's business.

(2) If the person elects to protest an assessment certified to the attorney general for collection, the person must do so within sixty days after the attorney general's initial contact with the person. The attorney general may enter into a compromise with the person under sections 131.02 and 5703.06 of the Revised Code if the person does not file a petition for reassessment with the commissioner.

(D) Nothing in this section prohibits the commissioner or the commissioner's designee from delivering a notice or order by personal service.

(E) Collection actions taken pursuant to section 131.02 of the Revised Code upon any assessment being challenged under division (B)(1)(b) of this section shall be stayed upon the pendency of an appeal under this section. If a petition for reassessment is filed pursuant to this section on a claim that has been certified to the attorney general for collection, the claim shall be uncertified.

(F)(1) The commissioner may serve a notice or order upon the person affected by the notice or order or that person's authorized representative through secure electronic means associated with the person's or representative's last known address, but only with the person's consent. The commissioner must inform the recipient, electronically or by mail, that a notice or order is available for electronic review and provide instructions to access and print the notice or order. The types of electronic notification the commissioner may use include electronic mail, text message, or any other form of electronic communication. The recipient's electronic access of the notice or order satisfies the requirements for delivery under this section. If the recipient fails to access the notice or order electronically within ten business days, then the commissioner shall inform the recipient a second time, electronically or by mail, that a notice or order is available for electronic review and provide instructions to access and print the notice or order. If the recipient fails to access the notice or order electronically within ten business days of the second notification, the notice or order shall be served upon the person through the means provided in division (B)(2) of this section.

(2) The tax commissioner shall establish a system to issue notification of assessments to taxpayers through secure electronic means.

For documents sent by secure electronic means, "last known address" means an electronic mode of communication that is identified on a form prescribed by the commissioner for such purpose or that is associated with the person or the authorized representative of the person as of the date the notification was sent on the Ohio business gateway, as defined in section 718.01 of the Revised Code, as of the date the notification was sent or another electronic filing or payment system prescribed by the commissioner.

(2) "Undeliverable address" means an address to which the United States postal service or an authorized delivery service under section 5703.056 of the Revised Code is not able to deliver a notice or order, except when the reason for nondelivery is because the addressee fails to acknowledge or accept the notice or order.

The applicant shall have sixty days from the date the commissioner electronically sends or mails the notice to provide additional information to the commissioner or request a hearing, or both.

(B) If the applicant neither requests a hearing nor provides additional information to the tax commissioner within the time prescribed by division (A) of this section, the commissioner shall take no further action, and the refund or compensation amount denied becomes final.

(C)(1) If the applicant requests a hearing within the time prescribed by division (A) of this section, the tax commissioner shall assign a time and place for the hearing and notify the applicant of such time and place, but the commissioner may continue the hearing from time to time, as necessary. After the hearing, the commissioner may make such adjustments to the refund or compensation as the commissioner finds proper, and shall issue a final determination thereon.

(2) If the applicant does not request a hearing, but provides additional information, within the time prescribed by division (A) of this section, the commissioner shall review the information,

make such adjustments to the refund or compensation as the commissioner finds proper, and issue a final determination thereon. The commissioner may review such information and make such adjustments as many times as the commissioner finds proper before the issuance of a final determination.

Money in the fund may not be used to pay the compensation of officers or employees of the subdivision.

The board of health of a city or general health district may establish the home health services fund referred to in section 3709.15 of the Revised Code.

Sec. 5705.13. (A) A taxing authority of a subdivision, by resolution or ordinance, may establish reserve balance accounts to accumulate currently available resources for the following purposes:

- (1) To stabilize subdivision budgets against cyclical changes in revenues and expenditures;
- (2) Except as otherwise provided by this section, to provide for the payment of claims and deductibles under an individual or joint self-insurance program for the subdivision, if the subdivision is permitted by law to establish such a program;
- (3) To provide for the payment of claims, assessments, and deductibles under a self-insurance program, individual retrospective ratings plan, group rating plan, group retrospective rating plan, medical only program, deductible plan, or large deductible plan for workers' compensation.

The ordinance or resolution establishing a reserve balance account shall state the purpose for which the account is established, the fund in which the account is to be established, and the total amount of money to be reserved in the account.

Not more than one reserve balance account may be established for each of the purposes permitted under divisions (A)(2) and (3) of this section. Money to the credit of a reserve balance account may be expended only for the purpose for which the account was established.

A reserve balance account established for the purpose described in division (A)(1) of this section may be established in the general fund or in one or more special funds for operating purposes of the subdivision. The amount of money to be reserved in such an account in any fiscal year shall not exceed five per cent of the revenue credited in the preceding fiscal year to the fund in which the account is established, or, in the case of a reserve balance account of a county or of a township, the greater of that amount or one-sixth of the expenditures during the preceding fiscal year from the fund in which the account is established. ~~Subject to division (F) of section 5705.29 of the Revised Code, any reserve balance in an account established under division (A)(1) of this section shall not be considered part of the unencumbered balance or revenue of the subdivision under division (A) of section 5705.35 or division (A)(1) of section 5705.36 of the Revised Code.~~

At any time, a taxing authority of a subdivision, by resolution or ordinance, may reduce or eliminate the reserve balance in a reserve balance account established for the purpose described in division (A)(1) of this section.

A reserve balance account established for the purpose described in division (A)(2) or (3) of this section shall be established in the general fund of the subdivision or by the establishment of a separate internal service fund established to account for the operation of an individual or joint self-insurance program described in division (A)(2) of this section or a workers' compensation program or plan described in division (A)(3) of this section, and shall be based on sound actuarial principles. The total amount of money in a reserve balance account for self-insurance may be expressed in

dollars or as the amount determined to represent an adequate reserve according to sound actuarial principles.

A taxing authority of a subdivision, by resolution or ordinance, may rescind a reserve balance account established under this division. If a reserve balance account is rescinded, money that has accumulated in the account shall be transferred to the fund or funds from which the money originally was transferred.

(B) A taxing authority of a subdivision, by resolution or ordinance, may establish a special revenue fund for the purpose of accumulating resources for the payment of accumulated sick leave and vacation leave, and for payments in lieu of taking compensatory time off, upon the termination of employment or the retirement of officers and employees of the subdivision. The special revenue fund may also accumulate resources for payment of salaries during any fiscal year when the number of pay periods exceeds the usual and customary number of pay periods. Notwithstanding sections 5705.14, 5705.15, and 5705.16 of the Revised Code, the taxing authority, by resolution or ordinance, may transfer money to the special revenue fund from any other fund of the subdivision from which such payments may lawfully be made. The taxing authority, by resolution or ordinance, may rescind a special revenue fund established under this division. If a special revenue fund is rescinded, money that has accumulated in the fund shall be transferred to the fund or funds from which the money originally was transferred.

(C) A taxing authority of a subdivision, by resolution or ordinance, may establish a capital projects fund for the purpose of accumulating resources for the acquisition, construction, or improvement of fixed assets of the subdivision. For the purposes of this section, "fixed assets" includes motor vehicles. More than one capital projects fund may be established and may exist at any time. The ordinance or resolution shall identify the source of the money to be used to acquire, construct, or improve the fixed assets identified in the resolution or ordinance, the amount of money to be accumulated for that purpose, the period of time over which that amount is to be accumulated, and the fixed assets that the taxing authority intends to acquire, construct, or improve with the money to be accumulated in the fund.

A taxing authority of a subdivision shall not accumulate money in a capital projects fund for more than ten years after the resolution or ordinance establishing the fund is adopted. If the subdivision has not entered into a contract for the acquisition, construction, or improvement of fixed assets for which money was accumulated in such a fund before the end of that ten-year period, the fiscal officer of the subdivision shall transfer all money in the fund to the fund or funds from which that money originally was transferred or the fund that originally was intended to receive the money.

A taxing authority of a subdivision, by resolution or ordinance, may rescind a capital projects fund. If a capital projects fund is rescinded, money that has accumulated in the fund shall be transferred to the fund or funds from which the money originally was transferred.

Notwithstanding sections 5705.14, 5705.15, and 5705.16 of the Revised Code, the taxing authority of a subdivision, by resolution or ordinance, may transfer money to the capital projects

fund from any other fund of the subdivision that may lawfully be used for the purpose of acquiring, constructing, or improving the fixed assets identified in the resolution or ordinance.

Sec. 5705.131. A taxing authority of a subdivision may establish a nonexpendable trust fund for the purpose of receiving donations or contributions that the donor or contributor requires to be maintained intact. The principal of such fund may be invested, and the investment earnings on the principal shall be credited to the fund. ~~The principal of the fund, and any additions to principal arising from sources other than the reinvestment of investment earnings arising from the fund, shall not be considered part of the unencumbered balance or revenue of the subdivision under division (A) of section 5705.35 or division (A)(1) of section 5705.36 of the Revised Code. Only investment earnings arising from investment of the principal or investment of such additions to principal may be considered an unencumbered balance or revenue of the subdivision under that division.~~

Sec. 5705.132. In addition to any reserve balance account established under section 5705.13 of the Revised Code, a board of township trustees, by resolution, may establish a reserve balance account to accumulate currently available resources for any purpose for which the board may lawfully expend money of the township other than for the purposes for which a reserve balance account may be established under section 5705.13 of the Revised Code. Money may be transferred to the reserve balance account from another fund or account of the township only if money in that fund or account may lawfully be expended for the purpose for which the reserve balance account is created. A reserve balance account created under this section may exist for not more than five fiscal years beginning with the first fiscal year in which money is credited to the account. The total amount of money to the credit of all reserve balance accounts established under this section at any time in any fiscal year shall not exceed five per cent of the total of the township's revenue from all sources for the preceding fiscal year and any unencumbered balances carried over to the current fiscal year from the preceding fiscal year. Money in a reserve balance account shall be expended only for the purpose for which the account is established. More than one reserve balance account may be established under this section.

The resolution establishing a reserve balance account shall state the specific purpose for which the account is established, the fund within which the account is established, the fund or account from which money shall be transferred to the account, and the number of years the account will exist. The resolution shall specify the maximum total amount of money that may be credited to the account during its existence and the maximum amount of money to be credited to the account each fiscal year the account exists. The board, by subsequent resolution, may change the amount to be credited and the source from which money is transferred, subject to the limitations of this section.

The board, by resolution, may rescind a reserve balance account established under this section before the expiration of the account. The board, by resolution, may extend the life of a reserve balance account, provided that the total number of years the fund exists shall not exceed five fiscal years beginning with the first fiscal year in which money is credited to the account.

Upon the expiration or rescission of a reserve balance account established under this section,

any unexpended balance in the account shall be transferred to the fund or account from which money in the account was originally transferred. If money in the account originally was transferred from more than one fund or account, a pro rata share of the unexpended balance shall be transferred to each such fund or account proportionate to the amount originally transferred from that fund or account.

~~The balance to the credit of a reserve balance account shall not be considered part of the unencumbered balance or revenue of the township under division (A) of section 5705.35 or division (A)(1) of section 5705.36 of the Revised Code.~~

Sec. 5705.14. No transfer shall be made from one fund of a subdivision to any other fund, by order of the court or otherwise, except as follows:

(A) The unexpended balance in a bond fund that is no longer needed for the purpose for which such fund was created shall be transferred to the sinking fund or bond retirement fund from which such bonds are payable.

(B) The unexpended balance in any specific permanent improvement fund, other than a bond fund, after the payment of all obligations incurred in the acquisition of such improvement, shall be transferred to the sinking fund or bond retirement fund of the subdivision; provided that if such money is not required to meet the obligations payable from such funds, it may be transferred to a special fund for the acquisition of permanent improvements, or, with the approval of the court of common pleas of the county in which such subdivision is located, to the general fund of the subdivision.

(C)(1) Except as provided in division (C)(2) of this section, the unexpended balance in the sinking fund or bond retirement fund of a subdivision, after all indebtedness, interest, and other obligations for the payment of which such fund exists have been paid and retired, shall be transferred, in the case of the sinking fund, to the bond retirement fund, and in the case of the bond retirement fund, to the sinking fund; provided that if such transfer is impossible by reason of the nonexistence of the fund to receive the transfer, such unexpended balance, with the approval of the court of common pleas of the county in which such division is located, may be transferred to any other fund of the subdivision.

(2) Money in a bond fund or bond retirement fund of a city, local, exempted village, cooperative education, or joint vocational school district may be transferred to a specific permanent improvement fund provided that the county budget commission of the county in which the school district is located approves the transfer upon its determination that the money transferred will not be required to meet the obligations payable from the bond fund or bond retirement fund. In arriving at such a determination, the county budget commission shall consider the balance of the bond fund or bond retirement fund, the outstanding obligations payable from the fund, and the sources and timing of the fund's revenue.

(D) The unexpended balance in any special fund, other than an improvement fund, existing in accordance with division (D), (F), or (G) of section 5705.09 or section 5705.12 of the Revised

Code, may be transferred to the general fund or to the sinking fund or bond retirement fund after the termination of the activity, service, or other undertaking for which such special fund existed, but only after the payment of all obligations incurred and payable from such special fund.

(E) Money may be transferred from the general fund to any other fund of the subdivision.

(F) Moneys retained or received by a county under section 4501.04 or division (A)(2) of section 5735.27 of the Revised Code may be transferred from the fund into which they were deposited to the sinking fund or bond retirement fund from which any principal, interest, or charges for which such moneys may be used is payable.

(G) Moneys retained or received by a municipal corporation under section 4501.04 or division (A)(1) of section 5735.27 of the Revised Code may be transferred from the fund into which they were deposited to the sinking fund or bond retirement fund from which any principal, interest, or charges for which such moneys may be used is payable.

(H)(1) Money may be transferred from the county developmental disabilities general fund to the county developmental disabilities capital fund established under section 5705.091 of the Revised Code or to any other fund created for the purposes of the county board of developmental disabilities, so long as money in the fund to which the money is transferred can be spent for the particular purpose of the transferred money. The county board of developmental disabilities may request, by resolution, that the board of county commissioners make the transfer. The county board of developmental disabilities shall transmit a certified copy of the resolution to the board of county commissioners. Upon receiving the resolution, the board of county commissioners may make the transfer. Money transferred to a fund shall be credited to an account appropriate to its particular purpose.

(2) An unexpended balance in an account in the county developmental disabilities capital fund or any other fund created for the purposes of the county board of developmental disabilities may be transferred back to the county developmental disabilities general fund. The transfer may be made if the unexpended balance is no longer needed for its particular purpose and all outstanding obligations have been paid. Money transferred back to the county developmental disabilities general fund shall be credited to an account for current expenses within that fund. The county board of developmental disabilities may request, by resolution, that the board of county commissioners make the transfer. The county board of developmental disabilities shall transmit a certified copy of the resolution to the board of county commissioners. Upon receiving the resolution, the board of county commissioners may make the transfer.

(I) Money may be transferred from the public assistance fund established under section 5101.161 of the Revised Code to either of the following funds, so long as the money to be transferred from the public assistance fund may be spent for the purposes for which money in the receiving fund may be used:

(1) The children services fund established under section ~~5101.144~~5180.411 of the Revised Code;

(2) The child support enforcement administrative fund established, as authorized under rules adopted by the director of job and family services, in the county treasury for use by any county family services agency.

(J) Notwithstanding this section, money in any fund or account of a village dissolved in accordance with sections 703.31 to 703.39 of the Revised Code may be transferred by the receiver-trustee to a special account for the purpose of paying the debts, obligations, and liabilities of the dissolved village or to the general fund of any township into which the territory of the village is dissolved for any purpose that directly or indirectly benefits the former territory of the dissolved village.

(K) Except in the case of transfer pursuant to division (E) or (J) of this section, transfers authorized by this section shall only be made by resolution of the taxing authority passed with the affirmative vote of two-thirds of the members.

Sec. 5705.17. (A) As used in this section:

(1) "Qualifying levy" means any levy in excess of the ten-mill limitation for current expenses or current operating expenses.

(2) "School district" means a city, local, or exempted village school district.

(B) Notwithstanding anything in the Revised Code to the contrary, any election notice and ballot language for qualifying levy submitted to electors by a school district shall display the information certified by the county auditor in division (B)(2)(f) of section 5705.03 of the Revised Code. The secretary of state shall prescribe the form of the notice and ballot to incorporate this information.

Sec. 5705.194. The board of education of any city, local, exempted village, cooperative education, or joint vocational school district at any time before the effective date of this amendment may declare by resolution that the revenue that will be raised by all tax levies which the district is authorized to impose, when combined with state and federal revenues, will be insufficient to provide for the emergency requirements of the school district or to avoid an operating deficit, and that it is therefore necessary to levy an additional tax in excess of the ten-mill limitation. The resolution shall be confined to a single purpose and shall specify that purpose. If the levy is proposed to renew all or a portion of the proceeds derived from one or more existing levies imposed pursuant to this section, it shall be called a renewal levy and shall be so designated on the ballot. If two or more existing levies are to be included in a single renewal levy but are not scheduled to expire in the same year, the resolution shall specify that the existing levies to be renewed shall not be levied after the year preceding the year in which the renewal levy is first imposed. Notwithstanding the original purpose of any one or more existing levies that are to be in any single renewal levy, the purpose of the renewal levy may be either to avoid an operating deficit or to provide for the emergency requirements of the school district. The resolution shall further specify the amount of money it is necessary to raise for the specified purpose for each calendar year the millage is to be imposed; if a renewal levy, whether the levy is to renew all, or a portion of, the proceeds derived from one or

more existing levies; and the number of years in which the millage is to be in effect, which may include a levy upon the current year's tax list. The number of years may be any number not exceeding ten.

The question shall be submitted at a special election on a date specified in the resolution. The date shall not be earlier than eighty days after the adoption and certification of the resolution to the county auditor and shall be consistent with the requirements of section 3501.01 of the Revised Code. A resolution for a renewal levy shall not be placed on the ballot unless the question is submitted on a date on which a special election may be held under division (D) of section 3501.01 of the Revised Code, except for the first Tuesday after the first Monday in August, during the last year the levy to be renewed may be extended on the real and public utility property tax list and duplicate, or at any election held in the ensuing year, except that if the resolution proposes renewing two or more existing levies, the question shall be submitted on the date of the general or primary election held during the last year at least one of the levies to be renewed may be extended on that list and duplicate, or at any election held during the ensuing year. For purposes of this section ~~and sections 5705.197 and section 5705.199~~ of the Revised Code, a levy shall be considered to be an "existing levy" through the year following the last year it can be placed on the real and public utility property tax list and duplicate.

The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

The resolution shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. A copy of the resolution shall immediately after its passing be certified to the county auditor of the proper county. ~~Section 5705.195 of the Revised Code shall govern the arrangements for the submission of questions to the electors under this section and other matters concerning the election.~~ Publication of notice of the election shall be made in one newspaper of general circulation in the county once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. If a majority of the electors voting on the question submitted in an election vote in favor of the levy, the board of education of the school district may make the additional levy necessary to raise the amount specified in the resolution for the purpose stated in the resolution. The tax levy shall be included in the next tax budget that is certified to the county budget commission.

After the approval of the levy and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not exceeding the total estimated proceeds of the levy to be collected during the first year of the levy.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five

years, and may have principal payment in the year of their issuance.

Sec. 5705.199. (A) At any time before the effective date of this amendment the board of education of a city, local, exempted village, cooperative education, or joint vocational school district, by a vote of two-thirds of all its members, may declare by resolution that the revenue that will be raised by all tax levies that the district is authorized to impose, when combined with state and federal revenues, will be insufficient to provide for the necessary requirements of the school district, and that it is therefore necessary to levy a tax in excess of the ten-mill limitation for the purpose of providing for the necessary requirements of the school district. Such a levy shall be proposed as a substitute for all or a portion of one or more existing levies imposed under ~~sections~~ section 5705.194 ~~to 5705.197~~ of the Revised Code or under this section, by levying a tax as follows:

(1) In the initial year the levy is in effect, the levy shall be in a specified amount of money equal to the aggregate annual dollar amount of proceeds derived from the levy or levies, or portion thereof, being substituted.

(2) In each subsequent year the levy is in effect, the levy shall be in a specified amount of money equal to the sum of the following:

(a) The dollar amount of the proceeds derived from the levy in the prior year; and

(b) The dollar amount equal to the product of the total taxable value of all taxable real property in the school district in the then-current year, excluding carryover property as defined in section 319.301 of the Revised Code, multiplied by the annual levy, expressed in mills for each one dollar of taxable value, that was required to produce the annual dollar amount of the levy under this section in the prior year; provided, that the amount under division (A)(2)(b) of this section shall not be less than zero.

~~(B) The resolution proposing the substitute levy shall specify the annual dollar amount the levy is to produce in its initial year; the first calendar year in which the levy will be due; and the term of the levy expressed in years, which may be any number not exceeding ten, or for a continuing period of time. The resolution shall specify the date of holding the election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and which shall be consistent with the requirements of section 3501.01 of the Revised Code. If two or more existing levies are to be included in a single substitute levy, but are not scheduled to expire in the same year, the resolution shall specify that the existing levies to be substituted shall not be levied after the year preceding the year in which the substitute levy is first imposed.~~

~~The resolution shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. A copy of the resolution shall immediately after its passage be certified to the county auditor in the manner provided by section 5705.195 of the Revised Code, and sections 5705.194 and 5705.196 of the Revised Code shall govern the arrangements for the submission of the question and other matters concerning the notice of election and the election, except as may be provided otherwise in this section.~~

~~(C) The form of the ballot to be used at the election on the question of a levy under this section shall be as follows:~~

~~"Shall a tax levy substituting for an existing levy be imposed by the \_\_\_\_\_ (here insert name of school district) for the purpose of providing for the necessary requirements of the school district in the initial sum of \$\_\_\_\_\_ (here insert the annual dollar amount the levy is to produce in its initial year), and a levy of taxes be made outside of the ten mill limitation estimated by the county auditor to require \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to \$\_\_\_\_\_ for each \$100,000 of the county auditor's appraised value for the initial year of the tax, for a period of \_\_\_\_\_ (here insert the number of years the levy is to be imposed, or that it will be levied for a continuing period of time), commencing in \_\_\_\_\_ (first year the tax is to be levied), first due in calendar year \_\_\_\_\_ (first calendar year in which the tax shall be due), with the sum of such tax to increase only if and as new land or real property improvements not previously taxed by the school district are added to its tax list?"~~

	FOR THE TAX LEVY
	AGAINST THE TAX LEVY

"

~~If the levy submitted is a proposal to substitute all or a portion of more than one existing levy, the form of the ballot may be changed so long as the ballot reflects the number of levies to be substituted and that none of the existing levies to be substituted will be levied after the year preceding the year in which the substitute levy is first imposed. The form of the ballot shall be modified by substituting the statement "Shall a tax levy substituting for an existing levy" with "Shall a tax levy substituting for existing levies" and adding the following statement after "added to its tax list?" and before "For the Tax Levy":~~

~~"If approved, any remaining tax years on any of the \_\_\_\_\_ (here insert the number of existing levies) existing levies will not be collected after \_\_\_\_\_ (here insert the current tax year or, if not the current tax year, the applicable tax year)."~~

~~(D) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.~~

~~(E) If a majority of the electors voting on the question so submitted in an election vote in favor of the levy, the board of education may make the necessary levy within the school district at the rate and for the purpose stated in the resolution. The tax levy shall be included in the next tax budget that is certified to the county budget commission.~~

~~(F)(C) A levy for a continuing period of time may be decreased pursuant to section 5705.261 of the Revised Code.~~

~~(G) A levy under this section substituting for all or a portion of one or more existing levies imposed under sections 5705.194 to 5705.197 of the Revised Code or under this section shall be treated as having renewed the levy or levies being substituted for purposes of the payments made~~

~~under sections 5751.20 to 5751.22 of the Revised Code.~~

(H)(D) After the approval of a levy on the current tax list and duplicate, and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

Sec. 5705.21. (A) At any time, the board of education of any city, local, exempted village, cooperative education, or joint vocational school district, by a vote of two-thirds of all its members, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation by levies on the current tax list will be insufficient to provide an adequate amount for the necessary requirements of the school district, that it is necessary to levy a tax in excess of such limitation for one of the purposes specified in division (A), (D), (F), (H), or (DD) of section 5705.19 of the Revised Code, for general permanent improvements, for the purpose of operating a cultural center, for the purpose of providing for school safety and security, or for the purpose of providing education technology, and that the question of such additional tax levy shall be submitted to the electors of the school district at a special election on a day to be specified in the resolution. In the case of a qualifying library levy for the support of a library association or private corporation, the question shall be submitted to the electors of the association library district. If the resolution states that the levy is for the purpose of operating a cultural center, the ballot shall state that the levy is "for the purpose of operating the \_\_\_\_\_ (name of cultural center)."

As used in this division, "cultural center" means a freestanding building, separate from a public school building, that is open to the public for educational, musical, artistic, and cultural purposes; "education technology" means, but is not limited to, computer hardware, equipment, materials, and accessories, equipment used for two-way audio or video, and software; "general permanent improvements" means permanent improvements without regard to the limitation of division (F) of section 5705.19 of the Revised Code that the improvements be a specific improvement or a class of improvements that may be included in a single bond issue; and "providing for school safety and security" includes but is not limited to providing for permanent improvements to provide or enhance security, employment of or contracting for the services of safety personnel, providing mental health services and counseling, or providing training in safety and security practices and responses.

A resolution adopted under this division shall be confined to a single purpose and shall specify the amount of the increase in rate that it is necessary to levy, the purpose of the levy, and the number of years during which the increase in rate shall be in effect. The number of years may be any number not exceeding five or, if the levy is for current expenses of the district or for general permanent improvements, for a continuing period of time.

(B)(1) The board of education of a qualifying school district, by resolution, may declare that it is necessary to levy a tax in excess of the ten-mill limitation for the purpose of paying the current expenses of partnering community schools and, if any of the levy proceeds are so allocated, of the district. A qualifying school district that is not a municipal school district may allocate all of the levy proceeds to partnering community schools. A municipal school district shall allocate a portion of the levy proceeds to the current expenses of the district. The resolution shall declare that the question of the additional tax levy shall be submitted to the electors of the school district at a special election on a day to be specified in the resolution. The resolution shall state the purpose of the levy, the rate of the tax expressed in mills for each one dollar of taxable value, the number of such mills to be levied for the current expenses of the partnering community schools and the number of such mills, if any, to be levied for the current expenses of the school district, the number of years the tax will be levied, and the first year the tax will be levied. The number of years the tax may be levied may be any number not exceeding ten years, or for a continuing period of time.

The levy of a tax for the current expenses of a partnering community school under this section and the distribution of proceeds from the tax by a qualifying school district to partnering community schools is hereby determined to be a proper public purpose.

(2)(a) If any portion of the levy proceeds are to be allocated to the current expenses of the qualifying school district, the form of the ballot at an election held pursuant to division (B) of this section shall be as follows:

"Shall a levy be imposed by the \_\_\_\_\_ (insert the name of the qualifying school district) for the purpose of current expenses of the school district and of partnering community schools, that the county auditor estimates will collect \$ \_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value, of which \_\_\_\_\_ (insert the number of mills to be allocated to partnering community schools) mills is to be allocated to partnering community schools, which amounts to \$ \_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~-market value, for \_\_\_\_\_ (insert the number of years the levy is to be imposed, or that it will be levied for a continuing period of time), beginning \_\_\_\_\_ (insert first year the tax is to be levied), which will first be payable in calendar year \_\_\_\_\_ (insert the first calendar year in which the tax would be payable)?"

	FOR THE TAX LEVY	"
	AGAINST THE TAX LEVY	

(b) If all of the levy proceeds are to be allocated to the current expenses of partnering community schools, the form of the ballot shall be as follows:

"Shall a levy be imposed by the \_\_\_\_\_ (insert the name of the qualifying school district) for the purpose of current expenses of partnering community schools, that the county auditor estimates will collect \$ \_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value which amounts to \$ \_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~-market value,

for \_\_\_\_\_ (insert the number of years the levy is to be imposed, or that it will be levied for a continuing period of time), beginning \_\_\_\_\_ (insert first year the tax is to be levied), which will first be payable in calendar year \_\_\_\_\_ (insert the first calendar year in which the tax would be payable)?

	FOR THE TAX LEVY	
	AGAINST THE TAX LEVY	"

(3) Upon each receipt of a tax distribution by the qualifying school district, the board of education shall credit the portion allocated to partnering community schools to the partnering community schools fund. All income from the investment of money in the partnering community schools fund shall be credited to that fund.

(a) If the qualifying school district is a municipal school district, the board of education shall distribute the partnering community schools amount among the then qualifying community schools not more than forty-five days after the school district receives and deposits each tax distribution. From each tax distribution, each such partnering community school shall receive a portion of the partnering community schools amount in the proportion that the number of its resident students bears to the aggregate number of resident students of all such partnering community schools as of the date of receipt and deposit of the tax distribution.

(b) If the qualifying school district is not a municipal school district, the board of education may distribute all or a portion of the amount in the partnering community schools fund during a fiscal year to partnering community schools on or before the first day of June of the preceding fiscal year. Each such partnering community school shall receive a portion of the amount distributed by the board from the partnering community schools fund during the fiscal year in the proportion that the number of its resident students bears to the aggregate number of resident students of all such partnering community schools as of the date the school district received and deposited the most recent tax distribution. On or before the fifteenth day of June of each fiscal year, the board of education shall announce an estimated allocation to partnering community schools for the ensuing fiscal year. The board is not required to allocate to partnering community schools the entire partnering community schools amount in the fiscal year in which a tax distribution is received and deposited in the partnering community schools fund. The estimated allocation shall be published on the web site of the school district and expressed as a dollar amount per resident student. The actual allocation to community schools in a fiscal year need not conform to the estimate published by the school district so long if the estimate was made in good faith.

Distributions by a school district under division (B)(3)(b) of this section shall be made in accordance with distribution agreements entered into by the board of education and each partnering community school eligible for distributions under this division. The distribution agreements shall be certified to the department of education each fiscal year before the thirtieth day of July. Each agreement shall provide for at least three distributions by the school district to the partnering

community school during the fiscal year and shall require the initial distribution be made on or before the thirtieth day of July.

(c) For the purposes of division (B) of this section, the number of resident students shall be the number of such students reported under section 3317.03 of the Revised Code and established by the department of education as of the date of receipt and deposit of the tax distribution.

(4) To the extent an agreement whereby the qualifying school district and a community school endorse each other's programs is necessary for the community school to qualify as a partnering community school under division (B)(6)(b) of this section, the board of education of the school district shall certify to the department of education the agreement along with the determination that such agreement satisfies the requirements of that division. The board's determination is conclusive.

(5) For the purposes of Chapter 3317. of the Revised Code or other laws referring to the "taxes charged and payable" for a school district, the taxes charged and payable for a qualifying school district that levies a tax under division (B) of this section includes only the taxes charged and payable under that levy for the current expenses of the school district, and does not include the taxes charged and payable for the current expenses of partnering community schools. The taxes charged and payable for the current expenses of partnering community schools shall not affect the calculation of "state education aid" as defined in section 5751.20 of the Revised Code.

(6) As used in division (B) of this section:

(a) "Qualifying school district" means a municipal school district, as defined in section 3311.71 of the Revised Code or a school district that contains within its territory a partnering community school.

(b) "Partnering community school" means a community school established under Chapter 3314. of the Revised Code that is located within the territory of the qualifying school district and meets one of the following criteria:

(i) If the qualifying school district is a municipal school district, the community school is sponsored by the district or is a party to an agreement with the district whereby the district and the community school endorse each other's programs;

(ii) If the qualifying school district is not a municipal school district, the community school is sponsored by a sponsor that was rated as "exemplary" in the ratings most recently published under section 3314.016 of the Revised Code before the resolution proposing the levy is certified to the board of elections.

(c) "Partnering community schools amount" means the product obtained, as of the receipt and deposit of the tax distribution, by multiplying the amount of a tax distribution by a fraction, the numerator of which is the number of mills per dollar of taxable value of the property tax to be allocated to partnering community schools, and the denominator of which is the total number of mills per dollar of taxable value authorized by the electors in the election held under division (B) of this section, each as set forth in the resolution levying the tax. If the resolution allocates all of the

levy proceeds to partnering community schools, the "partnering schools amount" equals the amount of the tax distribution.

(d) "Partnering community schools fund" means a separate fund established by the board of education of a qualifying school district for the deposit of partnering community school amounts under this section.

(e) "Resident student" means a student enrolled in a partnering community school who is entitled to attend school in the qualifying school district under section 3313.64 or 3313.65 of the Revised Code.

(f) "Tax distribution" means a distribution of proceeds of the tax authorized by division (B) of this section under section 321.24 of the Revised Code and distributions that are attributable to that tax under sections 323.156 and 4503.068 of the Revised Code or other applicable law.

(C) A resolution adopted under this section shall specify the date of holding the election, which shall not be earlier than ninety days after the adoption and certification of the resolution and which shall be consistent with the requirements of section 3501.01 of the Revised Code.

A resolution adopted under this section may propose to renew one or more existing levies imposed under division (A) or (B) of this section or to ~~increase or~~ decrease a single levy imposed under either such division.

If the board of education imposes one or more existing levies for the purpose specified in division (F) of section 5705.19 of the Revised Code, the resolution may propose to renew one or more of those existing levies, or to ~~increase or~~ decrease a single such existing levy, for the purpose of general permanent improvements.

If the resolution proposes to renew two or more existing levies, the levies shall be levied for the same purpose. The resolution shall identify those levies and the rates at which they are levied. The resolution also shall specify that the existing levies shall not be extended on the tax lists after the year preceding the year in which the renewal levy is first imposed, regardless of the years for which those levies originally were authorized to be levied.

If the resolution proposes to renew an existing levy imposed under division (B) of this section, the rates allocated to the qualifying school district and to partnering community schools each may be increased or decreased or remain the same, and the total rate may be ~~increased,~~ decreased, or remain the same. The resolution and notice of election shall specify the number of the mills to be levied for the current expenses of the partnering community schools and the number of the mills, if any, to be levied for the current expenses of the qualifying school district.

A resolution adopted under this section shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. A copy of the resolution shall immediately after its passing be certified, along with the county auditor's certification provided under section 5705.03 of the Revised Code, to the board of elections of the proper county in the manner provided by section 5705.25 of the Revised Code. That section shall govern the arrangements for the submission of such question and other matters

concerning the election to which that section refers, including publication of notice of the election, except that the election shall be held on the date specified in the resolution. In the case of a resolution adopted under division (B) of this section, the publication of notice of that election shall state the number of the mills, if any, to be levied for the current expenses of partnering community schools and the number of the mills to be levied for the current expenses of the qualifying school district. If a majority of the electors voting on the question so submitted in an election vote in favor of the levy, the board of education may make the necessary levy within the school district or, in the case of a qualifying library levy for the support of a library association or private corporation, within the association library district, at the additional rate, or at any lesser rate in excess of the ten-mill limitation on the tax list, for the purpose stated in the resolution. A levy for a continuing period of time may be reduced pursuant to section 5705.261 of the Revised Code. The tax levy shall be included in the next tax budget that is certified to the county budget commission.

(D)(1) After the approval of a levy on the current tax list and duplicate for current expenses, for recreational purposes, for community centers provided for in section 755.16 of the Revised Code, or for a public library of the district under division (A) of this section, and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy.

(2) After the approval of a levy for general permanent improvements for a specified number of years or for permanent improvements having the purpose specified in division (F) of section 5705.19 of the Revised Code, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the levy remaining to be collected in each year over a period of five years after the issuance of the notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

(3) After approval of a levy for general permanent improvements for a continuing period of time, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the levy to be collected in each year over a specified period of years, not exceeding ten, after the issuance of the notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed ten years, and may have a principal payment in the year of their issuance.

(4) After the approval of a levy on the current tax list and duplicate under division (B) of this section, and prior to the time when the first tax collection from the levy can be made, the board of

education may anticipate a fraction of the proceeds of the levy for the current expenses of the school district and issue anticipation notes in a principal amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected during the first year of the levy and allocated to the school district. The portion of the levy proceeds to be allocated to partnering community schools under that division shall not be included in the estimated proceeds anticipated under this division and shall not be used to pay debt charges on any anticipation notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

(E) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(F) The board of education of any school district that levies a tax under this section for the purpose of providing for school safety and security may report to the department of education how the district is using revenue from that tax.

The board of education of any school district that proposes to levy a tax for the purpose of providing for school safety and security may share the proceeds of the tax with chartered nonpublic schools, as defined by section 3310.01 of the Revised Code, that are located in the territory of the school district as provided in this division. The resolution levying the tax and the form of the ballot shall state that proceeds from the levy are to be shared with chartered nonpublic schools and shall state the percentage of the proceeds that is to be shared with those schools.

If a percentage of the proceeds of such a tax are to be shared with chartered nonpublic schools under this division, such proceeds shall be shared with all chartered nonpublic schools located in the territory of the school district. Of the percentage of the proceeds to be shared with chartered nonpublic schools, each such school shall receive an amount that bears the same proportion of that percentage that the number of resident students attending that school bears to the total number of resident students attending all such schools in the territory of the school district. For the purposes of this section, a resident student is a student enrolled in a chartered nonpublic school located in the territory of the school district who is entitled to attend school in the school district under section 3313.64 or 3313.65 of the Revised Code.

All proceeds of the levy shall be credited to a fund of the school district created for that purpose, and the board of education shall pay each chartered nonpublic school its share of the proceeds from that fund not less frequently than once after each settlement of taxes under divisions (A) and (C) of section 321.24 of the Revised Code. Any chartered nonpublic school receiving payments under this section shall use all of such payments only for providing for school safety and security.

Sec. 5705.212. (A)(1) The board of education of any school district, at any time and by a vote of two-thirds of all of its members, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the

present and future requirements of the school district, that it is necessary to levy not more than five taxes in excess of that limitation for current expenses, and that each of the proposed taxes first will be levied in a different year, over a specified period of time. The board shall identify the taxes proposed under this section as follows: the first tax to be levied shall be called the "original tax." Each tax subsequently levied shall be called an "incremental tax." The rate of each incremental tax shall be identical, but the rates of such incremental taxes need not be the same as the rate of the original tax. The resolution also shall state that the question of these additional taxes shall be submitted to the electors of the school district at a special election. The resolution shall specify separately for each tax proposed: the amount of the increase in rate that it is necessary to levy, expressed separately for the original tax and each incremental tax; that the purpose of the levy is for current expenses; the number of years during which the original tax shall be in effect; a specification that the last year in which the original tax is in effect shall also be the last year in which each incremental tax shall be in effect; and the year in which each tax first is proposed to be levied. The original tax may be levied for any number of years not exceeding ten, or for a continuing period of time. The resolution shall specify the date of holding the special election, which shall not be earlier than ninety days after the adoption and certification of the resolution and shall be consistent with the requirements of section 3501.01 of the Revised Code.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew taxes levied other than for a continuing period of time under division (A)(1) of this section. Such a resolution shall provide for levying a tax and specify all of the following:

(a) That the tax shall be called and designated on the ballot as a renewal levy;

(b) The rate of the renewal tax, which shall be a single rate that combines the rate of the original tax and each incremental tax into a single rate. The rate of the renewal tax shall not exceed the aggregate rate of the original and incremental taxes.

(c) The number of years, not to exceed ten, that the renewal tax will be levied, or that it will be levied for a continuing period of time;

(d) That the purpose of the renewal levy is for current expenses;

(e) Subject to the certification and notification requirements of section 5705.251 of the Revised Code, that the question of the renewal levy shall be submitted to the electors of the school district at the general election held during the last year the original tax may be extended on the real and public utility property tax list and duplicate or at a special election held during the ensuing year.

(3) A resolution adopted under division (A)(1) or (2) of this section shall go into immediate effect upon its adoption and no publication of the resolution is necessary other than that provided for in the notice of election. Immediately after its adoption, a copy of the resolution shall be certified to the board of elections of the proper county in the manner provided by division (A) of section 5705.251 of the Revised Code, and that division shall govern the arrangements for the submission of the question and other matters concerning the election to which that section refers. The election shall

be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the taxes or a renewal tax, the board of education, if the original or a renewal tax is authorized to be levied for the current year, immediately may make the necessary levy within the school district at the authorized rate, or at any lesser rate in excess of the ten-mill limitation, for the purpose stated in the resolution. No tax shall be imposed prior to the year specified in the resolution as the year in which it is first proposed to be levied. The rate of the original tax and the rate of each incremental tax shall be cumulative, so that the aggregate rate levied in any year is the sum of the rates of both the original tax and all incremental taxes levied in or prior to that year under the same proposal. A tax levied for a continuing period of time under this section may be reduced pursuant to section 5705.261 of the Revised Code.

(B) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied in the current or the succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not to exceed fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed five years; and the amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes after providing a reasonable opportunity for competitive bidding.

(C)(1) The board of education of a qualifying school district, at any time and by a vote of two-thirds of all its members, may declare by resolution that it is necessary to levy not more than five taxes in excess of the ten-mill limitation for the current expenses of partnering community schools and, if any of the levy proceeds are so allocated, of the school district, and that each of the proposed taxes first will be levied in a different year, over a specified period of time. A qualifying school district that is not a municipal school district may allocate all of the levy proceeds to partnering community schools. A municipal school district shall allocate a portion of the levy proceeds to the current expenses of the district. The board shall identify the taxes proposed under this division in the same manner as in division (A)(1) of this section. The rate of each incremental tax shall be identical, but the rates of such incremental taxes need not be the same as the rate of the original tax. In addition to the specifications required of the resolution in division (A) of this section, the resolution shall state the number of the mills to be levied each year for the current expenses of the partnering community schools and the number of the mills, if any, to be levied each year for the current expenses of the school district. The number of mills for the current expenses of partnering

community schools shall be the same for each of the incremental taxes, and the number of mills for the current expenses of the qualifying school district shall be the same for each of the incremental taxes.

The levy of taxes for the current expenses of a partnering community school under division (C) of this section and the distribution of proceeds from the tax by a qualifying school district to partnering community schools is hereby determined to be a proper public purpose.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew taxes levied other than for a continuing period of time under division (C)(1) of this section. In such a renewal levy, the rates allocated to the qualifying school district and to partnering community schools each may be increased or decreased or remain the same, and the total rate may be ~~increased, decreased,~~ or remain the same. In addition to the requirements of division (A)(2) of this section, the resolution shall state the number of the mills to be levied for the current expenses of the partnering community schools and the number of the mills to be levied for the current expenses of the school district.

(3) A resolution adopted under division (C)(1) or (2) of this section is subject to the rules and procedures prescribed by division (A)(3) of this section.

(4) The proceeds of each tax levied under division (C)(1) or (2) of this section shall be credited and distributed in the manner prescribed by division (B)(3) of section 5705.21 of the Revised Code, and divisions (B)(4), (5), and (6) of that section apply to taxes levied under division (C) of this section.

(5) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied under division (C)(1) or (2) of this section, in the current or succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy for the current expenses of the qualifying school district and issue anticipation notes in a principal amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected during the first year of the levy and allocated to the school district. The portion of levy proceeds to be allocated to partnering community schools shall not be included in the estimated proceeds anticipated under this division and shall not be used to pay debt charges on any anticipation notes.

The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed five years. The amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes after providing a reasonable opportunity for

competitive bidding.

As used in division (C) of this section, "qualifying school district" and "partnering community schools" have the same meanings as in section 5705.21 of the Revised Code.

(D) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(E) When a school board certifies a resolution to the county auditor under division (B)(1) of section 5705.03 of the Revised Code proposing to levy a tax under division (A)(1) or (C)(1) of this section, the county auditor shall certify, in addition to the other information the auditor is required to certify under that section, an estimate of both the levy's annual collections for the tax year for which the original tax applies and the levies' aggregate annual collections for the tax year for which the final incremental tax applies, in both cases rounded to the nearest dollar, which shall be calculated assuming that the amount of the tax list of the taxing authority remains throughout the life of the levy the same as the amount of the tax list most recently certified by the county auditor under division (A) of section 319.28 of the Revised Code. If a school district is located in more than one county, the county auditor shall obtain from the county auditor of each other county in which the district is located the current tax valuation for the portion of the district in that county.

Sec. 5705.213. (A)(1) The board of education of any school district, at any time and by a vote of two-thirds of all of its members, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district and that it is necessary to levy a tax in excess of that limitation for current expenses. The resolution also shall state that the question of the additional tax shall be submitted to the electors of the school district at a special election. The resolution shall specify, for each year the levy is in effect, the amount of money that the levy is proposed to raise, which may, for years after the first year the levy is made, be expressed in terms of a dollar or percentage increase over the prior year's amount. The resolution also shall specify that the purpose of the levy is for current expenses, the number of years during which the tax shall be in effect which may be for any number of years not exceeding ten, and the year in which the tax first is proposed to be levied. The resolution shall specify the date of holding the special election, which shall not be earlier than ninety-five days after the adoption and certification of the resolution to the county auditor and not earlier than ninety days after certification to the board of elections. The date of the election shall be consistent with the requirements of section 3501.01 of the Revised Code.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew a tax levied under division (A)(1) of this section. Such a resolution shall provide for levying a tax and specify all of the following:

- (a) That the tax shall be called and designated on the ballot as a renewal levy;
- (b) The amount of the renewal tax, which shall be no more than the amount of tax levied during the last year the tax being renewed is authorized to be in effect;
- (c) The number of years, not to exceed ten, that the renewal tax will be levied, or that it will

be levied for a continuing period of time;

(d) That the purpose of the renewal levy is for current expenses;

(e) Subject to the certification and notification requirements of section 5705.251 of the Revised Code, that the question of the renewal levy shall be submitted to the electors of the school district at the general election held during the last year the tax being renewed may be extended on the real and public utility property tax list and duplicate or at a special election held during the ensuing year.

(3) A resolution adopted under division (A)(1) or (2) of this section shall go into immediate effect upon its adoption and no publication of the resolution is necessary other than that provided for in the notice of election. Immediately after its adoption, a copy of the resolution shall be certified to the county auditor of the proper county, who shall, within ten days, calculate and certify to the board of education the estimated levy, for the first year, and for each subsequent year for which the tax is proposed to be in effect. The estimates shall be made both in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value. In making the estimates, the auditor shall assume that the amount of the tax list remains throughout the life of the levy, the same as the tax list most recently certified by the county auditor under division (A) of section 319.28 of the Revised Code.

If the board desires to proceed with the submission of the question, it shall certify its resolution, with the estimated tax levy expressed in mills for each one dollar of taxable value and dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value for each year that the tax is proposed to be in effect, to the board of elections of the proper county in the manner provided by division (A) of section 5705.251 of the Revised Code. Section 5705.251 of the Revised Code shall govern the arrangements for the submission of the question and other matters concerning the election to which that section refers. The election shall be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the tax, and if the tax is authorized to be levied for the current year, the board of education immediately may make the additional levy necessary to raise the amount specified in the resolution or a lesser amount for the purpose stated in the resolution.

(4) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(B) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied in the current or the succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not to exceed fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed five years; and the amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed

appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes after providing a reasonable opportunity for competitive bidding.

Sec. 5705.215. (A) The governing board of an educational service center that is the taxing authority of a county school financing district, upon receipt of identical resolutions adopted within a sixty-day period by a majority of the members of the board of education of each school district that is within the territory of the county school financing district, may submit a tax levy to the electors of the territory in the same manner as a school board may submit a levy under division (C) of section 5705.21 of the Revised Code, except that:

(1) The levy may be for a period not to exceed ten years, or, if the levy is solely for the purpose or purposes described in division (A)(2)(a), (c), or (f) of this section, for a continuing period of time.

(2) The purpose of the levy shall be one or more of the following:

(a) For current expenses for the provision of special education and related services within the territory of the district;

(b) For permanent improvements within the territory of the district for special education and related services;

(c) For current expenses for specified educational programs within the territory of the district;

(d) For permanent improvements within the territory of the district for specified educational programs;

(e) For permanent improvements within the territory of the district;

(f) For current expenses for school safety and security and mental health services, including training and employment of or contracting for the services of safety personnel, mental health personnel, social workers, and counselors.

(B) If the levy provides for but is not limited to current expenses, the resolutions shall apportion the annual rate of the levy between current expenses and the other purposes. The apportionment need not be the same for each year of the levy, but the respective portions of the rate actually levied each year for current expenses and the other purposes shall be limited by that apportionment.

(C) Prior to the application of section 319.301 of the Revised Code, the rate of a levy that is limited to, or to the extent that it is apportioned to, purposes other than current expenses shall be reduced in the same proportion in which the district's total valuation increases during the life of the levy because of additions to such valuation that have resulted from improvements added to the tax list and duplicate.

(D) After the approval of a county school financing district levy under this section, the taxing authority may anticipate a fraction of the proceeds of such levy and may from time to time during the life of such levy, but in any given year prior to the time when the tax collection from such levy can be made for that year, issue anticipation notes in an amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected in each year up to a period of five years after the date of the issuance of such notes, less an amount equal to the proceeds of such levy obligated for each year by the issuance of anticipation notes, provided that the total amount maturing in any one year shall not exceed fifty per cent of the anticipated proceeds of the levy for that year. Each issue of notes shall be sold as provided in Chapter 133. of the Revised Code, and shall, except for the limitation that the total amount of such notes maturing in any one year shall not exceed fifty per cent of the anticipated proceeds of such levy for that year, mature serially in substantially equal installments during each year over a period not to exceed five years after their issuance.

(E)(1) In a resolution to be submitted to the taxing authority of a county school financing district under division (A) of this section calling for a ballot issue on the question of the levying of a tax for a continuing period of time by the taxing authority, the board of education of a school district that is part of the territory of the county school financing district also may propose to reduce the rate of one or more of that school district's property taxes levied for a continuing period of time in excess of the ten-mill limitation. The reduction in the rate of a property tax may be any amount, not exceeding the rate at which the tax is authorized to be levied. The reduction in the rate of a tax shall first take effect in the same year that the county school financing district tax takes effect, and shall continue for each year that the county school financing district tax is in effect. A board of education's resolution proposing to reduce the rate of one or more of its school district property taxes shall, in addition to including information required for a resolution under division (B)(1) of section 5705.03 of the Revised Code, specifically identify each such tax and shall state for each tax the maximum rate at which it currently may be levied and the maximum rate at which it could be levied after the proposed reduction, expressed in mills for each one dollar of taxable value.

Before submitting the resolution to the taxing authority of the county school financing district, the board of education of the school district shall certify a copy of it to the tax commissioner and the county auditor. The county auditor shall certify to the board all information required under division (B)(2) of section 5705.03 of the Revised Code, in the manner required under that division, and both of the following:

(a) An estimate of the levy's annual collections beginning for the first year for which the reduction applies, rounded to the nearest dollar, which shall be calculated assuming that the amount of the tax list of the taxing authority remains throughout the life of the reduced levy the same as the amount of the tax list most recently certified by the county auditor under division (A) of section 319.28 of the Revised Code.

If a school district is located in more than one county, the county auditor shall obtain from the county auditor of each other county in which the district is located the current tax valuation for

the portion of the district in that county.

(b) The effective rate of the levy for the last year before the proposed reduction and the first year that the reduction applies, both expressed in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value.

The tax commissioner, within ten days of receiving the resolution, shall certify to the board the reduction in the school district's total effective tax rate for each class of property that would have resulted if the proposed reduction in the rate or rates had been in effect the previous year. As used in this paragraph, "effective tax rate" has the same meaning as in section 323.08 of the Revised Code.

After receiving these certifications from the commissioner and the auditor, the board may amend its resolution to change the proposed property tax rate reduction before submitting the resolution to the financing district taxing authority, provided the board certifies a copy of the amended resolution to the county auditor with a request to provide the information required under divisions (E)(1)(a) and (b) of this section and the auditor transmits that information to the taxing authority.

If the board of education of a school district that is part of the territory of a county school financing district adopts a resolution proposing to reduce the rate of one or more of its property taxes in conjunction with the levying of a tax by the financing district, the resolution submitted by the board to the taxing authority of the financing district under division (A) of this section does not have to be identical in this respect to the resolutions submitted by the boards of education of the other school districts that are part of the territory of the county school financing district.

(2) Each school district that is part of the territory of a county school financing district may tailor to its own situation a proposed reduction in one or more property tax rates in conjunction with the proposed levying of a tax by the county school financing district; if one such school district proposes a reduction in one or more tax rates, another school district may propose a reduction of a different size or may propose no reduction. Within each school district that is part of the territory of the county school financing district, the electors shall vote on one ballot issue combining the question of the levying of the tax by the taxing authority of the county school financing district with, if any such reduction is proposed, the question of the reduction in the rate of one or more taxes of the school district. If a majority of the electors of the county school financing district voting on the question of the proposed levying of a tax by the taxing authority of the financing district vote to approve the question, any tax reductions proposed by school districts that are part of the territory of the financing district also are approved.

(3) The form of the ballot for an issue proposing to levy a county school financing district tax in conjunction with the reduction of the rate of one or more school district taxes shall be as follows:

"Shall the \_\_\_\_\_ (name of the county school financing district) be authorized to levy an additional tax for \_\_\_\_\_ (purpose stated in the resolutions), that the county auditor estimates will collect \$\_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value, which

amounts to \$ \_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~-market value, for a continuing period of time? If the county school financing district tax is approved, the rate of an existing tax currently levied by the \_\_\_\_\_ (name of the school district of which the elector is a resident) at the rate of \_\_\_\_\_ mills shall be reduced to \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to a reduction from \$ \_\_\_\_\_ (effective rate) to \$ \_\_\_\_\_ (effective rate) for each \$100,000 of the county auditor's ~~appraised~~-market value, that the county auditor estimates will collect \$ \_\_\_\_\_ annually, until any such time as the county school financing district tax is decreased or repealed.

	FOR THE TAX LEVY
	AGAINST THE TAX LEVY

"

If the board of education of the school district proposes to reduce the rate of more than one of its existing taxes, the second sentence of the ballot language shall be modified for residents of that district to express the rates and effective rates at which those taxes currently are levied and the rates and effective rates to which they would be reduced as well as each levy's estimated annual collections, as provided by the county auditor under division (E)(1)(a) of this section. If the board of education of the school district does not propose to reduce the rate of any of its taxes, the second sentence of the ballot language shall not be used for residents of that district. In any case, the first sentence of the ballot language shall be the same for all the electors in the county school financing district, but the second sentence shall be different in each school district depending on whether and in what amount the board of education of the school district proposes to reduce the rate of one or more of its property taxes.

(4) If the rate of a school district property tax is reduced pursuant to this division, the tax commissioner shall compute the percentage required to be computed for that tax under division (D) of section 319.301 of the Revised Code each year the rate is reduced as if the tax had been levied in the preceding year at the rate to which it has been reduced. If the reduced rate of a tax is increased under division (E)(5) of this section, the commissioner shall compute the percentage required to be computed for that tax under division (D) of section 319.301 of the Revised Code each year the rate is increased as if the tax had been levied in the preceding year at the rate to which it has been increased.

(5) After the levying of a county school financing district tax in conjunction with the reduction of the rate of one or more school district taxes is approved by the electors under this division, if the rate of the county school financing district tax is decreased pursuant to an election under section 5705.261 of the Revised Code, the rate of each school district tax that had been reduced shall be increased by the number of mills obtained by multiplying the number of mills of the original reduction by the same percentage that the financing district tax rate is decreased. If the county school financing district tax is repealed pursuant to an election under section 5705.261 of the

Revised Code, each school district may resume levying the property taxes that had been reduced at the full rate originally approved by the electors. A reduction in the rate of a school district property tax under this division is a reduction in the rate at which the board of education may levy that tax only for the period during which the county school financing district tax is levied prior to any decrease or repeal under section 5705.261 of the Revised Code. The resumption of the authority of the board of education to levy an increased or the full rate of tax does not constitute the levying of a new tax in excess of the ten-mill limitation.

(F) If a county school financing district has a tax in effect under this section, the territory of a city, local, or exempted village school district that is not a part of the county school financing district shall not become a part of the county school financing district unless approved by the electors of the city, local, or exempted village school district in accordance with division (C) of section 3311.50 of the Revised Code.

Sec. 5705.217. (A) The board of education of a city, local, or exempted village school district, at any time by a vote of two-thirds of all its members, may declare by resolution that the amount of taxes that can be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district; that it is necessary to levy an additional tax in excess of that limitation for the purposes of providing funds for current operating expenses and for general permanent improvements as defined in section 5705.21 of the Revised Code; and that the question of the tax shall be submitted to the electors of the district at a special election. The tax may be levied for a specified number of years not exceeding five or for a continuing period of time. The resolution shall specify the proposed tax rate, the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time. The resolution shall apportion the annual rate of the tax between current operating expenses and permanent improvements. The apportionment may but need not be the same for each year of the tax, but the respective portions of the rate actually levied each year for current operating expenses and permanent improvements shall be limited by the apportionment.

The resolution shall specify the date of holding the special election, which shall not be earlier than ninety days after certification of the resolution to the board of elections and shall be consistent with the requirements of section 3501.01 of the Revised Code. The resolution shall go into immediate effect upon its passage, and no publication of it is necessary other than that provided in the notice of election. The board of education shall certify a copy of the resolution to the board of elections immediately after its adoption. Section 5705.25 of the Revised Code governs the arrangements and form of the ballot for the submission of the question to the electors.

If a majority of the electors voting on the question vote in favor of the tax, the board of education may make the levy at the additional rate, or at any lesser rate in excess of the ten-mill limitation. If the tax is for a continuing period of time, it may be decreased in accordance with section 5705.261 of the Revised Code.

A board of education may adopt a resolution to renew one or more existing levies imposed

under this section, or to ~~increase or~~ decrease the rate of a tax levied under this section, for the purpose of providing funds for either current expenses and general permanent improvements or solely for general permanent improvements.

(B)(1) After the approval of a tax for current operating expenses under this section and prior to the time the first collection and distribution from the levy can be made, the board of education may anticipate a fraction of the proceeds of such levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the tax to be collected during the first year of the levy.

(2) After the approval of a tax for general permanent improvements levied under this section for a specified number of years, the board of education may anticipate a fraction of the proceeds of such tax and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the tax remaining to be collected in each year over a specified period of years, not exceeding the number of years for which the tax was levied, after issuance of the notes.

(3) After the approval of a tax for general permanent improvements levied under this section for a continuing period of time, the board of education may anticipate a fraction of the proceeds of such tax and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the tax to be collected in each year over a specified period of years, not exceeding ten, after issuance of the notes.

Anticipation notes under this section shall be issued as provided in section 133.24 of the Revised Code. Notes issued under division (B)(1) or (2) of this section shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance. Notes issued under division (B)(3) of this section shall have principal payments during each year after the year of their issuance over a period not to exceed ten years, and may have a principal payment in the year of their issuance.

(C) The submission of a question to the electors under this section is subject to the limitation on the number of elections that can be held in a year under section 5705.214 of the Revised Code.

Sec. 5705.218. (A) The board of education of a city, local, or exempted village school district, at any time by a vote of two-thirds of all its members, may declare by resolution that it may be necessary for the school district to issue general obligation bonds for permanent improvements. The resolution shall state all of the following:

- (1) The necessity and purpose of the bond issue;
- (2) The date of the special election at which the question shall be submitted to the electors;
- (3) The amount, approximate date, estimated rate of interest, and maximum number of years over which the principal of the bonds may be paid;
- (4) The necessity of levying a tax outside the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities.

On adoption of the resolution, the board shall certify a copy of it to the county auditor. The county auditor promptly shall estimate and certify to the board the average annual property tax rate,

expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised-market~~ value, required throughout the stated maturity of the bonds to pay debt charges on the bonds in the same manner as under division (C) of section 133.18 of the Revised Code.

(B) After receiving the county auditor's certification under division (A) of this section, the board of education of the city, local, or exempted village school district, by a vote of two-thirds of all its members, may declare by resolution that the amount of taxes that can be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district; that it is necessary to issue general obligation bonds of the school district for permanent improvements and to levy an additional tax in excess of the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities; that it is necessary for a specified number of years or for a continuing period of time to levy additional taxes in excess of the ten-mill limitation to provide funds for the acquisition, construction, enlargement, renovation, and financing of permanent improvements or to pay for current operating expenses, or both; and that the question of the bonds and taxes shall be submitted to the electors of the school district at a special election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and the date of which shall be consistent with section 3501.01 of the Revised Code. The resolution shall specify all of the following:

(1) The county auditor's estimate of the average annual property tax rate required throughout the stated maturity of the bonds to pay debt charges on the bonds;

(2) The proposed rate of the tax, if any, for current operating expenses expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised-market~~ value, the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time;

(3) The proposed rate of the tax, if any, for permanent improvements expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised-market~~ value, the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time.

The resolution shall apportion the annual rate of the tax between current operating expenses and permanent improvements, if both taxes are proposed. The apportionment may but need not be the same for each year of the tax, but the respective portions of the rate actually levied each year for current operating expenses and permanent improvements shall be limited by the apportionment. The resolution shall go into immediate effect upon its passage, and no publication of it is necessary other than that provided in the notice of election. The board of education shall certify a copy of the resolution, along with copies of the auditor's estimates and its resolution under division (A) of this section, to the board of elections immediately after its adoption.

(C) The board of elections shall make the arrangements for the submission to the electors of the school district of the question proposed under division (B) or (J) of this section, and the election

shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers. The resolution shall be put before the electors as one ballot question, with a favorable vote indicating approval of the bond issue, the levy to pay debt charges on the bonds and any anticipatory securities, the current operating expenses levy, the permanent improvements levy, and the levy for the current expenses of a qualifying school district and of partnering community schools, as those levies may be proposed. The board of elections shall publish notice of the election in a newspaper of general circulation in the school district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If a board of elections operates and maintains a web site, that board also shall post notice of the election on its web site for thirty days prior to the election. The notice of election shall state all of the following:

- (1) The principal amount of the proposed bond issue;
  - (2) The permanent improvements for which the bonds are to be issued;
  - (3) The maximum number of years over which the principal of the bonds may be paid;
  - (4) The estimated additional average annual property tax rate to pay the debt charges on the bonds, as certified by the county auditor and expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value;
  - (5) The proposed rate of the additional tax, if any, for current operating expenses expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value and, if the question is proposed under division (J) of this section, the portion of the rate to be allocated to the school district and the portion to be allocated to partnering community schools;
  - (6) The number of years the current operating expenses tax will be in effect, or that it will be in effect for a continuing period of time;
  - (7) The proposed rate of the additional tax, if any, for permanent improvements expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value;

auditor's ~~appraised~~-market value, to pay the annual debt charges on the bonds, and to pay debt charges on any notes issued in anticipation of those bonds?"

If either a levy for permanent improvements or a levy for current operating expenses is proposed, or both are proposed, the ballot also shall contain the following language, as appropriate:

"(2) Levy an additional property tax to provide funds for the acquisition, construction, enlargement, renovation, and financing of permanent improvements, that the county auditor estimates will collect \$ \_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to \$ \_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~-market value, for \_\_\_\_\_ (number of years of the levy, or a continuing period of time)?

	FOR THE BOND ISSUE AND LEVY (OR LEVIES)	"
	AGAINST THE BOND ISSUE AND LEVY (OR LEVIES)	

If the question is proposed under division (J) of this section, the form of the ballot shall be modified as prescribed by division (J)(4) of this section.

(E) The board of elections promptly shall certify the results of the election to the tax commissioner and the county auditor of the county in which the school district is located. If a majority of the electors voting on the question vote for it, the board of education may proceed with issuance of the bonds and with the levy and collection of the property tax or taxes at the additional rate or any lesser rate in excess of the ten-mill limitation. Any securities issued by the board of education under this section are Chapter 133. securities, as that term is defined in section 133.01 of the Revised Code.

(F)(1) After the approval of a tax for current operating expenses under this section and prior to the time the first collection and distribution from the levy can be made, the board of education may anticipate a fraction of the proceeds of such levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the tax to be collected during the first year of the levy.

(2) After the approval of a tax under this section for permanent improvements having a specific purpose, the board of education may anticipate a fraction of the proceeds of such tax and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the tax remaining to be collected in each year over a period of five years after issuance of the notes.

(3) After the approval of a tax under this section for general permanent improvements as defined under section 5705.21 of the Revised Code, the board of education may anticipate a fraction

A tax for current operating expenses or for permanent improvements levied under this section for a continuing period of time may be decreased in accordance with section 5705.261 of the Revised Code.

(H) The submission of a question to the electors under this section is subject to the limitation on the number of elections that can be held in a year under section 5705.214 of the Revised Code.

(I) A school district board of education proposing a ballot measure under this section to generate local resources for a project under the school building assistance expedited local partnership program under section 3318.36 of the Revised Code may combine the questions under division (D) of this section with a question for the levy of a property tax to generate moneys for maintenance of the classroom facilities acquired under that project as prescribed in section 3318.361 of the Revised Code.

(J)(1) After receiving the county auditor's certifications under division (A) of this section, the board of education of a qualifying school district, by a vote of two-thirds of all its members, may declare by resolution that it is necessary to levy a tax in excess of the ten-mill limitation for the purpose of paying the current expenses of the school district and of partnering community schools, as defined in section 5705.21 of the Revised Code; that it is necessary to issue general obligation bonds of the school district for permanent improvements of the district and to levy an additional tax in excess of the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities; and that the question of the bonds and taxes shall be submitted to the electors of the school district at a special election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and the date of which shall be consistent with section 3505.01 of the Revised Code.

The levy of taxes for the current expenses of a partnering community school under division (J) of this section and the distribution of proceeds from the tax by a qualifying school district to partnering community schools is hereby determined to be a proper public purpose.

(2) The tax for the current expenses of the school district and of partnering community

schools is subject to the requirements of divisions (B)(3), (4), and (5) of section 5705.21 of the Revised Code.

	FOR THE BOND ISSUE AND LEVY (OR LEVIES)	"
	AGAINST THE BOND ISSUE AND LEVY (OR LEVIES)	

(5) After the approval of a tax for the current expenses of the school district and of partnering community schools under division (J) of this section, and prior to the time the first collection and distribution from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy for the current expenses of the school district and issue anticipation notes in a principal amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected during the first year of the levy and allocated to the school district. (6) A tax for the current expenses of the school district and of partnering community schools levied under division (J) of this section for a specified number of years may be renewed ~~or replaced~~ in the same manner as a tax for the current expenses of a school district and of partnering community schools levied under division (B) of section 5705.21 of the Revised Code. A tax for the current expenses of the school district and of partnering community schools levied under this division for a continuing period of time may be decreased in accordance with section 5705.261 of the Revised Code.

(7) The proceeds from the issuance of the general obligation bonds under division (J) of this section shall be used solely to pay for permanent improvements of the school district and not for permanent improvements of partnering community schools.

Sec. 5705.219. (A) As used in this section:

(1) "Eligible school district" means a city, local, or exempted village school district in which the taxes charged and payable for current expenses on residential/agricultural real property in the tax year preceding the year in which the levy authorized by this section will be submitted for elector approval or rejection are greater than two per cent of the taxable value of the residential/agricultural real property.

(2) "Residential/agricultural real property" and "nonresidential/agricultural real property" means the property classified as such under section 5713.041 of the Revised Code.

(3) "Effective tax rate" and "taxes charged and payable" have the same meanings as in division (B) of section 319.301 of the Revised Code.

(B) On or after January 1, 2010, but before January 1, 2015, the board of education of an eligible school district, by a vote of two-thirds of all its members, may adopt a resolution proposing to convert existing levies imposed for the purpose of current expenses into a levy raising a specified amount of tax money by repealing all or a portion of one or more of those existing levies and imposing a levy in excess of the ten-mill limitation that will raise a specified amount of money for current expenses of the district.

The board of education shall certify a copy of the resolution to the tax commissioner not later than one hundred five days before the election upon which the repeal and levy authorized by this section will be proposed to the electors. Within ten days after receiving the copy of the resolution, the tax commissioner shall determine each of the following and certify the determinations to the board of education:

(1) The dollar amount to be raised by the proposed levy, which shall be the product of:

(a) The difference between the aggregate effective tax rate for residential/agricultural real property for the tax year preceding the year in which the repeal and levy will be proposed to the electors and twenty mills for each one dollar of taxable value;

(b) The total taxable value of all property on the tax list of real and public utility property for the tax year preceding the year in which the repeal and levy will be proposed to the electors.

(2) The estimated tax rate of the proposed levy.

(3) The existing levies and any portion of an existing levy to be repealed upon approval of the question. Levies shall be repealed in reverse chronological order from most recently imposed to least recently imposed until the sum of the effective tax rates repealed for residential/agricultural real property is equal to the difference calculated in division (B)(1)(a) of this section.

(4) The sum of the following:

(a) The total taxable value of nonresidential/agricultural real property for the tax year preceding the year in which the repeal and levy will be proposed to the electors multiplied by the difference between (i) the aggregate effective tax rate for nonresidential/agricultural real property for the existing levies and any portion of an existing levy to be repealed and (ii) the amount determined under division (B)(1)(a) of this section, but not less than zero;

(b) The total taxable value of public utility tangible personal property for the tax year preceding the year in which the repeal and levy will be proposed to the electors multiplied by the difference between (i) the aggregate voted tax rate for the existing levies and any portion of an existing levy to be repealed and (ii) the amount determined under division (B)(1)(a) of this section, but not less than zero.

(C) Upon receipt of the certification from the tax commissioner under division (B) of this section, a majority of the members of the board of education may adopt a resolution proposing the repeal of the existing levies as identified in the certification and the imposition of a levy in excess of the ten-mill limitation that will raise annually the amount certified by the commissioner. If the board determines that the tax should be for an amount less than that certified by the commissioner, the board may request that the commissioner redetermine the rate under division (B)(2) of this section on the basis of the lesser amount the levy is to raise as specified by the board. The amount certified under division (B)(4) and the levies to be repealed as certified under division (B)(3) of this section shall not be redetermined. Within ten days after receiving a timely request specifying the lesser amount to be raised by the levy, the commissioner shall redetermine the rate and recertify it to the board as otherwise provided in division (B) of this section. Only one such request may be made by the board of education of an eligible school district.

The resolution shall state the first calendar year in which the levy will be due; the existing levies and any portion of an existing levy that will be repealed, as certified by the commissioner; the term of the levy expressed in years, which may be any number not exceeding ten, or that it will be levied for a continuing period of time; and the date of the election, which shall be the date of a primary or general election.

Immediately upon its passage, the resolution shall go into effect and shall be certified by the board of education to the county auditor of the proper county. The county auditor and the board of education shall proceed as required under section 5705.195 of the Revised Code, as that section existed before the effective date of its repeal by this act. No publication of the resolution is necessary other than that provided for in the notice of election. Section 5705.196 of the Revised Code, as that section existed before the effective date of its repeal by this act, shall govern the matters concerning

the election. The submission of a question to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

If the question submitted is a proposal to repeal all or a portion of more than one existing levy, the form of the ballot shall be modified by substituting the statement "shall the existing levy of" with "shall existing levies of" and inserting the aggregate voted and aggregate effective tax rates to be repealed.

(E) If a majority of the electors voting on the question submitted in an election vote in favor of the repeal and levy, the result shall be certified immediately after the canvass by the board of elections to the board of education. The board of education may make the levy necessary to raise the amount specified in the resolution for the purpose stated in the resolution and shall certify it to the county auditor, who shall extend it on the current year tax lists for collection. After the first year, the levy shall be included in the annual tax budget that is certified to the county budget commission.

(F) A levy imposed under this section for a continuing period of time may be decreased or repealed pursuant to section 5705.261 of the Revised Code. If a levy imposed under this section is

decreased, the amount calculated under division (B)(4) of this section and paid under section 5705.2110 of the Revised Code shall be decreased by the same proportion as the levy is decreased. If the levy is repealed, no further payments shall be made to the district under that section.

(G) At any time, the board of education, by a vote of two-thirds of all of its members, may adopt a resolution to renew a tax levied under this section. The resolution shall provide for levying the tax and specifically all of the following:

- (1) That the tax shall be called, and designated on the ballot as, a renewal levy;
- (2) The amount of the renewal tax, which shall be no more than the amount of tax previously collected;
- (3) The number of years, not to exceed ten, that the renewal tax will be levied, or that it will be levied for a continuing period of time;
- (4) That the purpose of the renewal tax is for current expenses.

The board shall certify a copy of the resolution to the board of elections not later than ninety days before the date of the election at which the question is to be submitted, which shall be the date of a primary or general election.

(H) The form of the ballot to be used at the election on the question of renewing a levy under this section shall be as follows:

	FOR THE RENEWAL OF THE TAX LEVY
	AGAINST THE RENEWAL OF THE TAX LEVY

"

If the levy submitted is to be for less than the amount of money previously collected, the form of the ballot shall be modified to add "and reducing" after "renewing" and to add before "estimated to require" the statement "be approved at a tax rate necessary to produce \$ \_\_\_\_\_ (insert the lower annual dollar amount the levy is to produce each year)."

Sec. 5705.2111. (A) If the board of directors of a regional student education district created under section 3313.83 of the Revised Code desires to levy a tax in excess of the ten-mill limitation throughout the district for the purpose of funding the services to be provided by the district to students enrolled in the school districts of which the district is composed and their immediate family members, the board shall propose the levy to each of the boards of education of those school

districts. The proposal shall specify the rate or amount of the tax, the number of years the tax will be levied or that it will be levied for a continuing period of time, and that the aggregate rate of the tax shall not exceed three mills per dollar of taxable value in the regional student education district.

(B)(1) If a majority of the boards of education of the school districts of which the regional student education district is composed approves the proposal for the tax levy, the board of directors of the regional student education district may adopt a resolution approved by a majority of the board's full membership declaring the necessity of levying the proposed tax in excess of the ten-mill limitation throughout the district for the purpose of funding the services to be provided by the district to students enrolled in the school districts of which the district is composed and their immediate family members. The resolution shall provide for the question of the tax to be submitted to the electors of the district at a general, primary, or special election on a day to be specified in the resolution that is consistent with the requirements of section 3501.01 of the Revised Code and that occurs at least ninety days after the resolution is certified to the board of elections. The resolution shall specify the rate or amount of the tax and the number of years the tax will be levied or that the tax will be levied for a continuing period of time. The aggregate rate of tax levied by a regional student education district under this section at any time shall not exceed three mills per dollar of taxable value in the district. A tax levied under this section may be renewed, subject to section 5705.25 of the Revised Code, or replaced as provided in section 5705.192 of the Revised Code.

(2) The resolution shall take effect immediately upon passage, and no publication of the resolution is necessary other than that provided in the notice of election. The resolution shall be certified and submitted in the manner provided under section 5705.25 of the Revised Code, and that section governs the arrangements governing submission of the question and other matters concerning the election.

Sec. 5705.2114. (A) If the board of directors of a career-technical cooperative education district created under section 3313.831 of the Revised Code desires to levy a tax in excess of the ten-mill limitation throughout the district for the purpose of funding the services to be provided by the district to students enrolled in the school districts of which the district is composed, the board shall propose the levy to each of the boards of education of those school districts. The proposal shall specify the rate or amount of the tax, the number of years the tax will be levied or that it will be levied for a continuing period of time, and that the aggregate rate of the tax shall not exceed three mills per dollar of taxable value in the career-technical cooperative education district.

(B)(1) If a majority of the boards of education of the school districts of which the career-technical cooperative education district is composed approves the proposal for the tax levy, the board of directors of the career-technical cooperative education district may adopt a resolution approved by a majority of the board's full membership declaring the necessity of levying the proposed tax in excess of the ten-mill limitation throughout the district for the purpose of funding the services to be provided by the district to students enrolled in the school districts of which the district is composed. The resolution shall provide for the question of the tax to be submitted to the

electors of the district at a general, primary, or special election on a day to be specified in the resolution that is consistent with the requirements of section 3501.01 of the Revised Code and that occurs at least ninety days after the resolution is certified to the board of elections. The resolution shall specify the rate or amount of the tax and the number of years the tax will be levied or that the tax will be levied for a continuing period of time. The aggregate rate of tax levied by a career-technical cooperative education district under this section at any time shall not exceed three mills per dollar of taxable value in the district. A tax levied under this section may be renewed, subject to section 5705.25 of the Revised Code, except that the tax may not be renewed and increased.

(2) The resolution shall take effect immediately upon passage, and no publication of the resolution is necessary other than that provided in the notice of election. The resolution shall be certified and submitted in the manner provided under section 5705.25 of the Revised Code, and that section governs the arrangements governing submission of the question and other matters concerning the election.

Sec. 5705.221. (A) At any time, the board of county commissioners of any county by a majority vote of the full membership may declare by resolution and certify to the board of elections of the county that the amount of taxes which may be raised within the ten-mill limitation by levies on the current tax duplicate will be insufficient to provide the necessary requirements of the county's alcohol, drug addiction, and mental health service district established pursuant to Chapter 340. of the Revised Code, or the county's contribution to a joint-county district of which the county is a part, and that it is necessary to levy a tax in excess of such limitation for the operation of community addiction services providers and community mental health services providers and the acquisition, construction, renovation, financing, maintenance, and operation of alcohol and drug addiction facilities and mental health facilities.

Such resolution shall conform to section 5705.19 of the Revised Code, except that the increased rate may be in effect for any number of years not exceeding ten.

The resolution shall be certified and submitted in the manner provided in section 5705.25 of the Revised Code, except that it may be placed on the ballot in any election, and except as otherwise provided in division (G) of this section. The resolution shall be certified to the board of elections not less than ninety days before the election at which it will be voted upon.

If the majority of the electors voting on a levy to supplement general fund appropriations for the support of the comprehensive community addiction and mental health services providers vote in favor of the levy, the board may levy a tax within the county at the additional rate outside the ten-mill limitation during the specified period, for the purpose stated in the resolution.

(B) When electors have approved a tax levy under this section, the board of county commissioners may anticipate a fraction of the proceeds of the levy and, from time to time, issue anticipation notes in accordance with section 5705.191 or 5705.193 of the Revised Code.

(C) The county auditor who is the fiscal officer of the alcohol, drug addiction, and mental health service district, upon receipt of a resolution from the board of alcohol, drug addiction, and

mental health services, shall establish for the district a capital improvements account or a reserve balance account, or both, as specified in the resolution. The capital improvements account shall be a contingency fund for the necessary acquisition, replacement, renovation, or construction of facilities and movable and fixed equipment. Upon the request of the board, funds not needed to pay for current expenses may be appropriated to the capital improvements account, in amounts such that the account does not exceed twenty-five per cent of the replacement value of all capital facilities and equipment currently used by the board for programs and services. Other funds which are available for current capital expenses from federal, state, or local sources may also be appropriated to this account.

The reserve balance account shall contain those funds that are not needed to pay for current operating expenses and not deposited in the capital improvements account but that will be needed to pay for operating expenses in the future. Upon the request of a board, such funds shall be appropriated to the reserve balance account. Payments from the capital improvements account and the reserve balance account shall be made by the county treasurer who is the custodian of funds for the district upon warrants issued by the county auditor who is the fiscal officer of the district pursuant to orders of the board.

(D) If a board of county commissioners levies a tax under this section for the county's contribution to a joint-county district of which the county is a part, revenue from the tax shall only be expended for the benefit of the residents of the county.

(E) If a board of county commissioners levies a tax under this section for the county's contribution to a joint-county district of which the county is a part and that district expands or contracts due to the addition or withdrawal of another county, the board, provided that county remains a part of the newly expanded or contracted joint-county district, shall continue to levy and collect that tax, pursuant to the terms originally approved by electors, for the county's contribution to the newly expanded or contracted joint-county district of which the county is a part. Notwithstanding ~~sections 5705.192 and section 5705.25~~ of the Revised Code, the election notice and ballot language of a renewal ~~or replacement~~ of such a levy shall identify the name of the newly expanded or contracted joint-county district.

(F) If a board of county commissioners levies a tax under this section for the county's contribution to a joint-county district of which the county is a part and the county withdraws from the district, the board shall continue to levy and collect that tax, pursuant to the terms originally approved by electors, for one of the following purposes, if either situation applies:

(1) For the county's contribution to a newly joined joint-county district, if the county joins such a joint-county district in the tax year after the year in which the county withdraws from the other joint-county district;

(2) To provide the necessary requirements of the county's alcohol, drug addiction, and mental health service district, if the county establishes such a district under Chapter 340. of the Revised Code in the tax year after the year in which the county withdraws from the joint-county

district.

Notwithstanding ~~sections 5705.192 and section~~ section 5705.25 of the Revised Code, the election notice and ballot language of a renewal ~~or replacement~~ of such a levy shall identify the name of the newly established district or newly joined joint-county district.

(G) Division (G) of this section applies only if all of the following apply:

(1) The county withdraws from a joint-county district.

(2) The board of alcohol, drug addiction, and mental health services of that joint-county district levies a tax under section 5705.19 of the Revised Code in the tax year for which the county withdraws from the joint-county district.

(3) The board of county commissioners of the withdrawing county adopts a resolution under division (A) of this section proposing a tax under this section that specifies that the first tax year the tax is to be levied by the board is the tax year after the year the tax described in division (G)(2) of this section expires or is renewed ~~or replaced~~, as authorized under division (B) of section 340.01 of the Revised Code.

The proposed tax described in division (G)(3) of this section may be a renewal, renewal and decrease, or renewal and increase of the tax described in division (G)(2) of this section, except that, notwithstanding section 5705.25 of the Revised Code, the election notice and ballot language of a renewal of such a levy shall identify the county as the subdivision within which the tax will be levied and not the joint-county district from which the county withdrew.

~~Alternatively, the tax described in division (G)(3) of this section may be a replacement, replacement and decrease, or replacement and increase of the tax described in division (G)(2) of this section, as authorized under section 5705.192 of the Revised Code, except that, notwithstanding that section, the election notice and ballot language of a replacement of such a levy shall identify the county as the subdivision within which the tax will be levied and not the joint-county district from which the county withdrew.~~

Sec. 5705.222. (A) At any time the board of county commissioners of any county by a majority vote of the full membership may declare by resolution and certify to the board of elections of the county that the amount of taxes which may be raised within the ten-mill limitation by levies on the current tax duplicate will be insufficient to provide the necessary requirements of the county board of developmental disabilities established pursuant to Chapter 5126. of the Revised Code and that it is necessary to levy a tax in excess of such limitation for the operation of community programs and services authorized by county boards of developmental disabilities, for the acquisition, construction, renovation, financing, maintenance, and operation of developmental disabilities facilities, or for both of such purposes.

The resolution shall conform to section 5705.19 of the Revised Code, except that the increased rate may be in effect for any number of years not exceeding ten or for a continuing period of time.

The resolution shall be certified and submitted in the manner provided in section 5705.25 of

the Revised Code, except that it may be placed on the ballot in any election, and shall be certified to the board of elections not less than ninety days before the election at which it will be voted upon.

If the majority of the electors voting on a levy for the support of the programs and services of the county board of developmental disabilities vote in favor of the levy, the board of county commissioners may levy a tax within the county at the additional rate outside the ten-mill limitation during the specified or continuing period, for the purpose stated in the resolution.

The county board of developmental disabilities, within its budget and with the approval of the board of county commissioners through annual appropriations, shall use the proceeds of a levy approved under this section or division (L) of section 5705.19 of the Revised Code solely for the purposes authorized by that section or division.

A board of county commissioners that levies a tax under this section or for the purpose authorized by division (L) of section 5705.19 of the Revised Code, by a majority vote of the full membership, may adopt a resolution to renew such a levy, or renew two or more such levies as a single ballot question, in the manner provided by section 5705.25 of the Revised Code for the renewal of existing levies. The purpose of the renewal levy may be for any of the purposes authorized for a levy imposed under this section or division (L) of section 5705.19 of the Revised Code. The term of the renewal levy may be for any number of years not exceeding ten or for a continuing period of time.

(B) When electors have approved a tax levy under this section, the county commissioners may anticipate a fraction of the proceeds of the levy and issue anticipation notes in accordance with section 5705.191 or 5705.193 of the Revised Code.

(C) The county auditor, upon receipt of a resolution from the county board of developmental disabilities, shall establish a capital improvements account or a reserve balance account, or both, as specified in the resolution. The capital improvements account shall be a contingency account for the necessary acquisition, replacement, renovation, or construction of facilities and movable and fixed equipment. Upon the request of the county board of developmental disabilities, moneys not needed to pay for current expenses may be appropriated to this account, in amounts such that this account does not exceed twenty-five per cent of the replacement value of all capital facilities and equipment currently used by the county board of developmental disabilities for developmental disabilities programs and services. Other moneys available for current capital expenses from federal, state, or local sources may also be appropriated to this account.

The reserve balance account shall contain those moneys that are not needed to pay for current operating expenses and not deposited in the capital improvements account but that will be needed to pay for operating expenses in the future. Upon the request of a county board of developmental disabilities, the board of county commissioners may appropriate county funds, including funds from federal and state sources, to the reserve balance account.

The total balance in a reserve balance account shall not exceed forty per cent of the county board of developmental disabilities' expenditures for all services in the preceding calendar year.

~~Amounts in a capital improvements account or reserve balance account that are not in excess of the limitations prescribed in this division shall be considered reasonable and shall not be taken into consideration by the county budget commission when determining whether to reduce the taxing authority of a county under section 5705.32 of the Revised Code.~~

Sec. 5705.233. (A) As used in this section, "criminal justice facility" means any facility located within the county in which a tax is levied under this section and for which the board of commissioners of such county may make an appropriation under section 307.45 of the Revised Code.

(B) The board of county commissioners of any county, at any time, may declare by resolution that it may be necessary for the county to issue general obligation bonds for permanent improvements to a criminal justice facility, including the acquisition, construction, enlargement, renovation, or maintenance of such a facility. The resolution shall state all of the following:

- (1) The necessity and purpose of the bond issue;
- (2) The date of the general or special election at which the question shall be submitted to the electors;
- (3) The amount, approximate date, estimated rate of interest, and maximum number of years over which the principal of the bonds may be paid;
- (4) The necessity of levying a tax outside the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities.

On adoption of the resolution, the board of county commissioners shall certify a copy of it to the county auditor. The county auditor promptly shall estimate and certify to the board the average annual property tax rate, expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value, required throughout the stated maturity of the bonds to pay debt charges on the bonds, in the same manner as under division (C) of section 133.18 of the Revised Code. Except as provided in division (C) of this section, division (B) of section 5705.03 of the Revised Code does not apply to tax levy proceedings initiated under this section.

(C) After receiving the county auditor's certification under division (B) of this section and, if applicable, section 5705.03 of the Revised Code, the board of county commissioners may declare by resolution that the amount of taxes that can be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future criminal justice requirements of the county; that it is necessary to issue general obligation bonds of the county for permanent improvements to a criminal justice facility and to levy an additional tax in excess of the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities; that it is necessary for a specified number of years or for a continuing period of time to levy additional taxes in excess of the ten-mill limitation to provide funds for the acquisition, construction, enlargement, renovation, maintenance, and financing of permanent improvements to such a criminal justice facility or to pay for operating expenses of the facility and other criminal justice services for which the board may

make an appropriation under section 307.45 of the Revised Code, or both; and that the question of the bonds and taxes shall be submitted to the electors of the county at a general or special election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and the date of which shall be consistent with section 3501.01 of the Revised Code. The resolution shall specify all of the following:

(1) The county auditor's estimate of the average annual property tax rate required throughout the stated maturity of the bonds to pay debt charges on the bonds;

(2) The proposed rate of the tax, if any, for operating expenses and criminal justice services, the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time;

(3) The proposed rate of the tax, if any, for permanent improvements to a criminal justice facility, the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time.

The resolution shall go into immediate effect upon its passage, and no publication of it is necessary other than that provided in the notice of election, except that division (B) of section 5705.03 of the Revised Code applies if the resolution proposes an additional tax for operating expenses and criminal justice services or permanent improvements. The board of county commissioners shall certify, immediately after its adoption, a copy of the resolution, along with copies of the auditor's certifications under division (B) of this section or section 5705.03 of the Revised Code, if applicable, and the board's resolution under division (B) of this section, to the board of elections.

(D) The board of elections shall make the arrangements for the submission of the question proposed under division (C) of this section to the electors of the county, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the county for the election of county officers. The resolution shall be put before the electors as one ballot question, with a favorable vote indicating approval of the bond issue, the levy to pay debt charges on the bonds and any anticipatory securities, the operating expenses and criminal justice services levy, and the permanent improvements levy, as those levies may be proposed. The board of elections shall publish notice of the election in a newspaper of general circulation in the county once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, before the election. If a board of elections operates and maintains a web site, that board also shall post notice of the election on its web site for thirty days before the election. The notice of election shall state all of the following:

(1) The principal amount of the proposed bond issue;

(2) The permanent improvements for which the bonds are to be issued;

(3) The maximum number of years over which the principal of the bonds may be paid;

(4) The estimated additional average annual property tax rate, expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county

auditor's ~~appraised~~-market value, to pay the debt charges on the bonds, as certified by the county auditor;

(5) The proposed rate of the additional tax, if any, for operating expenses and criminal justice services;

(6) The number of years the operating expenses or criminal justice services tax will be in effect, or that it will be in effect for a continuing period of time;

(7) The proposed rate of the additional tax, if any, for permanent improvements;

(8) The number of years the permanent improvements tax will be in effect, or that it will be in effect for a continuing period of time;

(9) The estimated annual collections, if applicable, of the current operating expenses or criminal justice services levy and permanent improvements levy, as certified by the county auditor;

(10) The time and place of the election.

(E) The form of the ballot for an election under this section is as follows:

"Shall \_\_\_\_\_ be authorized to do the following:

(1) Issue bonds for the purpose of \_\_\_\_\_ in the principal amount of \$\_\_\_\_\_, to be repaid annually over a maximum period of \_\_\_\_\_ years, and levy a property tax outside the ten-mill limitation, estimated by the county auditor to average over the bond repayment period \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to \$\_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~-market value, to pay the annual debt charges on the bonds, and to pay debt charges on any notes issued in anticipation of those bonds?"

If either a levy for permanent improvements or a levy for operating expenses and criminal justice services is proposed, or both are proposed, the ballot also shall contain the following language, as appropriate:

"(2) Levy an additional property tax to provide funds for the acquisition, construction, enlargement, renovation, maintenance, and financing of permanent improvements to a criminal justice facility, that the county auditor estimates will collect \$\_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to \$\_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~-market value, for \_\_\_\_\_ (number of years of the levy, or a continuing period of time)?

(3) Levy an additional property tax to pay operating expenses of a criminal justice facility and provide other criminal justice services, that the county auditor estimates will collect \$\_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to \$\_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~-market value, for \_\_\_\_\_ (number of years of the levy, or a continuing period of time)?

FOR THE BOND ISSUE AND LEVY (OR LEVIES)  
AGAINST THE BOND ISSUE AND LEVY (OR LEVIES)"

(F) The board of elections promptly shall certify the results of the election to the tax commissioner and the county auditor. If a majority of the electors voting on the question vote for it,

the board of county commissioners may proceed with issuance of the bonds and the levy and collection of the property tax for the debt service on the bonds and any anticipatory securities in the same manner and subject to the same limitations as for securities issued under section 133.18 of the Revised Code, and with the levy and collection of the property tax or taxes for operating expenses and criminal justice services and for permanent improvements at the additional rate or any lesser rate in excess of the ten-mill limitation. Any securities issued by the board of commissioners under this section are Chapter 133. securities, as that term is defined in section 133.01 of the Revised Code.

(G)(1) After the approval of a tax for operating expenses and criminal justice services under this section and before the time the first collection and distribution from the levy can be made, the board of county commissioners may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the tax to be collected during the first year of the levy.

(2) After the approval of a tax under this section for permanent improvements to a criminal justice facility, the board of county commissioners may anticipate a fraction of the proceeds of the tax and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the tax remaining to be collected in each year over a period of five years after issuance of the notes.

Anticipation notes under this section shall be issued as provided in section 133.24 of the Revised Code. Notes issued under division (G) of this section shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

(H) A tax for operating expenses and criminal justice services or for permanent improvements levied under this section for a specified number of years may be renewed ~~or replaced~~ in the same manner as a tax for current operating expenses or permanent improvements levied under section 5705.19 of the Revised Code. A tax levied under this section for a continuing period of time may be decreased in accordance with section 5705.261 of the Revised Code.

Sec. 5705.25. (A)(1) A copy of any resolution adopted as provided in section 5705.19 or 5705.2111 of the Revised Code shall be certified by the taxing authority to the board of elections of the proper county not less than ninety days before the general election in any year, and the board shall submit the proposal to the electors of the subdivision at the succeeding November election. In the case of a qualifying library levy, the board shall submit the question to the electors of the library district or association library district.

(2) Except as otherwise provided in this division, a resolution to renew or to renew and increase or renew and decrease an existing levy, regardless of the section of the Revised Code under which the tax was imposed, shall not be placed on the ballot unless the question is submitted at the general election held during the last year the tax to be renewed may be extended on the real and public utility property tax list and duplicate, or at any election held in the ensuing year. The limitation of the foregoing sentence does not apply to a resolution to renew and increase or to renew

and decrease an existing levy that was imposed under section 5705.191 of the Revised Code to supplement the general fund for the purpose of making appropriations for one or more of the following purposes: for public assistance, human or social services, relief, welfare, hospitalization, health, and support of general hospitals. The limitation of the second preceding sentence also does not apply to a resolution that proposes to renew two or more existing levies imposed under section 5705.222 or division (L) of section 5705.19 of the Revised Code, or under section 5705.21 or 5705.217 of the Revised Code, in which case the question shall be submitted on the date of the general or primary election held during the last year at least one of the levies to be renewed may be extended on the real and public utility property tax list and duplicate, or at any election held during the ensuing year. A resolution proposing to renew or renew and increase or decrease an existing levy may specify that the renewal, increase, or decrease of the existing levy shall be extended on the tax list for the tax year specified in the resolution, which may be the last year the existing levy may be extended on the list or the ensuing year. If the renewal, increase, or decrease is to be extended on the tax list for the last tax year the existing levy would otherwise be extended, the existing levy shall not be extended on the tax list for that last year unless the question of the renewal, increase, or decrease is not approved by a majority of electors voting on the question, in which case the existing levy shall be extended on the tax list for that last year.

For purposes of this section, a levy shall be considered to be an "existing levy" through the year following the last year it can be placed on the tax list and duplicate.

(3) The board of elections shall make the necessary arrangements for the submission of such questions to the electors of such subdivision, library district, or association library district, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in such subdivision, library district, or association library district for the election of county officers. Notice of the election shall be published in a newspaper of general circulation in the subdivision, library district, or association library district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall state the purpose, the levy's estimated annual collections if the levy is not to pay debt charges, the proposed increase in rate, expressed in mills for each one dollar of taxable value, either that rate or the effective rate, as applicable, expressed in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value, the number of years during which the increase will be in effect, the first month and year in which the tax will be levied, and the time and place of the election.

(B) The form of the ballots cast at an election held pursuant to division (A) of this section shall be as follows:

"An additional tax for the benefit of (name of subdivision or public library) \_\_\_\_\_ for the purpose of (purpose stated in the resolution) \_\_\_\_\_, that the county auditor estimates will collect \$ \_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value, which

amounts to \$ \_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised-market~~ value, for \_\_\_\_\_ (life of indebtedness or number of years the levy is to run).

	For the Tax Levy
	Against the Tax Levy

"

(C) If the levy is to be in effect for a continuing period of time, the notice of election and the form of ballot shall so state instead of setting forth a specified number of years for the levy.

If the additional tax or the renewal, increase, or decrease of an existing levy is to be placed on the current tax list, the form of the ballot shall be modified by adding, after the statement of the number of years the levy is to run, the phrase ", commencing in \_\_\_\_\_ (first year the tax is to be levied), first due in calendar year \_\_\_\_\_ (first calendar year in which the tax shall be due)."

If the levy submitted is a proposal to renew, increase, or decrease an existing levy, the form of the ballot specified in division (B) of this section must be changed by substituting for the words "An additional" at the beginning of the form, the words "A renewal of a" in case of a proposal to renew an existing levy in the same amount; the words "A renewal of \_\_\_\_\_ mills and an increase of \_\_\_\_\_ mills for each \$1 of taxable value to constitute a" in the case of an increase; or the words "A renewal of part of an existing levy, being a reduction of \_\_\_\_\_ mills for each \$1 of taxable value, to constitute a" in the case of a decrease in the proposed levy. Additionally, the effective rate, in lieu of the rate, shall be expressed for each one hundred thousand dollars of the county auditor's ~~appraised-market~~ value.

If the levy submitted is a proposal to renew two or more existing levies imposed under section 5705.222 or division (L) of section 5705.19 of the Revised Code, or under section 5705.21 or 5705.217 of the Revised Code, the form of the ballot specified in division (B) of this section shall be modified by substituting for the words "an additional tax" the words "a renewal of \_\_\_\_ (insert the number of levies to be renewed) existing taxes."

If the levy submitted is a levy under section 5705.72 of the Revised Code or a proposal to renew, increase, or decrease an existing levy imposed under that section, the name of the subdivision shall be "the unincorporated area of \_\_\_\_\_ (name of township)."

If the levy is for the payment of debt charges, the form of the ballot shall be modified by omitting the phrase ", that the county auditor estimates will collect \$ \_\_\_\_\_ annually."

The question covered by a resolution adopted under this section shall be submitted as a separate proposition but may be printed on the same ballot with any other proposition submitted at the same election, other than the election of officers. More than one such question may be submitted at the same election.

(D) A levy voted in excess of the ten-mill limitation under this section shall be certified to the tax commissioner. In the first year of the levy, it shall be extended on the tax lists after the February settlement succeeding the election. If the additional tax is to be placed upon the tax list of

the current year, as specified in the resolution providing for its submission, the result of the election shall be certified immediately after the canvass by the board of elections to the taxing authority, who shall make the necessary levy and certify it to the county auditor, who shall extend it on the tax lists for collection. After the first year, the tax levy shall be included in the annual tax budget that is certified to the county budget commission.

(E) A tax levied under section 5705.2111 of the Revised Code shall not be renewed and increased.

Sec. 5705.251. (A) A copy of a resolution adopted under section 5705.212 or 5705.213 of the Revised Code shall be certified by the board of education to the board of elections of the proper county not less than ninety days before the date of the election specified in the resolution, and the board of elections shall submit the proposal to the electors of the school district at a special election to be held on that date. The board of elections shall make the necessary arrangements for the submission of the question or questions to the electors of the school district, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the school district for the election of county officers. Notice of the election shall be published in a newspaper of general circulation in the subdivision once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election.

(1) In the case of a resolution adopted under section 5705.212 of the Revised Code, the notice shall state separately, for each tax being proposed, the purpose; the proposed increase in rate, expressed in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value as well as in mills for each one dollar of taxable value; the number of years during which the increase will be in effect; and the first calendar year in which the tax will be due. The notice shall also state the original tax's estimated annual collections and the estimated aggregate annual collections of all such taxes. For an election on the question of a renewal levy, the notice shall state the purpose; the levy's estimated annual collections; the proposed rate, expressed in mills for each one dollar of taxable value; the effective rate, expressed in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value; and the number of years the tax will be in effect. If the resolution is adopted under division (C) of that section, the rate of each tax being proposed shall be expressed as both the total rate and the portion of the total rate to be allocated to the qualifying school district and the portion to be allocated to partnering community schools.

(2) In the case of a resolution adopted under section 5705.213 of the Revised Code, the notice shall state the purpose; the amount proposed to be raised by the tax in the first year it is levied; the estimated average additional tax rate for the first year it is proposed to be levied, expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value; the number of years during which the increase will be in effect; and the first calendar year in which the tax will be due. The notice also

shall state the amount by which the amount to be raised by the tax may be increased in each year after the first year. The amount of the allowable increase may be expressed in terms of a dollar increase over, or a percentage of, the amount raised by the tax in the immediately preceding year. For an election on the question of a renewal levy, the notice shall state the purpose; the amount proposed to be raised by the tax; the estimated tax rate, expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~ market value; and the number of years the tax will be in effect.

In any case, the notice also shall state the time and place of the election.

(B)(1) The form of the ballot in an election on taxes proposed under section 5705.212 of the Revised Code shall be as follows:

"Shall the \_\_\_\_\_ school district be authorized to levy taxes for current expenses, the aggregate rate of which may increase in \_\_\_\_\_ (number) increment(s) of not more than \_\_\_\_\_ mill(s) for each \$1 of taxable value, from an original rate of \_\_\_\_\_ mill(s) for each \$1 of taxable value, which amounts to \$ \_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised-market~~ value, that the county auditor estimates will collect \$ \_\_\_\_\_ annually, to a maximum rate of \_\_\_\_\_ mill(s) for each \$1 of taxable value, which amounts to \$ \_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised-market~~ value, that the county auditor estimates will collect \$ \_\_\_\_\_ annually? The original tax is first proposed to be levied in \_\_\_\_\_ (the first year of the tax), and the incremental tax in \_\_\_\_\_ (the first year of the increment) (if more than one incremental tax is proposed in the resolution, the first year that each incremental tax is proposed to be levied shall be stated in the preceding format, and the increments shall be referred to as the first, second, third, or fourth increment, depending on their number). The aggregate rate of tax so authorized will \_\_\_\_\_ (insert either, "expire with the original rate of tax which shall be in effect for \_\_\_\_\_ years" or "be in effect for a continuing period of time").

	FOR THE TAX LEVIES
	AGAINST THE TAX LEVIES

"

If the tax is proposed by a qualifying school district under division (C)(1) of section 5705.212 of the Revised Code, the form of the ballot shall be modified by adding, after the phrase "each \$1 of taxable value," the following: "(of which \_\_\_\_\_ mills is to be allocated to partnering community schools)."

(2) The form of the ballot in an election on the question of a renewal levy under section 5705.212 of the Revised Code shall be as follows:

"Shall the \_\_\_\_\_ school district be authorized to renew a tax for current expenses, that the county auditor estimates will collect \$ \_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to \$ \_\_\_\_\_ (effective rate) for each \$100,000 of the county auditor's ~~appraised-market~~ value, for \_\_\_\_\_ (number of years the levy shall be in

effect, or a continuing period of time)?

	FOR THE TAX LEVIES	
	AGAINST THE TAX LEVIES	"

If the tax is proposed by a qualifying school district under division (C)(2) of section 5705.212 of the Revised Code and the total rate and the rates allocated to the school district and partnering community schools are to remain the same as those of the levy being renewed, the form of the ballot shall be modified by adding, after the phrase "each \$1 of taxable value," the following: "(of which \_\_\_\_\_ mills is to be allocated to partnering community schools)." If the total rate is to be increased, the form of the ballot shall state that the proposal is to renew the existing tax with an increase in rate and shall state the increase in rate, the total rate resulting from the increase, and, of that rate, the portion of the rate to be allocated to partnering community schools. If the total rate is to be decreased, the form of the ballot shall state that the proposal is to renew a part of the existing tax and shall state the reduction in rate, the total rate resulting from the decrease, and, of that rate, the portion of the rate to be allocated to partnering community schools.

(3) If a tax proposed by a ballot form prescribed in division (B)(1) or (2) of this section is to be placed on the current tax list, the form of the ballot shall be modified by adding, after the statement of the number of years the levy is to be in effect, the phrase ", commencing in \_\_\_\_\_ (first year the tax is to be levied), first due in calendar year \_\_\_\_\_ (first calendar year in which the tax shall be due)."

(C) The form of the ballot in an election on a tax proposed under section 5705.213 of the Revised Code shall be as follows:

"Shall the \_\_\_\_\_ school district be authorized to levy the following tax for current expenses? The tax will first be levied in \_\_\_\_\_ (year) to raise \$\_\_\_\_\_. In the \_\_\_\_\_ (number of years) following years, the tax will increase by not more than \_\_\_\_\_ (per cent or dollar amount of increase) each year, so that, during \_\_\_\_\_ (last year of the tax), the tax will raise approximately \_\_\_\_\_ (dollars). The county auditor estimates that the rate will be \_\_\_\_\_ mill(s) for each \$1 of taxable value, which amounts to \$\_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised-market~~ value, both during \_\_\_\_\_ (first year of the tax) and \_\_\_\_\_ mill(s) for each \$1 of taxable value, which amounts to \$\_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised-market~~ value, during \_\_\_\_\_ (last year of the tax). The tax will not be levied after \_\_\_\_\_ (year).

	FOR THE TAX LEVIES	
	AGAINST THE TAX LEVIES	"

The form of the ballot in an election on the question of a renewal levy under section

5705.213 of the Revised Code shall be as follows:

"Shall the \_\_\_\_\_ school district be authorized to renew a tax for current expenses which will raise \$ \_\_\_\_\_, estimated by the county auditor to be \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to \$ \_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~ market value? The tax shall be in effect for \_\_\_\_\_ (the number of years the levy shall be in effect, or a continuing period of time).

	FOR THE TAX LEVIES	"
	AGAINST THE TAX LEVIES	

If the tax is to be placed on the current tax list, the form of the ballot shall be modified by adding, after the statement of the number of years the levy is to be in effect, the phrase ", commencing in \_\_\_\_\_ (first year the tax is to be levied), first due in calendar year \_\_\_\_\_ (first calendar year in which the tax shall be due)."

(D) The question covered by a resolution adopted under section 5705.212 or 5705.213 of the Revised Code shall be submitted as a separate question, but may be printed on the same ballot with any other question submitted at the same election, other than the election of officers. More than one question may be submitted at the same election.

(E) Taxes voted in excess of the ten-mill limitation under division (B) or (C) of this section shall be certified to the tax commissioner. If an additional tax is to be placed upon the tax list of the current year, as specified in the resolution providing for its submission, the result of the election shall be certified immediately after the canvass by the board of elections to the board of education. The board of education immediately shall make the necessary levy and certify it to the county auditor, who shall extend it on the tax list for collection. After the first year, the levy shall be included in the annual tax budget that is certified to the county budget commission.

Sec. 5705.261. (A) The question of decrease of an increased rate of levy approved for a continuing period of time by the voters of a subdivision or, in the case of a qualifying library levy, the voters of the library district or association library district, may be initiated by the filing of a petition with the board of elections of the proper county not less than ninety days before the general election in any year requesting that an election be held on such question. Such petition shall state the amount of the proposed decrease in the rate of levy and shall be signed by qualified electors residing in the subdivision, library district, or association library district equal in number to at least ten per cent of the total number of votes cast in the subdivision, library district, or association library district for the office of governor at the most recent general election for that office. Only one such petition may be filed during each five-year period following the election at which the voters approved the increased rate for a continuing period of time.

After determination by it that such petition is valid, the board of elections shall do both of the following:

(1) Request that the county auditor certify to the board, in the same manner as required for a tax levy under section 5705.03 of the Revised Code, an estimate of the levy's annual collections and the levy's effective rate in both the last year before the proposed decrease and the first year that the decrease applies, stated in dollars, rounded to the nearest dollar, for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value. If the subdivision, library district, or association library district is located in more than one county, the county auditor shall obtain from the county auditor of each other county in which the subdivision or district is located the tax valuation applicable to the portion of the subdivision or district in that county.

The county auditor shall certify such information to the board of elections within ten days after receiving the board's request.

(2) Submit the question to the electors of the subdivision, library district, or association library district at the succeeding general election pursuant to division (B) of this section.

(B) The election shall be conducted, canvassed, and certified in the same manner as regular elections in such subdivision, library district, or association library district for county offices. Notice of the election shall be published in a newspaper of general circulation in the district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall state the purpose, the levy's estimated annual collections, the amount of the proposed decrease in rate, expressed in mills for each one dollar of taxable value, the effective rate of the levy in the year before the proposed decrease and the first year that the decrease applies, both expressed in dollars for each one hundred thousand dollars of the county auditor's ~~appraised~~-market value, and the time and place of the election. The form of the ballot cast at such election shall be prescribed by the secretary of state but must include all information required to be included in the notice. The question covered by the petition shall be submitted as a separate proposition but it may be printed on the same ballot with any other propositions submitted at the same election other than the election of officers. If a majority of the qualified electors voting on the question of a decrease at such election approve the proposed decrease in rate, the result of the election shall be certified immediately after the canvass by the board of elections to the appropriate taxing authority, which shall thereupon, after the current year, cease to levy such increased rate or levy such tax at such reduced rate upon the tax list of the subdivision, library district, or association library district. If notes have been issued in anticipation of the collection of such levy, the taxing authority shall continue to levy and collect under authority of the election authorizing the original levy such amounts as will be sufficient to pay the principal of and interest on such anticipation notes as the same fall due.

In the case of a levy for the current expenses of a qualifying school district and of partnering community schools imposed under section 5705.192, as it existed before the effective date of this amendment, division (B) of section 5705.21, division (C) of section 5705.212, or division (J) of section 5705.218 of the Revised Code for a continuing period of time, the rate allocated to the

school district and to partnering community schools shall each be decreased by a number of mills per dollar that is proportionate to the decrease in the rate of the levy in proportion to the rate at which the levy was imposed before the decrease.

Sec. 5705.27. There is hereby created in each county a county budget commission consisting of the county auditor, the county treasurer, and the prosecuting attorney. The prosecuting attorney may recuse the prosecuting attorney, in which case a member of the board of county commissioners selected by the board of county commissioners shall serve in lieu of the prosecuting attorney. Upon petition filed with the board of elections, signed by the number of electors of the county equal in amount to three per cent of the total number of votes cast for governor at the most recent election therefor, there shall be submitted to the electors of the county at the next general election occurring not sooner than ninety days after the filing of the petition, the question "Shall the county budget commission consist of two additional members to be elected from the county?" Provision shall be made on the ballot for the election from the county at large of two additional members of the county budget commission who shall be electors of the county if a majority of the electors voting on the question shall have voted in the affirmative. In such counties, where the electors have voted in the affirmative, the county budget commission shall consist of such two elected members in addition to the county auditor, the county treasurer and the prosecuting attorney or commissioner as applicable. Such members, who shall not hold any other public office, shall serve for a term of four years. ~~The~~

The commission shall meet at the office of the county auditor in each county on the first Monday in February and on the first Monday in August, annually, and shall complete its work on or before the first day of September, annually, unless for good cause the tax commissioner extends the time for completing the work. The commission shall offer, during at least one public meeting annually, testimony from a member of the commission or an invited speaker describing the concept and function of taxes levied within the ten-mill limitation, how such taxes are allocated to various jurisdictions in the county, and the fiscal impact of such taxes in light of its exemption from the reduction authorized under section 319.301 of the Revised Code. A majority of members shall constitute a quorum, provided that no action of the commission shall be valid unless agreed to by a majority of the members of the commission. The auditor shall be the secretary of the commission and shall keep a full and accurate record of all proceedings. The auditor shall appoint such messengers and clerks as the commission deems necessary, and the budget commissioners shall be allowed their actual and necessary expenses. The elected members of the commission shall also receive twenty dollars for each day in attendance at commission meetings and in discharge of official duties. Any vacancy among such elected members shall be filled by the presiding judge of the court of common pleas. In adjusting the rates of taxation and fixing the amount of taxes to be levied each year, the commissioners shall be governed by the amount of the taxable property shown on the auditor's tax list for the current year; provided that if the auditor's tax list has not been completed, the auditor shall estimate, as nearly as practicable, the amount of the taxable property for such year, and such officers shall be governed by such estimate.

In any county in which two members of the commission are elected, upon petition filed with the board of elections, signed by the number of electors of the county equal in amount to three per cent of the votes cast for governor at the most recent election therefor, there shall be submitted to the electors of the county at the next general election occurring not sooner than ninety days after the filing of the petition, the question "Shall the elected members be eliminated from the county budget commission?" If the majority of the electors voting thereon shall have voted in the affirmative, the county budget commission shall consist solely of the county auditor, the county treasurer, and the prosecuting attorney or commissioner as applicable.

Sec. 5705.28. (A) Except as provided in division (B)(1) or (2) of this section or in section 5705.281 of the Revised Code, the taxing authority of each subdivision or other taxing unit shall adopt a tax budget for the next succeeding fiscal year:

(1) On or before the fifteenth day of January in the case of school districts and the city of Cincinnati;

(2) On or before the fifteenth day of July in the case of all other subdivisions and taxing units.

(B)(1) Before the first day of June in each year, the board of trustees of a school library district entitled to participate in any appropriation or revenue of a school district or to have a tax proposed by the board of education of a school district shall file with the board of education of the school district a tax budget for the ensuing fiscal year. On or before the fifteenth day of July in each year, the board of education of a school district to which a school library district tax budget was submitted under this division shall adopt such tax budget on behalf of the library district, but such budget shall not be part of the school district's tax budget.

(2)(a) The taxing authority of a taxing unit that does not levy a tax is not required to adopt a tax budget pursuant to division (A) of this section. Instead, on or before the fifteenth day of July each year, such taxing authority shall adopt an operating budget for the taxing unit for the ensuing fiscal year. The operating budget shall include an estimate of receipts from all sources, a statement of all taxing unit expenses that are anticipated to occur, and the amount required for debt charges during the fiscal year. The operating budget is not required to be filed with the county auditor or the county budget commission.

(b) Except for this section and sections 5705.36, 5705.38, 5705.40, 5705.41, 5705.43, 5705.44, and 5705.45 of the Revised Code, a taxing unit that does not levy a tax is not a taxing unit for purposes of Chapter 5705. of the Revised Code. Documents prepared in accordance with such sections are not required to be filed with the county auditor or county budget commission.

(c) The total appropriations from each fund of a taxing unit that does not levy a tax shall not exceed the total estimated revenue available for expenditures from the fund, and appropriations shall be made from each fund only for the purposes for which the fund is established.

(C)(1) To assist in the preparation of the tax budget, the head of each department, board, commission, and district authority entitled to participate in any appropriation or revenue of a

subdivision shall file with the taxing authority, or in the case of a municipal corporation, with its chief executive officer, before the forty-fifth day prior to the date on which the budget must be adopted, an estimate of contemplated revenue and expenditures for the ensuing fiscal year, in such form as is prescribed by the taxing authority of the subdivision ~~or by the auditor of state~~. The taxing authority shall include in its budget of expenditures the full amounts requested by district authorities, not to exceed the amount authorized by law, if such authorities may fix the amount of revenue they are to receive from the subdivision. In a municipal corporation in which a special levy for a municipal university has been authorized to be levied in excess of the ten-mill limitation, or is required by the charter of the municipal corporation, the taxing authority shall include an amount not less than the estimated yield of such levy, if such amount is requested by the board of directors of the municipal university.

(2) A county board of developmental disabilities may include within its estimate of contemplated revenue and expenditures a reserve balance account in the community developmental disabilities residential services fund. The account shall contain money that is not needed to pay for current expenses for residential services and supported living but will be needed to pay for expenses for such services in the future or may be needed for unanticipated emergency expenses. On the request of the county board of developmental disabilities, the board of county commissioners shall include such an account in its budget of expenditures and appropriate money to the account from residential service moneys for the county board.

(D) The board of trustees of any public library desiring to participate in the distribution of the county public library fund shall adopt appropriate rules extending the benefits of the library service of such library to all the inhabitants of the county on equal terms, unless such library service is by law available to all such inhabitants, and shall certify a copy of such rules to the taxing authority with its estimate of contemplated revenue and expenditures. Where such rules have been so certified or where the adoption of such rules is not required, the taxing authority shall include in its budget of receipts such amounts as are specified by such board as contemplated revenue from the county public library fund, and in its budget of expenditures the full amounts requested therefrom by such board. No library association, incorporated or unincorporated, is entitled to participate in the proceeds of the county public library fund unless such association both was organized and operating prior to January 1, 1968, and participated in the distribution of the proceeds of the county public library fund prior to December 31, 2005.

(E) Any health district created under Chapter 3709. of the Revised Code that does not file an estimate of contemplated revenue and expenditures for the ensuing fiscal year pursuant to division (C) of this section shall adopt a tax budget on its own behalf pursuant to division (A) of this section.

Sec. 5705.29. This section does not apply to a subdivision or taxing unit for which the county budget commission has waived the requirement to adopt a tax budget pursuant to section 5705.281 of the Revised Code. The tax budget shall present the following information ~~in such detail as is prescribed by the auditor of state~~:

In the case of a school district, this estimate may include a contingent expense not designated for any particular purpose and not to exceed thirteen per cent of the total amount of appropriations for current expenses.

(F)(1) A board of education may include in its budget for the fiscal year in which a levy proposed under section 5705.194, 5705.199, 5705.21, 5705.213, or 5705.219, a property tax levy proposed under section 5748.09, or the original levy under section 5705.212 of the Revised Code is first extended on the tax list and duplicate an estimate of expenditures to be known as a voluntary contingency reserve balance, which shall not be greater than twenty-five per cent of the total amount of the levy estimated to be available for appropriation in such year.

(2) A board of education may include in its budget for the fiscal year following the year in which a levy proposed under section 5705.194, 5705.199, 5705.21, 5705.213, or 5705.219, a property tax levy proposed under section 5748.09, or the original levy under section 5705.212 of the Revised Code is first extended on the tax list and duplicate an estimate of expenditures to be known as a voluntary contingency reserve balance, which shall not be greater than twenty per cent of the amount of the levy estimated to be available for appropriation in such year.

(3) Except as provided in division ~~(E)(4)~~(F)(4) of this section, the full amount of any reserve balance the board includes in its budget shall be retained by the county auditor and county treasurer out of the first semiannual settlement of taxes until the beginning of the next succeeding fiscal year, and thereupon, with the depository interest apportioned thereto, it shall be turned over to the board of education, to be used for the purposes of such fiscal year.

(4) A board of education, by a two-thirds vote of all members of the board, may appropriate any amount withheld as a voluntary contingency reserve balance during the fiscal year for any lawful purpose, provided that prior to such appropriation the board of education has authorized the expenditure of all amounts appropriated for contingencies under section 5705.40 of the Revised Code. Upon request by the board of education, the county auditor shall draw a warrant on the district's account in the county treasury payable to the district in the amount requested.

~~(F)~~ Except as otherwise provided in this division, the county budget commission shall not reduce the taxing authority of a subdivision as a result of the creation of a reserve balance account. Except as otherwise provided in this division, the county budget commission shall not consider the amount in a reserve balance account of a township, county, or municipal corporation as an unencumbered balance or as revenue for the purposes of division ~~(E)(3)~~ or ~~(4)~~ of section 5747.51 of the Revised Code. The county budget commission may require documentation of the reasonableness of the reserve balance held in any reserve balance account. The commission shall consider any amount in a reserve balance account that it determines to be unreasonable as unencumbered and as

~~revenue for the purposes of section 5747.51 of the Revised Code and may take such amounts into consideration when determining whether to reduce the taxing authority of a subdivision.~~

Sec. 5705.30. This section does not apply to a subdivision for which the county budget commission has waived the requirement to adopt a tax budget under section 5705.281 of the Revised Code.

~~In addition to the information required by section 5705.29 of the Revised Code, the budget of each subdivision and school library district shall include such other information as is prescribed by the auditor of state.~~ At least two copies of the budget shall be filed in the office of the fiscal officer of the subdivision for public inspection not less than ten days before its adoption by the taxing authority, and such taxing authority shall hold at least one public hearing thereon, of which public notice shall be given by at least one publication not less than ten days prior to the date of hearing in the official publication of such subdivision, or in a newspaper having general circulation in the subdivision. The budget, after adoption, shall be submitted to the county auditor on or before the twentieth day of July, or in the case of a school district or the city of Cincinnati, by the twentieth day of January. The tax commissioner may prescribe a later date for the submission of a subdivision's tax budget. Any subdivision that fails to submit its budget to the county auditor on or before the date prescribed by this section or a later date prescribed by the commissioner shall not receive an apportionment from the undivided local government fund distribution for the ensuing calendar year unless the commissioner determines that the budget was adopted by the subdivision on or before the fifth day before the date prescribed by this section for submitting the budget, but was not submitted by the date so prescribed or the later time prescribed by the commissioner because of ministerial error by the subdivision or its officers, employees, or other representatives.

Sec. 5705.31. The county auditor shall present to the county budget commission the annual tax budgets submitted under sections 5705.01 to 5705.47 of the Revised Code, together with an estimate prepared by the auditor of the amount of any state levy, the rate of any school tax levy as previously determined, the tax commissioner's estimate of the amount to be received in the county public library fund, the tax rates provided under section 5705.281 of the Revised Code if adoption of the tax budget was waived under that section, and such other information as the commission requests or the tax commissioner prescribes. ~~The~~

The budget commission shall examine such budget and, if the taxing authority is a board of education that has elected to include projections pursuant to division (E) of section 5705.391 of the Revised Code, shall examine such projections. Using the budget and, if applicable, included projections, the budget commission shall ascertain the total amount proposed to be raised in the county for the purposes of each subdivision and other taxing units in the county and the need for those amounts. Except as otherwise provided in this section, the county budget commission may reduce the amount to be raised by any levy pursuant to section 5705.32 of the Revised Code.

The commission shall ascertain that the following levies have been properly authorized and, if so authorized, shall approve them without modification:

(A) All levies in excess of the ten-mill limitation; in the first year they are levied, unless the levy is the renewal of an existing tax or the subdivision or taxing unit requests an amount requiring a lower rate for the succeeding fiscal year. Such a request for an amount requiring a lower rate applies only to the succeeding fiscal year unless the subdivision or taxing unit expressly states that the request is permanent.

(B) All levies for unsatisfied debt charges not provided for by levies in excess of the ten-mill limitation, including levies that remain necessary to pay notes issued for emergency purposes;

(C) The levies prescribed by division (B) of sections 742.33 and 742.34 of the Revised Code;

(D) Except as otherwise provided in this division, a minimum levy within the ten-mill limitation for the current expense and debt service of each subdivision or taxing unit, which shall equal two-thirds of the average levy for current expenses and debt service allotted within the fifteen-mill limitation to such subdivision or taxing unit during the last five years the fifteen-mill limitation was in effect unless such subdivision or taxing unit requests an amount requiring a lower rate. Except for the succeeding fiscal year, or if it expressed its intent to forgo collections from such a levy under division (E) of section 5705.29 of the Revised Code. Such a request for an amount requiring a lower rate applies only to the succeeding fiscal year unless the subdivision or taxing unit expressly states that the request is permanent.

Except as provided in section 5705.312 of the Revised Code, if the levies required in divisions (B) and (C) of this section for the subdivision or taxing unit equal or exceed the entire minimum levy of the subdivision as fixed, the minimum levies of the other subdivisions or taxing units shall be reduced by the commission to provide for the levies and an operating levy for the subdivision. Such additional levy shall be deducted from the minimum levies of each of the other subdivisions or taxing units, but the operating levy for a school district shall not be reduced below a figure equivalent to forty-five per cent of the millage available within the ten-mill limitation after all the levies in divisions (B) and (C) of this section have been provided for.

If a municipal corporation and a township have entered into an annexation agreement under section 709.192 of the Revised Code in which they agree to reallocate their shares of the minimum levies established under this division and if that annexation agreement is submitted along with the annual tax budget of both the township and the municipal corporation, then, when determining the minimum levy under this division, the auditor shall allocate, to the extent possible, the minimum levy for that municipal corporation and township in accordance with their annexation agreement.

~~(E) The levies prescribed by section 3709.29 of the Revised Code.~~

Divisions (A) to ~~(E)~~(D) of this section are mandatory, and commissions shall be without discretion to reduce such minimum levies except as provided in ~~such divisions~~section 5705.316 of the Revised Code.

If any debt charge is omitted from the budget, the commission shall include it therein.

Sec. 5705.314. (A) If the board of education of a city, local, or exempted village school

district proposes to change its levy within the ten-mill limitation in a manner that will result in an increase in the amount of real property taxes levied by the board in the tax year the change takes effect, the board shall hold a public hearing solely on the proposal and obtain approval from the county budget commission of each county in which the district has territory before adopting a resolution to implement the proposal.

The (B) Before holding the board of education hearing required by division (A) of this section, the board shall publish notice of the hearing in a newspaper of general circulation in the school district once a week for two consecutive weeks or as provided in section 7.16 of the Revised Code. The second publication shall be not less than ten nor more than thirty days before the date of the hearing, and the notice shall include the date, time, place, and subject of the hearing, and a statement that the change proposed by the board may result in an increase in the amount of real property taxes levied by the board. At the time the board submits the notice for publication, the board shall send a copy of the notice to the auditor of the county where the school district is located or, if the school district is located in more than one county, to the auditor of each of those counties. Upon receipt of the notice, the county auditor shall certify a copy of the notice to the county budget commission.

(C) Upon certification of a notice to a county budget commission pursuant to division (B) of this section, the county budget commission shall schedule a hearing for a date that is not less than ten and not more than thirty days after the date of certification.

The hearing shall not be held on the same day as the hearing required by division (A) of this section, and if more than one county budget commission is required under this division to hold a hearing on the proposed levy, the county budget commission hearings shall not be held on the same day. Each commission shall publish the date, time, location, and purpose of the meeting on the county auditor's web site. The school district shall publish that information on the school's web site.

During the hearing before each commission, the school district shall present evidence demonstrating the need to change the levy to the county budget commission. The district shall not change the levy unless, by majority vote, the county budget commission approves the need to change the levy.

Sec. 5705.316. (A) A board of education of a city, local, or exempted village school district shall make the certification required under section 5705.36 of the Revised Code to the county auditor of each county in which the district is located on or before the fifteenth day of July. A district that has designated funds for permanent improvements as provided in division (B) of this section shall, at the same time, certify to each such county auditor an accounting of the amount of such designation, the amount spent towards permanent improvements, and the amount remaining of the designation.

(B) The county budget commission or, if applicable, joint budget commission shall convene on or before the fifteenth day of August to review the certifications from each such school district to determine if the amount of carry-over balance in the district's general operating budget from the

preceding fiscal year exceeds forty per cent of the district's general fund expenditures made in the preceding fiscal year. A board may, by resolution, designate an amount of the district's carry-over balance as reserved for expenditure on current or future permanent improvements within the following three years. Upon certification of the resolution to the commission on or before the fifteenth day of July, the commission shall not consider the designated amount in determining whether the district's carry-over balance exceeded the threshold for those three years. If such funds are not expended as designated within those three years, the commission shall consider them as a part of the carry-over balance in all subsequent years.

(C) If a district's carry-over balance exceeds the threshold, the commission shall reduce the rate of, or the annual amount of money to be raised by, any or all of the current expense taxes levied by the district for the current tax year so as to reduce the district's collections by the amount by which the district's general operating budget carry-over balance exceeded the threshold multiplied by a percentage as provided in the following table relative to the amount of the carry-over balance:

	1	2
A	<u>Carry-over balance less than \$2 million</u>	<u>0%</u>
B	<u>Carry-over balance is \$2 million or more but less than \$4 million</u>	<u>25%</u>
C	<u>Carry-over balance is \$4 million or more but less than \$6 million</u>	<u>50%</u>
D	<u>Carry-over balance is \$6 million or more but less than \$10 million</u>	<u>75%</u>
E	<u>Carry-over balance \$10 million or more</u>	<u>100%</u>

.These reductions apply only for the current tax year and shall be made without regard to maintaining the reduction limit imposed under division (E)(2) of section 319.301 of the Revised Code. The tax commissioner shall treat such a reduction as a reduction in the rate at which the tax is authorized to be levied.

(D) Nothing in this section prohibits a county budget commission from reducing the rate of a current levy as otherwise authorized by law. This section does not apply to any of the following:

(1) A school district with a current operating expenditure per equivalent pupil that is less than eighty per cent of the state average, as determined under section 3302.21 of the Revised Code, unless the district's carry-over balance exceeds fifty per cent of the preceding year's expenditures as otherwise determined under division (B) of this section.

(2) An island school district.

(3) A joint state school district.

Sec. 5705.32. (A) The county budget commission shall adjust the estimated amounts

required from the general property tax for each fund, as shown by the tax budgets or other information required to be provided under section 5705.281 of the Revised Code, so as to bring the tax levies required therefor within the limitations specified in sections 5705.01 to 5705.47 of the Revised Code, for such levies, ~~but no levy shall be reduced below a minimum fixed by law~~. The commission may revise and adjust the estimate of balances and receipts from all sources for each fund and shall determine the total appropriations that may be made therefrom.

If a taxing unit declared its intent to forgo all or a portion of collections under division (E) of section 5705.29 of the Revised Code, the commission shall adjust the rate of each levy as required to result in that reduction in collections.

(B) Except as otherwise provided in section 5705.31 of the Revised Code, the county budget commission may adjust the estimated amounts required from the general property tax for each fund, as shown by the tax budgets or other information required to be provided under section 5705.281 of the Revised Code, so as to bring the tax levies required therefor within levels the commission finds reasonable and prudent to avoid unnecessary, excessive, or unneeded collections. If the county budget commission adjusts amounts from any tax levied by a taxing unit other than a qualifying subdivision, the adjustment shall be subject to both of the following:

(1) Except as authorized by section 5705.316 of the Revised Code, no levy shall be reduced below the level that would cause it to collect less than what the levy collected in the preceding year, unless funds are available from reserve balance accounts, nonexpendable trust funds, or carryover amounts to offset a reduction below that level, and the budget commission shall consider reserve balance accounts, nonexpendable trust funds, and carryover amounts for that purpose;

(2) Except as authorized by division (A) of this section or section 5705.316 of the Revised Code, no levy may be reduced to a level that would cause a school district subject to division (A) of section 3317.01 of the Revised Code to levy less than twenty mills for current operating expenses as required by that division.

(C) The commission shall fix the amount of the county public library fund to be distributed to each board of public library trustees that has qualified under section 5705.28 of the Revised Code for participation in the proceeds of such fund. The amount paid to all libraries in the county from such fund shall never be a smaller per cent of the fund than the average of the percentages of the county's classified taxes that were distributed to libraries in 1982, 1983, and 1984, as determined by the county auditor. The commission shall base the amount for distribution on the needs of such library for the construction of new library buildings, parts of buildings, improvements, operation, maintenance, or other expenses. In determining the needs of each library board of trustees, and in calculating the amount to be distributed to any library board of trustees on the basis of its needs, the commission shall make no reduction in its allocation from the fund on account of additional revenues realized by a library from increased taxes or service charges voted by its electorate, from revenues received through federal or state grants, projects, or programs, or from grants from private sources.

~~(C)~~(D) Notwithstanding the fact that alternative methods of financing such needs are available, after fixing the amount to be distributed to libraries, the commission shall fix the amount, if any, of the county public library fund to be distributed to each board of township park commissioners, the county, and each municipal corporation in accordance with the following:

(1) Each municipal corporation in the county shall receive a per cent of the remainder that equals the per cent that the county auditor determines the classified property taxes originating in such municipal corporation in 1984 were of the total of all of the county's classified property taxes in 1984. The commission may deduct from this amount any amount that the budget commission allows to the board of township park commissioners of a township park district, the boundaries of which are coextensive with or contained within the boundaries of the municipal corporation.

(2) The county shall receive a per cent of the remainder that equals the per cent that the county auditor determines the classified property taxes originating outside of the boundaries of municipal corporations in the county in 1984 were of the total of all of the county's classified property taxes in 1984. The commission may deduct from this amount any amount that the budget commission allows to the board of township park commissioners of a township park district, the boundaries of which are not coextensive with or contained within those of any municipal corporation in the county.

~~(D)~~(E) The commission shall separately set forth the amounts fixed and determined under divisions ~~(B)~~(C) and ~~(C)~~(D) of this section in the "official certificate of estimated resources," as provided in section 5705.35 of the Revised Code, and separately certify such amount to the county auditor who shall be guided thereby in the distribution of the county public library fund for and during the fiscal year. In determining such amounts, the commission shall be guided by the estimate certified by the tax commissioner and presented by the auditor under section 5705.31 of the Revised Code, as to the total amount of revenue to be received in the county public library fund during such fiscal year.

~~(E)~~(1)~~(F)~~(1) At least five days before the date of any meeting at which the budget commission plans to discuss the distribution of the county public library fund, it shall notify each legislative authority and board of public library trustees, county commissioners, and township park commissioners eligible to participate in the distribution of the fund of the date, time, place, and agenda for the meeting. Any legislative authority or board entitled to notice under this division may designate an officer or employee of such legislative authority or board to whom the commission shall deliver the notice.

(2) Before the final determination of the amount to be allotted to each subdivision from any source, the commission shall permit representatives of each subdivision and of each board of public library trustees to appear before it to explain its financial needs.

~~(F)~~(G) If any public library receives and expends any funds allocated to it under this section for the construction of new library buildings or parts of buildings, such library shall be free and open to the inhabitants of the county in which it is located. Any board of library trustees that receives

funds under this section and section 5747.48 of the Revised Code shall have its financial records open for public inspection at all reasonable times.

Sec. 5705.321. (A) As used in this section:

(1) "City, located wholly or partially in the county, with the greatest population" means the city, located wholly or partially in the county, with the greatest population residing in the county; however, if the county budget commission on or before January 1, 1998, adopted an alternative method of apportionment that was approved by the city, located partially in the county, with the greatest population but not the greatest population residing in the county, "city, located wholly or partially in the county, with the greatest population" means the city, located wholly or partially in the county, with the greatest population whether residing in the county or not, if this alternative meaning is adopted by action of the board of county commissioners and a majority of the boards of township trustees and legislative authorities of municipal corporations located wholly or partially in the county.

(2) "Participating political subdivision" means a municipal corporation or township that satisfies all of the following:

(a) It is located wholly or partially in the county.

(b) It is not the city, located wholly or partially in the county, with the greatest population.

(c) Public library fund moneys are apportioned to it under the county's alternative method or formula of apportionment in the current calendar year.

(B) In lieu of the method of apportionment of the county public library fund provided by division ~~(C)~~(D) of section 5705.32 of the Revised Code, the county budget commission may provide for the apportionment of the fund under an alternative method or on a formula basis as authorized by this section.

Except as otherwise provided in division (C) of this section, the alternative method of apportionment shall have first been approved by all of the following governmental units: the board of county commissioners; the legislative authority of the city, located wholly or partially in the county, with the greatest population; and a majority of the boards of township trustees and legislative authorities of municipal corporations, located wholly or partially in the county, excluding the legislative authority of the city, located wholly or partially in the county, with the greatest population. In granting or denying approval for an alternative method of apportionment, the board of county commissioners, boards of township trustees, and legislative authorities of municipal corporations shall act by motion. A motion to approve shall be passed upon a majority vote of the members of a board of county commissioners, board of township trustees, or legislative authority of a municipal corporation, shall take effect immediately, and need not be published.

Any alternative method of apportionment adopted and approved under this division may be revised, amended, or repealed in the same manner as it may be adopted and approved. If an alternative method of apportionment adopted and approved under this division is repealed, the county public library fund shall be apportioned among the subdivisions eligible to participate in the

fund, commencing in the ensuing calendar year, under the apportionment provided in divisions ~~(B)~~ (C) and ~~(C)~~(D) of section 5705.32 of the Revised Code, unless the repeal occurs by operation of division (C) of this section or a new method for apportionment of the fund is provided in the action of repeal.

(C) This division applies only in counties in which the city, located wholly or partially in the county, with the greatest population has a population of twenty thousand or less and a population that is less than fifteen per cent of the total population of the county. In such a county, the legislative authorities or boards of township trustees of two or more participating political subdivisions, which together have a population residing in the county that is a majority of the total population of the county, each may adopt a resolution to exclude the approval otherwise required of the legislative authority of the city, located wholly or partially in the county, with the greatest population. All of the resolutions to exclude that approval shall be adopted not later than the first Monday of August of the year preceding the calendar year in which distributions are to be made under an alternative method of apportionment.

A motion granting or denying approval of an alternative method of apportionment under this division shall be adopted by a majority vote of the members of the board of county commissioners and by a majority vote of a majority of the boards of township trustees and legislative authorities of the municipal corporations located wholly or partially in the county, other than the city, located wholly or partially in the county, with the greatest population, shall take effect immediately, and need not be published. The alternative method of apportionment under this division shall be adopted and approved annually, not later than the first Monday of August of the year preceding the calendar year in which distributions are to be made under it. A motion granting approval of an alternative method of apportionment under this division repeals any existing alternative method of apportionment, effective with distributions to be made from the fund in the ensuing calendar year. An alternative method of apportionment under this division shall not be revised or amended after the first Monday of August of the year preceding the calendar year in which distributions are to be made under it.

(D) In determining an alternative method of apportionment authorized by this section, the county budget commission may include in the method any factor considered to be appropriate and reliable, in the sole discretion of the county budget commission.

(E) On the basis of any alternative method of apportionment adopted and approved as authorized by this section, as certified by the auditor to the county treasurer, the county treasurer shall make distribution of the money in the county public library fund to each subdivision eligible to participate in the fund, and the auditor, when the amount of those shares is in the custody of the treasurer in the amounts so computed to be due the respective subdivisions, shall at the same time certify to the tax commissioner the percentage share of the county as a subdivision. All money received into the treasury of a subdivision from the county public library fund in a county treasury shall be paid into the general fund and used for the current operating expenses of the subdivision.

(F) The actions of the county budget commission taken pursuant to this section are final and may not be appealed to the board of tax appeals, except on the issues of abuse of discretion and failure to comply with the formula.

Sec. 5705.35. (A) The certification of the budget commission to the taxing authority of each subdivision or taxing unit, as set forth in section 5705.34 of the Revised Code, shall show the various funds of such subdivisions other than funds to be created by transfer and shall be filed by the county budget commission with such taxing authority on or before the first day of March in the case of school districts and the city of Cincinnati and on or before the first day of September in each year in the case of all other taxing authorities. There shall be set forth on the credit side of each fund the estimated unencumbered balances and receipts, and if a tax is to be levied for such fund, the estimated revenue to be derived therefrom, the rate of the levy, and what portion thereof is within, and what in excess of, the ten-mill tax limitation, and on the debit side, the total appropriations that may be made therefrom. ~~Subject to division (F) of section 5705.29 of the Revised Code, any reserve balance in an account established under section 5705.13 of the Revised Code for the purpose described in division (A)(1) of that section, and the principal of a nonexpendable trust fund established under section 5705.131 of the Revised Code and any additions to principal arising from sources other than the reinvestment of investment earnings arising from that fund, are not unencumbered balances for the purposes of this section. The balance in a reserve balance account established under section 5705.132 of the Revised Code is not an unencumbered balance for the purposes of this division.~~

There shall be attached to the certification a summary, which shall be known as the "official certificate of estimated resources," that shall state the total estimated resources of each fund of the subdivision that are available for appropriation in the fiscal year, other than funds to be created by transfer, and a statement of the amount of the total tax duplicate of the school district to be used in the collection of taxes for the following calendar year. Before the end of the fiscal year, the taxing authority of each subdivision and other taxing unit shall revise its tax budget, if one was adopted, so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the total appropriations that may be made from such fund, as determined by the budget commission in its certification; and such revised budget shall be the basis of the annual appropriation measure.

(B) Revenue from real property taxes scheduled to be settled on or before the tenth day of August and the fifteenth day of February of a fiscal year under divisions (A) and (C) of section 321.24 of the Revised Code shall not be available for appropriation by a board of education prior to the fiscal year in which such latest scheduled settlement date occurs, except that moneys advanced to the treasurer of a board of education under division (A)(2)(b) of section 321.34 of the Revised Code shall be available for appropriation in the fiscal year in which they are paid to the treasurer under such section. If the date for any settlement of taxes is extended under division (E) of section 321.24 of the Revised Code, the latest date set forth in divisions (A) to (D) of that section shall be used to determine in which fiscal year the revenues are first available for appropriation.

Sec. 5705.36. (A)(1) On or about the first day of each fiscal year, the fiscal officer of each subdivision and other taxing unit shall certify to the county auditor the total amount from all sources available for expenditures from each fund set up in the tax budget or, if adoption of a tax budget was waived under section 5705.281 of the Revised Code, from each fund created by or on behalf of the taxing authority. The amount certified shall include any unencumbered balances that existed at the end of the preceding year, ~~excluding any of the following:~~

~~(a) Subject to division (F) of section 5705.29 of the Revised Code, any reserve balance in an account established under section 5705.13 of the Revised Code for the purpose described in division (A)(1) of that section;~~

~~(b) The principal of a nonexpendable trust fund established under section 5705.131 of the Revised Code and any additions to principal arising from sources other than the reinvestment of investment earnings arising from that fund;~~

~~(c) The balance in a reserve balance account established under section 5705.132 of the Revised Code.~~

A school district's certification shall separately show the amount of any notes and unpaid and outstanding expenses on the preceding thirtieth day of June that are to be paid from property taxes that are to be settled during the current fiscal year under divisions (C) and (D) of section 321.24 of the Revised Code. The budget commission, taking into consideration the balances and revenues to be derived from taxation and other sources, shall revise its estimate of the amounts that will be credited to each fund from such sources, and shall certify to the taxing authority of each subdivision an amended official certificate of estimated resources.

(2) Subject to divisions (A)(3) and (4) of this section, upon a determination by the fiscal officer of a subdivision that the revenue to be collected by the subdivision will be greater or less than the amount included in an official certificate, the fiscal officer may certify the amount of the deficiency or excess to the commission, and if the commission determines that the fiscal officer's certification is reasonable, the commission shall certify an amended official certificate reflecting the deficiency or excess.

(3) Upon a determination by the fiscal officer of a subdivision that the revenue to be collected by the subdivision will be greater than the amount included in an official certificate and the legislative authority intends to appropriate and expend the excess revenue, the fiscal officer shall certify the amount of the excess to the commission, and if the commission determines that the fiscal officer's certification is reasonable, the commission shall certify an amended official certificate reflecting the excess.

(4) Upon a determination by the fiscal officer of a subdivision that the revenue to be collected by the subdivision will be less than the amount included in an official certificate and that the amount of the deficiency will reduce available resources below the level of current appropriations, the fiscal officer shall certify the amount of the deficiency to the commission, and the commission shall certify an amended certificate reflecting the deficiency.

(5) The total appropriations made during the fiscal year from any fund shall not exceed the amount set forth as available for expenditure from such fund in the official certificate of estimated resources, or any amendment thereof, certified prior to the making of the appropriation or supplemental appropriation.

(B) At the time of settlement of taxes against which notes have been issued under division (D) of section 133.10 of the Revised Code and at the time a tax duplicate is delivered pursuant to section 319.28 or 319.29 of the Revised Code, the county auditor shall determine whether the total amount to be distributed to each school district from such settlement or duplicate, when combined with the amounts to be distributed from any subsequent settlement, will increase or decrease the amount available for appropriation during the current fiscal year from any fund. The county auditor shall certify this finding to the budget commission, which shall certify an amended official certificate reflecting the finding or certify to the school district that no amended certificate needs to be issued.

Sec. 5705.37. The taxing authority of any subdivision, or the board of trustees of any public library, nonprofit corporation, or library association maintaining a free public library that has adopted and certified rules under section 5705.28 of the Revised Code, that is dissatisfied with any action of the county budget commission may, through its fiscal officer, appeal to the board of tax appeals within thirty days after the receipt by the subdivision of the official certificate or notice of the commission's action. In like manner, but through its clerk, any park district may appeal to the board of tax appeals. An appeal under this section shall be taken by the filing of a notice of appeal, either in person or by certified mail, express mail, or authorized delivery service as provided in section 5703.056 of the Revised Code, with the board and with the commission. If notice of appeal is filed by certified mail, express mail, or authorized delivery service, date of the United States postmark placed on the sender's receipt by the postal service or the date of receipt recorded by the authorized delivery service shall be treated as the date of filing. Upon receipt of the notice of appeal, the commission, by certified mail, shall notify all persons who were parties to the proceeding before the commission of the filing of the notice of appeal and shall file proof of notice with the board of tax appeals. The secretary of the commission shall forthwith certify to the board a transcript of the full and accurate record of all proceedings before the commission, together with all evidence presented in the proceedings or considered by the commission, pertaining to the action from which the appeal is taken. The secretary of the commission also shall certify to the board any additional information that the board may request.

The board of tax appeals, in a de novo proceeding, shall forthwith consider the matter presented to the commission, and may modify any action of the commission with reference to the budget, the estimate of revenues and balances, the allocation of the public library fund, or the fixing of tax rates. The If the appeal is taken in response to the fixing of tax rates through a reduction made by the county budget commission, the burden of proof is on the appellant to show the need for a different rate or amount to meet expenses in the ensuing fiscal year.

The finding of the board of tax appeals shall be substituted for the findings of the commission, and shall be sent to the tax commissioner, the county auditor, and the taxing authority of the subdivision affected, or to the board of public library trustees affected, as the action of the commission under sections 5705.01 to 5705.47 of the Revised Code. At the request of the taxing authority, board of trustees, or park district that appealed an action of the county budget commission under this section, the findings of the board of tax appeals shall be sent by certified mail at the requestor's expense.

This section does not give the board of tax appeals any authority to place any tax levy authorized by law within the ten-mill limitation outside of that limitation, or to reduce any levy below any minimum fixed by law.

Sec. 5705.38. (A) This division does not apply to school district appropriation measures. On or about the first day of each fiscal year, the taxing authority of each subdivision or other taxing unit shall pass an appropriation measure, and thereafter during the year it may pass any supplemental appropriation measures as it finds necessary, based on the revised tax budget or the official certificate of estimated resources or amendments of the certificate. If it desires to postpone the passage of the annual appropriation measure until an amended certificate is received based on the actual balances, it may pass a temporary appropriation measure for meeting the ordinary expenses of the taxing unit until no later than the first day of April or, in the case of the city of Cincinnati, the first day of October, of the current year, and the appropriations made in the temporary measure shall be chargeable to the appropriations in the annual appropriation measure for that fiscal year when passed.

(B) A board of education shall pass its annual appropriation measure by the first day of October. If, by the first day of October, a board has not received either the amended certificates of estimated resources required by division (B) of section 5705.36 of the Revised Code or certifications that no amended certificates need be issued, the adoption of the annual appropriation measure shall be delayed until the amended certificates or certifications are received. Prior to the passage of the annual appropriation measure, the board may pass a temporary appropriation measure for meeting the ordinary expenses of the district until it passes an annual appropriation measure, and appropriations made in the temporary measure shall be chargeable to the appropriations in the annual appropriation measure for that fiscal year when passed. During the fiscal year and after the passage of the annual appropriation measure, a district may pass any supplemental appropriation measures as it finds necessary, based on the revised tax budget or the official certificate of estimated resources or amendments of the certificate. ~~School district appropriation measures shall be in the form as the auditor of state, after consultation with the tax commissioner, prescribes.~~

(C) Appropriation measures shall be classified so as to set forth separately the amounts appropriated for each office, department, and division, and, within each, the amount appropriated for personal services. In the case of a municipal university, the board of directors of which have assumed, in the manner provided by law, custody and control of the funds of the university, funds

shall be appropriated as a lump sum for the use of the university.

Sec. 5705.391. (A) Not later than the thirty-first day of August of each fiscal year, each school district board of education shall submit to the department of education and workforce appropriations, revenue, and fund balance assumptions contained in the budget adopted by the board for that fiscal year and projections of expenditures, revenues, and fund balance for the three succeeding fiscal years.

Not later than the last day of February of each fiscal year, each school district board of education shall submit updated appropriations, revenue, and fund balance information for the budget adopted for the fiscal year and updated projections of expenditures, revenues, and fund balance for the three succeeding fiscal years.

The department of education and workforce and the auditor of state shall jointly adopt rules ~~requiring boards of education to submit five-year governing the submission of current budget information and three-year~~ projections of operational revenues and expenditures ~~by boards of education. The rules shall specify the information required for current budget information and three-year forecast submissions and any additional school district financial and operating information necessary for the audits and analyses conducted by the auditor of state or the department, including special and federal funds expenditures, revenues, and balances.~~ The rules shall provide for the auditor of state or the department to examine the ~~five-year current budget information and three-year~~ projections and to determine whether any further fiscal analysis is needed to ascertain whether a district has the potential to incur a deficit during the first ~~three-two~~ years of the ~~five-year three-year~~ period.

The auditor of state or the department may conduct any further audits or analyses necessary to assess any district's fiscal condition. If further audits or analyses are conducted by the auditor of state, the auditor of state shall notify the department of the district's fiscal condition, and the department shall immediately notify the district of any potential to incur a deficit in the current fiscal year or of any strong indications that a deficit will be incurred in either of the ensuing two years. If such audits or analyses are conducted by the department, the department shall immediately notify the district and the auditor of state of such potential deficit or strong indications thereof.

A district notified under this section shall take immediate steps to eliminate any deficit in the current fiscal year and shall begin to plan to avoid the projected future deficits.

(B) The state board of education, in accordance with sections 3319.31 and 3319.311 of the Revised Code, may limit, suspend, or revoke a license as defined under section 3319.31 of the Revised Code that has been issued to any school employee found to have willfully contributed erroneous, inaccurate, or incomplete data required for the submission of the ~~five-year current budget information and three-year~~ projection required by this section.

(C) ~~The department and the auditor of state, in their joint adoption of rules under division (A) of this section, shall not require a board of education to submit its five-year projection of operational revenues and expenditures prior to the thirtieth day of November of any fiscal year.~~

~~(D)~~ Beginning with submissions required ~~in~~ for fiscal year ~~2024-2026~~ and for each fiscal year in which a submission is required under this section thereafter, the department and the auditor shall label the projections regarding property tax allocation in the projection as "~~state share of local property taxes~~ state reimbursement for property tax credits."

(D) A school district may submit to the county budget commission the most recent projection prepared pursuant to this section with its tax budget as required by section 5705.28 of the Revised Code or other information as allowed by section 5705.281 of the Revised Code.

Sec. 5705.40. Any appropriation ordinance or measure may be amended or supplemented, provided that such amendment or supplement shall comply with all provisions of law governing the taxing authority in making an original appropriation and that no appropriation for any purpose shall be reduced below an amount sufficient to cover all unliquidated and outstanding contracts or obligations certified from or against the appropriation. Transfers may be made by resolution or ordinance from one appropriation item to another, except that a board of county commissioners shall, at the request of the county board of elections, adopt a resolution to transfer funds from one appropriation item of the board of elections to another appropriation item of the board of elections unless the board of county commissioners determines that the transfer is sought for the purpose of providing employee bonuses or salary increases other than increases necessary to reimburse employees for overtime worked. At the close of each fiscal year, the unencumbered balance of each appropriation shall revert to the respective fund from which it was appropriated and shall be subject to future appropriations, provided that funds unexpended at the end of such fiscal year previously appropriated for the payment of obligations unliquidated and outstanding, or previously appropriated pursuant to section 321.261 of the Revised Code for the collection of delinquent taxes, need not be reappropriated, ~~but such unexpended funds shall not be included by any budget-making body or board or any county budget commission in estimating the balance available for the purposes of the next or any succeeding fiscal year.~~

The annual appropriation measure, or an amendment or supplement thereto, may contain an appropriation for contingencies not to exceed the amount authorized by section 5705.29 of the Revised Code and in the case of a school district may also include a voluntary contingency reserve balance in the amount authorized by such section. By a two-thirds vote of all members of the taxing authority of a subdivision or taxing unit, expenditures may be authorized in pursuance of such contingency appropriation or voluntary contingency reserve balance for any lawful purpose for which public funds may be expended, if such purpose could not have reasonably been foreseen at the time of the adoption of the appropriation measure or, in the case of a voluntary contingency reserve balance, if the board of education requests payment of any portion of such balance.

Sec. 5705.412. (A) As used in this section, "qualifying contract" means any agreement for the expenditure of money under which aggregate payments from the funds included in the school district's ~~five-year~~ three-year forecast under section 5705.391 of the Revised Code will exceed the lesser of the following amounts:

(1) Five hundred thousand dollars;

(2) One per cent of the total revenue to be credited in the current fiscal year to the district's general fund, as specified in the district's most recent certificate of estimated resources certified under section 5705.36 of the Revised Code.

(B)(1) Notwithstanding section 5705.41 of the Revised Code, no school district shall adopt any appropriation measure, make any qualifying contract, or increase during any school year any wage or salary schedule unless there is attached thereto a certificate, signed as required by this section, that the school district has in effect the authorization to levy taxes including the renewal ~~or replacement~~ of existing levies which, when combined with the estimated revenue from all other sources available to the district at the time of certification, are sufficient to provide the operating revenues necessary to enable the district to maintain all personnel and programs for all the days set forth in its adopted school calendars for the current fiscal year and for a number of days in succeeding fiscal years equal to the number of days instruction was held or is scheduled for the current fiscal year, as follows:

(a) A certificate attached to an appropriation measure under this section shall cover only the fiscal year in which the appropriation measure is effective and shall not consider the renewal ~~or replacement~~ of an existing levy as the authority to levy taxes that are subject to appropriation in the current fiscal year unless the renewal ~~or replacement~~ levy has been approved by the electors and is subject to appropriation in the current fiscal year.

(b) A certificate attached, in accordance with this section, to any qualifying contract shall cover the term of the contract.

(c) A certificate attached under this section to a wage or salary schedule shall cover the term of the schedule.

If the board of education has not adopted a school calendar for the school year beginning on the first day of the fiscal year in which a certificate is required, the certificate attached to an appropriation measure shall include the number of days on which instruction was held in the preceding fiscal year and other certificates required under this section shall include that number of days for the fiscal year in which the certificate is required and any succeeding fiscal years that the certificate must cover.

The certificate shall be signed by the treasurer and president of the board of education and the superintendent of the school district, unless the district is in a state of fiscal emergency declared under Chapter 3316. of the Revised Code. In that case, the certificate shall be signed by a member of the district's financial planning and supervision commission who is designated by the commission for this purpose.

(2) In lieu of the certificate required under division (B) of this section, an alternative certificate stating the following may be attached:

(a) The contract is a multi-year contract for materials, equipment, or nonpayroll services essential to the education program of the district;

(b) The multi-year contract demonstrates savings over the duration of the contract as compared to costs that otherwise would have been demonstrated in a single year contract, and the terms will allow the district to reduce the deficit it is currently facing in future years as demonstrated in its ~~five-year~~ three-year forecast adopted in accordance with section 5705.391 of the Revised Code.

The certificate shall be signed by the treasurer and president of the board of education and the superintendent of the school district, unless the district is in a state of fiscal emergency declared under Chapter 3316. of the Revised Code. In that case, the certificate shall be signed by a member of the district's financial planning and supervision commission who is designated by the commission for this purpose.

(C) Every qualifying contract made or wage or salary schedule adopted or put into effect without such a certificate shall be void, and no payment of any amount due thereon shall be made.

(D) The department of education and workforce and the auditor of state jointly shall adopt rules governing the methods by which treasurers, presidents of boards of education, superintendents, and members of financial planning and supervision commissions shall estimate revenue and determine whether such revenue is sufficient to provide necessary operating revenue for the purpose of making certifications required by this section.

(E) The auditor of state shall be responsible for determining whether school districts are in compliance with this section. At the time a school district is audited pursuant to section 117.11 of the Revised Code, the auditor of state shall review each certificate issued under this section since the district's last audit, and the appropriation measure, contract, or wage and salary schedule to which such certificate was attached. If the auditor of state determines that a school district has not complied with this section with respect to any qualifying contract or wage or salary schedule, the auditor of state shall notify the prosecuting attorney for the county, the city director of law, or other chief law officer of the school district. That officer may file a civil action in any court of appropriate jurisdiction to seek a declaration that the contract or wage or salary schedule is void, to recover for the school district from the payee the amount of payments already made under it, or both, except that the officer shall not seek to recover payments made under any collective bargaining agreement entered into under Chapter 4117. of the Revised Code. If the officer does not file such an action within one hundred twenty days after receiving notice of noncompliance from the auditor of state, any taxpayer may institute the action in the taxpayer's own name on behalf of the school district.

(F) This section does not apply to any contract or increase in any wage or salary schedule that is necessary in order to enable a board of education to comply with division (B) of section 3317.13 of the Revised Code, provided the contract or increase does not exceed the amount required to be paid to be in compliance with such division.

(G) Any officer, employee, or other person who expends or authorizes the expenditure of any public funds or authorizes or executes any contract or schedule contrary to this section, expends or authorizes the expenditure of any public funds on the void contract or schedule, or issues a

certificate under this section which contains any false statements is liable to the school district for the full amount paid from the district's funds on the contract or schedule. The officer, employee, or other person is jointly and severally liable in person and upon any official bond that the officer, employee, or other person has given to the school district to the extent of any payments on the void claim, not to exceed ten thousand dollars. However, no officer, employee, or other person shall be liable for a mistaken estimate of available resources made in good faith and based upon reasonable grounds. If an officer, employee, or other person is found to have complied with rules jointly adopted by the department of education and workforce and the auditor of state under this section governing methods by which revenue shall be estimated and determined sufficient to provide necessary operating revenue for the purpose of making certifications required by this section, the officer, employee, or other person shall not be liable under this section if the estimates and determinations made according to those rules do not, in fact, conform with actual revenue. The prosecuting attorney of the county, the city director of law, or other chief law officer of the district shall enforce this liability by civil action brought in any court of appropriate jurisdiction in the name of and on behalf of the school district. If the prosecuting attorney, city director of law, or other chief law officer of the district fails, upon the written request of any taxpayer, to institute action for the enforcement of the liability, the attorney general, or the taxpayer in the taxpayer's own name, may institute the action on behalf of the subdivision.

(H) This section does not require the attachment of an additional certificate beyond that required by section 5705.41 of the Revised Code for current payrolls of, or contracts of employment with, any employees or officers of the school district.

This section does not require the attachment of a certificate to a temporary appropriation measure if all of the following apply:

(1) The amount appropriated does not exceed twenty-five per cent of the total amount from all sources available for expenditure from any fund during the preceding fiscal year;

(2) The measure will not be in effect on or after the thirtieth day following the earliest date on which the district may pass an annual appropriation measure;

(3) An amended official certificate of estimated resources for the current year, if required, has not been certified to the board of education under division (B) of section 5705.36 of the Revised Code.

Sec. 5705.55. (A) The board of directors of a lake facilities authority, by a vote of two-thirds of all its members, may at any time declare by resolution that the amount of taxes which may be raised within the ten-mill limitation by levies on the current tax duplicate will be insufficient to provide an adequate amount for the necessary requirements of the authority, that it is necessary to levy a tax in excess of such limitation for any of the purposes specified in divisions (A), (B), (F), and (H) of section 5705.19 of the Revised Code, and that the question of such additional tax levy shall be submitted by the board to the electors residing within the boundaries of the impacted lake district on the day of a primary or general election. The resolution shall conform to section 5705.19 of the

Revised Code, except that the tax levy may be in effect for no more than five years, as set forth in the resolution, unless the levy is for the payment of debt charges, and the total number of mills levied for each dollar of taxable valuation that may be levied under this section for any tax year shall not exceed one mill. If the levy is for the payment of debt charges, the levy shall be for the life of the bond indebtedness.

The resolution shall specify the date of holding the election, which shall not be earlier than ninety days after the adoption and certification of the resolution to the board of elections. The resolution shall not include a levy on the current tax list and duplicate unless the election is to be held at or prior to the first Tuesday after the first Monday in November of the current tax year.

The resolution shall be certified to the board of elections of the proper county or counties not less than ninety days before the date of the election. The resolution shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided in the notice of election. Section 5705.25 of the Revised Code shall govern the arrangements for the submission of such question and other matters concerning the election, to which that section refers, except that the election shall be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the levy, the board of directors may forthwith make the necessary levy within the boundaries of the impacted lake district at the additional rate in excess of the ten-mill limitation on the tax list, for the purpose stated in the resolution. The tax levy shall be included in the next annual tax budget that is certified to the county budget commission.

(B) The form of the ballot in an election held on the question of levying a tax proposed pursuant to this section shall be as follows or in any other form acceptable to the secretary of state:

"A tax for the benefit of (name of lake facilities authority) \_\_\_\_\_ for the purpose of \_\_\_\_\_, that the county auditor estimates will collect \$\_\_\_\_\_ annually, at a rate not exceeding \_\_\_\_\_ mills for each \$1 of taxable value, which amounts to \$\_\_\_\_\_ for each \$100,000 of the county auditor's ~~appraised~~ market value, for \_\_\_\_\_ (life of indebtedness or number of years the levy is to run).

	FOR THE TAX LEVIES
	AGAINST THE TAX LEVIES

"

If the levy is for the payment of debt charges, the form of the ballot shall be modified by omitting the phrase ", that the county auditor estimates will collect \$\_\_\_\_\_ annually."

(C) On approval of the levy, notes may be issued in anticipation of the collection of the proceeds of the tax levy, other than the proceeds to be received for the payment of bond debt charges, in the amount and manner and at the times as are provided in section 5705.193 of the Revised Code, for the issuance of notes by a county in anticipation of the proceeds of a tax levy. The lake facilities authority may borrow money in anticipation of the collection of current revenues as

provided in section 133.10 of the Revised Code.

(D) If a tax is levied under this section in a tax year, no other taxing authority of a subdivision or taxing unit, including a port authority, may levy a tax on property in the impacted lake district in the same tax year if the purpose of the levy is substantially the same as the purpose for which the lake facilities authority of the impacted lake district was created.

Sec. 5705.60. (A) As used in this section, "qualifying fixed-sum levy" means a tax levied on property at whatever rate is required to produce a specified amount of tax money, including a tax levied under section 5705.199 of the Revised Code, but not including a tax levied in excess of the ten-mill limitation to pay debt charges.

(B) Each year, the tax commissioner shall determine by what amount, if any, the rate of a qualifying fixed sum levy must be changed for the levy to produce the levy's specified amount of money for the current tax year. The tax commissioner shall certify the amount determined for each fixed-sum levy to the appropriate county auditor by the first day of September.

(C) Unless a different rate is required by section 5705.34 of the Revised Code, each county auditor to whom a rate change is certified under division (B) of this section shall apply the adjusted rate for the current tax year.

Sec. 5709.081. (A) Real and tangible personal property owned by a political subdivision that is a public recreational facility for athletic events shall be exempt from taxation if all of the following apply:

(1) The property is controlled and managed by a political subdivision or a county-related corporation or by a similar corporation under the direct control of a political subdivision and whose members and trustees are chosen or appointed by the subdivision;

(2) All revenues and receipts derived by the subdivision or corporation that controls and manages the property, after deducting amounts needed to pay necessary expenses for the operation and management of the property, accrue to the political subdivision owning the property;

(3) The property is not occupied and used for more than seven days in any calendar month by any private entity for profit or for more than a total of fifteen days in any calendar month by all such private entities for profit;

as such pursuant to division (H) of this section, in 1998 for such purposes, are declared to be public property used for a public purpose and are exempt from taxation, if all of the following apply:

(1) Such property, or the land upon which such property is located if such land was originally leased in 1998 from a political subdivision that qualifies as such pursuant to division (H) of this section, is owned by ~~one~~ either of the following:

(a) One or more political subdivisions or by a, which may include a new community authority as defined in section 349.01 of the Revised Code;

(b) A corporation controlled by such a subdivision or subdivisions;

(2) Such property was or is any of the following:

(a) Constructed or, in the case of personal property, acquired pursuant to an agreement with a municipal corporation to implement a development, redevelopment, or renewal plan for an area declared by the municipal corporation to be a slum or blighted area, as those terms are defined in section 725.01 of the Revised Code;

(b) Financed in whole or in part with public obligations as defined in section 5709.76 of the Revised Code or otherwise paid for in whole or in part by one or more political subdivisions;

As used in division (B)(5) of this section, "residual cash" means any revenue and receipts derived from the property by the political subdivision or subdivisions or corporation that owns the property and that are available for unencumbered use by the political subdivision or subdivisions or corporation, after deducting amounts needed to make necessary expenditures, pay debt service, and provide for working capital related to the ownership, management, operation, and use of the property, including payments of taxes on the taxable part of the public recreational facility, contractually obligated payments or deposits into reserves or otherwise, and service payments under section 307.699 of the Revised Code.

(C) The exemption provided in division (B) of this section also applies to both of the following:

(1) The property during its construction or, in the case of tangible personal property, acquisition during the construction period, if the owner meets the condition of division (B)(1) of this section and has agreements that provide for the satisfaction of all other conditions of division (B) of this section upon the completion of the construction;

(2) Any improvement or addition made after March 2, 1992, to a public recreational facility that was constructed before March 2, 1992, as long as all other conditions in division (B) of this section are met.

(D) A corporation that owns property exempt from taxation under division (B) of this section is a public body for the purposes of section 121.22 of the Revised Code. The corporation's records are public records for the purposes of section 149.43 of the Revised Code, except records related to matters set forth in division (G) of section 121.22 of the Revised Code and records related to negotiations that are not yet completed for financing, leases, or other agreements.

(H) As used in this section, "political subdivision" includes the state or an agency of the state if the city, local, or exempted village school district in which the property is situated expressly consents to exempting the property from taxation.

Sec. 5709.212. (A) ~~With~~ Except for applications filed for an industrial water pollution control facility, with every application for an exempt facility certificate filed pursuant to section 5709.21 of the Revised Code, the applicant shall pay a fee equal to one-half of one per cent of the total exempt facility project cost, not to exceed two thousand dollars. If the director of environmental protection is required to provide the opinion for an application for an air pollution control facility or noise pollution control facility, the fee shall be credited to the non-Title V clean air fund created in section 3704.035 of the Revised Code for use in administering section 5709.211 of the Revised Code, ~~unless the application is for an industrial water pollution control facility. In such a case, the fee shall be credited to the surface water protection fund created in section 6111.038 of the Revised Code for use in administering section 5709.211 of the Revised Code.~~ If the director of development or director of natural resources is required to provide the opinion for an application, the fee for each exempt facility application shall be credited to the exempt facility inspection fund, which is hereby created in the state treasury, for appropriation to the department of development services agency or department of natural resources, as applicable, for use in administering section 5709.211 of the Revised Code.

An applicant is not entitled to any tax exemption under section 5709.25 of the Revised Code until the fee required by this section is paid. The fee required by this section is not refundable, and is due with the application for an exempt facility certificate even if an exempt facility certificate ultimately is not issued or is withdrawn. Any application submitted without payment of the fee shall be deemed incomplete until the fee is paid.

(B) The application fee imposed under division (A) of this section for a jointly owned facility shall be equal to one-half of one per cent of the total exempt facility project cost, not to exceed two thousand dollars for each facility that is the subject of the application.

Sec. 5709.89. (A) As used in this section:

(1) "Indebted subdivision" means a county, township, or municipal corporation that has accepted a residential development loan.

(2) "Residential development loan" means a loan authorized under section 122.98 of the Revised Code.

(B) The legislative authority of an indebted subdivision shall adopt a resolution or ordinance exempting from real property taxation improvements to each parcel of real property whose construction commenced as the result of infrastructure whose development, repair, or upgrade was funded by a residential development loan accepted by the subdivision. The resolution or ordinance

shall be adopted and begin to apply in the same tax year in which such infrastructure is developed, repaired, or upgraded.

The resolution or ordinance shall require the owner of the improvements exempted from taxation to make annual service payments in lieu of taxes to the county treasurer on or before the final dates for payment of real property taxes. Service payments in lieu of taxes required by a resolution or ordinance adopted under this section shall be charged and collected in the same manner and in the same amount as the real property taxes that would have been charged and payable against the improvements if not for the exemption.

Service payment receipts shall be distributed at the same time and in the same manner as real property tax payments. The entire amount, however, shall be paid to the indebted subdivision. The county treasurer shall maintain a record of the service payments in lieu of taxes made from property in each indebted subdivision.

The indebted subdivision shall use the payments solely to repay the residential development loan associated with the exempted improvements. An exemption from taxation under this section and the obligation to make service payments ends beginning for the tax year after the applicable residential development loan is fully repaid, including any applicable interest. The indebted subdivision shall notify the parcel's owner, the county auditor, and the county treasurer immediately after the loan is fully repaid of the tax year in which the exemption and payments are to end.

Sec. 5709.92. (A) As used in this section:

(1) "School district" means a city, local, or exempted village school district.

(C)(1) Except as provided in division (D) of this section, the tax commissioner shall compute payments for operating fixed-rate levy losses of local taxing units and public libraries for fiscal year 2016 and each year thereafter as prescribed in divisions (C)(1)(a) and (b) of this section:

(a) For public libraries and local taxing units other than municipal corporations:

(i) If the ratio of current expense allocation to total resources is equal to or less than the threshold per cent, zero;

(ii) If the ratio of current expense allocation to total resources is greater than the threshold per cent, the current expense allocation minus the product of total resources multiplied by the threshold per cent.

(b) For municipal corporations:

(i) If the ratio of the municipal current expense allocation to total resources is equal to or less than the threshold per cent, zero;

(ii) If the ratio of the municipal current expense allocation to total resources is greater than the threshold per cent, the municipal current expense allocation minus the product of total resources multiplied by the threshold per cent.

(2) For any local taxing unit or public library with operating fixed-rate levy losses greater than zero, the operating fixed-rate levy loss shall be allocated among all qualifying operating fixed-rate levies in proportion to each such levy's share of the payments received in tax year 2014. In fiscal year 2016 and thereafter, if a levy to which operating fixed-rate levy loss is allocated is no longer charged and payable, the payment to the local taxing unit or public library shall be reduced by the amount allocated to the levy that is no longer charged and payable.

(D)(1) Except as provided in division (D)(2) of this section, the tax commissioner shall make payments to local taxing units equal to the sum of TPP inside millage debt levy loss and S.B. 3 inside millage debt levy loss. No payment shall be made if the levy for which the levy loss is computed is not charged and payable for debt purposes in fiscal year 2016 or any year thereafter.

(2) No payment shall be made for TPP inside millage debt levy loss in calendar year 2018 or thereafter. No payment shall be made for S.B.3 inside millage debt levy loss in calendar year 2017 or thereafter.

(E) For a qualifying municipal corporation, the tax commissioner shall compute payments for fiscal year 2016 and each ensuing fiscal year in an amount equal to the amount of tax imposed under section 5727.81 of the Revised Code and paid on the basis of qualifying kilowatt hours of electricity distributed through the meter of a qualifying end user located in the municipal corporation for measurement periods ending in the preceding calendar year. The payment shall be computed regardless of whether the qualifying municipal corporation qualifies for a payment under any other division of this section for the fiscal year in which the payment is computed under this division. For the purposes of this division, the commissioner may require an electric distribution company distributing qualifying kilowatt hours or, if the end user is a self-assessing purchaser, the end user, to report to the commissioner the number of qualifying kilowatt hours distributed through the meter of the qualifying end user.

(F)(1) The payments required to be made under divisions (C), (D), and (H) of this section shall be paid from the ~~local government tangible property tax replacement~~ general revenue fund to the county undivided income tax fund in the proper county treasury. Beginning in August 2015, one-half of the amount determined under each of those divisions shall be paid on or before the last day of August each year, and one-half shall be paid on or before the last day of February each year. Within thirty days after receipt of such payments, the county treasurer shall distribute amounts determined under this section to the proper local taxing unit or public library as if they had been levied and collected as taxes, and the local taxing unit or public library shall allocate the amounts so received among its funds in the same proportions as if those amounts had been levied and collected as taxes.

(2) On or before the last day of August and of February of each fiscal year that follows a calendar year in which taxes are paid on the basis of qualifying kilowatt hours of electricity distributed through the meter of a qualifying end user located in a qualifying municipal corporation, one-half of the payment computed under division (E) of this section shall be paid from the ~~local government tangible personal property tax replacement~~ general revenue fund directly to the qualifying municipal corporation. The municipal corporation shall credit the payments to a special fund created for the purpose of providing grants or other financial assistance to the qualifying end user or to compensate the municipal corporation for municipal income tax or other tax credits or reductions as the legislative authority may grant to the qualifying end user. Such grants or other financial assistance may be provided for by ordinance or resolution of the legislative authority of the qualifying municipal corporation and may continue for as long as is provided by the ordinance or resolution.

(G) If all or a part of the territories of two or more local taxing units are merged, or unincorporated territory of a township is annexed by a municipal corporation, the tax commissioner shall adjust the payments made under this section to each of the local taxing units in proportion to the square mileage of the merged or annexed territory as a percentage of the total square mileage of the jurisdiction from which the territory originated, or as otherwise provided by a written agreement between the legislative authorities of the local taxing units certified to the commissioner not later than the first day of June of the calendar year in which the payment is to be made.

(H) For fiscal years 2022 through 2026, if the total amount to be received under division (C) of this section by a joint fire district that has a nuclear power plant located within its territory is less than the amount the district received under this section in fiscal year 2017, the district shall receive a supplemental payment equal to the difference between the amount to be received under that division for the fiscal year and the amount received under this section in fiscal year 2017.

Sec. 5715.19. (A) As used in this section:

"Member" has the same meaning as in section 1706.01 of the Revised Code.

"Internet identifier of record" has the same meaning as in section 9.312 of the Revised Code.

"Interim period" means, for each county, the tax year to which section 5715.24 of the Revised Code applies and each subsequent tax year until the tax year in which that section applies again.

"Legislative authority" means a board of county commissioners, a board of township trustees of any township with territory in the county, the board of education of any school district with territory in the county, or the legislative authority of a municipal corporation with territory in the county.

"Original complaint" means a complaint filed under division (A) of this section.

"Counter-complaint" means a complaint filed under division (B) of this section in response to an original complaint.

"Third party complainant" means a complainant other than the property owner, the owner's

spouse, a tenant authorized to file an original complaint, or any person acting on behalf of a property owner. "Third party complainant" does not include a legislative authority or a mayor of a municipal corporation, but does include the prosecuting attorney or treasurer of a county or any person acting on behalf of a legislative authority or mayor.

For purposes of this section, a person is considered to be acting on behalf of a legislative authority or mayor if the person is an official or employee of the political subdivision or has been hired, contracted, or directed by such an official or employee to file a complaint or counter-complaint under this section on behalf of the political subdivision.

(1) Subject to division (A)(2) of this section, a complaint against any of the following determinations for the current tax year shall be filed with the county auditor on or before the thirty-first day of March of the ensuing tax year or the date of closing of the collection for the first half of real and public utility property taxes for the current tax year, whichever is later:

(c) Any recoupment charge levied under section 5713.35 of the Revised Code;

(f) Any determination made under division (A) of section 319.302 of the Revised Code.

If such a complaint is filed by mail or certified mail, the date of the United States postmark placed on the envelope or sender's receipt by the postal service shall be treated as the date of filing. A private meter postmark on an envelope is not a valid postmark for purposes of establishing whether a complaint has been timely filed.

Subject to division (A)(6) of this section, any person owning taxable real property in the county or in a taxing district with territory in the county; such a person's spouse; a tenant of the property owner, if the property is classified as to use for tax purposes as commercial or industrial, the lease requires the tenant to pay the entire amount of taxes charged against the property, and the lease allows, or the property owner otherwise authorizes, the tenant to file such a complaint with respect to the property; an individual who is retained by such a person or tenant and who holds a designation from a professional assessment organization, such as the institute for professionals in taxation, the national council of property taxation, or the international association of assessing officers; a public accountant who holds a permit under section 4701.10 of the Revised Code, a general or residential real estate appraiser licensed or certified under Chapter 4763. of the Revised Code, or a real estate broker licensed under Chapter 4735. of the Revised Code, who is retained by such a person or tenant; if the person or tenant is a firm, company, association, partnership, limited

liability company, or corporation, an officer, a salaried employee, a partner, or a member of that person or tenant; if the person or tenant is a trust, a trustee of the trust; the prosecuting attorney or treasurer of the county; or the legislative authority of a subdivision or the mayor of a municipal corporation may file such a complaint regarding any such determination affecting any real property in the county, except that a person owning taxable real property in another county may file such a complaint only with regard to any such determination affecting real property in the county that is located in the same taxing district as that person's real property is located. The county auditor shall present to the county board of revision all complaints filed with the auditor.

(2) No person, legislative authority, or officer shall file a complaint against the valuation or assessment of any parcel that appears on the tax list if it filed a complaint against the valuation or assessment of that parcel for any prior tax year in the same interim period, unless the person, legislative authority, or officer alleges that the valuation or assessment should be changed due to one or more of the following circumstances that occurred after the tax lien date for the tax year for which the prior complaint was filed and that the circumstances were not taken into consideration with respect to the prior complaint:

(a) The property was sold in an arm's length transaction, as described in section 5713.03 of the Revised Code;

(b) The property lost value due to some casualty;

(c) Substantial improvement was added to the property;

(d) An increase or decrease of at least fifteen per cent in the property's occupancy has had a substantial economic impact on the property.

(3) If a county board of revision, the board of tax appeals, or any court dismisses a complaint filed under this section or section 5715.13 of the Revised Code for the reason that the act of filing the complaint was the unauthorized practice of law or the person filing the complaint was engaged in the unauthorized practice of law, the party affected by a decrease in valuation or the party's agent, or the person owning taxable real property in the county or in a taxing district with territory in the county, may refile the complaint, notwithstanding division (A)(2) of this section.

(4)(a) No complaint filed under this section or section 5715.13 of the Revised Code shall be dismissed for the reason that the complaint fails to accurately identify the owner of the property that is the subject of the complaint.

(b) If a complaint fails to accurately identify the owner of the property that is the subject of the complaint, the board of revision shall exercise due diligence to ensure the correct property owner is notified as required by divisions (B) and (C) of this section.

(5) Notwithstanding division (A)(2) of this section, a person, legislative authority, or officer may file a complaint against the valuation or assessment of any parcel that appears on the tax list if it filed a complaint against the valuation or assessment of that parcel for any prior tax year in the same interim period if the person, legislative authority, or officer withdrew the complaint before the complaint was heard by the board.

(6) The legislative authority of a subdivision, the mayor of a municipal corporation, or a third party complainant shall not file an original complaint with respect to property the subdivision or complainant does not own or lease unless both of the following conditions are met:

(a) If the complaint is based on a determination described in division (A)(1)(d) or (e) of this section, ~~the property was (i) sold~~ all of the following requirements are met:

(i) The complaint seeks an increase in the valuation of the property based upon the sale of the property in an arm's length transaction, as described in section 5713.03 of the Revised Code, before, but not after,

(ii) Either of the following conditions apply to that sale during the two years preceding the tax lien date for the tax year for which the complaint is to be filed, and (ii) the:

(I) The sale is evidenced by a conveyance fee statement, attached to the complaint, that declares the value of the property conveyed pursuant to section 319.202 of the Revised Code and that was filed during those two years.

(II) The sale is otherwise recorded in the office of the county recorder or similar government office during those two years.

(iii) That sale price exceeds the true value of the property appearing on the tax list for that tax year by both ten per cent and the amount of the filing threshold determined under division (J) of this section;

(b) If the complaint is filed by a legislative authority ~~or~~ mayor, or third party complainant acting on behalf of a legislative authority or mayor, the legislative authority or, in the case of a mayor, the legislative authority of the municipal corporation, first adopts a resolution authorizing the filing of the original complaint at a public meeting of the legislative authority.

(7) A resolution adopted under division (A)(6)(b) of this section shall include all of the following information:

(a) Identification of the parcel or parcels that are the subject of the original complaint by street address, if available from online records of the county auditor, and by permanent parcel number;

(b) The name of at least one of the record owners of the parcel or parcels;

(c) The basis for the complaint under divisions (A)(1)(a) to (f) of this section relative to each parcel identified in the resolution;

(d) The tax year for which the complaint will be filed, which shall be a year for which a complaint may be timely filed under this section at the time of the resolution's adoption.

A legislative authority shall not adopt a resolution required under division (A)(6)(b) of this section that identifies more than one parcel under division (A)(7)(a) of this section, except that a single resolution may identify more than one parcel under that division if each parcel has the same record owner or the same record owners, as applicable. A legislative authority may adopt multiple resolutions required under division (A)(6)(b) of this section by a single vote, provided that the vote is separate from the question of whether to adopt any resolution that is not adopted under division

(A)(6)(b) of this section.

Before adopting a resolution required by division (A)(6)(b) of this section, the legislative authority shall mail a written notice to at least one of the record owners of the parcel or parcels identified in the resolution stating the intent of the legislative authority in adopting the resolution, the proposed date of adoption, and the basis for the complaint under divisions (A)(1)(a) to (f) of this section relative to each parcel identified in the resolution. The notice shall be sent by certified mail to the last known tax-mailing address of at least one of the record owners and, if different from that tax-mailing address, to the street address of the parcel or parcels identified in the resolution. Alternatively, if the legislative authority has record of an internet identifier of record associated with at least one of the record owners, the legislative authority may send the notice by ordinary mail and by that internet identifier of record. The notice shall be postmarked or, if sent by internet identifier of record, sent at least seven calendar days before the legislative authority adopts the resolution.

A board of revision has jurisdiction to consider a complaint filed pursuant to a resolution adopted under division (A)(6)(b) of this section only if the legislative authority notifies the board of revision of the resolution in the manner prescribed in division ~~(A)(8)(A)(8)(a)~~ of this section. The failure to accurately identify the street address or the name of the record owners of the parcel in the resolution does not invalidate the resolution nor is it a cause for dismissal of the complaint.

~~(8)(8)(a)~~ A complaint form prescribed by a board of revision or the tax commissioner for the purpose of this section shall include a box that must be checked, when a legislative authority, mayor, or third party complainant acting on behalf of either files an original complaint, to indicate that a resolution authorizing the complaint was adopted in accordance with divisions (A)(6)(b) and (7) of this section and that notice was mailed or sent in accordance with division (A)(7) of this section before adoption of the resolution to at least one of the record owners of the property that is the subject of the complaint.

(b) Any third party complainant shall submit, with the complaint, a sworn affidavit stating whether the third party complainant is or is not acting on behalf of a legislative authority or mayor.

~~(B)(B)(1)~~ Within thirty days after the last date such complaints may be filed, the auditor shall give notice of each complaint in which the stated amount of overvaluation, undervaluation, discriminatory valuation, illegal valuation, or incorrect determination is at least seventeen thousand five hundred dollars in taxable value to each property owner whose property is the subject of the complaint, if the complaint was not filed by the owner or the owner's spouse. A board of education, subject to this division; a property owner; the owner's spouse; a tenant of the owner, if that tenant would be eligible to file a complaint under division (A) of this section with respect to the property; an individual who is retained by such an owner or tenant and who holds a designation from a professional assessment organization, such as the institute for professionals in taxation, the national council of property taxation, or the international association of assessing officers; a public accountant who holds a permit under section 4701.10 of the Revised Code, a general or residential real estate appraiser licensed or certified under Chapter 4763. of the Revised Code, or a real estate

broker licensed under Chapter 4735. of the Revised Code, who is retained by such an owner or tenant; or, if the owner or tenant is a firm, company, association, partnership, limited liability company, corporation, or trust, an officer, a salaried employee, a partner, a member, or trustee of that owner or tenant, may file a counter-complaint in support of or objecting to the amount of alleged overvaluation, undervaluation, discriminatory valuation, illegal valuation, or incorrect determination stated in a previously filed original complaint or objecting to the current valuation.

(2) A board of education may file a counter-complaint only if the original complaint (a) was filed by the owner of the property that is the subject of the complaint, a tenant of that property owner, or any person acting on behalf of such owner or tenant, and (b) states an amount of overvaluation, undervaluation, discriminatory valuation, illegal valuation, or incorrect determination of at least seventeen thousand five hundred dollars in taxable value.

The board shall file the counter-complaint within thirty days after the original complaint is filed or after the last day such complaints may be filed, whichever is later, and any other person shall file the counter-complaint within thirty days after receiving the notice required under this division.

(3) Upon the filing of a counter-complaint, the board of education, property owner, or tenant shall be made a party to the action.

(C) Each board of revision shall notify any complainant and counter-complainant, and also the property owner, if the property owner's address is known, and the complaint is filed by one other than the property owner, not less than ten days prior to the hearing, either by certified mail or, if the board has record of an internet identifier of record associated with the owner, by ordinary mail and by that internet identifier of record of the time and place the same will be heard. The board of revision shall hear and render its decision on an original complaint within one hundred eighty days after the last day such a complaint may be filed with the board under division (A)(1) of this section or, if a counter-complaint is filed, within one hundred eighty days after such filing. If the original complaint is filed by the legislative authority of a subdivision, the mayor of a municipal corporation with territory in the county, or a third party complainant, and if the board of revision has not rendered its decision on the complaint within one year after the date the complaint was filed, the board may dismiss the complaint.

(D) The determination of any such original complaint or counter-complaint shall relate back to the date when the lien for taxes or recoupment charges for the current year attached or the date as of which liability for such year was determined. Liability for taxes and recoupment charges for such year and each succeeding year until the complaint is finally determined and for any penalty and interest for nonpayment thereof within the time required by law shall be based upon the determination, valuation, or assessment as finally determined. Each complaint shall state the amount of overvaluation, undervaluation, discriminatory valuation, illegal valuation, or incorrect classification or determination upon which the complaint is based. The treasurer shall accept any amount tendered as taxes or recoupment charge upon property concerning which a complaint is then pending, computed upon the claimed valuation as set forth in the complaint. Unless dismissal is

required under division (C) of this section, if an original complaint or counter-complaint filed for the current year is not determined by the board within the time prescribed for such determination, the complaint and any proceedings in relation thereto shall be continued by the board as a valid complaint for any ensuing year until that original complaint or counter-complaint is finally determined by the board or upon any appeal from a decision of the board. In such case, the original complaint and counter-complaint shall continue in effect without further filing by the original taxpayer, the original taxpayer's assignee, or any other person or entity authorized to file a complaint under this section.

(E) If a taxpayer files a complaint as to the classification, valuation, assessment, or any determination affecting the taxpayer's own property and tenders less than the full amount of taxes or recoupment charges as finally determined, an interest charge shall accrue as follows:

(1) If the amount finally determined is less than the amount billed but more than the amount tendered, the taxpayer shall pay interest at the rate per annum prescribed by section 5703.47 of the Revised Code, computed from the date that the taxes were due on the difference between the amount finally determined and the amount tendered. This interest charge shall be in lieu of any penalty or interest charge under section 323.121 of the Revised Code unless the taxpayer failed to file a complaint and tender an amount as taxes or recoupment charges within the time required by this section, in which case section 323.121 of the Revised Code applies.

(2) If the amount of taxes finally determined is equal to or greater than the amount billed and more than the amount tendered, the taxpayer shall pay interest at the rate prescribed by section 5703.47 of the Revised Code from the date the taxes were due on the difference between the amount finally determined and the amount tendered, such interest to be in lieu of any interest charge but in addition to any penalty prescribed by section 323.121 of the Revised Code.

(F) Upon request of a complainant, the tax commissioner shall determine the common level of assessment of real property in the county for the year stated in the request that is not valued under section 5713.31 of the Revised Code, which common level of assessment shall be expressed as a percentage of true value and the common level of assessment of lands valued under such section, which common level of assessment shall also be expressed as a percentage of the current agricultural use value of such lands. Such determination shall be made on the basis of the most recent available sales ratio studies of the commissioner and such other factual data as the commissioner deems pertinent.

(G) A complainant shall provide to the board of revision all information or evidence within the complainant's knowledge or possession that affects the real property that is the subject of the complaint. A complainant who fails to provide such information or evidence is precluded from introducing it on appeal to the board of tax appeals or the court of common pleas, except that the board of tax appeals or court may admit and consider the evidence if the complainant shows good cause for the complainant's failure to provide the information or evidence to the board of revision.

(H) In case of the pendency of any proceeding in court based upon an alleged excessive,

discriminatory, or illegal valuation or incorrect classification or determination, the taxpayer may tender to the treasurer an amount as taxes upon property computed upon the claimed valuation as set forth in the complaint to the court. The treasurer may accept the tender. If the tender is not accepted, no penalty shall be assessed because of the nonpayment of the full taxes assessed.

(I) A legislative authority, or any person acting on behalf of a legislative authority, may not enter into a private payment agreement with respect to any complaint filed or contemplated under this section or section 5715.13 of the Revised Code, and any such agreement is void and unenforceable. As used in this division, "private payment agreement" means any type of agreement in which a property owner, a tenant authorized to file a complaint under division (A) of this section, or any person acting on behalf of a property owner or such a tenant agrees to make one or more payments to a subdivision in exchange for the legislative authority of that subdivision, or any person acting on behalf of that subdivision, doing any of the following:

(1) Refraining from filing a complaint or counter-complaint under this section;

(2) Dismissing a complaint or counter-complaint filed under this section by the legislative authority under this section or any person acting on behalf of the legislative authority;

(3) Resolving a claim under this section by settlement agreement.

A "private payment agreement" does not include any agreement to resolve a claim under this section pursuant to which an agreed-upon valuation for the property that is the subject of the claim is approved by the county auditor and reflected on the tax list, provided that agreement does not require any payments described in this division.

(J) For the purpose of division (A)(6)(a) of this section, the filing threshold for tax year 2022 equals five hundred thousand dollars. For tax year 2023 and each tax year thereafter, the tax commissioner shall adjust the filing threshold used in that division by completing the following calculations in September of each year:

(1) Determine the percentage increase in the gross domestic product deflator determined by the bureau of economic analysis of the United States department of commerce from the first day of January of the preceding year to the last day of December of the preceding year;

(2) Multiply that percentage increase by the filing threshold for the current year;

(3) Add the resulting product to the filing threshold for the current year;

(4) Round the resulting sum to the nearest multiple of one thousand dollars.

The commissioner shall certify the amount resulting from the adjustment to each county auditor not later than the first day of October each year. The certified amount applies to complaints filed for the tax year in which the amount is certified. The commissioner shall not make the adjustment for any tax year in which the amount resulting from the adjustment would be less than the filing threshold for the current tax year.

(K) Any person who knowingly makes a false statement in an affidavit furnished under division (A)(8)(b) of this section is guilty of falsification under division (A)(11) of section 2921.13 of the Revised Code.

Sec. 5717.01. An appeal from a decision of a county board of revision may be taken to the board of tax appeals within thirty days after notice of the decision of the county board of revision is mailed as provided in division (A) of section 5715.20 of the Revised Code. Such an appeal may be taken by the county auditor, the tax commissioner, or any board, legislative authority, public official, or taxpayer authorized by section 5715.19 of the Revised Code to file complaints against valuations or assessments with the auditor, except that a subdivision ~~that files an original complaint or counter-complaint under that section with respect to property the subdivision does not own or lease may not appeal the decision of the board of revision with respect to that original complaint or counter-complaint~~ the legislative authority or mayor of a subdivision may file such an appeal only if the subdivision owns or leases the property that is the subject of the board of revision's decision, and except that no such appeal may be taken by a third party complainant, as defined in that section. Such appeal shall be taken by the filing of a notice of appeal, in person or by certified mail, express mail, facsimile transmission, electronic transmission, or by authorized delivery service, with the board of tax appeals and with the county board of revision. If notice of appeal is filed by certified mail, express mail, or authorized delivery service as provided in section 5703.056 of the Revised Code, the date of the United States postmark placed on the sender's receipt by the postal service or the date of receipt recorded by the authorized delivery service shall be treated as the date of filing. If notice of appeal is filed by facsimile transmission or electronic transmission, the date and time the notice is received by the board shall be the date and time reflected on a timestamp provided by the board's electronic system, and the appeal shall be considered filed with the board on the date reflected on that timestamp. Any timestamp provided by another computer system or electronic submission device shall not affect the time and date the notice is received by the board. Upon receipt of such notice of appeal such county board of revision shall notify all persons thereof who were parties to the proceeding before such county board of revision by either certified mail or, if the board has record of an internet identifier of record associated with such a person, by ordinary mail and by that internet identifier of record, and shall file proof of such notice or, in the case of ordinary mail, an affidavit attesting that the board sent the notice with the board of tax appeals. The county board of revision shall thereupon certify to the board of tax appeals a transcript of the record of the proceedings of the county board of revision pertaining to the original complaint, and all evidence offered in connection therewith. Such appeal may be heard by the board of tax appeals at its offices in Columbus or in the county where the property is listed for taxation, or the board of tax appeals may cause its examiners to conduct such hearing and to report to it their findings for affirmation or rejection. An appeal may proceed pursuant to section 5703.021 of the Revised Code on the small claims docket if the appeal qualifies under that section.

The board of tax appeals may order the appeal to be heard on the record and the evidence certified to it by the county board of revision, or it may order the hearing of additional evidence, and it may make such investigation concerning the appeal as it deems proper.

As used in this section, "internet identifier of record" has the same meaning as in section

9.312 of the Revised Code.

(D) "Domestic insurance company" includes every insurance company organized and existing under the laws of this state, and every unincorporated association and society formed under the laws of this state for the purpose of engaging in said business, except a company, association, or society that is an insurance holding company affiliate controlled by a nonresident affiliate and has risks in this state formerly written by its foreign affiliates in a total amount exceeding the risks outstanding on the taxpayer's latest annual report that arise from business initially written by it in this state; and excludes every foreign insurance company. As used in this division, terms defined in section 3901.32 of the Revised Code have the same meanings given to them in that section.

(E) "Foreign insurance company" includes every insurance company organized or existing under the laws of any other state, territory, country, or the United States and every insurance holding company affiliate excepted under division (D) of this section.

(F) "Credit union" means a nonprofit cooperative financial institution organized or chartered under the laws of this state, of another state, or of the United States.

Sec. 5725.23. Taxes, interest, and penalties may be recovered from a delinquent domestic insurance company or person in an action brought in the name of the state in the court of common pleas of Franklin county or any county in which such company or person has an office or place of business, and such court shall have jurisdiction of such action regardless of the amount involved. The attorney general, on request of the superintendent of insurance or tax commissioner, shall institute such action in the court of common pleas of Franklin county or any other county the superintendent or commissioner directs. In any such action, it shall be sufficient to allege that the tax, interest, and penalty sought to be recovered stand charged on the tax list of domestic insurance company franchise taxes ~~or intangible property taxes~~ in the office of the treasurer of state and have been unpaid for a period of forty-five days after having been placed thereon. Sums recovered in any such action shall be paid into the state treasury and distributed as provided in section 5725.24 of the Revised Code.

Sec. 5725.35. There is allowed a credit against the tax imposed by section 5725.18 of the Revised Code for an insurance company subject to that tax that holds the rights to a tax credit certificate issued under section 122.09 of the Revised Code. The credit shall equal the dollar amount indicated on the certificate. The credit shall be claimed in the calendar year specified in the certificate or the ensuing calendar year and in the order required under section 5725.98 of the Revised Code. If the credit exceeds the amount of tax otherwise due in that year, the company may carry forward the excess for not more than five ensuing years, but the amount of the excess credit claimed against the tax for any year shall be deducted from the balance carried forward to the next year.

No credit shall be claimed under this section to the extent the certificate was used to claim a credit under section 5726.62, 5729.18, or 5747.87 of the Revised Code.

Sec. 5725.38. Terms used in this section have the same meanings as in section 122.84 of the

Revised Code.

There is allowed a nonrefundable credit against the tax imposed by section 5725.18 of the Revised Code for a domestic insurance company that is issued, or to which is transferred, a tax credit certificate under section 122.84 of the Revised Code. The credit equals the amount stated on the certificate and may be claimed for the calendar year that includes the investment period that was the subject of the application for the certificate under that section or for the ensuing calendar year. For a credit issued during the July application round each year, the credit may also be claimed for the preceding calendar year. A taxpayer applying a credit for the preceding calendar year shall file an amended return or apply that amendment on the taxpayer's original return, for that year.

The credit authorized in this section shall be claimed in the order required under section 5725.98 of the Revised Code. If the amount of a credit exceeds the tax otherwise due under section 5725.18 of the Revised Code after deducting all other credits preceding the credit in that order, the excess may be carried forward for not more than five ensuing calendar years. The amount of the excess credit claimed in any such year shall be deducted from the balance carried forward to the next calendar year.

No credit shall be claimed under this section to the extent the credit was claimed under section 5726.61, 5729.21, or 5747.86 of the Revised Code.

Sec. 5726.03. (A)(1) Annually, on or before the fifteenth day of October, the reporting person for each taxpayer shall make a report in writing to the tax commissioner, in such form as the commissioner prescribes, and shall remit to the commissioner the amount of tax shown to be due on the report. The remittance shall be made payable to the treasurer of state. ~~The commissioner shall make available, on the official internet web site of the department of taxation, copies of the forms prescribed by the commissioner for the purpose of making the annual report.~~

(2) An annual report shall be signed by the president, vice-president, secretary, treasurer, general manager, superintendent, or managing agent in this state of the reporting person.

(3) An annual report shall contain the facts, figures, computations, and attachments that result in the determination of the amount of tax due from a taxpayer under this chapter.

(B)(1) In the case of a financial institution described in division (H)(1) of section 5726.01 of the Revised Code, the annual report filed for a taxable year shall list, and include information related to, each person includable in an FR Y-9 filed by the reporting person for that taxable year.

(2) In the case of a financial institution described in division (H)(2) or (3) of section 5726.01 of the Revised Code, the annual report for a taxable year shall list, and include information related to, each person includable in a call report filed by the reporting person for that taxable year.

(C)(1) The reporting person for a taxpayer shall remit each tax payment and, if required by the commissioner, file each annual or estimated tax report electronically. The commissioner may require reporting persons to use the Ohio business gateway as defined in section 718.01 of the Revised Code to file reports and remit the tax, or may provide another means for reporting persons to file and remit the tax electronically.

(2) The payment of taxes as provided in division (C) of this section shall not affect a taxpayer's obligation to file an annual report required under division (A) of this section.

(3) The reporting person for a taxpayer that is required to remit tax payments electronically under this section may apply to the tax commissioner, in the manner prescribed by the commissioner, to be excused from that requirement. The commissioner may excuse the taxpayer from the requirements of division (C) of this section for good cause.

(4) If the reporting person for a taxpayer that is required to remit tax payments or file reports electronically under this section fails to do so, the commissioner may impose a penalty not to exceed the following:

(a) For either of the first two reports the person so fails, five per cent of the amount of the payment that was required to be remitted;

(b) For the third and any subsequent reports the person so fails, ten per cent of the amount of the payment that was required to be remitted.

The penalty imposed under this section is in addition to any other penalty or charge imposed under this chapter and shall be considered as revenue arising from the tax levied under this chapter. A penalty may be collected by assessment in the manner prescribed by section 5726.20 of the Revised Code. The tax commissioner may abate all or a portion of such a penalty and may adopt rules governing such abatements.

Sec. 5726.20. (A) The tax commissioner may make an assessment, based on any information in the commissioner's possession, against any person that fails to file a return or report or pay any tax as required by this chapter. The reporting person for a taxpayer shall file the annual report required under section 5726.03 of the Revised Code and remit the tax imposed by this chapter. Each person included in the annual report of the taxpayer is jointly and severally liable for the tax imposed by this chapter and any penalties and interest thereon. If the reporting person fails, for any reason, to file and remit any tax, the amount due may be collected by assessment against the reporting person and against any or all other persons required to be included in the annual report of the taxpayer as provided in section 5703.90 of the Revised Code. The commissioner shall make the assessment in the manner provided in this section. The commissioner shall give the person assessed written notice of the assessment as provided in section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on the manner in which to petition for reassessment and request a hearing with respect to the petition.

(B) No assessment shall be made or issued against a person under this section more than four years after the later of the final date the report subject to assessment was required to be filed or the date such report was filed. Such time limit may be extended if both the person and the commissioner consent in writing to the extension or if an agreement waiving or extending the time limit has been entered into pursuant to section 122.171 of the Revised Code. Any such extension shall extend the four-year time limit prescribed in division (A) of section 5726.30 of the Revised Code for the same period of time. There shall be no bar or limit to an assessment against a person that fails to file a

report subject to assessment as required by this chapter, or that files a fraudulent report.

(C) Unless the person assessed, within sixty days after service of the notice of assessment, files with the tax commissioner, ~~either in person or by certified mail~~, a written petition for reassessment signed by the person or the person's authorized agent having knowledge of the facts, the assessment shall become final, and the amount of the assessment is due and payable from the person assessed to the treasurer of state. A petition shall indicate the objections of the person assessed, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination. If a petition for reassessment has been properly filed, the commissioner shall proceed under section 5703.60 of the Revised Code.

(D)(1) After an assessment becomes final, if any portion of the assessment, including any accrued interest, remains unpaid, a certified copy of the tax commissioner's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the person resides or has its principal place of business in this state, or in the office of the clerk of court of common pleas of Franklin county.

(2) Immediately upon the filing of the entry, the clerk shall enter judgment for the state against the person assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled, "special judgments for the financial institution tax" and shall have the same effect as other judgments. Execution shall issue upon the judgment at the request of the tax commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment.

(3) If the assessment is not paid in its entirety within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date the tax commissioner issues the assessment until the date the assessment is paid or until it is certified to the attorney general for collection under section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by the issuance of an assessment under this section.

(E) If the tax commissioner believes that collection of the tax imposed by this chapter will be jeopardized unless proceedings to collect or secure collection of the tax are instituted without delay, the commissioner may issue a jeopardy assessment against the person liable for the tax. Immediately upon the issuance of the jeopardy assessment, the commissioner shall file an entry with the clerk of the court of common pleas in the manner prescribed by division (D) of this section. Notice of the jeopardy assessment shall be served on the person assessed or the person's authorized agent in the manner provided in section 5703.37 of the Revised Code within five days of the filing of the entry with the clerk. The total amount assessed shall be immediately due and payable, unless the person assessed files a petition for reassessment in accordance with division (C) of this section and provides

security in a form satisfactory to the commissioner and in an amount sufficient to satisfy the unpaid balance of the assessment. Full or partial payment of the assessment shall not prejudice the commissioner's consideration of the petition for reassessment.

(F) The tax commissioner shall immediately forward to the treasurer of state all amounts the commissioner receives under this section. Such amounts shall be considered as revenue arising from the tax imposed by this chapter.

(G) If the tax commissioner possesses information indicating that the amount of tax a taxpayer is required to pay under this chapter exceeds the amount the reporting person for the taxpayer paid, the tax commissioner may audit a sample of the taxpayer's gross receipts over a representative period of time to ascertain the amount of tax due, and may issue an assessment based on the audit. The tax commissioner shall make a good faith effort to reach agreement with the taxpayer in selecting a representative sample. The tax commissioner may apply a sampling method only if the commissioner has prescribed the method by rule.

(H) If the whereabouts of a person subject to this chapter is not known to the tax commissioner, the secretary of state is hereby deemed to be that person's agent for purposes of service of process or notice of any assessment, action, or proceedings instituted in this state against the person under this chapter. Such process or notice shall be served on such person by the commissioner or by an agent of the commissioner by leaving a true and attested copy of the process or notice at the office of the secretary of state at least fifteen days before the return day of such process or notice, and by sending a copy of the process or notice to such person by ordinary mail, with an endorsement thereon of the service upon the secretary of state, addressed to such person at the person's last known address.

Sec. 5726.61. Terms used in this section have the same meanings as in section 122.84 of the Revised Code.

A taxpayer may claim a nonrefundable credit against the tax imposed under section 5726.02 of the Revised Code for each person included in the annual report of the taxpayer to whom a certificate is issued under section 122.84 of the Revised Code or is transferred pursuant to that section. The credit equals the amount stated on the certificate and may be claimed for the taxable year that aligns with the calendar year that includes the investment period that was the subject of the application for the certificate under that section or for the ensuing calendar year. For a credit issued during the July application round each year, the credit may also be claimed for the preceding taxable year. A taxpayer applying a credit for the preceding taxable year shall file an amended report or apply that amendment on the taxpayer's original report, for that year.

The credit authorized in this section shall be claimed in the order required under section 5726.98 of the Revised Code. If the amount of a credit exceeds the tax otherwise due under section 5726.02 of the Revised Code after deducting all other credits preceding the credit in that order, the excess may be carried forward for not more than five ensuing taxable years. The amount of the excess credit claimed in any such year shall be deducted from the balance carried forward to the next

taxable year.

No credit shall be claimed under this section to the extent the credit was claimed under section 5725.38, 5729.21, or 5747.86 of the Revised Code.

Sec. 5726.62. A taxpayer may claim a nonrefundable credit against the tax imposed under this chapter for each person included in the annual report of the taxpayer that holds the rights to a tax credit certificate that is issued on or after the effective date of this section under section 122.09 of the Revised Code. The credit shall equal the dollar amount indicated on the certificate and may be claimed for the taxable year that aligns with the calendar year specified in the certificate or with the ensuing calendar year and in the order required under section 5726.98 of the Revised Code. If the credit amount exceeds the tax otherwise due under section 5726.02 of the Revised Code after deducting all other credits preceding the credit in the order prescribed in section 5726.98 of the Revised Code, the excess may be carried forward for not more than five ensuing taxable years, but the amount of the excess credit claimed against the tax for any year shall be deducted from the balance carried forward to the next year.

No credit shall be claimed under this section to the extent the certificate was used to claim a credit under section 5725.35, 5729.18, or 5747.87 of the Revised Code.

Sec. 5726.98. (A) To provide a uniform procedure for calculating the amount of tax due under section 5726.02 of the Revised Code, a taxpayer shall claim any credits to which the taxpayer is entitled under this chapter in the following order:

The nonrefundable job retention credit under division (B) of section 5726.50 of the Revised Code;

The nonrefundable credit for purchases of qualified low-income community investments under section 5726.54 of the Revised Code;

The refundable credit under section 5726.53 of the Revised Code for losses on loans made under the Ohio venture capital program under sections 150.01 to 150.10 of the Revised Code;

The refundable motion picture and Broadway theatrical production credit under section 5726.55 of the Revised Code;

~~The refundable credit for film and theater capital improvement projects under section 5726.59 of the Revised Code.~~

(B) For any credit except the refundable credits enumerated in this section, the amount of the credit for a taxable year shall not exceed the tax due after allowing for any other credit that precedes it in the order required under this section. Any excess amount of a particular credit may be carried forward if authorized under the section creating that credit. Nothing in this chapter shall be construed to allow a taxpayer to claim, directly or indirectly, a credit more than once for a taxable year.

Sec. 5727.111. As used in this section, "convert" means to switch fuel input from one energy source to another and "repower" means to replace enough of the original taxable production equipment to make an original production facility equivalent to a new facility, such that at least eighty per cent of the true value of the taxable production equipment is derived from new taxable production equipment installed as part of the replacement project. The taxable property of each public utility, except a railroad company, and of each interexchange telecommunications company shall be assessed at the following percentages of true value:

(A) In the case of a rural electric company, one of the following:

Sec. 5727.26. (A) The tax commissioner may make an assessment, based on any information in the commissioner's possession, against any natural gas company or combined company that fails to file a return or pay any tax, interest, or additional charge as required by sections 5727.24 to 5727.29 of the Revised Code. The commissioner shall give the company assessed written notice of the assessment as provided in section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on how to petition for reassessment and request a hearing on

the petition. A penalty of up to fifteen per cent may be added to all amounts assessed under this section. The tax commissioner may adopt rules providing for the imposition and remission of the penalty.

(B) Unless the company assessed, within sixty days after service of the notice of assessment, files with the tax commissioner, ~~either personally or by certified mail~~, a written petition signed by the company's authorized agent having knowledge of the facts, the assessment becomes final, and the amount of the assessment is due and payable from the company assessed to the commissioner. The petition shall indicate the objections of the company assessed, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination.

If a petition for reassessment has been properly filed, the commissioner shall proceed under section 5703.60 of the Revised Code.

(C) After an assessment becomes final, if any portion of the assessment, including accrued interest, remains unpaid, a certified copy of the tax commissioner's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the natural gas company's or combined company's principal place of business is located, or in the office of the clerk of court of common pleas of Franklin county.

Immediately on the filing of the entry, the clerk shall enter judgment for the state against the company assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled, "special judgments for the public utility excise tax on natural gas and combined companies," and shall have the same effect as other judgments. Execution shall issue upon the judgment at the request of the tax commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment.

If the assessment is not paid in its entirety within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the day the tax commissioner issues the assessment until it is paid or until it is certified to the attorney general for collection under section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by the issuance of an assessment under this section.

(D) If the tax commissioner believes that collection of the tax will be jeopardized unless proceedings to collect or secure collection of the tax are instituted without delay, the commissioner may issue a jeopardy assessment against the company liable for the tax. Immediately upon the issuance of the jeopardy assessment, the commissioner shall file an entry with the clerk of the court of common pleas in the manner prescribed by division (C) of this section. Notice of the jeopardy assessment shall be served on the company assessed or the company's authorized agent in the manner provided in section 5703.37 of the Revised Code within five days of the filing of the entry

with the clerk. The total amount assessed is immediately due and payable, unless the company assessed files a petition for reassessment in accordance with division (B) of this section and provides security in a form satisfactory to the commissioner and in an amount sufficient to satisfy the unpaid balance of the assessment. Full or partial payment of the assessment does not prejudice the commissioner's consideration of the petition for reassessment.

(E) The tax commissioner shall immediately forward to the treasurer of state all amounts that the tax commissioner receives under this section, and such amounts shall be considered revenue arising from the tax imposed by section 5727.24 of the Revised Code.

(F) No assessment shall be made or issued against a natural gas company or combined company for the tax imposed by section 5727.24 of the Revised Code more than four years after the return date for the period in which the tax was reported, or more than four years after the return for the period was filed, whichever is later.

Sec. 5727.38. On or before the first Monday of November, annually, the tax commissioner may assess an excise tax against a public utility subject to the excise tax under section 5727.30 of the Revised Code. The tax shall be computed by multiplying the taxable gross receipts as determined by the commissioner under section 5727.33 of the Revised Code by six and three-fourths per cent in the case of pipe-line companies, and four and three-fourths per cent in the case of all other companies. The minimum tax for any such company for owning property or doing business in this state shall be fifty dollars. The assessment shall be ~~mailed to the taxpayer~~served on the public utility in the manner prescribed by section 5703.37 of the Revised Code.

Sec. 5727.42. (A) The tax commissioner shall collect the excise tax imposed by section 5727.30 of the Revised Code and the taxpayer shall pay all taxes and any penalties thereon. Payments of the tax may be made by mail, in person, electronically if required to do so by section 5727.311 of the Revised Code, or by any other means authorized by the commissioner. The commissioner may adopt rules concerning the methods and timeliness of payment.

(B) Each tax assessment issued pursuant to this section shall separately reflect the taxes and any penalty due, and any other information considered necessary. ~~The commissioner shall mail the assessment to the taxpayer, and the mailing of it shall be prima facie evidence of receipt thereof by the taxpayer.~~The assessment shall be served on the taxpayer in the manner prescribed by section 5703.37 of the Revised Code.

(C) The commissioner shall refund taxes levied and payments made for the tax imposed by section 5727.30 of the Revised Code as provided in this section, ~~but no refund shall be made to a taxpayer having a delinquent claim certified pursuant to this section that remains unpaid. The commissioner may consult the attorney general regarding such claims.~~

(D) After receiving any excise tax annual statement for the tax imposed by section 5727.30 of the Revised Code, the commissioner shall:

(1) Ascertain the difference between the total taxes owed and the sum of all payments made for that year.

(2) If the difference is a deficiency, the commissioner shall issue an assessment.

(3) If the difference is an excess, the commissioner shall issue a refund of that amount to the taxpayer. If the amount of the refund is less than that claimed by the taxpayer, the taxpayer, within sixty days of the issuance of the refund, may provide to the commissioner additional information to support the claim or may request a hearing. Upon receiving such information or request within that time, the commissioner shall follow the same procedures set forth in divisions (C) and (D) of section 5703.70 of the Revised Code for the determination of refund applications.

If the taxpayer has a deficiency for one tax year and an excess for another tax year, or any combination thereof for more than two years, the commissioner may determine the net result and, depending on such result, proceed to issue an assessment or certify a refund.

(E) If a taxpayer fails to pay the amount of taxes required to be paid, or fails to make an estimated payment on or before the due date prescribed in division (B) of section 5727.31 of the Revised Code, the commissioner shall impose a penalty in the amount of fifteen per cent of the unpaid amount, and the commissioner shall issue an assessment for the unpaid amount and penalty. Unless a timely petition for reassessment is filed under section 5727.47 of the Revised Code, the attorney general shall proceed to collect the delinquent taxes and penalties thereon in the manner prescribed by law and notify the commissioner of all collections.

(F) If a taxpayer entitled to a refund under this section is indebted to the state for any tax or fee administered by the tax commissioner, or any charge, penalty, or interest arising from such a tax or fee, the amount refundable may be applied in satisfaction of that debt. If the amount refundable is less than the amount of the debt, it may be applied in partial satisfaction of the debt. If the amount refundable is greater than the amount of the debt, the amount remaining after satisfaction of the debt shall be refunded.

Sec. 5727.47. (A) Notice of each assessment certified or issued pursuant to section 5727.23 or 5727.38 of the Revised Code shall be ~~mailed to the public utility, and its mailing shall be prima-facie evidence of its receipt by the public utility to which it is addressed~~ served on the public utility or public utility property lessor in the manner prescribed by section 5703.37 of the Revised Code. With the notice, the tax commissioner shall provide instructions on how to petition for reassessment and request a hearing on the petition. If a public utility objects to such an assessment, it may file with the commissioner, ~~either personally or by certified mail,~~ within sixty days after the mailing of the notice of assessment a written petition for reassessment signed by the utility's authorized agent having knowledge of the facts. The date the commissioner receives the petition shall be considered the date of filing. The petition shall indicate the utility's objections, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination.

In the case of a petition seeking a reduction in taxable value filed with respect to an assessment certified under section 5727.23 of the Revised Code, the petitioner shall state in the petition the total amount of reduction in taxable value sought by the petitioner. If the petitioner objects to the percentage of true value at which taxable property is assessed by the commissioner,

the petitioner shall state in the petition the total amount of reduction in taxable value sought both with and without regard to the objection pertaining to the percentage of true value at which its taxable property is assessed. If a petitioner objects to the commissioner's apportionment of the taxable value of the petitioner's taxable property, the petitioner shall distinctly state in the petition that the petitioner objects to the commissioner's apportionment, and, within forty-five days after filing the petition for reassessment, shall submit the petitioner's proposed apportionment of the taxable value of its taxable property among taxing districts. If a petitioner that objects to the commissioner's apportionment fails to state its objections to that apportionment in its petition for reassessment or fails to submit its proposed apportionment within forty-five days after filing the petition for reassessment, the commissioner shall dismiss the petitioner's objection to the commissioner's apportionment, and the taxable value of the petitioner's taxable property, subject to any adjustment to taxable value pursuant to the petition or appeal, shall be apportioned in the manner used by the commissioner in the preliminary or amended preliminary assessment certified under section 5727.23 of the Revised Code.

If an additional objection seeking a reduction in taxable value in excess of the reduction stated in the original petition is properly and timely raised with respect to an assessment issued under section 5727.23 of the Revised Code, the petitioner shall state the total amount of the reduction in taxable value sought in the additional objection both with and without regard to any reduction in taxable value pertaining to the percentage of true value at which taxable property is assessed. If a petitioner fails to state the reduction in taxable value sought in the original petition or in additional objections properly raised after the petition is filed, the commissioner shall notify the petitioner of the failure in the manner provided in section 5703.37 of the Revised Code. If the petitioner fails to notify the commissioner in writing of the reduction in taxable value sought in the petition or in an additional objection within thirty days after receiving the commissioner's notice, the commissioner shall dismiss the petition or the additional objection in which that reduction is sought.

(B)(1) Subject to divisions (B)(2) and (3) of this section, a public utility filing a petition for reassessment regarding an assessment certified or issued under section 5727.23 or 5727.38 of the Revised Code shall pay the tax with respect to the assessment objected to as required by law. The acceptance of any tax payment by the tax commissioner or any county treasurer shall not prejudice any claim for taxes on final determination by the commissioner or final decision by the board of tax appeals or any court.

(2) If a public utility properly and timely files a petition for reassessment regarding an assessment certified under section 5727.23 of the Revised Code, the petitioner shall pay the tax as prescribed by divisions (B)(2)(a), (b), and (c) of this section:

(a) If the petitioner does not object to the commissioner's apportionment of the taxable value of the petitioner's taxable property, the petitioner is not required to pay the part of the tax otherwise due on the taxable value that the petitioner seeks to have reduced, subject to division (B)(2)(c) of this section.

(b) If the petitioner objects to the commissioner's apportionment of the taxable value of the petitioner's taxable property, the petitioner is not required to pay the tax otherwise due on the part of the taxable value apportioned to any taxing district that the petitioner objects to, subject to division (B)(2)(c) of this section. If, pursuant to division (A) of this section, the petitioner has, in a proper and timely manner, apportioned taxable value to a taxing district to which the commissioner did not apportion the petitioner's taxable value, the petitioner shall pay the tax due on the taxable value that the petitioner has apportioned to the taxing district, subject to division (B)(2)(c) of this section.

(c) If a petitioner objects to the percentage of true value at which taxable property is assessed by the commissioner, the petitioner shall pay the tax due on the basis of the percentage of true value at which the public utility's taxable property is assessed by the commissioner. In any case, the petitioner's payment of tax shall not be less than the amount of tax due based on the taxable value reflected on the last appeal notice issued by the commissioner under division (C) of this section. Until the county auditor receives notification under division (E) of this section and proceeds under section 5727.471 of the Revised Code to issue any refund that is found to be due, the county auditor shall not issue a refund for any increase in the reduction in taxable value that is sought by a petitioner later than forty-five days after the petitioner files the original petition as required under division (A) of this section.

(3) Any part of the tax that, under division (B)(2)(a) or (b) of this section, is not paid shall be collected upon receipt of the notification as provided in section 5727.471 of the Revised Code with interest thereon computed in the same manner as interest is computed under division (E) of section 5715.19 of the Revised Code, subject to any correction of the assessment by the commissioner under division (E) of this section or the final judgment of the board of tax appeals or a court to which the board's final judgment is appealed. The penalty imposed under section 323.121 of the Revised Code shall apply only to the unpaid portion of the tax if the petitioner's tax payment is less than the amount of tax due based on the taxable value reflected on the last appeal notice issued by the commissioner under division (C) of this section.

(C) Upon receipt of a properly filed petition for reassessment with respect to an assessment certified under section 5727.23 of the Revised Code, the tax commissioner shall notify the treasurer of state or the auditor of each county to which the assessment objected to has been certified. In the case of a petition with respect to an assessment certified under section 5727.23 of the Revised Code, the commissioner shall issue an appeal notice within thirty days after receiving the amount of the taxable value reduction and apportionment changes sought by the petitioner in the original petition or in any additional objections properly and timely raised by the petitioner. The appeal notice shall indicate the amount of the reduction in taxable value sought in the petition or in the additional objections and the extent to which the reduction in taxable value and any change in apportionment requested by the petitioner would affect the commissioner's apportionment of the taxable value among taxing districts in the county as shown in the assessment. If a petitioner is seeking a reduction in taxable value on the basis of a lower percentage of true value than the percentage at which the

commissioner assessed the petitioner's taxable property, the appeal notice shall indicate the reduction in taxable value sought by the petitioner without regard to the reduction sought on the basis of the lower percentage and shall indicate that the petitioner is required to pay tax on the reduced taxable value determined without regard to the reduction sought on the basis of a lower percentage of true value, as provided under division (B)(2)(c) of this section. The appeal notice shall include a statement that the reduced taxable value and the apportionment indicated in the notice are not final and are subject to adjustment by the commissioner or by the board of tax appeals or a court on appeal. If the commissioner finds an error in the appeal notice, the commissioner may amend the notice, but the notice is only for informational and tax payment purposes; the notice is not subject to appeal by any person. The commissioner also shall ~~mail~~ provide a copy of the appeal notice to the petitioner. Upon the request of a taxing authority, the county auditor may disclose to the taxing authority the extent to which a reduction in taxable value sought by a petitioner would affect the apportionment of taxable value to the taxing district or districts under the taxing authority's jurisdiction, but such a disclosure does not constitute a notice required by law to be given for the purpose of section 5717.02 of the Revised Code.

(D) If the petitioner requests a hearing on the petition, the tax commissioner shall assign a time and place for the hearing on the petition and notify the petitioner of such time and place, but the commissioner may continue the hearing from time to time as necessary.

(E) The tax commissioner may make corrections to the assessment as the commissioner finds proper. The commissioner shall serve a copy of the commissioner's final determination on the petitioner in the manner provided in section 5703.37 of the Revised Code. The commissioner's decision in the matter shall be final, subject to appeal under section 5717.02 of the Revised Code. With respect to a final determination issued for an assessment certified under section 5727.23 of the Revised Code, the commissioner also shall transmit a copy of the final determination to the applicable county auditor. In the absence of any further appeal, or when a decision of the board of tax appeals or of any court to which the decision has been appealed becomes final, the commissioner shall notify the public utility and, as appropriate, shall proceed under section 5727.42 of the Revised Code, or notify the applicable county auditor, who shall proceed under section 5727.471 of the Revised Code.

The notification made under this division is not subject to further appeal.

(F) On appeal, no adjustment shall be made in the tax commissioner's assessment certified under section 5727.23 of the Revised Code that reduces the taxable value of a petitioner's taxable property by an amount that exceeds the reduction sought by the petitioner in its petition for reassessment or in any additional objections properly and timely raised after the petition is filed with the commissioner.

Sec. 5727.48. The tax commissioner, ~~on application by a public utility,~~ may extend to ~~the a~~ public utility a further specified time, not to exceed thirty days, within which to file any report or statement required by this chapter to be filed with the commissioner, except reports required by

sections 5727.24 to 5727.29 of the Revised Code. A public utility ~~must file such an application, in writing, with the commissioner shall request this extension, in the form and manner prescribed by the commissioner,~~ on or before the date that the report or statement is otherwise required to be filed.

Sec. 5727.89. (A) The tax commissioner may make an assessment, based on any information in the commissioner's possession, against any natural gas distribution company, electric distribution company, self-assessing purchaser, or qualified end user that fails to file a return or pay any tax, interest, or additional charge as required by sections 5727.80 to 5727.95 of the Revised Code.

When information in the possession of the tax commissioner indicates that a person liable for the tax imposed by section 5727.81 or 5727.811 of the Revised Code has not paid the full amount of tax due, the commissioner may audit a representative sample of the person's business and may issue an assessment based on the audit. The commissioner shall give the person assessed written notice of the assessment in the manner provided in section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on how to petition for reassessment and request a hearing on the petition.

The tax commissioner may issue an assessment for which the tax imposed by section 5727.81 or 5727.811 of the Revised Code was due and unpaid on the date the person was informed by an agent of the tax commissioner of an investigation or audit of the person. Any payment of the tax for the period covered by the assessment, after the person is so informed, shall be credited against the assessment.

A penalty of up to fifteen per cent may be added to all amounts assessed under this section. The commissioner may adopt rules providing for the imposition and remission of penalties.

(B) Unless the party assessed files with the tax commissioner within sixty days after service of the notice of assessment, ~~either personally or by certified mail,~~ a written petition for reassessment signed by the party assessed or that party's authorized agent having knowledge of the facts, the assessment becomes final and the amount of the assessment is due and payable from the party assessed to the treasurer of state. The petition shall indicate the objections of the party assessed, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination. If the petition has been properly filed, the commissioner shall proceed under section 5703.60 of the Revised Code.

(C) After an assessment becomes final, if any portion of the assessment, including accrued interest, remains unpaid, a certified copy of the tax commissioner's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the party assessed resides or in which the party's business is conducted. If the party assessed maintains no place of business in this state and is not a resident of this state, the certified copy of the entry may be filed in the office of the clerk of the court of common pleas of Franklin county.

Immediately upon the filing of the entry, the clerk shall enter a judgment for the state against the person assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled "special judgments for the distribution excise taxes," and shall have the

same effect as other judgments. Execution shall issue upon the judgment at the request of the tax commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment.

If the assessment is not paid in its entirety within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the day the tax commissioner issues the assessment until the day the assessment is paid or until it is certified to the attorney general for collection under section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by the issuance of an assessment under this section.

(D) If the tax commissioner believes that collection of the tax imposed by section 5727.81 or 5727.811 of the Revised Code will be jeopardized unless proceedings to collect or secure collection of the tax are instituted without delay, the commissioner may issue a jeopardy assessment against the person liable for the tax. Immediately upon the issuance of the jeopardy assessment, the commissioner shall file an entry with the clerk of the court of common pleas in the manner prescribed by division (C) of this section. Notice of the jeopardy assessment shall be served on the party assessed or the party's legal representative within five days of the filing of the entry with the clerk. The total amount assessed is immediately due and payable, unless the party assessed files a petition for reassessment in accordance with division (B) of this section and provides security in a form satisfactory to the commissioner and in an amount sufficient to satisfy the unpaid balance of the assessment. Full or partial payment of the assessment does not prejudice the commissioner's consideration of the petition for reassessment.

(E) All money collected by the tax commissioner under this section shall be paid to the treasurer of state, and when paid shall be considered as revenue arising from the taxes imposed by sections 5727.81 and 5727.811 of the Revised Code.

Sec. 5728.10. (A) If any person required to file a fuel use tax return by sections 5728.01 to 5728.14 of the Revised Code, fails to file the return within the time prescribed by those sections, files an incomplete return, files an incorrect return, or fails to remit the full amount of the tax due for the period covered by the return, the tax commissioner may make an assessment against the person, based upon any information in the commissioner's possession, for the period for which the tax was due.

No assessment shall be made against any person for any tax imposed by this chapter more than four years after the return date for the period for which the tax was due or more than four years after the return for the period was filed, whichever is later. This section does not bar an assessment against any person who fails to file a fuel use tax return as required by this chapter, or who files a fraudulent fuel use tax return.

A penalty of up to fifteen per cent may be added to the amount of every assessment made pursuant to this section. The commissioner may adopt rules providing for the imposition and remission of penalties added to assessments made under this section.

The commissioner shall give the party assessed written notice of the assessment in the manner provided in section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on how to petition for reassessment and request a hearing on the petition.

(B) Unless the party assessed files with the tax commissioner within sixty days after service of the notice of assessment, ~~either personally or by certified mail~~, a written petition for reassessment, signed by the party assessed, or by the party's authorized agent having knowledge of the facts, the assessment becomes final and the amount of the assessment is due and payable from the party assessed to the treasurer of state. The petition shall indicate the objections of the party assessed, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination. If the petition has been properly filed, the commissioner shall proceed under section 5703.60 of the Revised Code.

(C) After an assessment becomes final, if any portion of the assessment remains unpaid, including accrued interest, a certified copy of the tax commissioner's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the party's place of business is located or the county in which the party assessed resides. If the party maintains no office in this state and is not a resident of this state, the certified copy of the entry may be filed in the office of the clerk of the court of common pleas of Franklin county.

Immediately upon the filing of the entry, the clerk shall enter a judgment for the state of Ohio against the party assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled "special judgments for state fuel use tax," and shall have the same effect as other judgments. Execution shall issue upon the judgment upon the request of the commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment.

If the assessment is not paid within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the day the commissioner issues the assessment until it is paid or until it is certified to the attorney general for collection under section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by the issuance of an assessment under this section.

(D) All money collected by the tax commissioner under this section shall be paid into the state treasury in the same manner as the revenues deriving from the taxes imposed by section 5728.06 of the Revised Code.

Sec. 5729.10. If a company fails to pay the tax levied by section 5729.03 of the Revised Code, or to make any partial payment thereof as required by law after a statement thereof has been made and mailed to it, or if the annual statement required by law to be made by it is false or incorrect, the superintendent of insurance may revoke the license of such company doing business in this state. Upon failure to pay the tax or to make partial payment thereof according to law, the ~~superintendent~~ treasurer of state shall certify that fact to the attorney general, who shall thereupon begin an action against the company in the court of common pleas of Franklin county, or any other county ~~h~~e the attorney general elects, to recover the amount of the tax. If such company ceases to do business in this state, it shall thereupon make a report to the superintendent of the gross amount of premiums not theretofore reported as provided in section 5729.02 or 5729.04 of the Revised Code received by it from policies covering risks within this state prior to such discontinuance of business, after deducting return premiums and considerations received for reinsurance not theretofore so reported, and shall forthwith pay to the ~~superintendent~~ treasurer of state a like per cent of tax thereon.

Sec. 5729.18. There is allowed a credit against the tax imposed by section 5729.03 of the Revised Code for an insurance company subject to that tax that holds the rights to a tax credit certificate issued under section 122.09 of the Revised Code. The credit shall equal the dollar amount indicated on the certificate or the ensuing calendar year. The credit shall be claimed in the calendar year specified in the certificate and in the order required under section 5729.98 of the Revised Code. If the credit exceeds the amount of tax otherwise due in that year, the company may carry forward the excess for not more than five ensuing years, but the amount of the excess credit claimed against the tax for any year shall be deducted from the balance carried forward to the next year.

No credit shall be claimed under this section to the extent the certificate was used to claim a credit under section 5725.35, 5726.62, or 5747.87 of the Revised Code.

Sec. 5729.21. Terms used in this section have the same meanings as in section 122.84 of the Revised Code.

There is allowed a ~~nonrefundable~~ nonrefundable credit against the tax imposed by section 5729.03 of the Revised Code for a foreign insurance company that is issued, or to which is transferred, a tax credit certificate under section 122.84 of the Revised Code. The credit equals the amount stated on the certificate and may be claimed for the calendar year that includes the investment period that was the subject of the application for the certificate under that section or for the ensuing calendar year. For a credit issued during the July application round each year, the credit may also be claimed for the preceding calendar year. A taxpayer applying a credit for the preceding calendar year shall file an amended return or apply that amendment on the taxpayer's original return, for that year.

The credit authorized in this section shall be claimed in the order required under section 5729.98 of the Revised Code. If the amount of a credit exceeds the tax otherwise due under section 5729.03 of the Revised Code after deducting all other credits preceding the credit in that order, the

excess may be carried forward for not more than five ensuing calendar years. The amount of the excess credit claimed in any such year shall be deducted from the balance carried forward to the next calendar year.

No credit shall be claimed under this section to the extent the credit was claimed under section 5725.38, 5726.61, or 5747.86 of the Revised Code.

A foreign insurance company shall not be required to pay any additional tax levied under section 5729.06 of the Revised Code as a result of claiming the tax credit authorized by this section.

Sec. 5735.12. (A) Any person required by this chapter to file reports or pay the tax levied by this chapter who fails to do so within the time prescribed may be liable for an additional charge not exceeding the greater of ten per cent of the person's tax liability for that month or fifty dollars. The tax commissioner may remit all or a portion of the additional charge and may adopt rules relating to the remission of all or a portion of the charge.

If any person required by this chapter to file reports or pay the taxes, interest, or additional charge levied by this chapter fails to file the report, files an incomplete or incorrect report, or fails to remit the full amount of the tax, interest, or additional charge due for the period covered by the report, the commissioner may make an assessment against the person based upon any information in the commissioner's possession.

No assessment shall be made against any motor fuel dealer for taxes imposed by this chapter more than four years after the date on which the report on which the assessment was based was due or was filed, whichever is later. This section does not bar an assessment against any motor fuel dealer who fails to file a report required by section 5735.06 of the Revised Code, or who files a fraudulent motor fuel tax report.

A penalty of up to fifteen per cent may be added to the amount of every assessment made under this section. The commissioner may adopt rules providing for the imposition and remission of penalties added to assessments made under this section.

The commissioner shall give the party assessed written notice of the assessment in the manner provided in section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on how to petition for reassessment and request a hearing on the petition.

(B) Unless the party assessed files with the tax commissioner within sixty days after service of the notice of assessment, ~~either personally or by certified mail~~, a written petition for reassessment in writing, signed by the party assessed or that party's authorized agent having knowledge of the facts, the assessment becomes final and the amount of the assessment is due and payable from the party assessed to the treasurer of state. The petition shall indicate the objections of the party assessed, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination. If the petition has been properly filed, the commissioner shall proceed under section 5703.60 of the Revised Code.

(C) After an assessment becomes final, if any portion of the assessment remains unpaid, including accrued interest, a certified copy of the tax commissioner's entry making the assessment

final may be filed in the office of the clerk of the court of common pleas in the county in which the party assessed resides or in which the business of the party assessed is conducted. If the party assessed maintains no place of business in this state and is not a resident of this state, the certified copy of the entry may be filed in the office of the clerk of the court of common pleas of Franklin county.

Immediately upon the filing of the entry, the clerk shall enter a judgment for the state against the party assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled "special judgments for state motor fuel tax," and shall have the same effect as other judgments. Execution shall issue upon the judgment upon the request of the tax commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment.

If the assessment is not paid in its entirety within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the day the commissioner issues the assessment until it is paid or until it is certified to the attorney general for collection under section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by the issuance of an assessment under this section.

(D) All money collected by the tax commissioner under this section shall be paid to the treasurer of state, and when paid shall be considered as revenue arising from the tax imposed by this chapter.

(E) If the tax commissioner determines that the commissioner has erroneously refunded motor fuel tax to any person, the commissioner may make an assessment against the person for recovery of the erroneously refunded tax.

Sec. 5736.09. (A) The tax commissioner may make an assessment, based on any information in the commissioner's possession, against any person that fails to file a return or pay any ~~tax amounts~~ as required by this chapter. The commissioner shall give the person assessed written notice of the assessment as provided in section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on the manner in which to petition for reassessment and request a hearing with respect to the petition.

(B) Unless the person assessed, within sixty days after service of the notice of assessment, files with the commissioner, ~~either personally or by certified mail,~~ a written petition signed by the person or the person's authorized agent having knowledge of the facts, the assessment becomes final, and the amount of the assessment is due and payable from the person assessed to the treasurer of state. The petition shall indicate the objections of the person assessed, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final

determination.

If a petition for reassessment has been properly filed, the commissioner shall proceed under section 5703.60 of the Revised Code.

(C)(1) After an assessment becomes final, if any portion of the assessment, including accrued interest, remains unpaid, a certified copy of the commissioner's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the person resides or has its principal place of business in this state, or in the office of the clerk of court of common pleas of Franklin county.

(2) Immediately upon the filing of the entry, the clerk shall enter judgment for the state against the person assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled, "special judgments for the petroleum activity tax" and shall have the same effect as other judgments. Execution shall issue upon the judgment at the request of the commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment.

(3) If the assessment is not paid in its entirety within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the day the commissioner issues the assessment until it is paid or until it is certified to the attorney general for collection under section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by the issuance of an assessment under this section.

(D) If the commissioner believes that collection of the tax will be jeopardized unless proceedings to collect or secure collection of the tax are instituted without delay, the commissioner may issue a jeopardy assessment against the person liable for the tax. Immediately upon the issuance of the jeopardy assessment, the commissioner shall file an entry with the clerk of the court of common pleas in the manner prescribed by division (C) of this section. Notice of the jeopardy assessment shall be served on the person assessed or the person's authorized agent in the manner provided in section 5703.37 of the Revised Code within five days of the filing of the entry with the clerk. The total amount assessed is immediately due and payable, unless the person assessed files a petition for reassessment in accordance with division (B) of this section and provides security in a form satisfactory to the commissioner and in an amount sufficient to satisfy the unpaid balance of the assessment. Full or partial payment of the assessment does not prejudice the commissioner's consideration of the petition for reassessment.

(E) The commissioner shall immediately forward to the treasurer of state all amounts the commissioner receives under this section, and such amounts shall be considered as revenue arising from the tax imposed under this chapter.

(F) Except as otherwise provided in this division, no assessment shall be made or issued against a taxpayer for ~~the tax amounts~~ imposed under this chapter more than four years after the due date for the filing of the return or application for the tax period for which the ~~tax amount~~ was reported, or more than four years after the return or application for the tax period was filed, whichever is later. The time limit may be extended if both the taxpayer and the commissioner consent in writing to the extension or enter into an agreement waiving or extending the time limit. Any such extension shall extend the four-year time limit in division (A) of section 5736.08 of the Revised Code for the same period of time. Nothing in this division bars an assessment against a taxpayer that fails to file a return required by this chapter or that files a fraudulent return.

(G) If the commissioner possesses information that indicates that the amount of tax a taxpayer is required to pay under this chapter exceeds the amount the taxpayer paid, the commissioner may audit a sample of the taxpayer's calculated gross receipts over a representative period of time to ascertain the amount of tax due, and may issue an assessment based on the audit. The commissioner shall make a good faith effort to reach agreement with the taxpayer in selecting a representative sample. The commissioner may apply a sampling method only if the commissioner has prescribed the method by rule.

(H) If the whereabouts of a person subject to this chapter is not known to the commissioner, the commissioner shall follow the procedures under section 5703.37 of the Revised Code.

Sec. 5739.01. As used in this chapter:

(A) "Person" includes individuals, receivers, assignees, trustees in bankruptcy, estates, firms, partnerships, associations, joint-stock companies, joint ventures, clubs, societies, corporations, the state and its political subdivisions, and combinations of individuals of any form.

(B) "Sale" and "selling" include all of the following transactions for a consideration in any manner, whether absolutely or conditionally, whether for a price or rental, in money or by exchange, and by any means whatsoever:

(1) All transactions by which title or possession, or both, of tangible personal property, is or is to be transferred, or a license to use or consume tangible personal property is or is to be granted;

(2) All transactions by which lodging by a hotel is or is to be furnished to transient guests;

(3) All transactions by which:

(a) An item of tangible personal property is or is to be repaired, except property, the purchase of which would not be subject to the tax imposed by section 5739.02 of the Revised Code;

(b) An item of tangible personal property is or is to be installed, except property, the purchase of which would not be subject to the tax imposed by section 5739.02 of the Revised Code or property that is or is to be incorporated into and will become a part of a production, transmission, transportation, or distribution system for the delivery of a public utility service;

(c) The service of washing, cleaning, waxing, polishing, or painting a motor vehicle is or is to be furnished;

(d) Laundry and dry cleaning services are or are to be provided;

(e) Automatic data processing, computer services, or electronic information services are or are to be provided for use in business when the true object of the transaction is the receipt by the consumer of automatic data processing, computer services, or electronic information services rather than the receipt of personal or professional services to which automatic data processing, computer services, or electronic information services are incidental or supplemental. Notwithstanding any other provision of this chapter, such transactions that occur between members of an affiliated group are not sales. An "affiliated group" means two or more persons related in such a way that one person owns or controls the business operation of another member of the group. In the case of corporations with stock, one corporation owns or controls another if it owns more than fifty per cent of the other corporation's common stock with voting rights.

(f) Telecommunications service, including prepaid calling service, prepaid wireless calling service, or ancillary service, is or is to be provided, but not including coin-operated telephone service;

(g) Landscaping and lawn care service is or is to be provided;
