**BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:**

**Section 1.** That sections 3727.81, 3727.811, and 5119.192  
of the Revised Code be enacted to read as follows:

5  
6

**Sec. 3727.81.** (A) As used in this section and section  
3727.811 of the Revised Code:

7  
8

(1) "Health benefit plan" has the same meaning as in  
section 3922.01 of the Revised Code.

9  
10

(2) "Overdose reversal drug" has the same meaning as in  
section 4729.01 of the Revised Code.

11  
12

(B) (1) Except as provided in division (B) (2) of this  
section, at the time of a patient's discharge from a hospital's  
emergency department, the hospital shall provide to the patient  
an overdose reversal drug if the patient presented to its  
emergency department with one or more symptoms of an opioid  
overdose, opioid use disorder, or other adverse event related to

13  
14  
15  
16  
17  
18

opioid use. 19

(2) A hospital is not required to provide an overdose reversal drug to a patient under division (B) (1) of this section if any of the following is the case: 20  
21  
22

(a) The patient's treating practitioner has determined, in the practitioner's clinical and professional judgment, that providing the drug is not appropriate. 23  
24  
25

(b) The patient's treating practitioner has confirmed that the patient possesses an overdose reversal drug. 26  
27

(c) The hospital has not received a supply of overdose reversal drugs from any source, including the department of mental health and addiction services as described in section 5119.192 of the Revised Code. 28  
29  
30  
31

(d) The patient refuses to accept the overdose reversal drug. 32  
33

(C) In providing an overdose reversal drug under this section, the hospital also shall provide the patient with directions for the drug's use as well as information about medications for opioid use disorder, harm reduction strategies, and available services, such as treatment and peer counseling. 34  
35  
36  
37  
38

In the case of a patient described in division (B) (2) (d) of this section, the hospital shall provide the patient with information about medications for opioid use disorder, harm reduction strategies, and available services, such as treatment and peer counseling. 39  
40  
41  
42  
43

(D) (1) Subject to division (D) (2) of this section, in the case of a patient who is covered by a health benefit plan or the medicaid program and receives an overdose reversal drug under 44  
45  
46

this section, the hospital may seek reimbursement for the drug's 47  
cost by submitting to the plan or program a claim for payment. 48  
Payment of the claim is dependent on whether the patient's 49  
health benefit plan or the medicaid program covers the drug and 50  
the terms and conditions for that coverage. 51

(2) Under division (D)(1) of this section, a hospital may 52  
seek reimbursement for the cost of an overdose reversal drug 53  
only if the drug provided to the patient was from a supply 54  
purchased by the hospital. 55

(E) This section does not do any of the following: 56

(1) Prohibit a hospital from providing an overdose 57  
reversal drug at no cost to a patient or third-party payor from 58  
a supply purchased by the hospital; 59

(2) Limit the authority of a hospital to provide overdose 60  
reversal drugs as described in section 3715.50 of the Revised 61  
Code; 62

(3) Affect a hospital's ability or responsibility to 63  
provide financial assistance to a patient as required by state 64  
or federal law. 65

(F) A hospital, including any of its employees, 66  
contractors, and practitioners, is not liable for or subject to 67  
any of the following for an act or omission that arises from 68  
fulfilling the duties of or exercising any authority under this 69  
section: damages in any civil action, prosecution in any 70  
criminal proceeding, sanctions under this chapter or Chapter 71  
3722. of the Revised Code, or professional disciplinary action. 72

**Sec. 3727.811.** A hospital that provides overdose reversal 73  
drugs as described in section 3727.81 of the Revised Code shall 74  
record each occurrence in which an overdose reversal drug was 75

provided and shall prepare reports compiling the records. The 76  
hospital shall prepare and submit reports to the department of 77  
health and department of mental health and addiction services in 78  
accordance with the standards and procedures established under 79  
section 5119.192 of the Revised Code. In preparing a report, a 80  
hospital shall not include any information that identifies or 81  
tends to identify specific individuals to whom overdose reversal 82  
drugs were provided. 83

**Sec. 5119.192.** (A) As used in this section, "overdose 84  
reversal drug" has the same meaning as in section 4729.01 of the 85  
Revised Code. 86

(B) Subject to available funds, the department of mental 87  
health and addiction services shall provide overdose reversal 88  
drugs to hospitals to be provided to patients as described in 89  
section 3727.81 of the Revised Code. 90

(C) The department of mental health and addiction 91  
services, in coordination with the department of health, shall 92  
establish standards and procedures for reporting the occurrences 93  
in which overdose reversal drugs were provided as required by 94  
section 3727.811 of the Revised Code. 95
