<b>Voluntary carbon offset program establishment</b>	13
<b>R.C. 4929.52(A) and 4929.53(A) (1)</b>	14
Allows a retail natural gas supplier (RNGS) that intends	15
to establish a voluntary carbon offset program to demonstrate to	16
the Public Utilities Commission (PUCO) that it has access to and	17
utilizes one of more eligible carbon offset registries, rather	18
than requiring the RNGS to enter into an agreement with such	19
registries.	20
Modifies the notice to begin a voluntary carbon offset	21
program submitted by a RNGS to PUCO by: (1) requiring it to	22
include documentation demonstrating that it has entered into an	23
agreement or otherwise satisfied the requirement described above	24
through alternative documentation acceptable to PUCO; and (2)	25
requiring the registry or registries certify that the carbon	26
offsets meet necessary criteria.	27
