utilizing such code. The guidelines shall also provide for 270
assigning data verification codes to all students enrolled in 271

shall the department have access to information that would 287
enable any data verification code to be matched to personally 288
identifiable student data. 289

(ii) For the purpose of making per-pupil payments to 290
community schools under section 3317.022 of the Revised Code, 291
the department shall have access to information that would 292
enable any data verification code to be matched to personally 293
identifiable student data. 294

(c) Each school district and community school shall ensure 295
that the data verification code is included in the student's 296
records reported to any subsequent school district, community 297

education management information system but are not required to 328
be compiled as part of the profile formats required under 329
division (G) of this section or the annual statewide report 330
required under division (H) of this section. 331

(F) The board of education of each school district shall 332

district under this division, the department shall take the 393
following sequential actions: 394

(a) Notify the district in writing that the department has 395

on data reporting procedures. 402

(b) Withhold up to ten per cent of the total amount of 403
state funds due to the district for the current fiscal year and, 404
if not previously required under division (L) (2) (a) of this 405

of the total amount of state funds due to the district for the 409
current fiscal year; 410

(i) Arrange for an audit of the district's data reporting 415
practices by department staff or an outside entity; 416

accordance with division (N) of this section; 426

(vii) If the district is issued a report card under 427
section 3302.03 of the Revised Code, indicate on the report card 428

that the district has been sanctioned for failing to report data 429
as required by this section; 430

(viii) If the district is issued a report card under 431
section 3302.03 of the Revised Code and incomplete or inaccurate 432
data submitted by the district likely caused the district to 433
receive a higher performance rating than it deserved under that 434
section, issue a revised report card for the district; 435

(ix) Any other action designed to correct the district's 436
data reporting problems. 437

(3) Any time the department takes an action against a 438

section resolves a school district's data reporting problems to 445
the department's satisfaction, the department shall not take any 446
further actions described by that division. If the department 447
withheld funds from the district under that division, the 448

under division (L)(2)(b) or (c) of this section. 455

(5) Notwithstanding anything in this section to the 456
contrary, the department may use its own staff or an outside 457

entity to conduct an audit of a school district's data reporting 458
practices any time the department has reason to believe the 459
district has not made a good faith effort to report data as 460
required by this section. If any audit conducted by an outside 461
entity under division (L) (2) (d) (i) or (5) of this section 462
confirms that a district has not made a good faith effort to 463
report data as required by this section, the district shall 464
reimburse the department for the full cost of the audit. The 465
department may withhold state funds due to the district for this 466
purpose. 467

(6) Prior to issuing a revised report card for a school 468
district under division (L) (2) (d) (viii) of this section, the 469

opportunity to demonstrate that it made a good faith effort to 471
report data as required by this section. The hearing shall be 472
conducted by a referee appointed by the department. Based on the 473
information provided in the hearing, the referee shall recommend 474
whether the department should issue a revised report card for 475
the district. If the referee affirms the department's contention 476
that the district did not make a good faith effort to report 477
data as required by this section, the district shall bear the 478
full cost of conducting the hearing and of issuing any revised 479
report card. 480

(7) If the department determines that any inaccurate data 481
reported under this section caused a school district to receive 482
excess state funds in any fiscal year, the district shall 483
reimburse the department an amount equal to the excess funds, in 484
accordance with a payment schedule determined by the department. 485
The department may withhold state funds due to the district for 486
this purpose. 487

(8) Any school district that has funds withheld under 488
division (L) (2) of this section may appeal the withholding in 489
accordance with Chapter 119. of the Revised Code. 490

(9) In all cases of a disagreement between the department 491
and a school district regarding the appropriateness of an action 492
taken under division (L) (2) of this section, the burden of proof 493
shall be on the district to demonstrate that it made a good 494
faith effort to report data as required by this section. 495

(10) The director of education and workforce shall adopt 496
rules under Chapter 119. of the Revised Code to implement 497
division (L) of this section. 498

(M) No information technology center or school district 499
shall acquire, change, or update its student administration 500
software package to manage and report data required to be 501
reported to the department unless it converts to a student 502
software package that is certified by the department. 503

(N) The state board of education, in accordance with 504
sections 3319.31 and 3319.311 of the Revised Code, may suspend 505
or revoke a license as defined under division (A) of section 506
3319.31 of the Revised Code that has been issued to any school 507
district employee found to have willfully reported erroneous, 508
inaccurate, or incomplete data to the education management 509
information system. 510

(O) No person shall release or maintain any information 511
about any student in violation of this section. Whoever violates 512
this division is guilty of a misdemeanor of the fourth degree. 513

(P) If the department cannot compile any of the 514
information required by division (I) of section 3302.03 of the 515
Revised Code based upon the data collected under this section, 516

the department shall develop a plan and a reasonable timeline 517
for the collection of any data necessary to comply with that 518
division. 519

Sec. 3302.03. Not later than the thirty-first day of July 520
of each year, the department of education and workforce shall 521
submit preliminary report card data for overall academic 522
performance and for each separate performance measure for each 523
school district, and each school building, in accordance with 524
this section. 525

Annually, not later than the fifteenth day of September or 526
the preceding Friday when that day falls on a Saturday or 527
Sunday, the department shall assign a letter grade or 528
performance rating for overall academic performance and for each 529
separate performance measure for each school district, and each 530
school building in a district, in accordance with this section. 531
The department shall adopt rules pursuant to Chapter 119. of the 532
Revised Code to implement this section. The department's rules 533
shall establish performance criteria for each letter grade or 534
performance rating and prescribe a method by which the 535
department assigns each letter grade or performance rating. For 536
a school building to which any of the performance measures do 537
not apply, due to grade levels served by the building, the 538
department shall designate the performance measures that are 539
applicable to the building and that must be calculated 540
separately and used to calculate the building's overall grade or 541
performance rating. The department shall issue annual report 542
cards reflecting the performance of each school district, each 543
building within each district, and for the state as a whole 544
using the performance measures and letter grade or performance 545
rating system described in this section. The department shall 546
include on the report card for each district and each building 547

within each district the most recent two-year trend data in 548
student achievement for each subject and each grade. 549

(A) (1) For the 2012-2013 school year, the department shall 550
issue grades as described in division (F) of this section for 551
each of the following performance measures: 552

(a) Annual measurable objectives; 553

(b) Performance index score for a school district or 554
building. Grades shall be awarded as a percentage of the total 555
possible points on the performance index system as adopted by 556
the department. In adopting benchmarks for assigning letter 557
grades under division (A) (1) (b) of this section, the department 558
shall designate ninety per cent or higher for an "A," at least 559
seventy per cent but not more than eighty per cent for a "C," 560
and less than fifty per cent for an "F." 561

(c) The extent to which the school district or building 562
meets each of the applicable performance indicators established 563
by the department under section 3302.02 of the Revised Code and 564
the percentage of applicable performance indicators that have 565
been achieved. In adopting benchmarks for assigning letter 566
grades under division (A) (1) (c) of this section, the department 567
shall designate ninety per cent or higher for an "A." 568

(d) The four- and five-year adjusted cohort graduation 569
rates. 570

In adopting benchmarks for assigning letter grades under 571
division (A) (1) (d), (B) (1) (d), or (C) (1) (d) of this section, the 572
department shall designate a four-year adjusted cohort 573
graduation rate of ninety-three per cent or higher for an "A" 574
and a five-year cohort graduation rate of ninety-five per cent 575
or higher for an "A." 576

(e) The overall score under the value-added progress 577
dimension of a school district or building, for which the 578
department shall use up to three years of value-added data as 579
available. The letter grade assigned for this growth measure 580
shall be as follows: 581

(i) A score that is at least one standard error of measure 582
above the mean score shall be designated as an "A." 583

(ii) A score that is less than one standard error of 584
measure above but greater than one standard error of measure 585
below the mean score shall be designated as a "B." 586

(iii) A score that is less than or equal to one standard 587
error of measure below the mean score but greater than two 588
standard errors of measure below the mean score shall be 589
designated as a "C." 590

(iv) A score that is less than or equal to two standard 591
errors of measure below the mean score but is greater than three 592
standard errors of measure below the mean score shall be 593
designated as a "D." 594

(v) A score that is less than or equal to three standard 595
errors of measure below the mean score shall be designated as an 596
"F." 597

Whenever the value-added progress dimension is used as a 598
graded performance measure in this division and divisions (B) 599
and (C) of this section, whether as an overall measure or as a 600
measure of separate subgroups, the grades for the measure shall 601
be calculated in the same manner as prescribed in division (A) 602
(1) (e) of this section. 603

(f) The value-added progress dimension score for a school 604
district or building disaggregated for each of the following 605

subgroups: students identified as gifted, students with 606
disabilities, and students whose performance places them in the 607
lowest quintile for achievement on a statewide basis. Each 608
subgroup shall be a separate graded measure. 609

(2) The department shall adopt a resolution describing the 610
performance measures, benchmarks, and grading system for the 611
2012-2013 school year and shall adopt rules in accordance with 612
Chapter 119. of the Revised Code that prescribe the methods by 613
which the performance measures under division (A) (1) of this 614
section shall be assessed and assigned a letter grade, including 615
performance benchmarks for each letter grade. 616

At least forty-five days prior to the department's 617
adoption of rules to prescribe the methods by which the 618
performance measures under division (A) (1) of this section shall 619
be assessed and assigned a letter grade, the department shall 620
conduct a public presentation before the standing committees of 621
the house of representatives and the senate that consider 622
education legislation describing such methods, including 623
performance benchmarks. 624

(3) There shall not be an overall letter grade for a 625
school district or building for the 2012-2013 school year. 626

(B) (1) For the 2013-2014 school year, the department shall 627
issue grades as described in division (F) of this section for 628
each of the following performance measures: 629

(a) Annual measurable objectives; 630

(b) Performance index score for a school district or 631
building. Grades shall be awarded as a percentage of the total 632
possible points on the performance index system as created by 633
the department. In adopting benchmarks for assigning letter 634

grades under division (B) (1) (b) of this section, the department 635
shall designate ninety per cent or higher for an "A," at least 636
seventy per cent but not more than eighty per cent for a "C," 637
and less than fifty per cent for an "F." 638

(c) The extent to which the school district or building 639
meets each of the applicable performance indicators established 640
by the department under section 3302.03 of the Revised Code and 641
the percentage of applicable performance indicators that have 642
been achieved. In adopting benchmarks for assigning letter 643
grades under division (B) (1) (c) of this section, the department 644
shall designate ninety per cent or higher for an "A." 645

(d) The four- and five-year adjusted cohort graduation 646
rates; 647

(e) The overall score under the value-added progress 648
dimension of a school district or building, for which the 649
department shall use up to three years of value-added data as 650
available. 651

(f) The value-added progress dimension score for a school 652
district or building disaggregated for each of the following 653
subgroups: students identified as gifted in superior cognitive 654
ability and specific academic ability fields under Chapter 3324. 655
of the Revised Code, students with disabilities, and students 656
whose performance places them in the lowest quintile for 657
achievement on a statewide basis. Each subgroup shall be a 658
separate graded measure. 659

(g) Whether a school district or building is making 660
progress in improving literacy in grades kindergarten through 661
three, as determined using a method prescribed by the 662
department. The department shall adopt rules to prescribe 663

benchmarks and standards for assigning grades to districts and 664
buildings for purposes of division (B) (1) (g) of this section. In 665
adopting benchmarks for assigning letter grades under divisions 666
(B) (1) (g) and (C) (1) (g) of this section, the department shall 667
determine progress made based on the reduction in the total 668
percentage of students scoring below grade level, or below 669
proficient, compared from year to year on the reading diagnostic 670
assessments administered under section 3301.0715 of the Revised 671
Code and the third grade English language arts assessment under 672
section 3301.0710 of the Revised Code, as applicable. The 673
department shall designate for a "C" grade a value that is not 674
lower than the statewide average value for this measure. No 675
grade shall be issued under divisions (B) (1) (g) and (C) (1) (g) of 676
this section for a district or building in which less than five 677
per cent of students have scored below grade level on the 678
diagnostic assessment administered to students in kindergarten 679
under division (B) (1) of section 3313.608 of the Revised Code. 680

(h) For a high mobility school district or building, an 681
additional value-added progress dimension score. For this 682
measure, the department shall use value-added data from the most 683
recent school year available and shall use assessment scores for 684
only those students to whom the district or building has 685
administered the assessments prescribed by section 3301.0710 of 686
the Revised Code for each of the two most recent consecutive 687
school years. 688

As used in this division, "high mobility school district 689
or building" means a school district or building where at least 690
twenty-five per cent of its total enrollment is made up of 691
students who have attended that school district or building for 692
less than one year. 693

(2) In addition to the graded measures in division (B) (1) 694
of this section, the department shall include on a school 695
district's or building's report card all of the following 696
without an assigned letter grade: 697

(a) The percentage of students enrolled in a district or 698
building participating in advanced placement classes and the 699
percentage of those students who received a score of three or 700
better on advanced placement examinations; 701

(b) The number of a district's or building's students who 702
have earned at least three college credits through dual 703
enrollment or advanced standing programs, such as the post- 704
secondary enrollment options program under Chapter 3365. of the 705
Revised Code and state-approved career-technical courses offered 706
through dual enrollment or statewide articulation, that appear 707
on a student's transcript or other official document, either of 708
which is issued by the institution of higher education from 709
which the student earned the college credit. The credits earned 710
that are reported under divisions (B) (2) (b) and (C) (2) (c) of 711
this section shall not include any that are remedial or 712
developmental and shall include those that count toward the 713
curriculum requirements established for completion of a degree. 714

(c) The percentage of students enrolled in a district or 715
building who have taken a national standardized test used for 716
college admission determinations and the percentage of those 717
students who are determined to be remediation-free in accordance 718
with standards adopted under division (F) of section 3345.061 of 719
the Revised Code; 720

(d) The percentage of the district's or the building's 721
students who receive industry-recognized credentials as approved 722
under section 3313.6113 of the Revised Code. 723

(e) The percentage of students enrolled in a district or 724
building who are participating in an international baccalaureate 725
program and the percentage of those students who receive a score 726
of four or better on the international baccalaureate 727
examinations. 728

(f) The percentage of the district's or building's 729
students who receive an honors diploma under division (B) of 730
section 3313.61 of the Revised Code. 731

(3) The department shall adopt rules in accordance with 732
Chapter 119. of the Revised Code that prescribe the methods by 733
which the performance measures under divisions (B) (1) (f) and (B) 734
(1) (g) of this section will be assessed and assigned a letter 735
grade, including performance benchmarks for each grade. 736

At least forty-five days prior to the department's 737
adoption of rules to prescribe the methods by which the 738
performance measures under division (B) (1) of this section shall 739
be assessed and assigned a letter grade, the department shall 740
conduct a public presentation before the standing committees of 741
the house of representatives and the senate that consider 742
education legislation describing such methods, including 743
performance benchmarks. 744

(4) There shall not be an overall letter grade for a 745
school district or building for the 2013-2014, 2014-2015, 2015- 746
2016, and 2016-2017 school years. 747

(C) (1) For the 2014-2015, 2015-2016, 2016-2017, 2017-2018, 748
2018-2019, 2019-2020, and 2020-2021 school years, the department 749
shall issue grades as described in division (F) of this section 750
for each of the performance measures prescribed in division (C) 751
(1) of this section. The graded measures are as follows: 752

(a) Annual measurable objectives. For the 2017-2018 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty-five students. For the 2018-2019 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty students. Beginning with the 2019-2020 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than fifteen students.

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (C) (1) (b) of this section, the department shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the department under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (C) (1) (c) of this section, the department shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension, or another measure of student academic progress if adopted by the department, of a school district or building, for

which the department shall use up to three years of value-added 783
data as available. 784

In adopting benchmarks for assigning letter grades for 785
overall score on value-added progress dimension under division 786
(C) (1) (e) of this section, the department shall prohibit the 787
assigning of a grade of "A" for that measure unless the 788
district's or building's grade assigned for value-added progress 789
dimension for all subgroups under division (C) (1) (f) of this 790
section is a "C" or higher. 791

For the metric prescribed by division (C) (1) (e) of this 792
section, the department may adopt a student academic progress 793
measure to be used instead of the value-added progress 794
dimension. If the department adopts such a measure, it also 795
shall prescribe a method for assigning letter grades for the new 796
measure that is comparable to the method prescribed in division 797
(A) (1) (e) of this section. 798

(f) The value-added progress dimension score of a school 799
district or building disaggregated for each of the following 800
subgroups: students identified as gifted in superior cognitive 801
ability and specific academic ability fields under Chapter 3324. 802
of the Revised Code, students with disabilities, and students 803
whose performance places them in the lowest quintile for 804
achievement on a statewide basis, as determined by a method 805
prescribed by the department. Each subgroup shall be a separate 806
graded measure. 807

The department may adopt student academic progress 808
measures to be used instead of the value-added progress 809
dimension. If the department adopts such measures, it also shall 810
prescribe a method for assigning letter grades for the new 811
measures that is comparable to the method prescribed in division 812

(A) (1) (e) of this section. 813

(g) Whether a school district or building is making 814
progress in improving literacy in grades kindergarten through 815
three, as determined using a method prescribed by the 816
department. The department shall adopt rules to prescribe 817
benchmarks and standards for assigning grades to a district or 818
building for purposes of division (C) (1) (g) of this section. The 819
department shall designate for a "C" grade a value that is not 820
lower than the statewide average value for this measure. No 821
grade shall be issued under division (C) (1) (g) of this section 822
for a district or building in which less than five per cent of 823
students have scored below grade level on the kindergarten 824
diagnostic assessment under division (B) (1) of section 3313.608 825
of the Revised Code. 826

(h) For a high mobility school district or building, an 827
additional value-added progress dimension score. For this 828
measure, the department shall use value-added data from the most 829
recent school year available and shall use assessment scores for 830
only those students to whom the district or building has 831
administered the assessments prescribed by section 3301.0710 of 832
the Revised Code for each of the two most recent consecutive 833
school years. 834

As used in this division, "high mobility school district 835
or building" means a school district or building where at least 836
twenty-five per cent of its total enrollment is made up of 837
students who have attended that school district or building for 838
less than one year. 839

(2) In addition to the graded measures in division (C) (1) 840
of this section, the department shall include on a school 841
district's or building's report card all of the following 842

without an assigned letter grade: 843

(a) The percentage of students enrolled in a district or 844
building who have taken a national standardized test used for 845
college admission determinations and the percentage of those 846
students who are determined to be remediation-free in accordance 847
with the standards adopted under division (F) of section 848
3345.061 of the Revised Code; 849

(b) The percentage of students enrolled in a district or 850
building participating in advanced placement classes and the 851
percentage of those students who received a score of three or 852
better on advanced placement examinations; 853

(c) The percentage of a district's or building's students 854
who have earned at least three college credits through advanced 855
standing programs, such as the college credit plus program under 856
Chapter 3365. of the Revised Code and state-approved career- 857
technical courses offered through dual enrollment or statewide 858
articulation, that appear on a student's college transcript 859
issued by the institution of higher education from which the 860
student earned the college credit. The credits earned that are 861
reported under divisions (B) (2) (b) and (C) (2) (c) of this section 862
shall not include any that are remedial or developmental and 863
shall include those that count toward the curriculum 864
requirements established for completion of a degree. 865

(d) The percentage of the district's or building's 866
students who receive an honor's diploma under division (B) of 867
section 3313.61 of the Revised Code; 868

(e) The percentage of the district's or building's 869
students who receive industry-recognized credentials as approved 870
under section 3313.6113 of the Revised Code; 871

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;

(g) The results of the college and career-ready assessments administered under division (B) (1) of section 3301.0712 of the Revised Code;

(h) Whether the school district or building has implemented a positive behavior intervention and supports framework in compliance with the requirements of section 3319.46 of the Revised Code, notated as a "yes" or "no" answer.

(3) The department shall adopt rules pursuant to Chapter 119. of the Revised Code that establish a method to assign an overall grade for a school district or school building for the 2017-2018 school year and each school year thereafter. The rules shall group the performance measures in divisions (C) (1) and (2) of this section into the following components:

(a) Gap closing, which shall include the performance measure in division (C) (1) (a) of this section;

(b) Achievement, which shall include the performance measures in divisions (C) (1) (b) and (c) of this section;

(c) Progress, which shall include the performance measures in divisions (C) (1) (e) and (f) of this section;

(d) Graduation, which shall include the performance measure in division (C) (1) (d) of this section;

(e) Kindergarten through third-grade literacy, which shall include the performance measure in division (C) (1) (g) of this

section; 900

(f) Prepared for success, which shall include the 901
performance measures in divisions (C)(2)(a), (b), (c), (d), (e), 902
and (f) of this section. The department shall develop a method 903
to determine a grade for the component in division (C)(3)(f) of 904
this section using the performance measures in divisions (C)(2) 905
(a), (b), (c), (d), (e), and (f) of this section. When 906
available, the department may incorporate the performance 907
measure under division (C)(2)(g) of this section into the 908
component under division (C)(3)(f) of this section. When 909
determining the overall grade for the prepared for success 910
component prescribed by division (C)(3)(f) of this section, no 911
individual student shall be counted in more than one performance 912
measure. However, if a student qualifies for more than one 913
performance measure in the component, the department may, in its 914
method to determine a grade for the component, specify an 915
additional weight for such a student that is not greater than or 916
equal to 1.0. In determining the overall score under division 917
(C)(3)(f) of this section, the department shall ensure that the 918
pool of students included in the performance measures aggregated 919
under that division are all of the students included in the 920
four- and five-year adjusted graduation cohort. 921

In the rules adopted under division (C)(3) of this 922
section, the department shall adopt a method for determining a 923
grade for each component in divisions (C)(3)(a) to (f) of this 924
section. The department also shall establish a method to assign 925
an overall grade of "A," "B," "C," "D," or "F" using the grades 926
assigned for each component. The method the department adopts 927
for assigning an overall grade shall give equal weight to the 928
components in divisions (C)(3)(b) and (c) of this section. 929

At least forty-five days prior to the department's 930
adoption of rules to prescribe the methods for calculating the 931
overall grade for the report card, as required by this division, 932
the department shall conduct a public presentation before the 933
standing committees of the house of representatives and the 934
senate that consider education legislation describing the format 935
for the report card, weights that will be assigned to the 936
components of the overall grade, and the method for calculating 937
the overall grade. 938

(D) For the 2021-2022 school year and each school year 939
thereafter, all of the following apply: 940

(1) The department shall include on a school district's or 941
building's report card all of the following performance measures 942
without an assigned performance rating: 943

(a) Whether the district or building meets the gifted 944
performance indicator under division (A) (2) of section 3302.02 945
of the Revised Code and the extent to which the district or 946

maximum performance index score shall be as follows: 956

prescribed under division (D) (1) (d) of this section, the 967
department shall assign a weight of fifty per cent to the most 968
recent year's data and a weight of twenty-five per cent to the 969
data of each of the other years. However, if three consecutive 970
years of value-added data is not available, the department shall 971
use prior years of value-added data to calculate the measure, as 972
follows: 973

(i) If two consecutive years of value-added data is not 974
available, the department shall use one year of value-added data 975
to calculate the measure. 976

(ii) If two consecutive years of value-added data is 977
available, the department shall use two consecutive years of 978
value-added data to calculate the measure. In using two years of 979
value-added data to calculate the measure, the department shall 980

(f) The five-year adjusted cohort graduation rate. 985

(g) The percentage of students in the district or building 986
who score proficient or higher on the reading segment of the 987

below proficient, compared from year to year on the reading 1000
segments of the diagnostic assessments administered under 1001
division (A) (1) of section 3301.0715 of the Revised Code and the 1002
third grade English language arts assessment under section 1003
3301.0710 of the Revised Code, as applicable. The method shall 1004
not include a deduction for students who did not pass the third 1005
grade English language arts assessment under section 3301.0710 1006
of the Revised Code and were not on a reading improvement and 1007
monitoring plan. 1008

The performance measure prescribed under division (D) (1) 1009
(h) of this section shall not be included on the report card of 1010

secondary readiness by the total number of students included in 1024
the denominator of the four-year adjusted graduation rate 1025
cohort. Demonstration of post-secondary readiness shall include 1026
a student doing any of the following: 1027

institution of higher education from which the student earned 1050
the college credit. Earned credits reported under division (D) 1051

five-year adjusted cohort graduation rates of a district or 1111
building who did not receive a high school diploma under section 1112

the department shall disaggregate that data according to the 1114
following categories: 1115

(i) Students who are still enrolled in the district or 1116
building and receiving general education services; 1117

(ii) Students with an individualized education program, as 1118

school year prior to the school year for which the report card 1140
is issued, including the percentage of students who: 1141

(3) Except as provided in division (D) (3) (f) of this 1250

rules adopted under division (D) (4) of this section to assign 1252
performance ratings of "one star," "two stars," "three stars," 1253
"four stars," or "five stars," as described in division (F) of 1254
this section, for a district or building for the individual 1255
components prescribed under division (D) (3) of this section. The 1256
department also shall assign an overall performance rating for a 1257
district or building in accordance with division (D) (3) (g) of 1258
this section. The method shall use the performance measures 1259
prescribed under division (D) (1) of this section to calculate 1260
performance ratings for components. The method may report data 1261
under division (D) (2) of this section with corresponding 1262
components, but shall not use the data to calculate performance 1263
ratings for that component. The performance measures and 1264
reported data shall be grouped together into components as 1265
follows: 1266

(a) Gap closing. In addition to other criteria determined 1267
appropriate by the department, performance ratings for the gap 1268
closing component shall reflect whether each of the following 1269
performance measures are met or not met: 1270

(i) The gifted performance indicator as described in 1271
division (D) (1) (a) of this section; 1272

(ii) The chronic absenteeism indicator as described in 1273

(iii) For English learners, an English language 1275

(v) The subgroup achievement targets in both mathematics 1278
and English language arts; 1279

(vi) The subgroup progress targets in both mathematics and 1280
English language arts. 1281

Achievement and progress targets under division (D) (3) (a) 1282
of this section shall be calculated individually, and districts 1283
and buildings shall receive a status of met or not met on each 1284
measure. The department shall not require a subgroup of a 1285
district or building to meet both the achievement and progress 1286
targets at the same time to receive a status of met. 1287

The department shall not include any subgroup data in this 1288
measure that includes data from fewer than fifteen students. Any 1289
penalty for failing to meet the required assessment 1290
participation rate must be partially in proportion to how close 1291
the district or building was to meeting the rate requirement. 1292

(b) Achievement, which shall include the performance 1293
measure in division (D) (1) (c) of this section and the reported 1294
data in division (D) (2) (a) of this section. Performance ratings 1295
for the achievement component shall be awarded as a percentage 1296
of the maximum performance index score described in division (D) 1297
(1) (c) of this section. 1298

(c) Progress, which shall include the performance measure 1299
in division (D) (1) (d) of this section and the reported data in 1300
divisions (D) (2) (b) and (c) of this section; 1301

(d) Graduation, which shall include the performance 1302
measures in divisions (D) (1) (e) and (f) of this section and the 1303
reported data in divisions (D) (2) (d) and (j) of this section. 1304
The four-year adjusted cohort graduation rate shall be assigned 1305
a weight of sixty per cent and the five-year adjusted cohort 1306
graduation rate shall be assigned a weight of forty per cent. 1307

(e) Early literacy, which shall include the performance 1308
measures in divisions (D) (1) (g), (h), and (i) of this section 1309
and the reported data in division (D) (2) (k) of this section. 1310

If the measure prescribed under division (D) (1) (h) of this 1311
section is included in a report card, performance ratings for 1312
the early literacy component shall give a weight of forty per 1313
cent to the measure prescribed under division (D) (1) (g) of this 1314
section, a weight of thirty-five per cent to the measure 1315
prescribed under division (D) (1) (i) of this section, and a 1316
weight of twenty-five per cent to the measure prescribed under 1317
division (D) (1) (h) of this section. 1318

If the measure prescribed under division (D) (1) (h) of this 1319
section is not included in a report card of a district or 1320
building, performance ratings for the early literacy component 1321
shall give a weight of sixty per cent to the measure prescribed 1322
under division (D) (1) (g) of this section and a weight of forty 1323
per cent to the measure prescribed under division (D) (1) (i) of 1324
this section. 1325

(f) College, career, workforce, and military readiness, 1326
which shall include the performance measure in division (D) (1) 1327
(j) of this section and the reported data in division (D) (2) (e) 1328
of this section. 1329

For the 2021-2022, 2022-2023, and 2023-2024 school years, 1330

the department only shall report the data for, and not assign a 1331
performance rating to, the college, career, workforce, and 1332
military readiness component. The reported data shall include 1333
the percentage of students who demonstrate post-secondary 1334
readiness using any of the options described in division (D)(1) 1335
(j) of this section. 1336

The department shall analyze the data included in the 1337
performance measure prescribed in division (D)(1)(j) of this 1338
section for the 2021-2022, 2022-2023, and 2023-2024 school 1339
years. Using that data, the department shall develop and propose 1340
rules for a method to assign a performance rating to the 1341
college, career, workforce, and military readiness component 1342
based on that measure. The method to assign a performance rating 1343
shall not include a tiered structure or per student bonuses. The 1344
rules shall specify that a district or building shall not 1345
receive lower than a performance rating of three stars for the 1346
component if the district's or building's performance on the 1347
component meets or exceeds a level of improvement set by the 1348
department. Notwithstanding division (D)(4)(b) of this section, 1349
more than half of the total districts and buildings may earn a 1350
performance rating of three stars on this component to account 1351
for the districts and buildings that earned a performance rating 1352
of three stars because they met or exceeded the level of 1353
improvement set by the department. 1354

The department shall submit the rules to the joint 1355
committee on agency rule review. The committee shall conduct at 1356
least one public hearing on the proposed rules and approve or 1357
disapprove the rules. If the committee approves the rules, the 1358
department shall adopt the rules in accordance with Chapter 119. 1359
of the Revised Code. If the rules are adopted, the department 1360
shall assign a performance rating to the college, career, 1361

workforce, and military readiness component under the rules 1362
beginning with the 2024-2025 school year, and for each school 1363
year thereafter. If the committee disapproves the rules, the 1364
component shall be included in the report card only as reported 1365
data for the 2024-2025 school year, and each school year 1366
thereafter. 1367

(g) (i) Except as provided for in division (D) (3) (g) (ii) of 1368
this section, beginning with the 2022-2023 school year, under 1369
the method prescribed under rules adopted in division (D) (4) of 1370
this section, the department shall use the performance ratings 1371
assigned for the components prescribed in divisions (D) (3) (a) to 1372
(e) of this section to determine and assign an overall 1373
performance rating of "one star," "one and one-half stars," "two 1374
stars," "two and one-half stars," "three stars," "three and one- 1375
half stars," "four stars," "four and one-half stars," or "five 1376
stars" for a district or building. The method shall give equal 1377
weight to the components in divisions (D) (3) (b) and (c) of this 1378
section. The method shall give equal weight to the components in 1379
divisions (D) (3) (a), (d), and (e) of this section. The 1380
individual weights of each of the components prescribed in 1381
divisions (D) (3) (a), (d), and (e) of this section shall be equal 1382
to one-half of the weight given to the component prescribed in 1383
division (D) (3) (b) of this section. 1384

(ii) If the joint committee on agency rule review approves 1385
the department's rules regarding the college, career, workforce, 1386
and military readiness component as described in division (D) (3) 1387
(f) of this section, for the 2024-2025 school year, and each 1388
school year thereafter, the department's method shall use the 1389
components in divisions (D) (3) (a), (b), (c), (d), (e), and (f) 1390
of this section to calculate the overall performance rating. The 1391
method shall give equal weight to the components in divisions 1392

(D) (3) (b) and (c) of this section. The method shall give equal 1393
weight to the components prescribed in divisions (D) (3) (a), (d), 1394
(e), and (f) of this section. The individual weights of each of 1395
the components prescribed in divisions (D) (3) (a), (d), (e), and 1396
(f) of this section shall be equal to one-half the weight given 1397
to the component prescribed in division (D) (3) (b) of this 1398
section. 1399

If the joint committee on agency rule review disapproves 1400
the department's rules regarding the college, career, workforce, 1401
and military readiness component as described in division (D) (3) 1402
(f) of this section, division (D) (3) (g) (ii) of this section does 1403
not apply. 1404

(4) (a) The department shall adopt rules in accordance with 1405
Chapter 119. of the Revised Code to establish the performance 1406
criteria, benchmarks, and rating system necessary to implement 1407
divisions (D) and (F) of this section, including the method for 1408
the department to assign performance ratings under division (D) 1409
(3) of this section. 1410

(b) In establishing the performance criteria, benchmarks, 1411
and rating system, the department shall consult with stakeholder 1412
groups and advocates that represent parents, community members, 1413
students, business leaders, and educators from different school 1414
typology regions. The department shall use data from prior 1415
school years and simulations to ensure that there is meaningful 1416
differentiation among districts and buildings across all 1417
performance ratings and that, except as permitted in division 1418
(D) (3) (f) of this section, more than half of all districts or 1419
buildings do not earn the same performance rating in any 1420
component or overall performance rating. 1421

(c) The department shall adopt the rules prescribed by 1422

division (D) (4) of this section not later than March 31, 2022. 1423
However, the department shall notify districts and buildings of 1424
the changes to the report card prescribed in law not later than 1425
one week after September 30, 2021. 1426

(d) Prior to adopting or updating rules under division (D) 1427
(4) of this section, the director of education and workforce and 1428
the department shall conduct a public presentation before the 1429
standing committees of the house of representatives and the 1430
senate that consider primary and secondary education legislation 1431
describing the format for the report card and the performance 1432
criteria, benchmarks, and rating system, including the method to 1433
assign performance ratings under division (D) (3) of this 1434
section. 1435

(E) The department may develop a measure of student 1436
academic progress for high school students using only data from 1437
assessments in English language arts and mathematics. If the 1438
department develops this measure, each school district and 1439
applicable school building shall be assigned a separate letter 1440
grade for it not sooner than the 2017-2018 school year. The 1441
district's or building's grade for that measure shall not be 1442
included in determining the district's or building's overall 1443
letter grade. 1444

(F) (1) The letter grades assigned to a school district or 1445
building under this section shall be as follows: 1446

(a) "A" for a district or school making excellent 1447
progress; 1448

(b) "B" for a district or school making above average 1449
progress; 1450

(c) "C" for a district or school making average progress; 1451

(d) "D" for a district or school making below average progress; 1452
1453

(e) "F" for a district or school failing to meet minimum progress. 1454
1455

(2) For the overall performance rating under division (D) 1456
(3) of this section, the department shall include a descriptor 1457
for each performance rating as follows: 1458

(a) "Significantly exceeds state standards" for a performance rating of five stars; 1459
1460

(b) "Exceeds state standards" for a performance rating of four stars or four and one-half stars; 1461
1462

(c) "Meets state standards" for a performance rating of three stars or three and one-half stars; 1463
1464

(d) "Needs support to meet state standards" for a performance rating of two stars or two and one-half stars; 1465
1466

(e) "Needs significant support to meet state standards" for a performance rating of one star or one and one-half stars. 1467
1468

(3) For performance ratings for each component under divisions (D) (3) (a) to (f) of this section, the department shall include a description of each component and performance rating. The description shall include component-specific context to each performance rating earned, estimated comparisons to other school districts and buildings if appropriate, and any other information determined by the department. The descriptions shall be not longer than twenty-five words in length when possible. In addition to such descriptions, the department shall include the descriptors in division (F) (2) of this section for component performance ratings.

(4) Each report card issued under this section shall	1480
include all of the following:	1481
(a) A graphic that depicts the performance ratings of a	1482
district or school on a color scale. The color associated with a	1483
performance rating of three stars shall be green and the color	1484
associated with a performance rating of one star shall be red.	1485
(b) An arrow graphic that shows data trends for	1486
performance ratings for school districts or buildings. The	1487
department shall determine the data to be used for this graphic,	1488
which shall include at least the three most recent years of	1489
data.	1490
(c) A description regarding the weights that are assigned	1491
to each component and used to determine an overall performance	1492
rating, as prescribed under division (D) (3) (g) of this section,	1493
which shall be included in the presentation of the overall	1494
performance rating on each report card.	1495
(G) When reporting data on student achievement and	1496
progress, the department shall disaggregate that data according	1497
to the following categories:	1498
(1) Performance of students by grade-level;	1499
(2) Performance of students by race and ethnic group;	1500
(3) Performance of students by gender;	1501
(4) Performance of students grouped by those who have been	1502
enrolled in a district or school for three or more years;	1503
(5) Performance of students grouped by those who have been	1504
enrolled in a district or school for more than one year and less	1505
than three years;	1506

(6) Performance of students grouped by those who have been	1507
enrolled in a district or school for one year or less;	1508
(7) Performance of students grouped by those who are	1509
economically disadvantaged;	1510
(8) Performance of students grouped by those who are	1511
enrolled in a conversion community school established under	1512
Chapter 3314. of the Revised Code;	1513
(9) Performance of students grouped by those who are	1514
classified as English learners;	1515
(10) Performance of students grouped by those who have	1516
disabilities;	1517
(11) Performance of students grouped by those who are	1518
classified as migrants;	1519
(12) Performance of students grouped by those who are	1520
identified as gifted in superior cognitive ability and the	1521
specific academic ability fields of reading and math pursuant to	1522
Chapter 3324. of the Revised Code. In disaggregating specific	1523
academic ability fields for gifted students, the department	1524
shall use data for those students with specific academic ability	1525
in math and reading. If any other academic field is assessed,	1526
the department shall also include data for students with	1527
specific academic ability in that field as well.	1528
(13) Performance of students grouped by those who perform	1529
in the lowest quintile for achievement on a statewide basis, as	1530
determined by a method prescribed by the department.	1531
The department may disaggregate data on student	1532
performance according to other categories that the department	1533
determines are appropriate. To the extent possible, the	1534

department shall disaggregate data on student performance 1535
according to any combinations of two or more of the categories 1536
listed in divisions (G) (1) to (13) of this section that it deems 1537
relevant. 1538

In reporting data pursuant to division (G) of this 1539
section, the department shall not include in the report cards 1540
any data statistical in nature that is statistically unreliable 1541
or that could result in the identification of individual 1542
students. For this purpose, the department shall not report 1543
student performance data for any group identified in division 1544
(G) of this section that contains less than ten students. If the 1545
department does not report student performance data for a group 1546
because it contains less than ten students, the department shall 1547
indicate on the report card that is why data was not reported. 1548

(H) The department may include with the report cards any 1549
additional education and fiscal performance data it deems 1550
valuable. 1551

(I) The department shall include on each report card a 1552
list of additional information collected by the department that 1553
is available regarding the district or building for which the 1554
report card is issued. When available, such additional 1555
information shall include student mobility data disaggregated by 1556
race and socioeconomic status, college enrollment data, and the 1557
reports prepared under section 3302.031 of the Revised Code. 1558

The department shall maintain a site on the world wide 1559
web. The report card shall include the address of the site and 1560
shall specify that such additional information is available to 1561
the public at that site. The department shall also provide a 1562
copy of each item on the list to the superintendent of each 1563
school district. The district superintendent shall provide a 1564

copy of any item on the list to anyone who requests it. 1565

(J) (1) (a) Except as provided in division (J) (1) (b) of this 1566
section, for any district that sponsors a conversion community 1567
school under Chapter 3314. of the Revised Code, the department 1568
shall combine data regarding the academic performance of 1569
students enrolled in the community school with comparable data 1570
from the schools of the district for the purpose of determining 1571
the performance of the district as a whole on the report card 1572
issued for the district under this section or section 3302.033 1573
of the Revised Code. 1574

(b) The department shall not combine data from any 1575
conversion community school that a district sponsors if the 1576
conversion community school is a dropout prevention and recovery 1577
community school, as defined in section 3314.02 of the Revised 1578
Code. The department shall include as an addendum to the 1579
district's report card the ratings and performance measures that 1580
are required under section 3314.017 of the Revised Code for any 1581
community school to which division (J) (1) (b) of this section 1582
applies. This addendum shall include, at a minimum, the data 1583
specified in divisions (C) (1) (a), (C) (2), and (C) (3) of section 1584
3314.017 of the Revised Code. 1585

(2) Any district that leases a building to a community 1586
school located in the district or that enters into an agreement 1587
with a community school located in the district whereby the 1588
district and the school endorse each other's programs may elect 1589
to have data regarding the academic performance of students 1590
enrolled in the community school combined with comparable data 1591
from the schools of the district for the purpose of determining 1592
the performance of the district as a whole on the district 1593
report card. Any district that so elects shall annually file a 1594

copy of the lease or agreement with the department. 1595

(3) Any municipal school district, as defined in section 1596
3311.71 of the Revised Code, that sponsors a community school 1597
located within the district's territory, or that enters into an 1598
agreement with a community school located within the district's 1599
territory whereby the district and the community school endorse 1600
each other's programs, may exercise either or both of the 1601
following elections: 1602

(a) To have data regarding the academic performance of 1603
students enrolled in that community school combined with 1604
comparable data from the schools of the district for the purpose 1605
of determining the performance of the district as a whole on the 1606
district's report card; 1607

(b) To have the number of students attending that 1608
community school noted separately on the district's report card. 1609

The election authorized under division (J) (3) (a) of this 1610
section is subject to approval by the governing authority of the 1611
community school. 1612

Any municipal school district that exercises an election 1613
to combine or include data under division (J) (3) of this 1614
section, by the first day of October of each year, shall file 1615
with the department documentation indicating eligibility for 1616
that election, as required by the department. 1617

(K) The department shall include on each report card the 1618
percentage of teachers in the district or building who are 1619
properly certified or licensed teachers, as defined in section 1620
3319.074 of the Revised Code, and a comparison of that 1621
percentage with the percentages of such teachers in similar 1622
districts and buildings. 1623

(L) (1) In calculating English language arts, mathematics, 1624
science, American history, or American government assessment 1625
passage rates used to determine school district or building 1626
performance under this section, the department shall include all 1627
students taking an assessment with accommodation or to whom an 1628
alternate assessment is administered pursuant to division (C) (1) 1629
or (3) of section 3301.0711 of the Revised Code and all students 1630
who take substitute examinations approved under division (B) (4) 1631
of section 3301.0712 of the Revised Code in the subject areas of 1632
science, American history and American government. 1633

(2) In calculating performance index scores, rates of 1634
achievement on the performance indicators established by the 1635
department under section 3302.02 of the Revised Code, and annual 1636
measurable objectives for determining adequate yearly progress 1637
for school districts and buildings under this section, the 1638
department shall do all of the following: 1639

(a) Include for each district or building only those 1640
students who are included in the ADM certified for the first 1641
full school week of October and are continuously enrolled in the 1642
district or building through the time of the spring 1643
administration of any assessment prescribed by division (A) (1) 1644
or (B) (1) of section 3301.0710 or division (B) of section 1645
3301.0712 of the Revised Code that is administered to the 1646
student's grade level; 1647

(b) Include cumulative totals from both the fall and 1648
spring administrations of the third grade English language arts 1649
achievement assessment and, to the extent possible, the summer 1650
administration of that assessment; 1651

(c) Include for each district or building any English 1652
learner in accordance with the department's plan, as approved by 1653

the United States secretary of education, to comply with the 1654
"Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 1655
to 6339. 1656

As used in this section, "English learner" has the same 1657
meaning as in section 3301.0731 of the Revised Code. 1658

(M) Beginning with the 2015-2016 school year and at least 1659
once every three years thereafter, the department shall review 1660
and may adjust the benchmarks for assigning letter grades or 1661
performance ratings to the performance measures and components 1662
prescribed under divisions (C) (3), (D), and (E) of this section. 1663

Sec. 3302.131. (A) Beginning with the 2026-2027 school 1664
year and each school year thereafter, each school district or 1665
community school in which fifty-one per cent or less of the 1666
district's or school's students who took the third grade 1667
mathematics assessment prescribed under section 3301.0710 of the 1668
Revised Code for that school year attained at least a proficient 1669
score on that assessment shall establish and submit to the 1670
department of education and workforce a mathematics achievement 1671
improvement plan. Each district or school required to establish 1672
an achievement improvement plan under this division shall use 1673
curriculum from the list established by the department under 1674
section 3313.6035 of the Revised Code. 1675

(B) The department shall establish guidelines prescribing 1676
the content of and deadlines for mathematics achievement 1677
improvement plans required under division (A) of this section. 1678
The guidelines shall prescribe that each plan include, at a 1679
minimum, an analysis of relevant student performance data, 1680
measurable student performance goals, strategies to meet 1681
specific student needs, a staffing and professional development 1682
plan, and instructional strategies for improving student 1683

performance. The department also shall establish guidelines 1684
regarding the implementation of the mathematics achievement 1685
improvement plans. 1686

(C) Beginning with the 2026-2027 school year and each 1687
school year thereafter, any school district or community school 1688
to which this section applies is no longer required to submit an 1689
improvement plan pursuant to division (A) of this section when 1690
not less than fifty-one per cent of the district's students who 1691
took the third grade mathematics assessment prescribed under 1692
section 3301.0710 of the Revised Code for that school year 1693
attained at least a proficient score on that assessment. 1694

(D) The department shall post in a prominent location on 1695
its web site all plans submitted and all guidelines developed 1696
pursuant to this section. 1697

(E) The department shall develop a student academic 1698
intervention template specific to mathematics and post it on its 1699
publicly accessible web site. Each district or school to which 1700
this section applies shall include the intervention template in 1701
its mathematics achievement improvement plan. 1702

Sec. 3302.132. (A) Beginning with the 2026-2027 school 1703
year and each school year thereafter, for each student required 1704
to be provided mathematics intervention services under section 1705
3313.6034 of the Revised Code, the district shall develop a 1706
mathematics improvement and monitoring plan within sixty days 1707
after receiving the student's results on the third grade 1708
mathematics assessment prescribed under section 3301.0710 of the 1709
Revised Code. The district shall involve the student's parent or 1710
guardian and classroom teacher in developing the plan. The plan 1711
shall include all of the following: 1712

<u>(1) Identification of the student's specific mathematics</u>	1713
<u>deficiencies;</u>	1714

<u>student's classroom instruction through a state-approved vendor</u>	1731
<u>on the list of high-quality tutoring vendors under section</u>	1732
<u>3301.136 of the Revised Code or a locally approved opportunity</u>	1733
<u>that aligns with high-dosage tutoring best practices. High-</u>	1734
<u>dosage tutoring opportunities shall include instruction time</u>	1735
<u>delivered at least three days per week, or at least fifty hours</u>	1736
<u>over thirty-six weeks. High-dosage tutoring may be incorporated</u>	1737
<u>into a student's regular classroom instruction.</u>	1738
<u>(B) (1) The district shall continue to implement the plan</u>	1739
<u>developed under division (A) of this section until the student</u>	1740

achieves the required level of skill in mathematics for the 1741
student's current grade level. 1742

(2) The district shall report any information requested by 1743
the department of education and workforce about the mathematics 1744
improvement and monitoring plans developed under this section in 1745
the manner required by the department. 1746

Sec. 3313.6032. (A) As used in this section, ~~"advanced-~~ 1747
~~learning opportunities in mathematics" or "advanced :~~ 1748

(1) "Advanced mathematics course" means learning- 1749
~~opportunities or~~ a course that provides academic content or 1750
rigor that exceeds the standard mathematics curriculum for the 1751
student's grade level, including a mathematics course that is 1752
two grade levels above the student's current grade level, as 1753
determined by the district. 1754

(2) "Advanced learning opportunities in mathematics" means 1755
services or curricula modifications in mathematics, provided 1756
either in person or utilizing electronic means, which provide 1757
additional rigor or challenge, and may include the following: 1758

(a) Differentiated instruction in which the depth, 1759
breadth, complexity, pacing, and acceleration is tailored to the 1760
student's particular needs and readiness; 1761

(b) Interdisciplinary work. 1762

(B) ~~Except Beginning July 1, 2027, except as otherwise~~ 1763

those opportunities. 1809

Sec. 3313.6034. (A) As used in this section: 1810

(1) "Qualifying student" means a student who demonstrates 1811
a limited level of skill on an achievement assessment prescribed 1812
under section 3301.0710 or an end-of-course examination 1813
prescribed under section 3301.0712 of the Revised Code in 1814
mathematics or English language arts, or both, or who 1815
demonstrates a level of skill that is below grade level or below 1816
proficient on a mathematics diagnostic assessment. "Qualifying 1817
student" does not include a student that has an individualized 1818
education program developed under Chapter 3323. of the Revised 1819
Code that includes services related to a traumatic brain injury 1820
