enacted to read as follows: 20

Sec. 3301.079. (A) (1) The department of education and 21
workforce periodically shall adopt statewide academic standards 22
with emphasis on coherence, focus, and essential knowledge and 23
that are more challenging and demanding when compared to 24
international standards for each of grades kindergarten through 25
twelve in English language arts, mathematics, science, and 26
social studies. 27

(a) The department shall ensure that the standards do all 28
of the following: 29

(i) Include the essential academic content and skills that 30
students are expected to know and be able to do at each grade 31
level that will allow each student to be prepared for 32
postsecondary instruction and the workplace for success in the 33
twenty-first century; 34

(ii) Include the development of skill sets that promote 35
information, media, and technological literacy; 36

(iii) Include interdisciplinary, project-based, real-world 37
learning opportunities; 38

(iv) Instill life-long learning by providing essential 39
knowledge and skills based in the liberal arts tradition, as 40
well as science, technology, engineering, mathematics, and 41
career-technical education; 42

(v) Be clearly written, transparent, and understandable by 43
parents, educators, and the general public. 44

(b) The department shall incorporate into the social 45
studies standards for grades four to twelve academic content 46

regarding the original texts of the Declaration of Independence, 47
the Northwest Ordinance, the Constitution of the United States 48
and its amendments, with emphasis on the Bill of Rights, and the 49
Ohio Constitution, and their original context. The department 50
shall revise the model curricula and achievement assessments 51
adopted under divisions (B) and (C) of this section as necessary 52
to reflect the additional American history and American 53
government content. The department shall make available a list 54
of suggested grade-appropriate supplemental readings that place 55
the documents prescribed by this division in their historical 56
context, which teachers may use as a resource to assist students 57
in reading the documents within that context. 58

(c) When the department adopts or revises academic content 59
standards in social studies, American history, American 60
government, or science under division (A) (1) of this section, it 61
shall develop such standards independently and not as part of a 62
multistate consortium. 63

(2) (a) After completing the standards required by division 64

model curricula for instruction in technology, financial 66

(iii) Private ownership of capital may include a sole proprietorship, a family business, a publicly traded corporation, a group of private investors, or a bank.	80 81 82
(iv) Markets aggregate the exchange of goods and services throughout the world. Market prices are the only way to convey so much constantly changing information about the supply of goods and services, and the demand for them, for consumers and producers to make informed economic decisions for themselves.	83 84 85 86 87
(v) Wealth is created by providing goods and services that people value at a profit, and both sellers and buyers seek to profit in some way in a free market transaction. Thus, profit earned through transactions can be consumed, saved, reinvested in the business, or dispersed to shareholders.	88 89 90 91 92
(vi) Wealth creation involves asset value appreciation and depreciation, voluntary exchange of equity ownership, and open and closed markets.	93 94 95
(vii) The free market is driven by, and tends to produce, entrepreneurship and innovation.	96 97
(viii) The free market can include side effects and market failures where at least part of the cost of the transaction, including producing, transporting, selling, or buying, is born by others outside of the transaction.	98 99 100 101
(ix) The political features of the free market, including legally protected property rights, legally enforceable contracts, patent protections, and the mitigation of side	102 103 104

teachers and representatives from higher education, industry, 128
computer science organizations in Ohio, and national computer 129
science organizations. 130

Any district or school may utilize the computer science 131

instruction in each subject area for which updated academic 148
standards are required by division (A) (1) of this section and 149
for each of grades kindergarten through twelve that is 150

related to each instructional services category, such as the 494
cost of personnel that develop the curriculum for the 495
instructional services category and the cost of personnel 496
supervising or coordinating the delivery of the instructional 497
services category. 498

(4) Support or extracurricular services costs for each 499
category of service directly provided to students and required 500
by guidelines adopted pursuant to division (B) (1) (b) of this 501
section. The guidelines shall require the cost units under 502
division (C) (4) of this section to be designed so that each of 503
them may be compiled and reported in terms of average 504
expenditure per pupil receiving the service in the school 505
district as a whole and average expenditure per pupil receiving 506
the service in each building in the school district and in terms 507
of a total cost for each category of service and, as a breakdown 508
of the total cost, a cost for each of the following components: 509

(a) The cost of each support or extracurricular services 510
category required by guidelines adopted under division (B) (1) (b) 511
of this section that is provided directly to students by a 512
licensed employee, such as services provided by a guidance 513

counselor or any services provided by a licensed employee under 514
a supplemental contract; 515

(b) The cost of each such services category provided 516
directly to students by a nonlicensed employee, such as 517
janitorial services, cafeteria services, or services of a sports 518
trainer; 519

(c) The cost of the administrative services related to 520
each services category in division (C) (4) (a) or (b) of this 521
section, such as the cost of any licensed or nonlicensed 522
employees that develop, supervise, coordinate, or otherwise are 523
involved in administering or aiding the delivery of each 524
services category. 525

(D) (1) The guidelines adopted under this section shall 526
require school districts to collect information about individual 527
students, staff members, or both in connection with any data 528
required by division (B) or (C) of this section or other 529
reporting requirements established in the Revised Code. The 530
guidelines may also require school districts to report 531
information about individual staff members in connection with 532
any data required by division (B) or (C) of this section or 533
other reporting requirements established in the Revised Code. 534
The guidelines shall not authorize school districts to request 535
social security numbers of individual students. The guidelines 536
shall prohibit the reporting under this section of a student's 537
name, address, and social security number to the department. The 538
guidelines shall also prohibit the reporting under this section 539
of any personally identifiable information about any student, 540
except for the purpose of assigning the data verification code 541
required by division (D) (2) of this section, to any other person 542
unless such person is employed by the school district or the 543

information technology center operated under section 3301.075 of 544
the Revised Code and is authorized by the district or technology 545
center to have access to such information or is employed by an 546
entity with which the department contracts for the scoring or 547
the development of state assessments. The guidelines may require 548
school districts to provide the social security numbers of 549
individual staff members and the county of residence for a 550
student. Nothing in this section prohibits the department from 551
providing a student's county of residence to the department of 552
taxation to facilitate the distribution of tax revenue. 553

(2) (a) The guidelines shall provide for each school 554
district or community school to assign a data verification code 555
that is unique on a statewide basis over time to each student 556
whose initial Ohio enrollment is in that district or school and 557
to report all required individual student data for that student 558
utilizing such code. The guidelines shall also provide for 559
assigning data verification codes to all students enrolled in 560
districts or community schools on the effective date of the 561
guidelines established under this section. The assignment of 562
data verification codes for other entities, as described in 563
division (D) (2) (d) of this section, the use of those codes, and 564
the reporting and use of associated individual student data 565
shall be coordinated by the department of education and 566
workforce in accordance with state and federal law. 567

School districts shall report individual student data to 568
the department through the information technology centers 569
utilizing the code. The entities described in division (D) (2) (d) 570
of this section shall report individual student data to the 571
department in the manner prescribed by the department. 572

(b) (i) Except as provided in sections 3301.941, 3310.11, 573

3310.42, 3310.63, 3313.978, 3317.20, and 5747.057 of the Revised Code, and in division (D) (2) (b) (ii) of this section, at no time shall the department have access to information that would enable any data verification code to be matched to personally identifiable student data.

(ii) For the purpose of making per-pupil payments to community schools under section 3317.022 of the Revised Code, the department shall have access to information that would enable any data verification code to be matched to personally identifiable student data.

(c) Each school district and community school shall ensure that the data verification code is included in the student's records reported to any subsequent school district, community school, or state institution of higher education, as defined in section 3345.011 of the Revised Code, in which the student enrolls. Any such subsequent district or school shall utilize the same identifier in its reporting of data under this section.

(d) (i) The director of any state agency that administers a publicly funded program providing services to children who are younger than compulsory school age, as defined in section 3321.01 of the Revised Code, including the directors of health, job and family services, ~~mental health and addiction services~~ behavioral health, children and youth, and developmental disabilities, shall request and receive, pursuant to sections 3301.0723 and 5180.33 of the Revised Code, a data verification code for a child who is receiving those services.

of education and workforce, on behalf of a program that receives 606
public funds and provides services to children who are younger 607
than compulsory school age, may request and receive, pursuant to 608
section 3301.0723 of the Revised Code, a data verification code 609
for a child who is receiving services from the program. 610

(E) The guidelines adopted under this section may require 611
school districts to collect and report data, information, or 612
reports other than that described in divisions (A), (B), and (C) 613
of this section for the purpose of complying with other 614
reporting requirements established in the Revised Code. The 615
other data, information, or reports may be maintained in the 616
education management information system but are not required to 617
be compiled as part of the profile formats required under 618
division (G) of this section or the annual statewide report 619
required under division (H) of this section. 620

(F) The board of education of each school district shall 621
annually collect and report to the department, in accordance 622
with the guidelines established by the department, the data 623
required pursuant to this section. A school district may collect 624
and report these data notwithstanding section 2151.357 or 625
3319.321 of the Revised Code. 626

(G) The department shall, in accordance with the 627
procedures it adopts, annually compile the data reported by each 628
school district pursuant to division (D) of this section. The 629
department shall design formats for profiling each school 630
district as a whole and each school building within each 631
district and shall compile the data in accordance with these 632
formats. These profile formats shall: 633

(1) Include all of the data gathered under this section in a manner that facilitates comparison among school districts and among school buildings within each school district;

(2) Present the data on academic achievement levels as assessed by the testing of student achievement maintained pursuant to division (B) (1) (d) of this section.

(H) (1) The department shall, in accordance with the procedures it adopts, annually prepare a statewide report for all school districts and the general public that includes the profile of each of the school districts developed pursuant to division (G) of this section. Copies of the report shall be sent to each school district.

(2) The department shall, in accordance with the procedures it adopts, annually prepare an individual report for each school district and the general public that includes the profiles of each of the school buildings in that school district developed pursuant to division (G) of this section.

(I) Any data that is collected or maintained pursuant to this section and that identifies an individual pupil is not a public record for the purposes of section 149.43 of the Revised Code.

(J) As used in this section:

(1) "School district" means any city, local, exempted village, or joint vocational school district and, in accordance with section 3314.17 of the Revised Code, any community school. As used in division (L) of this section, "school district" also includes any educational service center or other educational entity required to submit data using the system established under this section.

(2) "Cost" means any expenditure for operating expenses 663
made by a school district excluding any expenditures for debt 664
retirement except for payments made to any commercial lending 665
institution for any loan approved pursuant to section 3313.483 666
of the Revised Code. 667

(K) Any person who removes data from the information 668
system established under this section for the purpose of 669
releasing it to any person not entitled under law to have access 670
to such information is subject to section 2913.42 of the Revised 671
Code prohibiting tampering with data. 672

(L) (1) In accordance with division (L) (2) of this section 673
and the rules adopted under division (L) (10) of this section, 674
the department may sanction any school district that reports 675
incomplete or inaccurate data, reports data that does not 676
conform to data requirements and descriptions published by the 677
department, fails to report data in a timely manner, or 678
otherwise does not make a good faith effort to report data as 679
required by this section. 680

(2) If the department decides to sanction a school 681
district under this division, the department shall take the 682
following sequential actions: 683

(a) Notify the district in writing that the department has 684
determined that data has not been reported as required under 685
this section and require the district to review its data 686
submission and submit corrected data by a deadline established 687
by the department. The department also may require the district 688
to develop a corrective action plan, which shall include 689
provisions for the district to provide mandatory staff training 690
on data reporting procedures. 691

(b) Withhold up to ten per cent of the total amount of state funds due to the district for the current fiscal year and, if not previously required under division (L) (2) (a) of this section, require the district to develop a corrective action plan in accordance with that division;

(c) Withhold an additional amount of up to twenty per cent of the total amount of state funds due to the district for the current fiscal year;

(d) Direct department staff or an outside entity to investigate the district's data reporting practices and make recommendations for subsequent actions. The recommendations may include one or more of the following actions:

(i) Arrange for an audit of the district's data reporting practices by department staff or an outside entity;

(ii) Conduct a site visit and evaluation of the district;

(iii) Withhold an additional amount of up to thirty per cent of the total amount of state funds due to the district for the current fiscal year;

(iv) Continue monitoring the district's data reporting;

(v) Assign department staff to supervise the district's data management system;

(vi) Conduct an investigation to determine whether to suspend or revoke the license of any district employee in accordance with division (N) of this section;

(vii) If the district is issued a report card under section 3302.03 of the Revised Code, indicate on the report card that the district has been sanctioned for failing to report data as required by this section;

(viii) If the district is issued a report card under 720
section 3302.03 of the Revised Code and incomplete or inaccurate 721
data submitted by the district likely caused the district to 722
receive a higher performance rating than it deserved under that 723
section, issue a revised report card for the district; 724

(ix) Any other action designed to correct the district's 725
data reporting problems. 726

(3) Any time the department takes an action against a 727
school district under division (L)(2) of this section, the 728
department shall make a report of the circumstances that 729
prompted the action. The department shall send a copy of the 730
report to the district superintendent or chief administrator and 731
maintain a copy of the report in its files. 732

(4) If any action taken under division (L)(2) of this 733
section resolves a school district's data reporting problems to 734
the department's satisfaction, the department shall not take any 735
further actions described by that division. If the department 736
withheld funds from the district under that division, the 737
department may release those funds to the district, except that 738
if the department withheld funding under division (L)(2)(c) of 739
this section, the department shall not release the funds 740
withheld under division (L)(2)(b) of this section and, if the 741
department withheld funding under division (L)(2)(d) of this 742
section, the department shall not release the funds withheld 743
under division (L)(2)(b) or (c) of this section. 744

(5) Notwithstanding anything in this section to the 745
contrary, the department may use its own staff or an outside 746
entity to conduct an audit of a school district's data reporting 747
practices any time the department has reason to believe the 748
district has not made a good faith effort to report data as 749

required by this section. If any audit conducted by an outside 750
entity under division (L) (2) (d) (i) or (5) of this section 751
confirms that a district has not made a good faith effort to 752
report data as required by this section, the district shall 753
reimburse the department for the full cost of the audit. The 754
department may withhold state funds due to the district for this 755
purpose. 756

(6) Prior to issuing a revised report card for a school 757
district under division (L) (2) (d) (viii) of this section, the 758
department may hold a hearing to provide the district with an 759
opportunity to demonstrate that it made a good faith effort to 760
report data as required by this section. The hearing shall be 761
conducted by a referee appointed by the department. Based on the 762
information provided in the hearing, the referee shall recommend 763
whether the department should issue a revised report card for 764
the district. If the referee affirms the department's contention 765
that the district did not make a good faith effort to report 766
data as required by this section, the district shall bear the 767
full cost of conducting the hearing and of issuing any revised 768
report card. 769

(7) If the department determines that any inaccurate data 770
reported under this section caused a school district to receive 771
excess state funds in any fiscal year, the district shall 772
reimburse the department an amount equal to the excess funds, in 773
accordance with a payment schedule determined by the department. 774
The department may withhold state funds due to the district for 775
this purpose. 776

(8) Any school district that has funds withheld under 777
division (L) (2) of this section may appeal the withholding in 778
accordance with Chapter 119. of the Revised Code. 779

(9) In all cases of a disagreement between the department 780
and a school district regarding the appropriateness of an action 781
taken under division (L) (2) of this section, the burden of proof 782
shall be on the district to demonstrate that it made a good 783
faith effort to report data as required by this section. 784

(10) The director of education and workforce shall adopt 785
rules under Chapter 119. of the Revised Code to implement 786
division (L) of this section. 787

(M) No information technology center or school district 788
shall acquire, change, or update its student administration 789
software package to manage and report data required to be 790
reported to the department unless it converts to a student 791
software package that is certified by the department. 792

(N) The state board of education, in accordance with 793
sections 3319.31 and 3319.311 of the Revised Code, may suspend 794
or revoke a license as defined under division (A) of section 795
3319.31 of the Revised Code that has been issued to any school 796
district employee found to have willfully reported erroneous, 797
inaccurate, or incomplete data to the education management 798
information system. 799

(O) No person shall release or maintain any information 800
about any student in violation of this section. Whoever violates 801
this division is guilty of a misdemeanor of the fourth degree. 802

(P) If the department cannot compile any of the 803
information required by division (I) of section 3302.03 of the 804
Revised Code based upon the data collected under this section, 805
the department shall develop a plan and a reasonable timeline 806
for the collection of any data necessary to comply with that 807
division. 808

Sec. 3301.0715. (A) (1) The board of education of each 809
city, local, and exempted village school district shall 810
administer a diagnostic assessment in reading and mathematics 811
adopted or approved in accordance with section 3301.079 of the 812
Revised Code to the following: 813

(a) Each student enrolled in kindergarten, first, second, 814
or third grade. 815

(b) Any student who transfers into the district or to a 816
different school within the district if each applicable 817
diagnostic assessment was not administered by the district or 818
school the student previously attended in the current school 819
year, within thirty days after the date of transfer. If the 820
district or school into which the student transfers cannot 821
determine whether the student has taken any applicable 822
diagnostic assessment in the current school year, the district 823
or school may administer the diagnostic assessment to the 824
student. However, if a student transfers into the district prior 825
to the administration of the diagnostic assessments to all 826
students under division (B) of this section, the district may 827
administer the diagnostic assessments to that student on the 828
date or dates determined under that division. 829

(2) The district shall administer the kindergarten 830
readiness assessment to each kindergarten student not earlier 831
than the first day of July of the school year in which the 832
student is enrolled in kindergarten and not later than the 833
twentieth day of instruction of that school year. In no case 834
shall the results of the readiness assessment be used to 835
prohibit a student from enrolling in kindergarten. 836

(3) No school district shall administer diagnostic 837
assessments from multiple providers in the subject of reading or 838

mathematics to the same student in grades kindergarten to three, 839
unless one of the following apply: 840

(a) An additional diagnostic assessment in the applicable 841
subject area is indicated by the student's individualized 842
education program developed under Chapter 3323. of the Revised 843
Code; 844

(b) The results of the student's diagnostic assessment in 845
reading indicate that additional assessment is necessary 846
pursuant to section 3323.251 of the Revised Code to determine if 847
the student is at risk of dyslexia; 848

(c) Any other reason as determined appropriate by the 849
department. 850

Except as otherwise provided under this section, no school 851
district shall administer diagnostic assessments from multiple 852
providers to receive higher ratings on the state report card 853
under section 3302.03 of the Revised Code. However, a school 854
district may administer additional diagnostic assessments to 855
inform instruction and supports at the district level. 856

(4) (a) A provider that offers a reading diagnostic 857
assessment approved under division (D) (1) of section 3301.079 of 858
the Revised Code, as it existed prior to the effective date of 859
this amendment, may apply to the department for a waiver to 860
permit school districts to use another reading diagnostic 861
assessment offered by that provider. 862

(b) An application for a waiver shall be submitted in a 863
form and manner prescribed by the department. The department 864
shall approve a waiver application for a previously approved 865
reading diagnostic assessment if it meets all criteria for 866
diagnostic assessments under division (D) (1) of section 3301.079 867

of the Revised Code. 868

(B) ~~Each~~ Except as provided under division (A) (4) of this 869
section, each district board shall administer each diagnostic 870
assessment described in division (A) (1) of this section at least 871
once annually by the thirtieth day of September to all students 872
in the appropriate grade level. The board shall administer a 873
diagnostic assessment to a student with a significant cognitive 874
disability in accordance with guidelines adopted by the 875
department of education and workforce. A district board may 876
administer any diagnostic assessment in the fall and spring of a 877
school year to measure the amount of academic growth 878
attributable to the instruction received by students during that 879
school year. 880

(C) Each district board shall utilize and score the 881
kindergarten readiness assessment in accordance with rules 882
established by the department of children and youth and shall 883
utilize and score each diagnostic assessment described in 884
division (A) (1) of this section in accordance with rules 885
established by the department of education and workforce. After 886
the administration of the kindergarten readiness assessment or a 887
diagnostic assessment described in division (A) (1) of this 888
section, each district shall provide a student's completed 889
assessment, the results of such assessment, and any other 890
accompanying documents used during the administration of the 891
assessment to the parent of that student. The district shall 892
include all such documents and information related to a 893
diagnostic assessment described in division (A) (1) of this 894
section in any plan developed for the student under division (C) 895
of section 3313.608 of the Revised Code. Each district shall 896
submit, in the manner prescribed by each department, the results 897
of the assessments administered under this section as follows: 898

division (A)(1) of this section to the department of education	902
and workforce pursuant to section 3301.0714 of the Revised Code.	903
The department of children and youth may report school and	904
district level kindergarten readiness assessment data. The	905
department of education and workforce may report data from any	906
diagnostic assessment described in division (A)(1) of this	907
section and may use that data to calculate the measures	908
prescribed by divisions (B)(1)(g), (C)(1)(g), and (D)(1)(h) of	909
section 3302.03 of the Revised Code.	910
(D) Each district board shall provide intervention	911
services to students whose diagnostic assessments described in	912
division (A)(1) of this section show that they are failing to	913
make satisfactory progress toward attaining the academic	914
standards for their grade level.	915
(E) Any chartered nonpublic school may elect to administer	916
the kindergarten readiness assessment to all kindergarten	917
students enrolled in the school. If the school so elects, the	918
chief administrator of the school shall notify the director of	919
children and youth not later than the thirty-first day of March	920
prior to any school year in which the school will administer the	921
assessment. The department of children and youth shall furnish	922
the assessment to the school at no cost to the school. In	923
administering the assessment, the school shall do all of the	924
following:	925
(1) Enter into a written agreement with the department of	926
children and youth specifying that the school will share each	927

participating student's assessment data with the department and, 928
that for the purpose of reporting the data to the department, 929
each participating student will be assigned a data verification 930
code as described in division (D) (2) of section 3301.0714 of the 931
Revised Code; 932

(2) Require the assessment to be administered by a teacher 933
certified under section 3301.071 of the Revised Code who either 934
has completed training on administering the kindergarten 935
readiness assessment or has been trained by another person who 936
has completed such training; 937

(3) Administer the assessment in the same manner as school 938
districts are required to do under this section and the rules 939
established under division (C) of this section. 940

(F) A school district in which less than eighty per cent 941
of its students score at the proficient level or higher on the 942
third-grade English language arts assessment prescribed under 943
section 3301.0710 of the Revised Code shall establish a reading 944
improvement plan supported by reading specialists. Prior to 945
implementation, the plan shall be approved by the school 946
district board of education. 947

(G) As used in this section, "kindergarten readiness 948
assessment" means the diagnostic assessment provided by the 949
department of children and youth under section 5104.52 of the 950
Revised Code. 951

Sec. 3301.0734. (A) Not later than April 15, 2027, the 952
department of education and workforce shall review core 953
mathematics curricula and establish a list of high-quality core 954
curriculum and instructional materials in mathematics, and a 955
list of evidence-based mathematics intervention programs, that 956

are aligned with state standards and best practices. 957

(B) The department shall establish a rubric and scoring system to evaluate core mathematics curricula based upon whether or the extent to which a curriculum facilitates a student's skill building and sequential advancement through mastery and meets standards established by the department. The standards may include whether a curriculum is supported by research that qualifies as tier two or higher under the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6301 et seq., and demonstrates a statistically significant effect on improving student outcomes. The standards also may include whether a curriculum receives an all green rating from edreports, or its successor organization, for the relevant subject matter and grade bands. 958

The department shall adopt rules pursuant to Chapter 119. of the 994
Revised Code to implement this section. The department's rules 995
shall establish performance criteria for each letter grade or 996
performance rating and prescribe a method by which the 997
department assigns each letter grade or performance rating. For 998
a school building to which any of the performance measures do 999
not apply, due to grade levels served by the building, the 1000
department shall designate the performance measures that are 1001
applicable to the building and that must be calculated 1002
separately and used to calculate the building's overall grade or 1003
performance rating. The department shall issue annual report 1004
cards reflecting the performance of each school district, each 1005
building within each district, and for the state as a whole 1006
using the performance measures and letter grade or performance 1007
rating system described in this section. The department shall 1008
include on the report card for each district and each building 1009
within each district the most recent two-year trend data in 1010
student achievement for each subject and each grade. 1011

(A) (1) For the 2012-2013 school year, the department shall 1012
issue grades as described in division (F) of this section for 1013
each of the following performance measures: 1014

(a) Annual measurable objectives; 1015

(b) Performance index score for a school district or 1016

building. Grades shall be awarded as a percentage of the total 1017
possible points on the performance index system as adopted by 1018
the department. In adopting benchmarks for assigning letter 1019
grades under division (A) (1) (b) of this section, the department 1020
shall designate ninety per cent or higher for an "A," at least 1021
seventy per cent but not more than eighty per cent for a "C," 1022
and less than fifty per cent for an "F." 1023

(c) The extent to which the school district or building 1024
meets each of the applicable performance indicators established 1025
by the department under section 3302.02 of the Revised Code and 1026
the percentage of applicable performance indicators that have 1027
been achieved. In adopting benchmarks for assigning letter 1028
grades under division (A) (1) (c) of this section, the department 1029
shall designate ninety per cent or higher for an "A." 1030

(d) The four- and five-year adjusted cohort graduation 1031
rates. 1032

In adopting benchmarks for assigning letter grades under 1033
division (A) (1) (d), (B) (1) (d), or (C) (1) (d) of this section, the 1034
department shall designate a four-year adjusted cohort 1035
graduation rate of ninety-three per cent or higher for an "A" 1036
and a five-year cohort graduation rate of ninety-five per cent 1037
or higher for an "A." 1038

(e) The overall score under the value-added progress 1039
dimension of a school district or building, for which the 1040
department shall use up to three years of value-added data as 1041
available. The letter grade assigned for this growth measure 1042
shall be as follows: 1043

(i) A score that is at least one standard error of measure 1044
above the mean score shall be designated as an "A." 1045

(ii) A score that is less than one standard error of 1046
measure above but greater than one standard error of measure 1047
below the mean score shall be designated as a "B." 1048

(iii) A score that is less than or equal to one standard 1049
error of measure below the mean score but greater than two 1050
standard errors of measure below the mean score shall be 1051
designated as a "C." 1052

(iv) A score that is less than or equal to two standard 1053
errors of measure below the mean score but is greater than three 1054
standard errors of measure below the mean score shall be 1055
designated as a "D." 1056

(v) A score that is less than or equal to three standard 1057
errors of measure below the mean score shall be designated as an 1058
"F." 1059

Whenever the value-added progress dimension is used as a 1060
graded performance measure in this division and divisions (B) 1061
and (C) of this section, whether as an overall measure or as a 1062
measure of separate subgroups, the grades for the measure shall 1063
be calculated in the same manner as prescribed in division (A) 1064
(1)(e) of this section. 1065

(f) The value-added progress dimension score for a school 1066
district or building disaggregated for each of the following 1067
subgroups: students identified as gifted, students with 1068
disabilities, and students whose performance places them in the 1069
lowest quintile for achievement on a statewide basis. Each 1070
subgroup shall be a separate graded measure. 1071

(2) The department shall adopt a resolution describing the 1072
performance measures, benchmarks, and grading system for the 1073
2012-2013 school year and shall adopt rules in accordance with 1074

Chapter 119. of the Revised Code that prescribe the methods by 1075
which the performance measures under division (A) (1) of this 1076
section shall be assessed and assigned a letter grade, including 1077
performance benchmarks for each letter grade. 1078

At least forty-five days prior to the department's 1079
adoption of rules to prescribe the methods by which the 1080
performance measures under division (A) (1) of this section shall 1081
be assessed and assigned a letter grade, the department shall 1082
conduct a public presentation before the standing committees of 1083
the house of representatives and the senate that consider 1084
education legislation describing such methods, including 1085
performance benchmarks. 1086

(3) There shall not be an overall letter grade for a 1087
school district or building for the 2012-2013 school year. 1088

(B) (1) For the 2013-2014 school year, the department shall 1089
issue grades as described in division (F) of this section for 1090
each of the following performance measures: 1091

(a) Annual measurable objectives; 1092

(b) Performance index score for a school district or 1093
building. Grades shall be awarded as a percentage of the total 1094
possible points on the performance index system as created by 1095
the department. In adopting benchmarks for assigning letter 1096
grades under division (B) (1) (b) of this section, the department 1097
shall designate ninety per cent or higher for an "A," at least 1098
seventy per cent but not more than eighty per cent for a "C," 1099
and less than fifty per cent for an "F." 1100

(c) The extent to which the school district or building 1101
meets each of the applicable performance indicators established 1102
by the department under section 3302.03 of the Revised Code and 1103

the percentage of applicable performance indicators that have 1104
been achieved. In adopting benchmarks for assigning letter 1105
grades under division (B) (1) (c) of this section, the department 1106
shall designate ninety per cent or higher for an "A." 1107

(d) The four- and five-year adjusted cohort graduation 1108
rates; 1109

(e) The overall score under the value-added progress 1110
dimension of a school district or building, for which the 1111
department shall use up to three years of value-added data as 1112
available. 1113

(f) The value-added progress dimension score for a school 1114
district or building disaggregated for each of the following 1115
subgroups: students identified as gifted in superior cognitive 1116
ability and specific academic ability fields under Chapter 3324. 1117
of the Revised Code, students with disabilities, and students 1118
whose performance places them in the lowest quintile for 1119
achievement on a statewide basis. Each subgroup shall be a 1120
separate graded measure. 1121

(g) Whether a school district or building is making 1122
progress in improving literacy in grades kindergarten through 1123
three, as determined using a method prescribed by the 1124
department. The department shall adopt rules to prescribe 1125
benchmarks and standards for assigning grades to districts and 1126
buildings for purposes of division (B) (1) (g) of this section. In 1127
adopting benchmarks for assigning letter grades under divisions 1128
(B) (1) (g) and (C) (1) (g) of this section, the department shall 1129
determine progress made based on the reduction in the total 1130
percentage of students scoring below grade level, or below 1131
proficient, compared from year to year on the reading diagnostic 1132
assessments administered under section 3301.0715 of the Revised 1133

Code and the third grade English language arts assessment under 1134
section 3301.0710 of the Revised Code, as applicable. The 1135
department shall designate for a "C" grade a value that is not 1136
lower than the statewide average value for this measure. No 1137
grade shall be issued under divisions (B) (1) (g) and (C) (1) (g) of 1138
this section for a district or building in which less than five 1139
per cent of students have scored below grade level on the 1140
diagnostic assessment administered to students in kindergarten 1141
under division (B) (1) of section 3313.608 of the Revised Code. 1142

(h) For a high mobility school district or building, an 1143
additional value-added progress dimension score. For this 1144
measure, the department shall use value-added data from the most 1145
recent school year available and shall use assessment scores for 1146
only those students to whom the district or building has 1147
administered the assessments prescribed by section 3301.0710 of 1148
the Revised Code for each of the two most recent consecutive 1149
school years. 1150

As used in this division, "high mobility school district 1151
or building" means a school district or building where at least 1152
twenty-five per cent of its total enrollment is made up of 1153
students who have attended that school district or building for 1154
less than one year. 1155

(2) In addition to the graded measures in division (B) (1) 1156
of this section, the department shall include on a school 1157
district's or building's report card all of the following 1158
without an assigned letter grade: 1159

(a) The percentage of students enrolled in a district or 1160
building participating in advanced placement classes and the 1161
percentage of those students who received a score of three or 1162
better on advanced placement examinations; 1163

(b) The number of a district's or building's students who 1164
have earned at least three college credits through dual 1165
enrollment or advanced standing programs, such as the post- 1166
secondary enrollment options program under Chapter 3365. of the 1167
Revised Code and state-approved career-technical courses offered 1168
through dual enrollment or statewide articulation, that appear 1169
on a student's transcript or other official document, either of 1170
which is issued by the institution of higher education from 1171
which the student earned the college credit. The credits earned 1172
that are reported under divisions (B) (2) (b) and (C) (2) (c) of 1173
this section shall not include any that are remedial or 1174
developmental and shall include those that count toward the 1175
curriculum requirements established for completion of a degree. 1176

(c) The percentage of students enrolled in a district or 1177
building who have taken a national standardized test used for 1178
college admission determinations and the percentage of those 1179
students who are determined to be remediation-free in accordance 1180
with standards adopted under division (F) of section 3345.061 of 1181
the Revised Code; 1182

(d) The percentage of the district's or the building's 1183
students who receive industry-recognized credentials as approved 1184
under section 3313.6113 of the Revised Code. 1185

(e) The percentage of students enrolled in a district or 1186

(f) The percentage of the district's or building's 1191
students who receive an honors diploma under division (B) of 1192
section 3313.61 of the Revised Code. 1193

(3) The department shall adopt rules in accordance with 1194
Chapter 119. of the Revised Code that prescribe the methods by 1195
which the performance measures under divisions (B) (1) (f) and (B) 1196
(1) (g) of this section will be assessed and assigned a letter 1197
grade, including performance benchmarks for each grade. 1198

At least forty-five days prior to the department's 1199
adoption of rules to prescribe the methods by which the 1200
performance measures under division (B) (1) of this section shall 1201
be assessed and assigned a letter grade, the department shall 1202
conduct a public presentation before the standing committees of 1203
the house of representatives and the senate that consider 1204
education legislation describing such methods, including 1205
performance benchmarks. 1206

(4) There shall not be an overall letter grade for a 1207
school district or building for the 2013-2014, 2014-2015, 2015- 1208
2016, and 2016-2017 school years. 1209

(C) (1) For the 2014-2015, 2015-2016, 2016-2017, 2017-2018, 1210
2018-2019, 2019-2020, and 2020-2021 school years, the department 1211
shall issue grades as described in division (F) of this section 1212
for each of the performance measures prescribed in division (C) 1213
(1) of this section. The graded measures are as follows: 1214

(a) Annual measurable objectives. For the 2017-2018 school 1215
year, the department shall not include any subgroup data in the 1216
annual measurable objectives that includes data from fewer than 1217
twenty-five students. For the 2018-2019 school year, the 1218
department shall not include any subgroup data in the annual 1219
measurable objectives that includes data from fewer than twenty 1220
students. Beginning with the 2019-2020 school year, the 1221
department shall not include any subgroup data in the annual 1222
measurable objectives that includes data from fewer than fifteen 1223

students. 1224

(b) Performance index score for a school district or 1225
building. Grades shall be awarded as a percentage of the total 1226
possible points on the performance index system as created by 1227
the department. In adopting benchmarks for assigning letter 1228
grades under division (C) (1) (b) of this section, the department 1229
shall designate ninety per cent or higher for an "A," at least 1230
seventy per cent but not more than eighty per cent for a "C," 1231
and less than fifty per cent for an "F." 1232

(c) The extent to which the school district or building 1233
meets each of the applicable performance indicators established 1234
by the department under section 3302.03 of the Revised Code and 1235
the percentage of applicable performance indicators that have 1236
been achieved. In adopting benchmarks for assigning letter 1237
grades under division (C) (1) (c) of this section, the department 1238
shall designate ninety per cent or higher for an "A." 1239

(d) The four- and five-year adjusted cohort graduation 1240
rates; 1241

(e) The overall score under the value-added progress 1242
dimension, or another measure of student academic progress if 1243
adopted by the department, of a school district or building, for 1244
which the department shall use up to three years of value-added 1245
data as available. 1246

In adopting benchmarks for assigning letter grades for 1247
overall score on value-added progress dimension under division 1248
(C) (1) (e) of this section, the department shall prohibit the 1249
assigning of a grade of "A" for that measure unless the 1250
district's or building's grade assigned for value-added progress 1251
dimension for all subgroups under division (C) (1) (f) of this 1252

section is a "C" or higher. 1253

For the metric prescribed by division (C) (1) (e) of this 1254
section, the department may adopt a student academic progress 1255
measure to be used instead of the value-added progress 1256
dimension. If the department adopts such a measure, it also 1257
shall prescribe a method for assigning letter grades for the new 1258
measure that is comparable to the method prescribed in division 1259
(A) (1) (e) of this section. 1260

(f) The value-added progress dimension score of a school 1261
district or building disaggregated for each of the following 1262
subgroups: students identified as gifted in superior cognitive 1263
ability and specific academic ability fields under Chapter 3324. 1264
of the Revised Code, students with disabilities, and students 1265
whose performance places them in the lowest quintile for 1266
achievement on a statewide basis, as determined by a method 1267
prescribed by the department. Each subgroup shall be a separate 1268
graded measure. 1269

The department may adopt student academic progress 1270
measures to be used instead of the value-added progress 1271
dimension. If the department adopts such measures, it also shall 1272
prescribe a method for assigning letter grades for the new 1273
measures that is comparable to the method prescribed in division 1274
(A) (1) (e) of this section. 1275

(g) Whether a school district or building is making 1276
progress in improving literacy in grades kindergarten through 1277
three, as determined using a method prescribed by the 1278
department. The department shall adopt rules to prescribe 1279
benchmarks and standards for assigning grades to a district or 1280
building for purposes of division (C) (1) (g) of this section. The 1281
department shall designate for a "C" grade a value that is not 1282

lower than the statewide average value for this measure. No 1283
grade shall be issued under division (C) (1) (g) of this section 1284
for a district or building in which less than five per cent of 1285
students have scored below grade level on the kindergarten 1286
diagnostic assessment under division (B) (1) of section 3313.608 1287
of the Revised Code. 1288

(h) For a high mobility school district or building, an 1289
additional value-added progress dimension score. For this 1290
measure, the department shall use value-added data from the most 1291
recent school year available and shall use assessment scores for 1292
only those students to whom the district or building has 1293
administered the assessments prescribed by section 3301.0710 of 1294
the Revised Code for each of the two most recent consecutive 1295
school years. 1296

As used in this division, "high mobility school district 1297
or building" means a school district or building where at least 1298
twenty-five per cent of its total enrollment is made up of 1299
students who have attended that school district or building for 1300
less than one year. 1301

(2) In addition to the graded measures in division (C) (1) 1302
of this section, the department shall include on a school 1303
district's or building's report card all of the following 1304
without an assigned letter grade: 1305

(a) The percentage of students enrolled in a district or 1306
building who have taken a national standardized test used for 1307
college admission determinations and the percentage of those 1308
students who are determined to be remediation-free in accordance 1309
with the standards adopted under division (F) of section 1310
3345.061 of the Revised Code; 1311

(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B) (2) (b) and (C) (2) (c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;

(e) The percentage of the district's or building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code;

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;

(g) The results of the college and career-ready assessments administered under division (B) (1) of section

3301.0712 of the Revised Code; 1341

(h) Whether the school district or building has 1342
implemented a positive behavior intervention and supports 1343
framework in compliance with the requirements of section 3319.46 1344
of the Revised Code, notated as a "yes" or "no" answer. 1345

(3) The department shall adopt rules pursuant to Chapter 1346
119. of the Revised Code that establish a method to assign an 1347
overall grade for a school district or school building for the 1348
2017-2018 school year and each school year thereafter. The rules 1349
shall group the performance measures in divisions (C) (1) and (2) 1350
of this section into the following components: 1351

(a) Gap closing, which shall include the performance 1352
measure in division (C) (1) (a) of this section; 1353

(b) Achievement, which shall include the performance 1354
measures in divisions (C) (1) (b) and (c) of this section; 1355

(c) Progress, which shall include the performance measures 1356
in divisions (C) (1) (e) and (f) of this section; 1357

(d) Graduation, which shall include the performance 1358
measure in division (C) (1) (d) of this section; 1359

(e) Kindergarten through third-grade literacy, which shall 1360
include the performance measure in division (C) (1) (g) of this 1361
section; 1362

(f) Prepared for success, which shall include the 1363
performance measures in divisions (C) (2) (a), (b), (c), (d), (e), 1364
and (f) of this section. The department shall develop a method 1365
to determine a grade for the component in division (C) (3) (f) of 1366
this section using the performance measures in divisions (C) (2) 1367
(a), (b), (c), (d), (e), and (f) of this section. When 1368

available, the department may incorporate the performance 1369
measure under division (C) (2) (g) of this section into the 1370
component under division (C) (3) (f) of this section. When 1371
determining the overall grade for the prepared for success 1372
component prescribed by division (C) (3) (f) of this section, no 1373
individual student shall be counted in more than one performance 1374
measure. However, if a student qualifies for more than one 1375
performance measure in the component, the department may, in its 1376
method to determine a grade for the component, specify an 1377
additional weight for such a student that is not greater than or 1378
equal to 1.0. In determining the overall score under division 1379
(C) (3) (f) of this section, the department shall ensure that the 1380
pool of students included in the performance measures aggregated 1381
under that division are all of the students included in the 1382
four- and five-year adjusted graduation cohort. 1383

In the rules adopted under division (C) (3) of this 1384
section, the department shall adopt a method for determining a 1385
grade for each component in divisions (C) (3) (a) to (f) of this 1386
section. The department also shall establish a method to assign 1387
an overall grade of "A," "B," "C," "D," or "F" using the grades 1388
assigned for each component. The method the department adopts 1389
for assigning an overall grade shall give equal weight to the 1390
components in divisions (C) (3) (b) and (c) of this section. 1391

At least forty-five days prior to the department's 1392
adoption of rules to prescribe the methods for calculating the 1393
overall grade for the report card, as required by this division, 1394
the department shall conduct a public presentation before the 1395
standing committees of the house of representatives and the 1396
senate that consider education legislation describing the format 1397
for the report card, weights that will be assigned to the 1398
components of the overall grade, and the method for calculating 1399

the overall grade. 1400

(D) For the 2021-2022 school year and each school year 1401
thereafter, all of the following apply: 1402

(1) The department shall include on a school district's or 1403
building's report card all of the following performance measures 1404
without an assigned performance rating: 1405

(a) Whether the district or building meets the gifted 1406
performance indicator under division (A) (2) of section 3302.02 1407
of the Revised Code and the extent to which the district or 1408
building meets gifted indicator performance benchmarks; 1409

(b) The extent to which the district or building meets the 1410
chronic absenteeism indicator under division (A) (3) of section 1411
3302.02 of the Revised Code; 1412

(c) Performance index score percentage for a district or 1413
building, which shall be calculated by dividing the district's 1414
or building's performance index score according to the 1415
performance index system created by the department by the 1416
maximum performance index score for a district or building. The 1417
maximum performance index score shall be as follows: 1418

(i) For a building, the average of the highest two per 1419
cent of performance index scores achieved by a building for the 1420
school year for which a report card is issued; 1421

(ii) For a district, the average of the highest two per 1422
cent of performance index scores achieved by a district for the 1423
school year for which a report card is issued. 1424

(d) The overall score under the value-added progress 1425
dimension of a district or building, for which the department 1426
shall use three consecutive years of value-added data. In using 1427

three years of value-added data to calculate the measure 1428
prescribed under division (D) (1) (d) of this section, the 1429
department shall assign a weight of fifty per cent to the most 1430
recent year's data and a weight of twenty-five per cent to the 1431
data of each of the other years. However, if three consecutive 1432
years of value-added data is not available, the department shall 1433
use prior years of value-added data to calculate the measure, as 1434
follows: 1435

(i) If two consecutive years of value-added data is not 1436
available, the department shall use one year of value-added data 1437
to calculate the measure. 1438

(ii) If two consecutive years of value-added data is 1439
available, the department shall use two consecutive years of 1440
value-added data to calculate the measure. In using two years of 1441
value-added data to calculate the measure, the department shall 1442
assign a weight of sixty-seven per cent to the most recent 1443
year's data and a weight of thirty-three per cent to the data of 1444
the other year. 1445

(e) The four-year adjusted cohort graduation rate. 1446

(f) The five-year adjusted cohort graduation rate. 1447

(g) The percentage of students in the district or building 1448
who score proficient or higher on the reading segment of the 1449
third grade English language arts assessment under section 1450
3301.0710 of the Revised Code. 1451

To the extent possible, the department shall include the 1452
results of the summer administration of the third grade reading 1453
assessment under section 3301.0710 of the Revised Code in the 1454
performance measures prescribed under divisions (D) (1) (g) and 1455
(h) of this section. 1456

(h) Whether a district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the department. cohort. Demonstration of post-secondary readiness shall include 1488
a student doing any of the following: 1489

(i) Attaining a remediation-free score, in accordance with 1490
standards adopted under division (F) of section 3345.061 of the 1491

placement examination shall be a three or better. The required 1497
score for a college-level examination program examination shall 1498

appear on a student's college transcript issued by the 1511
institution of higher education from which the student earned 1512
the college credit. Earned credits reported under division (D) 1513
(1) (j) (iii) of this section shall include credits that count 1514
toward the curriculum requirements established for completion of 1515
a degree, but shall not include any remedial or developmental 1516

credits.	1517

possible, and when appropriate, the data shall be disaggregated 1627
by grade level and subgroup. The measure also shall include data 1628
regarding the statewide average, the average for similar school 1629

information required under this division in a form and manner 1711
determined by the department. 1712

(3) Except as provided in division (D) (3) (f) of this 1713
section, the department shall use the method prescribed under 1714
rules adopted under division (D) (4) of this section to assign 1715
performance ratings of "one star," "two stars," "three stars," 1716
"four stars," or "five stars," as described in division (F) of 1717
this section, for a district or building for the individual 1718
components prescribed under division (D) (3) of this section. The 1719
department also shall assign an overall performance rating for a 1720
district or building in accordance with division (D) (3) (g) of 1721
this section. The method shall use the performance measures 1722
prescribed under division (D) (1) of this section to calculate 1723
performance ratings for components. The method may report data 1724
under division (D) (2) of this section with corresponding 1725
components, but shall not use the data to calculate performance 1726
ratings for that component. The performance measures and 1727
reported data shall be grouped together into components as 1728
follows: 1729

(a) Gap closing. In addition to other criteria determined 1730
appropriate by the department, performance ratings for the gap 1731
closing component shall reflect whether each of the following 1732
performance measures are met or not met: 1733

(i) The gifted performance indicator as described in 1734
division (D) (1) (a) of this section; 1735

(ii) The chronic absenteeism indicator as described in 1736
division (D) (1) (b) of this section; 1737

(iii) For English learners, an English language 1738
proficiency improvement indicator established by the department; 1739

(iv) The subgroup graduation targets; 1740

(v) The subgroup achievement targets in both mathematics 1741

and English language arts; 1742

(vi) The subgroup progress targets in both mathematics and 1743
English language arts. 1744

Achievement and progress targets under division (D) (3) (a) 1745
of this section shall be calculated individually, and districts 1746
and buildings shall receive a status of met or not met on each 1747
measure. The department shall not require a subgroup of a 1748
district or building to meet both the achievement and progress 1749
targets at the same time to receive a status of met. 1750

The department shall not include any subgroup data in this 1751
measure that includes data from fewer than fifteen students. Any 1752
penalty for failing to meet the required assessment 1753
participation rate must be partially in proportion to how close 1754
the district or building was to meeting the rate requirement. 1755

(b) Achievement, which shall include the performance 1756
measure in division (D) (1) (c) of this section and the reported 1757
data in division (D) (2) (a) of this section. Performance ratings 1758
for the achievement component shall be awarded as a percentage 1759
of the maximum performance index score described in division (D) 1760
(1) (c) of this section. 1761

(c) Progress, which shall include the performance measure 1762
in division (D) (1) (d) of this section and the reported data in 1763
divisions (D) (2) (b) and (c) of this section; 1764

(d) Graduation, which shall include the performance 1765
measures in divisions (D) (1) (e) and (f) of this section and the 1766
reported data in divisions (D) (2) (d) and (j) of this section. 1767
The four-year adjusted cohort graduation rate shall be assigned 1768
a weight of sixty per cent and the five-year adjusted cohort 1769
graduation rate shall be assigned a weight of forty per cent. 1770

(e) Early literacy, which shall include the performance 1771
measures in divisions (D) (1) (g), (h), and (i) of this section 1772
and the reported data in division (D) (2) (k) of this section. 1773

If the measure prescribed under division (D) (1) (h) of this 1774
section is included in a report card, performance ratings for 1775
the early literacy component shall give a weight of forty per 1776
cent to the measure prescribed under division (D) (1) (g) of this 1777
section, a weight of thirty-five per cent to the measure 1778
prescribed under division (D) (1) (i) of this section, and a 1779
weight of twenty-five per cent to the measure prescribed under 1780
division (D) (1) (h) of this section. 1781

If the measure prescribed under division (D) (1) (h) of this 1782
section is not included in a report card of a district or 1783
building, performance ratings for the early literacy component 1784
shall give a weight of sixty per cent to the measure prescribed 1785
under division (D) (1) (g) of this section and a weight of forty 1786
per cent to the measure prescribed under division (D) (1) (i) of 1787
this section. 1788

(f) College, career, workforce, and military readiness, 1789
which shall include the performance measure in division (D) (1) 1790
(j) of this section and the reported data in division (D) (2) (e) 1791
of this section. 1792

For the 2021-2022, 2022-2023, and 2023-2024 school years, 1793
the department only shall report the data for, and not assign a 1794
performance rating to, the college, career, workforce, and 1795
military readiness component. The reported data shall include 1796
the percentage of students who demonstrate post-secondary 1797
readiness using any of the options described in division (D) (1) 1798
(j) of this section. 1799

The department shall analyze the data included in the performance measure prescribed in division (D) (1) (j) of this section for the 2021-2022, 2022-2023, and 2023-2024 school years. Using that data, the department shall develop and propose rules for a method to assign a performance rating to the college, career, workforce, and military readiness component based on that measure. The method to assign a performance rating shall not include a tiered structure or per student bonuses. The rules shall specify that a district or building shall not receive lower than a performance rating of three stars for the component if the district's or building's performance on the component meets or exceeds a level of improvement set by the department. Notwithstanding division (D) (4) (b) of this section, more than half of the total districts and buildings may earn a performance rating of three stars on this component to account for the districts and buildings that earned a performance rating of three stars because they met or exceeded the level of improvement set by the department.

The department shall submit the rules to the joint committee on agency rule review. The committee shall conduct at least one public hearing on the proposed rules and approve or disapprove the rules. If the committee approves the rules, the department shall adopt the rules in accordance with Chapter 119. of the Revised Code. If the rules are adopted, the department shall assign a performance rating to the college, career, workforce, and military readiness component under the rules beginning with the 2024-2025 school year, and for each school year thereafter. If the committee disapproves the rules, the component shall be included in the report card only as reported data for the 2024-2025 school year, and each school year thereafter.

(g) (i) Except as provided for in division (D) (3) (g) (ii) of 1831
this section, beginning with the 2022-2023 school year, under 1832
the method prescribed under rules adopted in division (D) (4) of 1833
this section, the department shall use the performance ratings 1834
assigned for the components prescribed in divisions (D) (3) (a) to 1835
(e) of this section to determine and assign an overall 1836
performance rating of "one star," "one and one-half stars," "two 1837
stars," "two and one-half stars," "three stars," "three and one- 1838
half stars," "four stars," "four and one-half stars," or "five 1839
stars" for a district or building. The method shall give equal 1840
weight to the components in divisions (D) (3) (b) and (c) of this 1841
section. The method shall give equal weight to the components in 1842
divisions (D) (3) (a), (d), and (e) of this section. The 1843
individual weights of each of the components prescribed in 1844
divisions (D) (3) (a), (d), and (e) of this section shall be equal 1845
to one-half of the weight given to the component prescribed in 1846
division (D) (3) (b) of this section. 1847

(ii) If the joint committee on agency rule review approves 1848
the department's rules regarding the college, career, workforce, 1849
and military readiness component as described in division (D) (3) 1850
(f) of this section, for the 2024-2025 school year, and each 1851
school year thereafter, the department's method shall use the 1852
components in divisions (D) (3) (a), (b), (c), (d), (e), and (f) 1853
of this section to calculate the overall performance rating. The 1854
method shall give equal weight to the components in divisions 1855
(D) (3) (b) and (c) of this section. The method shall give equal 1856
weight to the components prescribed in divisions (D) (3) (a), (d), 1857
(e), and (f) of this section. The individual weights of each of 1858
the components prescribed in divisions (D) (3) (a), (d), (e), and 1859
(f) of this section shall be equal to one-half the weight given 1860
to the component prescribed in division (D) (3) (b) of this 1861

section. 1862

If the joint committee on agency rule review disapproves 1863
the department's rules regarding the college, career, workforce, 1864
and military readiness component as described in division (D) (3) 1865
(f) of this section, division (D) (3) (g) (ii) of this section does 1866
not apply. 1867

(4) (a) The department shall adopt rules in accordance with 1868
Chapter 119. of the Revised Code to establish the performance 1869
criteria, benchmarks, and rating system necessary to implement 1870
divisions (D) and (F) of this section, including the method for 1871
the department to assign performance ratings under division (D) 1872
(3) of this section. 1873

(b) In establishing the performance criteria, benchmarks, 1874
and rating system, the department shall consult with stakeholder 1875
groups and advocates that represent parents, community members, 1876
students, business leaders, and educators from different school 1877
typology regions. The department shall use data from prior 1878
school years and simulations to ensure that there is meaningful 1879
differentiation among districts and buildings across all 1880
performance ratings and that, except as permitted in division 1881
(D) (3) (f) of this section, more than half of all districts or 1882
buildings do not earn the same performance rating in any 1883
component or overall performance rating. 1884

(c) The department shall adopt the rules prescribed by 1885
division (D) (4) of this section not later than March 31, 2022. 1886
However, the department shall notify districts and buildings of 1887
the changes to the report card prescribed in law not later than 1888
one week after September 30, 2021. 1889

(d) Prior to adopting or updating rules under division (D) 1890

to the content of the child's individualized education program 2433
are pending. A scholarship under this section shall not be used 2434
for a child to attend a public special education program that 2435

public special education program under a contract, compact, or 2443
other bilateral agreement, or an eligible applicant whose child 2444

scholarship under this section so that the eligible applicant 2446
may withdraw the child from that program or community school and 2447

under the autism scholarship program. If at any time, the 2461
eligible applicant for the child decides no longer to accept 2462
scholarship payments and enrolls the child in the special 2463
education program of the school district in which the child is 2464
entitled to attend school, that district shall provide the child 2465

tutoring may be incorporated into a student's regular classroom 2810
instruction. 2811

To the extent practicable, districts and schools shall 2812
endeavor to provide each of a student's tutoring supports with 2813
the same tutor. 2814

(4) "Integrated student supports" means an evidence-based 2815
approach whereby schools intentionally and systematically 2816
leverage and coordinate resources and relationships available in 2817
the school and the surrounding community to address 2818
comprehensive student strengths, interests, and needs. 2819

(B) Each school district, community school established 2820

pursuant to Chapter 3314., and STEM school established pursuant 2821
to Chapter 3326. of the Revised Code shall provide evidence- 2822
based academic intervention services, free of cost, to each 2823
qualifying student. The district or school shall provide those 2824
services directly, through a contracted vendor, or as a 2825
combination of both options. The district or school shall 2826
provide services that align with a qualifying student's assessed 2827
level of skill and provide accelerated learning and skill 2828
mastery where possible to help the student demonstrate a level 2829
of skill appropriate to the student's grade level. A district or 2830
school annually shall notify the department of education and 2831
workforce, through the education management information system 2832
established under section 3301.0714 of the Revised Code, of all 2833
of the following: 2834

(1) The number of qualifying students enrolled in the 2835

both; 2839

(3) The number of qualifying students receiving academic 2840
intervention services from the district or school directly, 2841
through a vendor, or a combination of both options. 2842

(C) (1) Academic intervention services provided to a 2843
student under this section may encompass a variety of evidence- 2844
based supports, including tutoring supports, additional 2845
instruction time, an extended school calendar, participation in 2846
a learning support program, or any other academically centered 2847
support service that the district or school determines will 2848
improve the student's academic performance. Intervention 2849
services may also be offered in combination with integrated 2850

student supports. 2851

(2) All academic intervention services provided to a 2852
qualifying student under this section shall align with the 2853
academic instruction the student receives. Intervention services 2854
provided under division (B) of this section shall be in addition 2855
to and not a replacement for existing academic instruction and 2856
other services provided to students. All academic intervention 2857
services in English language arts shall align with the science 2858
of reading as defined in section 3313.6028 of the Revised Code. 2859

(D) A district or school shall ensure that academic 2860
intervention services provided to a qualifying student under 2861
division (C) of this section do not supplant the student's core 2862
academic instructional time, except that in grades kindergarten 2863
through three, instruction aligned with science and social 2864
studies standards may be integrated into core mathematics and 2865
reading instruction rather than being taught in separate 2866
instructional periods. 2867

(E) (1) A district or school shall notify the parent or 2868
guardian of a qualifying student that the student will receive 2869
academic intervention services prior to providing services to 2870
the student. Notification shall include a description of which 2871
intervention or interventions the qualifying student will 2872
receive and who will provide services to the student. 2873

(2) The district or school periodically shall update the 2874
parent or guardian on the academic intervention services 2875
provided to the qualifying student and shall provide resources 2876
and recommendations for ways the parent or guardian may assist 2877
the qualifying student. 2878

(F) (1) Beginning with the 2027-2028 school year, and each 2879

school year thereafter, the department randomly shall identify 2880
and select individual schools operated by a school district, 2881
community schools, and STEM schools for a review of their 2882
academic intervention services for qualifying students under 2883
this section. The department shall not select more than five per 2884
cent of all schools to review each year. No school shall be 2885
selected for review more than once every three years. The review 2886
shall include, at a minimum, a document review, interviews with 2887
applicable school staff, and observations of interventions. 2888

The review shall assess all of the following: 2889

(a) Whether qualifying students receive academic 2890
intervention services in accordance with division (B) of this 2891
section; 2892

(b) The types and methods of academic intervention 2893
services that qualifying students receive; 2894

(c) The quality of the academic intervention services 2895
provided by the school or the contracted vendor. To determine 2896
quality, the department may consider the length and duration of 2897
the intervention, specific programs and curriculum being used, 2898
the credentials and training of intervention providers, and data 2899
regarding qualifying student progress. 2900

(2) The department shall provide a report to the school 2901
containing its review of the school's academic intervention 2902
services not later than seventy-five days after the department 2903
completes the review. Each report shall include an assessment of 2904
the efficacy of the academic intervention services provided to 2905
qualifying students, along with any recommendations the 2906
department considers necessary. The school shall post a copy of 2907
the report on its web site and shall make the report available 2908

upon request to any person. The department shall include a 2909
review completed under this division as part of the student 2910
opportunity profile on the state report card under section 2911
3302.03 of the Revised Code. 2912

(3) The department may contract with an organization that 2913
has documented expertise in supporting school improvement and 2914
academic intervention services to help with conducting its 2915
review under division (F) of this section. 2916

(G) (1) A student who receives academic intervention 2917
services in mathematics or English language arts under this 2918
section is no longer eligible for services under this section in 2919
that subject area when the student demonstrates a proficient 2920
level of skill in it on either a diagnostic assessment or a 2921
state assessment. 2922

(2) If a qualifying student receiving academic 2923
intervention services in both mathematics and English language 2924
arts demonstrates a level of skill that is proficient or higher 2925
under this section in one, but not both, subject areas, the 2926
student shall continue to receive academic intervention services 2927
for the subject area in which the student has not demonstrated a 2928
proficient level of skill. 2929

(3) Any student in any of grades nine through twelve who 2930
fails to demonstrate a level of skill that is proficient or 2931
higher on a diagnostic assessment or an end-of-course 2932
examination in mathematics or English language arts, or both, 2933
and is not required to retake the examination, continues to 2934
qualify for intervention services under this section. For such a 2935
student, the district or school shall align intervention 2936
services with the student's selected graduation pathway 2937
prescribed under section 3313.618 of the Revised Code. 2938

(H) Nothing in this section prohibits a district or school from providing academic intervention services to a student who does not meet the definition of a qualifying student under this section. 2939

Sec. 3313.90. As used in this section, "~~formula~~enrolled ADM" has the same meaning as in section 3317.02 of the Revised Code. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, the provisions of this section that apply to a city school district do not apply to any joint vocational or cooperative education school district. 2943
2944
2945
2946
2947
2948
2949

(A) Except as provided in division (B) of this section, each city, local, and exempted village school district shall, by one of the following means, provide to students enrolled in grades seven through twelve career-technical education adequate to prepare a student enrolled therein for an occupation: 2950
2951

2961
2962

The standards of the department shall include criteria for the participation by nonpublic students and by students who are receiving home education in accordance with section 3321.042 of the Revised Code in career-technical education programs without financial assessment, charge, or tuition to such student except 2963
2964
2965
2966
2967

school students in such programs. Such nonpublic school students 2969
and students receiving home education shall be included in the 2970
~~formula~~ enrolled ADM of the school district maintaining the 2971
career-technical education program as part-time students in 2972
proportion to the time spent in the career-technical education 2973
program. 2974

By the thirtieth day of October of each year, the director 2975
of education and workforce shall determine and certify to the 2976
superintendent of each school district subject to this section 2977
either that the district is in compliance with the requirements 2978
of this section for the current school year or that the district 2979
is not in compliance. If the director certifies that the 2980
district is not in compliance, the director shall notify the 2981

bring the district into compliance with this section. 2983

facilities comparable to those prescribed by the department for 2997
public schools provided no instructor in such courses shall be 2998

required to be certificated by the department, or in a 2999
combination of such ways. Exceptions to the minimum enrollment 3000
prescribed by this section may be made by the department based 3001
on sparsity of population or other factors indicating that 3002
comprehensive educational and career-technical education 3003
programs as required by this section can be provided through an 3004
alternate plan. 3005

(B) Until July 1, 2026, the department shall waive the 3006
requirement for a city, local, or exempted village school 3007
district to provide career-technical education to students 3008
enrolled in grades seven and eight for that particular school 3009
year, if the board of education of that district adopts a 3010
resolution that specifies the district's intent not to provide 3011
career-technical education to students enrolled in grades seven 3012
and eight for a particular school year and submits that 3013
resolution to the department by the thirtieth day of September 3014
of that school year. 3015
