otherwise provided for by law, to provide for the payment of 428
debt service and financing costs in accordance with sections 429
151.01 to 151.11 of the Revised Code and the bond proceedings. 430

(N) The general assembly may from time to time repeal or 431
reduce any excise, tax, or other source of revenue pledged to 432
the payment of the debt service pursuant to Section 2k, 2l, 2m, 433
2n, 2o, 2p, 2q, 2s, 2t, or 15 of Article VIII, Ohio 434
Constitution, and sections 151.01 to 151.11 or 151.40 of the 435
Revised Code, and may levy, collect and apply any new or 436
increased excise, tax, or revenue to meet the pledge, to the 437
payment of debt service on outstanding obligations, of the 438
state's full faith and credit, revenue and taxing power, or of 439
designated revenues and receipts, except fees, excises or taxes 440
referred to in Section 5a of Article XII, Ohio Constitution, for 441
other than obligations referred to in section 151.06 of the 442
Revised Code and except net state lottery proceeds for other 443
than obligations referred to in section 151.03 of the Revised 444

Code. Nothing in division (N) of this section authorizes any 445
impairment of the obligation of this state to levy and collect 446
sufficient excises, taxes, and revenues to pay debt service on 447
obligations outstanding in accordance with their terms. 448

(O) Each bond service fund is a trust fund and is hereby 449
pledged to the payment of debt service on the applicable 450
obligations. Payment of that debt service shall be made or 451
provided for by the issuing authority in accordance with the 452
bond proceedings without necessity for any act of appropriation. 453
The bond proceedings may provide for the establishment of 454
separate accounts in the bond service fund and for the 455
application of those accounts only to debt service on specific 456
obligations, and for other accounts in the bond service fund 457
within the general purposes of that fund. 458

(P) Subject to the bond proceedings pertaining to any 459
obligations then outstanding in accordance with their terms, the 460
issuing authority may in the bond proceedings pledge all, or 461
such portion as the issuing authority determines, of the moneys 462
in the bond service fund to the payment of debt service on 463
particular obligations, and for the establishment and 464
maintenance of any reserves for payment of particular debt 465
service. 466

(Q) The issuing authority shall by the fifteenth day of 467
July of each fiscal year, certify or cause to be certified to 468
the office of budget and management the total amount of moneys 469
required during the current fiscal year to meet in full all debt 470
service on the respective obligations and any related financing 471
costs payable from the applicable bond service fund and not from 472
the proceeds of refunding or renewal obligations. The issuing 473
authority shall make or cause to be made supplemental 474

certifications to the office of budget and management for each 475
debt service payment date and at such other times during each 476
fiscal year as may be provided in the bond proceedings or 477
requested by that office. Debt service, costs of credit 478
enhancement facilities, and other financing costs shall be set 479
forth separately in each certification. If and so long as the 480
moneys to the credit of the bond service fund, together with any 481
other moneys available for the purpose, are insufficient to meet 482
in full all payments when due of the amount required as stated 483
in the certificate or otherwise, the office of budget and 484
management shall at the times as provided in the bond 485
proceedings, and consistent with any particular provisions in 486
sections 151.03 to 151.11 and 151.40 of the Revised Code, 487
transfer a sufficient amount to the bond service fund from the 488
pledged revenues in the case of obligations issued pursuant to 489
section 151.40 of the Revised Code, and in the case of other 490
obligations from the revenues derived from excises, taxes, and 491
other revenues, including net state lottery proceeds in the case 492
of obligations referred to in section 151.03 of the Revised 493
Code. 494

(R) Unless otherwise provided in any applicable bond 495
proceedings, moneys to the credit of special funds may be 496
invested by or on behalf of the state only in one or more of the 497
following: 498

United States or of any agency or instrumentality of the United 500
States, or in no-front-end-load money market mutual funds 501

agreements, including those issued by any fiduciary, secured by 503
those obligations, or in collective investment funds consisting 504
exclusively of those obligations; 505

(2) Obligations of this state or any political subdivision of this state;	506 507

year would be less than three hundred thousand dollars, the 734
director shall allocate to the district in which that county is 735

each district on a per capita basis. 764

(5) Each program year, loan repayments received and on 765
deposit in the state capital improvements revolving loan fund 766
shall be allocated as follows: 767

(a) Each district public works integrating committee shall 768

local subdivisions that are part of the district. Moneys not 771

Allocations for this purpose made pursuant to division (C) (5) of 785
this section shall be in addition to the allocation provided in 786
division (B) (2) of this section. 787

(d) Loans made from the state capital improvements 788
revolving loan fund shall not be limited in their usage by 789
divisions (E), (F), and (G) of section 164.05 of the Revised 790
Code. 791

(D) Investment earnings credited to the state capital 792
improvements fund that exceed the amounts required to meet 793
estimated federal arbitrage rebate requirements shall be used to 794
pay costs incurred by the public works commission in 795
administering sections 164.01 to 164.12 of the Revised Code. 796

(E) The director of the Ohio public works commission shall 797

notify the director of budget and management of the amounts 798
allocated pursuant to this section and such information shall be 799
entered into the state accounting system. The director of budget 800
and management shall establish appropriation line items as 801
needed to track these allocations. 802

(F) If the amount of a district's allocation in a program 803
year exceeds the amount of financial assistance approved for the 804
district by the commission for that year, the remaining portion 805
of the district's allocation shall be added to the district's 806
allocation pursuant to division (B) of this section for the next 807
succeeding year for use in the same manner and for the same 808
purposes as it was originally allocated, except that any portion 809
of a district's allocation which was available for use on new or 810
expanded infrastructure pursuant to division (G) of section 811
164.05 of the Revised Code shall be available in succeeding 812
years only for the repair and replacement of existing 813
infrastructure. 814

(G) When an allocation based on population is made by the 815
director pursuant to division (B) of this section, the director 816
shall use the most recent decennial census statistics, and shall 817
not make any reallocations based upon a change in a district's 818
population. 819

Sec. 3318.042. (A) The board of education of any school 820
district that is receiving assistance under sections 3318.01 to 821
3318.20 of the Revised Code after May 20, 1997, or under section 822
3318.33 or sections 3318.40 to 3318.45 of the Revised Code, and 823
whose project is still under construction, may request that the 824
Ohio facilities construction commission examine whether the 825
circumstances prescribed in either division (B) (1) or (2) of 826
this section exist in the school district. If the commission so 827

finds, the commission shall review the school district's 828
original assessment and approved project and consider providing 829
additional assistance to the school district to correct the 830
prescribed conditions found to exist in the district. Additional 831
assistance under this section shall be limited to additions to 832
one or more buildings, remodeling of one or more buildings, or 833
changes to the infrastructure of one or more buildings. 834

(B) Consideration of additional assistance to a school 835
district under this section is warranted in either of the 836
following circumstances: 837

(1) Additional work is needed to correct an oversight or 838
deficiency not identified or included in the district's initial 839
assessment. 840

(2) Other conditions exist that, in the opinion of the 841
commission, warrant additions or remodeling of the project 842
facilities or changes to infrastructure associated with the 843
district's project that were not identified in the initial 844
assessment and plan. 845

(C) If the commission decides in favor of providing 846
additional assistance to any school district under this section, 847
the school district shall be responsible for paying for its 848
portion of the cost of the additions, remodeling, or 849
infrastructure changes pursuant to section 3318.083 of the 850
Revised Code. If, after making a financial evaluation of the 851
school district, the commission determines that the school 852
district is unable without undue hardship, according to the 853
guidelines adopted by the commission, to fund the school 854
district portion of the increase, then the state and the school 855
district shall enter into an agreement whereby the state shall 856
pay the portion of the cost increase attributable to the school 857

district which is determined to be in excess of any local 858
resources available to the district and the district shall 859
thereafter reimburse the state. The commission shall establish 860
the district's schedule for reimbursing the state, which shall 861
not extend beyond ten years. The commission may lengthen the 862
reimbursement schedule of a school district that has entered 863
into an agreement under this section prior to September 26, 864
2003, as long as the total term of that schedule does not extend 865
beyond ten years. Debt incurred under this section shall not be 866
included in the calculation of the net indebtedness of the 867
school district under section 133.06 of the Revised Code. 868

Sec. 3318.33. (A) The Ohio facilities construction 869
commission shall establish and administer the aging school 870
accelerator pilot program. The commission shall adopt guidelines 871
and procedures for the pilot program. Under the pilot program, 872
the commission shall provide support for the classroom 873
facilities projects of each school district that meets the 874
following criteria on or before the effective date of this 875
section: 876

(1) The district has at least one building that is used 877
primarily for classroom instruction in which all or a 878
significant portion of the structure is at least one hundred 879
years old. 880

(2) The district has never been approved to receive 881
assistance under sections 3318.01 to 3318.20 of the Revised Code 882
or has not completed all segments of a project approved under 883
those sections. 884

(3) The district's operating expenditure per pupil for 885
fiscal year 2025 was in the lowest twenty-five per cent of all 886
school districts in the state. 887

(4) The district qualifies to serve all of its students in 888
one school building according to the commission's policies. 889

(B) The commission shall determine which school districts 890
qualify for the pilot program and notify the qualifying 891
districts. To participate in the pilot program, a qualifying 892
district annually shall set aside the equivalent of one-half 893
mill for each dollar of valuation for maintenance on the 894
project, for a number of years and in a manner determined by the 895
commission. 896

(C) The commission shall set aside from the amounts 897
appropriated to the commission for classroom facilities 898
assistance projects for the appropriate fiscal year an amount 899
determined by the commission to be adequate to serve qualifying 900
districts and offer the funding to qualifying districts. The 901
state share of the basic project cost for a classroom facilities 902
project under the pilot program shall be at least forty per cent 903
of the total project cost. 904

(D) Once a pilot project is completed under this section, 905
the project shall be considered served and ineligible for 906
further assistance under sections 3318.01 to 3318.20 of the 907
Revised Code, except for the corrective action program 908

the machinery and equipment property tax value loss multiplied 1711
by the sum of the tax rates of fixed-rate qualifying levies. 1712

(2) The inventory fixed-rate loss is the inventory 1713
property tax value loss multiplied by the sum of the tax rates 1714
of fixed-rate qualifying levies. 1715

(3) The furniture and fixtures fixed-rate levy loss is the 1716
furniture and fixture property tax value loss multiplied by the 1717
sum of the tax rates of fixed-rate qualifying levies. 1718

(4) The telephone property fixed-rate levy loss is the 1719
telephone property tax value loss multiplied by the sum of the 1720
tax rates of fixed-rate qualifying levies. 1721

(E) Not later than September 15, 2005, the tax 1722
commissioner shall determine for each school district, joint 1723
vocational school district, and local taxing unit its fixed-sum 1724
levy loss. The fixed-sum levy loss is the amount obtained by 1725
subtracting the amount described in division (E)(2) of this 1726
section from the amount described in division (E)(1) of this 1727
section: 1728

(1) The sum of the machinery and equipment property tax 1729
value loss, the inventory property tax value loss, and the 1730
furniture and fixtures property tax value loss, and, for 2008 1731
through 2010, the telephone property tax value loss of the 1732
district or unit multiplied by the sum of the fixed-sum tax 1733
rates of qualifying levies. For 2006 through 2010, this 1734
computation shall include all qualifying levies remaining in 1735
effect for the current tax year and any school district levies 1736
charged and payable under section 5705.194 or 5705.213 of the 1737
Revised Code that are qualifying levies not remaining in effect 1738
for the current year. For 2011 through 2017 in the case of 1739
school district levies charged and payable under section 1740
5705.194 or 5705.213 of the Revised Code and for all years after 1741
2010 in the case of other fixed-sum levies, this computation 1742
shall include only qualifying levies remaining in effect for the 1743
current year. For purposes of this computation, a qualifying 1744
school district levy charged and payable under section 5705.194 1745
or 5705.213 of the Revised Code remains in effect in a year 1746
after 2010 only if, for that year, the board of education levies 1747
a school district levy charged and payable under section 1748
5705.194, 5705.199, 5705.213, or 5705.219 of the Revised Code 1749

for an annual sum at least equal to the annual sum levied by the 1750
board in tax year 2004 less the amount of the payment certified 1751
under this division for 2006. 1752

(2) The total taxable value in tax year 2004 less the sum 1753
of the machinery and equipment, inventory, furniture and 1754
fixtures, and telephone property tax value losses in each school 1755
district, joint vocational school district, and local taxing 1756
unit multiplied by one-half of one mill per dollar. 1757

(3) For the calculations in divisions (E)(1) and (2) of 1758
this section, the tax value losses are those that would be 1759
calculated for tax year 2009 under divisions (C)(1), (2), and 1760
(3) of this section and for tax year 2011 under division (C)(4) 1761
of this section. 1762

(4) To facilitate the calculation under divisions (D) and 1763
(E) of this section, not later than September 1, 2005, any 1764
school district, joint vocational school district, or local 1765
taxing unit that has a qualifying levy that was approved at an 1766
election conducted during 2005 before September 1, 2005, shall 1767
certify to the tax commissioner a copy of the county auditor's 1768
certificate of estimated property tax millage for such levy as 1769
required under division (B) of section 5705.03 of the Revised 1770
Code, which is the rate that shall be used in the calculations 1771
under such divisions. 1772

If the amount determined under division (E) of this 1773
section for any school district, joint vocational school 1774
district, or local taxing unit is greater than zero, that amount 1775
shall equal the reimbursement to be paid pursuant to division 1776
(E) of section 5751.21 or division (A)(3) of section 5751.22 of 1777
the Revised Code, and the one-half of one mill that is 1778
subtracted under division (E)(2) of this section shall be 1779

apportioned among all contributing fixed-sum levies in the 1780
proportion that each levy bears to the sum of all fixed-sum 1781
levies within each school district, joint vocational school 1782
district, or local taxing unit. 1783

(F) If a school district levies a tax under section 1784
5705.219 of the Revised Code, the fixed-rate levy loss for 1785
qualifying levies, to the extent repealed under that section, 1786
shall equal the sum of the following amounts in lieu of the 1787
amounts computed for such levies under division (D) of this 1788
section: 1789

(1) The sum of the rates of qualifying levies to the 1790
extent so repealed multiplied by the sum of the machinery and 1791
equipment, inventory, and furniture and fixtures tax value 1792
losses for 2009 as determined under that division; 1793

(2) The sum of the rates of qualifying levies to the 1794
extent so repealed multiplied by the telephone property tax 1795
value loss for 2011 as determined under that division. 1796

The fixed-rate levy losses for qualifying levies to the 1797
extent not repealed under section 5705.219 of the Revised Code 1798
shall be as determined under division (D) of this section. The 1799
revised fixed-rate levy losses determined under this division 1800
and division (D) of this section first apply in the year 1801
following the first year the district levies the tax under 1802
section 5705.219 of the Revised Code. 1803

(G) Not later than October 1, 2005, the tax commissioner 1804
shall certify to the department of education for every school 1805
district and joint vocational school district the machinery and 1806
equipment, inventory, furniture and fixtures, and telephone 1807
property tax value losses determined under division (C) of this 1808

section, the machinery and equipment, inventory, furniture and 1809
fixtures, and telephone fixed-rate levy losses determined under 1810
division (D) of this section, and the fixed-sum levy losses 1811
calculated under division (E) of this section. The calculations 1812
under divisions (D) and (E) of this section shall separately 1813
display the levy loss for each levy eligible for reimbursement. 1814

(H) Not later than October 1, 2005, the tax commissioner 1815
shall certify the amount of the fixed-sum levy losses to the 1816
county auditor of each county in which a school district, joint 1817
vocational school district, or local taxing unit with a fixed- 1818
sum levy loss reimbursement has territory. 1819

(I) Not later than the twenty-eighth day of February each 1820
year beginning in 2011 and ending in 2014, the tax commissioner 1821
shall certify to the department of education for each school 1822
district first levying a tax under section 5705.219 of the 1823
Revised Code in the preceding year the revised fixed-rate levy 1824
losses determined under divisions (D) and (F) of this section. 1825

(J) (1) There is hereby created in the state treasury the 1826
commercial activity tax motor fuel receipts fund. 1827

(2) (a) On or before June 15, 2014, the director of the 1828
Ohio public works commission shall certify to the director of 1829
budget and management the amount of debt service paid from the 1830
general revenue fund in fiscal years 2013 and 2014 on bonds 1831

Article VIII, Ohio Constitution, that are attributable to costs 1835
for construction, reconstruction, maintenance, or repair of 1836
public highways and bridges and other statutory highway 1837
purposes. That certification shall allocate the total amount of 1838

debt service paid from the general revenue fund and attributable 1839
to those costs in each of fiscal years 2013 and 2014 according 1840
to the applicable section of the Ohio Constitution under which 1841
the bonds were originally issued. 1842

(b) On or before June 30, 2014, the director of budget and 1843
management shall determine an amount up to but not exceeding the 1844
amount certified under division (J)(2)(a) of this section and 1845
shall reserve that amount from the cash balance in the 1846
commercial activity tax motor fuel receipts fund for transfer to 1847
the general revenue fund at times and in amounts to be 1848
determined by the director. The director shall transfer the cash 1849
balance in the commercial activity tax motor fuel receipts fund 1850
in excess of the amount so reserved to the highway operating 1851
fund on or before June 30, 2014. 1852

fiscal year beginning with fiscal year 2015, the director of the 1854
Ohio public works commission shall certify to the director of 1855
budget and management the amount of debt service paid from the 1856
general revenue fund in the current fiscal year on bonds issued 1857

public highways and bridges and other statutory highway 1863
purposes. That certification shall allocate the total amount of 1864
debt service paid from the general revenue fund and attributable 1865
to those costs in the current fiscal year according to the 1866
applicable section of the Ohio Constitution under which the 1867
bonds were originally issued. 1868

(b) On or before the thirtieth day of June of each fiscal year beginning with fiscal year 2015, the director of budget and management shall determine an amount up to but not exceeding the amount certified under division (J) (3) (a) of this section and shall reserve that amount from the cash balance in the petroleum activity tax public highways fund or the commercial activity tax motor fuel receipts fund for transfer to the general revenue fund at times and in amounts to be determined by the director. The director shall transfer the cash balance in the petroleum activity tax public highways fund or the commercial activity tax motor fuel receipts fund in excess of the amount so reserved to the highway operating fund on or before the thirtieth day of June of the current fiscal year.

the local funds contribution requirement has been secured or 2112
satisfied. The local funds shall be in addition to the 2113
appropriations in this act. 2114

Section 207.42. None of the capital appropriations in this 2115
act for state-supported or state-assisted institutions of higher 2116
education shall be expended until the particular appropriation 2117
has been recommended for release by the Department of Higher 2118
Education and released by the Director of Budget and Management 2119
or the Controlling Board. Either the institution concerned, or 2120
the Department of Higher Education with the concurrence of the 2121
institution concerned, may initiate the request to the Director 2122
of Budget and Management or the Controlling Board for the 2123
release of the particular appropriation. 2124

Section 207.43. (A) No capital appropriations in this act 2125
made from the Higher Education Improvement Fund (Fund 7034) or 2126
the Higher Education Improvement Taxable Fund (Fund 7024) shall 2127
be released for planning or for improvement, renovation, 2128
construction, or acquisition of capital facilities if the 2129
institution of higher education or the state does not own the 2130
real property on which the capital facilities are or will be 2131
located. This restriction does not apply in any of the following 2132
circumstances: 2133

(1) The institution has a long-term lease of, or other 2134
interest (such as an easement) in, the real property. 2135

(2) The Department of Higher Education certifies to the 2136
Controlling Board that undue delay will occur if planning does 2137
not proceed while the property or property interest acquisition 2138
process continues. In this case, funds may be released upon 2139

approval of the Controlling Board to pay for planning through 2140
the development of schematic drawings only. 2141

(3) In the case of an appropriation for capital facilities 2142
that, because of their unique nature or location, will be owned 2143
or will be part of facilities owned by a separate nonprofit 2144
organization or public body and will be made available to the 2145
institution of higher education for its use or benefit, the 2146
nonprofit organization or public body either owns or has a long- 2147
term lease of the real property or other capital facility to be 2148
improved, renovated, constructed, or acquired and has entered 2149
into a joint or cooperative use agreement with the institution 2150
of higher education that meets the requirements of division (C) 2151
of this section. 2152

(B) Any appropriations that require cooperation between a 2153
technical college and a branch campus of a university may be 2154
released by the Controlling Board upon recommendation by the 2155
Department of Higher Education that the facilities proposed by 2156
the institutions are all of the following: 2157

(1) The result of a joint planning effort by the 2158
university and the technical college, satisfactory to the 2159
Department of Higher Education; 2160

(2) Facilities that will meet the needs of the region in 2161
terms of technical and general education, taking into 2162
consideration the totality of facilities that will be available 2163
after the completion of the projects; 2164

(3) Planned to permit maximum joint use by the university 2165
and technical college of the totality of facilities that will be 2166
available upon their completion; 2167

(4) To be located on or adjacent to the branch campus of 2168

the university. 2169

(C) The Department of Higher Education shall adopt and 2170
maintain rules regarding the release of moneys from all the 2171
appropriations for capital facilities for all state-supported or 2172
state-assisted institutions of higher education. In the case of 2173
capital facilities referred to in division (A) (3) of this 2174
section, the joint or cooperative use agreements shall include, 2175
as a minimum, provisions that: 2176

(1) Specify the extent and nature of that joint or 2177
cooperative use, extending for not fewer than twenty years, with 2178
the value of such use or benefit or right to use to be, as is 2179
determined by the parties and approved by the Department of 2180
Higher Education, reasonably related to the amount of the 2181
appropriations; 2182

(2) Provide for pro rata reimbursement to the state should 2183
the arrangement for joint or cooperative use be terminated prior 2184
to the expiration of its full term; 2185

(3) Provide that procedures to be followed during the 2186
capital improvement process will comply with appropriate 2187
applicable state statutes and rules, including the provisions of 2188
this act; 2189

(4) Provide for payment or reimbursement to the 2190
institution of its administrative costs incurred as a result of 2191
the facilities project, not to exceed 1.5 per cent of the 2192
appropriated amount. 2193

(D) Upon the recommendation of the Department of Higher 2194
Education, the Controlling Board may approve the transfer of 2195
appropriations for projects requiring cooperation between 2196
institutions from one institution to another institution with 2197

the approval of both institutions. 2198

(E) Notwithstanding section 127.14 of the Revised Code, 2199
the Controlling Board, upon the recommendation of the Department 2200
of Higher Education, may transfer amounts appropriated to the 2201
Department of Higher Education to accounts of state-supported or 2202
state-assisted institutions created for that same purpose. 2203

Section 207.44. The Ohio Public Facilities Commission is 2204
hereby authorized to issue and sell, in accordance with Section 2205
2n of Article VIII, Ohio Constitution, and Chapter 151. and 2206
particularly sections 151.01 and 151.04 of the Revised Code, 2207
original obligations in an aggregate principal amount not to 2208
exceed \$461,000,000 in addition to the original issuance of 2209
obligations heretofore authorized by prior acts of the General 2210
Assembly. These authorized obligations shall be issued, subject 2211
to applicable constitutional and statutory limitations, as 2212
needed to provide sufficient moneys to the credit of the Higher 2213
Education Improvement Fund (Fund 7034) and the Higher Education 2214
Improvement Taxable Fund (Fund 7024) to pay costs of capital 2215
facilities for state-supported and state-assisted institutions 2216
of higher education. 2217

Section 207.45. The requirements of Chapters 123. and 153. 2218
of the Revised Code, with respect to the powers and duties of 2219
the Executive Director of the Ohio Facilities Construction 2220
Commission as they relate to the procedure and awarding of 2221
contracts for capital improvement projects, and the requirements 2222
of section 127.16 of the Revised Code, with respect to the 2223
Controlling Board, do not apply to projects of community college 2224
districts and technical college districts. 2225

Section 207.46. Those institutions locally administering 2226
capital improvement projects pursuant to sections 3345.50 and 2227

3345.51 of the Revised Code may:	2228
(A) Establish charges for recovering costs directly	2229
related to project administration as defined by the Executive	2230
Director of the Ohio Facilities Construction Commission. The	2231
Ohio Facilities Construction Commission, in consultation with	2232
the Office of Budget and Management, shall review and approve	2233
these administrative charges when the charges are in excess of	2234
1.5 per cent of the total construction budget, provided that	2235
total administrative charges paid by the state do not exceed	2236
four per cent of the state's contribution to the total	2237
construction budget.	2238
(B) Seek reimbursement from state capital appropriations	2239
to the institution for the in-house design services performed by	2240
the institution for the capital projects. Acceptable charges are	2241
limited to design document preparation work that is done by the	2242
institution. These reimbursable design costs shall be shown as	2243
"A/E fees" within the project's budget that is submitted to the	2244
Controlling Board or the Director of Budget and Management as	2245
part of a request for release of funds. The reimbursement for	2246
in-house design shall not exceed seven per cent of the estimated	2247
construction cost.	2248
Section 207.47. TRANSFERS OF HIGHER EDUCATION CAPITAL	2249

The Director of Budget and Management may as necessary to	2251
maintain the exclusion from the calculation of gross income for	2252
federal income taxation purposes under the "Internal Revenue	2253

Section 233.30. LOCAL JUVENILE DETENTION CENTERS 2525

For capital appropriations in this act made from 2526
appropriation item C47007, Local Juvenile Detention Centers, the 2527
Department of Youth Services shall designate the projects 2528
involving the construction and renovation of county and 2529
multicounty juvenile detention centers. 2530

The Department of Youth Services may review and approve 2531
the renovation and construction of projects for which funds are 2532
provided. The proceeds of any obligations authorized under this 2533
section shall not be applied to any such facilities that are not 2534
designated by the Department of Youth Services. 2535

The Department of Youth Services shall comply with the 2536
guidelines set forth in this section, accept and review 2537
applications, designate projects, and determine the amount of 2538
state match funding to be applied to each project. The 2539
department shall, with the advice of the county or counties 2540
participating in a project, determine the funded design capacity 2541
of the detention centers that are designated to receive funding. 2542
Notwithstanding any provisions to the contrary contained in 2543
Chapter 153. of the Revised Code, the Department of Youth 2544
Services may coordinate, review, and monitor the drawdown and 2545
use of funds for the renovation and construction of projects for 2546
which designated funds are provided. 2547

(A) The Department of Youth Services shall develop a 2548
formula to determine the amount, if any, of state match that may 2549
be provided to a single county or multicounty detention center 2550
project. 2551

(B) The formula developed by the Department of Youth 2552
Services shall yield a percentage of state match ranging from 2553
zero to sixty per cent. The funding authorized under this 2554
section that may be applied to a construction or renovation 2555
project shall not exceed the actual cost of the project. 2556

The funding authorized under this section shall not be 2557
applied to any project unless the detention center will be built 2558
in compliance with health, safety, and security standards for 2559
detention centers as established by the Department of Youth 2560
Services. In addition, the funding authorized under this section 2561
shall not be applied to the renovation of a detention center 2562
unless the renovation is for the purpose of increasing the 2563
number of beds in the center, or to meet health, safety, or 2564
security standards for detention centers as established by the 2565
Department of Youth Services. 2566

Section 233.40. The Treasurer of State is hereby 2567
authorized to issue and sell, in accordance with Section 2i of 2568
Article VIII, Ohio Constitution, Chapter 154. of the Revised 2569
Code, and other applicable sections of the Revised Code, 2570
original obligations in an aggregate principal amount not to 2571
exceed \$21,500,000 in addition to the original issuance of 2572
obligations heretofore authorized by prior acts of the General 2573
Assembly. These authorized obligations shall be issued, subject 2574
to applicable constitutional and statutory limitations, as 2575
needed to provide sufficient moneys to the credit of the 2576
Juvenile Correctional Building Fund (Fund 7028) to pay the costs 2577

of capital facilities for the Department of Youth Services or 2578
its functions. 2579

any related obligations were issued or entered into. Nothing 2821
contained in this section is intended to subject the state to 2822
suit in any forum in which it is not otherwise subject to suit, 2823
nor is it intended to waive or compromise any defense or right 2824
available to the state in any suit against it. 2825

unless the mechanics, laborers, or workers engaged therein are 2853

deposited; 2867

(B) The expenditure or encumbrance of moneys from funds 2868

after determining to the Director's satisfaction that either of 2870
the following applies: 2871

project will not negatively affect any exclusion of the interest 2873

or interest equivalent on obligations issued to provide moneys 2874

federal income tax purposes under the "Internal Revenue Code of 2876
1986," 26 U.S.C. 1, as amended. 2877

basis by their issuing authority. 2882

In the event the Director determines that the condition 2883
set forth in division (B) (1) of this section does not apply, and 2884
that there is no existing fund in the state treasury to enable 2885
compliance with the condition set forth in division (B) (2) of 2886
this section, the Director may create a fund in the state 2887
treasury for the purpose of receiving proceeds of federally 2888
taxable obligations. The Director may establish capital 2889
appropriation items in that taxable bond fund that correspond to 2890
the preexisting capital appropriation items in the associated 2891
tax-exempt bond fund. The Director also may transfer capital 2892

the 135th General Assembly (as amended by H.B. 730 of the 136th 3543
General Assembly) is hereby repealed. 3544

Section 805.10. The items of law contained in this act, 3545
and their applications, are severable. If an item of law 3546
contained in this act, or if an application of an item of law 3547

Section 810.10. The provisions of this act in sections 3552
prefixed with section numbers in the 200s with the purpose of 3553

into immediate effect. 3563
