

**As Introduced**

**136th General Assembly  
Regular Session  
2025-2026**

**S. B. No. 80**

**Senators Ingram, Blackshear  
Cosponsor: Senator Craig**

---

**A BILL**

To amend section 1327.70 of the Revised Code to 1  
authorize a county to implement a motor fuel 2  
quality testing program. 3

**BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:**

**Section 1.** That section 1327.70 of the Revised Code be 4  
amended to read as follows: 5

**Sec. 1327.70.** (A) As used in this section: 6

~~(1)~~ "Biodiesel" and "blended biodiesel" have the same 7  
meanings as in section 125.831 of the Revised Code. 8

"Conventional fuel" means gasoline and diesel fuel. 9

"Diesel fuel" has the same meaning as in section 5735.01 10  
of the Revised Code. 11

~~(2)~~ "Ethanol extended fuel" means a mixture of gasoline 12  
and ethanol. 13

"Fuel inspector" means a county auditor or any person who 14  
is designated by the county auditor to perform motor fuel 15  
quality testing under this section. 16

"Motor fuel" means ~~gasoline or diesel~~ any of the following 17  
types of fuel that is sold by a ~~retailer~~ retail dealer: 18

(1) Conventional fuel; 19

(2) Biodiesel or blended biodiesel fuel; 20

(3) Ethanol extended fuel. 21

"Retail dealer" has the same meaning as in section 5735.01 22  
of the Revised Code. 23

"Retail service station" has the same meaning as in 24  
section 5735.01 of the Revised Code. 25

(B) The director of agriculture may adopt rules in 26  
accordance with Chapter 119. of the Revised Code establishing a 27  
motor fuel quality testing program that is uniform throughout 28  
the state. 29

(C) (1) Unless a motor fuel quality testing program is 30  
established in rules under division (B) of this section, is 31  
funded, and is implemented by the department of agriculture, a 32  
county auditor may implement a motor fuel quality testing 33  
program in the auditor's county whereby a fuel inspector may 34  
test motor fuel quality for octane level, sediment, and water in 35  
the fuel. No fuel inspector shall charge any inspection or 36  
registration fees to perform motor fuel quality testing. 37

(2) Except as provided in this division, a county auditor 38  
who implements a motor fuel quality testing program under this 39  
section shall acquire testing equipment or ensure that testing 40  
equipment is available for the county's program. The county 41  
auditor shall ensure that the testing equipment meets the most 42  
recent standards established by the American society for testing 43  
and materials (ASTM) international. A county auditor may 44

contract with another county to use that county's testing 45  
equipment so long as the contract provides that the testing is 46  
performed by a fuel inspector from the county that owns the 47  
testing equipment. A county auditor shall not allow the county's 48  
testing equipment to be used in any other county for fuel 49  
quality testing purposes unless a fuel inspector for the county 50  
that owns the equipment is conducting the testing. 51

(D) If a county auditor implements a fuel quality testing 52  
program under this section, a retail dealer in the applicable 53  
county shall do all of the following when requested by a fuel 54  
inspector: 55

(1) Allow the fuel inspector to test the octane level and 56  
sediment from the retail dealer's motor fuel pumps; 57

(2) Allow the fuel inspector to test the water and 58  
sediment in the retail dealer's motor fuel storage tanks; 59

(3) Allow the fuel inspector to pump a sample of motor 60  
fuel, free of charge and in containers provided by the fuel 61  
inspector, in an amount required by the fuel inspector for 62  
testing. 63

(E) A fuel inspector shall do all of the following when 64  
performing motor fuel quality testing: 65

(1) Use testing equipment that meets the most recent 66  
standards established by the American society for testing and 67  
materials (ASTM) international; 68

(2) Adhere to any standard or guideline set forth by the 69  
director of agriculture, in accordance with division (F) (3) of 70  
this section, relating to petroleum product quality and sampling 71  
and testing methods that are consistent with the ASTM; 72

(3) Except as otherwise provided in division (E) (2) of 73  
this section, adhere to the following motor fuel quality testing 74  
compliance standards: 75

(a) Fuel storage tanks shall not exceed one-quarter inch 76  
of water for ethanol extended fuel and shall not exceed two 77  
inches of water for conventional fuel. 78

(b) Gasoline and ethanol extended fuel octane levels 79  
tested at the pump shall be within one octane point of the 80  
octane level listed on the pump. 81

(c) Gasoline and ethanol extended fuel tested at the pump, 82  
per ASTM requirements, shall be visually free of undissolved 83  
water, sediment, and suspended matter and shall be clear and 84  
bright at either an ambient temperature or seventy degrees 85  
Fahrenheit, whichever is higher. 86

(d) Diesel fuel tested at the pump shall meet the 87  
standards defined by the ASTM. 88

(F) (1) For a violation of a motor fuel quality standard 89  
detected at a retail service station, a fuel inspector shall 90  
issue to the applicable retail dealer an order to stop selling 91  
fuel until the fuel is in compliance with this section as 92  
determined by the fuel inspector. 93

(2) A fuel inspector, when issuing an order to stop 94  
selling fuel under division (F) (1) of this section, may impose a 95  
civil penalty on the retail dealer in accordance with rules 96  
adopted by the director of agriculture under division (F) (3) of 97  
this section. If the director does not adopt such rules, the 98  
county auditor shall not adopt civil penalties for that county. 99  
All civil penalties collected under division (F) (2) of this 100  
section shall be deposited into the applicable county general 101

fund. 102

(3) For purposes of a county auditor-implemented motor fuel quality testing program, the director of agriculture may adopt rules in accordance with Chapter 119. of the Revised Code establishing civil penalties for violations of motor fuel quality standards. The rules shall include procedures by which a retail dealer may appeal a civil penalty. 103  
104  
105  
106  
107  
108

(G) A fuel inspector shall transmit data collected from motor fuel quality testing to the director of agriculture. The director shall compile such data, including dates, locations, and results received from fuel inspectors, and make the data accessible to the public via the department of agriculture's web site. 109  
110  
111  
112  
113  
114

(H) Any county that lawfully implemented a motor fuel quality testing program prior to the effective date of this section is exempt from divisions (C) to (F) of this section. Such a county may continue to implement the motor fuel quality testing program as that program existed prior to the effective date of this section. 115  
116  
117  
118  
119  
120

(I) Whenever the department of agriculture is notified of a United States environmental protection agency waiver of standards that applies to federal fuel standards, the department shall notify every county auditor's office. Any auditor participating in a fuel quality testing program under this section, or a fuel quality testing program implemented prior to the effective date of this section, shall only test for water and sediment during the waiver period. 121  
122  
123  
124  
125  
126  
127  
128

**Section 2.** That existing section 1327.70 of the Revised Code is hereby repealed. 129
