

As Introduced

**136th General Assembly
Regular Session
2025-2026**

S. R. No. 261

**Senators Ingram, Blessing
Cosponsors: Senators Hicks-Hudson, Smith**

A R E S O L U T I O N

To urge the United States Congress to create a National
Infrastructure Bank to finance urgently needed
infrastructure projects.

BE IT RESOLVED BY THE SENATE OF THE STATE OF OHIO:

WHEREAS, The American Society of Civil Engineers (ASCE)
stated in its 2021 report card that the United States received a
grade of C- regarding the current state of infrastructure and
that more than six trillion dollars would be needed to restore
the nation's infrastructure to a state of good repair. Over two
and a half trillion dollars is currently not funded, the
remainder is inadequately funded, and all new, twenty-first
century projects remain unfunded; and

WHEREAS, The ASCE 2021 report card also gave the state of
Ohio a grade of C-. The state will need to invest at least
twelve billion dollars to upgrade the drinking water systems and
fourteen billion dollars to upgrade waste water systems. More
than six per cent of the state's bridges are rated structurally
deficient, driving on roads in poor repair costs each driver
more than five hundred dollars per year, and traffic congestion
costs Ohio motorists an estimated four and a half billion
dollars each year in lost time and wasted fuel. Rail
transportation requires new passenger lines and high speed rail

service connecting a Great Lakes system; and 22

WHEREAS, A National Infrastructure Bank (NIB) would be 23
modeled on previous banks that helped build much of our nation's 24
infrastructure, including infrastructure in Ohio. Presidents 25
George Washington, James Madison, John Quincy Adams, and Abraham 26
Lincoln created similar institutions during their 27
administrations that helped finance the roads, dams, bridges, 28
canals, power systems, and railroads that made our nation the 29
envy of the world. The final such institution, under President 30
Franklin D. Roosevelt, helped bring us out of the Great 31
Depression and win World War II; and 32

WHEREAS, Congress introduced H.R. 5356 in the 119th 33
Congress to create a five trillion dollar National 34
Infrastructure Bank; and 35

WHEREAS, A NIB would operate as its predecessors did and be 36
capitalized by existing United States Treasury debt, requiring 37
no new federal spending and no new federal taxes; and 38

WHEREAS, A NIB would create tens of millions of new jobs, 39
pay prevailing wages, and mandate Buy America policies. A NIB 40
would supercharge the United States economy, reopen American 41
production, and grow industry in Ohio. It would ensure robust 42
minority hiring, promote disadvantaged business enterprises, and 43
spawn a resurgence of small business. It would lead to a total 44
factor productivity increase of more than three per cent per 45
year, and a gross domestic product increase of more than five 46
per cent per year; and 47

WHEREAS, A bi-partisan resolution was introduced into the 48
Ohio House of Representatives in the 135th General Assembly. 49
Twenty-seven additional state legislatures have introduced 50
resolutions to Congress, and eight have passed at least one 51
house; and 52

WHEREAS, A NIB is widely supported across the state and the 53
nation. Endorsements include Akron City Council, Toledo City 54
Council, Cleveland City Council, Lucas County Board of 55
Commissioners, Toledo Metropolitan Area Council of Governments, 56
IBEW Local 245, UA Local 50 Plumbers and Steamfitters, Western 57
Reserve Building and Construction Trades, Bricklayers Local 7, 58
All Aboard Ohio, among others. National endorsements include 59
National Black Caucus of State Legislators, National Asian- 60
Pacific Caucus of State Legislatures, Council of State 61
Governments-East, National Association of Counties, National 62
Association of Development Organizers, National Association of 63
Minority Contractors, National Latino Farmers and Ranchers, and 64
many more; now therefore be it 65

RESOLVED, That we, the members of the Senate of the 136th 66
General Assembly of the State of Ohio, call upon the United 67
States Congress to pass a bill similar to H.R. 5356 of the 119th 68
Congress to create a National Infrastructure Bank; and be it 69
further 70

RESOLVED, That the Clerk of the Senate transmit duly 71
authenticated copies of this resolution to each member of the 72
Ohio congressional delegation, the governor of Ohio, the 73
president of the United States, and the news media of Ohio. 74
