Juvenile: (937) 440-5970 Phone (937) 440-3531 Clerks Office Fax

Judge W. McGregor Dixon, Jr.

To Whom It May Concern,

I am the Chief Probation Officer of Miami County Juvenile Court in Troy, Ohio. We have used the education services of Planned Parenthood extensively. The information and resources they provide have been invaluable as a staff development tool and as an integral part of our successes with youth.

Many of the staff has been trained in PREP. We are in our third year of offering this important education to the high risk youth in our community. The youth and community have benefitted greatly from this program.

The experts from Planned Parenthood have also brought current trainings to us such as: Supporting Youth on the Sexual Spectrum and Looking for Love. The trainings have been at a reasonable cost and contain relevant information that cannot be found anywhere else. Without these services we would be a much less effective agency.

Supporting the services and the work Planned Parenthood will be important part of our future service delivery for the youth and families in Miami County Ohio.

Respectfully,

Julie K Harmon, MS, LPCC, LSW, CCM
Chief Probation Officer
