Dear Chairman Derickson and members of the committee:

Please support and pass this bill. I do not want our tax dollars supporting an organization that performs over 300,000 abortions annually and to one that provides very little to the health of a woman besides providing birth control and abortions.

Women should be going to health centers that care about both the woman and the baby and provide health care and prenatal care and that does not hesitate to refer babies for adoption.

We support local mothers, babies and families at our Help Center in Troy, Ohio. We have about 2000 client visits per year to help them with diapers, cribs, mattresses, formula and clothing or a listening ear.

Thanks for your consideration.

Sincerely,
David Enneking, President of Miami Co. Right to Life and Mary Jo Enneking
