Dear Senator,

My name is Kourtney Gabbard. I was involved in an accident in June 2017. I was in a lot of pain, lost and confused, and didn't know what to do. If it weren't for getting a phone call to seek chiropractic and physical therapy treatment for my pain, I would've fallen back into old bad habits involving narcotics. Hamilton Pain and Injury provided me with the best chiropractic care, and I didn't have to take any medications to relieve my pain. When you're involved in an accident, you're caught up in the shock and are not focused on your well-being at the time. If they wouldn't have contacted me, I wouldn't have known about being able to receive this kind of treatment. They cared about my health & well-being. Please do not take this option away from other automobile accidents. With the rise of narcotic use, it's these kind of clinics that help reduce the narcotic epidemic.

Respectfully,

Kourtney Gabbard
