Special Requests: _____

Chairman Uecker, Vice Chairman Wilson, Ranking Member Thomas and members of the Senate Local Government, Public Safety and Veterans Affairs Committee:

Here are the topic points I am going to speak about :

- Brief history on my recovery from alcoholism and drug addiction**
- Brief account on my accident and how it has affected me mentally, physically, and financially**
- How University Pain and Injury has played a vital role in the recovery from my injuries sustained in the accident and how I wouldn't have known about my rights or options if I hadn't received phone calls from multiple providers in the area**
- How Insurance never even mentioned anything about my rights as an injured driver and did very little to assist in getting me up and going.**
- How the hospital offered me meds to handle the short term pain, but gave no direction on how to proceed with long term recovery nor did they mention it was my right to receive that at the expense of the insurance companies**
- How by receiving physical therapy has allowed me to recover safely in the hands of a supportive professional practice without the use of meds; meds that could lead to a relapse for anyone in addiction/ alcohol recovery**

Thank you for accepting my statement in opposition to Senate Bill 148.

**Sincerely,
Adam Hanekamp**
