

My name is Leah Reilly and I am a resident of Columbus, OH. I am writing today to strongly urge you to vote AGAINST SB311.

SB311 weakens Ohio's Health Director at the time when we need them most--in the midst of a major health crisis. The passage of this bill would allow untrained state legislators to overrule medical professionals--people who have studied and trained for YEARS and have immense amounts of knowledge and experience with which to guide our state through a health crisis. SB311 is a dangerous power grab by extremist politicians who, again, are NOT medically trained and have shown their top priorities to lie elsewhere while thousands of Ohioans are sick and dying from a global virus.

I urge you to vote NO on SB311 to keep state medical decisions where they need to be--in the hands of our Health Director and trained medical professionals.

Ardently,

Leah Reilly
