RE: SCR 14 (Racism as a Public Health Crisis)

To whom it may concern:

I am a registered voter and taxpayer in the State of Ohio. Let this serve as my testimony that racism should be declared a public health crisis. Racism is a delusion that one race is superior to another race, which leads to deviant behavior that endangers the general public.

Please declare racism a public health crisis.

Sincerely,

A handwritten signature in black ink, appearing to read 'S. Brackenrich Jr.', written in a cursive style.
