department shall investigate the bids received and shall 164
determine that the bureau and the secretary of state have made 165
the certifications required by this section of the builder who 166
has submitted the lowest and best bid. Within ten days of the 167
completion of the investigation of the bids, the department 168
shall award the lease agreement to the builder who has submitted 169
the lowest and best bid and who has been certified by the bureau 170
and secretary of state as required by this section. If bidding 171
for the lease agreement has been conducted upon the basis of 172
basic plans, specifications, bills of materials, and estimates 173
of costs, upon the award to the builder the department, or the 174
builder with the approval of the department, shall appoint an 175

authority, quasi-governmental entity, or institution. The 259
department may require minimum energy efficiency standards for 260
purchased products and equipment based on federal testing and 261
labeling if available or on standards developed by the 262

prior to the beginning of the fiscal year, in accordance with 295

other state-assisted institutions of higher education graduate	556

that could be eliminated because they constitute unnecessary	559
duplication, as shall be determined using the process developed	560
pursuant to this division, or for other good and sufficient	561
cause. Prior to recommending a program for elimination, the	562
chancellor shall request the board of regents to hold at least	563
one public hearing on the matter and advise the chancellor on	564
whether the program should be recommended for elimination. The	565

this section, the chancellor shall make no change in the 613
definition of "full-time equivalent student" in effect on 614
November 15, 1981, which would increase or decrease the number 615
of subsidy-eligible full-time equivalent students, without first 616
submitting a fiscal impact statement to the president of the 617
senate, the speaker of the house of representatives, the 618
legislative service commission, and the director of budget and 619
management. The chancellor shall work in close cooperation with 620

other matters concerning the expenditures of appropriated funds 622
by state colleges, universities, and other institutions of 623
higher education. 624

(O) Adopt such rules as are necessary to carry out the chancellor's duties and responsibilities. The rules shall prescribe procedures for the chancellor to follow when taking actions associated with the chancellor's duties and responsibilities and shall indicate which types of actions are subject to those procedures. analysis of any program offered at that institution and submit 739
the findings of the analysis to the chancellor, if the 740

addition to the portion of the academic year covered by a grant 847
under this section, the maximum grant amount shall be a 848
percentage of the maximum specified in any table established in 849
rules adopted by the chancellor as provided in division (A) of 850
this section. The maximum grant for a fourth quarter shall be 851

attendance and the student's housing costs and living expenses. 868
Living expenses shall include reasonable costs for room and 869
board. 870

(E) No grant shall be made to any student in a course of 871

arts, or associate of science degree. 875

1199
1200

1203
1204
1205
1206
1207
1208

(4) It is for a state institution of higher education's individual students and faculty to make judgments about ideas 1209

for themselves, and to act on those judgments not by seeking to 1211
suppress free speech, but by openly and vigorously contesting 1212
the ideas that they oppose. 1213

higher education to attempt to shield individuals from free 1215

traditional, radical, or wrong-headed. 1218

(6) Although a state institution of higher education 1219

civility and mutual respect shall never be used by an 1221
institution as a justification for closing off the discussion of 1222
ideas, however offensive, unwise, immoral, indecent, 1223
disagreeable, conservative, liberal, traditional, radical, or 1224
wrong-headed those ideas may be to some students or faculty. 1225

(7) Although all students and all faculty are free to 1226
state their own views about and contest the views expressed on 1227
campus, and to state their own views about and contest speakers 1228
who are invited to express their views on the campus of a state 1229
institution of higher education, they may not substantially 1230
obstruct or otherwise substantially interfere with the freedom 1231
of others to express views they reject or even loathe. To this 1232
end, a state institution of higher education has a 1233
responsibility to promote a lively and fearless freedom of 1234
debate and deliberation and protect that freedom. 1235

committed to providing an atmosphere that is most conducive to 1237
speculation, experimentation, and creation by all students and 1238
all faculty, who shall always remain free to inquire, to study 1239
and to evaluate, and to gain new understanding. 1240

(9) The primary responsibility of faculty is to engage an honest, courageous, and persistent effort to search out and communicate the truth that lies in the areas of their competence. 1241
1242
1243
1244

(C) Each board of trustees shall establish a process under which a student, student group, or faculty member may submit a complaint about an alleged violation by an employee of the state institution of higher education of the policy established under this section, including any penalty imposed on a student's grade for an assignment or coursework that is unrelated to ordinary academic standards of substance and relevance, including any legitimate pedagogical concerns, and is instead based on the contents of student's free speech. The process shall comply with standards adopted by the chancellor of higher education. 1245
1246
1247
1248
1249
1250
1251
1252
1253
1254

Under the process, the state institution of higher education shall investigate the alleged violation and conduct a fair and impartial hearing regarding the alleged violation. If the hearing determines the state institution of higher education's policy was violated, the board of trustees shall determine a resolution to address the violation and prevent any further violation of the state institution of higher education's policy. 1255
1256
1257
1258
1259
1260
1261
1262

(D) Each state institution of higher education annually shall report to the chancellor, in a form and manner prescribed by the chancellor, both of the following regarding complaints submitted in the academic year under the process prescribed under division (C) of this section: 1263
1264

<u>(4) Prohibiting or limiting speech, expression, or assemblies that are not protected by the First Amendment to the United States Constitution or Article I, Sections 3 and 11 of the Ohio Constitution;</u>	1290 1291 1292 1293
<u>(5) Content restrictions on speech that are reasonably related to a legitimate pedagogical purpose, such as classroom rules enacted by teachers.</u>	1294 1295 1296

determined by the chancellor. 1434

(4) The eligible student successfully paid all general and 1435
instructional fees and did not receive a refund for the courses 1436
for which the student registered in ~~the student's final~~ that 1437
academic year at the start of that year. 1438

(5) ~~The eligible student successfully registers for the~~ 1439
~~necessary course in the next academic year in which the course~~ 1440
~~is offered.~~ 1441

~~(6)~~ The eligible student did not enroll in the maximum 1442

amount of credit hours in ~~the student's final~~ that academic 1443
year, as determined by the state institution of higher 1444
education. 1445

(C) ~~Qualifying for~~ A board of trustees shall offer an 1446
eligible student described in division (B) of this section one 1447
of the following accommodations: 1448

(1) The board of trustees shall waive the eligible 1449
student's general and instructional fees for the requisite 1450
course if the student successfully registers for that course in 1451
the next academic year in which the course is offered. However, 1452
a waiver of fees ~~under division (B) of this section~~ shall not 1453
grant an eligible student guaranteed or priority registration 1454
for ~~the necessary~~ that course described in that division. 1455

(2) The board of trustees shall reimburse the eligible 1456
student for any general and instructional fees the student paid 1457
in order to register for a course equivalent to the requisite 1458
course that is offered by an institution of higher education 1459
with a similar accreditation. To qualify for a reimbursement, 1460
the student must have registered for the equivalent course in 1461
the academic year in which the student was unable to register 1462
for the requisite course. 1463

(3) The board of trustees shall permit the eligible 1464
student to complete an independent study that meets specified 1465
guidelines in lieu of the requisite course in order to meet the 1466
requirements of the student's bachelor's degree program. 1467

(D) The chancellor shall establish rules to implement this 1468
section. 1469

Sec. 5727.75. (A) For purposes of this section: 1470

(1) "Qualified energy project" means an energy project 1471

certified by the director of development pursuant to this 1472
section. 1473

(2) "Energy project" means a project to provide electric 1474
power through the construction, installation, and use of an 1475
energy facility. 1476

(3) "Alternative energy zone" means a county declared as 1477
such by the board of county commissioners under division (E) (1) 1478
(b) or (c) of this section. 1479

(4) "Full-time equivalent employee" means the total number 1480
of employee-hours for which compensation was paid to individuals 1481
employed at a qualified energy project for services performed at 1482
the project during the calendar year divided by two thousand 1483
eighty hours. 1484

(5) "Solar energy project" means an energy project 1485
composed of an energy facility using solar panels to generate 1486
electricity. 1487

(6) "Internet identifier of record" has the same meaning 1488
as in section 9.312 of the Revised Code. 1489

(B) (1) Tangible personal property of a qualified energy 1490
project using renewable energy resources is exempt from taxation 1491
for tax years 2011 through 2025 if all of the following 1492
conditions are satisfied: 1493

(a) On or before December 31, 2024, the owner or a lessee 1494
pursuant to a sale and leaseback transaction of the project 1495
submits an application to the power siting board for a 1496
certificate under section 4906.20 of the Revised Code, or if 1497
that section does not apply, submits an application for any 1498
approval, consent, permit, or certificate or satisfies any 1499
condition required by a public agency or political subdivision 1500

of this state for the construction or initial operation of an 1501
energy project. 1502

(b) Construction or installation of the energy facility 1503
begins on or after January 1, 2009, and before January 1, 2025. 1504
For the purposes of this division, construction begins on the 1505
earlier of the date of application for a certificate or other 1506
approval or permit described in division (B) (1) (a) of this 1507
section, or the date the contract for the construction or 1508
installation of the energy facility is entered into. 1509

(c) For a qualified energy project with a nameplate 1510
capacity of twenty megawatts or greater, a board of county 1511
commissioners of a county in which property of the project is 1512
located has adopted a resolution under division (E) (1) (b) or (c) 1513
of this section to approve the application submitted under 1514
division (E) of this section to exempt the property located in 1515
that county from taxation. A board's adoption of a resolution 1516
rejecting an application or its failure to adopt a resolution 1517
approving the application does not affect the tax-exempt status 1518
of the qualified energy project's property that is located in 1519
another county. 1520

(2) If tangible personal property of a qualified energy 1521
project using renewable energy resources was exempt from 1522
taxation under this section beginning in any of tax years 2011 1523
through 2025, and the certification under division (E) (2) of 1524
this section has not been revoked, the tangible personal 1525
property of the qualified energy project is exempt from taxation 1526
for tax year 2026 and all ensuing tax years if the property was 1527
placed into service before January 1, 2026, as certified in the 1528
construction progress report required under division (F) (2) of 1529
this section. Tangible personal property that has not been 1530

placed into service before that date is taxable property subject 1531
to taxation. An energy project for which certification has been 1532
revoked is ineligible for further exemption under this section. 1533
Revocation does not affect the tax-exempt status of the 1534
project's tangible personal property for the tax year in which 1535
revocation occurs or any prior tax year. 1536

(C) Tangible personal property of a qualified energy 1537
project using clean coal technology, advanced nuclear 1538
technology, or cogeneration technology is exempt from taxation 1539
for the first tax year that the property would be listed for 1540
taxation and all subsequent years if all of the following 1541
circumstances are met: 1542

(1) The property was placed into service before January 1, 1543
2021. Tangible personal property that has not been placed into 1544
service before that date is taxable property subject to 1545
taxation. 1546

(2) For such a qualified energy project with a nameplate 1547
capacity of twenty megawatts or greater, a board of county 1548
commissioners of a county in which property of the qualified 1549
energy project is located has adopted a resolution under 1550
division (E) (1) (b) or (c) of this section to approve the 1551
application submitted under division (E) of this section to 1552
exempt the property located in that county from taxation. A 1553
board's adoption of a resolution rejecting the application or 1554
its failure to adopt a resolution approving the application does 1555
not affect the tax-exempt status of the qualified energy 1556
project's property that is located in another county. 1557

(3) The certification for the qualified energy project 1558
issued under division (E) (2) of this section has not been 1559
revoked. An energy project for which certification has been 1560

revoked is ineligible for exemption under this section. 1561
Revocation does not affect the tax-exempt status of the 1562
project's tangible personal property for the tax year in which 1563
revocation occurs or any prior tax year. 1564

(D) Except as otherwise provided in this section, real 1565
property of a qualified energy project is exempt from taxation 1566
for any tax year for which the tangible personal property of the 1567
qualified energy project is exempted under this section. 1568

(E) (1) (a) A person may apply to the director of 1569
development for certification of an energy project as a 1570
qualified energy project on or before the following dates: 1571

(i) December 31, 2024, for an energy project using 1572
renewable energy resources; 1573

(ii) December 31, 2017, for an energy project using clean 1574
coal technology, advanced nuclear technology, or cogeneration 1575
technology. 1576

(b) The director shall forward a copy of each application 1577
for certification of an energy project with a nameplate capacity 1578
of twenty megawatts or greater to the board of county 1579
commissioners of each county in which the project is located and 1580
to each taxing unit with territory located in each of the 1581
affected counties. Any board that receives from the director a 1582
copy of an application submitted under this division shall adopt 1583
a resolution approving or rejecting the application unless it 1584
has adopted a resolution under division (E) (1) (c) of this 1585
section. A resolution adopted under division (E) (1) (b) or (c) of 1586
this section may require an annual service payment to be made in 1587
addition to the service payment required under division (G) of 1588
this section. The sum of the service payment required in the 1589

resolution and the service payment required under division (G) 1590
of this section shall not exceed nine thousand dollars per 1591
megawatt of nameplate capacity located in the county. The 1592
resolution shall specify the time and manner in which the 1593
payments required by the resolution shall be paid to the county 1594
treasurer. The county treasurer shall deposit the payment to the 1595
credit of the county's general fund to be used for any purpose 1596
for which money credited to that fund may be used. 1597

The board shall send copies of the resolution to the owner 1598
of the facility and the director by certified mail or, if the 1599
board has record of an internet identifier of record associated 1600
with the owner or director, by ordinary mail and by that 1601
internet identifier of record. The board shall send such notice 1602
within thirty days after receipt of the application, or a longer 1603
period of time if authorized by the director. 1604

(c) A board of county commissioners may adopt a resolution 1605
declaring the county to be an alternative energy zone and 1606
declaring all applications submitted to the director of 1607
development under this division after the adoption of the 1608
resolution, and prior to its repeal, to be approved by the 1609
board. 1610

All tangible personal property and real property of an 1611
energy project with a nameplate capacity of twenty megawatts or 1612
greater is taxable if it is located in a county in which the 1613
board of county commissioners adopted a resolution rejecting the 1614
application submitted under this division or failed to adopt a 1615
resolution approving the application under division (E) (1) (b) or 1616
(c) of this section. 1617

(2) The director shall certify an energy project if all of 1618
the following circumstances exist: 1619

- (a) The application was timely submitted. 1620
- (b) For an energy project with a nameplate capacity of 1621
twenty megawatts or greater, a board of county commissioners of 1622
at least one county in which the project is located has adopted 1623
a resolution approving the application under division (E) (1) (b) 1624
or (c) of this section. 1625
- (c) No portion of the project's facility was used to 1626
supply electricity before December 31, 2009. 1627
- (3) The director shall deny a certification application if 1628
the director determines the person has failed to comply with any 1629
requirement under this section. The director may revoke a 1630
certification if the director determines the person, or 1631
subsequent owner or lessee pursuant to a sale and leaseback 1632
transaction of the qualified energy project, has failed to 1633
comply with any requirement under this section. Upon 1634
certification or revocation, the director shall notify the 1635
person, owner, or lessee, the tax commissioner, and the county 1636
auditor of a county in which the project is located of the 1637
certification or revocation. Notice shall be provided in a 1638
manner convenient to the director. 1639
- (F) The owner or a lessee pursuant to a sale and leaseback 1640
transaction of a qualified energy project shall do each of the 1641
following: 1642
- (1) Comply with all applicable regulations; 1643
- (2) File with the director of development a certified 1644
construction progress report before the first day of March of 1645
each year during the energy facility's construction or 1646
installation indicating the percentage of the project completed, 1647
and the project's nameplate capacity, as of the preceding 1648

thirty-first day of December. Unless otherwise instructed by the 1649
director of development, the owner or lessee of an energy 1650
project shall file a report with the director on or before the 1651
first day of March each year after completion of the energy 1652
facility's construction or installation indicating the project's 1653
nameplate capacity as of the preceding thirty-first day of 1654
December. Not later than sixty days after June 17, 2010, the 1655
owner or lessee of an energy project, the construction of which 1656
was completed before June 17, 2010, shall file a certificate 1657
indicating the project's nameplate capacity. 1658

(3) File with the director of development, in a manner 1659
prescribed by the director, a report of the total number of 1660
full-time equivalent employees, and the total number of full- 1661
time equivalent employees domiciled in Ohio, who are employed in 1662
the construction or installation of the energy facility; 1663

(4) For energy projects with a nameplate capacity of 1664
twenty megawatts or greater, repair all roads, bridges, and 1665
culverts affected by construction as reasonably required to 1666
restore them to their preconstruction condition, as determined 1667
by the county engineer in consultation with the local 1668
jurisdiction responsible for the roads, bridges, and culverts. 1669
In the event that the county engineer deems any road, bridge, or 1670
culvert to be inadequate to support the construction or 1671
decommissioning of the energy facility, the road, bridge, or 1672
culvert shall be rebuilt or reinforced to the specifications 1673
established by the county engineer prior to the construction or 1674
decommissioning of the facility. The owner or lessee of the 1675
facility shall post a bond in an amount established by the 1676
county engineer and to be held by the board of county 1677
commissioners to ensure funding for repairs of roads, bridges, 1678
and culverts affected during the construction. The bond shall be 1679

released by the board not later than one year after the date the 1680
repairs are completed. The energy facility owner or lessee 1681
pursuant to a sale and leaseback transaction shall post a bond, 1682
as may be required by the Ohio power siting board in the 1683
certificate authorizing commencement of construction issued 1684
pursuant to section 4906.10 of the Revised Code, to ensure 1685
funding for repairs to roads, bridges, and culverts resulting 1686
from decommissioning of the facility. The energy facility owner 1687
or lessee and the county engineer may enter into an agreement 1688
regarding specific transportation plans, reinforcements, 1689
modifications, use and repair of roads, financial security to be 1690
provided, and any other relevant issue. 1691

(5) Provide or facilitate training for fire and emergency 1692
responders for response to emergency situations related to the 1693
energy project and, for energy projects with a nameplate 1694
capacity of twenty megawatts or greater, at the person's 1695
expense, equip the fire and emergency responders with proper 1696
equipment as reasonably required to enable them to respond to 1697
such emergency situations; 1698

(6) Maintain a ratio of Ohio-domiciled full-time 1699
equivalent employees employed in the construction or 1700
installation of the energy project to total full-time equivalent 1701
employees employed in the construction or installation of the 1702
energy project of not less than eighty per cent in the case of a 1703
solar energy project, and not less than fifty per cent in the 1704
case of any other energy project. In the case of an energy 1705
project for which certification from the power siting board is 1706
required under section 4906.20 of the Revised Code, the number 1707
of full-time equivalent employees employed in the construction 1708
or installation of the energy project equals the number actually 1709
employed or the number projected to be employed in the 1710

certificate application, if such projection is required under 1711
regulations adopted pursuant to section 4906.03 of the Revised 1712
Code, whichever is greater. For all other energy projects, the 1713
number of full-time equivalent employees employed in the 1714
construction or installation of the energy project equals the 1715
number actually employed or the number projected to be employed 1716
by the director of development, whichever is greater. To 1717
estimate the number of employees to be employed in the 1718
construction or installation of an energy project, the director 1719
shall use a generally accepted job-estimating model in use for 1720
renewable energy projects, including but not limited to the job 1721
and economic development impact model. The director may adjust 1722
an estimate produced by a model to account for variables not 1723
accounted for by the model. 1724

(7) For energy projects with a nameplate capacity in 1725
excess of twenty megawatts, establish a relationship with ~~a~~ 1726
~~member of the university system of Ohio as defined in section~~ 1727
~~3345.011 of the Revised Code or with a person offering an~~ 1728
~~apprenticeship program registered with the employment and~~ 1729
~~training administration within the United States department of~~ 1730
~~labor or with the apprenticeship council created by section~~ 1731
~~4139.02 of the Revised Code, any of the following to educate and 1732
train individuals for careers in the wind or solar energy 1733
industry. ~~The:~~ 1734~~

(a) A member of the university system of Ohio as defined 1735
in section 3345.011 of the Revised Code; 1736

(b) A person offering an apprenticeship program registered 1737
with the employment and training administration within the 1738
United States department of labor or with the apprenticeship 1739
council created by section 4139.02 of the Revised Code; 1740

(c) A career-technical center, joint vocational school 1741
district, comprehensive career-technical center, or compact 1742
career-technical center; 1743

(d) A training center operated by a labor organization, or 1744
with a training center operated by a for-profit or nonprofit 1745
organization. 1746

The relationship may include endowments, cooperative 1747
programs, internships, apprenticeships, research and development 1748
projects, and curriculum development. 1749

(8) Offer to sell power or renewable energy credits from 1750
the energy project to electric distribution utilities or 1751
electric service companies subject to renewable energy resource 1752
requirements under section 4928.64 of the Revised Code that have 1753
issued requests for proposal for such power or renewable energy 1754
credits. If no electric distribution utility or electric service 1755
company issues a request for proposal on or before December 31, 1756
2010, or accepts an offer for power or renewable energy credits 1757
within forty-five days after the offer is submitted, power or 1758
renewable energy credits from the energy project may be sold to 1759
other persons. Division (F)(8) of this section does not apply 1760
if: 1761

(a) The owner or lessee is a rural electric company or a 1762
municipal power agency as defined in section 3734.058 of the 1763
Revised Code. 1764

(b) The owner or lessee is a person that, before 1765
completion of the energy project, contracted for the sale of 1766
power or renewable energy credits with a rural electric company 1767
or a municipal power agency. 1768

(c) The owner or lessee contracts for the sale of power or 1769

renewable energy credits from the energy project before June 17, 1770
2010. 1771

(9) Make annual service payments as required by division 1772
(G) of this section and as may be required in a resolution 1773
adopted by a board of county commissioners under division (E) of 1774
this section. 1775

(G) The owner or a lessee pursuant to a sale and leaseback 1776
transaction of a qualified energy project shall make annual 1777
service payments in lieu of taxes to the county treasurer on or 1778
before the final dates for payments of taxes on public utility 1779
personal property on the real and public utility personal 1780
property tax list for each tax year for which property of the 1781
energy project is exempt from taxation under this section. The 1782
county treasurer shall allocate the payment on the basis of the 1783
project's physical location. Upon receipt of a payment, or if 1784
timely payment has not been received, the county treasurer shall 1785
certify such receipt or non-receipt to the director of 1786
development and tax commissioner in a form determined by the 1787
director and commissioner, respectively. Each payment shall be 1788
in the following amount: 1789

(1) In the case of a solar energy project, seven thousand 1790
dollars per megawatt of nameplate capacity located in the county 1791
as of the thirty-first-day of December of the preceding tax 1792
year; 1793

(2) In the case of any other energy project using 1794
renewable energy resources, the following: 1795

installation of the energy facility a ratio of Ohio-domiciled 1797
full-time equivalent employees to total full-time equivalent 1798

employees of not less than seventy-five per cent, six thousand 1799
dollars per megawatt of nameplate capacity located in the county 1800
as of the thirty-first day of December of the preceding tax 1801
year; 1802

(b) If the project maintains during the construction or 1803
installation of the energy facility a ratio of Ohio-domiciled 1804
full-time equivalent employees to total full-time equivalent 1805
employees of less than seventy-five per cent but not less than 1806
sixty per cent, seven thousand dollars per megawatt of nameplate 1807
capacity located in the county as of the thirty-first day of 1808
December of the preceding tax year; 1809

(c) If the project maintains during the construction or 1810
installation of the energy facility a ratio of Ohio-domiciled 1811
full-time equivalent employees to total full-time equivalent 1812
employees of less than sixty per cent but not less than fifty 1813
per cent, eight thousand dollars per megawatt of nameplate 1814
capacity located in the county as of the thirty-first day of 1815
December of the preceding tax year. 1816

(3) In the case of an energy project using clean coal 1817
technology, advanced nuclear technology, or cogeneration 1818
technology, the following: 1819

(a) If the project maintains during the construction or 1820
installation of the energy facility a ratio of Ohio-domiciled 1821
full-time equivalent employees to total full-time equivalent 1822

dollars per megawatt of nameplate capacity located in the county 1824
as of the thirty-first day of December of the preceding tax 1825
year; 1826

(b) If the project maintains during the construction or 1827

installation of the energy facility a ratio of Ohio-domiciled 1828
full-time equivalent employees to total full-time equivalent 1829

capacity located in the county as of the thirty-first day of 1832
December of the preceding tax year; 1833

(c) If the project maintains during the construction or 1834
installation of the energy facility a ratio of Ohio-domiciled 1835
full-time equivalent employees to total full-time equivalent 1836
employees of less than sixty per cent but not less than fifty 1837
per cent, eight thousand dollars per megawatt of nameplate 1838
capacity located in the county as of the thirty-first day of 1839
December of the preceding tax year. 1840

(H) The director of development in consultation with the 1841
tax commissioner shall adopt rules pursuant to Chapter 119. of 1842
the Revised Code to implement and enforce this section. 1843

Section 2. That existing sections 9.76, 123.01, 3313.6020, 1844

5727.75 of the Revised Code are hereby repealed. 1846

Section 3. (A) The Superintendent of Public Instruction, 1847
in consultation with the Chancellor of Higher Education and the 1848
Director of Jobs and Family Services, shall develop a proposal 1849
to implement a statewide apprenticeship program for high school 1850
students on a pathway to either employment upon graduation or 1851
enrollment in a postsecondary educational institution. 1852

The state Superintendent, in consultation with the 1853
Chancellor and the Director, may include appropriate 1854
stakeholders in the development of the proposal. 1855

(B) The state Superintendent, the Chancellor, the 1856

Director, and any other participating stakeholders shall 1857
consider at least all of the following in developing the 1858
proposal: 1859

(1) Eligibility requirements for a student to participate 1860
in an apprenticeship, including a minimum grade point average or 1861
its equivalent; 1862

(2) A process by which a student may secure an 1863
apprenticeship; 1864

(3) A process for approval of each student's 1865
apprenticeship, including a method for evaluating the 1866
educational benefits of an apprenticeship; 1867

(4) A limitation on the number of hours per week a student 1868
may work in an apprenticeship; 1869

(5) A method for determining actual costs to a business 1870

compensation and other insurance costs and training costs; 1872

(6) A funding formula for students enrolled in a public 1873
high school, including a maximum amount, to pay businesses for 1874
costs associated with employing students under an 1875
apprenticeship; 1876

(7) A funding formula for students enrolled in a chartered 1877
nonpublic high school, including a maximum amount, to pay 1878
businesses for costs associated with employing students under an 1879
apprenticeship; 1880

(8) A method for making payments to participating 1881
businesses; 1882

(9) A method by which any college credit for a certificate 1883
