

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.

My name is Marla Meyer and I am long time resident of the great state of Ohio. The reason I support House Bill 248 is because medical freedom is important. Having worked previously in the health care industry HIPPA privacy is important to me. Residents of Ohio should have the choice of how they care for their bodies and who has access to that information.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,
Marla Meyer
