

**Testimony of Donna Jo Kazeo**  
**Proponent, House Bill 248**  
**House Health Committee**  
*August 8, 2021*

Chair Lipps, Vice Chair Holmes, Ranking Member Russo, and honorable members of the Health Committee:

Thank you for this opportunity to provide testimony in support of Sub House Bill 248 (HB 248). I am a former biomedical engineer, mother of two, and advocate for health freedom, consumer rights, and informed consent. I have two children with vaccine injuries, and I've had reactions of my own, including an inability to develop or maintain rubella immunity despite being vaccinated five times with MMR.

It is my understanding and belief that the current substitute bill will be amended to a form that only addresses COVID-19 vaccination, so I will confine my testimony to that particular issue, after stating that the right to decline or accept with proper informed consent any medical product or procedure should be a given. This right should not be infringed by employers, educational facilities, government, business, etc.

It is a very personal and private decision to vaccinate for COVID-19. The latest revelations by CDC indicate that there is no value in the concept of a vaccine passport, as both vaccinated and unvaccinated may get and transmit the infection even asymptotically. In fact, those who got the infection and recovered seem to be the "safest" people in the world right now; however, you never hear our health experts or elected officials discuss them except to encourage vaccination.

In closing, you have sworn an oath to uphold the United States and Ohio constitutions, which affirm our inherent rights, given to us by God. Nowhere are we assured our next breath,

freedom from disease, or any guarantees based on having the best science. I have lost all faith during this virus outbreak in the Ohio Legislature. There are only a handful of you that I would consider voting for any office in the future. It is my sincere hope you will pass something, with an emergency clause, very quickly to possibly help the remaining people who have managed to avoid these ridiculous mandates. I fear it is too late for many people, and any gesture on your parts is largely symbolic at this point.

Sincerely,  
Donna Jo Kazee
