

## Why I support H.B. 248

Thank you for inviting me to share why I support HB 248

I am an employee on a college campus.

On 8/2/2021 at 10:45 am – A prospective student and family was visiting the dining hall where I was working. The parent asked the manager: “Is everyone on campus vaccinated?” –The manager said while directly pointing to my VACCINATED co-workers who do not wear masks “They are vaccinated” and then pointed to me and said “She is not vaccinated so she is wearing a mask”.

I was stunned! .

My personal health information was just publicly shared with strangers. I feel as though I am treated as a threat to society. Note: For over a year now I have tested negative for covid every week. For the past 20 months I have lived and moved freely in public without wearing a mask, except when I am at work I am required.

Every two weeks I am required to be tested because I am not vaccinated. I have to retrieve a test kit from the manager’s office, then proceed through a large commercial kitchen with the test kit in hand walking by several other staff members and management into the large dining hall where students, faculty and staff eat – to go to a room with glass windows on the entire front side of it – making it visible to everyone. This is where I administer the self-test. In full view of every person sitting in the dining room.

**Do you understand what is happening?**

**We have already lost our privacy and protections** Right now It doesn’t matter if I have medical or religious reasons for not being vaccinated. They have already stripped me of my privacy and bodily autonomy by making my vaccination status public and subjecting me to testing.

The only ones that have secured their rights and privacy are those who have submitted to this vaccine agenda.

**This is the first reason HB 248 must become law to restore rights and privacy for every Ohioan.**

In 2016 I experienced SEVERE ADVERSE REACTIONS TO AN ANTIBIOTIC CALLED CIPROFLOXACIN. I have suffered mitochondrial toxicity, cell energy impairments, oxidative stress, muscle atrophy, central nervous system issues, peripheral neuropathy in my feet and tendonitis in my feet and elbows. I was unable to work for six months. For 4 months I was incapacitated.

Its 2021 and I am still suffering from some of these adverse reactions. **There were no WARNINGS ON THIS DRUG. For NEARLY 3 DECADES they said it was safe and effective!** It took 27 YEARS before the FDA under severe pressure from public outcry gave it a **BLACKBOX WARNING** - stating that this drug should **only be used as a LAST RESORT IN A LIFE AND DEATH SITUATION**. It took 27 years and millions injured and thousands died.

TAKE A MOMENT NOW AND IMAGINE THE YEAR 2040 -- AFTER OUR GOVERNMENT FORCES THESE VACCINES ON 300 MILLION PEOPLE - ***HOW MANY WILL BE INJURED OR DIE BECAUSE OF THESE VACCINES?***

Our governor and President keeps admonishing us that we need to take responsibility and get vaccinated. Well I say – THE GOVERNMENT, DRUG COMPANIES, FDA, Medial Establishment NEED to take RESPONSIBILITY FOR THEIR FAILURES OVER THE PAST 30 YEARS allowing people to die because of their lies, coverups and medical errors. **And let the Pharmaceutical companies take responsibility right now for the injuries and deaths that these vaccines are causing right now.** But they are exempt! They have no responsibility. Well every American then should be able to be exempt from taking their drugs!

Finally, I want to share an even more personal experience than my previous two.

33 years ago at age 19 I became pregnant. I was a college student and I was scared. My doctor said to get an abortion, no other options were discussed.

Much like people today are scared of covid and are taking the first advice they are given from doctors.

Today with covid – THE GOVERNMENT, HOSPITALS SAY Get a Vaccine.

They make it sound simple –.

Get an abortion. The problem will go away.

Get a vaccine. The problem will go away

The truth is – neither go away!

They both create more problems.

Please refer to the chart of the covid vaccine makers and the PBS NEWS HOUR article in my foot notes. BOTH CONFIRM WHAT I HAVE STATED.

in closing, Had I been TRUTH-FULLY INFORMED about CIPRO I would never have chosen to TO TAKE IT!

HAD I BEEN TRUTH-FULLY INFORMED ABOUT BABY DEVELOPMENT and given guidance I WOULD NEVER HAVE CHOSEN TO have an abortion

Fragile and frightened people are taken advantage of – being given a set of carefully “CONSTRUCTED facts” that only SERVES THE PURPOSE OF PROVIDERS!

SCARE TACTICS, and LIES are the undergirding of the abortion movement

The same is true with the VACCINE MOVEMENT.

Both Federal and State governments, Drug Manufacturers and the Medical Establishment are lying about their agenda and nature of these Vaccines just as they always have done in the past with pharmaceutical drugs and abortion

It is NOT AN EXAGGERATION TO SAY:

**We are witnessing CRIMES AGAINST HUMANITY.**

What you decide on HB 248 will directly affect humanity today and humanity tomorrow; You are determining the fate of generations to come.

Pray for Wisdom. Act Humanely. Vote yes on house bill 248

Thank you for listening.
