Michael & Jane Burke
07470 Kelly Road
Wapakoneta, Ohio
45895. 4192300840

We are writing to you today in support of Sub
S.B No. 52

Our concerns are as follows

1. Loss of Prime farmland which will be changed to industrial
2. Loss of jobs and commerce to Agribusiness
3. Damage to existing drainage tile
4. Loss of property values for farms & residential
5. Stresses on volunteer fire departments
6. Concerns of the ability to decommission solar and wind industrial sites.
7. Because of the above concerns which are local issues we believe the bill should be passed. We own farmland along the transmission lines and have turned down two solar and one wind project over the past eleven years. This is how strongly we believe this is not the right choice for the

future of our community. Thank you Michael
& Jane Burke
