

We hold the entire Bill of Rights and the Constitution close to our hearts. They were designed to protect THE PEOPLE and America. Our forefathers knew someday the Government would overreach their power. President Joe Biden and his administration are now saying that no amendment is absolute. This is NOT TRUE. They are clearly trying to destroy the very documents they swore to uphold. The Second Amendment Preservation Act, HB62 is so critical for the preservation of gun rights. It's the ONE AMENDMENT that protects all the others. It's really that simple. WE DEMAND A QUICK PASSAGE OF HB62.

Sincerely,
Daniel and Michelle Korb of Chardon, Ohio
