House Finance Subcommittee on Health and Human Services
House Bill 110, Interested Party
February 23, 2021

Chair Roemer, Ranking Member West, and members the House Finance Subcommittee on Health and Human Services, thank you for the opportunity to provide interested party testimony on the Ohio Department of Insurance budget contained in House Bill 110.

The Ohio Department of Insurance (ODI) plays a vital role in Ohio’s insurance marketplace by regulating and monitoring Ohio’s insurance companies and their products, representing consumers’ interests and promoting innovation in the industry. In recent years, ODI helped shepherd important insurance legislation through the Ohio Legislature. These bills focused on updating Ohio’s code section, normalizing regulations with other states in which our companies do business, and avoiding federal preemption of laws that ultimately benefit Ohio Consumers. All of these efforts make Ohio one of the strongest, most competitive insurance marketplaces in the nation.

Additionally, the Association of Ohio Life Insurance Companies (AOLIC) appreciates ODI’s willingness to work with the industry to ensure that innovative products are in the marketplace. ODI continues to be a fair and interested partner in its role as the regulator of the industry. Therefore, AOLIC supports maintaining ODI’s funding for fiscal years 2022 and 2023 at the levels recommended by the administration.
