Chairman Merrin and Members of the House Ways and Means Committee:

My name is John Weber and I represent the National Rifle Association. The NRA supports HB 471 and applauds Representative Cutrona for its introduction in the House.

This pro-Second Amendment legislation will remove sales and use taxes from most commonly purchased firearms and ammunition. Doing so will aid law abiding Ohioans in exercising their Second Amendment right and decrease the cost of training by making ammunition more affordable.

The NRA supports HB 417 and respectfully asks this committee to pass this pro-Second Amendment legislation.

Sincerely,

John Weber
