

## **Electric Vehicle Investments and Workforce Development Opportunities in Other States**

In 2021, auto manufacturers announced billions of dollars in investment and thousands of jobs that will be created as they shift production to electric vehicles. Those jobs and investments went to states all over the country, and we want to make sure Ohio isn't left behind. Accelerating Ohio's Auto Industry will send a strong signal to the auto industry that Ohio is all in on EVs and build on our historic strength as an auto manufacturing state.

### MICHIGAN
