

Sen. Peterson, Chair
Sen. Cirino, Vice Chair
Sen. Craig, Ranking Member and
Members of the Senate General Government Budget Committee:

DO NOT FORGET, Senators, we have multiple ill-advised applications for an Article V convention on record, from 1861 through 2013. We must STOP any new applications now and **RESCIND** the previous ones!

Ohio must VOTE NO on SJR 4 and RESCIND all other Article V Convention applications.

The writers of our Constitution were concerned about **Article V being used by "nefarious factions" to rewrite our Constitution**, just as we are today. Consider this: **How to get a new Constitution under the pretext of proposing amendments.** <https://caavc.net/wp-content/uploads/2020/07/COS-Fake-Quote.pdf>

The ["False and "Reckless Assurances" flyer](#) SHOWS YOU that COS's assurances are contradicted by the Constitution and the Report of the Congressional Research Service. **These COS folks are MISLEADING us!!**

We're jeopardizing our Constitution at any convention Congress calls, because **conventions can't be limited.**

Thank you for your consideration of these significant issues. Ohio must VOTE NO on SJR 4. RESCIND all "old" applications as well!
