

# CUYAHOGA COUNTY BOARD OF HEALTH

YOUR TRUSTED SOURCE FOR PUBLIC HEALTH INFORMATION

February 5, 2021

The Honorable Senator Kristina D, Roegner  
Chair, Government Oversight and Reform Committee  
Senate Building  
1 Capitol Square, 1st Floor  
Columbus, OH 43215

Dear Senator Roegner:

On behalf of the Cuyahoga County Board of Health, serving over 880,000 Greater Cleveland residents, I write to ask that this message be submitted to the Senate Government Reform and Oversight Committee in opposition to Senate Bill 22.

The bill, as introduced, would severely restrict the authority of the Director of Health to respond in a timely and efficient way to outbreaks of communicable disease and public health emergencies that threaten the health and safety of Ohioans.

As the public health system, both state and local, works diligently with all partners to make our way out of this once-in-a-century pandemic, the effort has and will continue to be an "all hands on deck" situation. Now is not the time to strip the state health director of any authority that might be necessary to limit the spread of this virus that has resulted in the death of over 11,000 Ohioans to date. Now is the time to focus on Ohio's mass vaccination efforts, described by most experts as the most significant logistical challenge ever known.

This bill will also impact the Director's authority in times beyond the declaration of a public health emergency, such as communicable disease outbreaks that impact multiple local jurisdictions. Recent examples include: *Clostridium difficile* outbreaks in multiple longterm care facilities, a recent foodborne outbreak that originated in a meat packaging plant where product was shipped to many locations statewide.

Please do not pass a bill that will tie up the Director's authority in a cumbersome legislative process that includes an oversight committee and concurrent resolutions by both chambers.

Sincerely,

Terry Allan, MPH  
Health Commissioner  
Cuyahoga County Board of Health
