

I believe you should pass H.B 35. As a Mayor, I get asked to perform weddings . Some times the venue for the wedding is outside of the county in which the city I am mayor of is located. When the venue is in a different county I have to turn down the wedding as Ohio law currently does not allow me to go outside of the county. I believe it would be a beneficial change so as Mayor I can better serve my constituents and those who might need the services.

Thank you

Mayor Lee Gray
