

# MY POINTS OF INTEREST

1. I want to be able to wager on sports in Ohio without having to travel to neighboring states.
2. Ohio is losing millions of dollars in revenue to Michigan, Pennsylvania, Indiana and West Virginia.
3. Ohio would gain new revenue from sports wagering, with not all people having to pay the tax on it. The individual has the choice to pay the tax, unlike imposed taxes on everyone. i.e. income, sales, gasoline, and property taxes.
4. I want sports betting in Ohio as soon as possible.
