Sec. 3311.059. The procedure prescribed in this section	58
may be used in lieu of a transfer prescribed under section	59
3311.231 of the Revised Code.	60
(A) Subject to divisions (B) and (C) of this section, a	61
board of education of a local school district that severed and	62
annexed its territory under section 3311.059 of the Revised Code	63
as it existed prior to June 30, 2011, may by a resolution	64
approved by a majority of all its members propose to sever that	65
local school district from the territory of the educational	66
service center in which the local school district is currently	67
included and to instead annex the local school district to the	68
territory of another educational service center, the current	69
territory of which is adjacent to the territory of the	70
educational service center in which the local school district is	71
currently included. The resolution shall promptly be filed with	72
the governing board of each educational service center affected	73
by the resolution and with the superintendent of public	74
instruction.	75
(B) The resolution adopted under division (A) of this	76
section shall not be effective unless it is approved by the	77
state board of education. In deciding whether to approve the	78
resolution, the state board shall consider the impact of an	79

annexation on both the school district and the educational	80
service center to which the district is proposed to be annexed,	81
including the ability of that service center to deliver services	82
in a cost-effective and efficient manner. The severance of the	83
local school district from one educational service center and	84
its annexation to another educational service center under this	85
section shall not be effective until one year after the first	86
day of July following the later of the date that the state board	87
of education approves the resolution or the date the board of	88
elections certifies the results of the referendum election as	89
provided in division (C) of this section.	90
(C) Within sixty days following the date of the adoption	91
of the resolution under division (A) of this section, the	92
electors of the local school district may petition for a	93
referendum vote on the resolution. The question whether to	94
approve or disapprove the resolution shall be submitted to the	95
electors of such school district if a number of qualified	96
electors equal to twenty per cent of the number of electors in	97
the school district who voted for the office of governor at the	98
most recent general election for that office sign a petition	99
asking that the question of whether the resolution shall be	100
disapproved be submitted to the electors. The petition shall be	101
filed with the board of elections of the county in which the	102
school district is located. If the school district is located in	103
more than one county, the petition shall be filed with the board	104
of elections of the county in which the majority of the	105
territory of the school district is located. The board shall	106
certify the validity and sufficiency of the signatures on the	107
petition.	108
The board of elections shall immediately notify the board	109
of education of the local school district and the governing	110

board of each educational service center affected by the	111
resolution that the petition has been filed.	112
The effect of the resolution shall be stayed until the	113
board of elections certifies the validity and sufficiency of the	114
signatures on the petition. If the board of elections determines	115
that the petition does not contain a sufficient number of valid	116
signatures and sixty days have passed since the adoption of the	117
resolution, the resolution shall become effective as provided in	118
division (B) of this section.	119
If the board of elections certifies that the petition	120
contains a sufficient number of valid signatures, the board	121
shall submit the question to the qualified electors of the	122
school district on the day of the next general or primary	123
election held at least ninety days after the board of elections	124
certifies the validity and sufficiency of signatures on the	125
petition. The election shall be conducted and canvassed and the	126
results shall be certified in the same manner as in regular	127
elections for the election of members of a board of education.	128
If a majority of the electors voting on the question	129
disapprove the resolution, the resolution shall not become	130
effective. If a majority of the electors voting on the question	131
approve the resolution, the resolution shall become effective as	132
provided in division (B) of this section.	133
(D) Upon the effective date of the severance of the local	134
school district from one educational service center and its	135
annexation to another educational service center as provided in	136
division (B) of this section, the governing board of each	137
educational service center shall take such steps for the	138
election of members of the governing board and for organization	139
of the governing heard as prescribed in Chapter 3313 of the	1 // (

this section that would be effective sooner than four years	146
