RE: HB 36-Ohio Pastor Protection Act

FROM: Rev. Coetta L. Bynum, Pastor
 The Truth Christian Service Center, Dayton

This is to affirm my full support for HB36-Ohio Pastor Protection Act. I urge legislators to pass this bill because it would insure just protection for those involved in serving our valued communities. On the other hand, if not passed, undue financial strain could result to institutions and servers who are the core to the vitality and wellbeing of communities that contribute to a great state.

May all legislators be prayerful in their decision making because many lives are affected, and hopefully for the good of the state and ultimately, the nation.

Thank you.

Coetta L. Bynum
