To whom it may concern,

As a parent of a student in a private High School the cost can be concerning. I have three older children who all have attended Cleveland Central Catholic and who my husband and I paid the full tuition for. Currently, I have my youngest daughter enrolled at Cleveland Central Catholic and we were fortunate enough to receive a Cleveland Scholarship and Tutoring for her. Costs of living have significantly increased and that assistance for her to be able to go to the school she wants to have been a blessing. We would not have been able to do so otherwise.

I understand that a budget increase may be in the near future and that would greatly help all who are participants in the program, which would greatly help all parents not just myself. If the Cleveland Scholarship and Tutoring Program were to increase the award to what the EdChoice offers it would give families the ability to provide an education for their child that meets family expectations and the students needs.

Thank you,

Mrs. Wilks
