Testimony for Ohio Sub. House Bill 114
Before the Ohio Senate Energy and Natural Resources Committee
Craig Timm, Domtar Corporation
June 20, 2018

Chairman Troy Balderson and Members of the Ohio Senate Energy and Natural Resources Committee, thank you for the opportunity to provide written testimony on Sub. HB 114.

Domtar, with facilities in Delaware and Washington Court House, is a leading provider of a wide variety of fiber-based products including communication, specialty and packaging papers, market pulp and personal care products. Our approximately 10,000 employees serve customers in over 50 countries.

In 2017, we provided written comments in opposition to the bill. Domtar continues on record as being against this proposed legislation.

Our ask remains simple – let's leave this program alone and let it work as it was first intended. Measures like this only creates confusion in the energy market.

Chairman Balderson, we appreciate the opportunity to provide these remarks.

Sincerely,

A handwritten signature in black ink, appearing to read 'Craig Timm', written over a horizontal line.
