Dear Chairman Uecker, Vice Chairman Wilson,  
Ranking member Thomas and members of the  
Senate Local Government, Public Safety and  
Veterans Affairs Committee:

The day after I was in my car accident I received a call from Hamilton Pain + Injury. That phone call changed my outlook on a bad situation. I had been up most of the night worrying about what to do and how to deal with the pain. Before my car accident I had been injured on the job. The doctors didn't fix the problem, they just medicated me. I became dependant on those pain pills. I worked very hard to overcome this and was afraid I was going to get sucked back into this. After talking to the office I realized there might be hope. I was able to receive treatment + feel a little better each day without the use of pain pills. Not only was my pain going away, my injury was healing. I have recommend Hamilton Pain + Injury to several friends + family members. Their staff truly cares and go out of their way to help you feel better.

Thankfully healed,  
Tamera Blackwell
