Attn: Chairman Nino Vitale
My name is David T. Carrothers, I have
been Trustee of Adams Township,
Seneca County for 10 years. I own and
operate a business in Adams Township.

I listen to pro and con's and concerns
from residents who live
in the footprint of this project and near
by. One BIG concern is that
they have no say what happens in our
township. It has been suggested
to me many times to put this issue on the
ballot for EACH person would
be able to have a vote for this project.
I feel this is the only Democratic
way for my residents who voted for me to
have there own say (isn't this
the way the system is to work ?)

I support Reneke Referendum Wind
Project-HB 401

Thank You
David T. Carrothers
