

HB618 Proponent Testimony

Alicia Weaver

House State and Local Government Committee

November 18th 2020

Chairman Wiggam, Vice-Chair Stephens, Ranking Member Kelly, and Members of the House State and Local Government Committee.

Thank you so much for this opportunity to provide written testimony regarding HB618. I am a proponent of HB618 because I believe the amount of power that has been used by our current governor and Director of the Ohio Department of Health during this crisis has far exceeded the crisis itself. Countless people have had to close up business or lost pay during the last shut down. We are a state are still trying to recover from March. The added stress and strain due to the emotion implications on this crisis at hand have created far more health problems then just COVID. We need this bill to maintain our state, to ensure our children are well taken care of, to ensure people are able to have their lively hood and provide for their families.

Thank you

Alicia Weaver
