Governor Mike DeWine continues restrictions throughout the state of Ohio that caused substantial harm to the economy, individuals & entire households or families including mine. My dad was in the hospital a couple of weeks ago with the possibility of being here. He was in the hospital for a week & he could not die but just none of his family was allowed to see him. At approximately the same time my former first grand parent died. I was not at the viewing for her by her daughter who is a nurse & her husband a respiratory therapist that they believed she gave up all visit to her in the nursing facility she was in because she was so lonely & couldn't see any of her family. This is going on all around the state. It's more than Covid that is taking peoples lives which Governor DeWine seems to think that is the only thing that is taking peoples lives. I have another story to share if another family, soon.
