Chairman Wiggam, Vice Chairman Stephens, Ranking Member Kelly, and members of the State and Local Government Committee: Thank you for allowing me to sponsor testimony for HB 618.

One person should not have the absolute power to restrict the movements of a populace. This is government without representation. Quarantine is for ill people.

Citizens' rights have been withheld for 8 months for a virus that has a recovery rate of over 99%. Increased positive PCR tests are not resulting in increased deaths. (See data images below).

Medical decisions for me and my children should be made by me, not the government.

Thank you,

Grace Del Vecchio
