Senate Building, 1st Floor

Columbus, OH 43215

Dear Senator Wilson:

This letter is to show my support for SB234 and HB401. I firmly believe that local voters in individual townships must be allowed a true vote on industrial wind turbine projects which have been approved by the Ohio Power Siting Board for their township.

I believe that a local referendum must be enacted to return the decision making for industrial wind turbine projects to the people whose lives would be affected by the proximity of these engines to their homes. Those who are directly affected have the best knowledge of what is best for their communities.

I feel that SB234 and HB401 should be supported by everyone, no matter what side of the industrial wind turbine argument they fall.

Thank you for your time.

Sincerely,

A handwritten signature in black ink that reads "Charles A. King". The signature is written in a cursive, slightly slanted style.
