

Dear Senator Steve Wilson

I URGE you to please Pass
bills SB 234 + HB 401 To give everyone
a voice regarding the wind turbines

I dont want my grandchildren
to see these monstrosities instead of the beautiful
natural environment we are blessed to have

We see Eagles several times a year
a nest is in our area. I dont want them
to suffer from the ill effects of the
Turbines

I urge you to give us a right
TB vote on this issue.

Thank You
Sincerely
James C Fritz
