Senator Steve Wilson

I Am writing This Letter to express my opinion on my support of SB 234  
I RESIDE IN THE FOOTPRINT OF THE EMERSON CREEK PROJECT IN LYME TOWNSHIP, HURON CTY OH. My home IS LESS THAN 1/2 mile FROM THE PROPOSED TOWER T-39. IT IS ALSO ~~160~~ 160 ft FROM THE ACCESS ROAD TO T-39. OTHER PROPOSED WIND TURBINES ARE WITHIN 1-2 1/2 miles FROM MY HOME.

I Feel that myself and others that would be effected by this project should have A say IN A PROJECT OF THIS SIZE. I feel it IS WRONG FOR SOMEONE TO COME INTO OUR BEAUTIFUL SURROUNDINGS AND PRACTICALLY DESTROY IT ALL WITHOUT OUR input.

My husband and I moved to the country 11 yrs ago to get away from the hustle and bustle and noise of city living to enjoy the peace, Room and the picturesque views of the country. The SUNRISE OUT MY FRONT DOOR IS ABSOLUTELY STUNNING & do not want it reined by these monstrosities

I am not totally against green energy but do think it is important for my neighbors and other area residents to have a say on items that will effect our lives immensely

Thank You For Your Time,

Julie Ruffing  
Julie RUFFING
