Dear Senator Steve Wilson,

#136

Please consider passing bills SB 234
& HB 401 to give everyone a voice.

We are a democratic country but our rights
are being stripped away in so many ways.

I want my voice to be heard. I do not want
someone else to have the right to build these
turbine monsters in my city, county, lakes or
anywhere else.

We have karsts in our region & they have
proposed turbines to be built near or on them.

Please research these turbines & you will see
there is more negative than positive. I beg
you to give me my voice & vote for SB 234-
HB 401. Thank you

Sincerely

Pamela K. Plitz
