Dear Senator Steve Wilson

I am writing to ask you to please pass SB234 allowing residents in the state of Ohio the right to vote on wind development projects in their townships. The right to vote is important to me. Thank you for your time.

Senator Steve Wilson,

This letter is to ask you to please pass SB 234 allowing residents in the state of Ohio the right to vote on wind development projects in their townships. The right to vote is an important one given by our constitution. Thank you for taking the time to consider our request.

Sincerely

Mary P Reed

Dear Senator Wilson and Senate Energy & Public Utilities Committee,

I am writing to request your support for SB234 so that the landowners in townships in the state of Ohio have the right on weather Industrial Wind Turbines would be constructed in they're township.

I feel that this issue should be voted on by those whom it effects most. Even though there are two sides to this argument ultimately the decision should be made by the landowners. Hoping you will give this serious thought.

Thank You,

Jennifer Reineck  
Haron County  
Norwalk, Ohio

Dear Senator Steve Wilson, Chairman  
Senate Energy and Public Utilities Committee:

I am writing to ask for your support of Senate Bill 234, that would give township residents a right to vote on the industrial sized wind turbines that are proposed for Huron County.

I live in Ridgefield Township and we need to be able to have local control and defend our property and local area.

This is an agricultural area that would be devalued by these large turbines with their sound, air displacement, seismic vibration, shadow flicker and health risks, the seriousness of which may not be known for a period of time. Wildlife will also suffer and the reports of the huge number of birds killed in other states is astounding.

The companies pushing this agenda are not local and therefore are not concerned in the least with our area, except that it will provide them with monetary growth by selling energy to other states and countries.

With our tax dollars being used to subsidize this, we should always have a voice by voting. Please support our right to decide.

Sincerely,  
Susan A Barrett

To who it may concern to show how displeased i am for NOT being able to vote on if i will have a 625 ft. windmill practically in my front yard. I have eagles that sit and hunt around us TIRE  
OF POLITICIANS TELLING ME WHATS BEST FOR MY FAMILY AND MY SELF. WE NEED A  
VOTE!!!!!! 4320 mead rd. monroeville william c. roeder
