

Constitutional Carry needs desperately to be the law of Ohio. The criminals Carry regardless of any laws.

Who is irrational enough to be fearful of a law abiding citizen with a weapon? Background checks are already in place for weapon purchases. All a CHL class does is levy a tax on the citizens and add another tax for renewals. Most border states have constitutional carry. Crime by lawful citizen is nonexistent I believe. Concentrate on criminals, use your heads in our beloved statehouse. We voted in, we can vote out. I can break the law and pay the price and I cannot break the law and remain free. Consider that. This is a no brainer. Pass overwhelming Constitutional Carry.

Thanks seriously,
