(If yes, please send an electronic version of the documents, if possible, to the Chair's office prior to committee. You may also submit hard copies to the Chair's staff prior to committee.)

How much time will your testimony require? 5 min

Please provide a brief statement on your position: I oppose HB 322. Ohio Board of Education has standards that mandate teaching ELA, social studies that allows current events and history taught in schools. I have spent over 25 years in education working to support all students and educators in their knowledge of culture, race and social well-being for all students. In my work and experience I have seen growth in understanding and collaboration among all races, ethnicity, ability, socio-economic means. Students learn and grow from each other. In order for our world to be a better place we must understand what brings us together and any differences. Nationally,

state-wide and locally schools are led by 98% white middle class people. It's important to provide cultural competency to our staff to understand our growing diverse population. The standards are preparing our students to become college and career ready. If we don't prepare our students in K-12 to be ready for our global society we are doing a disservice to this generation and the one to come. For these reasons I oppose HB 322

Please be advised that this form and any materials (written or otherwise) submitted or presented to this committee are records that may be requested by the public and may be published online.
