In support of SB-52
Ohio Senate Energy and Public Utilities Committee
March 9, 2021**

Chairman Peterson, Vice Chair Schuring, ranking member Williams, members of the committee, I write as a proponent of SB-52.

I do not feel it is the right of others to choose what something of this size and magnitude is going in my backyard without my having some say in this! I didn't move from the city to the rural area to have some giant thing in my backyard obstructing my view and putting up with the sound and visual effects from the sunsets!
