

Chairman Roegner, Vice Chairman McColley, Ranking Member Craig, and members of the State and Local Government Committee:

Thank you for recognizing my request today in writing regarding SB22.

As an Ohio resident and a grandparent deeply concerned for the future for my grandchildren, I want to express my deep concern about the past months decisions that have been made in the name of health and safety being dictated under the current emergency powers and the dire effects it is having on all of us.

The future of our children and grandchildren is on the line here today. The future of every citizen in the state of Ohio is also at stake.

So for the good of us all PLEASE vote Yes on HB 22 and put the future of our citizens back in their elected representatives hands.

Thank You,
William James Neisen
