

4/21/2024

Dear Behavioral Health Committee:

My name is Parker B. Turner

I am 8 years old. I was in foster care until I was adopted.

It was hard for my brother and me because we went through a

lot of trauma. I feel hungry

and thirsty a lot of the time. It

helps if I bring a snack and a

water bottle with me. Sometimes

I have trouble concentrating.

Please start the study

commission to help kids like me and  
my brother.

Sincerely,

Parker Turner
