

Written testimony of Donna L. Becker
Before the Ohio House Constitutional Resolutions Committee
Tuesday, April 18, 2023
On consideration of House Joint Resolution 1

To the Committee:

I strenuously oppose HJR 1 and any attempt to weaken or dilute the power of the voters of Ohio. This action, no matter how it is publicly represented, is an attempt to limit the voters' access to the decision-making process in our state.

I urge you to reject this resolution. It does nothing to support genuine Democracy in our state.

Thank you for this opportunity to submit written testimony.
