Please provide a brief statement on your position:

I am strongly opposed to this proposed Constitutional amendment. It violates the principle of "One person, one vote" by making votes against a measure worth 50% more than votes in favor of the measure. Each person's vote should have the same weight.

The stated justification for this measure is not valid. It will not prevent out-of-state interests from putting issues on the Ohio ballot, but it will prevent a majority of Ohio voters from making changes they deem necessary to protect our rights and promote the effective functioning of our state government.

Placing this measure before voters in an August special election, for which voter turnout is historically lowest, means that only a small minority of voters will determine the outcome. This contradicts the sponsors' reasoning that Constitutional amendments should have broad support to pass.

This measure would weaken the voice of citizens and undermine our democracy. I urge you to reject this proposal.
