

Witness Testimony

Robert Maher

Theodore Roosevelt spoke very eloquently in 1912 when he said "I am emphatically a believer in constitutionalism, and because of this fact I no less emphatically protest against any theory that would make of the constitution a means of thwarting instead of securing the absolute right of the people to rule themselves and to provide for their social and industrial well-being." The concept of one person one vote, and all votes count equally, must always be part of our constitution. This resolution does not respect these concepts and I ask you to vote against it.
